COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO:4

SUBJECT: PUBLIC HEARING TO RECEIVE INPUT FROM THE COMMUNITY
REGARDING THE REDRAWING OF ELECTION DISTRICT BOUNDARIES

RECOMMENDATION:

1. Receive input from the community regarding the redrawing of election district boundaries; and
2. Provide feedback to National Demographics Corporation (NDC) regarding the proposed neighborhoods and communities of interest.

BACKGROUND/ANALYSIS:

Every ten years, cities with by-district election systems must use new census data to review and, if needed, redraw district lines to reflect how local populations have changed. This process, called redistricting, ensures all districts have nearly equal population. The redistricting process for the City of Chino Hills must be completed by April 17, 2022. The first public hearing was held on July 13, 2021, this is the second of four required hearings.

The purpose of this public hearing is to inform the public about the districting process and to hear from the community on what factors should be taken into consideration while creating district boundaries. The public is requested to provide input regarding communities of interest and other local factors that should be considered while drafting district maps. A community of interest under the relevant Elections Code for cities (Sections 21601(c) and 21621(c)) is "a population that shares common social or economic interests that should be included within a single district for purposes of its effective and fair representation."

Possible features defining a community of interest might include, without limitation:

1. School attendance areas;
2. Natural dividing lines such as major roads, hills, or highways;
3. Areas around parks and other neighborhood landmarks;
4. Common issues, neighborhood activities, or legislative/election concerns; and
5. Shared demographic characteristics, such as:
 - a. Similar levels of income, education, or linguistic insolation;
 - b. Languages spoken at home; and
 - c. Single-family and multi-family housing unit areas.

Language Requirements for Redistricting

Per Elections Code § 21608, the City must provide language services in applicable languages, as provided by the Secretary of State. Pursuant to Elections Code § 21608(h) applicable language requirements for city redistricting purposes include any language that is spoken by a group of city residents with limited English proficiency who constitute three percent or more of the city's total population over four years of age for whom language can be determined.

On June 11, 2021, the Secretary of State released guidance for cities regarding these language requirements. In addition to English, the City of Chino Hills is required to provide qualifying materials and "live translation" (interpretation) services in Chinese upon a request made at least 72 hours in advance of a hearing or workshop. Although not included in the Secretary of State's guidelines, the City of Chino Hills has extended the language requirement to include the Spanish language.

Publication and Noticing Requirements for Redistricting Public Hearings

Per Elections Code §§ 21608(c) and 21608(g)(3), the City is required to "publish" the hearing date, time, and location 5 days in advance on the internet and a website calendar satisfies the publishing requirement. On December 8, 2021, the public hearing information for this second hearing was published on the City's website calendar, which can be accessed at www.chinohills.org/redistricting2021.

Next Steps

The dates for Public Hearing Nos. 3 and 4 to consider draft maps are yet to be determined.

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(4-5)).

FISCAL IMPACT:

There is no fiscal impact with this item.

REVIEWED BY OTHERS:

This item has been reviewed by the City Attorney and Finance Director.

AB 571 - LOCAL CAMPAIGN CONTRIBUTION LIMITS

City Manager Montgomery and City Attorney Hensley briefed the City Council on the written staff report, which is on file in the City Clerk's Office.

City Attorney Hensley stated that the City Clerk and City Attorney's office do not provide advice to Council Members or candidates regarding their filings; however, staff provides reference materials to all. He stated that previously the City Council agreed with the Fair Political Practices Commission (FPPC) contribution limits versus setting a specific amount which would prevent the need for the City to enforce. He stated that enforcement would require hiring a third-party counsel with costs and expenses associated with that. He added that having the FPPC provide enforcement is ideal because they are an independent body.

Discussion ensued that since Chino Hills elections are district based, contributions received are not as high and all the information is disclosed on campaign statements that are made available to the public.

Following discussion, a motion was made by Council Member Bennett and seconded by Council Member Rogers to set no dollar limits on campaign contributions for Council Member candidates, which is consistent with what existed in Chino Hills prior to AB 571.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO:9

SUBJECT: MONTHLY FINANCIAL REPORT

RECOMMENDATION:

Receive and file the Monthly Financial Report for October 2021.

BACKGROUND/ANALYSIS:

This Financial Report is being presented to the City Council and the public to provide a status update of the City's financials as of October 31, 2021. The Financial Report includes the budgetary information for the City's annual financial plan as well as the actual resources received and the use of these resources in fulfilling the financial plan.

Financial data is reported on a cash basis, meaning that revenue is reported when cash is received and expenditures are reported when cash payments are made. The majority of General Fund revenues come in sporadically throughout the year and most of it is received or accrued in the last six months of the fiscal year. Meanwhile, expenditure transactions continue to be paid each month regardless of when the revenues are received. This highlights the importance of maintaining a reserve that allows for cash flow needs during the lean months when there are no revenues. At the end of the fiscal year, the accrual basis of accounting is applied to all governmental accounts. As a result, many of the revenues received or expenditures paid in July and August are accrued to the month of June, to comply with the Generally Accepted Accounting Principles (GAAP), which matches the transaction to the period in which the revenue was earned or the expenditure occurred. The Enterprise Funds, or business type funds, use the "accrual" method of accounting. These business type funds charge customers a fee to cover the cost of services that are provided. This method applies to the Water Utility Fund and Sewer Utility Fund.

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(4-5)).

FISCAL IMPACT:

There is no fiscal impact with this item.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 10

SUBJECT: INVESTMENT REPORT FOR NOVEMBER 2021

RECOMMENDATION:

Receive and file Investment Report for the month ended November 30, 2021.

BACKGROUND/ANALYSIS:

The City's Investment Policy has set primary goals of the portfolio management of safety, liquidity, and yield. The City currently utilizes Chandler Asset Management, who uses an active investment management approach in which securities are purchased but not necessarily held to maturity, and may be actively traded based on market conditions and the City's investment goals. This report is in compliance with California Government Code Section 53646 regarding the reporting of detailed information on all securities, investments, and monies of the City, as well as reporting of the market value of the investments held. All of the investments contained within the portfolio are in full compliance with Government Code Section 53601 and the City's Investment Policy as to the types of investments allowed. The Fiscal Year 2021-22 Investment Policy was adopted by the City Council on March 9, 2021. As stated in the attached report, there are sufficient funds to meet the budgeted expenditures over the next six months. On November 30, 2021, the City's investment portfolio had a market value of \$249,302,853.

ORDINANCE NO. ____

AN ORDINANCE OF THE CITY OF CHINO HILLS,
AMENDING TITLE 8, SECTION 8.08.020 AND TITLE
16, SECTIONS 16.48.020 AND 16.48.030 OF THE
CHINO HILLS MUNICIPAL CODE AND FINDING
PROPOSED MUNICIPAL CODE AMENDMENT
21MCA02 EXEMPT FROM REVIEW UNDER THE
CALIFORNIA ENVIRONMENTAL QUALITY ACT

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CHINO HILLS
DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. The City Council does hereby make the following findings of fact:

- A. Chapter 16.48 of the Chino Hills Municipal Code, adopted in 1995, establishes performance standards for uses and development projects that are intended to minimize and mitigate potential impacts to existing and proposed land uses within the community and to protect the health and safety of workers, residents, and businesses on surrounding properties. The performance standards in this section address noise, vibration, light, smoke, operation of mechanical and electrical equipment, electrical interference, fire or explosive hazard, liquid and solid wastes, heat and cold, odors, and fissionable or radioactive materials.
- B. As part of the City's ongoing effort to update Chino Hills Municipal Code (CHMC), staff initiated an update to the provisions of Section 16.48.020 - Noise to provide regulations that are more clearly defined for the benefit of staff and the public; to increase the correlation between the noise regulations in the CHMC and the provisions of the General Plan Noise Element, updated in 2015; and to address implementation challenges identified by the City's Code Enforcement Division. The implementation challenges include a lack of detailed direction on the method of performing noise measurements and insufficient criteria for determining when a noise violation is occurring.
- C. On August 7, 2021, the Notice of Public Hearing was published in the Chino Champion, an adjudicated newspaper.
- D. At its meeting on August 17, 2021, the Planning Commission opened the public hearing and continued the hearing to September 21, 2021. Subsequently, the Planning Commission continued the public hearing to October 19, 2021, and then to November 2, 2021, to provide additional time for staff to finalize the draft Municipal Code Amendment.

- E. On November 2, 2021, the Planning Commission held a public hearing to receive oral and documentary evidence from staff and the public regarding the proposed amendment to the CHMC. The Commission adopted a resolution recommending to the City Council the adoption of the proposed Municipal Code Amendment.
- F. Notice of the public hearing was published in the Chino Hills Champion newspaper on November 13, 2021.
- G. A duly noticed public hearing before the City Council was conducted on November 23, 2021 at which time all interested persons were given an opportunity to testify in support of, or in opposition to, the project.

SECTION 2. Municipal Code Amendment 21MCA02, which is a proposed ordinance to amend Title 8, Section 8.08.020 and Title 16, Sections 16.48.020 and 16.48.030 of the CHMC to update the City's noise regulations, is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq. ("CEQA")) for the following reasons: (1) it will not result in a direct or reasonably foreseeable indirect physical change in the environment (14 Cal. Code Regs. § 15060(c)(2)), (2) there is no possibility that the ordinance may have a significant effect on the environment (14 Cal. Code Regs. § 15061(b)(3)), and (3) the ordinance does not constitute a "project" as defined in the CEQA Guidelines (14 Cal. Code Regs. § 15378). Furthermore, the project is exempt from review under CEQA pursuant to CEQA Guidelines §§ 15308 (Actions by Regulatory Agencies for Protection of the Environment which consists of actions taken by regulatory agencies, as authorized by state or local ordinance, to assure the maintenance, restoration, enhancement, or protection of the environment where the regulatory process involves procedures for protection of the environment). The proposed Municipal Code Amendment updates the City's noise regulations and is intended to prevent potential adverse impacts to surrounding uses and properties. Therefore, the proposed Municipal Code Amendment 21MCA02 is exempt from CEQA.

SECTION 3. As required under Government Code Section 65860, the City Council finds that CHMC amendments proposed in Municipal Code Amendment 21MCA02 are consistent with the Chino Hills General Plan as follows:

- A. The proposed ordinance is consistent with the goals, policies, and objectives of the General Plan and will not obstruct their attainment. The proposed amendment to the Chino Hills Municipal Code conforms to General Plan Goals LU-3, N-1, and N-2 which require the maintenance of the character, integrity, and excellence of design of the City's neighborhoods; the management of existing noise sources; and the limitation of new noise conflicts.

SECTION 4. In accordance with CHMC Section 16.62.040, the City Council makes the following findings of fact:

- A. FINDING: That the proposed Municipal Code Amendment is consistent with the goals, policies, and objectives of the General Plan.

FACT: The proposed Municipal Code Amendment is consistent with the goals, policies, and objectives of the General Plan and will not obstruct their attainment. The proposed amendment to the Chino Hills Municipal Code conforms to General Plan Goals LU-3, N-1, and N-2 which require the maintenance of the character, integrity, and excellence of design of the City's neighborhoods; the management of existing noise sources; and the limitation of new noise conflicts.

- B. FINDING: That the proposed Municipal Code Amendment will not adversely affect surrounding properties.

FACT: The proposed Municipal Code Amendment establishes reasonable standards for the regulation of noise throughout the City, which are intended to prevent potential adverse impacts to surrounding uses and properties. Consequently, the proposed Municipal Code Amendment would be effective citywide and provides reasonable regulation of uses to further enhance the health, safety, and welfare of the community and will not adversely affect surrounding properties.

SECTION 5. Title 8, Section 8.08.020 and Title 16, Sections 16.48.020 and 16.48.030 of the Chino Hills Municipal Code shall be amended to update the noise regulations as provided in the document labeled as Exhibit "A", attached to, and incorporated into, this ordinance by this reference.

SECTION 6. Inconsistencies. Upon the effective date of this Ordinance, the provisions hereof shall supersede any inconsistent or conflicting provisions of the San Bernardino County Code as the same were adopted by reference by City Ordinance Nos. 91-01 and 92-02. Any provision of the CHMC or appendices thereto inconsistent with the provisions of this Ordinance, to the extent of such inconsistencies and no further, is hereby repealed or modified to that extent necessary to effect the provisions of this Ordinance.

SECTION 7. Interpretation. This Ordinance must be broadly construed in order to achieve the purposes stated in this Ordinance. It is the City Council's intent that the provisions of this Ordinance be interpreted or implemented by the City and others in a manner that facilitates the purposes set forth in this Ordinance.

SECTION 8. Effect of Repeal. Repeal of any provision of the CHMC does not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before this Ordinance's effective

date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

SECTION 9. Effect of Invalidation. If this entire Ordinance or its application is deemed invalid by a court of competent jurisdiction, any repeal or amendment of the CHMC or other City Ordinance by this Ordinance will be rendered void and cause such previous CHMC provision or other City Ordinance to remain in full force and effect for all purposes.

SECTION 10. Preservation. Repeal or amendment of any previous Code Sections does not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before this Ordinance's effective date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

SECTION 11. Severability. If any part of this Ordinance or its application is deemed invalid by a court of competent jurisdiction, the City Council intends that such invalidity will not affect the effectiveness of the remaining provisions or applications and, to this end, the provisions of this Ordinance are severable.

SECTION 12. Certification. The City Clerk is directed to certify the passage and adoption of this Ordinance; cause it to be entered into the City of Chino Hills' book of original ordinances; make a note of the passage and adoption in the records of this meeting; and, within fifteen (15) days after the passage and adoption of this Ordinance, cause it to be published or posted in accordance with California law.

SECTION 13. Effective Date. This Ordinance will take effect on the 30th day following its final passage and adoption.

PASSED, APPROVED AND ADOPTED this 14th day of December, 2021.

8.08.020 – Regulation of construction and property maintenance noise.

- A. Except when necessary for the immediate preservation of life, health, or property, no person shall construct, repair, remodel, demolish, or grade any real property or structures thereon at any time other than between the hours of 7:00 a.m. and 7:00 p.m. on weekdays, and between 8:00 a.m. and 6:00 p.m. on Saturdays, excluding federal holidays. Notwithstanding the foregoing, an individual residential property owner or tenant in addition to the above permissible hours of construction may also construct, repair, or remodel his or her real property or any structure on such property during the hours of 7:00 p.m. and 10:00 p.m. on weekdays and between 6:00 p.m. and 10:00 p.m. on Saturdays, and between the hours of 8:00 a.m. and 10:00 p.m. on Sundays and federal holidays provided that the noise or sounds associated with such activities cannot be heard by a reasonable person beyond the boundary lines of the property.
- B. No property owner, tenant, or contractor thereof shall operate or allow the operation of mobile, outdoor mechanical or electrical equipment (e.g., lawn mowers, leaf blowers, hedge trimmers, etc.) that generates noise or sounds that can be heard by a reasonable person beyond the boundary lines of the property at any time other than between the hours of 7:00 a.m. and 8:00 p.m. on weekdays, and between 8:00 a.m. and 7:00 p.m. on Saturdays, Sundays, and federal holidays. This provision shall not apply to the operation of a fixed noise source (e.g., air conditioning units, pool equipment, etc.) that conforms to the noise standards pursuant to Section 16.48.020.
- C. Any person violating this section, shall be guilty of an infraction and subject to punishment in accordance with Section 1.36.030 of this code.
- D. Any violation of this section is deemed and declared to be a public nuisance and subject to punishment and abatement as provided in this code and state law.

Amend Chapter 16.48 to amend Sections 16.48.020 and 16.48.030, in their entirety, to read as follows:

16.48.020 - Noise.

A. Definitions.

For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning. For terms not defined below, the American National Standards Institute (ANSI) standards shall be used.

“A-weighted sound level” means the sound level in decibels, reported as calculated or measured by a sound level meter using the A-weighting network, which de-emphasizes the very low and very high frequency components of the sound in order to approximate the auditory sensitivity of the human ear. The unit of measure is the “A-weighted decibel” and is indicated by the notation dBA.

“Ambient noise level” means the all-encompassing noise level associated with a given environment, being a composite of sounds from all sources, excluding an alleged offensive noise. Ambient measurements must be measured in accordance with the methodology outlined in sections C.1 and C.4 below.

“Cumulative period” means an additive period of time composed of individual time segments which may be continuous or interrupted.

“Decibel (dB)” means a unit used to express the level of a sound. An “A-weighted decibel” (dBA) means a unit used to express the A-weighted sound level.

“Equivalent sound or noise level (L_{eq})” means the sound level corresponding to a steady state noise level over a given sample period with the same amount of acoustic energy as the actual time varying noise level or the energy-average of the noise level during the sample period. L_{eq} can be measured or calculated for any period of time.

“Emergency machinery, vehicle, or work” means any machinery, vehicle, or work used, employed, or performed in an effort to protect, provide, or restore safe conditions in the community or for the citizenry, or work by private or public utilities when restoring utility service.

“Fixed noise source” means a stationary device which creates sounds while fixed or motionless, including, but not limited to, residential, agricultural, industrial, and commercial machinery and equipment, pumps, fans, compressors, air conditioners, generators, and refrigeration equipment.

“Hertz (Hz)” means the unit used to identify a specific frequency or octave band in a sound.

“Impact noise” means noise produced by the collision of one mass in motion with a second mass which may be either in motion or at rest.

“Impulsive noise” or “impulsive sound” means a noise of short duration, usually less than one (1) second, and of high intensity, with an abrupt onset and rapid decay. Such noises may also be repetitive.

“Intruding noise level” means the total sound level, in decibels, created, caused, maintained, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

“Maintenance” means the upkeep, repair, or preservation of existing property or structures.

“Mobile noise source” means any noise source other than a fixed noise source.

“Noise” means any unwanted sound or sound that is undesirable because it interferes with speech and hearing, is intense enough to damage hearing, or is otherwise disturbing or disruptive.

“Noise/Sound level” means the A-weighted sound pressure level in decibels obtained by using a sound level meter in accordance with the methodologies outlined in section C.1. The unit of measurement shall be designated as dBA.

“Plainly audible” means any sound that can be detected by a person using his or her unaided hearing faculties.

“Root Mean Square (RMS) velocity” is used to describe the magnitude of a vibration signal felt by the human body. It is the square root of the arithmetic average of the squared amplitude of the signal, typically calculated over a one-second period, described in inches per second (in/sec).

“Tone (Tonal Noise)” means a noise characterized by a predominant frequency or frequencies. If measured, a tone (tonal noise) shall exist if the one-third octave band (as defined in ANSI S1.6) sound pressure levels in the band with the tone exceeds the arithmetic average of the sound pressure levels of the two contiguous one-third octave bands as follows: by five dB for frequencies of 500 hertz (Hz) and above or by 15 dB for frequencies less than or equal to 125 Hz.

“Sound amplifying equipment” means and includes any machine or device for the amplification of the human voice, music, or any other sound or by which the human voice, music, or any other sound is amplified. Sound amplifying equipment shall not include warning devices on authorized emergency vehicles or horns or other warning devices on any vehicle used only for traffic safety purposes.

“Sound level meter” means an instrument meeting American National Standard Institute's (“ANSI”) Standard S1.4 for Type 1 or Type 2 sound level meters or an instrument and the associated measurement and analyzing equipment which will provide equivalent data. Cell phones do not typically meet this standard. Field sound calibrators must meet the requirements for Type 1 (Class 1) or Type 2 (Class 2) as defined in the standards ANSI S1.40 or IEC 60942. Both sound level meters and field sound calibrators must have laboratory calibration performed at a National Voluntary Laboratory Accreditation Program (NVLAP) accredited lab at a minimum of once every two years. Laboratory calibration must be current during the time of measurements.

“Vibration” means any movement of an elastic material created by an impact or oscillating motion of mechanical equipment about a fixed point.

B. Exemptions.

1. Exempt Events. The following activities shall be exempt from the provisions of this chapter:
 - a. Occasional outdoor gatherings, public dances, shows, sporting and entertainment events, provided such events are conducted pursuant to a special event permit or other permit or license issued by the City relative to the staging of such events.
 - b. Public school-sponsored activities on property owned by the school or public school district, such as band, athletic, and entertainment events.
 - c. Typical activities conducted on any park or playground, provided such park or playground is owned and operated by a public entity.
2. Temporary noise created by emergency machinery, vehicles, or work.
3. Warning devices necessary for the protection of public safety (e.g., police, fire, and ambulance sirens).
4. Construction and maintenance-related noise when conducted in accordance with Section 8.08.020.
5. Preempted Activities. Any activity to the extent regulation thereof has been preempted by state or federal law.
6. Animal Noise. Noise created by animals is subject the provisions of Municipal Code Section 6.04.040.

C. Noise Level Measurements.

1. General Measurement Methods.

To evaluate noise complaints within the City, the noise level shall be measured at positions on the receiving property utilizing the A-weighting scale of the sound level meter and the slow meter response. The fast or impulse response should be used for impulsive sounds. The sound level meter shall be field calibrated prior to measurements per equipment manufacturer’s recommendations. The reference sound pressure level shall be 20 micropascals. The sound level meter shall conform to the specifications as described in the definitions.

Depending on whether the noise being measured is intermittent or constant, the measurement should range from a minimum of 30 seconds to 60 minutes.

2. Exterior Noise Level Measurements.

The location selected for measuring exterior noise levels in a residential area must be at any location within a private yard, patio, deck, or balcony normally used for human activity and identified by the owner or the occupant of the affected property as suspected of exceeding the noise level standard. This location may be the closest point to the noise source within one or more of the aforementioned areas.

The location selected for measuring exterior noise levels in a nonresidential area shall be at any point on the receiving property that is normally used for human activity.

For all exterior noise level measurements, the microphone shall be located five feet above the ground or finished floor in the case of upper-level floors, decks, or balconies. Where possible, the measurement location shall also be ten feet or more from the nearest wall.

3. Interior Noise Level Measurements.

Interior noise level measurements shall be made at a point at least four feet from the wall, ceiling, or floor nearest the noise source. If room dimensions cause the distance to the closest wall to be less than four feet, then every practical effort shall be made to conduct the measurement as far from the walls as possible. In cases where building ventilation is achieved through mechanical systems that allow windows to remain closed, the sound limits must be met with closed windows. In other cases, the levels may be measured with windows open.

Whenever possible, the measurements shall be made with and without the offending noise source(s) operating. Doors to other interior spaces shall be in the closed position.

4. Ambient Noise Level Measurements.

Ambient measurements shall be made at the same locations as other measurements and should be taken immediately before or after the offending noise is measured. Ambient noise levels shall include all noise in the area but exclude the offending noise of concern, if possible.

D. Vibration.

Notwithstanding other sections of this chapter, it shall be unlawful for any person to create, maintain, or cause any ground vibration which is perceptible without instruments at any point on any affected property adjoining the property on which the vibration source is located, if known, unless a temporary permit for the activity creating the vibration is issued by the City. For the

purpose of this Section, the perception threshold shall be presumed to be more than 0.05 inch per second RMS vertical velocity.

E. Exterior Sound Level Limits.

Table 16.48-1: Exterior Noise Standards for Receiving Land Uses

Zone	Land Use of Receiving Property	Maximum Permitted Exterior Sound Pressure Level, L_{eq} (dBA)	
		7 a.m. to 10 p.m.	10 p.m. to 7 a.m.
I	Single-Family Residential	60 dBA	45 dBA
II	Multi-Family Residential, Mobile Home Parks	65 dBA	45 dBA
III	Commercial Property and Institutional Property	70 dBA	60 dBA
IV	Residential Portion of Mixed Use	65 dBA	45 dBA
V	Manufacturing and Industrial, Other Uses	75 dBA	70 dBA

Table Notes:

- 1) *The City's Noise Element includes a Noise Compatibility Matrix with Community Noise Equivalent Level (CNEL) and is intended to apply to long-term ambient noise levels that are produced by sources such as traffic and evaluated over 24 hours. Table 1 includes Noise Standards Levels in terms of L_{eq} . These levels are applicable to sounds that have shorter durations than 24-hours.*
- 2) *If the ambient noise level exceeds the maximum permitted sound level indicated in the table, the applicable maximum permitted sound level pressure shall be 3 dB above the ambient noise level.*
- 3) *Measurements for compliance are made on the affected property pursuant to the details in Section C. Noise Level Measurements, 2. Exterior Noise Level Measurements.*

1. It is unlawful for any person at any location within the incorporated area of the City to create any noise, or to allow the creation of any noise, on property owned, leased, occupied, or otherwise controlled by such person, which causes the noise level when measured on any other receiving property, to exceed the following:
 - a. The noise standard in the above table for a cumulative period of more than thirty (30) minutes in any hour; or

- b. The noise standard in the above table plus five (5) dBA for a cumulative period of more than fifteen (15) minutes in any hour; or
- c. The noise standard in the above table plus ten (10) dBA for a cumulative period of more than five (5) minutes in any hour; or
- d. The noise standard in the above table plus fifteen (15) dBA for a cumulative period of more than one (1) minute in any hour; or
- e. The noise standard in the above table plus twenty (20) dBA for any period of time.

Each of the maximum permitted sound levels specified above shall be reduced by five dBA for impulsive noises, tonal noises, and noises consisting of speech or music.

F. Residential Interior Sound Level Limits

- 1. Limits from Adjacent Properties. In order to prevent sleep disturbance, protect public health and prevent the acoustical environment from progressive deterioration, no noise source, including but not limited to fixed noise sources or sound amplifying equipment, may cause the noise level measured inside any sleeping or living room in any dwelling unit located on residential property to exceed 45 dBA between the hours of 10:00 p.m. to 7:00 a.m. or 55 dBA between the hours of 7:00 a.m. to 10:00p.m.
- 2. Multifamily Limit from Adjacent Units. Within multi-unit residential properties, no person shall produce or allow to be produced by any device a noise that results in a perceptible increase in sound level (an increase of at least 3 dBA) above the local ambient sound level in another unit on the same multi-family property between the hours of 10:00 p.m. and 7:00 a.m. The sound level in the receiving unit shall be measured with the windows and doors of the dwelling unit closed. The windows and doors of the dwelling unit in which the noise source or sources may be located shall be open during the sound level measurement, if possible.
- 3. Measurements for compliance are made on the affected property pursuant to the details in Section C. Noise Level Measurements, 3. Interior Noise Level Measurements.

G. Notwithstanding the foregoing, any of the following constitutes prima facie evidence of a violation of this section:

- 1. The operation of any sound production or reproduction device, radio receiving set, musical instrument, drum, phonograph, television set, loudspeaker and sound amplifier or similar machine or device between the

hours of 10:00 p.m. and 7:00 a.m. in such a manner as to be plainly audible within any residential zoning district or within the residential portion of a mixed use zoning district and at a distance of 25 feet from the building, property, or vehicle from which the offending noise is originating.

2. The operation of any sound amplifier, at any time of day or night, which is part of, or connected to, any radio, stereo, receiver, compact disc player, cassette tape player or other similar device, when operated in such a manner as to be plainly audible within any residential zoning district or within the residential portion of a mixed use zoning district and at a distance of 25 feet and when operated in such a manner as to cause a person to be aware of vibration accompanying the sound at a distance of 25 feet from the source.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY ATTORNEY ITEM NO: 12

SUBJECT: RESOLUTION APPROVING SETTLEMENT AGREEMENTS WITH NATIONAL OPIOID LITIGATION DEFENDANTS AND ASSOCIATED STATE-SUBDIVISION AGREEMENTS

RECOMMENDATION:

Adopt a Resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS, APPROVING AND AUTHORIZING THE CITY MANAGER TO EXECUTE SETTLEMENT AGREEMENTS WITH NATIONAL OPIOID LITIGATION DEFENDANTS AND ASSOCIATED STATE-SUBDIVISION AGREEMENTS WITH THE STATE OF CALIFORNIA AND DECLINING A DIRECT PAYMENT OF ITS SHARE OF THE ABATEMENT ACCOUNTS FUND, APPROXIMATELY \$15,820, AND DIRECTING SUCH FUNDS TO THE COUNTY OF SAN BERNARDINO TO ASSIST IN ITS EFFORTS IN ABATING OPIOID ABUSE

BACKGROUND/ANALYSIS:

On July 19, 2018, the County of San Bernardino ("County") filed a federal lawsuit that was transferred and consolidated with national, multidistrict opioid litigation in Ohio federal court (the "Litigation"). The Litigation consists of thousands of cases involving numerous states, counties, and cities as plaintiffs. Generally, these cases arise from plaintiff's allegations that the defendants--consisting of opioid manufacturers, distributors, and pharmacies, engaged in unlawful conduct causing the national opioid crisis.

A committee of various Litigation plaintiffs have reached a tentative national settlement with distributors McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation (collectively, "Distributors") and manufacturers Johnson & Johnson, Janssen Pharmaceuticals, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., and Janssen Pharmaceutica, Inc. (collectively, "Manufacturers" and "Distributors" and "Manufacturers" all collectively, "Settling Defendants") in two separate settlement agreements. Copies of the settlement agreements with the Distributors and Manufacturers are attached as Attachment 3 and Attachment 5, respectively.

The Settling Defendants' associated settlement payments depends on various factors, including the number of states, cities, and counties participating, with a maximum payout of approximately \$21 billion over the course of 18 years by the Distributors and \$5 billion over no more than nine years by the Manufacturers to all participating entities. A fraction of that amount will be received by the State of California (the "State"), its counties, and subdivisions.

Although not a party to the Litigation, the proposal would allow the City to participate in the settlement with the Settling Defendants and receive a portion of the settlement payments. The City's share would be impacted by the number of participating State counties and cities and subsequent potential litigation. If the City participates in the proposed settlement with the Settling Defendants, the City would dismiss all claims against the various Distributors and Manufacturers. The City's participation in the Subdivision Agreements with the State

for the settlements with the Distributors and Manufacturers, Proposed California State - Subdivision Agreement Regarding Distribution and Use of Settlement Funds - Distributor Settlement (Attachment 6) and Proposed California State - Subdivision Agreement Regarding Distribution of Use of Settlement Funds - Janssen Settlement (Attachment 7) are necessary to facilitate a settlement distribution for the City.

1. The Subdivision Settlement Participation Form (Attachment 2) for the City's participation in the settlement for distributors as set forth in the associated Distributor Settlement Agreement (Attachment 3).
2. The Settlement Participation Form (Attachment 4) for the City's participation in the settlement for manufacturers as set forth in the associated Janssen Settlement Agreement (Attachment 5).
3. The Proposed California State - Subdivision Agreement Regarding Distribution and Use of Settlement Funds - Distributor Settlement (Attachment 6).
4. The Proposed California State - Subdivision Agreement Regarding Distribution of Use of Settlement Funds - Janssen Settlement (Attachment 7).

It is currently estimated that the City would receive approximately \$15,820 in funds through the proposed global settlement. The proposed Resolution would direct the City's settlement funds to be distributed to the County to assist in its efforts in abating opioid abuse and avoid City costs in accounting and ongoing reporting that would be required through a direct settlement payment to the City. The County estimates that if all cities participate, and all of the City settlement funds are combined with settlement funds that go directly to the County, the County may be able to fund an approximately \$10 million program to assist County residents in abating opioid abuse.

ENVIRONMENTAL (CEQA) REVIEW:

The actions contemplated in the proposed Resolution have been reviewed pursuant to the California Environmental Quality Act (Public Resources Code §§ 21000, *et seq.*, "CEQA") and the regulations promulgated thereunder (14 Cal. Code of Regulations §§15000, *et seq.*, the "CEQA Guidelines"). Based upon that review, the City Council would find, though the proposed Resolution, that the actions proposed in this Resolution are exempt from further review pursuant to CEQA Guidelines §15061(b)(3) because it can be seen with certainty that there is no possibility that these actions may have a significant effect on the environment.

FISCAL IMPACT:

There is no fiscal impact with this item. These funds would be directed to the County to provide services to abate opioid abuse to residents in need of these services.

A RESOLUTION OF THE CITY OF CHINO HILLS, APPROVING AND AUTHORIZING THE CITY MANAGER TO EXECUTE SETTLEMENT AGREEMENTS WITH NATIONAL OPIOID LITIGATION DEFENDANTS AND ASSOCIATED STATE-SUBDIVISION AGREEMENTS WITH THE STATE OF CALIFORNIA AND DECLINING A DIRECT PAYMENT OF ITS SHARE OF THE ABATEMENT ACCOUNTS FUND, APPROXIMATELY \$15,820, AND DIRECTING SUCH FUNDS TO THE COUNTY OF SAN BERNARDINO TO ASSIST IN ITS EFFORTS IN ABATING OPIOID ABUSE

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CHINO HILLS DOES RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:

SECTION 1. Findings. The City Council makes the following findings in support of its approval and authorization set forth in Section 2, below:

- A. The United States is facing an ongoing public health crisis of opioid abuse, addiction, overdose, and death, forcing the State of California (the "State") and California counties and cities to spend billions of dollars each year to address the direct consequences of this crisis.
- B. Pending in the U.S. District Court for the Northern District of Ohio is multidistrict litigation ("Litigation") being pursued by numerous public entity plaintiffs against the manufacturers and distributors of various opioids based on the allegation that the defendants' unlawful conduct caused the opioid epidemic.
- C. On or about July 1, 2021, a proposed nationwide tentative settlement was reached between the plaintiffs in the Litigation and several of the defendants, specifically McKesson Corporation, Cardinal Health, Inc., AmerisourceBergen Corporation (collectively, "Distributors"), and Johnson & Johnson, Janssen Pharmaceuticals, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., and Janssen Pharmaceutica, Inc. (collectively, "Manufacturers") (all collectively, the "Settling Defendants").
- D. Copies of the proposed terms of those proposed nationwide settlements (the "Settlements") have been set forth in the Distributors Master Settlement Agreement and the Manufacturers Master Settlement Agreement (collectively "Settlement Agreements").
- E. Copies of the Settlement Agreements have been provided to the City Council with this agenda report accompanying this Resolution.
- F. As part of the settlement with the Settling Defendants, local subdivisions, including the city of Chino Hills (the "City"), that are not plaintiffs in the Litigation

may participate in the settlement and obtain certain settlement funds, in exchange for a release of the Settling Defendants.

- G. The Settlement Agreements provide, among other things, for the payment of a certain sum to settling government entities in California including to the State and local governments, as so-called “Participating Subdivisions,” upon occurrence of certain events as defined in the Settlement Agreements (“California Opioid Funds”).
- H. California local governments in the Litigation have engaged in extensive discussions with the State Attorney General’s Office as to how the California Opioid Funds will be allocated, which has resulted in the Proposed California State-Subdivision Agreement Regarding Distribution and Use of Settlement Funds- Distributor Settlement and Proposed California State-Subdivision Agreement Regarding Distribution and Use of Settlement Funds- Janssen Settlement (collectively the “Allocation Agreements,”) which are agreements between all of the entities identified in the Allocation Agreements.
- I. Copies of the Allocation Agreements have been provided to the City Council with this agenda report accompanying this Resolution.
- J. The Allocation Agreements allocate the California Opioid Funds as follows: 15% to the State Fund; 70% to the Abatement Accounts Fund; and 15% to the Subdivision Fund. All funds allocated to the State from the Settlements shall be combined pursuant to Allocation Agreements, and 15% of that total shall be allocated to the State of California (the “State Allocation”), 70% to the California Abatement Accounts Fund (“Abatement Accounts Fund”), and 15% to the California Subdivision Fund (“Subdivision Fund”).
- K. The funds in the Abatement Accounts Fund (the 70% allocation) will be allocated based on the allocation model developed in connection with the proposed negotiating class in the Litigation, as adjusted to reflect only those cities and counties that are eligible, based on population or litigation status, to become a Participating Subdivision (those above 10,000 in population). The percentage from the Abatement Accounts Fund allocated to each Participating Subdivision is set forth in Appendix 1 to the Allocation Agreements and provided to the City Council with agenda report accompanying this Resolution. The City’s share of the Abatement Accounts Fund will be a product of the total in the Abatement Accounts Fund multiplied by the City’s percentage set forth in Appendix 1 (the “Local Allocation”).
- L. A Participating Subdivision that is a city will be allocated its Local Allocation share as of the date on which it becomes a Participating Subdivision. The Local Allocation share for a city that is a Participating Subdivision will be paid to the county in which the city is located, unless the city elects to take a direct election of the settlement funds, so long as: (a) the county is a Participating Subdivision, and (b) the city has not advised the Settlement Fund Administrator that it requests direct payment at least 60 days prior to a Payment Date.

- M. Through this Resolution, the City Council seeks to authorize the City to become a Participating Subdivision by entering into the Settlement Agreements by executing the participation forms associated with the Settlement Agreements and Allocation Agreements (the "Participation Forms").

SECTION 2. The City Council:

- A. Approves and authorizes the City Manager, or designee, in consultation with the City Attorney, or designee, to settle and release the City's claims against the Settling Defendants in exchange for the consideration set forth in the Settlement Agreements and Allocation Agreements, inclusive of their respective exhibits; and
- B. Authorizes the City Manager to execute the Settlement Agreements, Allocation Agreements, and all other necessary documents to effectuate the settlement and release of such claims, including, without limitation the Participation Forms; and
- C. Declines a direct payment of its share of the Abatement Accounts Fund and directs such funds to the county of San Bernardino to assist in its efforts in abating opioid abuse.

