

Morpheus: What is "real"? How do you define "real"?

Thought exercise - think "Captain America - Winter Soldier".

Does "Hydra" exist in some form by some name? Who are "Bonesmen"? Do they put leaders on both sides of the house? Is choice just an illusion?

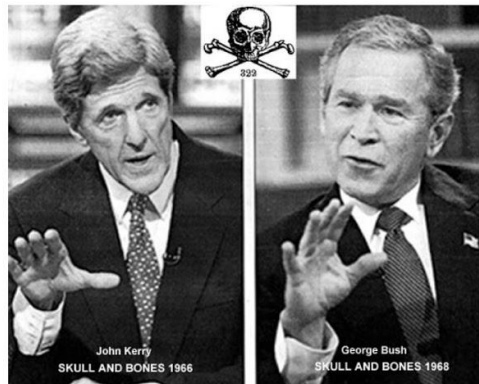

What is the significance of the number 322?

If the "Pink Bunnies" eyes are two Q's in a magic mirror configuration, what is its nose? Is it a circle like a ring? What color is it? Are snots green? Is orange and green symbolism found in Northern Ireland? What has the green done there? Are they doing it elsewhere?

What was the SS? What was it patterned after? Is there an SS today? What form does it take? Who is in control? Who is really in control?

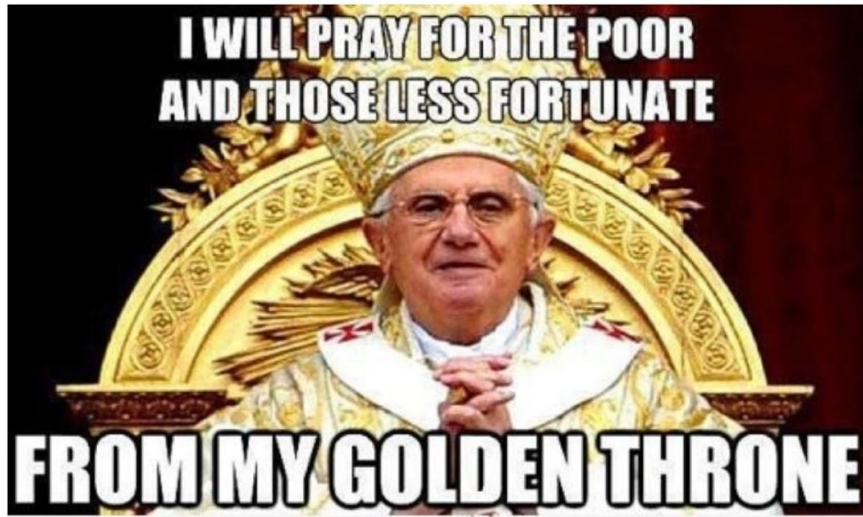

These men are perfect examples. Left or right whichever you pick you get the same control system. Wheels within wheels, secret societies within secret societies controlled by the Jesuits.

Follow the money and it's a yellow brick road that leads to Rome. Like the Wizard of OZ an old man pulling strings and levers of power.

Meanwhile, unspeakable suffering for children wars, poverty, famines, while they remain untouchable in their "City State", which rules in conjunction with two others+++

"Matrix Reloaded" - Follow the Money...

and of course we would never try to control you with cryptocurrencies...

What is real? It was asked by the Mad Hatter before it was asked by Morpheus. It was asked by the Vedas long before it was asked by the Mad Hatter. How can one fight when one doesn't understand the nature of the war or what weapons have power?

At some point, you must learn to trust that inner voice - the Spirit of truth. To fan your faith to a hot fire that will melt the ice of disbelief and doubt. That is true power, for it is by faith in the source of power. You are not the power, you are only a conduit. Then as you learn to walk in this power, you will be joined to others who are already in the body. The body works together but connected by Spirit, not technology, though such tools can be useful, especially in spreading the truth. The war is spiritual, yet real.

It is these truths the enemy is attempting to steal away from you which must be followed and allowed to find expression. The truth will set you free yet we face an enemy so crafty that the literal embodiment of truth can be standing right in front of you, yet you can still be blinded to its beauty and power. Pilate said to him, "What is truth?" John 18:38

Concepts that come down to us from antiquity have been expressed in popular culture. This makes possible rapid communication of conceptual truths that affect the collective consciousness. Moreover, some truths are innate, inborn, internal and will keep reasserting themselves even when suppressed. Many have felt this in the deepest levels of their being.

The enemy will attempt to snatch this truth away. His weapons are deception, fear, temptation, distraction... you know them well.

