Hunter Biden's Personal Fixer Service

(<https://apelbaum.files.wordpress.com/2020/10/biden-grand-auto-theft-edition.jpg>).

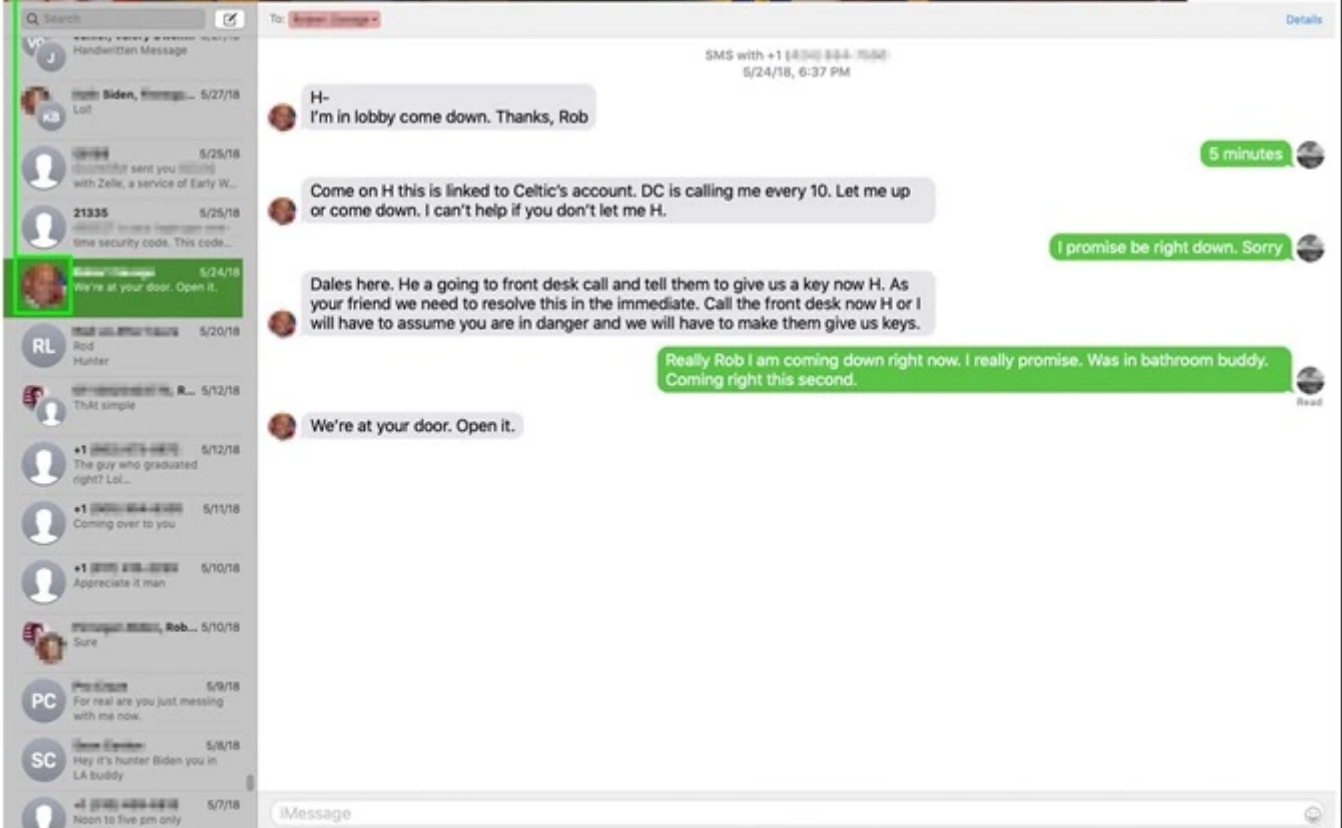

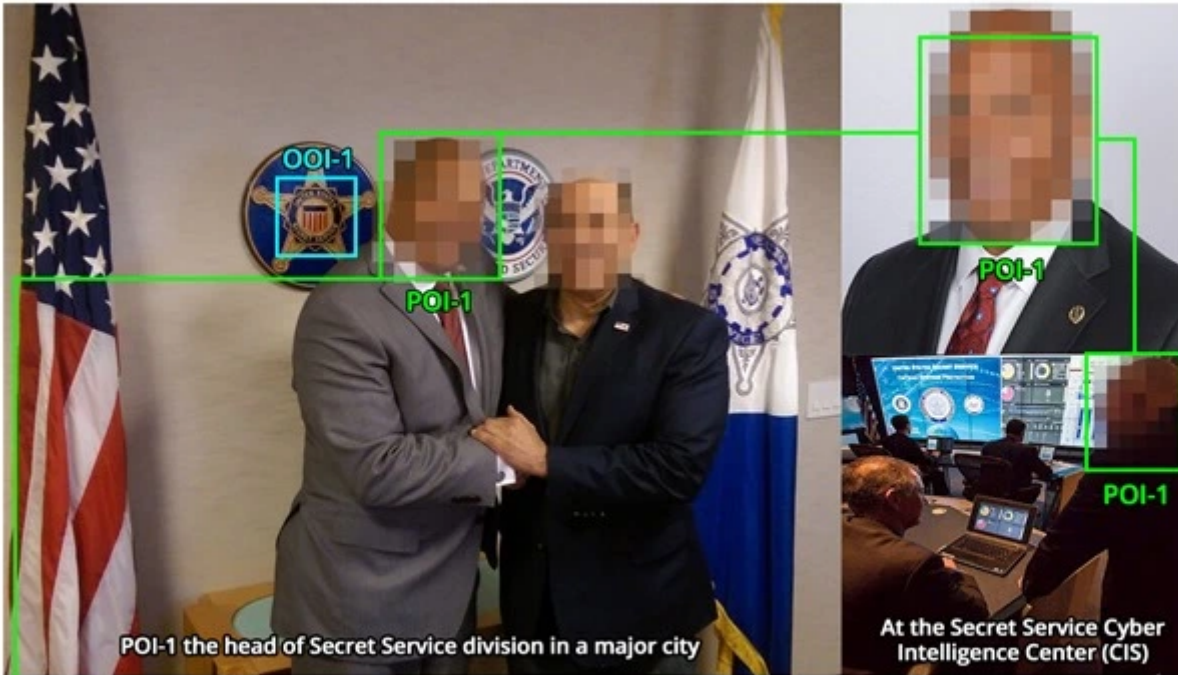

Acts like teleportation and turning invisible require a powerful wizard and some serious magic. Ilich Ramírez Sanchez AKA 'Carlos the Jackal' (https://en.wikipedia.org/wiki/Carlos_the_Jackal), used to perform these types of magic tricks for years. He would execute complex terror attacks or an assassination and then he'd disappear without a trace. He moved around Europe, the Middle East, and Africa using an elaborate network of safe houses. He had access to unlimited cash, high grade explosives, weapons, and authentic travel documents. Yet despite spending millions of dollars and tens of thousands of man-hours, western intelligence was unable to lay their hands on him.

So how exactly did the Jackal's magic work? It's simple, he was shielded by the KGB, who collaborated with the intelligence agencies of several Arab countries including Libya and Syria which facilitated his activity. The moment the KGB decided to drop him, the magic ended and he was immediately tracked and arrested.

Hunter Biden's escapades also resemble this type of magic. His questionable business dealing and practices aside, if you consider the allegations of sexual abuse of a minor, the volumes of cocaine he purchased, the illegal sex solicitation in multiple jurisdictions, and his relationship with some real seedy characters, it's mind boggling how Hunter didn't light up a police vice squad radar in every jurisdiction he visited or become the target of a major federal probe.

So, what was Hunter's secret power? It turns out that his ability to walk through walls could be attributed to an all-powerful fixer and enabler service. The composite below may help demystify the question of how he managed to get away with this conduct for years.

OK, so the head of the LA office of the Secret Service who is texting Hunter refers to a retired but former Assistant Director of the Secret Service (accompanied Joe and Hunter on AF2), and says this is linked to "Celtic", which is the code name for Joe Biden per numerous publications?