SECTION 3. Environmental Review. The actions contemplated in this Resolution have been reviewed pursuant to the California Environmental Quality Act (Public Resources Code §§ 21000, *et seq.*, "CEQA") and the regulations promulgated thereunder (14 Cal. Code of Regulations §§15000, *et seq.*, the "CEQA Guidelines"). Based upon that review, the City Council finds that the actions proposed in this Resolution are exempt from further review pursuant to CEQA Guidelines §15061(b)(3) because it can be seen with certainty that there is no possibility that these actions may have a significant effect on the environment.

SECTION 4. Severability. If any part of this Resolution or its application is deemed invalid by a court of competent jurisdiction, the City Council intends that such invalidity will not affect the effectiveness of the remaining provisions or applications and, to this end, the provisions of this Resolution are severable.

SECTION 5. Electronic Signatures. This Resolution may be executed with electronic signatures in accordance with Government Code §16.5. Such electronic signatures will be treated in all respects as having the same effect as an original signature.

SECTION 6. Signature Authority. The Mayor, or presiding officer, is hereby authorized to affix his signature to this Resolution signifying its adoption by the City Council of the City of Chino Hills, and the City Clerk, or her duly appointed deputy, is directed to attest thereto.

SECTION 7. Effective Date. This Resolution will take effect immediately upon adoption and will remain effective unless repealed or superseded.

SECTION 8. City Clerk Actions. The City Clerk will certify to the passage and adoption of this Resolution, enter it in the City's book of original Resolutions, and make a record of this action in the meeting's minutes.

3. The Governmental Entity agrees to the terms of the Distributor Settlement pertaining to Subdivisions as defined therein.
4. By agreeing to the terms of the Distributor Settlement and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning after the Effective Date.
5. The Governmental Entity agrees to use any monies it receives through the Distributor Settlement solely for the purposes provided therein.
6. 7. The Governmental Entity has the right to enforce the Distributor Settlement as provided therein.
8. The Governmental Entity, as a Participating Subdivision, hereby becomes a Releasor for all purposes in the Distributor Settlement, including, but not limited to, all provisions of Part XI, and along with all departments, agencies, divisions, boards, commissions, districts, instrumentalities of any kind and attorneys, and any person in their official capacity elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, and any other entity identified in the definition of Releasor, provides for a release to the fullest extent of its authority. General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release, and that if known by him or her would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the Distributor Settlement.

11. Nothing herein is intended to modify in any way the terms of the Distributor Settlement, to which Governmental Entity hereby agrees. To the extent this Participation Form is interpreted differently from the Distributor Settlement in any respect, the Distributor Settlement controls.

Upon satisfaction of the conditions set forth in Section II and Section VIII, this Agreement will be binding on all Settling States, Settling Distributors, and Participating Subdivisions. This Agreement will then be filed as part of Consent Judgments in the respective courts of each of the Settling States, pursuant to the terms set forth in Section VIII.

I. Definitions

For all sections of this Agreement except Exhibit E and Exhibit P, the following definitions apply:

- A. “*Abatement Accounts Fund*.” The component of the Settlement Fund described in Section V.E.
- B. “*Additional Restitution Amount*.” The amount available to Settling States listed on Exhibit N totaling \$282,692,307.70.

- D. “*Alleged Harms*.” The alleged past, present, and future financial, societal, and public nuisance harms and related expenditures arising out of the alleged misuse and abuse of Products, non-exclusive examples of which are described in the documents listed on Exhibit A, that have allegedly arisen as a result of the physical and bodily injuries sustained by individuals suffering from opioid-related addiction, abuse, death, and other related diseases and disorders, and that have allegedly been caused by the Settling Distributors.
- E. “*Allocation Statute*.” A state law that governs allocation, distribution, and/or use of some or all of the Settlement Fund amounts allocated to that State and/or its Subdivisions. In addition to modifying the allocation set forth in Section V.D.2, an Allocation Statute may, without limitation, contain a Statutory Trust, further restrict expenditures of funds, form an advisory committee, establish oversight and reporting requirements, or address other default provisions and other matters related to the funds. An Allocation Statute is not required to address all three (3) types of funds comprising the Settlement Fund or all default provisions.
- F. “*Annual Payment*.” The total amount payable to the Settlement Fund Administrator by the Settling Distributors on the Payment Date each year, as calculated by the Settlement Fund Administrator pursuant to Section IV.B.1.e. For the avoidance of doubt, a law or ruling that is conditioned or predicated upon payment by a Released Entity (apart from the Annual Payments by Settling Distributors under this Agreement) shall not constitute a Bar.

J. “*Case-Specific Resolution.*” Either: (1) a law barring the Subdivision at issue from maintaining any Released Claims against any Released Entities (either through a direct bar or through a grant of authority to release claims and the exercise of such authority in full); or (2) a ruling by a court of competent jurisdiction over the Subdivision at issue that the Subdivision may not maintain any Released Claims at issue against any Released Entities, whether on the ground of this Agreement (or the release in it) or otherwise. FFF. *“Reference Date.”* The date on which the Settling Distributors are to inform the Settling States of their determination whether the condition in Section VIII has been satisfied. The Reference Date shall be no later than thirty (30) calendar days after the Initial Participation Date, unless it is extended by written agreement of the Settling Distributors and the Enforcement Committee.

GGG. *“Released Claims.”* Any and all Claims that directly or indirectly are based on, arise out of, or in any way relate to or concern the Covered Conduct occurring prior to the Reference Date. Without limiting the foregoing, Released Claims include any Claims that have been asserted against a Settling Distributor by any Settling State or Litigating Subdivision in any federal, state, or local action or proceeding (whether judicial, arbitral, or administrative) based on, arising out of, or relating to, in whole or in part, the Covered Conduct, or any such Claims

that could be or could have been asserted now or in the future in those actions or in any comparable action or proceeding brought by a State, Subdivision, or Releasor (whether or not such State, Subdivision, or Releasor has brought such action or proceeding). Released Claims also include all Claims asserted in any proceeding to be dismissed pursuant to this Agreement, whether or not such claims relate to Covered Conduct. The Parties intend that this term, "Released Claims," be interpreted broadly. This Agreement does not release Claims by private individuals. It is the intent of the Parties that Claims by private individuals be treated in accordance with applicable law. Released Claims is also used herein to describe claims brought by a Later Litigating Subdivision or other non-party Subdivision that would have been Released Claims if they had been brought by a Releasor against a Released Entity.

HHH. *"Released Entities."* With respect to Released Claims, the Settling Distributors and (1) all past and present subsidiaries, divisions, predecessors, successors, and assigns (in each case, whether direct or indirect) of each Settling Distributor; (2) all past and present subsidiaries and divisions (in each case, whether direct or indirect) of any entity described in subsection (1); (3) the respective past and present officers, directors, members, trustees, and employees of any of the foregoing (each for actions that occurred during and related to their work for, or employment with, any of the Settling Distributors or the foregoing entities); (4) all past and present joint ventures (whether direct or indirect) of each Settling Distributor or its subsidiaries, including in any Settling Distributor or subsidiary's capacity as a participating member in such joint venture; (5) all direct or indirect parents and shareholders of the Settling Distributors (solely in their capacity as parents or shareholders of the applicable Settling Distributor with respect to Covered Conduct); and (6) any insurer of any Settling Distributor or any person or entity otherwise described in subsections (1)-(5) (solely in its role as insurer of such person or entity and subject to the last sentence of Section XI.C). Any person or entity described in subsections (3)-(6) shall be a Released Entity solely in the capacity described in such clause and shall not be a Released Entity with respect to its conduct in any other capacity. For the avoidance of doubt, CVS Health Corp., Walgreens Boots Alliance, Inc., and Walmart Inc. (collectively, the "*Pharmacies*") are not Released Entities, nor are their direct or indirect past or present subsidiaries, divisions, predecessors, successors, assigns, joint ventures, shareholders, officers, directors, members, trustees, or employees (shareholders, officers, directors, members, trustees, and employees for actions related to their work for, employment with, or involvement with the Pharmacies) Released Entities. Notwithstanding the prior sentence, any joint venture or past or present subsidiary of a Settling Distributor is a Released Entity, including any joint venture between a Settling Distributor or any Settling Distributor's subsidiary and a Pharmacy (or any subsidiary of a Pharmacy); *provided, however*, that any joint venture partner of a Settling Distributor or a Settling Distributor's subsidiary is not a Released Entity unless it falls within subsections (1)-(6) above. Lists of Settling Distributors' subsidiaries, joint ventures, and predecessor entities are appended to this Agreement as Exhibit J. With respect to joint ventures (including predecessor entities), only entities listed on Exhibit J are Released Entities. With respect to wholly-owned subsidiaries (including predecessor entities), Exhibit J represents a good faith effort by the Settling Distributors to list all such entities, but any and all wholly-owned subsidiaries (including predecessor entities) of any Settling Distributor are Released Entities, whether or not they are listed on Exhibit J. For the avoidance of doubt, any entity acquired, or joint venture entered into, by a Settling Distributor after the Reference Date is not a Released Entity.

III. “*Releasors.*” With respect to Released Claims, (1) each Settling State; (2) each Participating Subdivision; and (3) without limitation and to the maximum extent of the power of each Settling State’s Attorney General and/or Participating Subdivision to release Claims, (a) the Settling State’s and Participating Subdivision’s departments, agencies, divisions, boards, commissions, Subdivisions, districts, instrumentalities of any kind and attorneys, including its Attorney General, and any person in his or her official capacity whether elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, (b) any public entities, public instrumentalities, public educational institutions, unincorporated districts, fire districts, irrigation districts, and other Special Districts in a Settling State, and (c) any person or entity acting in a *parens patriae*, sovereign, quasi-sovereign, private attorney general, *qui tam*, taxpayer, or other capacity seeking relief on behalf of or generally applicable to the general public with respect to a Settling State or Subdivision in a Settling State, whether or not any of them participate in this Agreement. The inclusion of a specific reference to a type of entity in this definition shall not be construed as meaning that the entity is not a Subdivision. Each Settling State’s Attorney General represents that he or she has or has obtained (or will obtain no later than the Initial Participation Date) the authority set forth in Section XI.G. In addition to being a Releasor as provided herein, a Participating Subdivision shall also provide the Subdivision Settlement Participation Form referenced in Section VII providing for a release to the fullest extent of the Participating Subdivision’s authority.

JJJ. “*Revocation Event.*” With respect to a Bar, Settlement Class Resolution, or Case-Specific Resolution, a revocation, rescission, reversal, overruling, or interpretation that in any way limits the effect of such Bar, Settlement Class Resolution, or Case-Specific Resolution on Released Claims, or any other action or event that otherwise deprives the Bar, Settlement Class Resolution, or Case-Specific Resolution of force or effect in any material respect.

KKK. “*Settlement Class Resolution.*” A class action resolution in a court of competent jurisdiction in a Settling State (that is not successfully removed to federal court) with respect to a class of Subdivisions in that State that (1) conforms with that Settling State’s statutes, case law, and rules of procedure regarding class actions; (2) is approved and entered as an order of a court of competent jurisdiction in that State and such order has become a Final Order; (3) is binding on all Non-Participating Subdivisions in that State (other than opt outs as permitted under the next sentence); (4) provides that all such Non-Participating Subdivisions may not bring any Released Claims against any Released Entities, whether on the ground of this Agreement (or the releases herein) or otherwise; and (5) does not impose any costs or obligations on Settling Distributors other than those provided for in this Agreement, or contain any provision inconsistent with any provision of this Agreement. If applicable state law requires that opt-out rights be afforded to members of the class, a class action resolution otherwise meeting the foregoing requirements shall qualify as a Settlement Class Resolution unless Subdivisions collectively representing more than one percent (1%) of the total population of that State opt out. In seeking certification of any Settlement Class, the applicable State and Participating Subdivisions shall make clear that certification is sought solely for settlement purposes and shall have no applicability beyond approval of the settlement for which certification is sought. Nothing in this Agreement constitutes an admission by any Party that class certification would be appropriate for litigation purposes in any case or for purposes unrelated to this Agreement.

MMM. “*Settlement Fund Administrator.*” The entity that annually determines the Annual Payment (including calculating Incentive Payments pursuant to Section IV and any amounts subject to suspension, offset, or reduction pursuant to Section XII and Section XIII), annually determines the Participation Tier pursuant to Section VIII.C, administers the Settlement Fund, and distributes amounts into the Abatement Accounts Fund, State Fund, and Subdivision Fund pursuant to this Agreement. The duties of the Settlement Fund Administrator shall be governed by this Agreement. Prior to the Initial Participation Date, the Settling Distributors and the Enforcement Committee shall agree to selection and removal processes for and the identity of the Settlement Fund Administrator, and a detailed description of the Settlement Fund Administrator’s duties and responsibilities, including a detailed mechanism for paying the Settlement Fund Administrator’s fees and costs, all of which shall be appended to the Agreement as Exhibit L.

II. Participation by States and Condition to Preliminary Agreement

A. *Notice to States.* On July 22, 2021 this Agreement shall be distributed to all States. The States' Attorneys General shall then have a period of thirty (30) calendar days to decide whether to become Settling States. States that determine to become Settling States shall so notify the National Association of Attorneys General and Settling Distributors and shall further commit to obtaining any necessary additional State releases prior to the Reference Date. This notice period may be extended by written agreement of the Settling Distributors and the Enforcement Committee.

B. *Condition to Preliminary Agreement.* Following the notice period set forth in Section II.A above, the Settling Distributors shall determine on or before the Preliminary Agreement Date whether, in their sole discretion, enough States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section VII below. If the Settling Distributors determine that this condition has been satisfied, and that notice to the Litigating Subdivisions should proceed, they will so notify the Settling States by providing notice to the Enforcement Committee and Settlement Fund Administrator on the Preliminary Agreement Date. If the Settling Distributors determine that this condition has not been satisfied, they will so notify the Settling States by providing notice to the Enforcement Committee and Settlement Fund Administrator, and this Agreement will have no further effect and all releases and other commitments or obligations contained herein will be void.

C. *Later Joinder by States.* After the Preliminary Agreement Date, a State may only become a Settling State with the consent of the Settling Distributors, in their sole discretion. If a State becomes a Settling State more than sixty (60) calendar days after the Preliminary Agreement Date, but on or before January 1, 2022, the Subdivisions in that State that become Participating Subdivisions within ninety (90) calendar days of the State becoming a Settling State shall be considered Initial Participating Subdivisions. A State may not become a Settling State after January 1, 2022.

D. *Litigation Activity.* Following the Preliminary Agreement Date, States that determine to become Settling States shall make best efforts to cease litigation activity against Settling Distributors, including by jointly seeking stays or severance of claim against the Settling Distributors, where feasible, and otherwise to minimize such activity by means of agreed deadline extensions and agreed postponement of depositions, document productions, and motion practice if a motion to stay or sever is not feasible or is denied.

III. Injunctive Relief

A. *Injunctive Relief.* As part of the Consent Judgment, the Parties agree to the entry of the injunctive relief terms attached in Exhibit P.

IV. Settlement Payments

A. *Settlement Fund.* All payments under this Section IV shall be made into the Settlement Fund, except that, where specified, they shall be made into the Settlement Fund Escrow. The Settlement Fund shall be allocated and used only as specified in Section V.

B. *Annual Payments.* The Settling Distributors shall make eighteen (18) Annual Payments, each comprised of base and incentive payments as provided in this Section IV, as well as fifty percent (50%) of the amount of any Settlement Fund Administrator costs and fees that exceed the available interest accrued in the Settlement Fund as provided in Section V.C.5, and as determined by the Settlement Fund Administrator as set forth in this Agreement.

1. All data relevant to the determination of the Annual Payment and allocations to Settling States and their Participating Subdivisions listed on Exhibit G shall be submitted to the Settlement Fund Administrator no later than sixty (60) calendar days prior to the Payment Date for each Annual Payment. The Settlement Fund Administrator shall then determine the Annual Payment, the amount to be paid to each Settling State and its Participating Subdivisions included on Exhibit G, and the amount of any Settlement Fund Administrator costs and fees, all consistent with the provisions in Exhibit L, by:

- a. determining, for each Settling State, the amount of base and incentive payments to which the State is entitled by applying the criteria under Section IV.D, Section IV.E, and Section IV.F;
- b. applying any suspensions, offsets, or reductions as specified under Section IV, Section XII, and Section XIII;
- c. applying any adjustment required as a result of prepayment or significant financial constraint, as specified under Section IV.J and Section IV.K;
- d. determining the amount of any Settlement Fund Administrator costs and fees that exceed the available interest accrued in the Settlement Fund, as well as the amounts, if any, of such costs and fees owed by Settling Distributors and out of the Settlement Fund pursuant to Section V.C.5;
- e. determining the total amount owed by Settling Distributors (including any amounts to be held in the Settlement Fund Escrow pending resolution of a case by a Later Litigating Subdivision as described in Section XII) to all Settling States and the Participating Subdivisions listed on Exhibit G; and
- f. the Settlement Fund Administrator shall then allocate, after subtracting the portion of any Settlement Fund Administrator costs and fees owed out of funds from the Settlement Fund pursuant to Section V.C.5, the Annual Payment pursuant to Section V.C and Section V.D among the Settling States, among the separate types of funds for each Settling State (if applicable), and among the Participating Subdivisions listed on Exhibit G.

2. The Settlement Fund Administrator shall also apply the allocation percentages set forth in Section IV.I and determine for each Settling Distributor the amount of its allocable share of the Annual Payment. For the avoidance of doubt, each Settling Distributor's liability for its share of the Annual Payment is several, and not joint.

3. As soon as possible, but no later than fifty (50) calendar days prior to the Payment Date for each Annual Payment and following the determination described in Section IV.B.1 and Section IV.B.2, the Settlement Fund Administrator shall give notice to the Settling Distributors, the Settling States, and the Enforcement Committee of the amount of the Annual Payment (including the amount of the Settlement Fund to be allocated to the Settlement Fund Administrator in costs and fees pursuant to Section V.C.5), the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Settling State's Participating Subdivisions listed on Exhibit G. The Settlement Fund Administrator shall also give notice to each Settling Distributor of the amount of its allocable share of the Annual Payment, including its allocable share of the amount of any Settlement Fund Administrator costs and fees that exceed the available interest accrued in the Settlement Fund pursuant to Section V.C.5.

4. Within twenty-one (21) calendar days of the notice provided by the Settlement Fund Administrator, any party may dispute, in writing, the calculation of the Annual Payment (including the amount allocated for Settlement Fund Administrator costs and fees), or the amount to be received by a Settling State and/or its Participating Subdivisions listed on Exhibit G. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and the Settling Distributors identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.

5. Within twenty-one (21) calendar days of the sending of a written notice of dispute, any affected party may submit a response, in writing, to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and the Settling Distributors identifying the basis for disagreement with the notice of dispute.

6. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute, and each Settling Distributor shall pay its allocable share of the adjusted amount, collectively totaling that year's Annual Payment, on the Payment Date. If a written response to the written notice of dispute is timely sent to the Settlement Fund Administrator, the Settlement Fund Administrator shall notify the Settling Distributors of the preliminary amount to be paid, which shall be the greater of the amount originally calculated by the Settling Administrator or the amount that would be consistent with the notice of dispute, *provided, however*, that in no circumstances shall the preliminary amount to be paid be higher than the maximum amount of Base and Incentive Payments A and D for that Payment Year as set forth on Exhibit M. For the avoidance of doubt, a transfer of suspended payments from the Settlement Fund Escrow pursuant to Section XII.A.2 does not count toward determining whether the amount to be paid is higher than the maximum amount of Base and Incentive Payments A and D for that Payment Year as set forth on Exhibit M.

7. The Settlement Fund Administrator shall place any disputed amount of the preliminary amount paid by the Settling Distributors into the Settlement Fund Escrow and shall disburse any undisputed amount to each Settling State and its Participating

Subdivisions listed on Exhibit G within fifteen (15) calendar days of the Payment Date or at such later time as directed by each Settling State.

8. Disputes described in this subsection shall be resolved in accordance with the terms of Section VI.F.

9. For the avoidance of doubt, no Subdivision not listed on Exhibit G shall receive an allocation from the Subdivision Fund and no provision of this Agreement shall be interpreted to create such an entitlement.

C. *Procedure for Annual Payment in Payment Years 1 and 2.* The process described in Section IV.B shall not apply to Payment Years 1 and 2. The procedure in lieu of Section IV.B.1 for Payment Years 1 and 2 is as set forth below:

1. The Payment Date for Payment Year 1 is September 30, 2021. *Provided* that the condition set forth in Section II.B has been satisfied, on or before such date, the Settling Distributors shall pay into the Settlement Fund Escrow the total amount of the base payment, Incentive Payment A for the Settling States (the amount specified in Exhibit M for Payment Year 1 reduced by the allocable share of any Non-Settling States), and the Settling Distributors' allocable share of the amount of any Settlement Fund Administrator costs and fees that exceed the available interest accrued in the Settlement Fund pursuant to Section V.C.5. In the event that, in accordance with the terms of Section VIII.A, the Settling Distributors determine not to proceed with the Settlement, or the Settlement does not become effective for any other reason, the funds held in the Settlement Fund Escrow shall immediately revert to the Settling Distributors. If the condition set forth in Section VIII.A is met, the Settlement Fund Administrator shall allocate the Annual Payment, after subtracting the portion of Settlement Fund Administrator costs and fees owed out of funds from the Settlement Fund pursuant to Section V.C.5, pursuant to Section V.C and Section V.D among the Settling States and their Participating Subdivisions listed on Exhibit G. The portion of any Settlement Fund Administrator costs and fees owed out of funds from the Settlement Fund pursuant to Section V.C.5 shall be available to the Settlement Fund Administrator for the payment of such costs and fees immediately. The remainder of the Annual Payment for Payment Year 1 shall be transferred by the Settlement Fund Administrator on the Effective Date from the Settlement Fund Escrow to the Settlement Fund and then to each Settling State and to its Initial Participating Subdivisions included on Exhibit G; *provided, however*, that for any Settling State where the Consent Judgment has not been entered as of the Effective Date, the funds allocable to that Settling State and its Participating Subdivisions included on Exhibit G shall not be transferred from the Settlement Fund Escrow or disbursed until ten (10) calendar days after the entry of the Consent Judgment in that State; and, *provided, further*, the Settlement Fund Administrator shall leave in the Settlement Fund Escrow funds allocated to Subdivisions included on Exhibit G that are not Initial Participating Subdivisions. Should such a Subdivision become a Participating Subdivision between the Initial Participation Date and the Effective Date, the allocation for such Participating Subdivision shall be transferred to the Settlement Fund and paid to the Participating Subdivision at the same time as Initial Participating Subdivisions in that State are paid.

2. The Payment Date for Payment Year 2 is July 15, 2022. On or before such date, the Settling Distributors shall pay into the Settlement Fund the total amount of the base payment, Incentive Payment A for the Settling States (the amount specified in Exhibit M for Payment Year 2 reduced by the allocable share of any Non-Settling States), and the Settling Distributors' allocable share of the amount of any Settlement Fund Administrator costs and fees that exceed the available interest accrued in the Settlement Fund pursuant to Section V.C.5. The portion of any Settlement Fund Administrator costs and fees owed out of funds from the Settlement Fund pursuant to Section V.C.5 shall be available to the Settlement Fund Administrator for the payment of such costs and fees immediately. The Settlement Fund Administrator shall disburse the remaining amounts to each Settling State and to its Participating Subdivisions included on Exhibit G within fifteen (15) calendar days of the Payment Date or at such later time as directed by each Settling State. If a Settling State enacts a legislative Bar after the Initial Participation Date, but before July 15, 2022, a Subdivision that meets the requirements for becoming a Participating Subdivision under Section VII prior to July 15, 2022 (but was not an Initial Participating Subdivision) shall be eligible to receive its allocated share (if any) for Payment Year 2, and it shall also receive any amounts allocated to it for Payment Year 1 from the Settlement Fund Escrow.

3. Any amounts remaining in the Settlement Fund Escrow for allocations to Subdivisions listed on Exhibit G that have not become Participating Subdivisions after all payments for Payment Year 2 are disbursed shall be transferred to the Settlement Fund and disbursed to the appropriate sub-funds in each Settling State pursuant to Section V.D.5.

4. Any disputes as to the allocation of the Annual Payments in Payment Years 1 and 2 shall be resolved pursuant to the process set forth in Section IV.B.3 through Section IV.B.8, except that in Payment Year 1, the Settlement Fund Administrator shall have until ten (10) calendar days after the Initial Participation Date to give notice of the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Initial Participating Subdivision in the Settling States that is listed on Exhibit G.

D. *Payment Date for Subsequent Payment Years.* The Payment Date for Payment Year 3 and successive Payment Years is July 15 of the third and successive years and the Annual Payment shall be made pursuant to the process set forth in Section IV.B, except that, with respect to Payment Year 3, Settling States shall have up to the Payment Date to become eligible for Incentive Payment A and thus avoid the reductions set forth in Section XIII. If a Settling State enacts a Bar less than sixty (60) calendar days before the Payment Date for Payment Year 3, each Settling Distributor shall pay, within thirty (30) calendar days of the Payment Year 3 Payment Date, its allocable share, pursuant to Section IV.I, of the difference between the Annual Payment as calculated by the Settlement Fund Administrator and the amount that would have been owed had the Settlement Fund Administrator taken the Bar into account.

E. *Base Payments.* Subject to the suspension, reduction, and offset provisions set forth in Section XII and Section XIII, the Settling Distributors shall collectively make base

payments equal to fifty-five percent (55%) of the Net Abatement Amount multiplied by the aggregate Overall Allocation Percentage of the Settling States. These payments will be due in installments consistent with Exhibit M over the eighteen (18) Payment Years and as adjusted by the Settlement Fund Administrator pursuant to the provisions in Section IV, Section XII, and Section XIII.

F. *Incentive Payments.* Subject to the suspension, offset, and reduction provisions set forth in Section XII and Section XIII, the Settling Distributors shall collectively make potential additional incentive payments totaling up to a maximum of forty-five percent (45%) of the Net Abatement Amount multiplied by the aggregate Overall Allocation Percentage of the Settling States, with the actual amount depending on whether and the extent to which the criteria set forth below are met in each Settling State. The incentive payments shall be divided among four (4) categories, referred to as Incentive Payments A-D. Incentive Payments A-C will be due in installments over the eighteen (18) Payment Years, and Incentive Payment D will be due in installments over thirteen (13) years beginning with Payment Year 6. The total amount of incentive payments in an Annual Payment shall be the sum of the incentive payments for which individual Settling States are eligible for that Payment Year under the criteria set forth below. The incentive payments shall be made with respect to a specific Settling State based on its eligibility for that year under the criteria set forth below.

1. Incentive Payment A. Incentive Payment A shall be equal to forty percent (40%) of the Net Abatement Amount multiplied by the aggregate Overall Allocation Percentage of the Settling States, provided all Settling States satisfy the requirements of Incentive Payment A. Incentive Payment A will be due to a Settling State as part of the Annual Payment in each of the eighteen (18) Payment Years that a Settling State is eligible for Incentive Payment A and shall equal a total potential maximum of \$7,421,605,477 if all States are eligible for all eighteen (18) Payment Years. Each Settling State's share of Incentive Payment A in a given year, *provided* that Settling State is eligible, shall equal the total maximum amount available for Incentive Payment A for that year as reflected in Exhibit M times the Settling State's Overall Allocation Percentage. Eligibility for Incentive Payment A is as follows:

a. For the Payment Years 1 and 2, all Settling States are deemed eligible for Incentive Payment A.

b. For each Payment Year other than Payment Years 1 and 2, a Settling State is eligible for Incentive Payment A if, as of sixty (60) calendar days prior to the Payment Date (except that in Payment Year 3, this date is as of the Payment Date), (i) there is a Bar in that State in full force and effect, (ii) there is a Settlement Class Resolution in that State in full force and effect, (iii) the Released Claims of all of the following entities are released through the execution of Subdivision Settlement Participation Forms, or there is a Case-Specific Resolution against such entities: all Primary Subdivisions, Litigating Subdivisions, School Districts with a K-12 student enrollment of at least 25,000 or .10% of a State's population, whichever is greater, and Health Districts and Hospital Districts that have at least one hundred twenty-five (125) hospital beds in one or more hospitals rendering services in that district; or (iv) a combination of

the actions in clauses (i)-(iii) has achieved the same level of resolution of Claims by Subdivisions (e.g., a Bar against future litigation combined with full joinder by Litigating Subdivisions). For the avoidance of doubt, subsection (iv) cannot be satisfied unless all Litigating Subdivisions are Participating Subdivisions or there is a Case-Specific Resolution against any such Subdivisions that are not Participating Subdivisions. The Settling Distributors and the Enforcement Committee shall meet and confer in order to agree on data sources for purposes of this Section prior to the Preliminary Agreement Date.

c. Notwithstanding Section IV.F.1.b, for each Payment Year other than Payment Years 1 and 2, a Settling State that is not eligible for Incentive Payment A as of the Incentive Payment Final Eligibility Date shall not be eligible for Incentive Payment A for that Payment Year or any subsequent Payment Years.

d. If the Settling Distributors made a payment under Incentive Payment A solely on the basis of a Bar or Settlement Class Resolution in a Settling State and that Bar or Settlement Class Resolution is subsequently removed, revoked, rescinded, reversed, overruled, interpreted in a manner to limit the scope of the release, or otherwise deprived of force or effect in any material respect, that Settling State shall not be eligible for Incentive Payment A thereafter, unless the State requalifies for Incentive Payment A through any method pursuant to Section IV.F.1.b, in which case the Settling State shall be eligible for Incentive Payment A less any litigation fees and costs incurred by Settling Distributor in the interim, except that, if the re-imposition occurs after the completion of opening statements in a trial involving a Released Claim, the Settling State shall not be eligible for Incentive Payment A (unless this exception is waived by the Settling Distributors).

e. In determining the amount of Incentive Payment A that Settling Distributors will pay in a Payment Year and each Settling State's share, if any, of Incentive Payment A for that Payment Year, the Settlement Fund Administrator shall: (i) identify all Settling States that are eligible for Incentive Payment A; (ii) multiply the Overall Allocation Percentage for each such eligible Settling State by the maximum amount that Settling Distributors could owe with respect to Incentive Payment A for that Payment Year as listed on Exhibit M. The amount calculated in (ii) shall be the amount allocated to a Settling State eligible for Incentive Payment A for that Payment Year and the aggregate of each such amount for Settling States eligible for Incentive Payment A shall be the amount of Incentive Payment A Settling Distributors are obligated to pay in that Payment Year, all such amounts subject to the suspension, offset, and reduction provisions in Section XII and Section XIII.

2. Incentive Payment B. Incentive Payment B shall be available to Settling States that are not eligible for Incentive Payment A for the applicable Payment Year. Incentive Payment B shall be equal to up to twenty-five percent (25%) of the Net Abatement Amount multiplied by the aggregate Overall Allocation Percentage of the

Settling States. Incentive Payment B will be due to a Settling State as part of the Annual Payment in each of the eighteen (18) Payment Years that a Settling State is eligible for Incentive Payment B and equal a total potential maximum of \$4,638,503,423 if all States are eligible for all eighteen (18) Payment Years. Each Settling State's maximum share of Incentive Payment B in a given year shall equal the total maximum amount available for Incentive Payment B for that year as reflected in Exhibit M times the Settling State's Overall Allocation Percentage. Eligibility for Incentive Payment B is as follows:

- a. A Settling State is not eligible for Incentive Payment B for a Payment Year for which it is eligible for Incentive Payment A.
- b. Subject to Section IV.F.2.a, the amount of Incentive Payment B for which a Settling State is eligible in a Payment Year shall be a percentage of that State's maximum share of Incentive Payment B based on the extent to which (A) Litigating Subdivisions in the State are Participating Subdivisions or (B) there is a Case-Specific Resolution against Litigating Subdivisions in the State, collectively, "*Incentive B Eligible Subdivisions*." The percentage of the State's maximum share of Incentive Payment B that the State is eligible for in a Payment Year shall be determined according to the table below:

Percentage of Litigating Subdivision Population that is Incentive B Eligible Subdivision Population⁵	Incentive Payment B Eligibility Percentage
Up to 85%	0%
85%+	30%
86+	40%
91+	50%
95+	60%
99%+	95%
100%	100%

⁵ The "Percentage of Litigating Subdivision Population that is Incentive B Eligible Subdivision Population" shall be determined by the aggregate population of the Settling State's Litigating Subdivisions that are Incentive B Eligible Subdivisions divided by the aggregate population of the Settling State's Litigating Subdivisions. In calculating the Settling State's population that resides in Litigating Subdivisions, (a) the population of the Settling State's Litigating Subdivisions shall be the sum of the population of all Litigating Subdivisions in the Settling State, notwithstanding that persons may be included within the population of more than one Litigating Subdivision, and (b) the population that resides in Incentive B Eligible Subdivisions shall be the sum of the population of the Incentive B Eligible Subdivisions, notwithstanding that persons may be included within the population of more than one Incentive B Eligible Subdivision. An individual Litigating Subdivision shall not be included more than once in the numerator, and shall not be included more than once in the denominator, of the calculation regardless if it (or any of its officials) is named as multiple plaintiffs in the same lawsuit; *provided, however*, that for the avoidance of doubt, no Litigating Subdivision will be excluded from the numerator or denominator under this sentence unless a Litigating Subdivision otherwise counted in the denominator has the authority to release the Claims (consistent with Section XI) of the Litigating Subdivision to be excluded. For the avoidance of doubt, a Settling State in which the population that resides in Incentive B Eligible Subdivisions is less than eighty-five percent (85%) of the population of Litigating Subdivisions shall not be eligible for any portion of Incentive Payment B.

c. In determining the amount that Settling Distributors will pay in a Payment Year under Incentive Payment B and each Settling State's share of Incentive Payment B for that Payment Year, the Settlement Fund Administrator shall: (i) identify all States that are eligible for Incentive Payment B because they are ineligible for Incentive Payment A; (ii) determine the Incentive Payment B eligibility percentage for each such Settling State; (iii) multiply the Incentive Payment B eligibility percentage for each such State by the Overall Allocation Percentage of that State; (iv) multiply the product from (iii) by the maximum amount that Settling Distributors could owe under Incentive Payment B for that Payment Year from Exhibit M. The amount calculated in (iv) shall be the amount allocated to a Settling State eligible for Incentive Payment B for that Payment Year, and the aggregate of such amounts for Settling States eligible for Incentive Payment B shall be the amount paid for that Payment Year by Settling Distributors with respect to Incentive Payment B, all such amounts subject to the suspension, offset, and reduction provisions in Section XII and Section XIII. If there are no Litigating Subdivisions in a Settling State, and that Settling State is otherwise eligible for Incentive Payment B, that Settling State will receive its full allocable share of Incentive Payment B.

d. A Settling State's eligibility for Incentive Payment B for a Payment Year shall be determined as of sixty (60) calendar days prior to the Payment Date for that Payment Year; *provided* that the percentage of Incentive Payment B for which a Settling State is eligible as of the Incentive Payment Final Eligibility Date shall cap its eligibility for that Payment Year and all subsequent Payment Years.

