NAME COMMENT

NARRATIVE

I am still getting reports of gangstalking and cybertorture in Vancouver. Please call in the WA State Guard for assistance immediately.

Please see these links:

tinyurl.com/pdxv2k

tinyurl.com/hometownterror Click EM Effects on Human Body zip folder. Confirming: I was there. Leaked WA State Patrol FOIA request describing cybertorture of Americans at the Portland Waterfront.

tinyurl.com/columbiadown an Intel package I've built variously describing the threat and the capabilities we could use to save the children instead of torturing them.

God bless and Godspeed!

Sincerely In Christ,

David Lucito
