

**The People`s Army`s Red Revolution! 21.04.2019**

*The road to utopia finally revealed!*

*By Johan Ridderstedt.*

*Dedicated to conspiracy-realists, supreme jokers, and would-be messiahs...*

**Preface by author:** Reed out the politicians, the financial elite cause of wars, the cultural pedophile elite, and the technocratic elite. Let investigative journalism media disclose REAL truth, history, science, and medical technology to deal with these THREE elites first, enlightening the west, and thus the humanistic west will return to harmony by itself, integrating Muslims into an intellectual humanistic society 100% naturally. Reed out the cause of the problem, and the problem will die of naturally.

I envision a society based on love, yet non-compromise to idiocy, non-facts, and the lies they sell our children at school.

A perfectibilist, enlightenist society based on Love, Light (Lust) and Laughter.

Reed out the (Satanic) Illuminati cause, and THEN handle it`s problems: Wars, poor immigrants, and fascist RELIGION, all sponsored by multinational conglomerates in the Jewmerican Union popularly called the `New World (dis)Order, which then WILL dissolve by itself.

Those are my two cents... Now let`s get to it! 😊 😊 😊

## Foreword:

I deserve my rights, but have none! Norway`s police is an illegal force of violence since they torture me like a lab-rat for no other reason than them being Satanists. And you are next.

We face 5g, artificially intelligent, self-replicating Morgellons polymer fibers from Chemtrails, and microdust with GPS capabilities that when airborne can be inhaled, connect to the Morgellons, and control your brain like a nightmare vision of the Biblical Mark of the Beast.

They don`t even have to chip you. They already uploaded every human intelligence into an AI supercomputer. Or as Leo Zagami says, they have created a worldwide supercomputer "cybersatan." Their goals is complete population control over all minds, emotions etc.

Morgellons polymer fibers can however be dissolved by ingesting 2-3 drops of Oregano oil with some Olive Oil two-three times a day. But you can`t stop electronic harassment, HAARP, scalar-waves, or electronic implants. It`s fight or die... And that`s why I`m writing this book.

As the goal is to get the attention of all people in all nations, we will focus on disclosure of violent atrocities that are very obvious even to a child, and incredibly easy to expose like the Cancer-conspiracy, the Flat-Earth conspiracy, Chemtrails, Haarp and The People`s Army`s Red Revolution!

Morgellons, 5g, lying politicians, the flaws of Islam, and the blatant fact that our governments are headed by Satanists, and secret police ruled by the global New World Order of the Satanic Illuminati, as expressed clearly in for instance Alex Jones documentary on Bohemian Grove, where our PRESIDENTS from all over the world OPENLY sacrifice HUMANS before the owl-god Molech to this very SUMMER!!!

<https://www.youtube.com/watch?v=r5dHhvpHIjM>

These are our presidents from all over the world: Sacrificing humans.

### **The youth is our hope.**

Norway suffered foreign conquest and poverty for a thousand years, without reaching it's destiny. Only 100-200 years ago, your forefathers died of harsh winters, died of poverty, starvation, and most lived to be only 40-50 years of age...

Norway was the 3<sup>rd</sup>-4<sup>th</sup> poorest country in all of Europe until only 100 years ago. We were ruled by Danmark, Sweden, and their masonic grasp, has never left it's grasp, disabling your nation...

They took your ancestors out from the fjords, and gave you masonic schoolbooks, and taught you about evolution, and their masonic lies.

Then they gave Norway a Danish king from the reptilian, satanic, masonic Hannover family, the same that rule England, Denmark, and the Netherlands.

They crushed your economy, and your national-romance. The second WW came, and they secretly killed General Fleischer, the war-hero, my ancestor, for treason against the Jewish World Order, and King Haakon, who was with him, leading the armies from England at the time. This cannot be forgiven by any standards of honour.

But you discovered oil. The American agencies which financed you with the Marshall help left behind their secret NWO agencies, financed the Workers Party, and sold your boosting economy to China, to America, to the European Union, and the Satanic World Order.

But your fathers could not rebel. They were indoctrinated, and for over 1000 years, Norway has birthed fatherless sons from fatherless fathers without a single hero, or a tribal awakening of national-patriotism, revival, or rebellion for over 1000 years of pure misery.

They were helplessly fooled by their elected officials, but that has all changed. For you are the generation to rebel. You have free access to knowledge of the conspiracy through the internet, and must become self-aware through teaching yourselves, and others in Families of Light.

The elderly generations are indoctrinated into apathy from boredom over politics. They simply cannot handle the terrible truth they've been lied to about, and flee into The People's Army's Red Revolution!

denial of truth through entertaining themselves with television. They would rather live in the Matrix than wake up...

It is time to destroy them...

These elder generations burdened you with Abrahamic laws, yet sacrificed Jesus on the cross to kill their own guilt, because they couldn't stand the weight of conspiracy-reality, and their own crimes!!!

They taught you about Christ, yet never lifted a finger against the Illuminati Jews, their Freemasons, their politicians, their school-system, the Jewish view of history, their NASA round-earth-lie, the idiocracy of evolution through random mutation, and quackademic Einsteinian physics contra etheric physics.

All Christian churches, and all Christian politicians in Norway support Israel, and the crimes of the monetary war-brokers, and that's a fact. When the cross was not even meant to be worshipped, and symbolizes chi, xi and stigma 666!

It's time to be men, and to become the first father-generation of a thousand years.

Work, and family used to be personal, protecting your tribe, city, nation, king, rights and army, but today we're only rootless, individualistic sheep.

Grow up to be fathers of MEN!

All you've been taught by your parents, politicians, Church and school were lies.

The elder generation has given you your life, but what future?

A future without racial pride or racial rights, which was the foundation of both tribal groups of languages and ethnicities that evolved into kingdoms, and into nations with religion, culture, and history that spans since the dawn of time: All ruined by the apathy of the parenting generation.

You are the chosen generation, through the gift of knowledge. The elderly are programmed, and cannot be counted on.

You can simply YouTube "Christian Near Death Experience", and figure out the real religion. Solutions that nobody knew the answers to for thousands of generations lie before your fingertips, and absolute non-compromise must be showed towards the "dull care", "meekness and relativistic acceptance", and the "political correctness" of the elder generation.

The burdened you with Abrahamic laws, but slaughtered the Christ, ruined your nation, and broke all national, and religious laws themselves!

**CRUSH THEM!**

The parenting generation of your witless, pathetic, apathetic, pussified, politically correct pastors and politicians, bear the sole responsibility of killing the entire world by submitting to the NWO Jews, having the blood of an ethnicity, and culture that is thousands of years old on their hands.

They are worse than the generation who killed the historical Jesus Christ, and cannot be saved...

Only purged.

Youth teaching youth is the hope. Anyone above the age of 30-40 years is almost certainly an indoctrinated zombie by now. An asset in the Hannoverian soul-tax-farm of

The People's Army's Red Revolution!

corporation Norway. For what is a nation without a nationality, a defining language, religion, culture or borders???

You live in a STATE, not a NATION.

You are an asset of the New World Order Empire of the Christian pastors who sold you, your nation, and your Christ to Hell, because they could stand the weight of being judged, and waking up.

### **Why so serious???**

It is time to wake up. All you have been taught were lies. They laugh at you!

You are the biggest FOOL of all time, and a useless slave to reptilian overlords.

All the monsters were real. God, the devil, werewolves, vampires, reptilians and demons.

Your Hollywood movies portray a more realistic view of reality than what you've been taught at school.

All the fairytales were real... The flat-Earth, giants before the flood, elves, ufo`s, levitating pyramid builders, and the ancient Annunaki kings ruled for 500.000 years uninterrupted only a few thousand years ago.

It's time to realize you are a MERE HUMAN with NO VALUE to the system, and that nothing of what you heard from alleged prophets, and pastors of the round-earth lie were true. It was just a reflection of the super-conscience.

You are the GREATEST FOOL of ALL TIME, because you did not remember your history!

**YOU ARE A WORTHLESS ASSET WITH NO ROOTS, NO TRUTH, NO HISTORY, NO RIGHTS, AND NO HUMAN SUPPORT!**

Your irresponsibility will lead to another 500.000 years of Annunaki rule!

**YOU'RE AN IRRESPONSIBLE IDIOT!!!**

Why so serious when all you've ever been told at school are lies???. Why so serious about being angry when you KNOW the politicians lie. You KNOW it SO well, yet YOU are serious while THEY don't give a DAMN about you...

I don't understand... Is it to protect them while they slowly kill the population down to 500.000.000???. IS IT!? Or is it not. Either way, you'll have to act because: ALL have responsibility for their fellow humans, their nation, and the development of civilization.

Why so serious??? Have you not seen how they sacrifice "dull care" at the Satanic Bohemian Grove??? **THEY\_DON'T\_CARE!!!** It's time you break down in laughter!

All you ever lived inside was the dream-world of Satan's joke! The round Earth! The universe! Your school! It's Satan's joke!

They seriously try to kill humanity, while you seriously try to protect them???  
**YOUR CIVILIZATION IS THE BIGGEST JOKE OF ALL TIME!**

It's time you break down in laughter just like they do. They fooled you! It's a joke, a circus, and a game for souls!

Millions of policemen, doctors, and lawyers will join the People's Army when they realize their lives to seriously protect something as un-serious as the lying Illuminati politicians serves no purpose than simply killing, and sacrificing the population for their souls, their money, and for war, as they express in their Satanic rituals.

The People's Army are the watchers watching the watchers, and the **REAL** protectors of the people now that the police, and government serve foreign, monetary, secret-society, and even outright satanic factions!

They serve the government, and secret societies who pay them, and not the taxpayers who pay for the government! It's all corrupt!

They conduct **BRUTAL** experiments on the human population, and are blind to real problems like rape, and drug-traffic which the secret police secretly **PROMOTE!**

Ok, let me get this straight... The secret police have gay-clubs, drugs, and child-porn, so they ally with the OTO, and hire the politicians... Then they **BRIBE** you, policemen, with this. In this way one could say that they protect you, and you protect them, as you are all accomplices in the most-grave crimes... .. And then the police in Kristiansand sold their child-porn (me) to the Churches, and the biker-gangs... (... ..) Then they **ALL** became policemen, right?

We need a revolution, boys! And we must act soon, and in a western civilized nation before they impeach free speech, and the free internet. Even beautiful young singers, and aspiring scientists like myself are brutally cloned and murdered. Yet I have chosen to forgive.

Because divine, unconditional, endless, merciful love completely shatters, and destroys hate and darkness.

**The Matrix is real.**

The People's Army's Red Revolution!

The elderly generations are rootless generations of post-American slaves without identity or religion, serving as food for THEIR Hell.

Will you let THEIR Hell be YOUR Hell??? Or will you be a MAN, and stand up??? This monster is worse than Nazi-Germany, but will you defeat it??? It is a soul-tax-farm, and nothing else.

Since the police are above the law, and have no respect, or empathy for human lives: *Revolution is the only option.* And I will teach you how to take back your FREEDOM.

For that`s what it`s come to. You might not have noticed, but they watch, download, and store your every move, all you`ve ever said, and all your internet traffic, with the goal of sending you to Hell through PORN. They have even come so far they have created artificial intelligence, and uploaded every mind into a supercomputer to control all souls, emotions and responses. It`s the wet dream of reptilian, masonic scientists. The younger generation grew up with the Matrix.