3. Incentive Payment C. Incentive Payment C shall be available to Settling States that are not eligible for Incentive Payment A for a Payment Year, including to Settling States that are also eligible for Incentive Payment B. Incentive Payment C shall be equal to up to fifteen percent (15%) of the Net Abatement Amount multiplied by the aggregate Overall Allocation Percentage of the Settling States. Incentive Payment C will be due to a Settling State as part of the Annual Payment in each of the eighteen (18) Payment Years that a Settling State is eligible for Incentive Payment C and equal a total potential maximum of \$2,783,102,054 if all States are eligible for all eighteen (18) Payment Years. Each Settling State's maximum share of Incentive Payment C in a given year shall equal the total maximum amount available for Incentive Payment C for that year as reflected in Exhibit M multiplied by the Settling State's Overall Allocation Percentage. Eligibility for Incentive Payment C is as follows:

a. A Settling State is not eligible for Incentive Payment C for a Payment Year in which it is eligible for Incentive Payment A.

b. Subject to Section IV.F.3.a, the amount of Incentive Payment C for which a Settling State is eligible in a Payment Year shall be a percentage of the State's maximum share of Incentive Payment C based on the extent to which (A) Non-Litigating Subdivisions that are Primary Subdivisions with a population

over 30,000 and Litigating Subdivisions in the State are Participating Subdivisions or (B) there is a Case-Specific Resolution against Non-Litigating Subdivisions that are Primary Subdivisions with a population over 30,000 and Litigating Subdivisions in the State, collectively, “*Incentive C Eligible Subdivisions*.” The percentage of the State’s maximum share of Incentive Payment C that the State is eligible for in a Payment Year shall be determined according to the table below:

Percentage of Relevant Subdivision Population that is Incentive C Eligible Population⁶	Incentive Payment C Eligibility Percentage
Up to 60%	0%
60%+	25%
70%+	35%
75%+	40%
80%+	45%
85%+	55%
90%+	60%
93%+	65%
94%+	75%
95+	90%
98+	95%
100%	100%

c. In determining the amount that Settling Distributors will pay in a Payment Year under Incentive Payment C and each Settling State’s share of Incentive Payment C for that Payment Year, the Settlement Fund Administrator shall: (i) identify all States that are eligible for Incentive Payment C because they are ineligible for Incentive Payment A; (ii) determine the Incentive Payment C eligibility percentage for each such Settling State; (iii) multiply the Incentive Payment C eligibility percentage for each such State by the Overall Allocation Percentage of that State; (iv) multiply the product from (iii) by the maximum

⁶ The “Percentage of Relevant Subdivision Population that is Incentive C Eligible Population” shall be determined by the aggregate population of the Settling State’s Incentive C Eligible Subdivisions divided by the aggregate population of the Settling State’s Non-Litigating Primary Subdivisions with a population over 30,000 and Litigating Subdivisions (“*Incentive Payment C Subdivisions*”). None of the population figures shall include Prior Litigating Subdivisions. In calculating the Settling State’s population that resides in Incentive Payment C Subdivisions, (a) the population shall be the sum of the population of all Incentive Payment C Subdivisions in the Settling State, notwithstanding that persons may be included within the population of more than one Incentive Payment C Subdivision, and (b) the population that resides in Incentive C Eligible Subdivisions shall be the sum of the population of the Incentive C Eligible Subdivisions, notwithstanding that persons may be included within the population of more than one Incentive C Eligible Subdivision. An individual Incentive Payment C Subdivision shall not be included more than once in the numerator, and shall not be included more than once in the denominator, of the calculation regardless if it (or any of its officials) is named as multiple plaintiffs in the same lawsuit. For the avoidance of doubt, a Settling State in which the population that resides in Incentive C Eligible Subdivisions is less than sixty percent (60%) of the population of Incentive Payment C Subdivisions shall not be eligible for any portion of Incentive Payment C.

amount that Settling Distributors could owe under Incentive Payment C for that Payment Year from Exhibit M. The amount calculated in (iv) shall be the amount allocated to a Settling State eligible for Incentive Payment C for that Payment Year and the aggregate of such amounts for Settling States eligible for Incentive Payment C shall be the amount paid for that Payment Year by Settling Distributors with respect to Incentive Payment C, all such amounts subject to the suspension, offset, and reduction provisions in Section XII and Section XIII. If there are no Litigating Subdivisions or Non-Litigating Subdivisions that are Primary Subdivisions with a population of more than 30,000 in a Settling State, and that Settling State is otherwise eligible for Incentive Payment C, that Settling State will receive its full allocable share of Incentive Payment C.

d. A Settling State's eligibility for Incentive Payment C for a Payment Year shall be determined as of sixty (60) calendar days prior to the Payment Date for that Payment Year; *provided* that the percentage of Incentive Payment C for which a Settling State is eligible as of the Incentive Payment Final Eligibility Date shall cap its eligibility for that Payment Year and all subsequent Payment Years.

4. Incentive Payment D. Incentive Payment D shall be applied at Payment Year 6. Incentive Payment D shall be equal to five percent (5%) of the Net Abatement Amount multiplied by the aggregate Overall Allocation Percentage of the Settling States. Incentive Payment D will be due to a Settling State as part of the Annual Payment for each of thirteen (13) Payment Years (from Payment Year 6 to Payment Year 18) that any Settling State is eligible for Incentive Payment D and equal a total potential maximum of \$927,700,685 if all States are eligible for all thirteen (13) Payment Years. Each Settling State's share of Incentive Payment D in a given year shall equal the total maximum amount available for Incentive Payment D for that year as reflected in Exhibit M times the Settling State's Overall Allocation Percentage. Eligibility for Incentive Payment D is as follows:

a. A Settling State is eligible for Incentive Payment D if there has been no Later Litigating Subdivision in that State that has had a Claim against a Released Entity survive more than six (6) months after denial in whole or in part of a Threshold Motion.

b. A Settling State's eligibility for Incentive Payment D shall be determined as of sixty (60) calendar days prior to the Payment Date. If a Later Litigating Subdivision's lawsuit in that State survives more than six (6) months after denial in whole or in part of a Threshold Motion after that date, that State shall not be eligible for Incentive Payment D for the Payment Year in which that occurs and any subsequent Payment Year.

c. Notwithstanding Section IV.F.4, a Settling State can become re-eligible for Incentive Payment D if the lawsuit that survived a Threshold Motion is dismissed pursuant to a later motion on grounds included in the Threshold Motion, in which case the Settling State shall be eligible for Incentive Payment D

less any litigation fees and costs incurred by Settling Distributor in the interim, except that if the dismissal motion occurs after the completion of opening statements in such action, the Settling State shall not be eligible for Incentive Payment D.

d. For the avoidance of doubt, a Settling State may be eligible for Incentive Payment D whether or not it is eligible for Incentive Payments A-C.

e. In determining the amount of Incentive Payment D that Settling Distributors will pay in a Payment Year and each Settling State's share, if any, of Incentive Payment D for that Payment Year, the Settlement Fund Administrator shall: (i) identify all Settling States that are eligible for Incentive Payment D; (ii) multiply the Overall Allocation Percentage for each such eligible Settling State by the maximum amount that Settling Distributors could owe with respect to Incentive Payment D for that Payment Year listed on Exhibit M; and (iii) subtract any litigation fees and costs allowed to be deducted pursuant to Section IV.F.4.c. The amount calculated in (iii) shall be the amount allocated to a Settling State eligible for Incentive Payment D for that Payment Year and the aggregate of each such amount for Settling States eligible for Incentive Payment D shall be the amount of Incentive Payment D Settling Distributors are obligated to pay in that Payment Year, all such amounts subject to the suspension, reduction, and offset provisions in Section XII and Section XIII.

G. *Reductions/Offsets.* The base and incentive payments are subject to suspension, offset, and reduction as provided in Section XII and Section XIII.

H. *State-Specific Agreements.* Notwithstanding any other provision of this Agreement or any other agreement, in the event that: (1) the Settling Distributors enter into an agreement with any Settling State that resolves with finality such Settling State's Claims consistent with Section XI of this Agreement and such agreement has an effective date prior to the Effective Date of this Agreement (such agreement, a "State-Specific Agreement") and (2) pursuant to the terms of the State-Specific Agreement, any payments, or any portion thereof, made by the Settling Distributors thereunder are made in lieu of any payments (for the avoidance of doubt, including the Additional Restitution Amount), or any portion thereof, to be made under this Agreement and the Settling Distributors make such a payment pursuant to the State-Specific Agreement, then the Settling Distributors will reduce any payments allocable to such Settling State (whether made to the Settlement Fund Escrow or the Settlement Fund) made pursuant to this Agreement to the extent such amount was already paid pursuant to the terms of the State-Specific Agreement.

I. *Allocation of Payments among Settling Distributors.* Payments due from the Settling Distributors under this Section IV, Section IX, and Section X will be allocated among the Settling Distributors as follows: McKesson – 38.1%; Amerisource – 31.0%; Cardinal – 30.9%. A Settling Distributor's sole responsibility for payments under this Agreement shall be to make its share of each payment. The obligations of the Settling Distributors in this Agreement are several and not joint. No Settling Distributor shall be responsible for any portion of another Settling Distributor's share.

J. *Pre-payment Option.*

1. Any Settling Distributor shall have the right, subject to the limitations set forth in Section IV.J.3, to prepay any base payment or incentive payment in whole or in part, without premium or penalty (a "*Settlement Prepayment*") by providing at least fourteen (14) calendar days prior written notice to the Settlement Fund Administrator and Enforcement Committee (a "*Prepayment Notice*"). Any Prepayment Notice shall specify: (a) the gross amount of the Settlement Prepayment (the "*Gross Settlement Amount*"), (b) the manner in which such Settlement Prepayment shall be applied to reduce such Settling Distributor's future share of Annual Payments (*i.e.*, to which future year(s) the allocable portion of an Annual Payment owed by such Settling Distributor the Settlement Prepayment should be applied) (such manner of application, a "*Settlement Prepayment Reduction Schedule*"), (c) the net present value of the Settlement Prepayment as of the Prepayment Date based on the Settlement Prepayment Reduction Schedule using a discount rate equal to the prime rate as published by the *Wall Street Journal* on the date of the Prepayment Notice plus 1.75% (such net present value amount, the "*Net Settlement Prepayment Amount*"), and (d) the date on which the prepayment will be made, which shall be no more than fifteen (15) calendar days after the date of the Prepayment Notice (the "*Prepayment Date*").

2. On the Prepayment Date the Settling Distributor shall pay the Net Settlement Prepayment Amount to the Settlement Fund and such amount shall be used only as specified in Section V. Following such payment, all future portions of the Annual Payments allocated to the applicable Settling Distributor under Section IV.E and Section IV.F shall be reduced pursuant to the Settlement Prepayment Reduction Schedule, and the Exhibit M will be updated to give effect to such reduction, and going forward such updated schedule will be Exhibit M.

3. A Settling Distributor's right to make prepayments shall be subject to the following limitations:

a. Prepayments may apply to base payments or to both base and incentive payments. If the prepayment applies to both base and incentive payments, the prepayments will apply proportionately across base and incentive payments.

b. A Settling Distributor shall make no more than three (3) prepayments over the eighteen (18) year payment term. A Settling Distributor shall not make more than one (1) prepayment in a five (5) year period and there shall not be prepayments made in the first two (2) Payment Years.

c. Prepayments shall only be applied to one (1) or more of the three (3) Payment Years following the prepayment.

d. The total amount of a prepayment of base payments after discounting calculations shall not be larger than the base payment for the Payment Year with the lowest Annual Payment amount affected by the prepayment. The

total amount of a prepayment for both base payments and incentive payments shall not be larger than the base payment and anticipated incentive payment for the lowest Payment Year affected by the prepayment. The “anticipated incentive payment” for a future Payment Year shall reflect the incentives earned by each Settling State as of the time of the prepayment and any offsets or adjustments known at that time.

e. In a Payment Year against which there has been a prepayment, if the amount a Settling State is calculated to receive is greater than the amount prepaid prior to discounting calculations, the Settling Distributor shall pay the difference. If, in a Payment Year for which there has been a prepayment, the amount that a Settling State is calculated to receive is less than the amount calculated at the time of the prepayment, there shall be a credit for the difference to the Settling Distributor to be applied in the subsequent Payment Year(s), if any.

f. Prepayments shall be applied proportionately to all Settling States.

4. The Settling States may agree to a prepayment that does not apply these restrictions. Such a prepayment would need approval of Settling States representing at least ninety-five percent (95%) allocable share as measured by the allocations in Exhibit E; *provided, however*, that this provision does not limit or restrict any Settling State from negotiating its own prepayment with a Settling Distributor.

5. For illustrative purposes only, attached as Exhibit Q are examples showing a Settlement Prepayment, the related calculation of the Net Settlement Prepayment Amount, and the related adjustment to the Settlement Payment Schedule.

K. *Significant Financial Constraint.*

1. A Settling Distributor's allocable share of the Annual Payment for a Payment Year may, at the election of such Settling Distributor, be deferred either (a) up to the amount by which that share plus such Settling Distributor's share of amounts payable under Section IX and Section X would exceed twenty percent (20%) of such Settling Distributor's total operating cash flow (as determined pursuant to United States generally accepted accounting principles) for its fiscal year that concluded most recently prior to the due date for that payment or (b) (i) up to twenty-five percent (25%) if, as of thirty (30) calendar days preceding that payment date, the company's credit rating from one or more of the three nationally recognized rating agencies is below BBB or Baa2 or (ii) up to one hundred percent (100%) if, as of thirty (30) calendar days preceding that payment date, the company's credit rating from one or more of the three nationally recognized rating agencies is below BBB- or Baa3. If the reason for exceeding twenty percent (20%) of a Settling Distributor's total operating cash flow or the decrease in credit rating is substantially attributable to the incurrence of debt to fund post-settlement acquisitions or to the payment of dividends and/or share repurchases that together are of an amount that exceeds the total amount of those two items for the prior fiscal year, no deferral is available. A Settling Distributor shall not be allowed to defer payment for a

Payment Year if that Settling Distributor engaged in any share repurchases in the three fiscal quarters prior to the Payment Date for that Payment Year.

2. If a Settling Distributor has reason to believe that it will not be able to pay some or all of its allocable share of the Annual Payment for a Payment Year, it shall provide at least ninety (90) calendar days' prior written notice to the Settlement Fund Administrator and Enforcement Committee (a "*Deferred Payment Notice*"). Any Deferred Payment Notice shall specify and include: (a) the gross amount of the payments owed (including the estimated allocable portion of the Annual Payment, and amounts owed under Section IX and Section X, by the relevant Settling Distributor), (b) the amount that the Settling Distributor believes it will be unable to pay, (c) the accounting and audited financial documents upon which the Settling Distributor relied for making this determination, and (d) any other relevant information for the Enforcement Committee to consider.

3. A Settling Distributor shall not utilize this provision during the first three (3) Payment Years. If a Settling Distributor defers some or all of the payments due in a Payment Year pursuant to this Section IV.K, it shall not repurchase any shares, or fund new acquisitions with an acquisition price greater than \$250 million, during the deferral period until the deferred amount is fully repaid with interest. Any amounts deferred shall bear interest at an interest rate equal to the prime rate as published by the *Wall Street Journal* on the date of the Deferral Payment Notice plus 0.5%.

4. The Settling Distributor shall pay all deferred amounts, including applicable interest on the next Payment Date. If the amounts previously deferred (including interest) together with the Settling Distributor's share of all payments due for a Payment Year would allow for a deferral under Section IV.K.1, the Settling Distributor shall pay as much of the previously deferred amounts (including interest) as it can pay without triggering the ability to defer payment and may defer the remainder as permitted under (and subject to the restrictions of) this Section IV.K.

5. Deferrals will apply proportionally across base payments and incentive payments. For the avoidance of doubt, this Section IV.K applies fully to Payment Years after the first three (3) Payment Years, including the base payments and all incentive payments due pursuant to this Agreement during the Payment Year at issue.

6. If a Settling Distributor could pay a portion of its allocable share of the Annual Payments due pursuant to this Agreement during a Payment Year without triggering this Section IV.K, the Settling Distributor shall be required to pay that portion as scheduled and only the excess would be subject to deferral at the election of the Settling Distributor (in whole or in part) as provided herein.

7. The Settling Distributor shall pay any deferred amounts, including applicable interest on or before the date on which the payment is due for Payment Year 18.

V. Allocation and Use of Settlement Payments

A. *Components of Settlement Fund.* The Settlement Fund shall be comprised of an Abatement Accounts Fund, a State Fund, and a Subdivision Fund for each Settling State. The payments made under Section IV into the Settlement Fund shall be initially allocated among those three (3) sub-funds and distributed and used as provided below. Payments placed into the Settlement Fund do not revert back to the Settling Distributors.

B. Use of Settlement Payments.

1. It is the intent of the Parties that the payments disbursed from the Settlement Fund to Settling States and Participating Subdivisions be for Opioid Remediation, subject to exceptions that must be documented in accordance with Section V.B.2. In no event may less than eighty-five percent (85%) of the Settling Distributors' maximum amount of payments pursuant to Section IV, Section IX, and Section X as set forth on Exhibit M over the entirety of all Payments Years (but not any single Payment Year) be spent on Opioid Remediation.

2. While disfavored by the Parties, a Settling State or a Participating Subdivision set forth on Exhibit G may use monies from the Settlement Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation. If, at any time, a Settling State or a Participating Subdivision set forth on Exhibit G uses any monies from the Settlement Fund for a purpose that does not qualify as Opioid Remediation, such Settling State or Participating Subdivision set forth on Exhibit G shall identify such amounts and report to the Settlement Fund Administrator and the Settling Distributors how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement, respectively. It is the intent of the Parties that the reporting under this Section V.B.2 shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this Section V.B.2 as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the "Compensatory Restitution Amount" for purposes of Section VI.F and (b) Participating Subdivisions not listed on Exhibit G may only use monies from the Settlement Fund for purposes that qualify as Opioid Remediation.

C. Allocation of Settlement Fund.

The allocation of the Settlement Fund allows for different approaches to be taken in different states, such as through a State-Subdivision Agreement. Given the uniqueness of States and their Subdivisions, Settling States and their Subdivisions are encouraged to enter into State-Subdivision Agreements in order to direct the allocation of their portion of the Settlement Fund. As set out below, the Settlement Fund Administrator will make an initial allocation to three (3) state-level sub-funds. The Settlement Fund Administrator will then, for each Settling State and its Participating Subdivisions, apply the terms of this Agreement and any relevant State-Subdivision Agreement, Statutory Trust, Allocation Statute, or voluntary redistribution of funds as set out below before disbursing the funds.

1. Base Payments. The Settlement Fund Administrator will allocate base payments under Section IV.D among the Settling States in proportion to their respective Overall Allocation Percentages. Base payments for each Settling State will then be allocated fifteen percent (15%) to its State Fund, seventy percent (70%) to its Abatement Accounts Fund, and fifteen percent (15%) to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in Section V.D.

2. Incentive Payments. The Settlement Fund Administrator will treat incentive payments under Section IV.F on a State-specific basis. Incentive payments for which a Settling State is eligible under Section IV.F will be allocated fifteen percent (15%) to its State Fund, seventy percent (70%) to its Abatement Accounts Fund, and fifteen percent (15%) to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in Section V.D.

3. Application of Adjustments. If a suspension, offset, or reduction under Section XII or Section XIII applies with respect to a Settling State, the suspension, offset, or reduction shall be applied proportionally to all amounts that would otherwise be apportioned and distributed to the State Fund, the Abatement Accounts Fund, and the Subdivision Fund for that State.

4. Settlement Fund Administrator. Prior to the Initial Participation Date, the Settling Distributors and the Enforcement Committee will agree to a detailed mechanism consistent with the foregoing for the Settlement Fund Administrator to follow in allocating, apportioning, and distributing payments, which shall then be appended hereto as Exhibit L.

5. Settlement Fund Administrator Costs. Any costs and fees associated with or arising out of the duties of the Settlement Fund Administrator as described in Exhibit L shall be paid from the interest accrued in the Settlement Fund Escrow and the Settlement Fund; *provided, however*, that if such accrued interest is insufficient to pay the entirety of any such costs and fees, Settling Distributors shall pay fifty percent (50%) of the additional amount and fifty percent (50%) shall be paid out of the Settlement Fund.

D. Settlement Fund Reallocation and Distribution.

As set forth below, within a particular Settling State's account, amounts contained in the Settlement Fund sub-funds may be reallocated and distributed per a State-Subdivision Agreement or other means. If the apportionment of amounts is not addressed and controlled under Section V.D.1 and Section V.D.2, then the default provisions of Section V.D.4 apply. It is not necessary that a State-Subdivision Agreement or other means of allocating funds pursuant to Section V.D.1 and Section V.D.2 address all of the Settlement Fund sub-funds. For example, a Statutory Trust might only address disbursements from a Settling State's Abatement Accounts Fund.

1. Distribution by State-Subdivision Agreement. If a Settling State has a State-Subdivision Agreement, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under Section V.C shall be reallocated and

distributed as provided by that agreement. Any State-Subdivision Agreement entered into after the Preliminary Agreement Date shall be applied only if it requires: (a) that all amounts be used for Opioid Remediation, except as allowed by Section V.B.2, and (b) that at least seventy percent (70%) of amounts be used solely for future Opioid Remediation.⁷ For a State-Subdivision Agreement to be applied to the relevant portion of an Annual Payment, notice must be provided to the Settling Distributors and the Settlement Fund Administrator at least sixty (60) calendar days prior to the Payment Date.

2. Distribution by Allocation Statute. If a Settling State has an Allocation Statute and/or a Statutory Trust that addresses allocation or distribution of amounts apportioned to such State's State Fund, Abatement Accounts Fund, and/or Subdivision Fund and that, to the extent any or all such sub-funds are addressed, requires (1) all amounts to be used for Opioid Remediation, except as allowed by Section V.B.2, and (2) at least seventy percent (70%) of all amounts to be used solely for future Opioid Remediation,⁸ then, to the extent allocation or distribution is addressed, the amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under Section V.C shall be allocated and distributed as addressed and provided by the applicable Allocation Statute or Statutory Trust. For the avoidance of doubt, an Allocation Statute or Statutory Trust need not address all three (3) sub-funds that comprise the Settlement Fund, and if the applicable Allocation Statute or Statutory Trust does not address distribution of all or some of these three (3) sub-funds, the applicable Allocation Statute or Statutory Trust does not replace the default provisions described in Section V.D.4 of any such unaddressed fund. For example, if an Allocation Statute or Statutory Trust that meets the requirements of this Section V.D.2 only addresses funds restricted to abatement, then the default provisions in this Agreement concerning allocation among the three (3) sub-funds comprising the Settlement Fund and the distribution of the State Fund and Subdivision Fund for that State would still apply, while the distribution of the applicable State's Abatement Accounts Fund would be governed by the qualifying Allocation Statute or Statutory Trust.

3. Voluntary Redistribution. A Settling State may choose to reallocate all or a portion of its State Fund to its Abatement Accounts Fund. A Participating Subdivision included on Exhibit G may choose to reallocate all or a portion of its allocation from the Subdivision Fund to the State's Abatement Accounts Fund or to another Participating Subdivision. For a voluntary redistribution to be applied to the relevant portion of an Annual Payment, notice must be provided to the Settling Distributors and the Settlement Fund Administrator at least sixty (60) calendar days prior to the Payment Date.

4. Distribution in the Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. If Section V.D.1 and Section V.D.2 do not apply, amounts

⁷ Future Opioid Remediation includes amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms.

⁸ Future Opioid Remediation includes amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms.

apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under Section V.C shall be distributed as follows:

a. Amounts apportioned to that State's State Fund shall be distributed to that State.

b. Amounts apportioned to that State's Abatement Accounts Fund shall be distributed consistent with Section V.E. Each Settling State shall submit to the Settlement Fund Administrator a designation of a lead state agency or other entity to serve as the single point of contact for that Settling State's funding requests from the Abatement Accounts Fund and other communications with the Settlement Fund Administrator. The designation of an individual entity is for administrative purposes only and such designation shall not limit funding to such entity or even require that such entity receive funds from this Agreement. The designated entity shall be the only entity authorized to request funds from the Settlement Fund Administrator to be disbursed from that Settling State's Abatement Accounts Fund. If a Settling State has established a Statutory Trust then that Settling State's single point of contact may direct the Settlement Fund Administrator to release the State's Abatement Accounts Fund to the Statutory Trust.

c. Amounts apportioned to that State's Subdivision Fund shall be distributed to Participating Subdivisions in that State included on Exhibit G per the Subdivision Allocation Percentage listed in Exhibit G. Section VII.I shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in Exhibit G. For the avoidance of doubt and notwithstanding any other provision in this Agreement, no Non-Participating Subdivision will receive any amount from the Settlement Fund, regardless of whether such Subdivision is included on Exhibit G.

d. Special Districts shall not be allocated funds from the Subdivision Fund, except through a voluntary redistribution allowed by Section V.D.3. A Settling State may allocate funds from its State Fund or Abatement Accounts Fund for Special Districts.

5. Restrictions on Distribution. No amounts may be distributed from the Subdivision Fund contrary to Section VII, *i.e.*, no amounts may be distributed directly to Non-Participating Subdivisions or to Later Participating Subdivisions to the extent such a distribution would violate Section VII.E through Section VII.H. Amounts allocated to the Subdivision Fund that cannot be distributed by virtue of the preceding sentence shall be distributed into the sub-account in the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement described in Section V.D.1 or by an Allocation Statute or a Statutory Trust described in Section V.D.2.

E. *Provisions Regarding the Abatement Accounts Fund.*

1. State-Subdivision Agreement, Allocation Statute, and Statutory Trust Fund Provisions. A State-Subdivision Agreement, Allocation Statute, or Statutory Trust may govern the operation and use of amounts in that State's Abatement Accounts Fund so long as it complies with the requirements of Section V.D.1 or Section V.D.2, as applicable, and all direct payments to Subdivisions comply with Section VII.E through Section VII.H.

2. Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. In the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust that addresses distribution, the Abatement Accounts Fund will be used solely for future Opioid Remediation⁹ and the following shall apply with respect to a Settling State:

a. *Regional Remediation.*

(i) At least fifty percent (50%) of distributions for remediation from a State's Abatement Accounts Fund shall be annually allocated and tracked to the regional level. A Settling State may allow the Advisory Committee established pursuant to Section V.E.2.d to define its regions and assign regional allocations percentages. Otherwise, a Settling State shall (A) define its initial regions, which shall consist of one (1) or more General Purpose Subdivisions and which shall be designated by the state agency with primary responsibility for substance abuse disorder services employing, to the maximum extent practical, existing regions established in that State for opioid abuse treatment or other public health purposes; (B) assign initial regional allocation percentages to the regions based on the Subdivision Allocation Percentages in Exhibit G and an assumption that all Subdivisions included on Exhibit G will become Participating Subdivisions.

(ii) This minimum regional expenditure percentage is calculated on the Settling State's initial Abatement Accounts Fund allocation and does not include any additional amounts a Settling State has directed to its Abatement Accounts Fund from its State Fund, or any other amounts directed to the fund. A Settling State may dedicate more than fifty percent (50%) of its Abatement Accounts Fund to the regional expenditure and may annually adjust the percentage of its Abatement Accounts Fund dedicated to regional expenditures as long as the percentage remains above the minimum amount.

(iii) The Settling State (A) has the authority to adjust the definition of the regions, and (B) may annually revise the percentages

allocated to each region to reflect the number of General Purpose Subdivisions in each region that are Non-Participating Subdivisions.

b. *Subdivision Block Grants.* Certain Subdivisions shall be eligible to receive regional allocation funds in the form of a block grant for future Opioid Remediation. A Participating Subdivision eligible for block grants is a county or parish (or in the case of States that do not have counties or parishes that function as political subdivisions, a city) that (1) does not contain a Litigating Subdivision or a Later Litigating Subdivision for which it has the authority to end the litigation through a release, bar or other action, (2) either (i) has a population of 400,000 or more or (ii) in the case of California has a population of 750,000 or more, and (3) has funded or otherwise managed an established health care or treatment infrastructure (*e.g.*, health department or similar agency). Each Subdivision eligible to receive block grants shall be assigned its own region.

c. *Small States.* Notwithstanding the provisions of Section V.E.2.a, Settling States with populations under four (4) million that do not have existing regions described in Section V.E.2.a shall not be required to establish regions. However, such a Settling State that contains one (1) or more Subdivisions eligible for block grants under Section V.E.2.c shall be divided regionally so that each block-grant eligible Subdivision is a region and the remainder of the state is a region.

d. *Advisory Committee.* The Settling State shall designate an Opioid Settlement Remediation Advisory Committee (the “*Advisory Committee*”) to provide input and recommendations regarding remediation spending from that Settling State’s Abatement Accounts Fund. A Settling State may elect to use an existing advisory committee or similar entity (created outside of a State-Subdivision Agreement or Allocation Statute); *provided, however*, the Advisory Committee or similar entity shall meet the following requirements:

(i) Written guidelines that establish the formation and composition of the Advisory Committee, terms of service for members, contingency for removal or resignation of members, a schedule of meetings, and any other administrative details;

(ii) Composition that includes at least an equal number of local representatives as state representatives;

(iii) A process for receiving input from Subdivisions and other communities regarding how the opioid crisis is affecting their communities, their abatement needs, and proposals for abatement strategies and responses; and

(iv) A process by which Advisory Committee recommendations for expenditures for Opioid Remediation will be made to and considered by the appropriate state agencies.

3. Abatement Accounts Fund Reporting. The Settlement Fund Administrator shall track and assist in the report of remediation disbursements as agreed to among the Settling Distributors and the Enforcement Committee.

F. *Nature of Payment.* Each of the Settling Distributors, the Settling States, and the Participating Subdivisions acknowledges and agrees that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims:

1. It has entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;

2. (a) The Settling States and Participating Subdivisions sought compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) as damages for the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions; (b) the Compensatory Restitution Amount is no greater than the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions; and (c) the portion of the Compensatory Restitution Amount received by each Settling State or Participating Subdivision is no greater than the amount of the Alleged Harms allegedly suffered by such Settling State or Participating Subdivision;

3. The payment of the Compensatory Restitution Amount by the Settling Distributors constitutes, and is paid for, compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) for alleged damage or harm (as compensation for alleged damage or harm arising out of alleged bodily injury) allegedly caused by the Settling Distributors;

4. The Compensatory Restitution Amount is being paid as compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) in order to restore, in whole or in part, the Settling States and Participating Subdivisions to the same position or condition that they would be in had the Settling States and Participating Subdivisions not suffered the Alleged Harms; and

5. For the avoidance of doubt: (a) no portion of the Compensatory Restitution Amount represents reimbursement to any Settling State or Participating Subdivision or other person or entity for the costs of any investigation or litigation, (b) the entire Compensatory Restitution Amount is properly characterized as described in Section V.F., and (c) no portion of the Compensatory Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, punitive damages, or other punitive assessments.

VI. Enforcement

A. *Enforceability.* This Agreement is enforceable only by the Settling States and the Settling Distributors; *provided, however*, that Released Entities may enforce Section XI and Participating Subdivisions listed on Exhibit G have the enforcement rights described in Section VI.D. Except to the extent allowed by the Injunctive Relief Terms, Settling States and Participating Subdivisions shall not have enforcement rights with respect to either the terms of

this Agreement that apply only to or in other States or any Consent Judgment entered into by another Settling State. Participating Subdivisions shall not have enforcement rights against the Settling Distributors with respect to this Agreement or any Consent Judgment except that Participating Subdivisions listed on Exhibit G shall have enforcement rights as set forth herein as to payments that would be allocated to the Subdivision Fund or Abatement Accounts Fund pursuant to Section V; *provided, however*, that each Settling State shall allow Participating Subdivisions in such Settling State to notify it of any perceived violations of this Agreement or the applicable Consent Judgment.

B. *Jurisdiction.* The Settling Distributors consent to the jurisdiction of the court in which each Settling State files its Consent Judgment, limited to resolution of disputes identified in Section VI.F.1 for resolution in that court.

C. *Specific Terms Dispute Resolution.*

1. Any dispute that is addressed by the provisions set forth in the Injunctive Relief Terms shall be resolved as provided therein.

2. In the event that Settling Distributors believe that the eight-five percent (85%) threshold established in Section V.B.1 is not being satisfied, any Party may request that the Settling Distributors and Enforcement Committee meet and confer regarding the use of funds to implement Section V.B.1. The completion of such meet-and-confer process is a precondition to further action regarding any such dispute. Further action concerning Section V.B.1 shall: (i) be limited to the Settling Distributors seeking to reduce their Annual Payments by no more than five percent (5%) of the difference between the actual amount of Opioid Remediation and the eighty-five percent (85%) threshold established in Section V.B.1; (ii) only reduce Annual Payments to those Settling States and their Participating Subdivisions that are below the eighty-five percent (85%) threshold established in Section V.B.1; and (iii) not reduce Annual Payments restricted to future Opioid Remediation.

D. *State-Subdivision Enforcement.*

1. A Subdivision shall not have enforcement rights against a Settling State in which it is located with respect to this Agreement or any Consent Judgment except that a Participating Subdivision listed on Exhibit G shall have enforcement rights (a) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust with respect to intrastate allocation or (b) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, to allegations that (i) the Settling State's use of Abatement Accounts Fund monies were not used for uses similar to or in the nature of those uses contained in Exhibit E; or (ii) a Settling State failed to pay funds directly from the Abatement Accounts Fund to a Participating Subdivision eligible to receive a block grant pursuant to Section V.E.2.b.

2. A Settling State shall have enforcement rights against a Participating Subdivision located in its territory (a) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust; or (b) in the absence of a State-Subdivision

Agreement, Allocation Statute, or Statutory Trust, to allegations that the Participating Subdivisions' uses of Abatement Accounts Fund monies were not used for purposes similar to or in the nature of those uses contained in Exhibit E.

3. As between Settling States and Participating Subdivisions, the above rights are contractual in nature and nothing herein is intended to limit, restrict, change or alter any other existing rights under law.

E. *Subdivision Distributor Payment Enforcement.* A Participating Subdivision listed on Exhibit G shall have the same right as a Settling State pursuant to Section VI.F.2.a(v) to seek resolution regarding the failure by a Settling Distributor to make its allocable share of an Annual Payment in a Payment Year.

F. *Other Terms Regarding Dispute Resolution.*

1. Except to the extent provided by Section VI.C or Section VI.F.2, all disputes shall be resolved in either the court that entered the relevant Consent Judgment or, if no such Consent Judgment was entered, a state or territorial court with jurisdiction located wherever the seat of the relevant state government is located.

a. State court proceedings shall be governed by the rules and procedures of the relevant forum.

b. For the avoidance of doubt, disputes to be resolved in state court include, but are not limited to, the following:

(i) disputes concerning whether expenditures qualify as Opioid Remediation;

(ii) disputes between a Settling State and its Participating Subdivisions as provided by Section VI.D, except to the extent the State-Subdivision Agreement provides for other dispute resolution mechanisms. For the avoidance of doubt, disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes;

(iii) whether this Agreement and relevant Consent Judgment are binding under state law;

(iv) the extent of the Attorney General's or other participating entity's authority under state law, including the extent of the authority to release claims;

(v) whether the definition of a Bar, a Case-Specific Resolution, Final Order, lead state agency as described in Section V.D.4.b, Later Litigating Subdivision, Litigating Subdivision, or Threshold Motion have been met; and

(vi) all other disputes not specifically identified in Section VI.C or Section VI.F.2.

c. Any Party may request that the National Arbitration Panel provide an interpretation of any provision of the settlement that is relevant to the state court determination, and the National Arbitration Panel shall make reasonable best efforts to supply such interpretation within the earlier of thirty (30) calendar days or the time period required by the state court proceedings. Any Party may submit that interpretation to the state court to the extent permitted by, and for such weight provided by, the state court's rules and procedures. If requested by a Party, the National Arbitration Panel shall request that its interpretation be accepted in the form of an *amicus curiae* brief, and any attorneys' fees and costs for preparing any such filing shall be paid for by the requesting Party.

2. National Disputes involving a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, and/or a Settling Distributor shall be resolved by the National Arbitration Panel.

a. National Disputes are disputes that are not addressed by Section VI.C, and which are exceptions to Section VI.F.1's presumption of resolution in state courts because they involve issues of interpretation of terms contained in this Agreement applicable to all Settling States without reference to a particular State's law. Disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes. National Disputes are limited to the following:

(i) the amount of offset and/or credit attributable to Non-Settling States or the Tribal/W. Va. Subdivision Credit;

(ii) issues involving the scope and definition of Product;

(iii) interpretation and application of the terms "Covered Conduct," "Released Entities," and "Released Claims";

(iv) the allocation of payments among Settling Distributors as described in Section IV.I;

(v) the failure by a Settling Distributor to pay its allocable share of the Annual Payment or of the Additional Restitution Amount in a Payment Year, but for the avoidance of doubt, disputes between a Settling Distributor and a Settling State over the amounts owed only to that state that do not affect any other Settling State shall not be considered National Disputes;

(vi) the interpretation and application of the significant financial constraint provision in Section IV.K, including, without limitation, eligibility for and amount of deferrals for any given year, time for repayment, and compliance with restrictions during deferral term;

(vii) the interpretation and application of the prepayment provisions as described in Section IV.J;

(viii) the interpretation and application of any most-favored-nation provision in Section XIV.E;

(ix) questions regarding the performance and/or removal of the Settlement Fund Administrator;

(x) replacement of the Monitor, as provided in the Injunctive Relief Terms;

(xi) disputes involving liability of successor entities;

(xii) disputes that require a determination of the sufficiency of participation in order to qualify for Incentive Payments A, B, or C, as well as disputes over qualification for Participation Tiers;

(xiii) disputes involving a Releasor's compliance with, and the appropriate remedy under, Section XI.B.I.A.3;

(xiv) disputes requiring the interpretation of Agreement terms that are national in scope or impact, which shall mean disputes requiring the interpretation of Agreement terms that (i) concretely affect four (4) or more Settling States; and (ii) do not turn on unique definitions and interpretations under state law; and

(xv) any dispute subject to resolution under Section VI.F.1 but for which all parties to the dispute agree to arbitration before the National Arbitration Panel under the provisions of this Section VI.F.2.

b. The National Arbitration Panel shall be comprised of three (3) arbitrators. One (1) arbitrator shall be chosen by the Settling Distributors, one (1) arbitrator shall be chosen by the Enforcement Committee with due input from Participating Subdivisions listed on Exhibit G, and the third arbitrator shall be agreed upon by the first two (2) arbitrators. The membership of the National Arbitration Panel is intended to remain constant throughout the term of this Agreement, but in the event that replacements are required, the retiring arbitrator shall be replaced by the party that selected him/her.

c. The National Arbitration Panel shall make reasonable best efforts to decide all matters within one hundred eighty (180) calendar days of filing, and in no event shall it take longer than one (1) year.

d. The National Arbitration Panel shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the parties to be heard. Issues shall be resolved without the need for live witnesses where feasible,

and with a presumption in favor of remote participation to minimize the burdens on the parties.

e. To the extent allowed under state law, a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, and (at any party's request) the National Arbitration Panel may certify to an appropriate state court any question of state law. The National Arbitration Panel shall be bound by a final state court determination of such a certified question. The time period for the arbitration shall be tolled during the course of the certification process.

f. The arbitrators will give due deference to any authoritative interpretation of state law, including any declaratory judgment or similar relief obtained by a Settling State, a Participating Subdivision that has enforcement rights pursuant to Section VI.A, or Settling Distributor on a state law issue.

g. The decisions of the National Arbitration Panel shall be binding on Settling States, Participating Subdivisions, Settling Distributors, and the Settlement Fund Administrator. In any proceeding before the National Arbitration Panel involving a dispute between a Settling State and one or more Settling Distributors whose resolution could prejudice the rights of a Participating Subdivision(s) in that Settling State, such Participating Subdivision(s) shall be allowed to file a statement of view in the proceeding.

h. Nothing herein shall be construed so as to limit or otherwise restrict a State from seeking injunctive or other equitable relief in state court to protect the health, safety, or welfare of its citizens.

i. Each party shall bear its own costs in any arbitration or court proceeding arising under this Section VI. The costs for the arbitrators on the National Arbitration Panel shall be divided and paid equally by the disputing sides for each individual dispute, *e.g.*, a dispute between a Settling Distributor and Settling States/Participating Subdivisions shall be split fifty percent (50%) by the Settling Distributor and fifty percent (50%) by the Settling States/Participating Subdivisions that are parties to the dispute; a dispute between a Settling State and a Participating Subdivision shall be split fifty percent (50%) by the Settling State that is party to the dispute and fifty percent (50%) by any Participating Subdivisions that are parties to the dispute.

