[« Back to Projects Dashboard](#)

### About

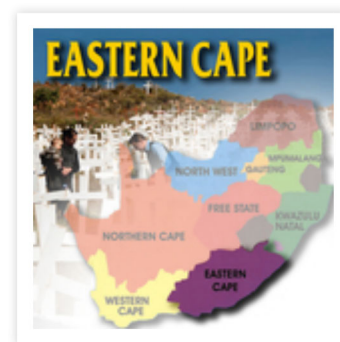

[edit](#) | [history](#)

### Aim and Scope

This project is intended to record all the victims of South African Farm Attacks in the Free State province and link them to our Geni tree.

### How to Participate

Add the names of victims with their age and date of death according to Province below (Or email Donovan Penaluna: [don\(at\)diyden.net](mailto:don(at)diyden.net)). If the person is on Geni please add the link to their profile, and make this a **bold** entry. If the person is not on Geni but has an external source, add a link to an external source but do not make the link bold. This will help us to see who still needs to be added/found on Geni.