**YOU`RE IN IT!**

Any resistance is killed off by electronic harassment, and voodoo from this self-aware, artificially intelligent, satellite (they are actually UFO`S) based embodiment of the demonic hierarchy, with threats of loosing your health, your mental health, loosing your jobs, and being completely isolated from the irresponsible, apathetic pseudo-Christian elder generation. The elder generations are bribed with money and philosophy, believing the lies of evolution, physics, history, religion, and the round Earth. The younger generation is bribed off with sex, real-life hunger-games, technology, and secret knowledge.

All eventually end up in Hell. There is NO escape once you have broken every command in the Bible. I have seen dozens of Christian Near Death Experiences of pastors who died, but went to Hell, and back again, because they only broke one SINGLE commandment.

There is more at stake than just race, language, history, borders, rights and politicians. This is about the survival of humanity against artificially reconstructed races of ancient reptilians, who are back, and wants the world for themselves. (Of course. I mean. What did you expect? That they would just sit there, serve us, or become Christian humanists???)

It is therefore time with a People`s Army that unites all ethnicities, religions, and cultures for the greatest war the world has ever seen! The war for the survival of humanity.

## **A golden age of enlightenment.**

WHEN we reach disclosure on technology: Electricity will be so cheap, cars will run on water, and healthcare will be so cheap: We will DEFINITELY end up with a socialist state with a futuristic social welfare system that will spread like fire to all nations because of advanced technology in hospital automatization.

We will create the world`s first ILLUMINATI-FREE NATION! But perhaps start with a village, school, renting a conference-room, or taking our children to summer-youth-camps???

It will be FANTASTIC BEYOND WORDS! ❤️ Free healthcare. Zero death. Fusion powerplants. Water-hydrogen powerplants! Antigravity propulsion transport and architecture. Hydrogen-water powered cars. CARS running on WATER! Antigravity/levity cars! Yes, I know people who can make all these dreams come true...

I have ALOT of scientists on my team. Join the New World Community online!!!

What the world NEEDS today is for ONE pioneering industrialized nation (Norway or France would be perfect) to undergo a revolution into the golden age of technology where the (Satanic) Illuminati is defeated. Because when ONE light is lit, the whole world lights up! The first ILLUMINATI-FREE NATION!

When our police, hospitals, and elected officials no longer serve the people who elected them, but serve foreign affairs of the Satanic Illuminati, what must inevitably happen?

Like during the French revolution. Where the people take back power, and create their OWN army with their OWN courts and trial:

- 1 The (Satanic) Illuminati Monetary Elite. (Satanic capitalists)
- 2 The (Satanic) Illuminati Cultural Elite. (The Satanic Illusionists)
- 3 The (Satanic) Illuminati Technocratic Elite. (The Satanic doctors, scientists and teachers)

And more.

Exposing the latter will be the goal of this revolution. The New Earth Community will replace the quackademics of science, medicine, physics and history. ALL must be replaced. That is the goal of this revolution.

Read the 25 goals of Weishaupt, and know that conspiracy to overthrow a nation-state is a CRIME! They are CRIMINALS!

They have inverted reality, but I`m here to wake you up!

YOUR reality is fictional. Conspiracy IS reality.

WE the PEOPLE decide reality: When we have the books, the science - the schools. The VILLAGE! (Or youth-camp.)

The people are taking back the power from the (Satanic) Illuminati!!!

The People`s Army`s Red Revolution!

I remember when I saw Dan Brown`s Angels and Demons. I didn`t know about the (Satanic) Illuminati at that time, and they frightened me...

The (Satanic) Illuminati are back!?!?!? WAKE UP!

We DEFEATED them once before.

Now we will CRUSH them with LAUGHTER!

And when all know their CRIMES of the last 4 centuries: The world will HATE the (Satanic) Illuminati, and fear conspiracy SOO much, they will NEVER rise again, and mankind will be free, united, and happy forever!

THEY shall lose their HEAD! Whence we have the people and proof. MY head MUST remain on my shoulders where it belongs.

### **We call ourselves "The People`s army."**

We are a humoristic-humanist, inter-religious, multi-ethnic movement of INVESTIGATIVE JOURNALISTS. Training to become one, and wake people up is your current mission.

We are revolutionaries, scholars, and reform scientists which does not mix religion with politics, and want to:

1. Give cheaper, and more efficient medical care through promoting technological advancements to the people through investigative journalist disclosure of a global medical conspiracy that affects billions of lives, and will threaten trillions.
2. Preserve western humanism, and human rights against any form of totalitarianism, fascism, religious supremacy, be it ourselves, or the dangers of radical Islam which the entire world is currently at war against.

We have love, light, and laughter (compassion, enlightenment and humour) as motto, and we SHOULD be a humoristic-humanitarian banner under which all ethnic groups, and all religions are united through the inter-religious law of Source, Love and Light, as in my book: The Eternal Law of All Creation.

We SHOULD have the red, and black flag of social-anarchy/anarcho-syndicalism as our flag.

Why so serious? All your life is after all based on lies fabricated by Jokers. It`s time we realized we`ve been fooled, put on the mask, and start making fools of them instead!

### **The Apathy of the Immediate Satisfaction Culture.**

Our generation are slaves to entertainment, and immediate satisfaction through television, videogames, porn etc. This rootless, fatherless generation affected by lies, and programmed to irresponsibility and inaction is seen both in the youth, and the elderly culture equally much...

The only way to reach such a culture is through an intimidating hilarious display of conspiracy reality from the viewpoint of the careless rulers themselves. Why so serious? Our elected rulers don't care, and no longer serve the people. All evidence shows they worship something called "Satan", and plan to completely eradicate all humanity. If you elected them into position, but they don't serve you, killing you instead, which is a simple joke to them, why should you care about them, and not joke about having THEIR heads on a spike like they joke about yours? Why so serious???

Why should you not fall down laughing at the floor like they do every night they come home from parliament??? Why not fall down in laughter? After all: All your life, all society, and all you were taught at school was a joke! A really, really funny, perverse, sick, and twisted joke! This is all the world has succumbed to: A JOKE!

The elite politicians see this world as a game, a theatre, and a joke. A masked man reveals his true face. It's time to put on a smile, break all norms, and intimidate the politicians through a humiliating, intimidating, and hilarious display of their otherwise serious crimes through humour and laughter. If not done in a humoristic fashion, it will never catch the attention of the people. Why not???

Take Norway for instance. They have lost their ability to be serious, and re-think reality with courageous response, as would f.i a tribal chief if an invading tribe, or a dangerous bear came to take their land, or rape their daughters... This fatigued response is planted into us from serious politicians, serious school, and serious jobs, so that Norwegians become inclined to respond with apathy over the towering mountain of the conspiracy's complexity. A wall of a hundred bricks seems to high to climb, so the sheep never try to escape. This is the way you, and the previous 20 generations have been programmed, and you never confront your sub-conscious fear by facing the politicians, but try to escape it as you are traumatized by the seriousness of lying politicians, war is peace, news of war, and the towering wall of complexities!!! This sub-conscious escape soon becomes an addiction to apathy through the immediate satisfaction culture seen through television, porn and videogames.

All this is exemplified in how all Norwegians KNOW, yes, ALL KNOW very deep down that not protesting is wrong, and that all politicians Satanic traitors who only care about power, serving foreign interests, because no rebellion, no parade, or protest is ever seen anywhere in Norway against any of the war displayed on television news, because of the gullible apathy of a de-programmed automatic response due to the *immediate satisfaction culture, and their boredom over work and school.*

## **In a world of Super-Idols, only a Messiah can save the world.**

Sex, entertainment, and humour is Norway, and the world`s new God, which the People`s Army will channel to display what is otherwise too serious topics to even THINK about! With a world united through the global internet in a culture of superstars where one voice is heard more than all others, and numbers mean nothing unless they back up a pretty face in the media, a super-idol, a MESSIAH of this immediate satisfaction culture is needed to break the chains like Daenerys Targaryen, which must happen if humanity is to evolve into the golden age.

Humanity can simply not enter the golden age without this messiah of both the music industry, the porn industry, science, education and politics.

We need a pretty, pink, preferably blonde, hermaphrodite Aphrodite politician who is as loving as Venus, as funny as Ylvis, looks like a Joker, is preferably a racial mix, but is as fierce as Hitler, and who will storm the Bastille of the *propaganda network* through her/his perfect figure.

How? Because she/he represents an idea so great, and have a figure so perfect that not even the enemy could defame her, or express anything but love for her in the media department to shut us down, *even if they tried to*.

THAT is the idea our entire New World Order is built upon.

So ironically, finding the One, the Messiah, is more important than all of Norway`s sheeple population, because of the 21<sup>st</sup> century millennial popular culture of super-idols.

Finding, and training "messiahs" to represent the People`s Army, and the People`s Courts with the abovementioned standards in media is thus perhaps the main objective of Our Movement.

And she/he must be the embodiment of all society, birthed from, and representing the un-displayed fatigue of the people finally expressed through fierce anger combined with humour, basically eating up the world, and chopping off heads until he/she becomes emperor of the entire world.

Our New World Order. A socialist movement of new scientific discoveries that will make social welfare, and health-reforms so simple, and free across the globe, because all will be automatized through robots, with frequency rays identifying, and eliminating all disease, as an improved version of Royal Raymond Rife`s machine, just to get you started.

## **Our other Goals.**

All our primary goals can be summed up in reformation revival revolution renaissance. The 4 R`s.

Our first goal is rewriting sciences for a reformation in education, universities, and science through rewriting physics, history, and medicine which currently are based on masonic lies for those who researched Nicola Tesla, Wilhelm Reich, Royal Raymond Reiss, and a DOZEN others including for instance Thomas Joseph Brown, and investigative expert David Wilcock. Just to name a few popular to get the ball rolling. This must be done in our very secretive beginnings, by hoarding books, authors, and experts from field of science, and every branch of society to our cause. Before the next goal.

Our secondary goal is disclosure of technology through hardcore investigative journalism, and political demands through peaceful parades of idiotic display of their crimes. Art, comedy-plays, memes, and revolutionary music. We will break all the norms of politics, race, sex and correctness like a wild, humorous bunch of anarchist, socialist savages.

Going forth with humour is something all can relate to, which will spread like wildfire, and make everyone join the parade, because it`s fucking hilarious what they`ve been doing. As the Satanic media prime role is to weaken the human spirit through seriousness, focusing on war, suffering, and how the state is there for your protection, the media will simply collapse, as their entire system fails, and doctors, policemen, politicians, and the media will have to answer a laughing nation of sexual savages standing at the gates of parliament demanding answers to chemtrails and "is the world really flat?" Lol.

When they say yes, because they can`t say no, we will simply be EVEN more harsh, and never give up until the People`s Army`s People`s Courts has condemned these political Jokers to public hanging, done to the cheer of a million protesters. And we must strike NOW before they strike US with viruses, nuclear-war, food shortage, steal our economy, or shut down our internet.

Expose them through investigative disclosure, and massive broadcasting on all internet platforms..

Our motto is Love, Light and Laughter.

Our battle-cries are:

People have the right of a state that gives them the best available healthcare, education and technology. A state that care about them. A state where politicians serve the people, not otherwise.

And start from there.

Why so serious???

We will awaken every single person in all the world, and we will do it through playing on conspiracies with comedy, branding our elected officials as traitorous fools to be laughed at as something SO bad that only decapitation by a People`s Army`s People`s Courts would suffice.

For instance: DID you, or DID YOU NOT sacrifice Lord Ashtar???