3. Prior to initiating an action to enforce pursuant to this Section VI.F, the complaining party must:

a. Provide written notice to the Enforcement Committee of its complaint, including the provision of the Consent Judgment and/or Agreement that the practice appears to violate, as well as the basis for its interpretation of the disputed provision. The Enforcement Committee shall establish a reasonable process and timeline for obtaining additional information from the involved

parties; *provided, however*, that the date the Enforcement Committee establishes for obtaining additional information from the parties shall not be more than forty-five (45) calendar days following the notice. The Enforcement Committee may advise the involved parties of its views on the complaint and/or seek to resolve the complaint informally.

b. Wait to commence any enforcement action until thirty (30) calendar days after the date that the Enforcement Committee establishes for obtaining additional information from the involved parties.

4. If the parties to a dispute cannot agree on the proper forum for resolution of the dispute under the provisions of Section VI.F.1 or Section VI.F.2, a committee comprising the Enforcement Committee and sufficient representatives of the Settling Distributors such that the members of the Enforcement Committee have a majority of one (1) member will determine the forum where the dispute will be initiated within twenty-eight (28) calendar days of receiving notification of the dispute relating to the proper forum. The forum identified by such committee shall be the sole forum for litigating the issue of which forum will hear the substantive dispute, and the committee's identification of such forum in the first instance shall not be entitled to deference by the forum selected.

G. *No Effect.* Nothing in this Agreement shall be interpreted to limit the Settling State's Civil Investigative Demand ("*CID*") or investigative subpoena authority, to the extent such authority exists under applicable state law and the *CID* or investigative subpoena is issued pursuant to such authority, and Settling Distributors reserve all of their rights in connection with a *CID* or investigative subpoena issued pursuant to such authority.

VII. Participation by Subdivisions

A. *Notice.* No later than fifteen (15) calendar days after the Preliminary Agreement Date, the Settling States, with the cooperation of the Settling Distributors, shall send individual written notice of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions in the Settling States that are (1) Litigating Subdivisions or (2) Non-Litigating Subdivisions listed on Exhibit G. The costs of the written notice to such Subdivisions shall be paid for by the Settling Distributors. The Settling States, with the cooperation of the Settling Distributors, may also provide general notice reasonably calculated to alert Non-Litigating Subdivisions in the Settling States to this Agreement, the opportunity to participate in it, and the requirements for participation. Such notice may include publication and other standard forms of notification, as well as notice to national state and county organizations such as the National Association of Counties and the National League of Cities. The notice will include that the deadline for becoming an Initial Participating Subdivision is the Initial Participation Date. Nothing contained herein shall preclude a Settling State from providing further notice to or otherwise contacting any of its Subdivisions about becoming a Participating Subdivision, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.

B. *Requirements for Becoming a Participating Subdivision—Non-Litigating Subdivisions.* A Non-Litigating Subdivision in a Settling State may become a Participating

Subdivision by returning an executed Subdivision Settlement Participation Form to the Settlement Fund Administrator specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section V; *provided, however*, that Non-Litigating Subdivisions may only use monies originating from the Settlement Fund for purposes that qualify as Opioid Remediation, and (4) that the Subdivision submits to the jurisdiction of the court where the applicable Consent Judgment is filed for purposes limited to that court's role under this Agreement. The required Subdivision Settlement Participation Form is attached as Exhibit K.

C. *Requirements for Becoming a Participating Subdivision—Litigating Subdivisions/Later Litigating Subdivisions.* A Litigating Subdivision or Later Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Subdivision Settlement Participation Form to the Settlement Fund Administrator and upon prompt dismissal with prejudice of its lawsuit. A Settling State may require each Litigating Subdivision in that State to specify on the Subdivision Settlement Participation Form whether its counsel has waived any contingency fee contract with that Participating Subdivision and whether, if eligible, it intends to seek fees pursuant to Exhibit R. The Settlement Fund Administrator shall provide quarterly reports of this information to the parties organized by Settling State. A Litigating Subdivision or Later Litigating Subdivision may not become a Participating Subdivision after the completion of opening statements in a trial of the lawsuit it brought that includes a Released Claim against a Released Entity.

D. *Initial Participating Subdivisions.* A Subdivision qualifies as an Initial Participating Subdivision if it meets the applicable requirements for becoming a Participating Subdivision set forth in Section VII.B or Section VII.C by the Initial Participation Date. All Subdivision Settlement Participation Forms shall be held in escrow by the Settlement Fund Administrator until the Reference Date.

E. *Later Participating Subdivisions.* A Subdivision that is not an Initial Participating Subdivision may become a Later Participating Subdivision by meeting the applicable requirements for becoming a Participating Subdivision set forth in Section VII.B or Section VII.C after the Initial Participation Date and by agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to Section V.D or Section V.E. The following provisions govern what a Later Participating Subdivision can receive (but do not apply to Initial Participating Subdivisions):

1. Except as provided in Section IV.C, a Later Participating Subdivision shall not receive any share of any Annual Payment due before it became a Participating Subdivision.

2. A Later Participating Subdivision that becomes a Participating Subdivision after July 15, 2022 shall receive seventy-five percent (75%) of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision prior to that date (unless the Later Participating Subdivision is subject to Section VII.E.3 or Section VII.E.4).

3. A Later Participating Subdivision that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Subdivision (other than a consensual dismissal with prejudice) shall receive fifty percent (50%) of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision prior to such judgment; *provided, however*, that if the Subdivision appeals the judgment and the judgment is affirmed with finality before the Subdivision becomes a Participating Subdivision, the Subdivision shall not receive any share of any base payment or incentive payments.

4. A Later Participating Subdivision that becomes a Participating Subdivision while a Bar or Case-Specific Resolution involving a different Subdivision exists in its State shall receive twenty-five percent (25%) of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision without such Bar or Case-Specific Resolution.

F. *No Increase in Payments.* Amounts to be received by Later Participating Subdivisions shall not increase the payments due from the Settling Distributors.

G. *Ineligible Subdivisions.* Subdivisions in Non-Settling States and Prior Litigating Subdivisions are not eligible to be Participating Subdivisions.

H. *Non-Participating Subdivisions.* Non-Participating Subdivisions shall not directly receive any portion of any Annual Payment, including from the State Fund and direct distributions from the Abatement Accounts Fund; however, a Settling State may choose to fund future Opioid Remediation that indirectly benefits Non-Participating Subdivisions.

I. *Unpaid Allocations to Later Participating Subdivisions and Non-Participating Subdivisions.* Any base payment and incentive payments allocated pursuant to Section V.D to a Later Participating Subdivision or Non-Participating Subdivision that cannot be paid pursuant to this Section VII, including the amounts that remain unpaid after the reductions required by Section VII.E.2 through Section VII.E.4, will be allocated to the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement or by a Statutory Trust.

VIII. Condition to Effectiveness of Agreement and Filing of Consent Judgment

A. *Determination to Proceed With Settlement.*

1. The Settling States shall confer with legal representatives of the Participating Subdivisions listed on Exhibit G and inform the Settling Distributors no later than fifteen (15) calendar days prior to the Reference Date whether there is sufficient participation to proceed with this Agreement. Within seven (7) calendar days of informing the Settling Distributors that there is sufficient participation to proceed, the Settling States will deliver all signatures and releases required by the Agreement to be provided by the Settling States to the Settling Distributors.

2. If the Settling States inform Settling Distributors that there is sufficient participation, the Settling Distributors will then determine on or before the Reference Date whether there is sufficient State participation and sufficient resolution of the Claims of the Litigating Subdivisions in the Settling States (through participation under Section VII, Case-Specific Resolution(s) and Bar(s)) to proceed with this Agreement. The determination shall be in the sole discretion of the Settling Distributors and may be based on any criteria or factors deemed relevant by the Settling Distributors.

B. *Notice by Settling Distributors.* On or before the Reference Date, the Settling Distributors shall inform the Settling States of their determination pursuant to Section VIII.A. If the Settling Distributors determine to proceed, the Parties will proceed to file the Consent Judgments and the obligations in the Subdivision Settlement Participation Forms will be effective and binding as of the Reference Date. If the Settling Distributors determine not to proceed, this Agreement will have no further effect, any amounts placed in escrow for Payment Year 1, including funds referenced in Section IV.C.1, Section IX, Section X, and Exhibit M, shall be returned to the Settling Distributors, and all releases (including those contained in Subdivision Settlement Participation Forms) and other commitments or obligations contained herein or in Subdivision Settlement Participation Forms will be void.

C. *Determination of the Participation Tier.*

1. On the Reference Date, *provided* that Settling Distributors determine to proceed with this Agreement, the Settlement Fund Administrator shall determine the Participation Tier. The criteria used to determine the Participation Tier are set forth in Exhibit H. Any disputes as to the determination of the Participation Tier shall be decided by the National Arbitration Panel.

2. The Participation Tier shall be redetermined by the Settlement Fund Administrator annually as of the Payment Date, beginning with Payment Year 3, pursuant to the criteria set forth in Exhibit H.

3. After Payment Year 6, the Participation Tier cannot move higher, unless this restriction is waived by the Settling Distributors.

4. In the event that a Participation Tier redetermination moves the Participation Tier higher, and that change is in whole or in part as a result of the post-Reference Date enactment of a Bar and there is later a Revocation Event with respect to such Bar, then on the next Payment Date that is at least one hundred eighty (180) calendar days after the Revocation Event, the Participation Tier shall move down to the Participation Tier that would have applied had the Bar never been enacted, unless the Bar is reinstated or all Subdivisions affected by the Revocation Event become Participating Subdivisions within one hundred eighty (180) calendar days of the Revocation Event. This is the sole circumstance in which, on a nationwide basis, the Participation Tier can move down.

5. In the event that there is a post-Reference Date Revocation Event with respect to a Bar that was enacted in a Settling State prior to the Reference Date, then, on

the next Payment Date that is at least one hundred eighty (180) calendar days after the Revocation Event, unless the Bar is reinstated or all Subdivisions affected by the Revocation Event become Participating Subdivisions within one hundred eighty (180) calendar days of the Revocation Event, the Participation Tier shall decrease – solely for the State in which the Revocation Event occurred – to the Participation Tier commensurate with the percentage of Litigating Subdivisions in that State that are Participating Subdivisions and the percentage of Non-Litigating Subdivisions that are both Primary Subdivisions and Participating Subdivisions, according to the criteria set forth in Exhibit G, except that the calculations shall be performed as to that State alone. For the avoidance of doubt and solely for the calculation in this subparagraph, the Settling States Column of Exhibit H shall play no role. This is the sole circumstance in which one Settling State will have a different Participation Tier than other Settling States.

6. The redetermination of the Participation Tier under Section VIII.C.2 shall not affect payments already made or suspensions, offsets, or reductions already applied.

IX. Additional Restitution

A. *Additional Restitution Amount.* Pursuant to the schedule set forth in Exhibit M and subject to the reduction specified in Section IX.B, the Settling Distributors shall pay an Additional Restitution Amount to the Settling States listed in Exhibit N. Such funds shall be paid, on the schedule set forth on Exhibit M, on the Payment Date for each relevant Payment Year to such Settling States as allocated by the Settlement Fund Administrator pursuant to Exhibit N.

B. *Reduction of Additional Restitution Amount.* In the event that any Non-Settling States appear on Exhibit N, the amounts owed by Settling Distributors pursuant to this Section IX shall be reduced by the allocations set forth on Exhibit N for any such Non-Settling States.

C. *Use of Funds.* All funds paid as an Additional Restitution Amount shall be part of the Compensatory Restitution Amount, shall be used for Opioid Remediation, except as allowed by Section V.B.2, and shall be governed by the same requirements as specified in Section V.F.

X. Plaintiffs' Attorneys' Fees and Costs

The Agreement on Attorneys' Fees, Expenses and Costs is set forth in Exhibit R and incorporated herein by reference. The Agreement on the State Outside Counsel Fee Fund and Agreement on the State Cost Fund Administration are set forth in Exhibit S and Exhibit T, respectively, and are incorporated herein by reference.

XI. Release

A. *Scope.* As of the Effective Date, the Released Entities are hereby released and forever discharged from all of the Releasors' Released Claims. Each Settling State (for itself and its Releasors) and Participating Subdivision hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in

any forum whatsoever. The releases provided for in this Agreement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of each Settling State and its Attorney General to release claims. This Agreement shall be a complete bar to any Released Claim.

B. *Claim-Over and Non-Party Settlement.*

1. It is the intent of the Parties that:

a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract), from other parties for their payment obligations under this Agreement;

b. the payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

c. Claims by Releasors against non-Parties should not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

d. the Agreement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties.

The provisions of this Section XI.B are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner; *provided* that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

3. To the extent that, on or after the Reference Date, any Releasor enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from the Settling Distributors in Section XI.B.2, or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim-Over. The obligation to obtain

the prohibition and/or release required by this subsection is a material term of this Agreement.

4. In the event that any Releasor obtains a judgment with respect to Non-Party Covered Conduct against a Non-Released Entity that does not contain a prohibition like that described in Section XI.B.3, or any Releasor files a Non-Party Covered Conduct Claim against a Non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in Section XI.B.3, and such Non-Released Entity asserts a Claim-Over against a Released Entity, the Released Entity shall be relieved of the prohibition in Section XI.B.2 with respect to that Non-Released Entity and that Releasor and the Settling Distributors shall take the following actions to ensure that the Released Entities do not pay more with respect to Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Settlement Agreement by the Settling Distributors:

a. Settling Distributors shall notify that Releasor of the Claim-Over within sixty (60) calendar days of the assertion of the Claim-Over or sixty (60) calendar days of the Effective Date of this Settlement Agreement, whichever is later;

b. Settling Distributors and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that they are not required to pay more with respect to Covered Conduct than the amounts owed by Settling Distributors under this Agreement;

c. That Releasor and Settling Distributors shall take steps sufficient and permissible under the law of the State of the Releasor to hold Released Entities harmless from the Claim-Over and ensure Released Entities are not required to pay more with respect to Covered Conduct than the amounts owed by Settling Distributors under this Agreement. Such steps may include, where permissible:

(i) Filing of motions to dismiss or such other appropriate motion by Settling Distributors or Released Entities, and supported by Releasors, in response to any claim filed in litigation or arbitration;

(ii) Reduction of that Releasors' Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(iii) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim-Over;

(iv) Return of monies paid by Settling Distributors to that Releasor under this Settlement Agreement to permit satisfaction of a

judgment against or settlement with the Non-Released Entity to satisfy the Claim-Over;

(v) Payment of monies to Settling Distributors by that Releasor to ensure they are held harmless from such Claim-Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;

(vi) Credit to the Settling Distributors under this Agreement to reduce the overall amounts to be paid under the Agreement such that they are held harmless from the Claim-Over; and

(vii) Such other actions as that Releasor and Settling Distributors may devise to hold Settling Distributors harmless from the Claim-Over.

d. The actions of that Releasor and Settling Distributors taken pursuant to paragraph (c) must, in combination, ensure Settling Distributors are not required to pay more with respect to Covered Conduct than the amounts owed by Settling Distributors under this Agreement.

e. In the event of any dispute over the sufficiency of the actions taken pursuant to paragraph (c), that Releasor and the Settling Distributors may seek review by the National Arbitration Panel, provided that, if the parties agree, such dispute may be heard by the state court where the relevant Consent Judgment was filed. The National Arbitration Panel shall have authority to require Releasors to implement a remedy that includes one or more of the actions specified in paragraph (c) sufficient to hold Released Entities fully harmless. In the event that the Panel's actions do not result in Released Entities being held fully harmless, Settling Distributors shall have a claim for breach of this Agreement by Releasors, with the remedy being payment of sufficient funds to hold Settling Distributors harmless from the Claim-Over. For the avoidance of doubt, the prior sentence does not limit or eliminate any other remedy that Settling Distributors may have.

5. To the extent that the Claim-Over is based on a contractual indemnity, the obligations under Section XI.B.4 shall extend solely to a Non-Party Covered Conduct Claim against a pharmacy, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Each Settling Distributor shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entity asserts a Claim-Over arising out of contractual indemnity against it.

C. *Indemnification and Contribution Prohibited.* No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory, from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner. For the

avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

D. *General Release.* In connection with the releases provided for in this Agreement, each Settling State (for itself and its Releasers) and Participating Subdivision expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any State or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that if known by him or her, would have materially affected his or her settlement with the debtor or released party.

A Releaser may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Settling State (for itself and its Releasers) and Participating Subdivision hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasers do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Settling States' decision to enter into this Agreement or the Participating Subdivisions' decision to participate in this Agreement.

E. *Assigned Interest Waiver.* To the extent that any Settling State has any direct or indirect interest in any rights of a third-party that is a debtor under the Bankruptcy Code as a result of a claim arising out of Covered Conduct by way of assignment or otherwise, including as a result of being the beneficiary of a trust or other distribution entity, to assert claims against a Settling Distributor (whether derivatively or otherwise), under any legal or equitable theory, including for indemnification, contribution, or subrogation, such Settling State waives the right to assert any such claim, or to receive a distribution or any benefit on account of such claim and such claim, distribution, or benefit shall be deemed assigned to such Settling Distributor.

F. *Res Judicata.* Nothing in this Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in this Agreement, and/or any Consent Judgment or other judgment entered on this Agreement, gives rise to under applicable law.

G. *Representation and Warranty.* The signatories hereto on behalf of their respective Settling States expressly represent and warrant that they have (or have obtained, or will obtain no later than the Initial Participation Date) the authority to settle and release, to the maximum extent of the State's power, all Released Claims of (1) their respective Settling States, (2) all past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts, and (3) any of their respective Settling State's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or

revocation of a pharmaceutical distribution license. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the State's Governor. Also for the purposes of clause (3), a release from a State's Governor is sufficient to demonstrate that the appropriate releases have been obtained.

H. *Effectiveness.* The releases set forth in this Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement Fund or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Fund or any portion thereof.

I. *Cooperation.* Releasors (1) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (2) will reasonably cooperate with and not oppose any effort by Settling Distributors to secure the prompt dismissal of any and all Released Claims.

J. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, this Agreement does not waive, release or limit any criminal liability, Claims for liability under tax law, Claims under securities law by a State Releasor as investor, Claims against parties who are not Released Entities, Claims by private individuals, and any claims arising under this Agreement for enforcement of this Agreement.

XII. Later Litigating Subdivisions

A. *Released Claims against Released Entities.* Subject to Section XII.B, the following shall apply in the event a Later Litigating Subdivision in a Settling State maintains a lawsuit for a Released Claim against a Released Entity after the Reference Date:

1. The Released Entity shall take ordinary and reasonable measures to defend the action, including filing a Threshold Motion with respect to the Released Claim. The Released Entity shall further notify the Settling State and Settlement Fund Administrator immediately upon notice of a Later Litigating Subdivision bringing a lawsuit for a Released Claim, and shall not oppose a Settling State's submission in support of the Threshold Motion.

2. The provisions of this Section XII.A.2 apply if the Later Litigating Subdivision is a Primary Subdivision (except as provided in Section XII.A.2.f):

a. If a lawsuit including a Released Claim survives until the Suspension Deadline for that lawsuit, the Settlement Fund Administrator shall calculate the Suspension Amount applicable to the next Payment due from the Settling Distributor(s) at issue and apportioned to the State of the Later Litigating Subdivision and to Subdivisions in that State; *provided, however*, that the Suspension Amount for a Payment Year cannot exceed the Suspension Cap. The Suspension Amount shall be paid into the Settlement Fund Escrow account. If the Suspension Amount exceeds the Suspension Cap for that Payment Year, then the

remaining amount will be paid into the Settlement Fund Escrow in the following Payment Year, subject to the Suspension Cap for that Payment Year, and so forth in each succeeding Payment Year until the entire Suspension Amount has been paid into the Settlement Fund Escrow or the Released Claim is resolved, as provided below, whichever comes first. A suspension does not apply during the pendency of any appeal dismissing the lawsuit for a Released Claim in whole.

b. If the Released Claim is resolved with finality without requirement of payment by the Released Entity, the placement of any remaining balance of the Suspension Amount into the Settlement Fund Escrow shall cease and the Settlement Fund Administrator shall immediately transfer amounts in the Settlement Fund Escrow on account of the suspension to the Settling State at issue and its Participating Subdivisions. The lawsuit will not cause further suspensions unless the Released Claim is reinstated upon further review, legislative action, or otherwise.

c. If the Released Claim is resolved with finality on terms requiring payment by the Released Entity, the Settlement Fund Administrator will transfer the amounts in the Settlement Fund Escrow on account of the suspension to the Settling Distributor(s) at issue necessary to satisfy the payment obligation of the Released Entity to the relevant Later Litigating Subdivision. If any balance remains in the Settlement Fund Escrow on account of the suspension after transfer of the amount necessary to satisfy the payment obligation, the Settlement Fund Administrator will immediately transfer the balance to the Settling State at issue and its Participating Subdivisions. If the payment obligation of the Released Entity to the relevant Later Litigating Subdivision exceeds the amounts in the Settlement Fund Escrow on account of the suspension, the Settling Distributor at issue shall receive a dollar-for-dollar offset, subject to the yearly Offset Cap, for the excess amount against its obligation to pay its allocable share of Annual Payments that would be apportioned to the Settling State at issue and to its Subdivisions. The offset shall be applied as follows: first against the Settling Distributor's allocable share of the Annual Payment due in Payment Year 18, up to the Offset Cap for that Payment Year, with any remaining amounts above the Offset Cap applied against the Settling Distributor's allocable share of the Annual Payment due in Payment Year 17, up to the Offset Cap for that Payment Year, and so forth for each preceding Payment Year until the entire amount to be offset has been applied or no future Payment Years remain.

d. If the lawsuit asserting a Released Claim is resolved with finality on terms requiring payment by the Released Entity, and the Released Claim did not give rise to a suspension of any Settling Distributor's portion of any Annual Payments (*e.g.*, because it was resolved during Payment Years 1 or 2, during which all Settling States are deemed eligible for Incentive Payment A and thus no suspension of payments took place, as provided by Section XII.B), the Settling Distributor at issue shall receive a dollar-for-dollar offset, subject to the yearly Offset Cap, for the amount paid. The offset shall be applied against the relevant Settling Distributor's allocable portion of the Annual Payments starting in

Payment Year 18 and working backwards as set forth in Section XII.A.2.c. If the lawsuit for a Released Claim is otherwise resolved by the Released Entity, without the Settling Distributor filing a Threshold Motion despite an opportunity to do so, and the Released Claim did not give rise to a suspension of any Settling Distributor's portion of any Annual Payments, the Settling Distributor at issue shall not receive any offset for the amount paid.

e. If more than one Primary Subdivision in a Settling State becomes a Later Litigating Subdivision, a single Suspension Cap applies and the total amounts deducted from the share of the Annual Payment allocated to the Settling State and its Participating Subdivisions in a given Payment Year cannot exceed the Suspension Cap. For the avoidance of doubt, an individual Primary Subdivision shall not trigger more than one suspension regardless if it (or any of its officials) is named as multiple plaintiffs in the same lawsuit.

f. This Section XII.A.2 shall not apply with respect to a Primary Subdivision that is either (i) a Later Litigating Subdivision under clause (3) of the definition of that term solely because a legislative Bar or legislative Case-Specific Resolution applicable as of the Reference Date is invalidated by judicial decision after the Reference Date or (ii) a Later Litigating Subdivision under clause (4) of the definition of that term. Such a Primary Subdivision shall be treated as a General Purpose Government under Section XII.A.3.

3. The terms of this Section XII.A.3 apply if a the Later Litigating Subdivision is not a Primary Subdivision (except for Primary Subdivisions referenced in Section XII.A.2.f) but is a General Purpose Government, School District, Health District or Hospital District: if the Released Claim is resolved with finality on terms requiring payment by the Released Entity, the Settling Distributor at issue shall receive a dollar-for-dollar offset, subject to the yearly Offset Cap, for the amount paid against its portion of the obligation to make Annual Payments that would be apportioned to the Settling State at issue and to its Subdivisions. The offset shall be applied as follows: first against the relevant Settling Distributor's allocable share of the Annual Payment due in Payment Year 18, up to the Offset Cap for that Payment Year, with any remaining amounts above the Offset Cap applied against the Payment due in Payment Year 17, up to the Offset Cap for that Payment Year, and so forth for each preceding Payment Year until the entire amount to be offset has been applied or no future Payment Year remains. If the Released Claim is resolved on terms requiring payment during the first two (2) Payment Years, in no case will any amounts be offset against the amounts due in Payment Years 1 and 2.

4. In no event shall the total of Suspension Amounts and offsets pursuant to this Section applicable to a Settling State in a Payment Year for that Payment Year exceed the Offset Cap for that State. If, in a Payment Year, the total of Suspension Amounts and offsets applicable to a Settling State exceeds the Offset Cap, the Suspension Amounts shall be reduced so that the total of Suspension Amounts and offsets equals the Offset Cap.

5. For the avoidance of doubt, any offset pursuant to this Section XII in a Settling State that is not eligible for Incentive Payment A shall continue to apply even if the Settling State at issue subsequently becomes eligible for Incentive Payment A.

6. “*Terms requiring payment*” shall mean (i) a final monetary judgment or (ii) a settlement; *provided* that the Released Entity sought the applicable State Attorney General’s consent to the settlement and such consent was either obtained or unreasonably withheld. Should the judgment or settlement resolve claims that are not Released Claims, the offset shall be for the Released Claims portion only, which shall be distinguishable in the judgment or settlement.

B. *Exceptions.*

1. Section XII.A shall not apply where the Settling State at issue meets the eligibility criteria for and is entitled to Incentive Payment A for the Payment Year at issue, except as expressly provided therein. For the avoidance of doubt, because all Settling States are deemed eligible for Incentive Payment A for Payment Years 1 and 2 under Section IV.F.1.c, a suspension of Payments under Section XII.A.2 shall not apply to any Settling States for those Payment Years.

2. An offset under Section XII.A.2 and Section XII.A.3 shall not apply where the Later Litigating Subdivision opted out of a Settlement Class Resolution in the Settling State at issue that was in full force and effect in that Settling State as of the due date of the payment for Payment Year 2 and remains in full force and effect; *provided* that an offset relating to that Subdivision may apply under Section XIII.

3. Section XII.A shall not apply where the Later Litigating Subdivision seeks less than \$10 million, or so long as its total claim is reduced to less than \$10 million, in the lawsuit for a Released Claim at issue.

4. An offset under Section XII.A.3 shall not apply where the applicable Participation Tier is Participation Tier 1 and the population of the Later Litigating Subdivision is under 10,000.

5. If the applicable Participation Tier is Participation Tier 2 or higher, and the Later Litigating Subdivision has a population less than 10,000, the offset under Section XII.A.3 shall only apply to amounts paid pursuant to a settlement or judgment that are over \$10 million per case or resolution. Any type of consolidated or aggregated or joined or class actions, however styled, shall be considered a single case, and any resolutions that occur within a sixty (60) calendar day period of each other and involve Later Litigating Subdivisions that share common counsel and/or are created by the same or related judgments, settlement agreements, or other instruments or are conditioned upon one another, shall be considered a single resolution. For the avoidance of doubt, any such case or resolution shall have only a single \$10,000,000 exemption from the offset under Section XII.A.3.

C. *No Effect on Other Provisions.* A suspension or offset under Section XII.A shall not affect the Injunctive Relief Terms or the Consent Judgment.

D. *No Effect on Other States.* A suspension or offset under Section XII.A applicable to one State shall not affect the allocation or payment of the Annual Payment to other Settling States.

XIII. Reductions/Offsets

A. *Non-Settling States.* Non-Settling States shall not be eligible for any payments or have any rights in connection with this Agreement. Accordingly, the stated maximum dollar amounts of the payments specified in Exhibit M are reduced by the aggregate Overall Allocation Percentage of Non-Settling States as set forth in Exhibit F.

B. *Offset Relating to Incentive Payment A.* If a Settling State is not eligible for Incentive Payment A at the third Payment Date, the Settling Distributors shall receive an offset with respect to that State.¹⁰ The offset shall be the dollar amount difference between (1) the total amount of the Incentive Payment A due from the Settling Distributors on the Effective Date and on the Payment Date for Payment Year 2 allocated to that State and its Participating Subdivisions, and (2) the total amount of Incentive Payments B and C that would have been due from the Settling Distributors on the Effective Date and on the Payment Date for Payment Year 2 so allocated but for the State's deemed eligibility for Incentive Payment A. The offset shall be applied in equal installments to reduce the Annual Payments for Payment Years 3 through 7 that would be apportioned to that State and to its Subdivisions, and shall remain applicable even if that State subsequently becomes eligible for Incentive Payment A.

C. *Settlement Class Resolution Opt Outs.* If a Settling State is eligible for Incentive Payment A on the basis of a Settlement Class Resolution, and a Primary Subdivision that opted out of the Settlement Class Resolution maintains a lawsuit asserting a Released Claim against a Released Entity, the following shall apply. If the lawsuit asserting a Released Claim either survives a Threshold Motion or has an unresolved Threshold Motion fewer than sixty (60) calendar days prior to the scheduled start of a trial involving a Released Claim, and is resolved with finality on terms requiring payment by the Released Entity, the Settling Distributor at issue shall receive a dollar-for-dollar offset for the amount paid against its obligation to make remaining Incentive Payment A payments that would be apportioned to that State and to its Subdivisions. For the avoidance of doubt, an offset shall not be applicable under this subsection if it is applicable under Section XII.A with respect to the Subdivision at issue.

D. *Revoked Bar, Settlement Class Resolution, or Case-Specific Resolution.* If the Settling Distributors made any Annual Payments that included any incentive payments earned as a result of the existence of a Bar, Settlement Class Resolution, or Case-Specific Resolution in a Settling State, and there is subsequently a Revocation Event with respect to that Bar, Settlement Class Resolution, or Case-Specific Resolution after the determination of the amount of such Annual Payment, the Settling Distributors shall receive a dollar-for-dollar offset against the portion of remaining Annual Payments that would be allocated to that State and its Participating Subdivisions. This offset will be calculated as the dollar amount difference between (1) the total amount of incentive payments paid by the Settling Distributors by virtue of the Bar, Settlement

¹⁰ For purposes of this provision, in determining whether a Settling State would not be eligible for Incentive Payment A for Payment Year 3, the criteria set forth in Section IV.F.1.b shall apply to that Payment Year.

Class Resolution, or Case-Specific Resolution subject to the Revocation Event and (2) the total amount of incentive payments that would have been due from the Settling Distributors during that time had the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event not been in effect. The amount of incentive payments that would have been due, referenced in clause (2) above, will be calculated one hundred eighty (180) calendar days after the Revocation Event; for purposes of calculating the amount of incentive payments that would have been due, any relevant Subdivision shall be included as a Participating Subdivision if: (1) its Released Claims are extinguished by any subsequent Bar, Settlement Class Resolution, or Case-Specific Resolution in effect as of the date of such calculation, or (2) it becomes a Participating Subdivision (in addition to all other Participating Subdivisions) prior to the date of such calculation.

E. *Certain Taxes.* Amounts paid by a Settling Distributor under an Opioid Tax in a Settling State in a Payment Year shall give rise to a dollar-for-dollar offset against that Settling Distributor's obligation to pay its share of the Annual Payment in that Payment Year that would be allocated to the taxing State or its Participating Subdivisions. If such amounts paid exceed that Settling Distributor's allocable share of the Annual Payment allocable to the taxing State or its Participating Subdivisions in that Payment Year, the excess shall carry forward as an offset against its allocable share of remaining Annual Payments that would be allocated to the taxing State or its Participating Subdivisions

F. *Not Subject to Suspension Cap or Offset Cap.* For the avoidance of doubt, neither the Suspension Cap nor the Offset Cap apply to the offsets and reductions set forth in this Section XIII.

XIV. Miscellaneous

A. *Population of General Purpose Governments.* The population figures for General Purpose Governments shall be the published U.S. Census Bureau's population estimates for July 1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.¹¹

B. *Population of Special Districts.* For any purpose in this Agreement in which the population of a Special District is used other than Section IV.F.1.b: (a) School Districts' population will be measured by the number of students enrolled who are eligible under the Individuals with Disabilities Education Act ("*IDEA*") or Section 504 of the Rehabilitation Act of 1973; (b) Health Districts' and Hospital Districts' population will be measured at twenty-five percent (25%) of discharges; and (c) all other Special Districts' (including Fire Districts' and Library Districts') population will be measured at ten percent (10%) of the population served. The Settling Distributors and the Enforcement Committee shall meet and confer in order to agree on data sources for purposes of this Section prior to the Preliminary Agreement Date.

¹¹ The estimates for counties and parishes were accessed at <https://www.census.gov/data/datasets/time-series/demo/popest/2010s-countiestotal.html>. The estimates for cities and towns can currently be found at <https://www.census.gov/data/datasets/time-series/demo/popest/2010s-total-cities-and-towns.html>.

C. *Population Associated with Sheriffs.* For any purpose in this Agreement in which the population associated with a lawsuit by a sheriff is used, the population will be measured at twenty percent (20%) of the capacity of the jail(s) operated by the sheriff.

D. *No Admission.* The Settling Distributors do not admit liability or wrongdoing. Neither this Agreement nor the Consent Judgments shall be considered, construed or represented to be (1) an admission, concession or evidence of liability or wrongdoing or (2) a waiver or any limitation of any defense otherwise available to the Settling Distributors.

E. *Most-Favored-Nation Provision.*—Settling States.

1. If, after the Reference Date, any Settling Distributor enters into any settlement agreement with any Non-Settling State that resolves Claims similar in scope to the Claims released by a Settling State under this Agreement on overall payment terms that are more favorable to such Non-Settling State than the overall payment terms of the Agreement (after due consideration of relevant differences in population or other appropriate factors), then the Settling States, individually or collectively, may elect to seek review, pursuant to Section XIV.E.3, of the overall payment terms of this Agreement and the Non-Settling State agreement so that such Settling State(s) may obtain, with respect to that Settling Distributor, overall payment terms at least as favorable as those obtained by such Non-Settling State. “*Overall payment terms*” refers to consideration of all payment terms of the two agreements, taken together, including, but not limited to the amount of payments, the timing of payments, and conditions or contingencies on payments.

2. For any settlement with a Non-Settling State involving Released Claims that is entered into after the Reference Date, Settling Distributors shall provide the Enforcement Committee with a copy of the settlement agreement or relevant consent judgment within thirty (30) calendar days of the consummation of such settlement. The Enforcement Committee will promptly distribute such copy to all Settling States.

