

Important Notice for Veterans who Received the COVID-19 Injection at a VA Facility

Denied informed consent and coerced?

You are not alone !

Using emotional appeals, overstating benefits, or omitting crucial information violates informed consent principles, thereby impairing a patient's ability to make fully informed decisions. (38 CFR § 17.32)

Call to action: File your claim today!

You can hold the VA accountable by filing a simple claim for compensation under VA Title 38 U.S.C. 1151.

HOW TO FILE A CLAIM

File at www.va.gov and follow the instructions for filing a claim for disability compensation.

CLAIM WORDING EXAMPLE

I am filing a claim under U.S.C. 1151 for anxiety and depression caused by Covid-19 vaccine coercion and inadequate informed consent at a VA facility. This mental distress directly stems from the pressures and lack of proper information provided during the vaccination process.

Mental conditions secondary to vaccine coercion may include but are not limited to:

- Anxiety Disorders

Increased anxiety, particularly health-related.

- Depression

Feelings of helplessness and lack of control.

- Stress-Related Disorders

General stress and related symptoms due to coercion experience