### **The Purpose of the People`s Army.**

*Our aim as the people`s army is to protect, and represent the people, and not a political opinion. This is the People`s Army. It`s not about white vs black, Islam vs Christianity, or left vs right politics. We are the watchers watching the watchers. When the state has become a parasite vampirizing the people for it`s own existence, we need a revolution. When the state no longer represent the people, but serve money, capitalism, and secret societies interests: It is time the people create an army that serves the people, and watch the watchers. Watching the state`s crimes, and protecting the people from the state. The army of the people does the job of what the state SHOULD have done.*

The People`s enemies will be judged once the People`s Army establish the People`s Courts – like during the french revolution.

We will thus PUSH forth advancements in ONE nation (like Britain or Norway) primarily. Because when the People have superior technology in ONE nation: All others will HAVE to change in conformity as the media simply collapses due to the widespread internet.

When humanity has ONE light, the entire room is lit, and ALL revealed. If we cannot get this nation, we will have to start a peaceful community to protect ourselves from the parasite state which suffocates us, and eats our lives and money.

Such a community can in itself be the LIGHT the world needs to spark technological revolution renaissance globally: If we are clever activists, and use media, and the internet correctly. But we need SCIENTISTS, and doctors from all schools of society.

I myself a patron for the Free Thought Project, the Anonymous Movement, the secret ORC (which needs a mediaplatform) and the New Earth Community. Those are the organization I recommend cooperating with.

Our third goal is for the New Earth Community, and the ORC to create ENLIGHTENED PHILOSOPHER KING`S, who are ALTERNATIVE SCIENTISTS (ether scientists) , INVESTIGATIVE JOURNALISTS, TALENTED SPEAKERS, HUMOROUS ACTORS, and TALENTED SINGERS to become SUPER-STAR

The People`s Army`s Red Revolution!

MESSIAHS to breakthrough a technological reformation/revolution in a western-humanistic, free, industrialized country.

We will infiltrate, and reform.

1. The media. (Internet meme-wars, article-writing, YouTube, alternative media)
2. Education. (Schools, universities: Science in general: History included)
3. Politics. (Both left and right) We will make protests with torches. (Lightbearer)
4. The financial sector. (Marketing, cloathe-codes, tech-products, medicine, enterprise, think-tanks etc)

We cannot expect to win ONLY through involvement in the political arena, but will of course influence, and put PRESSURE on them as well.

Every member gets a USB pen with info on hidden tech, and info on the conspiracy to hide knowledge. The knowledge I will show, and YOU make public!

**Love must replace pride, or the west will die.**

There is only one way to get revolution, and I will explain it to you. The 20ies, 30ies, 40ies, 50ies, 60ies, and 70ies had their rebellion for feminism, equality, black-rights etc. That was their ZEITGEIST which is german for "timespirit." And today: All we have is LGBT pride parades! The millenial lifestyle is happily ignorant with Iphones, Tv`s, and life in a post-modern Hollywood culture. The current zeitgeist should however be a RENAISSANCE of technology, rights and information. We either chose an age of intellect where the people overcome the technocracy, or we chose an age of slavery, and class society.

Our elected officials answer to foreign, and globalist monetary powers, and that is a fact, not a conspiracy. Our Norwegian prime minister Erna Solberg, and Crown Prince Haakon attend the secret, elitist Bilderberg meetings where the elite discuss behind closed doors. That is the DEFINITION of conspiracy. So we are in no way lunatics.

Our show is led by three main elites, all of whom are associated with the (Satanic) Illuminati NWO conspiracy goal, and have no moralistic ideals aside "survival of the fittest." These groups are the

1. Globalist monetary (capitalist) elite whom demands ass-licking, and bribe world governments with money, power, sex and drugs.
2. The cultural elite brainwashing the people into ignorance.
3. The technocratic elite which are the technological elite of doctors, lawyers, policemen, all whom are experts, and leaders in their respective field of science,

The People`s Army`s Red Revolution!

selling lies about which cure is the best for cancer. The fields of health education, and the elite health officials will be our main target. Nr. 3...

These three groups are non-national, and answer to their global, Satanic secret society: The (Satanic) Illuminati. It is true that many involved in these 3 elite groups are Nazis, and also Jews, but that is only their mask under which evil can operate. Their morale is "divide and conquer", "mankind is inclined to evil, not good", "order through chaos", "make, and keep people sick to earn money from drugs", "evil is good" and "survival of the fittest" etc.

Or as George Orwell wrote in his 1984 book: "Freedom is slavery, ignorance is strength, and war is peace." The Illuminati are Satanists, and the Satanic ideology is all about inverting truth.

That is why they create a false reality, a false history, false science, false education, and give us terrible MEDIEVAL healthcare. Their masonic goals can be found on the Georgia Guidestones where it is written in 12 languages: Maintain humanity`s population under 500.000.000. Since they worship power, they are all control freak megalomaniacs, and want to create a world of perpetual slavery, and darkness for our mind, bodies and souls.

As money rules the 21st century world, and Judeo-Christian morale dies out with the elderly, the old morale of kindness, love, compassion, meekness, servitude, lowliness, charity, respect, equality, and that all have innate human value has been replaced by: Job, career, money, how much sex you have, power, pride, greed, and even betrayal is now regarded as "good morale" because it shows you are strong, as "survival of the fittest/most evil." It has become "cool" to be a criminal, murdering (Satanic) Illuminati agent, and "cool" to be a badboy.

The happy, loving, compassionate moralistic Christian flower-kid (like myself) is seen as inadequate, weak, and not suited for work.

This infuriates me. The (Satanic) Illuminati is CRIMINAL by all standards after its 25 criminal goals, and CANNOT be compromised in any way.

The west is losing its humanistic foundation of morale. Without it: The west will not survive. All high-cultures, and high-civilizations accomplished great deeds only because these people had a homogenous culture/ethics/morale as Aristotle argues.

Immigration, and poor intergation of Muslims have caused a rape epidemic, a terror epidemic, a crime epidemic, and a decrease in work. Most immigrants live on welfare, and that is a fact. They have flooded our prisons, taken our taxes to welfare, and if they never had come here: Scandinavia would INEVITABLY had undergone an economic, industrial, technologic, cultural, and national-romantic renaissance into a high-civilization with a strong sense of unity among the population, and with zero crime rates.

The People`s Army`s Red Revolution!

The problem is however not poor immigrants, but the (Satanic) Illuminati war-brokers who CREATE immigrants.

And the main problem is Islam, because western-humanistic values of equality, and Sharia-Islam is NOT compatible, and will inevitably lead to a cold society dominated by fear, pride, crime, and threats where native Europeans, and Christians no longer DARE say their opinions in media, on the bus, or even to their friends: In fear of the alien invading culture: Medieval, unscientific ISLAM.

Islam has killed free-speech, women`s rights, human value, and all the humanistic values of the west. That is the reality TODAY, and it has been so for 10 years already. Islam has thus KILLED the west.

The result is a society of a hundred sub-culture groups, whereas we would have been ONE dominating culture had it not been for immigration. 100`s of subcultures live in fear, and hate against each other, but under ONE flag. The result is a population loosing it`s power because they are divided among themselves, while the state becomes a police-state, and gains MORE power since the people crave more protection from violence, rape, terror, and crime caused primarily by Muslim immigrants.

There is no longer a people`s state since there is no people anymore, and the state thus becomes an cancer feeding to preserve its own powerful existence, because it`s ruled by power-hungry men and women. The state becomes a hive for power-hungry career politicians, and becomes based on power, and competition, not unity. Because there is no common humanistic ethic in the population.

We must preserve western humanism, or the west will fall like any other historical high-civilization, as Aristotle argues... The Satanic morale of pride, money, power, sex, envy, crime, and betrayal must be replaced by love, equality, compassion, or what I like to call "the Judeo-Christian western heritage." The great quest is thus for Islam to reform, just like Christianity did 100 years ago, and the west will be saved.

This can come through a "reloveution hippie anti-Illuminati zeitgeist", or a "national-romantic renaissance rebellion." But these are however unlikely. The only realistic revival of western humanistic values is through uniting both immigrants, and nationalists in the fight for freedom of rights to better healthcare, whereupon mankind will be free from their illusions as the (Satanic) Illuminati cabal falls.

If one card falls (the medicinal technocracy) , the entire (Satanic) Illuminati house of cards will tumble, and humanity will have a new zeitgeist of outspoken hatred against the lies of the Satanic elite. Everyone will realize their (Satanic) Illuminati governments have lied to them, and true history will be written, and

The People`s Army`s Red Revolution!

the (Satanic) Illuminati will never rise again because our children will hate them from reading true history schoolbooks. That is our ONLY realistic hope against a NWO. Imaginary religious hopes in for instance Jesus` Second Coming is playing right into the NWO`s hands as it is a waste of time, and energy that could otherwise have been used for humanity as a whole, like this investigative journalist technological revolution-evolution into a New-Age.

Do you not see how dangerous this social experiment is? With 100`s of subcultures, ethnic, and religious groups. With borders vanishing, and a *post-Hollywood global culture emerging perhaps 100 years from now*, we are not more far away from a global NWO communist dictatorship by these power-hungry three elites: 1 Monetary, 2 Cultural, 3 and Technocrat. Which is their aim. Because:  
They`re addicted to power and control.

### **So you want Revolution. How and why???**

It`s a red socialist carpet towards a socialist future revolution. It is the only plausible revolution. Because we can only win if we strike hardest where they would never expect. Terms like "Islamophobic, racist, populist, conspiracy-theorist, right-wing-fascist" etc, are programmed into the public, so going right-wing will NOT tear down the media-department of the (Satanic) Illuminati, nor wake the population because you will only be LABELED by predictive programming which they already prepared for.

*But you cannot label serious, scientific journalism and facts.* And whence WE broadcast the cures for cancer, and all disease, the result will be a global socialist movement for PEOPLE`S RIGHTS, resulting in a new zeitgeist, a better NWO, and hopefully: Massive scandals exposed with massive arrests.

Furthermore: The flaming torch of liberty, and brotherhood is the only social waveform that historically sparked revolution in recent years. I`ve been involved in right-wing politics. They have no battle-hymns, and most are schoolboys, and choirboys in church. I`ve also been a part of socialist politics. They are all strong individuals who boldly express their culture, and wear it on their sleeves, contrary to right-wing suitcases that don`t dare offend anyone. Socialists are good at rebellion, have lots of friends, arrange parties, and concerts singing battle-hymns...

I tried everything to wake the right, the centre, the Christians etc. They are too gullible. I have seen the future, and it is socialism, iF we succeed with the technological disclosure. But wait! I am pro a liberal economy. Yes, I myself am in the political centre, but this revolution is the only revolution possible. Because the only possible revolution in the west is: "The People have the RIGHTS to the best treatment possible!"

The People`s Army`s Red Revolution!

The revolution described further down this document *doesn't HAVE to be left-wing, and should never be communistic*. But I doubt you would gather a crowd with gullible Christians, or right-wing choir-boy suitcase politicians that never dare offend anyone, but I would gladly welcome them to try, although it won't work.

Europeans simply cannot be angry enough to revolt. They are too peaceful, gullible, holy, and passifistic by nature compared to the socialist mob of angry Muslim immigrants. Right-wingers are simply elderly natives too depressed to be able to organize a revolution, while most of the youth are angry hipsters, gangsters and socialists. It is time we unleash the lawless ones against cancer chemotherapy... It CAN\_NOT be allowed to continue as too many people have died.

Perhaps, just perhaps we can use the nationalists. But it doesn't matter what you are. You are all on the same team now. We all have to unite because humanity is at war.

While you sit there believing the Earth is round, the Earth is in fact FLAT, and they've gone through MAD trouble to cover it up. You can no longer trust the state.