3. In the event that one or more Settling State(s) believes that the overall payment terms of an agreement by a Settling Distributor with a Non-Settling State are more favorable to the Non-Settling State, when compared based on the totality of the considerations set forth in Section XIV.E.1, the Settling State(s) and the Settling Distributor shall engage in the following process:

a. The Settling State(s) shall provide notice, within sixty (60) calendar days of the date on which a settlement agreement or consent judgment is provided to the Enforcement Committee, to the Settling Distributor of its (their) intent to seek revision of this Agreement to provide payment terms that are, on an overall basis, as favorable as those obtained by the Non-Settling State. Such notice shall be confidential and not disclosed publicly to the extent allowed by law and shall state, in detail, the basis for the State’s (States’) belief that it (they) is entitled to a revision of the Agreement.

b. The Settling Distributor shall, within thirty (30) calendar days, provide a response to the Settling State(s), explaining its position, in detail, as to whether the Settling State(s) is entitled to more favorable overall payment terms than those provided for in this Agreement.

c. In the event the Settling State(s) and Settling Distributor do not reach agreement as to the application of Section XIV.E.1, the Settling State(s) may petition the National Arbitration Panel to seek a ruling from the Panel as to the applicability of Section XIV.E.1, provided that the Settling State(s) may seek such review only if at least five (5) Settling States co-sign the petition. The Panel shall consider submissions and argument by the parties pursuant to the procedures set forth in Section VI.F.2.

d. The Settling State(s) and the Settling Distributor shall be bound by the determination of the National Arbitration Panel.

4. This Section XIV.E does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any Non-Settling State agreement with any Settling Distributor that is entered into with: (a) a Non-Settling State after a date sixty (60) calendar days prior to the scheduled start date of a trial between any Settling Distributor and the Non-Settling State or any severed or bifurcated portion thereof, provided that, where, in order to complete a settlement, a Non-Settling State and a Settling Distributor jointly request an adjournment of the scheduled start date of a trial within sixty (60) days of that date, this exception will apply as if the trial date had not been adjourned; (b) a Non-Settling State that previously litigated to judgment a case related to opioids against any manufacturer, distributor, or pharmacy; or (c) a Non-Settling State that has obtained any court order or judicial determination that grants judgment (in whole or in part) against any Settling Distributor. For avoidance of doubt, the National Arbitration Panel shall have no power to review agreements described in this paragraph.

5. This Section XIV.E does not apply to, and there is no ability of any Settling State to seek or obtain revision of this Agreement based on, any agreement between a Settling Distributor and (a) federally-recognized tribe(s) or (b) West Virginia subdivisions or (c) Non-Participating Subdivisions. This Section XIV.E will not apply to any agreement entered into more than eighteen (18) months after the Reference Date.

F. *Tax Cooperation and Reporting.*

1. Upon request by any Settling Distributor, the Settling States and Participating Subdivisions agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for the Settling Distributors to establish the statements set forth in Section V.E.3 to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by Treasury Regulations Section 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.

2. Without limiting the generality of Section XIV.F.1, each Settling State and Participating Subdivision shall cooperate in good faith with any Settling Distributor with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.

3. The Designated State, as defined in Section I.P as New York, on behalf of all Settling States and Participating Subdivisions, shall designate one of its officers or employees to act as the “appropriate official” within the meaning of Treasury Regulations Section 1.6050X-1(f)(1)(ii)(B) (the “*Appropriate Official*”). The Designated State shall direct and ensure that the Appropriate Official timely (a) files (i) at the time this Agreement becomes binding on the Parties, an IRS Form 1098-F in the form attached as Exhibit U, Exhibit V, and Exhibit W with respect to each of the Settling Distributors and (ii) any legally required returns or amended returns with any applicable governmental authority, or any returns requested by the respective Settling Distributors, and (b) provides to each of the Settling Distributors a copy of (i) the IRS Form 1098-F filed with respect to such Settling Distributor and (ii) any legally required written statement pursuant to any applicable law and any other document referred to in clause (a)(ii) above. Any such form, return, or statement shall be prepared and filed in a manner fully consistent with Section V.E.3.

4. The Settling States and Participating Subdivisions agree that any return, amended return, or written statement filed or provided pursuant to paragraph 3, and any similar document, shall be prepared and filed in a manner consistent with reporting each Settling Distributor’s portion of the Global Settlement Amount as the “Total amount to be paid” pursuant to this Agreement in Box 1 of IRS Form 1098-F and each Settling Distributor’s portion of the Compensatory Restitution Amount as “Restitution/remediation amount” in Box 2 of IRS Form 1098-F, as reflected in the attached Exhibit U, Exhibit V, and Exhibit W. If the Designated State or Appropriate Official shall be required to file any return, amended return, or written statement contemplated by this Section XIV.F other than an IRS Form 1098-F in the form attached as Exhibit U, Exhibit V, and Exhibit W, the Designated State shall direct and ensure that the Appropriate Official provides to each Settling Distributor a draft of such return, amended return, or written statement in respect of such Settling Distributor no later than sixty (60) calendar days prior to the due date thereof and shall accept and reflect any reasonable comments of such Settling Distributor on the return, amended return, or written statement in respect of such Settling Distributor.

5. For the avoidance of doubt, neither the Settling Distributors nor the Settling States and Participating Subdivisions make any warranty or representation to any Settling State, Participating Subdivision, or Releasor as to the tax consequences of the payment of the Compensatory Restitution Amount (or any portion thereof).

G. *No Third-Party Beneficiaries.* Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not a Settling State or Released Entity. No Settling State may assign or otherwise convey any right to enforce any provision of this Agreement.

H. *Calculation.* Any figure or percentage referred to in this Agreement shall be carried to seven decimal places.

I. *Construction.* None of the Parties and no Participating Subdivision shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

J. *Cooperation.* Each Party and each Participating Subdivision agrees to use its best efforts and to cooperate with the other Parties and Participating Subdivisions to cause this Agreement and the Consent Judgments to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take such other action as may be appropriate in connection herewith. Consistent with the foregoing, each Party and each Participating Subdivision agrees that it will not directly or indirectly assist or encourage any challenge to this Agreement or any Consent Judgment by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgments.

K. *Entire Agreement.* This Agreement, including its exhibits and any other attachments, embodies the entire agreement and understanding between and among the Parties and Participating Subdivisions relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter.

L. *Execution.* This Agreement may be executed in counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same Agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature.

M. *Good Faith and Voluntary Entry.* Each Party warrants and represents that it negotiated the terms of this Agreement in good faith. Each of the Parties and Participating Subdivisions warrants and represents that it freely and voluntarily entered into this Agreement without any degree of duress or compulsion. The Parties and Participating Subdivisions state that no promise of any kind or nature whatsoever (other than the written terms of this Agreement) was made to them to induce them to enter into this Agreement.

N. *Legal Obligations.* Nothing in this Agreement shall be construed as relieving any Settling Distributor of the obligation to comply with all state and federal laws, regulations or rules, nor shall any of the provisions herein be deemed to be permission to engage in any acts or practices prohibited by such laws, regulations, or rules. Except with respect to the Injunctive Relief Terms, in the event of a conflict between this Agreement and any requirement or requirements of federal, state, or local laws, such that a Settling Distributor cannot comply with this Agreement without violating such a requirement or requirements, the Settling Distributor

shall document such conflicts and notify the Attorney(s) General of the relevant Settling State(s) that it intends to comply with the requirement or requirements to the extent necessary to eliminate the conflict. With respect to the Injunctive Relief Terms, in the event of such a conflict, the procedures set forth in Section III.X of the Injunctive Relief Terms will be followed.

O. *No Prevailing Party.* The Parties and Participating Subdivisions each agree that they are not the prevailing party in this action, for purposes of any claim for fees, costs, or expenses as prevailing parties arising under common law or under the terms of any statute, because the Parties and Participating Subdivisions have reached a good faith settlement. The Parties and Participating Subdivisions each further waive any right to challenge or contest the validity of this Agreement on any ground, including, without limitation, that any term is unconstitutional or is preempted by, or in conflict with, any current or future law. Nothing in the previous sentence shall modify, or be construed to conflict with, Section XIV.M.

P. *Non-Admissibility.* The settlement negotiations resulting in this Agreement have been undertaken by the Parties and by certain representatives of the Participating Subdivisions in good faith and for settlement purposes only, and no evidence of negotiations or discussions underlying this Agreement shall be offered or received in evidence in any action or proceeding for any purpose. This Agreement shall not be offered or received in evidence in any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Agreement.

Any Party or the Plaintiffs' Executive Committee may change or add the contact information of the persons designated to receive notice on its behalf by notice given (effective upon the giving of such notice) as provided in this Section XIV.P.

R. *No Waiver.* The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.

S. *Preservation of Privilege.* Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party and Participating Subdivision agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

T. *Successors.*

1. This Agreement shall be binding upon, and inure to the benefit of, the Settling Distributors and their respective successors and assigns.

2. A Settling Distributor shall not, in one (1) transaction or a series of related transactions, sell or transfer U.S. assets having a fair market value equal to twenty-five percent (25%) or more of the consolidated assets of such Settling Distributor (other than sales or transfers of inventories, or sales or transfers to an entity owned directly or indirectly by such Settling Distributor) where the sale or transfer is announced after the Reference Date, is not for fair consideration, and would foreseeably and unreasonably jeopardize such Settling Distributor's ability to make the payments under this Agreement that are due on or before the third Payment Date following the close of a sale or transfer transaction, unless the Settling Distributor obtains the acquiror's agreement that it will be either a guarantor of or successor to the percentage of that Settling Distributor's remaining Payment Obligations under this Agreement equal to the percentage of the

Settling Distributor's consolidated assets being sold or transferred in such transaction. Percentages under this section shall be determined in accordance with United States generally accepted accounting principles and as of the date of the Settling Distributor's most recent publicly filed consolidated balance sheet prior to the date of entry into the sale or transfer agreement at issue. This Section XIV.T shall be enforceable solely by the Enforcement Committee, and any objection under this Section XIV.T not raised within twenty (20) calendar days of the announcement of the relevant transaction is waived. Any dispute under this Section XIV.T shall be a National Dispute as described in Section VI.F.2 and must be raised exclusively with the National Arbitration Panel as described therein within twenty (20) calendar days of the announcement, and the sole remedy shall be an order enjoining the transaction.

3. A Settling Distributor shall not, in one (1) transaction or a series of related transactions, sell or transfer (other than sales or transfers to an entity owned directly or indirectly by such Settling Distributor) more than twenty-five percent (25%) of the distribution centers within its Full-Line Wholesale Pharmaceutical Distribution Business (as that term is defined in the Injunctive Relief Terms) where the sale or transfer is announced after the Reference Date, unless the Settling Distributor obtains the acquiror's agreement that it will be bound by the Injunctive Relief Terms.

U. *Modification, Amendment, Alteration.* After the Reference Date, any modification, amendment, or alteration of this Agreement by the Parties shall be binding only if evidenced in writing signed by the Settling Distributor to which the modification, amendment, or alteration applies, if the change applies to less than all Settling Distributors, along with the signatures of at least thirty-seven of those then serving Attorneys General of the Settling States along with a representation from each Attorney General that either: (1) the advisory committee or similar entity established or recognized by that Settling State (either pursuant to Section V.E.2.d, by a State-Subdivision Agreement, or by statute) voted in favor of the modification, amendment or alteration of this Agreement including at least one member appointed by the Participating Subdivisions listed on Exhibit G; or (2) in States without any advisory committee, that 50.1% (by population) of the Participating Subdivisions listed on Exhibit G expressed approval of the modification, amendment, or alteration of this Agreement in a writing.

V. *Termination.*

1. Unless otherwise agreed to by each of the Settling Distributors and the Settling State in question, this Agreement and all of its terms (except Section XIV.P and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated with respect to the Settling State, and the Agreement and all orders issued by the courts in the Settling State pursuant to the Agreement shall become null and void and of no effect if one or more of the following conditions applies:

a. a Consent Judgment approving this Agreement without modification of any of the Agreement's terms has not been entered as to the Settling State by a court of competent jurisdiction on or before one hundred eighty (180) calendar days after the Effective Date;

b. this Agreement or the Consent Judgment as to that Settling State has been disapproved by a court of competent jurisdiction to which it was presented for approval and/or entry (or, in the event of an appeal from or review of a decision of such a court to approve this Agreement and the Consent Judgment, by the court hearing such appeal or conducting such review), and the time to appeal from such disapproval has expired, or, in the event of an appeal from such disapproval, the appeal has been dismissed or the disapproval has been affirmed by the court of last resort to which such appeal has been taken and such dismissal or disapproval has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court); or

2. If this Agreement is terminated with respect to a Settling State for whatever reason pursuant to Section XIV.V.1, then:

a. an applicable statute of limitation or any similar time requirement (excluding any statute of repose) shall be tolled from the date the Settling State signed this Agreement until the later of the time permitted by applicable law or for one year from the date of such termination, with the effect that the Settling Distributors and the Settling State in question shall be in the same position with respect to the statute of limitation as they were at the time the Settling State filed its action; and

b. the Settling Distributors and the Settling State in question shall jointly move the relevant court of competent jurisdiction for an order reinstating the actions and claims dismissed pursuant to the terms of this Agreement governing dismissal, with the effect that the Settling Distributors and the Settling State in question shall be in the same position with respect to those actions and claims as they were at the time the action or claim was stayed or dismissed.

3. Unless each of the Settling Distributors and the Enforcement Committee agrees otherwise, this Agreement, with the exception of the Injunctive Relief Terms that have their own provisions on duration, shall terminate as to all Parties as of the Payment Date for Payment Year 18, *provided* that all Settling Distributors that as of that date are not Bankrupt Settling Distributors have performed their Payment obligations under the Agreement as of that date. If fewer than all Settling Distributors that as of that date are not Bankrupt Settling Distributors have performed their Payment obligations under the Agreement as of that date, then the Agreement shall terminate as of that date as to any Settling Distributor that has performed its Payment obligations under the Agreement and the Agreement (a) shall terminate as to each of the remaining Settling Distributors that as of that date is not a Bankrupt Settling Distributor at such time as each performs its Payment obligations under the Agreement and (b) shall terminate as to all Parties at such time as all Settling Distributors that are not Bankrupt Settling Distributors have performed their Payment obligations under the Agreement. Notwithstanding any other provision in this Section XIV.V.3 or in this Agreement, all releases under this Agreement will remain effective despite any termination under this Section XIV.V.3.

W. *Governing Law.* Except (1) as otherwise provided in this Agreement or (2) as necessary, in the sole judgment of the National Arbitration Panel, to promote uniformity of interpretation for matters within the scope of the National Arbitration Panel's authority, this Agreement shall be governed by and interpreted in accordance with the respective laws of the Settling State, without regard to the conflict of law rules of such Settling State, that is seeking to enforce the Agreement against Settling Distributor(s) or against which Settling Distributor(s) are seeking enforcement. Notwithstanding any other provision in this subsection on governing law, any disputes relating to the Settlement Fund Escrow shall be governed by and interpreted in accordance with the law of the state where the escrow agent has its primary place of business.

X. *Bankruptcy.* The following provisions shall apply if a Settling Distributor enters Bankruptcy (a Settling Distributor which does so and takes the actions, or is otherwise subjected to the actions, referred to in (i) and/or (ii) herein being referred to as a "*Bankrupt Settling Distributor*") and (i) the Bankrupt Settling Distributor's bankruptcy estate recovers, pursuant to 11 U.S.C. § 550, any payments made under this Agreement, or (ii) this Agreement is deemed executory and is rejected by such Settling Distributor pursuant to 11 U.S.C. § 365:

1. In the event that both a number of Settling States equal to at least seventy-five percent (75%) of the total number of Settling States and Settling States having aggregate Overall Allocation Percentages as set forth on Exhibit F equal to at least seventy-five percent (75%) of the total aggregate Overall Allocation Percentages assigned to all Settling States deem (by written notice to the Settling Distributors other than the Bankrupt Settling Distributor) that the financial obligations of this Agreement have been terminated and rendered null and void as to such Bankrupt Settling Distributor (except as provided in Section XIV.X.1.a) due to a material breach by such Bankrupt Settling Distributor, whereupon, with respect to all Settling States:

a. all agreements, all concessions, all reductions of Releasing Parties' Claims, and all releases and covenants not to sue, contained in this Agreement shall immediately and automatically be deemed null and void as to such Bankrupt Settling Distributor; the Settling States shall be deemed immediately and automatically restored to the same position they were in immediately prior to their entry into this Settlement Agreement in respect to such Bankrupt Settling Distributor and the Settling States shall have the right to assert any and all claims against such Bankrupt Settling Distributor in the Bankruptcy or otherwise, subject to any automatic stay, without regard to any limits or agreements as to the amount of the settlement otherwise provided in this Agreement; *provided, however*, that notwithstanding the foregoing sentence, (i) all reductions of Releasing Parties' Claims, and all releases and covenants not to sue, contained in this Agreement shall remain in full force and effect as to all persons or entities other than the Bankrupt Settling Distributor itself; and (ii) in the event a Settling State asserts any Released Claim against a Bankrupt Settling Distributor after the rejection and/or termination of this Agreement with respect to such Settling Distributor as described in this Section XIV.X.1.a and receives a judgment, settlement or distribution arising from such Released Claim, then the amount of any payments such Settling State has previously received from such Bankrupt Settling Distributor under this Agreement shall be applied to reduce the amount of any

such judgment, settlement or distribution (provided that no credit shall be given against any such judgment, settlement or distribution for any payment that such Settling State is required to disgorge or repay to the Bankrupt Settling Distributor's bankruptcy estate); and

b. the Settling States may exercise all rights provided under the federal Bankruptcy Code (or other applicable bankruptcy or non-bankruptcy law) with respect to their Claims against such Bankrupt Settling Distributor subject to all defenses and rights of the Bankrupt Settling Distributor.

EXHIBIT G

Subdivisions Eligible to Receive Direct Allocations from the Subdivision Fund and Default Subdivision Fund Allocation Percentages

The Subdivisions set forth on this Exhibit G are eligible to receive direct allocations from the Subdivision Fund, if such Subdivisions are otherwise eligible to receive such funds under this Agreement. By default, the Subdivisions set forth on this Exhibit G shall include: (1) all Litigating Subdivisions that are General Purpose Governments; (2) all counties and parishes in States with functional counties or parishes; (3) all Subdivisions that are the highest level of General Purpose Government in States without functional counties or parishes; and (4) all other Subdivisions that are General Purpose Governments with a population of 10,000 or greater. A State may elect to add any additional Subdivisions to this Exhibit G at any time prior to the Initial Participation Date.

Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, this Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by Section V.D.3.

For the avoidance of doubt, inclusion on this Exhibit G shall not create any claim for any amount of the Settlement Fund, and no such amounts shall be allocated or distributed to any Subdivision included herein if such Subdivision does not otherwise meet all requirements to receive any such funds pursuant to this Agreement.

The Parties recognize the benefits of remediation funds reaching all communities, including through direct payments from the Subdivision Fund. However, to promote efficiency in the use of such funds and avoid administratively-burdensome disbursements that would be too small to add a meaningful abatement response, certain Subdivisions do not receive a direct allocation from the Subdivision Fund. However, such Subdivisions will benefit from Opioid Remediation in their community, and are eligible to receive direct benefits from the Abatement Accounts Fund in their State. All settlement funds, whether allocated to a Settling State, an Abatement Accounts Fund or a Subdivision listed on this Exhibit G can be used for Opioid Remediation in communities not listed herein.

As provided by Section V.D.4.c, the Allocation Percentages shown below apply to distribution of each Settling State's Subdivision Fund in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. The allocation that would have otherwise gone to General Purpose Government Subdivisions not listed below as receiving a direct allocation shall be (1) directed to the county or parish in which such Subdivision is located in Settling States with functional counties or parishes if the relevant county or parish is a Participating Subdivision or (2) to the highest-level General Purpose Government in which such Subdivision is located in Settling States without functional counties or parishes if the relevant highest-level General

Purpose Government is a Participating Subdivision. Where the relevant county, parish or highest-level General Purpose Government is not a Participating Subdivision, allocations of General Purpose Subdivisions not listed below as eligible to become Participating Subdivisions shall be allocated pursuant to Section VII.I. The redirecting of funds described in this paragraph is intended to promote the efficient use of Opioid Remediation funds while keeping, where possible, local control of the distribution of those funds.

Allocations are subject to change pursuant to a State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution.

EXHIBIT H

Participation Tier Determination¹

Participation Tier²	Number of Settling States as of the Reference Date (or as of the Payment Date, beginning in Payment Year 3)³	Percentage of Litigating Subdivisions in Settling States that are Participating Subdivisions and/or Subdivisions Subject to a Bar, Case-Specific Resolution, or Settlement Class Resolution in effect as of the Reference Date (or as of the Payment Date, beginning in Payment Year 3)^{4,5} (“Percentage of Litigating Subdivisions”)	Percentage of Primary Subdivisions that are Non-Litigating Subdivisions in Settling States that are Participating Subdivisions and/or Subdivisions Subject to a Bar, Case-Specific Resolution, or Settlement Class Resolution in effect as of the Reference Date (or as of the Payment Date, beginning in Payment Year 3) (“Percentage of Non-Litigating Subdivisions”)
1	44 out of 49	95%	90% (Primary Subdivisions only)
2	45 out of 49	96%	96% (Primary Subdivisions only)
3	46 out of 49	97%	97% (Primary Subdivisions only)
4	48 out of 49	98%	97% (Primary Subdivisions only)

¹ For the avoidance of doubt, the determinations that a sufficient number of states have agreed to be Settling States and there has been sufficient resolution of the Claims of the Litigating Subdivisions in the Settling States as described in the preamble, Section II.A and Section VIII.A remain in the sole discretion of the Settling Distributors.

² In order to qualify for the relevant tier, the minimum amounts listed in each of the “Number of Settling States,” “Percentage of Litigating Subdivisions,” and “Percentage of Non-Litigating Primary Subdivisions” columns must be met or surpassed.

³ For the sole purpose of the Participation Tier determination under this Exhibit H, the States used to calculate each criterion (including the Percentage of Litigating Subdivisions and Percentage of Non-Litigating Subdivisions) will include each of the 50 states in the United States, except West Virginia, for a total of 49 states. For the avoidance of doubt, notwithstanding the definition of “State” in Section I.TTT or Exhibit F, neither Washington, D.C., nor any territory of the United States will be included for purposes of determining the participation tier under this Exhibit H.

⁴ School Districts, Health Districts, Hospital Districts, Library Districts and Fire Districts that satisfy the definition of Litigating Subdivision will be included for purposes of determining the Percentage of Litigating Subdivisions. These categories of Special District shall have their population measured as set forth in Section XIV.B. Any other Special Districts that satisfy the definition of Litigating Subdivisions will not be included for purposes of calculating the Participation Tier.

The Percentage of Litigating Subdivisions and Percentage of Non-Litigating Primary Subdivisions will be calculated as follows: each Litigating Subdivision and each Non-Litigating Subdivision in the 49 states used to calculate the Participation Tier will be assigned a metric reflecting both population and severity (the “Population-Severity Metric”). The Population-Severity Metric shall be the Subdivision’s population plus the Subdivision’s population multiplied by the severity factor for the State of the Subdivision (the severity factors for each State are attached as Exhibit X hereto) and then divided in two, thus giving fifty percent (50%) weight to each of population and population multiplied by the severity factor. The denominator for each Percentage shall be the sum total of the Population-Severity Metric for all the Subdivisions in the relevant category (Litigating Subdivisions or Non-Litigating Primary Subdivisions) in the Settling States, notwithstanding that persons may be included within the population (and therefore the Population-Severity Metric) of more than one Subdivision. The numerator will be the sum total of the Population-Severity Metrics of all Subdivisions in the relevant category of Subdivision (*i.e.*, Litigating Subdivisions or Non-Litigating Subdivisions that are also Primary Subdivisions) in the Settling States that are either Participating Subdivisions or are subject to a Bar, Case-Specific Resolution, or Settlement Class Resolution, notwithstanding that persons may be included within the population of more than one Subdivision. An

individual Litigating Subdivision shall not be included more than once in the numerator, and shall not be included more than once in the denominator, of the calculation regardless if it (or any of its officials) is named as multiple plaintiffs in the same lawsuit; *provided, however*, that for the avoidance of doubt, no Litigating Subdivision will be excluded from the numerator or denominator under this sentence unless a Litigating Subdivision otherwise counted in the denominator has the authority to release the Claims (consistent with Section XI) of the Litigating Subdivision to be excluded.

For the avoidance of doubt, Subdivisions in Non-Settling States are excluded from both the denominator and numerator of the calculations for the Percentage of Litigating Subdivisions and Percentage of Non-Litigating Primary Subdivisions.

- ⁵ During the period when the Participation Tier is redetermined annually, Later Participating Subdivisions described in Section VII.E.3 or Section VII.E.4 shall not be included as Participating Subdivisions, and for Subdivisions subject to a Bar, Case-Specific Resolution, or Settlement Class Resolution to be included, the Bar, Case-Specific Resolution, or Settlement Class Resolution must have been in effect both as of the relevant Payment Date and for the entire period since the prior Payment Date.

The governmental entity identified above ("*Governmental Entity*"), in order to obtain and in consideration for the benefits provided to the Governmental Entity pursuant to the Settlement Agreement dated July 21, 2021 ("*Distributor Settlement*"), and acting through the undersigned authorized official, hereby elects to participate in the Distributor Settlement, release all Released Claims against all Released Entities, and agrees as follows.

1. The Governmental Entity is aware of and has reviewed the Distributor Settlement, understands that all terms in this Participation Form have the meanings defined therein, and agrees that by signing this Participation Form, the Governmental Entity elects to participate in the Distributor Settlement and become a Participating Subdivision as provided therein.
2. The Governmental Entity shall, within 14 days of the Reference Date and prior to the filing of the Consent Judgment, secure the dismissal with prejudice of any Released Claims that it has filed.
3. The Governmental Entity agrees to the terms of the Distributor Settlement pertaining to Subdivisions as defined therein.
4. By agreeing to the terms of the Distributor Settlement and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning after the Effective Date.
5. The Governmental Entity agrees to use any monies it receives through the Distributor Settlement solely for the purposes provided therein.
6. The Governmental Entity submits to the jurisdiction of the court in the Governmental Entity's state where the Consent Judgment is filed for purposes limited to that court's role as provided in, and for resolving disputes to the extent provided in, the Distributor Settlement. The Governmental Entity likewise agrees to arbitrate before the National Arbitration Panel as provided in, and for resolving disputes to the extent otherwise provided in, the Distributor Settlement.

7. The Governmental Entity has the right to enforce the Distributor Settlement as provided therein.
8. The Governmental Entity, as a Participating Subdivision, hereby becomes a Releasor for all purposes in the Distributor Settlement, including, but not limited to, all provisions of Part XI, and along with all departments, agencies, divisions, boards, commissions, districts, instrumentalities of any kind and attorneys, and any person in their official capacity elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, and any other entity identified in the definition of Releasor, provides for a release to the fullest extent of its authority. As a Releasor, the Governmental Entity hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Distributor Settlement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of the Governmental Entity to release claims. The Distributor Settlement shall be a complete bar to any Released Claim.
9. The Governmental Entity hereby takes on all rights and obligations of a Participating Subdivision as set forth in the Distributor Settlement.
10. In connection with the releases provided for in the Distributor Settlement, each Governmental Entity expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release, and that if known by him or her would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the Distributor Settlement.

11. Nothing herein is intended to modify in any way the terms of the Distributor Settlement, to which Governmental Entity hereby agrees. To the extent this Participation Form is interpreted differently from the Distributor Settlement in any respect, the Distributor Settlement controls.

I have all necessary power and authorization to execute this Participation Form on behalf of the Governmental Entity.

Adoption of a State-Subdivision Agreement

A State-Subdivision Agreement shall be applied if it meets the requirements of Section V and is approved by the State and by the State's Subdivisions as follows:

1. *Requirements for Approval.* A State-Subdivision Agreement shall be agreed when it has been approved by the State and either (a) Subdivisions whose aggregate "*Population Percentages*," determined as set forth below, total more than sixty percent (60%), or (b) Subdivisions whose aggregate Population Percentages total more than fifty percent (50%) provided that these Subdivisions also represent fifteen percent (15%) or more of the State's counties or parishes (or, in the case of Settling States whose counties and parishes that do not function as local governments, fifteen percent (15%) of or more of the Settling State's General Purpose Governments that qualify as Subdivisions), by number.

2. *Approval Authority.* Approval by the State shall be by the Attorney General. Approval by a Subdivision shall be by the appropriate official or legislative body pursuant to the required procedures for that Subdivision to agree to a legally binding settlement.

3. *Population Percentage Calculation.* For purposes of this Exhibit O only, Population Percentages shall be determined as follows: For States with functional counties or parishes¹⁷, the Population Percentage of each county or parish shall be deemed to be equal to (a) (1) two hundred percent (200%) of the population of such county or parish, minus (2) the aggregate population of all Primary Incorporated Municipalities located in such county or parish, divided by (b) two hundred percent (200%) of the State's population. A "*Primary Incorporated Municipality*" means a city, town, village or other municipality incorporated under applicable state law with a population of at least 25,000 that is not located within another incorporated municipality. The Population Percentage of each Primary Incorporated Municipality shall be equal to its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population; *provided* that the Population Percentage of a Primary Incorporated Municipality that is not located within a county shall be equal to two hundred percent (200%) of its population (including the population of any incorporated or unincorporated municipality located therein) divided by two hundred percent (200%) of the State's population. For all States that do not have functional counties or parishes, the Population Percentage of each General Purpose Government (including any incorporated or unincorporated municipality located therein), shall be equal to its population divided by the State's population.

4. *Preexisting Agreements and Statutory Provisions.* A State may include with the notice to its Subdivisions an existing agreement, a proposed agreement, or statutory provisions regarding the distribution and use of settlement funds and have the acceptance of such an agreement or statutory provision be part of the requirements to be an Initial Participating Subdivision.

¹⁷ Certain states do not have counties or parishes that have functional governments, including: Alaska, Connecticut, Massachusetts, Rhode Island, and Vermont.

5. *Revised Agreements.* A State-Subdivision Agreement that has been revised, supplemented, or refined shall be applied if it meets the requirements of Section V and is approved by the State and by the State's Subdivisions pursuant to the terms above.

 - a) A list of the total number of prescriptions and dosage units for each NDC for all Controlled Substances and non-Controlled Substances;

- b) A list of the top five prescribers of each Highly Diverted Controlled Substance by dosage volume and the top ten prescribers of all Highly Diverted Controlled Substances combined by dosage volume. For each prescriber, the data shall include the following information:
 - (1) Number of prescriptions and doses prescribed for each Highly Diverted Controlled Substance NDC;
 - (2) Number of prescriptions for each unique dosage amount (number of pills per prescription) for each Highly Diverted Controlled Substance NDC;
 - (3) Prescriber name, DEA registration number, and address; and
 - (4) Medical practice/specialties, if available;
 - c) Information on whether the method of payment was cash for (a) Controlled Substances, and (b) non-Controlled Substances; and
 - d) Information on top ten patient residential areas by five-digit ZIP code prefix for filled Highly Diverted Controlled Substances by dosage volume, including number of prescriptions and doses for each Highly Diverted Controlled Substance NDC.
2. Injunctive Relief Distributors are not required to obtain Pharmacy Customer Data for all Customers. Pharmacy Customer Data only needs to be obtained under circumstances required by the Injunctive Relief Terms and the applicable CSMP policies and procedures. Each Injunctive Relief Distributor's CSMP policies and procedures shall describe the appropriate circumstances under which and methods to be used to obtain and analyze Pharmacy Customer Data.
3. Injunctive Relief Distributors shall only collect, use, disclose or retain Pharmacy Customer Data consistent with applicable federal and state privacy and consumer protections laws. Injunctive Relief Distributors shall not be required to collect, use, disclose or retain any data element that is prohibited by law or any element that would require notice to or consent from the party who is the subject of the data element, including, but not limited to, a third party (such as a prescriber) to permit collection, use, disclosure and/or retention of the data.
- AA. *"Potential Violation."* As defined in Section XIX.B.1.
- BB. *"Reporting Periods."* As defined in Section XVIII.C.1.

- CC. “*Settling State*.” As defined by Section I.OOO of the Settlement Agreement, dated as of July 21, 2021, which incorporates these Injunctive Relief Terms as Exhibit P.
- DD. “*State Compliance Review Committee*.” The initial State Compliance Review Committee members are representatives from the Attorneys General Offices of Connecticut, Florida, New York, North Carolina, Tennessee, and Texas. The membership of the State Compliance Review Committee may be amended at the discretion of the Settling States.
- EE. “*Suspicious Orders*.” As defined under federal law and regulation and the laws and regulations of the Settling States that incorporate the federal Controlled Substances Act. Suspicious Orders currently include, but are not limited to, orders of unusual size, orders deviating substantially from a normal pattern, and orders of unusual frequency.
- FF. “*Threshold*.” The total volume of a particular drug family, DEA base code, or a particular formulation of a Controlled Substance that an Injunctive Relief Distributor shall allow a Customer to purchase in any particular period. This term may be reassessed during Phase 2-B of the Clearinghouse.
- GG. “*Third Party Request*.” A request from an entity other than an Injunctive Relief Distributor, a Settling State, or the Monitor pursuant to a subpoena, court order, data practices act, freedom of information act, public information act, public records act, or similar law.
- HH. “*Top Prescriber*.” A prescriber who, for a Customer, is either (i) among the top five (5) prescribers of each Highly Diverted Controlled Substance or (ii) among the top ten (10) prescribers of Highly Diverted Controlled Substances combined, as determined from the most recent Pharmacy Customer Data for that Customer.

IV. CSMP PERSONNEL

- A. Each Injunctive Relief Distributor shall establish or maintain the position of Chief Diversion Control Officer, or other appropriately titled position, to oversee the Injunctive Relief Distributor’s CSMP. The Chief Diversion Control Officer shall have appropriate experience regarding compliance with the laws and regulations concerning Controlled Substances, in particular laws and regulations requiring effective controls against the potential diversion of Controlled Substances. The Chief Diversion Control Officer shall report directly to either the senior executive responsible for U.S. pharmaceutical distribution or the most senior legal officer at the Injunctive Relief Distributor.
- B. The Chief Diversion Control Officer shall be responsible for the approval of material revisions to the CSMP.
- C. The Chief Diversion Control Officer shall provide at least quarterly reports to the CSMP Committee regarding the Injunctive Relief Distributor’s operation of the

CSMP, including the implementation of any changes to the CSMP required by these Injunctive Relief Terms.

- D. An Injunctive Relief Distributor's CSMP functions, including, but not limited to, the onboarding and approval of new Customers for the sale of Controlled Substances, setting and adjusting Customer Thresholds for Controlled Substances, terminating or suspending Customers, and submitting Suspicious Orders and other reports to Settling States (or the Clearinghouse, when operational), but excluding support necessary to perform these functions, shall be conducted exclusively by the Injunctive Relief Distributor's CSMP personnel or qualified third-party consultants.
- E. Staffing levels of each Injunctive Relief Distributor's CSMP department shall be reviewed periodically, but at least on an annual basis, by the Injunctive Relief Distributor's CSMP Committee. This review shall include consideration of relevant developments in technology, law, and regulations to ensure the necessary resources are in place to carry out the program in an effective manner.
- F. Personnel in an Injunctive Relief Distributor's CSMP department shall not report to individuals in an Injunctive Relief Distributor's sales department, and sales personnel shall not be authorized to make decisions regarding the promotion, compensation, demotion, admonition, discipline, commendation, periodic performance reviews, hiring, or firing of CSMP personnel.
- G. The CSMP policies and procedures shall be published in a form and location readily accessible to all CSMP personnel at each Injunctive Relief Distributor.

V. INDEPENDENCE

- A. For each Injunctive Relief Distributor, sales personnel compensated with commissions shall not be compensated based on revenue or profitability targets or expectations for sales of Controlled Substances. However, each Injunctive Relief Distributor's personnel may, as applicable, be compensated (including incentive compensation) based on formulas that include total sales for all of the Injunctive Relief Distributor's products, including Controlled Substances. The compensation of sales personnel shall not include incentive compensation tied solely to sales of Controlled Substances.
- B. For any Injunctive Relief Distributor personnel who are compensated at least in part based on Customer sales, the Injunctive Relief Distributor shall ensure the compensation of such personnel is not decreased by a CSMP-related suspension or termination of a Customer or as a direct result of the reduction of sales of Controlled Substances to a Customer pursuant to the CSMP.
- C. The Injunctive Relief Distributors' sales personnel shall not be authorized to make decisions regarding the implementation of CSMP policies and procedures, the design of the CSMP, the setting or adjustment of Thresholds, or other actions

taken pursuant to the CSMP, except sales personnel must provide information regarding compliance issues to CSMP personnel promptly. The Injunctive Relief Distributors' sales personnel are prohibited from interfering with, obstructing, or otherwise exerting control over any CSMP department decision-making.

- D. Each Injunctive Relief Distributor shall review its compensation and non-retaliation policies and, if necessary, modify and implement changes to those policies to effectuate the goals of, and incentivize compliance with, the CSMP.
- E. Each Injunctive Relief Distributor shall maintain a telephone, email, and/or web-based "hotline" to permit employees and/or Customers to anonymously report suspected diversion of Controlled Substances or violations of the CSMP, Injunctive Relief Distributor company policy related to the distribution of Controlled Substances, or applicable law. Each Injunctive Relief Distributor shall share the hotline contact information with their employees and Customers. Each Injunctive Relief Distributor shall maintain all complaints made to the hotline, and document the determinations and bases for those determinations made in response to all complaints.