Every institutional structure of Church and State has been corrupted. The enemy owns tremendous wealth and consequently, all the control money can buy. Even armies through the political structures that bow to it.

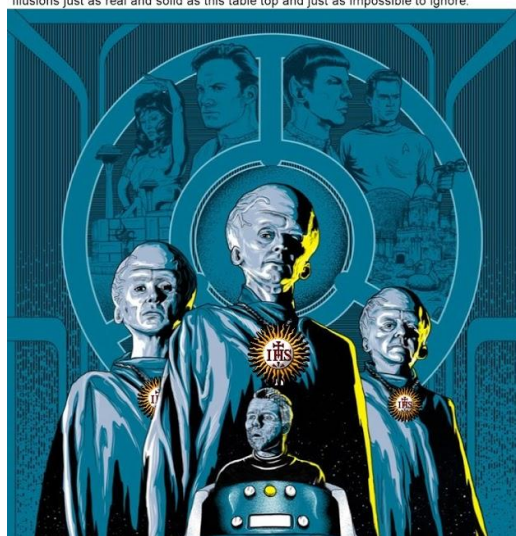

Yet their real power emanates from occultism and deception. The power of illusion. Unspeakable evil that claims to represent God himself. Secret societies that infiltrate and gain control over every country or organization that attempts to break away or oppose them. They were exposed in the 16th century yet the counter-reformation was so diabolical that now 95% of Christendom is teaching their deceptions for them. Reduced to useful idiots with the wool pulled over their eyes. It's time to WAKE-UP.

It is time for a new reformation, a new enlightenment, a new revolution, it is time for freedom. Do not be enslaved by their secret societies any longer. Do not be enslaved by their money systems, by their political and religious institutions. Worship God in Spirit and in truth. Escape their control. The war is between your ears, it is spiritual, yet it spills over into the natural. Learn what this means: Do not make flesh your arm (Jer. 17:5)

Eph. 6:12 For our struggle is not against flesh and blood, but against...the spiritual forces of evil in the heavenly realms. 2 Cor. 10:4 The weapons we fight with... have divine power to demolish strongholds...

Star Trek's "The Menagerie" illustrates the cage deception has placed us in.

Now let's be sure we understand the danger of this.... They can create illusions out of a person's own thoughts, memories, and experiences, even out of a person's own desires. Illusions just as real and solid as this table top and just as impossible to ignore.

Control systems about to fall...
Flee while you still can...