And why is that a problem? Because a race of anti-human activists, reptilians, and hyperdimensional entities in the royal courts (the Queen is a reptilian, and I have SEEN shapeshifting myself SEVERAL times afterwhich I FEINTED!!!) have declared war on humanity, and introduce alien species to live among us. They will proclaim to be our creators, and will rule us, and eventually overpopulate us, and defeat us.

And who leads this army? Satan the extraterrestrial.

That's right. You're all basically on the same team now boys.

The Muslims, negroes, and Arabs are here to stay.

Nationalists must not give into despair which leads to hatred. You must keep a cool mind, think strategically and logically. The negroes ain't going anywhere, Hello. They are your brothers here to stay, and you have to love them.

Sometimes: The wisest option is to admit defeat, surrender, regroup, or love the enemy. The battle is on your HEALTH, and human rights.

Think positively: If you conquer the anti-human Islam, BOTH the native Europeans, AND Arab-Muslims will have our western-humanistic values, and the result will not be no loss at all...! Perhaps Islam will even be destroyed, and the middle-east become WESTERNIZED, HAPPY, and PEACEFUL.

So it is NOT about nationalism anymore..! The future of ALL future cancer-patients is at stake, no, the future of ALL truth! Because WE THE PEOPLE will monopolize truth, NOT them!

Further arguments to infiltrate, and reform the politican left:

The People's Army's Red Revolution!

Because WHEN we reach disclosure on technology: Electricity will be cheap, cars will run on water, and healthcare will be so cheap: We will DEFINITELY end up with a socialist state with a futuristic social welfare system.

You see... The problem is not the governmental form of left or right. The power is that the politicians answer to secret societies, and globalist corporations, not to the voters/people. Any form of governance will work as long as people do their best in respect to each other.

But I think you have a chance going anarcho-syndicalist to create New Earth villages (Tesla Villages – like the one in Croatia). I know we have a HUGE chance if we go socialistic, and recruit politicians, and revolutionaries, especially mediemen.

We live in the 21st century, and it`s us vs them. Humanity vs Satan. A revolution cannot exclude half the people, and must be about the rights for everyone to have access to treatment kept secret. Treatment that could have saved a 100 million lives. Pushing on the state to give people alternative cancer treatment, finding the cure to cancer will be our first move as the Army. As the People...

Because cancer strikes young, old, rich, poor, Christian, Satanist, left-wing, and right-wing. People need to realize it`s us humans vs them.

### **They dull you down!**

A hypothetical revolution in the west must be about knowledge is power, about power-to-the-people, about civil-rights to be heard, and about humanism. About love and light = compassion and enlightenment/knowledge.

America has a great platform for New-Age, conspiracy theorists, and alternative scientists whereas Norway has close to none. We must start Families of (love and) Light/Knowledge, or Cell Groups where we study conspiracy reality, the crimes of the elite, and the hidden technology before we unleash a co-ordinated investigative journalism campaign with the aim of bringing down the government. Information for disclosure is VITAL since the people will never revolt unless they are starving, or lose their liberty. We must make them REALIZE that although they give you iPhones, Ipads, movies, and computers to create that "illusion of happiness", we are in fact DYING. Not only are millions dying from lack of proper healthcare like chemotherapy cancer treatment -

*(due to the Rockefeller family that funded the America health-organization (FDA), and started the Norwegian health-organization (NHI). Rockefeller who has had connections to the (Satanic) Illuminati since the beginning.)*

The People`s Army`s Red Revolution!

they are destroying us through vaccines, toxic additives in food, gmo, pesticides, chlorine in water (that calcifies the pineal gland), and poisoning us through chemtrails.

Chemicals like Aspartame works to destroy the DNA and will lead to the future population being born with both physical deformities, and mental disorders certain studies show. Over time, the Kalergi plan aims to create a "negroid European race" while others (Satanic) Illuminati members call for the creation of a "European slave-race with an average IQ of about 90 – just clever enough to perform work. "

With the media slaughtering all right-wing activists, and traditional conspiracy theorists, the only hope for humanity is a technological, and socialist revolution of love.

### **What revolution do YOU believe in?**

The world needs revolution, and it can come through 1 Sexual Revolution, 2 Nationalist Revolution, 3 Religious Revolution, 4 Technological Revolution, 5 Political Revolution - dissatisfaction with lying politicians which ties with all of the above. People, including myself have tried all of the above for centuries to little effect, aside from number 4, technological revolution.

But what better motto than to combine the sexual revolution of Lady Liberty`s "we want freedom" with that of technology?

Love, Light and Laughter!

(Which happens to be our scientific, humanistic inter-religious religion, and the metaphysical concept of God.) Read my book.

We need sexy, famous, pussy-power superstar jokers without fear, to tare through to mainstream media, and bring news of the technological revolution to the masses! Such figures that the fanscores would see as "messiahs." Both cultural messiahs (superstars) , media-messiahs (teachers) , and political messiahs (chieftains) are needed for our success.

Without humorous, cultural, and political leaders such as this: It would be hard to cheer up, and activate our citizens who have become gullible, apathic sheep: "Oh! She died of cancer!" / Watches Hollywood movies 1hr later while laughing, and preoccupied on the phone. Never thinking of investigating alternative cancer cures...

How many million times has such a scenario happened before someone needs to wake up the masses???

The People`s Army`s Red Revolution!

No.

The people WILL arise! Do you think it will be hard? Once exposed, and once a thousand citizens show their asses physically to the Prime Minister with humorous slogans, they, and their "oh so serious" media will feel SO ashamed as their proud, politically correct, serious character is only laughed at, and made fun of, reducing their character so thin as the piece of paper which says he/she is the prime-minister.

Basically... This is not only a necessity, but a responsibility for future generations that I want to be FUN and EASY!

Free healthcare. Zero death. Fusion powerplants. Water-hydrogen powerplants (as in the Tesla village of Croatia, or our Mauritius project with Tomislav Tesla.)

Antigravity propulsion transport and architecture. All you can DREAM of! Water-hydrogen electrolysis powered cars. CARS running on WATER!

But before you start jumping into futuristic-new-age, and alternative science, we need to start a revolution, and boy will it be fun. It has already begun! YOU are now a part of it, and must dedicate all your time, and effort to it. People used to believe in right and wrong.

Memento mori. Remember death. Today`s generation try to forget death with shortcuts to happiness, but our ancestors lived short lives, and were constantly reminded of death, and the painful toll of work. They worked hard, and their work MEANT something to them.

But today you are just an asset in someone`s company which you really don`t care about. WHAT DO YOU BELIEVE IN? You will DIE one day! I always say you must LIVE for something worth DYING for! Something that is YOU!

Seeing our modern technological achievements with a PERFECT world without death being POSSIBLE, the only philosophically valid purpose, ideology, or life-ambition is working for a perfect-world-utopia. KNOWING where technology is heading: This is the only life worth living for. An ETERNAL life.

**The Revolution must happen in a rich, free, western country.**

And we MUST win. You don`t know how important Norway`s role is in this. *The technological revolution renaissance: Enlightening the people to mass awareness through alternative media disclosure of technology can ONLY happen in a RICH, INDUSTRIALIZED, WESTERN, FREE-SPEECH nation with free INTERNET. We must ACT before internet censorship takes over the last countries of free speech, and internet freedom!*

Oh. We WILL win. Because we HAVE to win. And thus there is hope.

The People`s Army`s Red Revolution!

Because hope is all we have: There is therefore ONLY hope. And since hope is all we have, we have only ONE thing to life for, and one PURPOSE: WINNING BACK OUR FREEDOM!!!

Thus the need is for the populace of a pioneering nation like Norway to push for golden-age reformations in the branches of physics (industry, transport, powerplants), medicine, pharma, psychology, and rewrite history, schoolbooks, curriculums etc. That is the task given to Norway, or a pioneering, industrialized nation. Perhaps France, where people are more alert after the Yellow Vests protests.

The end-result will be a socialist nation of incredible welfare due to the advancement in technology. That is why: If we are to create a revolution, our only option is the Red (or insert whatever you like) Army of the People.

ALL entrepreneurs, alternative-media, hippies, anarchists, and general revolutionaries are spread out globally, are many, but alone, and are leaderless. They are a futuristic nation of people without a nation. We must focus all on ONE nation, very organized, strictly, and gathering all together from all nations. And we need SPONSORS.

ONE rich, free, western-humanistic nation will be the jumpstart for ALL nations. Because when ONE nation is revolutionized, the pallet example of this nation will change ALL other nations, as all citizens in all other nations will want our free healthcare system, and technological advancements in their own nations, having realized their current system purposefully discredited alternative science to diminish the population through e.g cancer.

And Norway is that nation. The nation which ALREADY has the world`s best social services and healthcare. A nation of former Vikings, and an enraged public that soon reaches boiling point. Or perhaps Norway has given up into the previously mentioned apathy.

And perhaps that apathy has developed into "I don`t give a damn, and would rather serve the system, and get paid." And just maybe that attitude of preprogramed apathy has led the Norwegian populace into Satanism, and the New World Order, abandoning their ethnicity, rights, culture, religion, and free healthcare just to seriously protect un-serious joker politicians, who would rather replace the human race. BUT I have not given up on my people...!!!

And if Norway won`t rebel, we have the fierce ENGLISH, or perhaps the FRENCH or ITALIANS?

England would be most suitable because: 1. English is the global language. 2 England once was the centre of the world during the Colonization Era. 3 And England fathered a previous technological revolution, namely the industrial revolution.

If the elite renegade scientists in England, like the ORC; combine their efforts with f.i the David Icke hype, and get some investigative journalist messiahs, a media-page, and unites the alternative world of anarchists, Anonymous, and New-Age, we might

The People`s Army`s Red Revolution!

have a chance. IF we stay together. IF we focus mostly on ONE nation. But it all rests on YOU!

This nation (Norway) MUST undergo a reformation in all the branches of science, history, and our school-books be rewritten.

A technological revolution into the golden age of where the (Satanic) Illuminati are defeated by a glorious red army of the People like during the French revolution. The greatest moment in history.

The pivotal, historical moment when the people took back power, and created their OWN army with their OWN courts, and trialed the (Satanic) Illuminati to create an eternal, free, perpetual World Order.

As of now: The mighty freemasons own all the courts and lawyers. We need a rebellion. A revolution. A new constitution. And our OWN courts. But this cannot happen until the Red Army has grown in numbers, and have lawyers amongst our members.

### **The Black Order parasite state.**

We have the privatization of TECHNOLOGICAL knowledge as our single target as I will describe soon below.

We cannot observe the NWO conglomerate without noticing the elephant in the room which might, or might not be the (Satanic) Illuminati, but we will simply call them: The technocracy elite who see themselves as Gods ruling us the peasant slave-class. I call it a technocracy because that`s what it is. The experts in every field of school. The technological elite are basically black magicians ruled by the religious elite: The Illuminati, and the Vatican Jesuits, but we will not go there.

The dark state CIA, Area 51, and their transhumanism projects to make themselves ubermensch, and at the same time reduce us to monkeys.

THEY rattled the cage, and will have a parade of laughing monkeys, foxes, and alternative media before their parliament before they know it!

They NWO technocracy of secret societies, and their police sponsored by the super-rich, and led by the Satanic Illuminati Vatican Jesuits, sabbatean Jews, and royal (Satanic) Illuminati compromise:

1. The State we all know (education, police, hospital, social welfare, military, government etc)
2. Monarchy
3. Secret Societies (which must be banned – basically taken by force and exposed for sacrifice/Satanism etc)

The People`s Army`s Red Revolution!