VI. OVERSIGHT

- A. To the extent not already established, each Injunctive Relief Distributor shall establish a committee that includes senior executives with responsibility for legal, compliance, distribution and finance to provide oversight over its CSMP (the "*CSMP Committee*"). The Chief Diversion Control Officer shall be a member of the CSMP Committee. The CSMP Committee shall not include any employee(s) or person(s) performing any sales functions on behalf of the Injunctive Relief Distributor; provided that service on the CSMP Committee by any senior executives listed in this paragraph whose responsibilities may include, but are not limited to, management of sales functions shall not constitute a breach of the Injunctive Relief Terms.
- B. Each Injunctive Relief Distributor's CSMP Committee shall have regular meetings during which the Chief Diversion Control Officer shall present to the CSMP Committee with respect to, and the CSMP Committee shall evaluate, among other things: (1) any material modifications and potential enhancements to the CSMP including, but not limited to, those relating to Customer due diligence and Suspicious Order monitoring and reporting; (2) any significant new national and regional diversion trends involving Controlled Substances; (3) the Injunctive Relief Distributor's adherence to the CSMP policies and procedures, the Injunctive Relief Terms, and applicable laws and regulations governing the distribution of Controlled Substances; and (4) any technology, staffing, or other resource needs for the CSMP. The CSMP Committee shall have access to all CSMP reports. The CSMP Committee will review and approve the specific metrics used to identify the Red Flags set forth in Section VIII.

- C. On a quarterly basis, each Injunctive Relief Distributor's CSMP Committee shall send a written report to the Injunctive Relief Distributor's Chief Executive, Chief Financial, and Chief Legal Officer, as well as its Board of Directors, addressing: (1) the Injunctive Relief Distributor's substantial adherence to the CSMP policies and procedures, the Injunctive Relief Terms, and applicable laws and regulations governing the distribution of Controlled Substances; (2) recommendations as appropriate about the allocation of resources to ensure the proper functioning of the Injunctive Relief Distributor's CSMP; and (3) significant revisions to the CSMP. The Board of Directors or a committee thereof at each Injunctive Relief Distributor shall document in its minutes its review of the quarterly CSMP Committee reports.
- D. To the extent not already established, the Board of Directors of each Injunctive Relief Distributor shall establish its own compliance committee (the "*Board Compliance Committee*") to evaluate, at a minimum, and on a quarterly basis: (1) the CSMP Committee's written reports; (2) the Injunctive Relief Distributor's substantial adherence to the CSMP policies and procedures, the Injunctive Relief Terms, and applicable laws and regulations governing the distribution of Controlled Substances; (3) the Injunctive Relief Distributor's code of conduct and any whistleblower reporting policies, including those prescribed by Section V.E; and (4) any significant regulatory and/or government enforcement matters within the review period relating to the distribution of Controlled Substances. An Injunctive Relief Distributor meets this requirement if it established, prior to the Effective Date, multiple committees of its Board of Directors that together have responsibilities outlined in this paragraph.
- E. The Board Compliance Committee shall have the authority to: (1) require management of the Injunctive Relief Distributor to conduct audits on any CSMP or legal and regulatory concern pertaining to Controlled Substances distribution, and to update its full Board of Directors on those audits; (2) to commission studies, reviews, reports, or surveys to evaluate the Injunctive Relief Distributor's CSMP performance; (3) request meetings with the Injunctive Relief Distributor's management and CSMP staff; and (4) review the appointment, compensation, performance, and replacement of the Injunctive Relief Distributor's Chief Diversion Control Officer.

VII. MANDATORY TRAINING

- A. Each Injunctive Relief Distributor shall require all new CSMP personnel to attend trainings on its CSMP, its obligations under the Injunctive Relief Terms, and its duties with respect to maintaining effective controls against potential diversion of Controlled Substances and reporting Suspicious Orders pursuant to state and federal laws and regulations prior to conducting any compliance activities for the Injunctive Relief Distributor without supervision.
- B. Each Injunctive Relief Distributor shall provide annual trainings to CSMP personnel on its CSMP, its obligations under the Injunctive Relief Terms, and its

duties to maintain effective controls against potential diversion of Controlled Substances and report Suspicious Orders pursuant to state and federal laws and regulations.

- C. On an annual basis, each Injunctive Relief Distributor shall test its CSMP personnel on their knowledge regarding its CSMP, its obligations under the Injunctive Relief Terms, and its duties to maintain effective controls against potential diversion of Controlled Substances and to report Suspicious Orders pursuant to state and federal laws and regulations.
- D. Each Injunctive Relief Distributor shall train all third-party compliance consultants (defined as non-employees who are expected to devote fifty percent (50%) or more of their time to performing work related to the Injunctive Relief Distributor's CSMP, excluding information technology consultants not engaged in substantive functions related to an Injunctive Relief Distributor's CSMP) performing compliance functions for the Injunctive Relief Distributor in the same manner as the Injunctive Relief Distributor's CSMP personnel.
- E. At least every three (3) years in the case of existing employees, and within the first six months of hiring new employees, each Injunctive Relief Distributor shall require operations, sales, and senior executive employees to attend trainings on its CSMP, its obligations under the Injunctive Relief Terms, the hotline established in Section V.E, and its duties to maintain effective controls against potential diversion of Controlled Substances and report Suspicious Orders pursuant to state and federal laws and regulations.

VIII. RED FLAGS

- A. Within one hundred and twenty days (120) of the Effective Date, each Injunctive Relief Distributor shall, at a minimum, apply specific metrics to identify the potential Red Flags described in Section VIII.D with respect to Independent Retail Pharmacy Customers. For Chain Customers, the metrics used to identify the Red Flags described in Section VIII.D may be adjusted based on the specific business model and supplier relationships of the Chain Customer.
- B. Each Injunctive Relief Distributor shall evaluate and, if necessary, enhance or otherwise adjust the specific metrics it uses to identify Red Flags set forth in Section VIII.D.
- C. Each Injunctive Relief Distributor shall provide annually to the Monitor the specific metrics it uses to identify Red Flags as set forth in Section VIII.D. The Monitor shall review the metrics used to identify Red Flags as set forth in Section VIII.D to assess whether the metrics are reasonable. The Monitor may, at its discretion, suggest revisions to the metrics in the annual Audit Report as part of the Red Flags Review set forth in Section XVIII.F.3.f. Each Injunctive Relief Distributor may rely on its specific metrics to comply with the requirements of

Section VIII unless and until the Monitor proposes a revised metric in connection with Section XVIII.H.

D. For purposes of the Injunctive Relief Terms, “*Red Flags*” are defined as follows:

1. **Ordering ratio of Highly Diverted Controlled Substances to non-Controlled Substances:** Analyze the ratio of the order volume of all Highly Diverted Controlled Substances to the order volume of all non-Controlled Substances to identify Customers with significant rates of ordering Highly Diverted Controlled Substances.
2. **Ordering ratio of Highly Diverted Controlled Substance base codes or drug families to non-Controlled Substances:** Analyze the ratio of the order volume of each Highly Diverted Controlled Substance base code or drug family to the total order volume of all non-Controlled Substances to identify Customers with significant rates of ordering each Highly Diverted Controlled Substance base code or drug family.
3. **Excessive ordering growth of Controlled Substances:** Analyze significant increases in the ordering volume of Controlled Substances using criteria to identify customers that exhibit percentage growth of Controlled Substances substantially in excess of the percentage growth of non-Controlled Substances.
4. **Unusual formulation ordering:** Analyze ordering of Highly Diverted Controlled Substances to identify customers with significant ordering of high-risk formulations. High-risk formulations include, but are not limited to, 10mg hydrocodone, 8mg hydromorphone, 2mg alprazolam, single-ingredient buprenorphine (*i.e.*, buprenorphine without naloxone), and highly-abused formulations of oxycodone. On an annual basis (or as otherwise necessary), high-risk formulations of Highly Diverted Controlled Substances may be added, removed, or revised based on the Injunctive Relief Distributors’ assessment and regulatory guidance.
5. **Out-of-area patients:** Analyze Pharmacy Customer Data or Dispensing Data to assess volume of prescriptions for Highly Diverted Controlled Substances for out-of-area patients (based on number of miles traveled between a patient’s zip code and the pharmacy location, depending on the geographic area of interest) taking into consideration the percentage of out-of-area patients for non-Controlled Substances.
6. **Cash prescriptions:** Analyze Pharmacy Customer Data or Dispensing Data to assess percentage of cash payments for purchases of Controlled Substances taking into consideration the percentage of cash payments for purchases of non-Controlled Substances.

7. **Prescriber activity of Customers:** Analyze Pharmacy Customer Data or Dispensing Data to identify Customers that are dispensing Highly Diverted Controlled Substance prescriptions for Top Prescribers as follows:
 - a) Top Prescribers representing a significant volume of dispensing where the prescriber's practice location is in excess of 50 miles from the pharmacy ("out-of-area"), relative to the percentage of out-of-area prescriptions for non-Controlled Substances.
 - b) Top Prescribers representing prescriptions for the same Highly Diverted Controlled Substances in the same quantities and dosage forms indicative of pattern prescribing (e.g., a prescriber providing many patients with the same high-dose, high-quantity supply of 30mg oxycodone HCL prescription without attention to the varying medical needs of the prescriber's patient population).
 - c) Top Prescribers where the top five (5) or fewer prescribers represent more than fifty percent (50%) of total prescriptions for Highly Diverted Controlled Substances during a specified period.
 8. **Public regulatory actions against Customers:** Review information retrieved from companies that provide licensing and disciplinary history records (e.g., LexisNexis), and/or other public sources, including governmental entities, showing that the Customer, pharmacists working for that Customer, or the Customer's Top Prescribers have been subject, in the last five (5) years, to professional disciplinary sanctions regarding the dispensing or handling of Controlled Substances or law enforcement action related to Controlled Substances diversion. Continued licensing by a relevant state agency may be considered, but shall not be dispositive, in resolving the Red Flag. For Chain Customer locations, representations from each Chain Customer that it reviews its pharmacists' licensing statuses annually and for the regulatory actions described in this paragraph has either (i) taken appropriate employment action, or (ii) disclosed the regulatory action to the Injunctive Relief Distributor, may be considered in resolving the Red Flag.
 9. **Customer termination data:** Review information from the Injunctive Relief Distributor's due diligence files and, when operable, from the Clearinghouse, subject to Section VIII.F, regarding Customers that have been terminated from ordering Controlled Substances by another distributor due to concerns regarding Controlled Substances.
- E. For any Red Flag evaluation in Section VIII.D that may be performed using Pharmacy Customer Data or Dispensing Data, an Injunctive Relief Distributor will analyze the Red Flag using Pharmacy Customer Data, to the extent feasible based on the functionality of a Customer's pharmacy management system, until

Dispensing Data is collected and analyzed by the Clearinghouse as described in Section XVII. Until Dispensing Data is collected and analyzed by the Clearinghouse, an Injunctive Relief Distributor may satisfy the Red Flag evaluations in Sections VIII.D.5 through VIII.D.7 by engaging in considerations of out-of-area patients, cash payments for prescriptions and Top Prescribers without satisfying the specific requirements of Sections VIII.D.5 through VIII.D.7. In the event that the Clearinghouse is not collecting and analyzing Dispensing Data within two years of the Effective Date, the Injunctive Relief Distributors and the State Compliance Review Committee shall meet and confer to consider alternatives for the performance of the analysis required by Sections VIII.D.5 through VIII.D.7 using Pharmacy Customer Data.

- F. As provided for in Section XVII.C.4, the foregoing Red Flag evaluations may be performed by the Clearinghouse and reported to the relevant Injunctive Relief Distributors.
- G. The Injunctive Relief Distributors and the State Compliance Review Committee shall work in good faith to identify additional potential Red Flags that can be derived from the data analytics to be performed by the Clearinghouse.

IX. ONBOARDING

- A. For each Injunctive Relief Distributor, prior to initiating the sale of Controlled Substances to a potential Customer, a member of the Injunctive Relief Distributor's CSMP department (or a qualified third-party compliance consultant trained on the Injunctive Relief Distributor's CSMP) shall perform the following due diligence:
 - 1. Interview the pharmacist-in-charge, either over the telephone, via videoconference, or in person. The interview shall include questions regarding the manner in which the potential Customer maintains effective controls against the potential diversion of Controlled Substances.
 - 2. Obtain a "Pharmacy Questionnaire" completed by the owner and/or pharmacist-in-charge of the potential Customer. The Pharmacy Questionnaire shall require going-concern potential Customers to list their top ten (10) prescribers for Highly Diverted Controlled Substances combined, along with the prescriber's specialty, unless the Injunctive Relief Distributor is able to obtain this data otherwise. The Pharmacy Questionnaire shall also require disclosure of the identity of all other distributors that serve the potential Customer, and whether the potential Customer has been terminated or suspended from ordering Controlled Substances by another distributor and the reason for any termination or suspension. The Pharmacy Questionnaire shall request information that would allow the Injunctive Relief Distributor to identify Red Flags, including questions regarding the manner in which the potential Customer maintains effective controls against the potential diversion of Controlled

Substances. A potential Customer's responses to the Pharmacy Questionnaire shall be verified, to the extent applicable and practicable, against external sources (for example, the Clearinghouse, once operational, and Automation of Reports and Consolidated Orders System ("ARCOS") data made available to the Injunctive Relief Distributor by the DEA). The Pharmacy Questionnaire shall be maintained by the Injunctive Relief Distributor in a database accessible to its CSMP personnel.

3. Complete a written onboarding report to be maintained in a database accessible to the Injunctive Relief Distributor's CSMP personnel reflecting the findings of the interview and any site visit, the findings regarding the identification of and, if applicable, conclusion concerning any Red Flag associated with the pharmacy, as well as an analysis of the Pharmacy Questionnaire referenced in the preceding paragraph.
 4. For going-concern potential Customers, review Pharmacy Customer Data to assist with the identification of any Red Flags.
 5. Document whether the potential Customer or the pharmacist-in-charge has been subject to any professional disciplinary sanctions or law enforcement activity related to Controlled Substances dispensing, and, if so, the basis for that action. For Chain Customers, this provision shall apply to the potential specific pharmacies in question.
- B. For Chain Customers, each Injunctive Relief Distributor may obtain the information in Section IX.A from a corporate representative of the Chain Customer.
- C. In the event that an Injunctive Relief Distributor identifies one or more unresolved Red Flags or other information indicative of potential diversion of Controlled Substances through the onboarding process or otherwise, the Injunctive Relief Distributor shall refrain from selling Controlled Substances to the potential Customer pending additional due diligence. If following additional due diligence, the Injunctive Relief Distributor is unable to resolve the Red Flags or other information indicative of diversion, the Injunctive Relief Distributor shall not initiate the sale of Controlled Substances to the potential Customer and shall report the potential Customer consistent with Section XIV. If the Injunctive Relief Distributor determines that the potential Customer may be onboarded for the sale of Controlled Substances, the Injunctive Relief Distributor shall document the decision and the bases for its decision. Such a good faith determination, if documented, shall not serve, without more, as the basis of a future claim of non-compliance with the Injunctive Relief Terms. For Chain Customers, these provisions shall apply to the potential specific pharmacies in question.

X. ONGOING DUE DILIGENCE

- A. Each Injunctive Relief Distributor shall periodically review its procedures and systems for detecting patterns or trends in Customer order data or other information used to evaluate whether a Customer is maintaining effective controls against diversion.
- B. Each Injunctive Relief Distributor shall conduct periodic proactive compliance reviews of its Customers' performance in satisfying their corresponding responsibilities to maintain effective controls against the diversion of Controlled Substances.
- C. Each Injunctive Relief Distributor shall review ARCOS data made available to it by the DEA and, once operational, by the Clearinghouse, to assist with Customer specific due diligence. For Chain Customers, this provision shall apply to the potential specific pharmacies in question.
- D. Each Injunctive Relief Distributor shall conduct due diligence as set forth in its CSMP policies and procedures in response to concerns of potential diversion of Controlled Substances at its Customers. For Chain Customers, these provisions shall apply to the specific pharmacies in question. The due diligence required by an Injunctive Relief Distributor's CSMP policies and procedures may depend on the information or events at issue. The information or events raising concerns of potential diversion of Controlled Substances at a Customer include but are not limited to:
 - 1. The discovery of one or more unresolved Red Flags;
 - 2. The receipt of information directly from law enforcement or regulators concerning potential diversion of Controlled Substances at or by a Customer;
 - 3. The receipt of information concerning the suspension or revocation of pharmacist's DEA registration or state license related to potential diversion of Controlled Substances;
 - 4. The receipt of reliable information through the hotline established in Section V.E concerning suspected diversion of Controlled Substances at the Customer;
 - 5. The receipt of reliable information from another distributor concerning suspected diversion of Controlled Substances at the Customer; or
 - 6. Receipt of other reliable information that the Customer is engaged in conduct indicative of diversion or is failing to adhere to its corresponding responsibility to prevent the diversion of Highly Diverted Controlled Substances.

- E. On an annual basis, each Injunctive Relief Distributor shall obtain updated pharmacy questionnaires from five hundred (500) Customers to include the following:
1. The top 250 Customers by combined volume of Highly Diverted Controlled Substances purchased from the Injunctive Relief Distributor measured as of the end of the relevant calendar year; and
 2. Additional Customers selected as a representative sample of various geographic regions, customer types (Independent Retail Pharmacy Customers and Chain Customers), and distribution centers. Each Injunctive Relief Distributor's Chief Diversion Control Officer shall develop risk-based criteria for the sample selection.
- F. Scope of Review
1. For reviews triggered by Section X.D, an Injunctive Relief Distributor shall conduct due diligence and obtain updated Pharmacy Customer Data or equivalent, or more comprehensive data from the Clearinghouse if needed, as set forth in its CSMP policies and procedures.
 2. For questionnaires collected pursuant to Section X.E, Injunctive Relief Distributors shall conduct a due diligence review consistent with the Injunctive Relief Distributors' CSMP policies and procedures. These annual diligence reviews shall be performed in addition to any of the diligence reviews performed under Section X.D, but may reasonably rely on reviews performed under Section X.D.
 3. If the Injunctive Relief Distributor decides to terminate the Customer due to concerns regarding potential diversion of Controlled Substances, the Injunctive Relief Distributor shall promptly cease the sale of Controlled Substances to the Customer and report the Customer consistent with Section XIV. If the Injunctive Relief Distributor decides not to terminate the Customer, the Injunctive Relief Distributor shall document that determination and the basis therefor. Such a good faith determination, if documented, shall not, without more, serve as the basis of a future claim of non-compliance with the Injunctive Relief Terms.

XI. SITE VISITS

- A. Each Injunctive Relief Distributor shall conduct site visits, including unannounced site visits, where appropriate, of Customers, as necessary, as part of Customer due diligence.
- B. During site visits, an Injunctive Relief Distributor's CSMP personnel or qualified third-party compliance consultants shall interview the pharmacist-in-charge or other relevant Customer employees, if appropriate, about any potential Red Flags

and the Customer's maintenance of effective controls against the potential diversion of Controlled Substances.

- C. An Injunctive Relief Distributor's CSMP personnel or qualified third-party compliance consultants who conduct site visits shall document the findings of any site visit.
- D. Site visit and all other compliance reports shall be maintained by each Injunctive Relief Distributor in a database accessible to all CSMP personnel.

XII. THRESHOLDS

- A. Each Injunctive Relief Distributor shall use Thresholds to identify potentially Suspicious Orders of Controlled Substances from Customers.
- B. Each Injunctive Relief Distributor's CSMP department shall be responsible for the oversight of the process for establishing and modifying Thresholds. The sales departments of the Injunctive Relief Distributors shall not have the authority to establish or adjust Thresholds for any Customer or participate in any decisions regarding establishment or adjustment of Thresholds.
- C. Injunctive Relief Distributors shall not provide Customers specific information about their Thresholds or how their Thresholds are calculated.
 - 1. Threshold Setting
 - a) Injunctive Relief Distributors shall primarily use model-based thresholds. For certain circumstances, Injunctive Relief Distributors may apply a non-model threshold based on documented customer diligence and analysis.
 - b) Each Injunctive Relief Distributor shall include in its Annual Threshold Analysis and Assessment Report (as required by Section XVIII.F.3.c) to the Monitor summary statistics regarding the use of non-model thresholds and such information shall be considered by the Monitor as part of its Threshold Setting Process Review in the annual Audit Report.
 - c) For the purposes of establishing and maintaining Thresholds, each Injunctive Relief Distributor shall take into account the Controlled Substances diversion risk of each drug base code. The diversion risk of each base code should be defined and reassessed annually by the Injunctive Relief Distributor's CSMP Committee and reviewed by the Monitor.
 - d) Each Injunctive Relief Distributor shall establish Thresholds for new Customers prior to supplying those Customers with Controlled Substances and shall continue to have Thresholds in

place at all times for each Customer to which it supplies Controlled Substances.

- e) When ordering volume from other distributors becomes readily available from the Clearinghouse, an Injunctive Relief Distributor shall consider including such information as soon as reasonably practicable in establishing and maintaining Thresholds.
- f) Each Injunctive Relief Distributor shall incorporate the following guiding principles in establishing and maintaining Customer Thresholds, except when inapplicable to non-model Thresholds:
 - (1) Thresholds shall take into account the number of non-Controlled Substance dosage units distributed to, dispensed and/or number of prescriptions dispensed by the Customer to assist with the determination of Customer size. As a general matter, smaller customers should have lower Thresholds than larger customers.
 - (2) For the purposes of establishing and maintaining Thresholds, Injunctive Relief Distributors shall use statistical models that are appropriate to the underlying data.
 - (3) For the purposes of establishing and maintaining Thresholds, Injunctive Relief Distributors shall take into account a Customer's ordering and/or dispensing history for a specified period of time.
 - (4) For the purposes of establishing and maintaining Thresholds, Injunctive Relief Distributors shall take into account the ordering history of Customers within similar geographic regions, or, where appropriate for Chain Customers, ordering history within the chain.
 - (5) If appropriate, Thresholds may take into account the characteristics of Customers with similar business models.
 - (a) A Customer's statement that it employs a particular business model must be verified, to the extent practicable, before that business model is taken into account in establishing and maintaining a Customer's Threshold.

2. Threshold Auditing

- a) The Injunctive Relief Distributors shall review their respective Customer Thresholds at least on an annual basis and modify them where appropriate.
- b) Each Injunctive Relief Distributor's CSMP department shall annually evaluate its Threshold setting methodology and processes and its CSMP personnel's performance in adhering to those policies.

3. Threshold Changes

- a) An Injunctive Relief Distributor may increase or decrease a Customer Threshold as set forth in its CSMP policies and procedures, subject to Sections XII.C.3.b through XII.C.3.e.
- b) Prior to approving any Threshold change request by a Customer, each Injunctive Relief Distributor shall conduct due diligence to determine whether an increase to the Threshold is warranted. This due diligence shall include obtaining from the Customer the basis for the Threshold change request, obtaining and reviewing Dispensing Data and/or Pharmacy Customer Data for the previous three (3) months for due diligence purposes, and, as needed, conducting an on-site visit to the Customer. This Threshold change request diligence shall be conducted by the Injunctive Relief Distributor's CSMP personnel.
- c) No Injunctive Relief Distributor shall proactively contact a Customer to suggest that the Customer request an increase to any of its Thresholds, to inform the Customer that its Orders-to-date are approaching its Thresholds or to recommend to the Customer the amount of a requested Threshold increase. It shall not be a violation of this paragraph to provide Chain Customer headquarters reporting on one or more individual Chain Customer pharmacy location(s) to support the anti-diversion efforts of the Chain Customer's headquarters staff, and it shall not be a violation of this paragraph for the Injunctive Relief Distributor's CSMP personnel to contact Customers to seek to understand a Customer's ordering patterns.
- d) An Injunctive Relief Distributor's Chief Diversion Control Officer may approve criteria for potential adjustments to Customer Thresholds to account for circumstances where the Thresholds produced by the ordinary operation of the statistical models require modification. Such circumstances include adjustments to account for seasonal ordering of certain Controlled Substances that are

based on documented diligence and analysis, adjustments made to permit ordering of certain Controlled Substances during a declared national or state emergency (e.g., COVID-19 pandemic), IT errors, and data anomalies causing results that are inconsistent with the design of the statistical models. Each Injunctive Relief Distributor shall include in its Annual Threshold Analysis and Assessment Report (as required by Section XVIII.F.3.c) to the Monitor information regarding the use of this paragraph and such information shall be considered by the Monitor as part of its Threshold Setting Process Review in the annual Audit Report.

- e) Any decision to raise a Customer's Threshold in response to a request by a Customer to adjust its Threshold must be documented in a writing and state the reason(s) for the change. The decision must be consistent with the Injunctive Relief Distributor's CSMP and documented appropriately.

XIII. SUSPICIOUS ORDER REPORTING AND NON-SHIPMENT

- A. Each Injunctive Relief Distributor shall report Suspicious Orders to the Settling States ("*Suspicious Order Reports*" or "*SORs*"), including those Settling States that do not currently require such SORs, at the election of the Settling State.
- B. For the SORs required by the Injunctive Relief Terms, each Injunctive Relief Distributor shall report Orders that exceed a Threshold for Controlled Substances set pursuant to the processes in Section XII that are blocked and not shipped.
- C. No Injunctive Relief Distributor shall ship any Order that it (i) reports pursuant to Sections XIII.A or XIII.B, or (ii) would have been required to report pursuant to Sections XIII.A or XIII.B had the Settling State elected to receive SORs.
- D. In reporting Suspicious Orders to the Settling States, the Injunctive Relief Distributors shall file SORs in a standardized electronic format that is uniform among the Settling States and contains the following information fields:
 - 1. Customer name;
 - 2. Customer address;
 - 3. DEA registration number;
 - 4. State pharmacy license number;
 - 5. Date of order;
 - 6. NDC number;
 - 7. Quantity;

8. Explanation for why the order is suspicious (up to 250 characters): Details that are order-specific regarding why an order was flagged as a Suspicious Order, including specific criteria used by an Injunctive Relief Distributor's Threshold system (except phrases such as "order is of unusual size" without any additional detail are not acceptable); and
 9. Name and contact information for a knowledgeable designee within the Injunctive Relief Distributor's CSMP department to be a point of contact for the SORs.
- E. On a quarterly basis, each Injunctive Relief Distributor shall provide a summary report to the Settling States that elect to receive it that provides the following information for the relevant quarter with respect to the top ten (10) Customers by volume for each Highly Diverted Controlled Substance base code that have placed a Suspicious Order for that base code, in that quarter (for Chain Customers, only individual pharmacies in the chain will be considered for evaluation as a top ten (10) Customer):
1. The number of SORs submitted for that Customer by base code;
 2. The Customer's order volume by base code for the quarter for all Highly Diverted Controlled Substances;
 3. The Customer's order frequency by base code for the quarter for all Highly Diverted Controlled Substances;
 4. For each Highly Diverted Controlled Substance base code, the ratio of the Customer's order volume for that base code to the volume of all pharmaceutical orders for the quarter; and
 5. The ratio of the Customer's order volume of all Controlled Substances to the volume of all pharmaceutical orders for the quarter.
- F. The Injunctive Relief Distributors shall only be required to file a single, uniform, electronic form of SOR with any Settling State that receives SORs pursuant to these Injunctive Relief Terms. A Settling State retains the authority pursuant to applicable state law or relevant state agency authority to request additional information about a particular SOR.
- G. It is the objective of the Settling States and the Injunctive Relief Distributors for the Injunctive Relief Distributors to provide SORs to Settling States that identify the same Suspicious Orders as reported to the DEA pursuant to the definition and requirements of the federal Controlled Substances Act and its regulations, although the fields of the SORs submitted to the Settling States as required by Section XIII may differ from the content required by the DEA. To the extent federal definitions and requirements materially change during the term of the Injunctive Relief Terms, the Injunctive Relief Distributors may be required to adjust the format and content of the SORs to meet these federal requirements. The

Injunctive Relief Distributors and the State Compliance Review Committee will engage in good faith discussions regarding such adjustments.

- H. It shall not be a violation of the Injunctive Relief Terms if an Injunctive Relief Distributor ships a Suspicious Order or fails to submit or transmit a SOR if:
1. The shipment of the Suspicious Order or failed SOR transmission was due to a computer error (data entry mistakes, coding errors, computer logic issues, software malfunctions, and other computer errors or IT failures); and
 2. The Injunctive Relief Distributor reports the error, including a description of measures that will be taken to prevent recurrence of the error, to any affected Settling State, the State Compliance Review Committee, and the Monitor within five (5) business days of its discovery.

XIV. TERMINATED CUSTOMERS

- A. Each Injunctive Relief Distributor shall report to the Clearinghouse, once operational, within five (5) business days (or as otherwise required by state statute or regulation), Customers it has terminated from eligibility to receive Controlled Substances or refused to onboard for the sale of Controlled Substances due to concerns regarding the Customer's ability to provide effective controls against the potential diversion of Controlled Substances following the Effective Date.
- B. The Injunctive Relief Distributors shall report to the relevant Settling State(s), within five (5) business days (or as otherwise required by state statute or regulation) Customers located in such Settling States that it has terminated from eligibility to receive Controlled Substances or refused to onboard for the sale of Controlled Substances due to concerns regarding the Customer's ability to provide effective controls against the potential diversion of Controlled Substances following the Effective Date. Such reports will be made in a uniform format. The Injunctive Relief Distributors and the State Compliance Review Committee shall use best efforts to agree on such uniform format for inclusion prior to the requirement taking effect.
- C. In determining whether a Customer should be terminated from eligibility to receive Controlled Substances, Injunctive Relief Distributors shall apply factors set out in their CSMP policies and procedures, which shall include the following conduct by a Customer:
1. Has generated an excessive number of Suspicious Orders, which cannot otherwise be explained;
 2. Has routinely demonstrated unresolved Red Flag activity;

3. Has continued to fill prescriptions for Highly Diverted Controlled Substances that raise Red Flags following an Injunctive Relief Distributor's warning or communication about such practices;
 4. Has failed to provide Pharmacy Customer Data or Dispensing Data in response to a request from an Injunctive Relief Distributor or otherwise refuses to cooperate with the Injunctive Relief Distributor's CSMP after providing the Customer with a reasonable amount of time to respond to the Injunctive Relief Distributor's requests;
 5. Has been found to have made material omissions or false statements on a Pharmacy Questionnaire (the requirements for the contents of a Pharmacy Questionnaire are described in Section IX); or
 6. Has been the subject of discipline by a State Board of Pharmacy within the past three (3) years or has had its owner(s) or pharmacist-in-charge subject to license probation or termination within the past five (5) years by a State Board of Pharmacy for matters related to Controlled Substances dispensing or a federal or state felony conviction.
- D. Once the Clearinghouse has made Customer termination data available to each Injunctive Relief Distributor, each Injunctive Relief Distributor shall consider terminating Customers that have been terminated from eligibility to receive Controlled Substances by another distributor as a result of suspected diversion of Controlled Substances if the Customer is ordering only Controlled Substances from the Injunctive Relief Distributor. If the Injunctive Relief Distributor determines not to terminate Customers to which this paragraph applies, the Injunctive Relief Distributor shall document its decision-making. A good-faith decision to continue shipping Controlled Substances to Customers to which this paragraph applies, shall not serve, without more, as the basis of a future claim of non-compliance with the Injunctive Relief Terms.
- E. For Chain Customers, the provisions in Section XIV.A-D shall apply to the specific pharmacies in question.

XV. EMERGENCIES

- A. In the circumstances of declared national or state emergencies in which the healthcare community relies on the Injunctive Relief Distributors for critical medicines, medical supplies, products, and services, the Injunctive Relief Distributors may be required to temporarily modify their respective CSMP processes to meet the critical needs of the supply chain. These modifications may conflict with the requirements of the Injunctive Relief Terms.
- B. In the case of a declared national or state emergency, the Injunctive Relief Distributors shall be required to give notice to the State Compliance Review Committee of any temporary material changes to their CSMP processes which

may conflict with the requirements of the Injunctive Relief Terms and specify the sections of the Injunctive Relief Terms which will be affected by the temporary change.

- C. The Injunctive Relief Distributors shall document all temporary changes to their CSMP processes and appropriately document all customer-specific actions taken as a result of the declared national or state emergency.
- D. The Injunctive Relief Distributors shall provide notice to the State Compliance Review Committee at the conclusion of the declared national or state emergency, or sooner, stating that the temporary CSMP processes put into place have been suspended.
- E. Provided the Injunctive Relief Distributors comply with the provisions of Sections XV.A through XV.D, the Injunctive Relief Distributors will not face liability for any deviations from the requirements of the Injunctive Relief Terms taken in good faith to meet the critical needs of the supply chain in response to the declared national or state emergency. Nothing herein shall limit Settling States from pursuing claims against the Injunctive Relief Distributors based on deviations from the requirements of the Injunctive Relief Terms not taken in good faith to meet the critical needs of the supply chain in response to a declared national or state emergency.

XVI. COMPLIANCE WITH LAWS AND RECORDKEEPING

- A. The Injunctive Relief Distributors acknowledge and agree that they must comply with applicable state and federal laws governing the distribution of Controlled Substances.
- B. Good faith compliance with the Injunctive Relief Terms creates a presumption that the Injunctive Relief Distributors are acting reasonably and in the public interest with respect to Settling States' existing laws requiring effective controls against diversion of Controlled Substances and with respect to the identification, reporting, and blocking of Suspicious Orders of Controlled Substances.
- C. The requirements of the Injunctive Relief Terms are in addition to, and not in lieu of, any other requirements of state or federal law applicable to Controlled Substances distribution. Except as provided in Section XVI.D, nothing in the Injunctive Relief Terms shall be construed as relieving Injunctive Relief Distributors of the obligation to comply with such laws, regulations, or rules. No provision of the Injunctive Relief Terms shall be deemed as permission for Injunctive Relief Distributors to engage in any acts or practices prohibited by such laws, regulations, or rules.
- D. In the event of a conflict between the requirements of the Injunctive Relief Terms and any other law, regulation, or requirement such that an Injunctive Relief Distributor cannot comply with the law without violating the Injunctive Relief

Terms or being subject to adverse action, including fines and penalties, the Injunctive Relief Distributor shall document such conflicts and notify the State Compliance Review Committee and any affected Settling State the extent to which it will comply with the Injunctive Relief Terms in order to eliminate the conflict within thirty (30) days of the Injunctive Relief Distributor's discovery of the conflict. The Injunctive Relief Distributor shall comply with the Injunctive Relief Terms to the fullest extent possible without violating the law.

- E. In the event of a change or modification of federal or state law governing the distribution of Controlled Substances that creates an actual or potential conflict with the Injunctive Relief Terms, any Injunctive Relief Distributor, any affected Settling State, or the State Compliance Review Committee may request that the Injunctive Relief Distributors, State Compliance Review Committee, and any affected Settling State meet and confer regarding the law change. During the meet and confer, the Injunctive Relief Distributors, the State Compliance Review Committee, and any affected Settling State will address whether the change or modification in federal or state law requires an amendment to the Injunctive Relief Terms. In the event the Injunctive Relief Distributors, the State Compliance Review Committee, and any affected Settling State cannot agree on a resolution, and the dispute relates to whether the generally applicable Injunctive Relief Terms herein should be changed, an Injunctive Relief Distributor, the State Compliance Review Committee, or any affected Settling State may submit the question to the National Arbitration Panel. If the dispute relates to whether a change in an individual State's law requires a modification of the Injunctive Relief Terms only with respect to that State, an Injunctive Relief Distributor, the State Compliance Review Committee, or any affected Settling State may seek resolution of the dispute pursuant to Section XIX. Maintenance of competition in the industry and the potential burden of inconsistent obligations by Injunctive Relief Distributors shall be a relevant consideration in such resolution.
- F. Recordkeeping: Each Injunctive Relief Distributor shall retain records it is required to create pursuant to its obligations hereunder in an electronic or otherwise readily accessible format. The Settling States shall have the right to review records provided to the Monitor pursuant to Section XVIII. Nothing in the Injunctive Relief Terms prohibits a Settling State from issuing a lawful subpoena for records pursuant to an applicable law.

XVII. CLEARINGHOUSE

- A. Creation of the Clearinghouse
1. The Clearinghouse functions shall be undertaken by a third-party vendor or vendors.
 2. The vendor(s) will be chosen through a process developed and jointly agreed upon by the Injunctive Relief Distributors and the State Compliance Review Committee.

3. Consistent with the process developed by the Injunctive Relief Distributors and the State Compliance Review Committee, within two (2) months of the Effective Date, the Injunctive Relief Distributors shall issue a Request for Proposal to develop the systems and capabilities for a Clearinghouse to perform the services of a data aggregator.
4. Within five (5) months of the Effective Date, the Clearinghouse Advisory Panel shall select one or more entities to develop the systems for the Clearinghouse and perform data aggregator services. The Clearinghouse Advisory Panel shall select a vendor or vendors that employ or retain personnel who have adequate expertise and experience related to the pharmaceutical industry, the distribution of Controlled Substances, and the applicable requirements of the Controlled Substances Act and the DEA's implementing regulations.
5. Within sixty (60) days of the selection of a vendor(s) to serve as the Clearinghouse, the Injunctive Relief Distributors shall negotiate and finalize a contract with the vendor(s). The date that the contract is signed by the Injunctive Relief Distributors and the vendor(s) shall be referred to as the "*Clearinghouse Retention Date*."
6. The development of the Clearinghouse shall proceed on a phased approach as discussed in Sections XVII.C and XVII.D.