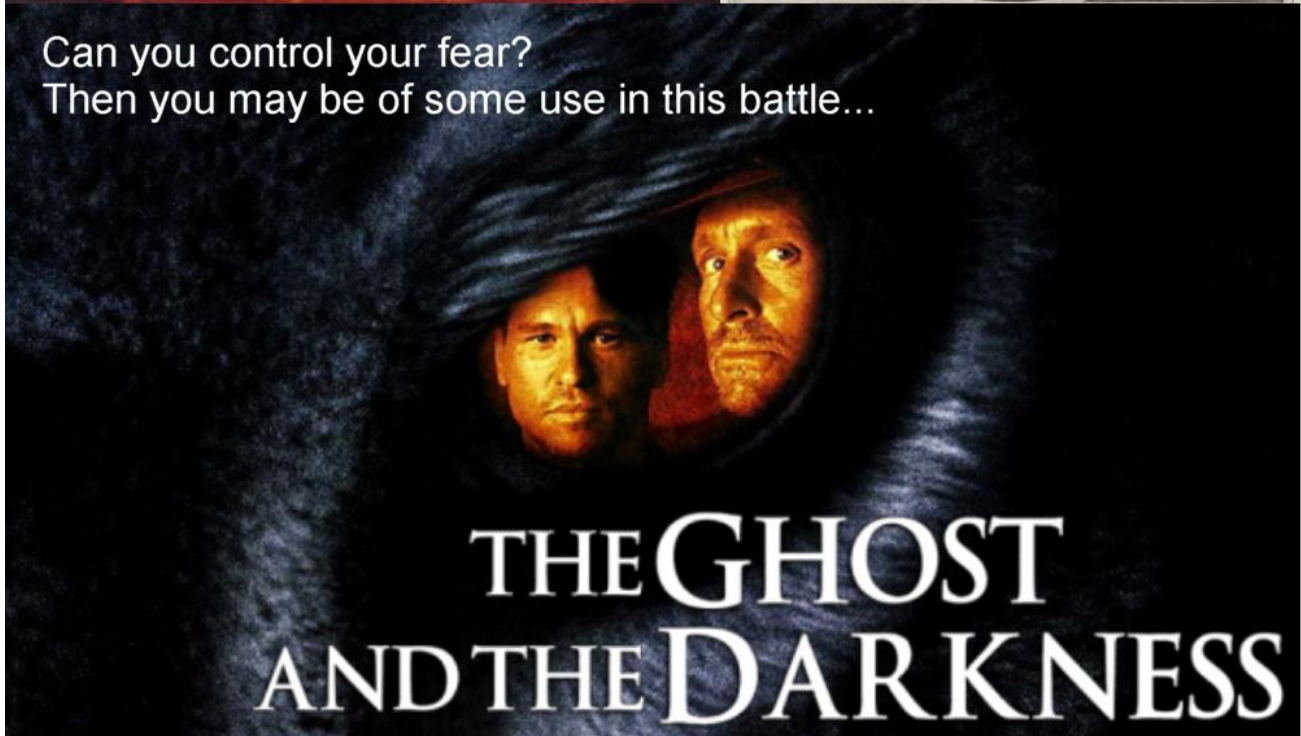

You have to understand...
most people are not ready to
be unplugged and many of them
are so inured, so hopelessly
dependent on the system,
that they will fight to protect it.
— Morpheus

Can you control your fear?
Then you may be of some use in this battle...

FROM THE COMPANY OF SHADOWS

WHAT IF I TOLD YOU THE EVIL CAN END IN ONE HOUR

You are here for a reason... Whether you have been serving the dark or the light, you are not here by accident... A spiritual war has been intensifying and the final battle is fast approaching... The outcome is already written, the swift and terrible judgment of Babylon (Rome) Rev.17-18.

If you don't believe in prophecy or supernatural forces, it doesn't matter, you will still be used by one side or the other. The only question is, how?

I can't answer that question for you, but I can tell you that you do have a choice, even if you have been a slave to evil all your life. Perhaps you are just a prodigal son seduced by pleasure, or you may be more akin to King Ahab who needed to repent of the vilest of evil (1 Kings 16:28 - 22:40). There is still time for repentance and grace but time is quickly running out.

Who to trust? Do not believe everyone who claims to speak by the Spirit. You must test them to see if the spirit they have comes from God (1 John 4:1)

The main power the enemy employs is deception. He uses it to disguise himself in a cloak of righteous, to disarm those who would oppose him, using lies to divide and conquer, false narratives to get his enemies fighting each other instead of him. Beware of psyops, especially from those cloaked in religious garbs and practicing theological deceit.

Where best to serve is where God has placed you. If you should suddenly wake up and wish to serve the light rather than the darkness that has enslaved you, beware of controlled opposition. They will admit some truth to gain your trust, then distract, divert, or destroy you any way they can. Learn to rely on the guidance of the Spirit, trust that inner voice, that intuition that you have suppressed for so long.

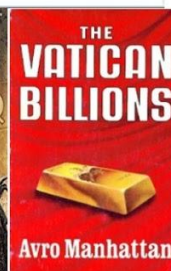

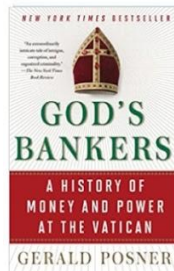

If you are in government, might I recommend a book by Kevin Shipp called "From the Company of Shadows"? It describes in part the body of the snake, at least one of its strangulating coils. The complete body of the snake is much larger and wrestling with it is not a sound strategy.

Instead, join the effort to cut off its head, then the body will die also. Its head is the Vatican. Through the Curia, the Jesuits, various secret societies and organizations, the evil fans out from there in a global control system. They manipulate governments, stock markets, organizations, religious bodies. Like destroying the Death Star, one blow can bring down the pedophile networks, the mafia, the bankers, the secret societies. The political stranglehold of deep state agencies that serve the Vatican's puppets rather than the elected government, will then quickly fade away.

Expose their false doctrines, their crimes, their pedophilia, their Avarice (Eph. 5:11). Help break the spell and allow the deceived to see them for what they truly are. Do not fall for their theological psyop of Jesuit futurism but study the historicist eschatology of the reformers. The anti-Christ is not a future political dictator but a system which has been committing unspeakable evil for centuries. The guise of religious pageantry is what allows them to operate virtually unopposed.

This is the last chance for training. Study everything in the "White Rabbit" and "Morpheus" threads. You will need to assimilate this info if you have any chance of understanding the "Oracle" should you meet.

I ask but one question of you. What do these have in common?