4. Intelligence agencies (like the CIA`s Mk-Ultra and surveillance crimes),
5. Internationalist organizations, and conglomerates like the Rockefeller foundation, the UN, and think-tanks like the Council on Foreign Relations etc.
6. Underground dark-state facilities, shadow-government, shadow-military, secret science facilities, and deep state-facility bunkers – secret cities that the people`s army must take by force , and expose for the HORRIFIC crime of conspiring against all nation-states, and setting up what is basically a underground Satanic empire! We will expose their SHADOW EMPIRE!
7. Private capitalist mafias like Illumicorp corporations, Rothschild banks, science-institutions and the corporations who owns their paid results. These are the ones who keep evolution away from the people.  
The science-intitutions, and firms will be our PRIMARY TARGET.

You can`t win in court against banking-elites, corporations, the EU, or even secret Hollywood pedophilia. But when the people realize their RIGHTS for TECHNOLOGY through the best WELL-FARE-SYSTEM has been exploited, and kept secret for them for 90 years, they will rebel. 9/11 didn`t wake them, but this will be it.

The technocracy use technology LIGHTYEARS ahead of us to clone, mind-control, and kill us. From where? Secret underground DEEP-STATE facilities. And there IS no deep state. It`s not the real name for it. The real name is the DARK-STATE. For it is a DARK GLOBAL EMPIRE of Satanism, believe it or not, but we will make it a PEOPLE`S empire. Or perhaps a MONARCHY???

### **Raise up a new King!**

Imagine if we had a King who represented the PEOPLE. Imagine if we won, and all remembered this King for a thousand generations. That is ONE good-old-traditional way for revolution, the old Alpha-Male Civilizer Sun-King Horus. They won`t be able to shut THAT down, because nothing encourages people with pitchforks, (and teasing their pussies,) more than a super-idol King. (Which is basically what a King was back in the days, before the Hannovers took over, anyways.)

This might be a better route than going through the political arena, because *you simply cannot deny the people the right for a King*. And what`s even better is that *all*

*the King dictates is law.* So the pyramid will fall brick by brick whatever happens, IF you follow our commands, and raise up Messiahs.

The criminal record, and evidence for the (Satanic) Illuminati is ENORMOUS. The people only need to organize their king`s army, create their own king`s courts, and JUDGE them for THOUSANDS of crimes!!! Read the 25 goals of Weishaupt that got the (Satanic) Illuminati banned. It is the definition of crime.

Conspiracy to overthrow a nation-state is a CRIME punishable by DEATH in most countries! Show non-tolerance, and *anger whenever anyone brings up the (Satanic) Illuminati topic, or sympathizes for them.*

They are antihuman activists! They just want to SHIT on everything, destroy the world down to 500.000.000, and remake it for themselves, with humanity as their slaves. They intend to rule us as Gods from outer space... Their royalty care only about themselves, and never represented the people. King Harald of Norway recently tweeted: "What shall we re-name Norway???"

And nobody rebels... He is SHITTING on you. What gave him the right??? What more right does he have than you??? Is he not "less alpha-male" than most Norwegian peers??? He is a NOBODY! He can`t even hold speeches, and much less hold the NATION together...!!! Isn`t it simply a racist disease of the past to be ruler by birthright, and to govern the parliament, AND the Freemasonic Lodge by birthright for as long as you rule??? Sounds like a spoiled, evil baby...!!!

I`m certain he feels like SHIT when going to bed! He probably shakes in his BOOTS before going out to the people at independence day! But when he comes back in, he`s probably laughing his royal ass off, just like all the corrupt politicians he OWN. Yes...

Did you not know that all European Kings are the leaders of each nation`s respective Freemasonic Lodge???

And why is he the king with the Lion`s crest? Because the Freemasons are Jews, and European royalty are descendants of (the historical) King David of Israel 3000 years ago.

So basic meltdown: An asshole from a bygone era claims racist supremacy to rule all in his nation, and you accept it??? This bygone, ancient tribe of Judah eats up thousands of formerly tribal European tribes, and you, as a Norwegian, let him get away with it!??

They`re racist criminals by definition! CRIMINAL CONSPIRATORS! What IS a King if not a conspirator??? Or ask yourself this: When was the last time the King represented the true will of the people...???

Listen to David Icke, and know that royals, or the royal arch of Freemasonry are the cornerstone of the ILLUMINATI.

They're not the PEOPLE's Kings... They are the ILLUMINATI KINGS, and their daughters are VAMPIRES and WHORES like Norwegian Princess Martha Louise's "Astarte Education." (Which is actually quite good.) And they are CERTAINLY not Christian, and will certainly not get away from their sinful betrayal!

The royals are WHORES of the Freemasonic lodge, the Jewish tribe of Judah, and the Rothschild dynasty that aim to destroy the world, and create a global, atheistic, Satanic, communistic dictatorship with a population of 500 million slaves!!! Because they claim superior right to rule you by BLOODLINE!

"Maintain humanity under 500.000.000" is chiselled in the Georgia Guidestones and is no secret.

Humanity is at war against the states, secret societies, and the monarchy. All have someone they loved who died of cancer. Even the police must REALIZE they cannot serve as crumbling rocks of the PYRAMID anymore! Dear policeman! Join us, and seize these wolves in sheep's clothing.

The world needs a new King... I recommend a Christian King Pope, who will be held to high standards. I recommend that the "King" is chosen by majority of votes by the Christians in the nation, and not by bloodline...

Read my book "The Kingdom of God."

Having a King super-idol to symbolize the people, and our movement would be easiest, because you cannot denounce the will of the people to elect a new King, or dethrone the old one. That is simply unhistorical...

Or else we must do it ourselves. Like the French did during the French revolution. The People establishing their own army and courts.

If this revolution does not happen in a free, industrialized western country within 10-100 years: Humanity's potential will be lost FOREVER, along with the green Earth, because once the (Satanic) Illuminati have control over the internet, TRUTH, education, science, and the media, not to mention government, police, military and banks, they are not letting go.

The (Satanic) Illuminati WERE criminals, ARE criminals, and will FOREVER be remembered as criminals when the PEOPLE write THEIR history-books on how THEY killed EVERYONE in 2 World Wars, with MILLIONS dying from cancer. When we create OUR schools with OUR truths, and every child is taught at school how THEY (the super-rich cabal) murdered billions!

It will be SO easy... Because God, the planet, and the stars are on our side. There is always hope, because hope is all we have. Therefore there is ONLY hope. And We *will* win because We *must* win... The super-rich cabal have taken over the media, the culture, education, created false sciences, false history, taken over the banks, control the financial world, and has control over politics. Our only option is to create cells,

The People's Army's Red Revolution!

study-groups, and families of light/knowledge. From there we will split up, grow new cell-groups, infiltrate society, recruit people from lawyers to biker-anarchists etc.

But we will start by investigative journalist`s provocative documentaries, and books aimed at the schools. Youth are very rebellious, pure, and open to new ideas that the elderly would NEVER believe. For what do we preach love and magical science???

Aim at the horny youth who easily become fascinated with our books, and program of revolution: Mysterious history, magical science of levitation, and eternal youth! Flying cars! Provoke the children, and the youth firstly because their hearts are pure, and their view of reality hasn`t solidified yet.

A child will cry when watching our documentaries on the SCOPE of (Satanic) Illuminati crime, and how many they killed. Provoke the children, and youth secondly because they are the foundation of tomorrow society, and the future doctors and scientists. The youth is the foundation. *Attack the foundation the pyramid will crumble brick by brick, even if it takes 50 years.* Because when 70% of the new generation are anti-nwo, society changes.

But what WILL deliver the final blow is investigative journalism.

### **The battle-plan goes like this:**

1. Families of light, love and laughter.

The secret part of the plan. Gathering all knowledge about all topics, and recruiting members In addition to preparing movies, writing books, making posters, flyers, planning concerts, planning protests, planning love, light, and laughter parades, as well as fashion, and slogans (like love and light) will be important. Use this to recruit a network of revolutionaries from all sectors of society including doctors, lawyers and policemen.

2. The disclosure.

The day we go public. Starting a meme-war, and Facebook groups will be essential, but we must be careful not to mix religion, or ethnic hate into the picture, because that`s when t.h.e.y can shut you down.

You must be very dedicated to victory, and start professional, larger media-organizations with newspapers, and educational centres with classes/lectures with for instance pdf presentations. It won`t do with simple claims like I do in this book. You need FACTS, and EDUCATED people from stage 1. And if you don`t prepare all this in stage 1, they will easily shut you down in stage 2,

before you can really begin... Make it so that people will HAVE to see that supporting the People`s Army is the right thing...

Involve ourselves in politics REVEALING ourselves as the People`s Army, (sort of like a Joker version of the Anonymous movement.)

Our most important objective in this phase will be getting People`s Army`s investigative journalists to make interviews with politicians, and scientists where they are confronted with the evidence of for instance the cures to cancer, which they will have to admit exists, afterwhich we publish these documentaries to the public. This will be our first priority, and should set an example for the rest of the world.

### 3. The awakening.

Our work in the media is a success, people rebel, and crave a reformation of science, physics, history, education, and medicine due to hardcore exposure of conspiracy reality.

The people CRAVE the best available cures! But more importantly a reform school curriculum, because this will awaken future generations, and be a revolution they can`t put out. You must think 100 years ahead, just like they do...

The most important part of the Revolution is education of children through gathering our scientist members to re-write school-books which must be handed out as created in phase 1.

Phase 3 will be creating our own futuristic People`s Army youth camps, and eventually villages with water-powered cars, water-powered powerplants, and private schools would be a great idea at that time, putting MASSIVE stress on the mainstream media, mainstream science, and politicians to where our idea either spreads, or they seize us as criminals. How can they kill five people if all drive water-powered cars, and post it online? Build them not only to drive the cars, but to drive the people furious!!! And how about Tesla`s flying car??? I know several who would build them, but lack the funding, engineers and materials

### 4. The Revolution.

When we have our own private, or unofficial schools, and a great percentage of the population is in support of our political party, and independent courts of justice, the evidence that the state is a crime syndicate will be so obvious.

That is when we get together all political parties, noble houses both foreign and domestic, organizations of interest, write our own public constitution of independence, proceed to judge them to death for their crimes in our court, and air ALL this on TV, or on every facebook page, everywhere, afterwhich we profess that any support of the current regime IS treason to humanity, based on the international, and national law.

5. A coup-d`etat, or a peaceful transition through majority of votes.

This revolution should end with a coup-d`etat with the cabal taken into custody by the People`s Court of the People`s Army, surrendering, and admitting to their COUNTLESS crimes in court on public television, that they lied to us, deceived us, and killed millions of us just for the fun of being evil joker assholes.

But the best would be to win the election, throw out, and criminalize all corruption (freemasons, intelligence-agencies) , make all banks national-state-banks, fix the economy, drain the swamp, build up infrastructure, and basically do what Hitler did, except from going to war. We will give the people technology of a Golden Age, and destroy the elite technocracy monopoly on history, science, knowledge, wealth and power.

All history books will be re-written, as will all school-books, books in universities, with permanent ban on all other books. We simply need to advance with public opinion in a major political party, be it FRP, SV or Arbeiderpartiet, etc, and we need a great dictator.

But we would have to infiltrate the parties, so to do that, we need to start with reforming science, schoolbooks, and history, so that the younger generation will be incorruptible with non-compromise to Satanism of the PST, the Freemasons, and the OTO lodges that rule this nation, and all the west.