B. Governance and Staffing of the Clearinghouse

1. *Capabilities.* The selected vendor or vendors shall staff the Clearinghouse in a manner that ensures the development of robust data collection, analytics and reporting capabilities for the Settling States and Injunctive Relief Distributors. To the extent additional expertise is required for the engagement, the vendor(s) may retain the services of third-party consultants.
2. *Independence.* While performing services for the Clearinghouse, all vendors and consultants, and their staff working on the Clearinghouse, shall be independent (*i.e.*, not perform services of any kind, including as a consultant or an employee on behalf of any Injunctive Relief Distributor outside of the ordinary business operations of the Clearinghouse). Independence may be achieved by implementing appropriate ethical walls with employees who are currently performing or who have previously performed work for an Injunctive Relief Distributor within two years of the Clearinghouse Retention Date.
3. *Liability.* The Injunctive Relief Distributors are entitled to rely upon information or data received from the Clearinghouse, whether in oral, written, or other form. No Injunctive Relief Distributor, and no individual serving on the Clearinghouse Advisory Panel, shall have any liability

(whether direct or indirect, in contract or tort or otherwise) to any Party for or in connection with any action taken or not taken by the Clearinghouse. In addition, no Injunctive Relief Distributor, and no individual serving on the Clearinghouse Advisory Panel, shall have any liability (whether direct or indirect, in contract or tort or otherwise) to any Party for or in connection with any action taken or not taken by an Injunctive Relief Distributor based on incorrect, inaccurate, incomplete or otherwise erroneous information or data provided by the Clearinghouse, unless the information or data was incorrect, inaccurate, incomplete or otherwise erroneous because the Injunctive Relief Distributor itself provided incorrect, inaccurate, incomplete or otherwise erroneous data or information to the Clearinghouse. For any legal requirements that are assumed by the Clearinghouse during Phase 2-B pursuant to Section XVII.D.3, liability shall be addressed pursuant to Section XVII.D.3.c.

4. *Clearinghouse Advisory Panel.* The State Compliance Review Committee and Injunctive Relief Distributors shall create a Clearinghouse Advisory Panel no later than sixty (60) days after the Effective Date to oversee the Clearinghouse.
 - a) The Clearinghouse Advisory Panel shall have an equal number of members chosen by the State Compliance Review Committee on the one hand, and the Injunctive Relief Distributors on the other. The size of the Clearinghouse Advisory Panel will be decided by the State Compliance Review Committee and the Injunctive Relief Distributors, and the State Compliance Review Committee and the Injunctive Relief Distributors may select as members third-party experts, but no more than one half of each side's representatives may be such third-party experts. At least one member chosen by the State Compliance Review Committee will be based on consultation with the National Association of State Controlled Substances Authorities.
 - b) During the first two years of the operation of the Clearinghouse, the Clearinghouse Advisory Panel shall meet (in-person or remotely) at least once per month. After the first two years of operation, the Clearinghouse Advisory Panel shall meet at least quarterly. The Monitor may attend Clearinghouse Advisory Panel meetings and may provide recommendations to the Clearinghouse Advisory Panel.
 - c) The Clearinghouse Advisory Panel shall establish a subcommittee to advise on issues related to privacy, the Health Insurance Portability and Accountability Act of 1996 ("*HIPAA*"), and data security and a subcommittee to advise on issues related to Dispensing Data. It may establish additional subcommittees. Subcommittees may include individuals who are not members of

the Clearinghouse Advisory Panel. The Clearinghouse Advisory Panel may invite one or more prescribers, dispensers, and representatives from state Prescription Drug Monitoring Programs (“PDMP”) to serve on the Dispensing Data subcommittee. Each Injunctive Relief Distributor shall have a representative on each subcommittee created by the Clearinghouse Advisory Panel.

- d) The Clearinghouse Advisory Panel may delegate tasks assigned to it by the Injunctive Relief Terms to the Executive Director.

- 5. *Executive Director.* One employee of the vendor, or one representative from the vendor group in the event that there are multiple vendors, shall be an Executive Director who shall manage day-to-day operations and report periodically to the Clearinghouse Advisory Panel.

C. Phase 1 of the Clearinghouse: Data Collection, Initial Analytics and Reporting

1. System Development

- a) Within one (1) year of the Clearinghouse Retention Date, the Clearinghouse shall develop systems to receive and analyze data obtained from the Injunctive Relief Distributors pursuant to electronic transmission formats to be agreed upon by the Clearinghouse Advisory Panel.
- b) In developing such systems, the Clearinghouse shall ensure that:
 - (1) The systems provide robust reporting and analytic capabilities.
 - (2) Data obtained from Injunctive Relief Distributors shall be automatically pulled from the existing order management data platforms (e.g., SAP).
 - (3) The systems shall be designed to receive data from sources other than the Injunctive Relief Distributors, including pharmacies, non-Injunctive Relief Distributors, the DEA, State Boards of Pharmacy, and other relevant sources, pursuant to standardized electronic transmission formats.
 - (4) The systems shall be designed to protect personally identifiable information (“PII”) and protected health information (“PHI”) from disclosure and shall comply with HIPAA and any federal and state laws relating to the protection of PII and PHI.

- (5) The Clearinghouse will establish a HIPAA-compliant database that can be accessed by state authorities, the Injunctive Relief Distributors, and any entities that subsequently participate in the Clearinghouse. The database that will be made available to the Injunctive Relief Distributors and any non-governmental entities that subsequently participate in the Clearinghouse will also blind commercially sensitive information.
- (6) State authorities shall have access to the HIPAA-compliant database via web-based tools and no additional or specialized equipment or software shall be required. This access shall allow state authorities to query the HIPAA-compliant database without limitation.
- (7) The Injunctive Relief Distributors shall be permitted to use data obtained from the Clearinghouse for anti-diversion purposes, including the uses expressly contemplated by the Injunctive Relief Terms. The Injunctive Relief Distributors shall not sell (or obtain license fees for) data obtained from Clearinghouse to any third-parties. Nothing in the Injunctive Relief Terms shall prohibit an Injunctive Relief Distributor from using its own data, including data provided to the Injunctive Relief Distributor by third-parties other than the Clearinghouse, for any commercial purposes, including selling or licensing its data to third-parties.

2. Aggregation of Data

- a) It is the goal of the Settling States and the Injunctive Relief Distributors for the Clearinghouse to obtain comprehensive data from all distributors, pharmacies, and other relevant data sources to provide maximum permissible transparency into the distribution and dispensing of Controlled Substances. During Phase 1, the Clearinghouse Advisory Panel shall develop recommendations for ways to achieve this goal.
- b) In Phase 1, the Injunctive Relief Distributors shall provide and/or facilitate the collection of, and the Clearinghouse shall collect and maintain, the following:
 - (1) Injunctive Relief Distributor transaction data for Controlled Substances and non-Controlled Substances, specified at the NDC, date, quantity, and customer level.

- (2) Injunctive Relief Distributor information on Customers that have been terminated and/or declined onboarding due to concerns regarding Controlled Substance dispensing following the Effective Date.
 - c) The Clearinghouse shall make available to the Injunctive Relief Distributors, in a format to be determined by the Clearinghouse Advisory Panel, blinded data for their CSMP due diligence functions. The data will include all Controlled Substances and non-Controlled Substances and be refreshed on a regular basis. The Clearinghouse will also seek to provide non-identifying information regarding whether a single distributor is associated with multiple warehouses with unique DEA registrations (e.g., multiple distribution centers operated by a single distributor), in the data it makes available.
 - d) During Phase 1, the Clearinghouse Advisory Panel (with input from its Dispensing Data subcommittee) will develop an operational plan to obtain Dispensing Data directly from pharmacies, unless the Clearinghouse Advisory Panel determines it is inadvisable to do so. The operational plan developed by the Clearinghouse Advisory Panel shall address compliance with HIPAA and shall include recommendations to facilitate the collection of Dispensing Data in compliance with HIPAA and relevant state privacy laws. To the extent possible, the Clearinghouse will begin collecting Dispensing Data during Phase 1.
 - e) Nothing in the Injunctive Relief Terms shall require the Injunctive Relief Distributors to indemnify or otherwise be responsible to pharmacy customers for any claims resulting from the provision of Dispensing Data to the Clearinghouse, including, but not limited to, claims related to any data breaches occurring with the data transmitted to or maintained by the Clearinghouse.
3. State and Federal Reporting Requirements
- a) The Injunctive Relief Distributors shall comply with state and federal transactional and Suspicious Order reporting requirements related to Controlled Substances as follows:
 - (1) Until such time as the Clearinghouse is able to provide transactional and Suspicious Order regulatory reporting to the states on behalf of the Injunctive Relief Distributors, the Injunctive Relief Distributors shall continue to file all required reports under state law and those reports required by these Injunctive Relief Terms.

- (2) Once the Clearinghouse is able to process and submit such reports, the Clearinghouse may process and submit those reports on behalf of each Injunctive Relief Distributor to the states. At all times during Phase 1, each Injunctive Relief Distributor shall remain responsible for the identification of Suspicious Orders and will remain liable for a failure to submit transactional data or Suspicious Order reports required under state law or these Injunctive Relief Terms.
- (3) An Injunctive Relief Distributor may elect to fulfill its reporting obligations directly, rather than have the Clearinghouse assume the responsibility for the transmission of the various reports.

4. Additional Reports and Analytics

- a) In consultation with the Clearinghouse Advisory Panel, the Clearinghouse shall work to develop additional reports and analyses to assist the Settling States and the Injunctive Relief Distributors in addressing Controlled Substance diversion, including, but not limited to, identifying Red Flags consistent with Section VIII.
- b) The Clearinghouse will generate analyses and reports to be used by the Settling States and the Injunctive Relief Distributors based on format and content recommended by the Clearinghouse Advisory Panel. In order to refine the format and reach final recommendations, the Clearinghouse shall prepare sample analytical reports for a sample geographic region to review with the Clearinghouse Advisory Panel. The sample reports will also be shared with the DEA in an effort to receive additional feedback.
- c) After the content and format of the sample reports have been approved by the Clearinghouse Advisory Panel, the Clearinghouse will begin producing reports on a periodic basis.
- d) The Clearinghouse will develop capabilities to provide Settling States customized reports upon reasonable request to assist in their efforts to combat the diversion of Controlled Substances and for other public health and regulatory purposes.
- e) After the Clearinghouse has obtained sufficient Dispensing Data from Customers, the Clearinghouse shall commence providing standard reports to the Settling States and Injunctive Relief Distributors that will include summaries and analysis of Dispensing Data. The reports and analytics of Dispensing Data

shall be developed in consultation with the Clearinghouse Advisory Panel (including its Dispensing Data subcommittee) and shall include, but not be limited to:

- (1) Identification of Customers whose dispensing may indicate Red Flags consistent with Section VIII, as determined by the Clearinghouse from aggregate data; and
 - (2) Identification of Customers whose aggregate dispensing volumes for Highly Diverted Controlled Substances are disproportionately high relative to the population of the relevant geographic area.
- f) The Clearinghouse shall also prepare reports and analyses for the Settling States and Injunctive Relief Distributors identifying prescribers whose prescribing behavior suggests they may not be engaged in the legitimate practice of medicine. Such reports and analysis shall be developed in consultation with the Clearinghouse Advisory Panel (including its Dispensing Data subcommittee) and shall seek to identify and evaluate:
- (1) Prescribers who routinely prescribe large volumes of Highly Diverted Controlled Substances relative to other prescribers with similar specialties, including health care professionals who prescribe a large number of prescriptions for high dosage amounts of Highly Diverted Controlled Substances;
 - (2) Prescribers whose prescriptions for Highly Diverted Controlled Substances are routinely and disproportionately filled in a geographic area that is unusual based on the prescriber's location; and
 - (3) Prescribers who routinely prescribe out-of-specialty or out-of-practice area without legitimate reason.
- g) Reports or analysis generated by the Clearinghouse may not be based on complete data due to a lack of participation by non-Injunctive Relief Distributors and pharmacies. As such, Injunctive Relief Distributors shall not be held responsible for actions or inactions related to reports and analysis prepared by the Clearinghouse which may be based on incomplete data due to a lack of participation by non-Injunctive Relief Distributors and pharmacies.

D. Phase 2 of the Clearinghouse: Additional Data Collection and Analytics and Assumption of CSMP Functions

Within one (1) year of Phase 1 of the Clearinghouse being operational, the Clearinghouse and the Clearinghouse Advisory Panel shall develop a detailed strategic and implementation plan for Phase 2 of the Clearinghouse (“*Phase 2 Planning Report*”). Phase 2 will consist of two parts. Phase 2-A will focus on increasing data collection from non-Injunctive Relief Distributors, pharmacies and other data sources and developing enhanced analytics based on the experiences gained from Phase 1. Phase 2-A will also include recommendations for the development of uniform federal and state reporting. Phase 2-B will involve the potential assumption of various CSMP activities, including Threshold setting and order management by the Clearinghouse. The Phase 2 Planning Report will address both Phase 2-A and Phase 2-B. After the completion of the Phase 2 Planning Report, individual Injunctive Relief Distributors, in their sole discretion, may elect not to proceed with Phase 2-B as provided by Section XVII.E. If one or more Injunctive Relief Distributors elect to proceed with Phase 2-B, the goal will be to have Phase 2-B fully operational within two (2) years of the Clearinghouse Retention Date and no later than three (3) years of the Clearinghouse Retention Date.

1. Phase 2-A: Additional Data Collection and Analytics

- a) During Phase 2-A, the Clearinghouse will continue the functions defined in Phase 1 and work to expand the scope of its data collection and enhance its analytics and reporting capabilities including the following:
 - (1) Integration of data from additional sources, including:
 - (a) Transaction data from other distributors, including manufacturers that distribute directly to retail pharmacies and pharmacies that self-warehouse; and
 - (b) Where possible, state PDMP data and other data, including, but not limited to, State Board of Medicine and Board of Pharmacy sanctions, and agreed-upon industry data. If state PDMP data is effectively duplicative of Dispensing Data already obtained in Phase 1, it will not be necessary for the Clearinghouse to obtain state PDMP data.
 - (2) Development of additional metrics analyzing the data available from the additional data sources (PDMP, other pharmacy data, sanction authorities, and third-party volume projections).

- (3) Development of real-time or near real-time access to distribution data, dispensing data and other data sources.
- (4) Refinement of methodologies for analyzing Dispensing Data to identify suspicious prescribers.
- (5) Development of additional capabilities to provide Settling States, the Injunctive Relief Distributors and potentially the DEA customized reporting from the Clearinghouse upon reasonable request.

2. Phase 2-A: Uniform Required Reporting

- a) The Clearinghouse and the Clearinghouse Advisory Panel shall develop uniform reporting recommendations for potential implementation by state regulators in order to allow the Injunctive Relief Distributors to satisfy their obligations under the Injunctive Relief Terms and state and federal laws in a uniform and consistent manner.
- b) It is a goal of the Settling States and the Injunctive Relief Distributors to:
 - (1) Streamline and simplify required reporting which will benefit the Injunctive Relief Distributors and the Settling States, as well as the DEA;
 - (2) Develop uniform transactional and Suspicious Order reporting requirements; and
 - (3) Provide for the submission of uniform Suspicious Order reports.

3. Phase 2-B: Clearinghouse Assumption of CSMP Functions

- a) With respect to Phase 2-B, the Phase 2 Planning Report shall address:
 - (1) Engagement with stakeholders, including the DEA, to develop the system of Threshold setting and Suspicious Order reporting to potentially be provided by the Clearinghouse;
 - (2) Development of technology and rules, including any proposed changes to federal law or regulations;
 - (3) Development of models for the identification of Suspicious Orders and setting universal Thresholds in a manner

consistent with Section XII. These models shall include active order management and order fulfillment protocols to ensure that orders are compared to relevant Thresholds by the Clearinghouse before shipment instructions are provided by the Clearinghouse to the Injunctive Relief Distributors. The models shall also include the identification of Suspicious Orders when they are placed by Customers, which will be held before shipment or blocked based on instructions provided by the Clearinghouse to the Injunctive Relief Distributors.

- (4) Development of criteria governing distribution to Customers that have placed one or more Orders that exceed a Threshold;
 - (5) Development of rules for allocating Orders placed by Customers that have more than one Distributor if one or more Orders exceed a Threshold;
 - (6) Development of a pilot project for a sample geographic region to perform data analysis to test the models for Threshold setting and the identification of Suspicious Orders.
- b) Following implementation of Phase 2-B, the Injunctive Relief Distributors participating in Phase 2-B and the State Compliance Review Committee shall meet and confer with respect to whether to expand the scope of the Clearinghouse to cover additional anti-diversion functions, such as the performance of due diligence.
- c) CSMP functions that have been assumed by the Clearinghouse during Phase 2-B will no longer be performed by participating Injunctive Relief Distributors individually through their CSMPs. CSMP functions performed by the Clearinghouse will assist participating Injunctive Relief Distributors to satisfy the applicable legal obligations of those Injunctive Relief Distributors. The Clearinghouse's performance of CSMP functions will not relieve participating Injunctive Relief Distributors from their legal obligations unless (i) the Injunctive Relief Distributors and the State Compliance Review Committee jointly enter into a written agreement for the Clearinghouse to assume legal requirements during Phase 2-B; and (ii) all vendors and consultants working on the Clearinghouse agree in writing to assume such obligations. Nothing in this paragraph shall apply to any Injunctive Relief Distributor that does not participate in Phase 2-B pursuant to Section XVII.E.

E. Option to Opt Out of Phase 2-B

1. Each Injunctive Relief Distributor shall have the option, in its sole discretion, to elect not to participate in Phase 2-B at any point. In the event that an Injunctive Relief Distributor elects not to participate in Phase 2-B, that Injunctive Relief Distributor shall cease to have any obligation to fund future costs directly related to Phase 2-B of the Clearinghouse or to implement the Clearinghouse's determinations as to identification of Suspicious Orders and Suspicious Order reporting. If an Injunctive Relief Distributor elects not to participate in Phase 2-B, that Injunctive Relief Distributor shall remain responsible for the requirements specified for Phase 1 and Phase 2-A of the Clearinghouse and shall be responsible for contributing to the costs associated with Phase 1 and Phase 2-A.
2. In the event that an Injunctive Relief Distributor elects not to participate in Phase 2-B, the Clearinghouse Advisory Panel shall discuss and make recommendations for any necessary adjustments to the Phase 2-B capabilities described in Section XVII.D.3.

F. Funding

1. The establishment and ongoing operations of the Clearinghouse shall be funded by the Injunctive Relief Distributors for a period of ten (10) years commencing on the Clearinghouse Retention Date.
2. For each of the first two (2) years of the operation of the Clearinghouse, the Injunctive Relief Distributors will make total payments of \$7.5 million per year combined. For years three (3) through ten (10), the Injunctive Relief Distributors will make total payments of \$3 million per year combined. Additional costs associated with Phase 2-B shall be billed to the Injunctive Relief Distributors participating in Phase 2-B.
3. Payments by the Injunctive Relief Distributors for the Clearinghouse shall be allocated among the Injunctive Relief Distributors as set forth in Section IV.H of the Settlement Agreement, dated as of July 21, 2021, which incorporates these Injunctive Relief Terms as Exhibit P.
4. In the event that the cost of the Clearinghouse exceeds the amounts provided by the Injunctive Relief Distributors, the Injunctive Relief Distributors and State Compliance Review Committee shall meet-and-confer on alternatives, which may include:
 - a) Limiting the operations of the Clearinghouse consistent with a revised budget;
 - b) Seeking additional sources of funding for the Clearinghouse; and/or

- c) Allocating, in a manner consistent with the allocation of payments between the Injunctive Relief Distributors as set forth in Section XVII.F.3, additional amounts that are the responsibility of the Injunctive Relief Distributors to be used for the operation of the Clearinghouse.
- 5. The Injunctive Relief Distributors and the State Compliance Review Committee agree to engage in good faith discussions regarding potential continued operation and funding of the Clearinghouse following the initial ten (10) year period of Clearinghouse operations.
- 6. The Injunctive Relief Distributors and the State Compliance Review Committee shall develop a means to obtain payments from other parties that may use or benefit from the Clearinghouse, including, but not limited to, other settling defendants, non-Injunctive Relief Distributors, or other parties and the Clearinghouse Advisory Panel shall consider other funding sources for the Clearinghouse. This may include consideration of a user fee or other model by which non-Injunctive Relief Distributors that use the Clearinghouse will contribute to funding the Clearinghouse.
- 7. In the event that ten (10) or more Settling States reach agreements with any national retail chain pharmacies to resolve claims related to the distribution of Controlled Substances, the Settling States' Attorneys' General agree to make participation in the Clearinghouse, including providing data to the Clearinghouse and contribution to the cost of the operation of the Clearinghouse, a condition of any settlement. The Settling States' Attorneys' General agree to make best efforts to ensure that any other settling distributors and/or pharmacies participate in the Clearinghouse. To the extent that the Attorneys General are able to secure participation by additional distributors and/or pharmacies, it is anticipated that, to the extent practicable based on the financial and relative size of the settling distributor and/or pharmacy, those entities will contribute to the cost of the operation of the Clearinghouse. The Injunctive Relief Distributors' obligation to fund the Clearinghouse shall be partially reduced by contributions obtained from other distributors and/or pharmacies pursuant to a formula to be determined by the Clearinghouse Advisory Panel.

G. Confidentiality

- 1. All data provided to the Clearinghouse shall be confidential.
- 2. Information provided by distributors participating in the Clearinghouse may not be provided to any other entity or individual outside those expressly contemplated by the Injunctive Relief Terms.

3. The Clearinghouse may not provide to any distributor information specific to another distributor. Notwithstanding the prior sentence, the Clearinghouse may provide blinded data to a distributor reflecting total Orders (across all distributors) for a particular Customer, region, and/or state at the base code and NDC number level and all transactional data information. Such information may only be used by receiving distributors for purposes of identifying, minimizing, or otherwise addressing the risk of Controlled Substances diversion. No distributor or pharmacy, including the Injunctive Relief Distributors, shall attempt to obtain revenue from this information. Such information provided by the Clearinghouse shall be compliant with all applicable laws and regulations.
4. If the Clearinghouse receives a request for disclosure of any data, material or other information created or shared under the Injunctive Relief Terms, pursuant to a Third Party Request, the Clearinghouse shall notify the Injunctive Relief Distributors and the Clearinghouse Advisory Panel of the Third Party Request and any confidential information to be disclosed so that the Injunctive Relief Distributors may seek a protective order or otherwise challenge or object to the disclosure. The Clearinghouse shall provide the Injunctive Relief Distributors and the Clearinghouse Advisory Panel with at least ten (10) days' advance notice before complying with any Third Party Request for confidential information, except where state law requires a lesser period of advance notice.

H. Data Integrity

1. The Clearinghouse shall use best-in-class technology to preserve the integrity of the data.
2. The Clearinghouse shall report any data breaches under HIPAA and state law that occur as a result of any of its data collection and reporting activities to the Settling States and other authorities as required by law.
3. The Injunctive Relief Distributors and the Settling States shall not be liable for any breaches of any databases maintained by the Clearinghouse. This does not excuse the Clearinghouse or its vendor(s) from compliance with all state and federal laws and regulations governing (1) the protection of personal information and protected health information, or (2) notifications relating to Data Security Events.

I. Credit for Investment in the Clearinghouse

1. The Injunctive Relief Distributors and the State Compliance Review Committee shall negotiate in good faith regarding a potential credit against Injunctive Relief Distributors' overall settlement obligations if costs exceed the amounts specified in Section XVII.F.

XVIII. MONITOR

A. Monitor Selection and Engagement

1. The Injunctive Relief Distributors shall engage a Monitor to perform the reviews described in Section XVIII.F. The Monitor shall employ or retain personnel who have appropriate qualifications related to the pharmaceutical industry and the laws governing the distribution of pharmaceuticals, the distribution of Controlled Substances, and the applicable requirements of federal and state law. The Monitor may also employ or retain personnel who have appropriate qualifications in the audit and review of sample documents in order to conduct the reviews described in Section XVIII.F. To the extent additional expertise is required for the engagement, the Monitor may retain the services of third-party consultants.
2. The Monitor must perform each review described in Section XVIII.F in a professionally independent and objective fashion, as defined in the most recent Government Auditing Standards issued by the United States Government Accountability Office. A Monitor shall not be engaged in active litigation involving one or more of the Injunctive Relief Distributors or Settling States or present a potential conflict of interest involving matters concerning an Injunctive Relief Distributor, except by agreement of the affected parties. If the Monitor is employed by an entity that performed work for any Injunctive Relief Distributor or any of the Settling States prior to the Effective Date, the Monitor will cause to be implemented appropriate ethical walls between the Monitor team and the employees of the firm who have previously performed work for an Injunctive Relief Distributor or any of the Settling States.
3. The process for selecting the Monitor shall be as follows:
 - a) Within sixty (60) calendar days of the Effective Date, the Injunctive Relief Distributors and the State Compliance Review Committee shall exchange pools of recommended candidates to serve as the Monitor. The pools shall each contain the names of three (3) individuals, groups of individuals, or firms.
 - b) After receiving the pools of Monitor candidates, the Injunctive Relief Distributors and the State Compliance Review Committee shall have the right to meet with the candidates and conduct appropriate interviews of the personnel who are expected to work on the project. The Injunctive Relief Distributors (individually or in combination) and the State Compliance Review Committee may veto any of the candidates, and must do so in writing within thirty (30) days of receiving the pool of candidates. If all three (3) candidates within a pool are rejected by either the Injunctive Relief

Distributors or the State Compliance Review Committee, the party who rejected the three (3) candidates may direct the other party to provide up to three (3) additional qualified candidates within thirty (30) calendar days of receipt of said notice.

- c) If the Injunctive Relief Distributors or the State Compliance Review Committee do not object to a proposed candidate, the Injunctive Relief Distributors or the State Compliance Review Committee shall so notify the other in writing within thirty (30) days of receiving the pool of candidates. If more than one candidate remains, the State Compliance Review Committee shall select the Monitor from the remaining candidates. Within thirty (30) calendar days of the selection of the Monitor, the Injunctive Relief Distributors shall retain the Monitor, and finalize all terms of engagement, supplying a copy of an engagement letter to the State Compliance Review Committee. The terms of engagement shall include a process by which Injunctive Relief Distributors may challenge Monitor costs as excessive, duplicative or unnecessary, which process must be approved by the State Compliance Review Committee.
4. The Injunctive Relief Distributors shall be responsible for the Monitor's fees and costs directly related to its performance of the work specified by the Injunctive Relief Terms up to a limit of \$1,000,000 per year per Injunctive Relief Distributor (*i.e.*, a total of \$3,000,000 per year).
5. Prior to each year, the Monitor shall submit a combined annual budget to the Injunctive Relief Distributors and State Compliance Review Committee that shall not exceed a total of \$3,000,000. The Monitor shall submit quarterly reports to the Injunctive Relief Distributors and the State Compliance Review Committee tracking actual spend to the annual budget.
6. In the event that any of the Injunctive Relief Distributors or State Compliance Review Committee believe that the Monitor is not performing its duties and responsibilities under the Injunctive Relief Terms in a reasonably cost effective manner, an Injunctive Relief Distributor or the State Compliance Review Committee shall recommend in writing changes to the Monitor's practices to reduce cost. The Monitor, Injunctive Relief Distributors, and the State Compliance Review Committee shall meet and confer in good faith in response to such a recommendation.
7. In the event that the Injunctive Relief Distributor and the State Compliance Review Committee cannot agree on whether the recommended cost reductions are warranted, either the State Compliance Review Committee or the Injunctive Relief Distributors may submit the question to the National Arbitration Panel, who shall determine whether

the Monitor is performing its duties and responsibilities under the Injunctive Relief Terms in a reasonably cost effective manner, and, if not, the necessary changes to the Monitor's practices to reduce cost.

8. If the National Arbitration Panel determines that the Monitor cannot complete the reviews described in Section XVIII.F within the combined annual budget of \$3,000,000, the National Arbitration Panel shall require the Monitor to provide the Injunctive Relief Distributors and the State Compliance Review Committee with a written report explaining why it is not possible to complete the reviews within budget and all steps the Monitor has taken to perform its duties and responsibilities under the Injunctive Relief Terms in a reasonably cost effective manner. After receiving the Monitor's report, the Injunctive Relief Distributors, and the State Compliance Review Committee shall meet and confer in good faith to determine whether an increase in the combined budget is appropriate. If the Injunctive Relief Distributors and the State Compliance Review Committee cannot reach an agreement on the amount of the reasonable costs in excess of \$3,000,000 for the relevant year, the issue will be submitted to the National Arbitration Panel for resolution. The National Arbitration Panel may award additional costs up to total cap of \$5,000,000 for the relevant year (\$3,000,000 plus an additional \$2,000,000).
9. Unless the Injunctive Relief Distributors and the State Compliance Review Committee agree otherwise as part of the meet and confer process in the prior paragraph (such as by agreeing to limit the Monitor's duties and responsibilities for the remainder of the year), the amount above \$3,000,000 and up to the total cap of \$5,000,000 in a given year necessary for the Monitor to complete the reviews described in Section XVIII.F shall be divided evenly among the Injunctive Relief Distributors without reducing any other amounts that are the responsibility of the Injunctive Relief Distributors.

B. Early Termination of the Monitor

1. In the event any of the Injunctive Relief Distributors or State Compliance Review Committee believe that the Monitor is not performing its duties and responsibilities under the Injunctive Relief Terms in a reasonably professional, competent and independent manner, an Injunctive Relief Distributor or the State Compliance Review Committee shall recommend replacement of the Monitor in writing. The Injunctive Relief Distributors and the State Compliance Review Committee shall meet and confer in good faith in response to a recommendation to replace the Monitor. If the State Compliance Review Committee and the Injunctive Relief Distributors agree that the Monitor should be replaced, a replacement Monitor will be selected in the manner set forth in Section XVIII.A.3.

2. In the event the Injunctive Relief Distributor and the State Compliance Review Committee cannot agree on whether the Monitor should be replaced, either the State Compliance Review Committee or the Injunctive Relief Distributors may submit the question of the Monitor's dismissal to the National Arbitration Panel, and the Monitor shall only be dismissed if that panel finds that there is Good Cause for dismissal. Good Cause for dismissal shall mean (a) a material and substantial breach of the terms of the Monitor's obligations under the Injunctive Relief Terms; (b) any act of dishonesty, misappropriation, embezzlement, intentional fraud, or similar conduct by the Monitor; (c) any clear pattern of bias or prejudice in favor or against any party by the Monitor; (d) conduct by the Monitor that demonstrates unfitness to fulfill the functions of the Monitor reasonably and competently; or (e) conflicts of interest described in Section XVIII.A.2. If the panel finds that the Monitor should be dismissed, a replacement Monitor will be selected in the manner set forth in Section XVIII.A.3.
3. In addition, if the Monitor resigns for any reason, a replacement Monitor will be selected in the manner set forth in Section XVIII.A.3.

C. Term and Reporting Periods

1. The term of the Monitor will be five (5) years from the date the Monitor is appointed, divided into one-year periods for purposes of the reviews and reporting described in Section XVIII ("*Reporting Periods*").

D. Monitor Access to Information

1. In connection with its reviews set forth in Section XVIII.F, the Monitor may request to interview employees with appropriate authority and responsibilities as necessary. In the event that an Injunctive Relief Distributor believes that the Monitor is requesting an unreasonable number of interviews or requesting interviews of employees who do not have relevant information to the reviews required by Section XVIII.F, the Injunctive Relief Distributor and State Compliance Review Committee shall meet and confer in good faith to resolve this issue.
2. The Chief Diversion Control Officer of each Injunctive Relief Distributor or a direct report of the Chief Diversion Control Officer shall serve as the primary point of contact for the Monitor to facilitate the Monitor's access to documents, materials, or staff necessary to conduct the reviews specified in Section XVIII.F. The Monitor shall communicate any request for documents, materials, or access to staff to the Chief Diversion Control Officers or their designees.
3. If at any time the Monitor believes there is undue delay, resistance, interference, limitation, or denial of access to any records or to any

employee or former employee deemed necessary by the Monitor to conduct the reviews specified in Section XVIII.F, the Monitor shall notify the Chief Diversion Control Officer of the Injunctive Relief Distributor and they shall meet and confer to resolve such issue. If the Monitor believes that the matter was not resolved, the Monitor shall immediately report the issue to the State Compliance Review Committee.

4. To the extent any of the documents requested by the Monitor contain material protected from disclosure by any legal privilege, including the attorney-client privilege or attorney work product protections, an Injunctive Relief Distributor may redact such material before providing the documents to the Monitor, but must provide the Monitor with a privilege log describing the redacted information and identifying the basis for redaction.
5. Notwithstanding any other information referenced and produced pursuant to Section XVIII, the Monitor shall have access to, and each Injunctive Relief Distributor's Chief Diversion Control Officer shall produce to the Monitor, any settlement agreements with government entities entered into after the Effective Date specifically concerning the requirements contained in the Injunctive Relief Terms and an Injunctive Relief Distributor's distribution of Controlled Substances (as opposed to distribution of pharmaceutical products in general).

E. Settling States' Access to Monitor

1. Other than in connection with the initiation of a Notice of Potential Violation set forth in Section XIX.B.2, should the Monitor believe it needs to initiate communication with the State Compliance Review Committee regarding an Injunctive Relief Distributor's compliance with the Injunctive Relief Terms, the Monitor's communications should include the Chief Diversion Control Officer or counsel of the affected Injunctive Relief Distributor, regardless of the form of communication.
2. The State Compliance Review Committee shall have access to any settlement agreements produced to the Monitor pursuant to Section XVIII.D.5.

F. Reviews to be Conducted by the Monitor

1. There shall be two (2) types of reviews to be conducted by the Monitor:

 - (2) The Monitor will meet and confer with each of the Injunctive Relief Distributors to determine the appropriate audit period within each Reporting Period from which the samples will be selected (e.g. samples will be selected from the first six (6) months of a reporting period to allow the Monitor time to perform its review during the remainder of the reporting period).
 - (3) Within thirty (30) calendar days following the close of the agreed-upon audit period, the Injunctive Relief Distributors (or the Clearinghouse once operational, if able to do so) will provide the Monitor with the following lists of relevant Customers for each type of review:

 - (5) Within fifteen (15) calendar days of receiving the lists specified above from the Injunctive Relief Distributors, the Monitor shall choose representative files to be reviewed from these lists. Each list will include the Customers' zip code, geographic region, distribution center, and customer type (Independent Retail Pharmacy Customer or Chain Customer).

 - (1) For each Reporting Period, each Injunctive Relief Distributors will provide the Monitor with a report containing summary metrics for the Suspicious Orders that were reported to the DEA and the Settling States (the “*Suspicious Order Metrics Report*”). In the Suspicious Order Metrics Report, the Injunctive Relief Distributors will also provide summary metrics for Orders of Highly Diverted Controlled Substances that exceeded a Threshold but were still shipped.
 - (2) For each Reporting Period, the Monitor shall review the Suspicious Order Metrics Report, determine whether the information reflects substantial compliance with the requirements of Section XIII, and include any Observations and Recommendations in its annual Audit Report.
- e) Compensation Reviews:

g) Review of CSMP Integration with the Clearinghouse:

- (1) For each Reporting Period, each Injunctive Relief Distributor shall prepare a report summarizing the status of the Injunctive Relief Distributor's CSMP integration with the operation of the Clearinghouse ("*Clearinghouse Integration Report*"). The Monitor shall review each Injunctive Relief Distributor's Clearinghouse Integration Report, determine whether the information reflects substantial compliance with the requirements of Section XVII, and include any Observations and Recommendations in its annual Audit Report.

G. Observations and Recommendations:

1. If the Monitor notes any areas for potential improvement during the course of the reviews conducted pursuant to the Injunctive Relief Terms, the Monitor shall include any such recommendations in the Audit Report. Collectively, any such questions, concerns or recommendations will be referred to as "*Observations and Recommendations.*"

H. Audit Reports:

1. No later than one hundred and twenty (120) calendar days prior to the end of a Reporting Period and/or at any other time deemed reasonably necessary by the Monitor, the Monitor shall provide each Injunctive Relief Distributor with a draft report detailing any instances of substantial non-compliance with the applicable provisions of the Injunctive Relief Terms from the reviews in Section XVIII.F (the "*Draft Report*"). The Draft Report will also describe any Observations and Recommendations.

 - a) Respond to each instance of substantial non-compliance, including, where appropriate, describing any corrective action taken (or to be taken).
 - b) Respond to each Observation and Recommendation.

3. Within thirty (30) calendar days of its receipt of the Injunctive Relief Distributors' responses to the Draft Report, the Monitor shall provide a final report (the "*Audit Report*") to each Injunctive Relief Distributor and the State Compliance Review Committee. The Monitor shall provide the State Compliance Review Committee with a copy of an Injunctive Relief Distributor's response to the Draft Report.
4. No action or lack of action by the Settling States regarding information received from the Monitor concerning an Injunctive Relief Distributor's conduct shall be considered affirmation, acceptance, or ratification of that conduct by the Settling States.