Confirmed on Celtic = Joe Biden and H = Hunter Biden. For the other identities, I'll go with the Glomar response.

Was the blurred face person Secret Service at the time, or in private business? Since his picture is in H's phone, seems like there must have been an established relationship. The accompanying person had clearly retired.

Do any of the pictures of Hunter's activities correlate to the date of this text exchange?

Thank you.

I prefer not to publicly identify other individuals beyond Joe and Hunter. You may want to reexamine the last statement "We're at your door. Open it." for clues regarding the ability to get his room number from the front desk in the first place.

According to DailyMail article, a credit card purchase of \$169.xx was declined because of insufficient funds. The purchase was from jasmin.com another adult porn service.

By the way the declined purchase was on May 28, 2018 and here is the link to the article with the photo of declined transaction. <https://www.dailymail.co.uk/news/article-8901193/National-security-nightmare-Hunter-Bidens-laptop.html>

Four days later, on May 29, 2018, Rob had a new job as CEO of a Beverly Hills security company. Perhaps Celtic didn't like the rough treatment of his crack addict son. Or maybe it was just a coincidence. Or maybe it was a promotion. This reads like a Clancy novel.

I'd sure like to know who at D.C. was calling every 10 minutes. Obama lives there, but most likely head of the SS. The director was Randolph Alles and was fired in April of 2019. Trump called him "Dumbo".

Can't find anything on Dale. Several suspects.

Yaacov... Does Hunter have a tattoo on his back? James Woods tweeted to search for Hunter Finger Lakes, which I did. Seems as if all his companies have names associated with this region and people are saying the lakes Map are tattooed on his back.

Affirmative on the tattoo. Production date 9-2018.

Hunter's mother was from Skaneateles, NY. Skaneateles Lake is one of the Finger Lakes.

Dale, check him out, graduated from Purdue. He was "reassigned" after some failure while an agent. Pictures exist of him – he was assigned to Biden and traveled with Pops (and likely Hunter) on AF2. Says he still does some private contracting after his retirement. I suspect Biden hired Dale to keep tabs on Hunter.

Joe didn't know anything.