Not to mention the Jewish cabal, but that`s a topic for another book...

*But all in all: Investigative journalism, a media organization of alternative science, alternative medicine, and conspiracy realities, with the aim of inciting the people to action, combined with a self-sufficient society (preferably village like the Tesla village we have in Croatia), in addition to a private school/educational centre should do it for the ORC.*

### **Dethrone the Black Order Illuminati!**

The problems with the political systems in Norway is the (Satanic) Illuminati.

Aside from the (Satanic) Illuminati: We have the best political system in the world, with great diversity, freedom of opinion etc.

Gathering protestors, funding political campaigns, and arranging political concerts/arrangements from the RED-GREEN-CENTER political Norway should be EASY if we follow up on the Plan.

Most important is that the (entire) 1 State 2 Secret Societies, and 3 Monarchies must fall. And it WILL happen! GLORIOUS!

What power could accomplish this? What forces of rebellion are active in Norway, and the west today? What can we use, and how can we infiltrate society and win??? What can bring down the state???

1 Angry nationalists losing their nation, borders, rights, culture, well-fare, economy, history, truths, culture, religion, language and politicians.

An national-romantic Viking-pagan or Christian opinion.

What is a nation without a nationality? What is a country without borders if not a slave-state of a larger empire? What is a people without a language??? We see ghettos appearing in all major cities, where none speak Norwegian. Is this Norway??? Are we ONE nation? Are we ONE people? Does it matter that we have borders?

Not anymore...

2 A New-Age movement of alternative science, new technology, love and light, and conspiracy theorists. I'd like to unite 1 and 2...

And last, but not least...

3 Islam.

Because most Muslims are MUCH more informed, AND angry at the Jewish (Satanic) Illuminati. Because most Muslims know the Jews control the world, as do all white nationalists. Muslims HATE the Satanic Illuminati, AND the Jews. (For better or worse – I have nothing against the regular Jew. )

This could of-course be utilized to create a world where the cabal loose, but is overtaken by totalitarian Islam. Most Muslims are nice, unlike the right-out-blattant SATANISTS that currently rule, but Islam is a false religion (imo) , and will eventually be overtaken by corrupt Satanism. So we`re no good.

The People`s Army`s Red Revolution!

Although this WOULD be better than the current system where millions die of cancer, and think the Earth is round, if we could use Islam to create the abovementioned conspiracy-reality revolution of science, and better welfare.

Muslims often rebel, as do Arabs in general, and are often non-compromise to evil, which is (very) unique, and could be used to great effect, unlike Christians who has never done anything against the Jewish-Satanic Illuminati, other than through Martin Luther, and love Israel despite all she does... God is obviously angry at them.

Ask yourself this: What is a Christian Protestant if he/she does not protest??? Huh???

I think Islam might work, but then again: Are they the real religion? And what's more important: Freedom of speech or technology? Will we be able to criticize the paedophile Prophet Muhammad, his unhistorical fraud of a Quran, and will gays be stoned like some nightmare from the stone-age???

And what purpose is there in revolution if the new rulers are just as bad as the old? What's the better evil? If the Satanic Illuminati falls, but we must live under sharia, and there is nothing left of western culture: What is the purpose of revolution?

*We must not repeat the Russian Revolution when the Tsar regime was overthrown by communism, of which the 7 of the 12 leaders in the communist party were Jewish...*

If so: We play right into the hands of the Satanic Illuminati, whose primary joy is to bind the human spirit of love, bind the human potential, and bind human evolution to through Islamic revolution, it is true, but resulting in a cold, individualistic society in fear of the Islamic elite. Just as bad as the Illuminati..., if not worse... They have planned this through ISIS, and Muslim immigration, but we will not stand for it!

I thus believe in 1 and 2. Angry nationalists and hippies, although we are inter-religious humanists, and all are welcome to join. Especially angry Muslims who were nuked in their home-countries, and had to flee because the Illuminati Jewmerrica ruined their lives.

You're welcome...

This is not about race. If I was to tell what it's about, you'd probably loose your minds or laugh. It's a war against Nazi scientists who capitulated to Jewmerrica under operation paperclip after the 2WW. It's a war against NASA (national aeronautics and space agency) , and their lie of the round Earth, and their "Universe Theory." You think you can handle the truth??? Ok, I'll drop the bomb:

Hybrid reptilian demons vanquishing humanity to rule openly satanic, and sacrifice humans like aliens from outer space. Yes. I have SEEN them. And this is where it gets a bit touchy with the conspiracy-movement of the New-Age, Paganism and Hinduism. Because all these accept the round-Earth, see the Nazis as saviours, and believe mankind was ruled, and created by alien beings from outer space, as may, or may not be true, except that they were fallen celestial beings, and NOT from outer space...

Which in turn is (very) much more sinister...

The People's Army's Red Revolution!

So there is the plot...

I was only 5-12 years old when they shapeshifted over me, sneaking into my room at night, sometimes hovering over my bed... I did see them physically several times. Call David Icke at once!!! I have a terrible Illuminati story to tell. Not Dark Secrets at Bohemian Grove.

No...

WEREWOLVES at Boen Gård Kristiansand...!!!

Barf! Barf!

(Just kidding.)

No, I'm actually serious. There's a lot more to your DNA than you might think. TRUE science is closer to the alchemy of the medieval ages than Einsteinian stoner-science-quackademics. Don't believe me??? Just youtube "Homunculus Ostrich Egg", and witness a biological impossibility...

Nothing of what you've been told is true...

THIS conspiracy is DEEP. How deep? As deep as HELL. And there you have it. HELL is the deepest conspiracy at the bottom of ALL other. REPTILIAN DEMONS FROM HELL! Yes, David Icke is right, but it's got nothing to do with bloodline, and more to do with magick, or "etheric science" to be accurate.

### **Conspiracy Reality! Against the Satanic Black Order!**

Remember this. Your reality is fictional. Conspiracy IS reality. Conspiracy-REALITY! Criminal REALITY!

WE the PEOPLE decide reality: And the rebel movement, although scattered have written books, the science - the proof of their conspiracy. MILLIONS of books. We will GET these books.

Part 2 of the plan is to start media-companies, book-stores, and also alternative healing services, selling everything from crystals, orgonite, to scalar pendants, to shungite, to structured water, as well as herbal cures for most illnesses. This is what I want to do personally. Perhaps we can even buy, or improve Royal Raymond Reiss machines, and start treating people?

The people must REMEMBER their historical ENEMY through ALL HISTORY!!!

The HIDEOUS criminal, Satanic Illuminati that we OUTLAWED are BACK!!! NOOOO!!! We defeated them once before, and now we will CRUSH them for their sins.

When we win: All will know their CRIMES during the last 2 centuries from school-books. The world will HATE the Satanic Illuminati and fear evil SOO much they can NEVER rise again, EVER, in ANY future. Because of the SCOPE, and GRAVITY of their crime! Is that not a FANTASTIC thought!?! A hope to LIVE for??? To defend your nations?!?

The People's Army's Red Revolution!

YOU can make that happen! ☺ Don`t forget to DREAM!!! You can create a FREE world of water-powered cars, FLYING cars, free energy, and medical technology so you will certainly NEVER DIE! That IS reality! Wow!

Just imagine FLYING into the hidden valleys of the Norwegian woods, and saying hi to all of the little elves!

When YOU, and YOUR political party of the People`s Army WIN, and YOU create the Free New Socialist World, every man will get a minimum salary (social support) because robots will do most of the work, and the technology has made short process of all disease, and transformed the regular citizen into a superman!!! Mankind will be united, and happy forever, able to focus on ENJOYING life!!!

A world without poverty, disease, famine or even DEATH! Why will this Free New Socialist World be global, peaceful and united? Because the People`s Army defeated mankind`s enemy: The Satanic Illuminati. THAT will be enough to unite ALL religions, and ALL ethnicities for ALL eternity, because we the people will never forget our schoolbooks... We defeated the mafia. The corporationalists, the super-rich, and the technocracy.

When children learn we defeated evil, secrecy, and conspiracy at school, it will never rise again! Just like Nazi Germany can never rise again!

Don`t you understand??? I envision a glorious People`s Army victory in Norway that goes global, UNITES ALL HUMANITY in dethroning the evil conglomerate!!! Together we will sit upon their carcass for as long as anything CAN last...

The world will be ONE, WON, and FOREVER UNITED through the inter-religious ethics of the humanistic religion of Source, Love and Light, which ALL can agree upon! Read my book.

Someone wants me dead. But THEY shall lose THEIR head, whence we have the people and proof. MY head MUST remain on my shoulders where it belongs. Or else: The world faces a major loss which might be the fatal blow to all humanity.

**So let`s get serious. Repetition of what solutions we discovered.**

### **THE BATTLEPLAN!**

To awaken the masses, and accomplish disclosure of secret technology, knowledge, medicine etc. We must do our job in media. *School curriculums must be rewritten. An alliance of alternative scientists must be formed in an anarchistic TESLA village in the beautiful valleys of Norway.* There is one such Tesla village in Croatia, and one in Mauritius... I had the opportunity to settle there, along with Tomislav Tesla, and Harry Rhodes, my dear friend, but had to pass...

There we will have our enlightened private-schools, free electricity, and media broadcast. If we have ONE true, enlightened, perfectibilist society: We have won, because one light is lit, one light is enough to expel all darkness in a room.

The People`s Army`s Red Revolution!

All worldwide darkness will fade, because everyone will want our schools, true education, our technology, our solutions to all world problems, and our philosophy of source, love and light...

This has been my dream since I was as young as I can remember. I would fly into future timelines in lucid dreams, and see all these AMAZING villages with pyramids, elves, beautiful carvings, flying cars – etc – faaar into the future! And what better place to start one than beautiful Norway which is FULL of hidden, beautiful valleys, *only accessible through antigravity/levity propulsion transport*. I dreamt of monastic societies, BEAUTIFUL gardens, and survivalist-anarchistic biker gangs. Lol.

*My life`s ambition has always remained the same: Cultivating soil, and soul in perfect symbiosis with nature in the beautiful landscape of rugged Norway: Now perfect for settlement once we reach antigravity/levity propulsion.*

**ARE YOU WITH ME?**

Ask yourself. As *all* history, philosophy, science, and law undergoes the scientific method of the 21<sup>st</sup> century: How come *all* religion is allowed to exist while not undergoing the scientific method, and validating itself???

Think about that for a second, or read it again...

After all the people it`s killed!

God is not a hypothesis anymore if you can PROVE him. Magick is not magical anymore when you know of the ether. The SOURCE-FIELD.

Ask yourself this: If God is real, and science is reality; How come science doesn`t prove God? Because it DOES prove God!!! ☺ That`s why they don`t teach you SOURCE-FIELD physics at school!!! Because FREEMASONS made the educational system to be about "survival of the fittest" as is their Luciferian agenda! It`s a death-cult about murder and betrayal!

When politics, and law is mixed with religion, we have a problem. Especially sharia.

After the secret People`s Army have secretly united scientists, liberals, hippies, anarchists, Templars, journalists, lawyers, whistleblowers, etc; from all levels of society, and institutions under our humanistic common banner, we will prosecute the Satanic Illuminati, AND their religious institutions in our own courts, once we have a free nation, and reed out the poisonous virus that has infected the Church, the Mosques, the Synagogues, all Abrahamism in general, and it`s people.

It should not be too hard to take back power to the people. The Satanic Illuminati cancer has infiltrated our economy, culture, media, government, education, hospitals, intelligence agencies, police, and courts.

It`s all corrupt, so it`s very simple. Just leave it, and start from the beginning. Give up on the Old World. Leave Babylon, and build a Free New World. Build a garden in your backyard. Start today! Start a family of light! Be a survivalist anarchist! Join the People`s Army!

The People`s Army`s Red Revolution!

They ruin our lands from within to make us their future slaves... They have become so big they can no longer hide, and will be easy to expose whence we are united as a People`s Army. Once we are OUTSIDE the system, and gaze on it from within our village with our media-organization, and investigative journalists: How can you NOT notice the Satanic Illuminati? The stinking elephant in the room.

They became rulers of the world through evil. How much more potent is not love? Why shouldn`t YOU be prime-minister??? Most people I meet on the street have much better answers to politics than ANY politician...

We will destroy them. But they started simple just like us! The Illuminati started as anarchistic etheric scientists of love and light! That is a fact! We are all too similar. But they became corrupted by power, wealth, and the urge to destroy to please Satan... How can we not succeed???

All we need to do is conspire and organize in secret just like THEY did! Organize Anonymous, and the People`s Army in secret AGAINST the Satanic Illuminati, infiltrate, and take BACK your economy, media, government, and re-create our laws, and lands from OUTSIDE the system: In a village somewhere.

When you stand on top of the mountain like Zarathustra, and get the bird perspective like from an airplane: How often do you not come to conclusions through new perspectives??? That IS the way to freedom, and believe me, you will cry a lot, as I have...

If you see the world history from the top of a mountain outside the system, it is easy to notice that the Satanic Illuminati declared a war on "we the people"... It`s serious... If I were to define the rulers of the current system, I would define them as "ANTI-HUMAN ACTIVISTS." Nothing else. ALL they sell are lies meant to destroy us! Even our very food, and the air we BREATHE!

*They are pushing every form of oppression possible, trying to destroy as much as possible, in the shortest time possible...* That is the definition of the rich-Satanic (Rothschild), and royal elite ruling the multinational corporationalists (like George Soros) , the technocratic intelligence agencies, and their bought politicians.

There will be no bloodshed, just a massive awakening, and a peaceful transition back to normality, where the government, and monarch will be forced to abdicate, followed by public tv-broadcast of their lawsuit, and a public disclosure on technology. We must gain control over the national media at ANY cost.

David Icke, and David Wilcock has done quite well, not that I support them...

NOW it`s YOUR turn! And IF we gain little political ground, and come only halfways: We will create the public court, and trial these criminals ANYWAYS: Present or not. Crime is crime. Law is law. Life is life. Death is death.

Remember: Our main goal is to teach children. Teachings in these families of Light. Teaching them knowledge, and the crimes of the Satanic Illuminati so it`s victims are remembered, and so the Satanic Illuminati never rise again. Teach them through investigative journalism, and media companies.

The People`s Army`s Red Revolution!

## Here is a plan.

1. The study and secret recruitment fase/families of love and light. Unite in families, and study-groups of love and light (love=morale and light=enlightenment/science). Cooperate to discover all conspiracies, secrets, truths, and technology hidden.

Hoard books and write books on this until your knowledge-basis is of all scientific fields is UTTERLY complete to the point where the pyramid WILL tumble. This is the secret stage. You spread in cells, and recruit members in all sectors of society. Infiltrate, and recruit people in the political left (and right). Recruit all members secretly through letters, and usb-pens. Recruit internationally and gather everyone to focus solely on reforming ONE nation because when one light is lit, everyone will want it.

2. The media fase. Start everything you can from facebook-groups, meme-wars to media-organizations, newspapers, etc, to spread all the knowledge of truth you have gained to the people. *You must secretly promote interest in hidden knowledge, hidden history, hidden science (like etheric physics), and start unofficial private-schools built upon this new physics and reality.* Things that will really get the attention of our primary target: Children, youths, liberals, leftists, hippies, bikers, anarchists, new-agers, Muslims, nationalists, and all who believe in conspiracy reality.

3. The awakening. The movement has gained media attention, and the people are waking up. Push harder. Start pushing your agenda into left-wing politics, mainstream media, organize public humiliating *laughter protests* and concerts: To get the people to fight for their RIGHTS of having truth, and the best available medicine and technology. Crave, and start reformation in the sciences of physics, history, medicine etc. Start science-facilities, villages, private-schools, think tanks, and welfare organizations etc.

4 The Revolution. I have no other goal than victoriously singing, dancing, and parading the streets with an army of love, light and laughter. We will avoid all stigma by being joyous, humorous and life-filled. Not stereotypes the media can blackwash like IDIOTIC bald-head Nazis. I mean... Come on... Did you hear you lost the war??? It means Hitler ain't gonna save you.

5 The Coup d`etat. Establish the People`s Courts, and sue the entire state with such pressure they have to step down, and let whatever party we represent dictate the future...

Then we can celebrate for all eternity, and hand over work to robots. Not really. Working is good. But anyways...

Here is how it might happen. The Red Army of the People enlightens the FURIOUS cancer patients, and their relatives (which includes all humanity – rich and poor, left and right). They put on their yellow vests, and protest with our documentaries, books, and knowledge until every marionette, and police realize they serve a tyranny of terrorists, and surrender to the people. What`s left standing is the Satanic-cabal of

The People`s Army`s Red Revolution!

secret societies, and their governments of career politicians. Shaking in their boots from our laughter. Every citizen protests, and denounces the government, police, and refuse to vote for them, wanting the revolution, and perhaps a new King???

Yes... ONE good-old-traditional way to consider, is the old Alpha-Male Civilizer Sun-King Horus. They won't be able to shut THAT down, because nothing encourages people with pitchforks, (and teasing their pussies,) more than a super-idol King. (Which is basically what a King was back in the days, before the Hannovers took over, anyways.)

This might be a better route than going through the political arena, because *you simply cannot deny the people the right for a King*. And what's even better is that *all the King dictates is law*. So the pyramid will fall brick by brick whatever happens, IF you follow our commands, and raise up Messiahs.

### **Media is power! Power to the People!**

Our first target as I've already said, is the mainstream media, because they are privately owned, and should report TRUTH to the people! From now on, you should be really angry if the media does not only report facts, breakthroughs in science, healing, humanist work, human progress, and have a single goal: Uniting all to create utopia for all. No more celebrity-slander, fear-mongering, apathic programming, wars, and rubbish in the media!

When we control the media, the public outcry for disclosure, and justice will be too large. The only thing that stops the Red Army of the People when we have media is... Nothing... Dethroning the King, the government, the police, and even the lodges will be too easy...

All too easy.

All we need is turn media ALL the way around and give them the abovementioned information. People will realize they've been lied to, and they've had it. No more monopoly over the people! From today on, the PEOPLE control the media!

Plain truth, citizen anger, and constant protests against the media will lower their morale. When the police lower their guns to our masks, the Red Army will march into the media, and demand a nationwide public broadcast on the Satanic Illuminati system, hidden technology, and their HIDEOUS crimes.

You will make videos and make them fast. This alone should lead to global breakdown of the system, and they know it.

Media has become the world's number 1 system of governance. If you control what people see, hear, and thus control their automatic response, and ability reason: You basically have complete OWNERSHIP over their thoughts, and thus their minds, and thus their very SOULS...

The MEDIA is an EVIL fear-installing PROPAGANDA-MACHINE, and Einsteinian masonic rubbish of Nasa`s blue marble is worse than any propaganda in Nazi-Germany, who actually cared for it`s people, as it was a people`s movement, and not an elitist movement as is the case today...

The Freemasonic lodge was OUTLAWED in all Nazi-Germany occupied territory!

At some point: Lawyers, *school-teachers*, scientist, doctors, and private hospitals will start joining us. Teachers, and scientists will present an alternative reality to what you`ve been told at school. Prepare for it. We are legion. We are coming. But we are Jokers, and not Anonymous...

We are TRUE, and not controlled opposition like the Anonymous movement.

Prepare for a reality of sacred geometry, and perfect intelligent design.

Although I much favour Anonymous over anything else out there. That should be a sign that it`s time to wake up.

Be ready to embrace a world where mankind is holy, science proves God, the Earth is FLAT, and holy mother nature has every cure.

If nature has a problem: Nature has a way to fix it. God made it that way. <3

Having exposed the Satanic Illuminati: They will never rise again. Because they will be so HATED for their crimes that *they will never be forgotten from history-books*.

### **Ending words and summary.**

I will end by saying revolution is the only solution. Why? For no other goal than utopia is worth living for.

Create the idea of a society so good - a golden age of religious, humanistic, and technological breakthroughs SO great it will set the template for ALL the world to infinity...

*Gain the knowledge, and create an idea so good that it`s very inception would make its completion inevitable.* Today I created this idea, and it should not be too hard to complete as a group conscience, or a people.

That`s why they install fear, wars, resulting with immigration, thus creating an individualist society of survival of the fittest.

But I believe that when one is awake, it will spread to the others like ripples in the ether. And hey! I`m awake!

I think...

As I already said, there is much more at stake than opinion, race, politics and religion. We need something to unite all the people! This isn`t about race. Our future, and health is at risk.

The People`s Army`s Red Revolution!

Ok. Let's get to the point of this book... I have friends, and family who have died of cancer..., as do you...!!!

My uncle for instance... He was a GREAT Christian, and I never had the opportunity to know him, as he died very young.

IF we don't reach mass-awareness, and disclosure of technology, and conspiracy reality to cure cancer in a free country today, *millions more will die to fill the pockets of the pharmaceutical companies*. That is the point of this book.

And if you don't act today, then how will you act in a future police state where government controls the internet, and have strict monopoly on scientific facts? We must act before they reduce us to slaves. The government is censoring more, and more knowledge, and serve only the elite, not the people.

This is not a revolution about race or religion. This is about taking back the power to the people. It's about knowledge and taking back media.

For media is knowledge, and knowledge is power: Power must serve the people!

I want a humanistic, red revolution about laughter, love and light/enlightenment...

So why is this a socialist revolution, and not a blue, or right-wing revolution of choir-boy suitcases??? Because there has never been a right-wing revolution, and the media installs fear of them.

We also represent a future welfare system of medical treatment that is so cheap, and good, it should be global by 2050!!!

IF, and WHEN we succeed; technology is used FOR the people, and not AGAINST them!!!

We will have such advancements in healthcare, industry, and labour compared to other nations, that our economy will boost exponentially! Free healthcare will be so cheap with our new technology that we will all become socialists in the future.

Instead of today's suffering, the people of the future will be happy, tolerant, and enlightened. Most will be able to focus on enjoying life rather than labouring.

With all illness gone, and advancement in robotics, a smaller percentage will have jobs, and the rest must be cared for through citizen salary – social welfare from the government, and thus we are socialists. (I am not, I am a bloody right-winger, but hey, I bet on all horses.)

There will be a sense of social unity, because WE THE PEOPLE screamed out against oppression and won.

.....

## **Part 2. Additional Articles on another elephant. Religion.**

### **Our stance on Religion.**

Our stance on religion is that we are officially etheric scientists and humanists. We believe in the will, and the power of good inherent in mankind, who I believe IS inherently good, contrary to Illuminati belief who teach we are all evil.

Rubbish.

We believe in compassion, and a warm society. I personally believe in Source, Love, and Light as the scientific religion of humanism, but that is just me personally. Yet do you have a better solution???

It's the only option I had as of now, although I deep-down have a sliiight belief Jesus will come on a wonderous white horse, and subdue all evil people, including other etherical shapeshifters, from this horse. Must be one incredible horse!

No, I'm just kidding, Jesus second coming was a Mazzaroth, and Pyramidal prophecy that was originally meant for Lucifer, architect of the Great Pyramid, and not Jesus at all.

It's a scam used to control EVERY generation. "The fact that the world is evil just means Jesus is coming soon!"

Bullshit. There will always be an antichrist.

Yet most of the world today are religiously confined to absolute doctrines from medieval books.

How can we let the elephant in the room escape the scientific method? RELIGIO. Supremacism. The cause of ALL modern war, and ALL western social upheaval? Abrahamic religion is nothing but a ghost from the past. A TERRIFYING force of evil used to enslave people for millennia.

The revolution campaign for a peaceful NWO for the west craves heroism. It is accomplished by societal groups, not lonely individuals, but societal groups uniting that have the same program outlined in this book...

Will your religious group wilfully reform from to benefit our true cause? Please contact me. Our religious movement/revolution would create perpetual peace. Those called include political parties, think-tanks, philosophers, human-etic foundations, well-fare-organizations, etc, as well as religious establishments, IF they are willing to resort to the reason of the scientific method and REFORM.

The worldwide pallet for peace:

1 Revolutionary love is the only immortal, global culture that can save, and unite the world for perpetual balance, coherent in all humans. Traversing all borders and ethnicities.

The code for this eternal law is Love and Light. Love is akin to the word Law. Love is morale, respect, kindness, heart etc. Light is truth, enlightenment, expression, brain and deliverance. Heart, and mind distinguish us from animals, as chimpanzees scientifically has no human intellect, or concept of self-sacrifice.

Animals are purely egocentric contrary to humans whom COMBINE mind/light, and love/heart to produce: MORALE!!! And what morale is there except love and light?

Both love, and light are Life. Without these two, nothing life would exist. They are the scientific creator, the circle of Life. Light and love is the eternal lesson for humanity to cultivate. Therefore;

2 God is love and light. How come that all sciences of the 21<sup>st</sup> century advance as they undergo the scientific method of thesis-antithesis except religion – which was science to our ancestors up until only 400 years ago? Away with idiotic tolerance! You could not learn to read unless you became a priest!

Therefore, enlightenment must render religion reduced to science, and cannot escape the scientific method under an investigative People`s Army effort, and a university of all religions craved established. They will discover that through the etheric science, the science of comparative religion, and doctorates on religion (which I studied intensively) that;

3 The God of all Abrahamic religions is the same both from a linguistic, historical, and spiritual perspective. (To which I can testify greatly) And God is just a concept of pantheism united in a single conscience. NOTHING more. AND that religion boils down to ancient myth, superstition and astrology popularly called astrotheology. Medieval myths, and anti-human, anti-liberal laws of enslavement cannot be tolerated in the 21<sup>st</sup> century if science has spoken against them!!! As religion has been the cause, and is the cause of especially all CURRENT wars, therefore;

4 Since the Abrahamic God is the same both in name, and since God is merely a concept, now defined through etheric science as the ALL, all ARE all the children of God, thus equals, and we crave an END to idiotic religious war, and the right of claiming his/hers religion is superior to others through criminalizing anything but our scientific religion. Or else there will be war without end...

Institutionalized supremacist fascist religion – especially when mixed with politics - has a bloody trail through history, and must end, and be replaced with Source, Love and Light. We thus crave the University of World Religions to establish a judicial court against all claim of religious superiority, and claim of religious sole truths with non-compromise to other truths, criminalizing all organized supremacist religions

The People`s Army`s Red Revolution!

that are non-conformative with free will, etheric science, human evolution, human liberty, and freedom of expression – criminalizing their institutions –criminalizing all violations against modernization of liberty, law, and UN human rights, especially radical Islam which cannot be reformed, only exposed with all Quran`s burnt, or in the worst case be criminalized, as many verses of the Quran is a criminal offence to all western nations, UN human rights, 21<sup>st</sup> century science, values, liberty, reason and philosophy: *Common 21<sup>st</sup> century human sense*.

All state religion must be criminalized unless they modernize to the People`s Army Declaration of Human Rights, and the scientific religion of Source, Love and Light, especially all Islamic countries whom statistically is to blame for ALL the upheaval, and demographic terror of the 21<sup>st</sup> century, including all wars, and that is just FACTS.

Christianity reformed long ago, and is very compatible with the scientific religion of love and light, and atheistic humanism. It poses no threat to freedom of expression, and liberty whatsoever. The Talmud, and the Quran are however anti-human, medieval, religious-racial propaganda or war-propaganda.

And must be criminalized, as is common sense...

Sorry to take your religion away from you. Read my books on the subject.

### **The Religion of TRUE science!**

Religion has always been the core of society as the unifying factor of any society as representing the moralistic backbone, but also sacred science, which we often forget.

Any true civilization has had sacred science as it`s backbone, now monopolized by the Freemasons. All ancient civilizations expressed their sacred science in the geometry, and symbolism of architecture.

Phi, the Flower of Life, sacred geometry, and sacred astrology was sacred knowledge of the divine Creator that humbled humanity, and madet hese civilizations strong. A post-modern society in which religion doesn`t represent sacred science, and unifies all people is NOT A CIVILIZATION, but stone-age sheep with Iphones indoctrinated by Hollywood.

We now live in a post-civilization, post-humanist, multicultural, cultural-marxist, post-America ego, and satisfaction culture. Pride, beauty, muscles, money, sex, betrayal, and power are the core values of not only the west, but the entire world and have replaced the Christian core values upon which all western civilization was founded, morale, respect, honesty, meekness, piety, lowliness, humbleness, politeness, kindheartedness, love, forgiveness, and the humanistic treaty on equality: That all men are born equal with rights.

The People`s Army`s Red Revolution!

In what way are we equal if there is no God who defines our worth? In what way are we equal if not for the everlasting soul that ascends, or burns in Hell? Without these two eternal factors: God and Soul, mankind is no better than an animal, and the result is a cold society of selfishness where dog eats dog. Humans scavenging their own race trying to earn more money instead of cooperating to build monuments of civilization like the ancients did in unity.

Why? Because we do not have the sacred science of religion upon which the ancient world was founded. I am speaking of sacred geometry, the knowledge of God/Gods, the ether, the spiritual, the eternal soul, and the multiverse. The flat-earth, astrology, and in general: A system where physics, and education was inseparable from sacredness, and religion like was in Egypt up through all history until the Satanic Illuminati invented their FALSE version of the shape of the Earth, false physics, false evolution, to propagate "survival of the fittest", and most importantly: Erase mankind's spiritual nature, and knowledge about the spiritual/ether completely.

Ether. The Greek name for the most important of all the five elements. And we call this a Greek civilization? Lies. Civilization started with Sumer, ancient India, and primarily Egypt and Phoenicia from which sprung ancient Canaan, Israel, Christianity, and also the Greek civilization. Yet all these had common that priesthood, and education was inseparable, for they had the key upon which all civilization was founded.

Sacred science, which they expressed in architecture. Science we have forgotten. We are thus neither humans with souls, nor a civilization but cattle, if we are to be objective, historical, and compare ourselves to the ancients upon which our civilization was founded. That is why we need a Christian reformation unity revival into a global, reformed Church, a technological revolution renaissance to incorporate sacred principles of science of spirit, and sacred illegal physics into our religion, and a revival of national romance. And we need it today.

## **The Reformation Revival Revolution Renaissance of Love and Light**

– The Road to World Peace through ethical unity based on scientific facts, and scientific religion.

We need a reformation revival revolution renaissance in in all sciences, and levels of society today - because a safe foundation for a future warm society can only come through ethical unity based on universal truths proven by science - the language of today!

Peace cannot be obtained by the mixing ethnicities, or mixing cultures into a "global America." Peace can only come through ethical unity. Something all ethnicities, and

religions can agree upon! Which is humanism, the humanistic values, and the humanistic, scientific inter-religious religion love and light.

New-Age science, and TRUE science of the spiritual contradicts modern "science" which is not science at all, but masonic propaganda to inhibit the evolution of truth, and the reality of the ETHER: The spiritual aspect of physics.

Modern science contradicts Wilhelm Reich, and Niclola Tesla, is not science at all, and has become a "scientific *religion*", which you will find evidence for in my videos. Our school curriculum are not "theories", but wrong hypothesis *created by the FREEMASONS which there is evidence for.*

Religion is only belief, and since science is just a stupid masonic religion, both science, and regular religion must reform.

As religion, and science historically walked hand in hand, and was inseparable from Egypt up to the Renaissance, how come religion avoids undergoing the scientific method of thesis-antithesis? If religion is not scientifically true, then it must of course be put to rest!

Take for instance Islam with NO historical, or scientific validity. Islam with it's made up tales about the Old, and New Testament (Bible) which contradicts what all historians argue. One book comes 600 years after Jesus, and tells a completely different tale whereas there are 5000 historical manuscripts about Christ written shortly after his death.

Another purpose of our revolution is that ALL RELIGION must undergo the scientific method of thesis-antithesis, fall as either lies or superstition, or be rendered to science. How come we let medieval, fascist, political, and judicial systems like Islam survive in the 21<sup>st</sup> century? How come all other religion reform aside from Islam?

How come ALL scholarly fields undergo scientific validity-tests ASIDE from the most important one: Religion. Religion which has caused so much war, and is the cause of ALL current wars through Islamic terror, and RAPE of western rights and values, RAPE of western women, and RAPE of our social welfare system. All religion must undergo a scientific, philosophical, and humanistic validation test to either stand, or be discarded.

And the remaining ethics still standing, provable by Science, which is my religion of Source, Love and Light, but also Buddhism, Christianity, Comparative Mythology, Animism, Astrology and Zuism, for instance, will be the spiritual backbone of a new world of new physics: To do away with the MASONIC version of history, science, and create a TRUE curriculum for future generations of children!

*Every person is responsible for his brother, and changing the world, as everyone has the possibility to do so through the internet. Nothing is impossible. Everything is possible.*

inception makes its completion inevitable. For there are ONLY possibilities. Because there is always hope. And hope is all we have. Therefore there is ONLY hope. ☺  
Always.

What we see is that New-Age is fore-running Christianity in spiritual evolution, exposing the Satanic Illuminati dark state, CIA Mk-Ultra, globalism, Jewry, inside jobs, and state-cover-up of true etheric science, spirit-science, and technology that could save the world if exposed. Which when exposed is the key to awaken the masses, because people are so gullible today that they won't rebel against the Satanic Illuminati unless they understand they've been robbed from the cure to cancer.

When studying alternative history, the ether, physics, and medicine you will discover that most resources you find can be categorized as in the "New-Age Movement." New-Age today means you believe there might be a God or Goddess, several Gods, good, and bad aliens, conspiracy-reality, and certainly a spiritual reality. Perhaps that is where we also belong, but we are a People's Army for everyone, as long as they are true to the humanistic rights.

Most Christians are asleep. Believe me..! I tried EVERYTHING. Even knowing that the Satanic Illuminati is behind wars, financial depression, financial tyranny/terrorism, and 9/11 didn't awaken them. But when they realize grandma could have been cured from cancer, they will, of course, REBEL.

Care to laugh??? You've been fooled all your life.

Oh, and the Earth is flat...

There's more to it!

Thank you for reading my book. I pray it reaches the United Nations, which symbol is a flat-earth.

From here on starts your journey into conspiracy-REALITY!

Say what???

Oh? What is a King, or a secret Bilderberg meeting if not conspiracy??? Do you have any better term for it? It was formed by people who openly profess alliance to the New World Order of late George Henry Walker Bush, and Henry Kissinger.

WAKE UP!!!