I. Confidentiality:

1. Materials and information provided by the Injunctive Relief Distributors to the Monitor that are designated "*Confidential*" (and any parts, portions, or derivations thereof) (the "*Confidential Information*") will be kept confidential and not be shown, disclosed, or distributed to any other party, including any other Injunctive Relief Distributor.
2. The Monitor will not use materials or information received from one Injunctive Relief Distributor, or information or analysis developed using the Confidential Information of an Injunctive Relief Distributor, in its assessment of any other Injunctive Relief Distributor. Because each Injunctive Relief Distributor operates pursuant to its own unique policies and procedures intended to comply with legal and other requirements of the Injunctive Relief Terms, the Monitor shall apply the standards of each Injunctive Relief Distributor to its reviews without preference to the practices or standards applied by any other Injunctive Relief Distributor.
3. If any of the Settling States or the Monitor receive a request for disclosure of any material or information created or shared under the Injunctive Relief Terms, pursuant to a Third Party Request, the Settling State or the Monitor, respectively, shall notify the Injunctive Relief Distributors of the Third Party Request and the Confidential Information to be disclosed so that the Injunctive Relief Distributors may seek a protective order or otherwise challenge or object to the disclosure. The Settling State or the Monitor will provide the Injunctive Relief Distributors with at least ten (10) days' advance notice before complying with any Third Party Request for Confidential Information, except where state law requires a lesser period of advance notice.
4. Nothing herein will be deemed to prevent any party from claiming any applicable exemption to the public information act, freedom of information act, public records act, or similar law.

XIX. ENFORCEMENT OF INJUNCTIVE RELIEF TERMS

A. State Compliance Review Committee:

1. Any Settling State may initiate a review of a Potential Violation consistent with the process set forth in Section XIX.
2. The State Compliance Review Committee shall assign the Monitor the responsibilities set forth in Sections XIX.B.3 through XIX.B.7, regarding review of a Potential Violation and an opportunity to cure, except with respect to matters requiring interpretation of the Injunctive Relief Terms subject to Section XIX.C.2. The objective of the Monitor shall be to facilitate a resolution among the parties, providing an opportunity to cure, as applicable, for the party against whom a Potential Violation has been alleged.
3. No less than six (6) months before the Monitor's term expires pursuant to Section XVIII, the State Compliance Review Committee and Injunctive Relief Distributors shall meet and confer in good faith to determine the parameters and processes for continued enforcement, consistent to the maximum extent possible with the provisions set forth in Section XIX, for the period after the Monitor's term has ended. Absent agreement between the State Compliance Review Committee and Injunctive Relief Distributors, all provisions set forth in Section XIX involving the Monitor are excused after the Monitor's term has ended.
4. Should an Injunctive Relief Distributor allege in good faith that a Settling State or the Monitor has impaired the ability of the Injunctive Relief Distributor to meet the Injunctive Relief Terms, the Injunctive Relief Distributor may request the State Compliance Review Committee to mediate any dispute in an effort to avoid the time and expense of litigation regarding interpretation and enforcement of the Injunctive Relief Terms.

B. Process for Review of Potential Violations and Opportunity to Cure:

1. Definition of "Potential Violation": A Potential Violation occurs when an Injunctive Relief Distributor is alleged to not be in substantial compliance with (i) the Injunctive Relief Terms or (ii) a Corrective Action Plan adopted consistent with the process set forth in Section XIX.B.7.
2. Submission of Notice of Potential Violation. An allegation of a Potential Violation shall be submitted to the State Compliance Review Committee in writing by one or more Settling States ("*Notice of Potential Violation*" or "*Notice*") and shall include the following to the extent practicable:
 - a) Specification of the particular Injunctive Relief Term(s) and/or Corrective Action Plan(s) implicated by the Potential Violation;

- b) Description of the Potential Violation with specificity;
 - c) The reasoning for and, if available, any documentation supporting the allegation that a Potential Violation has occurred, including whether the Potential Violation is a matter identified by the Monitor in an Audit Report; and
 - d) Description of the time-sensitivity of the Potential Violation, if relevant.
3. Assignment to Monitor. The State Compliance Review Committee shall review every Notice. If the State Compliance Review Committee reasonably believes that further review is warranted, the State Compliance Review Committee shall forward the Notice to the Monitor. The Monitor shall ensure that the Injunctive Relief Distributor that is the subject of the Notice receives a copy of the Notice and a proposed schedule consistent with the process set forth in Sections XIX.B.4 and XIX.B.5.
4. Response to Notice of Potential Violation. Within thirty (30) days of receipt of the Notice of Potential Violation, the Injunctive Relief Distributor that is the subject of the Notice shall provide a written response to the referring Settling State(s), the Monitor, and the State Compliance Review Committee. The response (a) shall set forth the reasons the Injunctive Relief Distributor that is the subject of the Notice believes that it is in substantial compliance with the relevant Injunctive Relief Term(s) and/or Corrective Action Plan(s), and (b) as applicable, shall explain efforts undertaken to cure the Potential Violation and a schedule for completing the efforts to cure.
5. Conference for Parties re Notice of Potential Violation. The parties to the Notice shall meet or otherwise confer regarding the Potential Violation. The parties and the Monitor shall make themselves available for such a meeting (which may at any party's election be a virtual or technology-based meeting), provided, however, that the meeting is not required to take place sooner than fifteen (15) days after a written response to the Notice of Potential Violation.
6. Process for Previously-Submitted Notices of Potential Violation. At the request of the parties to a Notice, the Monitor shall determine whether the Notice implicates the same or similar issues as a previously submitted Notice or is a matter previously identified by the Monitor in an Audit Report involving the same party alleged to have engaged in a Potential Violation, and make an initial determination as to whether the issues needs to be addressed anew. The Monitor shall inform the Settling State and Injunctive Relief Distributor involved in the previous Notice or the subject of a matter previously identified by the Monitor in an Audit Report of its determination within five (5) business days of receipt of the Notice. The

Settling State and Injunctive Relief Distributor shall have five (5) business days to object to the determination. If an objection is made, the Monitor shall respond to the objection within five (5) business days. If no objection is made, the party involved in the prior Notice may rely on the response to the previously submitted Notice or matter previously identified by the Monitor in an Audit Report and no further action shall be required.

7. Monitor Resolution of Potential Violation and Opportunity to Cure. Within thirty (30) days of the meeting pursuant to Section XIX.B.5, the Monitor, taking into consideration the submissions of the parties involved in the Notice and other information available to the Monitor, shall resolve the Notice as follows:
- a) If the Monitor reasonably believes that a Potential Violation is not ongoing or has been substantially resolved as of thirty (30) days from the meeting pursuant to Section XIX.B.5, the Monitor shall provide written notice to the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice.
 - b) If the Monitor reasonably believes that a Potential Violation is ongoing and has not been substantially resolved as of thirty (30) days from the meeting pursuant to Section XIX.B.5, the Monitor shall provide written notice to the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice and request that the Injunctive Relief Distributor prepare, within thirty (30) days of the receipt of such written notice, a Corrective Action Plan to remedy such Potential Violation, including a reasonable period for implementation of such plan. The Monitor may extend the period of time to submit a Corrective Action Plan up to ninety (90) days based on a reasonable request by the affected party.
 - c) A Corrective Action Plan may address multiple Potential Violations, and an existing Corrective Action Plan may be amended to address additional Potential Violations.
 - d) Within ten (10) business days of submission of a Corrective Action Plan regarding a Potential Violation, the Monitor shall confer with the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice regarding the proposed Corrective Action Plan. The Monitor may recommend revisions in its discretion. The conference required by this paragraph may at any party's election be a virtual or technology-based meeting.

- e) Within thirty (30) days of the conference in Section XIX.B.7.d, the Monitor shall advise the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice whether the Monitor has adopted the proposed Corrective Action Plan or whether the Monitor has adopted it after making modifications. The Monitor shall also set forth a reasonable period for implementation of any such plan that has been adopted. The Injunctive Relief Distributor that is subject to a Corrective Action Plan adopted by the Monitor must begin to comply with the Corrective Action Plan within five (5) business days of receiving notice of the Corrective Action Plan has been adopted, unless it seeks review by the State Compliance Review Committee pursuant to Section XIX.C.1.

C. Enforcement Responsibilities of State Compliance Review Committee:

1. The Settling State(s) or Injunctive Relief Distributor involved in a Notice may request the State Compliance Review Committee to review the resolution (including a resolution pursuant to Section XIX.B.7.a) and/or Corrective Action Plan adopted by the Monitor regarding that Notice. Any such request must be made within five (5) business days of a resolution or adoption of a Corrective Action Plan by the Monitor. The State Compliance Review Committee, taking into consideration the resolution by the Monitor, submissions of the Settling State(s) or Injunctive Relief Distributor, and other information available to the Committee, shall within thirty (30) days of receipt of the request resolve the matter by written notice to the affected parties, which shall include the State Compliance Review Committee's reasoning in reaching its resolution. The State Compliance Review Committee may agree, disagree, or modify any resolution or Corrective Action Plan that it reviews. An Injunctive Relief Distributor that is subject to a Corrective Action Plan that is affirmed or affirmed as amended by the State Compliance Review Committee must within five (5) business days begin to comply with the Corrective Action Plan.
2. The State Compliance Review Committee shall review any issues raised by a Notice regarding the interpretation of the Injunctive Relief Terms at the request of the Settling State(s), Injunctive Relief Distributor involved in a Notice, or the Monitor. Such a request may be made at any time after the Notice's submission, and the request will not extend the timelines set forth in Sections XIX.B and XIX.C.1. The State Compliance Review Committee shall notify the Monitor, Settling State(s) and Injunctive Relief Distributor involved in the Notice of its determination. Settling States and Injunctive Relief Distributors do not waive their rights to challenge the interpretation of the Injunctive Relief Terms by the State Compliance Review Committee in any subsequent proceeding pursuant to Section XIX.E.2.

3. The State Compliance Review Committee may, independent of a Notice of Potential Violation, review requests by a Monitor, Settling State, or Injunctive Relief Distributor regarding the interpretation of the Injunctive Relief Terms. The State Compliance Review Committee shall notify the Monitor and requesting party of its interpretation, including the State Compliance Review Committee's reasoning in reaching its conclusion. Settling States and Injunctive Relief Distributors do not waive their rights to challenge the interpretation of the Injunctive Relief Terms by the State Compliance Review Committee in any subsequent proceeding pursuant to Section XIX.E.2.
4. The State Compliance Review Committee shall make available to all Settling States and Injunctive Relief Distributors any interpretation it issues pursuant to Sections XIX.C.2 and XIX.C.3.

D. Composition of State Compliance Review Committee:

1. A Settling State on the State Compliance Review Committee that is in active litigation with one or more of the Injunctive Relief Distributors, or in another potential conflict of interest involving compliance with Controlled Substances laws and regulations, may not serve on the State Compliance Review Committee for matters involving the affected Injunctive Relief Distributor, and the remaining Settling States on the State Compliance Review Committee shall within five (5) business days select an alternate Settling State as a replacement.
2. If the affected state on the State Compliance Review Committee disputes that it has a disqualifying active litigation or other conflict of interest, the determination of whether that state has a conflict disqualifying it from serving on the State Compliance Review Committee shall be made by the remaining states on the State Compliance Review Committee.

E. Enforcement Actions:

1. Any written notice or resolution by the State Compliance Review Committee regarding the matters set forth in Sections XIX.B and XIX.C shall provide the State Compliance Review Committee's assessment of the matter but will not be an official opinion of any individual Settling State.
2. Following the issuance of a written notice or resolution of the State Compliance Review Committee pursuant to Section XIX.C, a Settling State or Injunctive Relief Distributor may take whatever action it deems necessary related to the written notice or resolution issued by the State Compliance Review Committee, provided that the Settling State or Injunctive Relief Distributor is either (a) the Settling State that sought review by the State Compliance Review Committee, or (b) the Injunctive Relief Distributor that is the subject of the Potential Violation at issue.

Such action may include but is not limited to bringing an action to enforce the settlement agreement, filing a new original action, or, the parties to a Notice attempting to negotiate a Corrective Action Plan directly with each other.

3. The Settling States agree that prior to taking any court or administrative action, other than an action that is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the Settling State, or that a public emergency requiring immediate action exists, it will follow the process outlined in Sections XIX.B and XIX.C.
4. A Settling State or Injunctive Relief Distributor must bring a court or administrative action within six (6) months of any resolution of the State Compliance Review Committee, unless the alleged violation is also an independent violation of state or federal law, or an action that a Settling State concludes is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the State, or that a public emergency requiring immediate action exists, in which cases, the applicable statute of limitations (if any) for sovereign actions shall apply.

II. Fees and Costs.

A. Total Attorneys’ Fees and Costs.

1. Total attorneys’ fees and costs to be paid by Settling Distributors to Attorneys in each of the relevant Payment Years under this Fee Agreement shall be up to the following amounts, subject to the provisions set forth below, including with respect to the division of the Attorney Fee Fund into its sub funds:

	Attorney Fee Fund <i>(Contingency Fee Fund and Common Benefit Fund)</i>	MDL Expense Fund	Litigating Subdivision Cost Fund
Payment Year 1	\$136,044,378.70	\$40,384,615.39	\$40,000,000
Payment Year 2	\$150,934,911.25		\$40,000,000

Payment Year 6	\$183,625,739.69		
Payment Year 7	\$183,625,739.69		

2. The sub funds within the Attorney Fee Fund shall include the Common Benefit Fund and the Contingency Fee Fund. The Cost Funds shall include the MDL Expense Fund, and the Litigating Subdivision Cost Fund. The State Counsel Fee Fund and the State Cost Fund shall be separate funds under the control of the Settling States.

3. The Contingency Fee Fund and the Common Benefit Fund shall be administered by a Fee Panel to be appointed by the MDL Court that will be governed by the provisions of this Fee Agreement and shall design the process and procedures for the allocation of fees pursuant to this Fee Agreement and the MDL Court's Order. The Cost Funds shall be administered by the Cost and Expense Fund Administrator to be appointed by the MDL Court who will be governed by the provisions of this Fee Agreement and shall design the process and procedures for the allocation of costs pursuant to this Fee Agreement and the MDL Court's Order.

4. The fees and costs to be paid under this Fee Agreement are available for Attorneys engaged in Qualifying Representations only. Fees and costs to be paid under this Fee Agreement are not available prior to the Effective Date of the Distributor Agreement or if the Distributor Agreement does not proceed past the Settling Distributors' determination in Section VIII.A of the Distributor Agreement. Fees and costs to be paid under this Fee Agreement are not available for representation of Non-Participating Subdivisions or Non-Litigating Subdivisions and are not available for representation of private hospitals, third-party payors, NAS claimants, personal injury/wrongful death claimants, or any entity other than Participating Litigating Subdivisions. In addition, fees and costs under this Fee Agreement are not available for representation of any individual or entity in matters other than those claims against Released Entities, but may include a reasonable share of representations that involve development of facts for pursuit of opioid-related claims against multiple defendants in the pharmacy, manufacturing, and distribution chain.

5. Payments due to the Attorney Fee Fund and the Cost Funds from the Settling Distributors under this Section II will be allocated among the Settling Distributors as follows: McKesson — 38.1%; Amerisource — 31.0%; Cardinal — 30.9%. A Settling Distributor's sole responsibility for payments under this Fee Agreement shall be to make its share of each payment. The obligations of the Settling Distributors in this Fee Agreement are several and not joint. No Settling Distributor shall be responsible for any portion of another Settling Distributor's share.

B. *Attorney Fee Fund and Sub Funds.*

1. There shall be a split of the Attorney Fee Fund into the Contingency Fee Fund and the Common Benefit Fund. The split shall be 40% to the Contingency Fee Fund and 60% to the Common Benefit Fund.

2. In no event shall Settling Distributors be required to pay more into the Attorney Fee Fund in any Payment Year than the maximum amount specified for that Payment Year in Section II.A.1, which amounts are reflected in Exhibit M to the Distributor Agreement. The amounts allocated to the Contingency Fee Fund and the Common Benefit Fund set by the Fee Panel shall be subject to the reductions and offsets set forth below.

3. Awards of fees from the Contingency Fee Fund shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the Distributor Agreement, as set forth in Exhibit G to the Distributor Agreement, and shall be made applying the Mathematical Model attached as Exhibit A to this Fee Agreement ("*Mathematical Model*"). The collection of the data and calculations for the Mathematical Model has been a cooperative effort among private counsel for a large number of Litigating Subdivisions. The analysis has been spearheaded by Joseph Tann and Andrew Arnold. The Fee Panel is encouraged to continue working with those counsel in application of the Model. The Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of an Attorney to participate as required in Section II.G. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculation.

4. As to awards from the Contingency Fee Fund, there shall be no right of appeal.

5. Any appeal of an award of the Fee Panel from the Common Benefit Fund will be made to the MDL Court and be reviewed under an abuse of discretion standard.

C. *Common Benefit Fund.* (60% of the Attorney Fee Fund.)

1. Funds in the Attorney Fee Fund shall be allocated to the Common Benefit Fund according to the schedule set forth below, subject to the adjustments described in Section II.C.5. The payments are to be made on the following yearly schedule, subject to the adjustments set forth below:

Payment Year 1	\$81,626,627.22
Payment Year 2	\$90,560,946.75
Payment Year 3	\$162,495,266.28
Payment Year 4	\$110,175,443.79
Payment Year 5	\$110,175,443.79
Payment Year 6	\$110,175,443.79
Payment Year 7	\$110,175,443.79
Total:	\$775,384,615.41

2. The Common Benefit Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions who:

- a. have performed work for the common benefit of all subdivisions pursuant to the guidelines established by Judge Polster set forth in MDL 2804 and the Order dated June 19, 2018, under docket number 636, which is included herein by reference; and
- b. satisfy the eligibility criteria set forth in Section II.G.

For purposes of Common Benefit Fund distribution, notwithstanding Section II.A.4 above, Attorneys representing Tribal Nations litigating against the Settling Distributors that have reached a settlement for Released Claims with Settling Distributors and/or Released Entities and meet the eligibility criteria in Section II.G shall be eligible.

3. The Common Benefit Fund shall be overseen by the Fee Panel, which shall determine the allocation of funds to eligible Attorneys consistent with this Fee Agreement and the June 19, 2018 Order.

4. In assessing the benefits that an Attorney has conferred to Participating Subdivisions (including non-Litigating Subdivisions) and/or Tribal Nations for purposes of any compensation decision, the Fee Panel shall give significant weight to the extent to which (i) the Attorney and his or her clients have contributed to increasing (or reducing) the Initial Participation Tier achieved through participation in the Distributor Agreement; (ii) the Attorney and his or her clients have contributed to increasing (or reducing) the amounts achieved under Incentive Payments A-D through participation in the Distributor Agreement; and (iii) the Attorney and his or her clients have contributed to the potential triggering of any suspension, reduction, or offset of Payment amounts under the Distributor Agreement. The Fee Panel may also consider additional fee recoveries the Attorney may potentially obtain, including, but not limited to, from State Back-Stop Agreements, representations of States or Tribal Nations, representations of other clients in opioids-related matters, or through the representation of Subdivision clients, whether they participated in the Distributor Agreement or not. It is the intent of this provision to recognize that the goal of the Distributor Agreement is to provide for maximum participation by the Subdivisions, maximum abatement funding for all Subdivisions nationally, and the maximum peace for Released Entities. Therefore, representing a Non-Participating Subdivision does not further the goal of the Distributor Agreement and should not be considered Common Benefit because it does not increase funds available to Participating Subdivisions' abatement programs. Representing Later Litigating Subdivisions is antithetical to the Distributor Agreement, detracts from Common Benefit, and is addressed by the ethics opinion discussed in Section II.I.4. The Fee Panel shall consider this concept of "*common detriment*" set forth in this Section II.C.4 in all of its decisionmaking with respect to the allocation of the Attorney Fee Fund among Attorneys, as well as, in its discretion, any offsets provided to Settling Distributors as set forth in Section II.C.6. The Fee Panel shall consider the totality of the Attorney's Participating Litigating Subdivisions as compared to the Attorney's Non-Participating Litigating

Subdivisions; the Parties recognize that, although the goal is for 100% participation, Attorneys with a higher number of clients have a higher probability of having one or more Non-Participating Litigating Subdivision client. As used in this Section II.C.4, “*client*” or “*representing*” a Subdivision shall include any Litigating Subdivision as to which the Attorney has a Fee Entitlement.

5. As set forth in Section II.C.6, the Fee Panel must consider the factors described in Section II.C.4 to determine how and whether to reduce the amounts to be paid by Settling Distributors under this Fee Agreement and to determine how to allocate funds among Attorneys. They may also, at their discretion, consider other factors. Any reduction in payment obligation or credit to be given a Settling Distributor in this Fee Agreement shall be applied against Payment Year 7 and working backwards. Any reduction to an Attorney not credited to Settling Distributors shall be allocated to attorneys whose Litigating Subdivision clients participated in the settlement by the Initial Participation Date.

6. The amounts to be provided as a credit or offset to Settling Distributors from the Common Benefit Fund shall depend on the relevant Participation Tier achieved, set forth in Exhibit H of the Distributor Agreement, as follows:

a. At Participation Tier 1 or below, the Common Benefit Fund payments to be paid by Settling Distributors shall be reduced as follows:

(i) With respect to any Attorney seeking payment from the Common Benefit Fund, the Fee Panel shall compare the aggregate allocation that Participating Litigating Subdivisions with which the Attorney has a Fee Entitlement would receive using the negotiating class allocation metrics with the aggregate amount that all Litigating Subdivisions (Participating and Non-Participating) with which the Attorney has a Fee Entitlement would receive using the negotiating class allocation metrics, provided that only Litigating Subdivisions in Settling States shall be considered for this ratio. The Fee Panel will multiply the amount to be paid to that Attorney from the Common Benefit Fund by that ratio, reduce the Attorney’s award by a maximum reduction of 15%, and the dollar amount of such reduction shall be deducted, dollar-for-dollar, from the amount owed by Settling Distributors to the Common Benefit Fund of the Attorney Fee Fund.

(ii) In the event that any Non-Participating Subdivision that is (a) under the jurisdiction of the MDL Court or (b) represented by an Attorney that is obligated to pay into the MDL Common Benefit Fund pursuant to a Participation Agreement, an order of the MDL Court, or any other arrangement settles with or wins a judgment against a Released Entity separate from the Distributor Agreement, and such settlement or judgment results in a common benefit fee assessment or fee payment into the MDL Common Benefit Fund during the time of Settling Distributors’ obligation to pay fees under this Fee Agreement, Settling Distributors’

obligation to pay into the Common Benefit Fund shall be reduced dollar-for-dollar for any amount of such fee assessments or payments (in the aggregate based on all reductions in this Section II.C.6.a.ii that exceed the reductions in Section II.C.6.a.i).

(iii) For the avoidance of doubt, in Tier 1 for each settlement or judgment with the Settling Distributors that results in an assessment or payment to the MDL Common Benefit Fund, that payment shall result in an offset for the Settling Distributors, unless the assessment or payment occurs after the Payment Date for Year 7.

b. At Participation Tier 2, the Common Benefit Fund payments to be made by Settling Distributors shall be reduced only as follows:

(i) Reduction by the Fee Panel. With respect to all Attorneys making an application that seeks payment from the Common Benefit Fund, the Fee Panel shall, following a determination that an Attorney is eligible under Section II.G, apply the criteria specified in Section II.C.4 in determining whether the lack of participation by Subdivisions with which an Attorney has a Fee Entitlement has resulted in a reduction in the Participation Tier achieved, reduction in benefit to Participating Subdivisions as a result of reductions in Incentive Payments A-D, and/or potential triggering of a suspension, reduction or offset under the Distributor Agreement. If the Fee Panel concludes that such a reduction has occurred, it must consider (1) the relative size of the Non-Participating Subdivision, as adjusted by the severity measures reflected in Exhibit H (governing the Participation Tiers) of the Distributor Agreement, and the impact of its non-participation on the Distributor Agreement as a whole (including amounts of Incentive Payments and triggering of suspensions, reductions or offsets); (2) whether and by how much the payment to the Attorney from the Common Benefit Fund should be reduced as a result of the impact of such non-participation on Participating Subdivisions; and (3) whether some or all of said reduction should revert to Settling Distributors due to the reduction in peace obtained from the Distributor Agreement. Consideration of the factors discussed in this Section II.C.6.b.i and Section II.C.4 is mandatory. The decision whether to (and by how much to) reduce payments by Settling Distributors or to reduce the payment to any Attorney based on the factors in Section II.C.4 shall be in the sole discretion of the Fee Panel.

(ii) Offsets.

(1) In the event that any Non-Participating Subdivision that is (a) under the jurisdiction of the MDL Court or (b) represented by an Attorney that is obligated to pay into the MDL Common Benefit Fund pursuant to a Participation Agreement, an order of the MDL Court, or any other arrangement

settles with or wins a judgment against a Released Entity separate from the Distributor Agreement, and such settlement or judgment results in a common benefit fee assessment or fee payment into the MDL Common Benefit Fund during the time of Settling Distributors' obligation to pay Common Benefit Fees under this Fee Agreement, Settling Distributors' obligation to pay into the Common Benefit Fund shall be reduced dollar-for-dollar up to the amount of the fee assessment or payment, except that such amount shall be capped at 7.5% of the amount of the settlement or judgment. Such reduction shall be taken first from Payment Year 7 of Settling Distributors' payments to the Common Benefit Fund of the Attorney Fee Fund up to the full amount of Settling Distributors' payment obligation in Payment Year 7, then from Payment Year 6, and so on.

(2) For the avoidance of doubt, for each settlement or judgment with the Settling Distributors that results in an assessment or payment to the MDL Common Benefit Fund, that payment shall result in an offset for the Settling Distributors, unless the assessment or payment occurs after the Payment Date for Payment Year 7.

c. At Participation Tier 3, the reductions to the Attorney Fee Fund shall be the same as set forth in Section II.C.6.b, except that the cap on each offset shall be 5% of the amount of such settlement or judgment.

d. At Participation Tier 4, there shall be no reductions to the Settling Distributors' obligations to make payment into the Common Benefit Fund, but the principles set forth in Section II.C.4 shall continue to apply.

D. *Contingency Fee Fund.* (40% of the Attorney Fee Fund.)

1. Funds from the Attorney Fee Fund shall be allocated to the Contingency Fee Fund on the following yearly schedule, subject to the adjustments set forth below:

Payment Year 1	\$54,417,751.48
Payment Year 2	\$60,373,964.50
Payment Year 3	\$108,330,177.52
Payment Year 4	\$73,450,295.88
Payment Year 5	\$73,450,295.88
Payment Year 6	\$73,450,295.88
Payment Year 7	\$73,450,295.88
Total:	\$516,923,077.32

2. The Contingency Fee Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions that meet the criteria set forth in Section II.G.

3. The Contingency Fee Fund shall be available to Attorneys who:

a. represent Litigating Subdivisions that are Participating Subdivisions, whether their actions are filed in state or federal court; and

b. meet the eligibility criteria of Section II.G.

c. Participation in the Contingency Fee Fund by counsel that have a case that is not subject to the jurisdiction of the MDL Court shall not create, provide, or waive jurisdiction of the MDL Court over that Litigating Subdivision, that case or Attorneys, other than to oversee the fairness of the distribution process, and enforcement of this Fee Agreement.

4. The amounts owed by Settling Distributors to the Contingency Fee Fund shall depend on the relevant Participation Tier set forth in Exhibit H of the Distributor Agreement as follows:

a. At Participation Tiers 1, 2 and 3, the Contingency Fee Fund payments shall be reduced as follows:

(i) For Non-Settling States, the Contingency Fee Fund payments shall first be reduced by the amounts identified by the Fee Panel, pursuant to Section II.H.6, that would have been owed to counsel for Litigating Subdivisions in Non-Settling States, had those States and those Litigating Subdivisions been Settling States and Participating Subdivisions.

(ii) Following the calculation in Section II.D.4.a.i, the Contingency Fee Fund payments shall be reduced to reflect the non-joinder of Litigating Subdivisions in Settling States by subtracting the amounts identified by the Fee Panel, pursuant to Section II.H.6, that would have been owed to counsel for Non-Participating Litigating Subdivisions in Settling States had such Litigating Subdivisions been Participating Subdivisions.

b. At Participation Tier 4, there shall be no reductions in the Contingency Fee Fund.

c. In the event that the Settling Distributors, prior to the Effective Date of the Distributor Agreement, settle with any Litigating Subdivision and, under such settlement agreement pay attorneys' fees, the Fee Panel shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, applying the same criteria applicable to all Attorneys for Participating Litigating

Subdivisions, determine what amount they would have been paid from the Contingency Fee Fund if they had become Participating Subdivisions under the Distributor Agreement without such prior settlement. That sum, rather than being paid to the Attorney for the previously settled Litigating Subdivision, shall be credited and/or returned to the Settling Defendants as if determined under Section II.D.4.a.ii above, except that such credit shall not be greater than the amount to the Attorneys paid under the Litigating Subdivision's prior settlement agreement.

E. *Litigating Subdivision Cost Fund.*

1. The Settling Distributors shall pay \$120,000,000 into the Subdivision Cost Fund, according to the schedule set forth below:

Payment Year 1	\$40,000,000
Payment Year 2	\$40,000,000
Payment Year 3	\$40,000,000

2. The Litigating Subdivision Cost Fund shall be available to compensate Attorneys for costs and expenses arising out of representation of Participating Litigating Subdivisions or to compensate Participating Litigating Subdivisions for direct in-house costs for expenditures related to their litigation against the Settling Distributors, including the cost of in-house employees. No funds in the Litigating Subdivision Cost Fund may be used to compensate the costs incurred by Non-Participating Subdivisions or Non-Litigating Subdivisions or costs and expenses arising out of representation of any such Subdivision. In allocating the Litigating Subdivision Cost Fund, the Administrator shall not allocate any funds for costs incurred after July 21, 2021.

3. During the period between July 21, 2021, and the Effective Date, the MDL PEC, as well as Litigating Subdivisions eligible to claim costs from the Litigating Subdivision Cost Fund shall make best efforts to cease litigation activity against Settling Distributors, including by jointly seeking stays or severance of claims against the Settling Distributors, where feasible, or postponements if a motion to stay or sever is not feasible or is denied, so long as such actions are not otherwise detrimental to the Litigating Subdivision.

4. In the event that the Settling Distributors, prior to the Effective Date of the Distributor Agreement, settle with any Litigating Subdivision and, under such settlement agreement pay costs to the Litigating Subdivision or its Attorney, the MDL Cost and Expense Fund Administrator shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, using the same criteria applicable to all applicants to the Subdivision Cost Fund, determine what amount in costs the Litigating Subdivision or its Attorney would have been paid from the Litigating Subdivision Cost Fund if it had settled under the Distributor Agreement. That sum, rather than being paid to the Attorney or the previously settling Litigating Subdivision, shall be credited and/or returned to the Settling Defendants, except that such sum shall not be greater than the amount paid under the previously settled Litigating Subdivision's settlement agreement.

5. The MDL Court shall appoint a Cost and Expense Fund Administrator, who shall develop a process and criteria, with input from participating counsel, by which to (a) determine the distribution of amounts from the MDL Expense Fund in pursuit of the claims against Settling Distributors; and (b) receive and evaluate applications from Participating Litigating Subdivisions, whether filed in Federal Court or State Court, to seek reimbursement from the Litigating Subdivision Cost Fund for eligible costs under Section II.E.2 in pursuit of the claims against the Settling Distributors. The Cost and Expense Fund Administrator shall require transparency from all applicants as to any other sources for compensating Attorneys for Litigating Subdivisions for costs incurred. The Cost and Expense Fund Administrator shall be compensated from the Fund.

6. In the event that the total amount of reimbursements from the Litigating Subdivision Cost Fund approved as reasonable by the Cost and Expense Administrator is less than the \$120,000,000, any remaining funds shall revert to the Settling Distributors.

F. *MDL Expense Fund.*

1. In Payment Year 1 of the Distributor Agreement, the Settling Distributors shall pay the following amount into the MDL Expense Fund:

MDL Expense Fund	\$40,384,615
------------------	--------------

2. The MDL Expense Fund shall be released following the Effective Date of this Fee Agreement without any delay to reimburse the MDL Counsel for an agreed-to portion of the expenses incurred, as approved by the Cost and Expense Fund Administrator. The MDL Expense Fund will be paid directly to the MDL Cost Account, set up by MDL Order and will be administered under the ongoing jurisdiction of the MDL Court, as provided below. No funds may be used to compensate the costs incurred by Non-Participating Subdivisions or to compensate any Attorney for costs incurred in representing one or more Non-Participating Subdivisions.

3. In allocating the MDL Expense Fund, the Administrator shall not allocate any funds for costs incurred after July 21, 2021, unless the Administrator determines that there are sufficient funds to cover all subdivision costs incurred prior to July 21, 2021 and that special circumstances exist to justify costs incurred following the public announcement of the Distributor Agreement.

G. *Eligibility.*

1. It is the intention of all parties participating in the Fee Panel process that there should be total transparency to the Fee Panel and to all fund participants. In connection with the process to be developed by the Fee Panel, any and all monies in attorney's fees, including referral fees, expenses paid, promises for payment, or any other Fee Entitlement, to any applicant in any opioid litigation shall be disclosed to the Fee Panel as a condition of participating in the Attorney Fee Fund and prior to an award from the Fee Panel. Any payment, expectation of payment or perceived entitlement to participate in a State Back-Stop Agreement or any other agreement reached with a

Settling State or any Subdivision or any other source regarding payment of fees must be disclosed to the Fee Panel. Similarly, any right to payment from any other fund, for example a fund for payment to lawyers representing Settling States or Tribal Nations or Subdivisions shall be disclosed to the Fee Panel. Because it is anticipated that there will be multiple firms listed on contingent fee agreements with Litigating Subdivisions, the Fee Panel shall establish procedures, with input from Attorneys for Participating Litigating Subdivisions, for who should petition for fees from such groups and to whom the fee shall be paid and thereafter distributed to co-counsel in accordance with applicable agreements. For the avoidance of doubt, all Attorneys that are part of such groups must meet the eligibility criteria in Section II.G, must be subject to the criteria set forth in Section II.C.4, and must be disclosed to the Fee Panel.

2. An Attorney may apply for and recover attorneys' fees from the Common Benefit Fund, the Contingency Fee Fund, and the Litigating Subdivision Cost Fund and any fund created by a past or future State Back-Stop Agreement, provided the Attorney satisfies the requirements relevant to each such fund and requirements for disclosure to the Fee Panel.

3. An Attorney may not receive any payment from the Attorney Fee Fund (which includes both the Contingency Fee Fund and the Common Benefit Fund) unless the following eligibility criteria are met and annually certified by the Attorney:

a. The Attorney must expressly waive the enforcement against the Litigating Subdivision client of all Fee Entitlements (other than under State Back-Stop Agreements) arising out of or related to any or all Qualifying Representations of any Participating Litigating Subdivision prior to applying for attorneys' fees from the Attorney Fee Fund or costs from the Cost Funds. All applications for attorneys' fees or costs under this Fee Agreement shall include an affirmation by the Attorney of such waiver and notice to the client(s) of such waiver. Such waiver shall not preclude the Attorney from submitting such Fee Entitlements to the Fee Panel as a factor for consideration in allocating payments from the Attorney Fee Fund or in connection with a State Back-Stop Agreement. For the avoidance of doubt, no Attorney may recover fees under this Fee Agreement unless the Attorney expressly agrees not to enforce Fee Entitlements as to each and every Participating Litigating Subdivision represented by that Attorney, but such Attorneys may participate in and receive funds from a State Back-Stop Agreement.

b. The Attorney must represent that s/he has no present intent to represent or participate in the representation of any Later Litigating Subdivision or any Releasor with respect to Released Claims against Released Entities.

c. The Attorney must represent that s/he has not and will not engage in any advertising or solicitation related to Released Claims against Released Entities where such advertising or solicitation relates to a representation that the Attorney could not undertake consistent with the ethics opinion referenced in Section II.I.4.

d. The Attorney must represent s/he will not charge or accept any referral fees for any Released Claims brought against Released Entities by Later Litigating Subdivisions. For the avoidance of doubt, this representation shall not prohibit Attorneys from receiving allocated shares of any future common benefit assessments arising out of settlements or judgments with Later Litigating Subdivisions represented by other Attorneys that are the result of the MDL Court's Common Benefit order.

e. The Attorney may not have and must represent that s/he does not have a Fee Entitlement related to a Later Litigating Subdivision.

f. The Attorney must certify that s/he has reviewed the ethics opinion referenced in Section II.I.4 and will act in conformity with such opinion.

g. The Attorney must fully disclose the participation, or the anticipation of participation, in any agreement with a Settling State or Participating Subdivision concerning fees arising out of or related to the Distributor Agreement, including any fees paid or anticipated to be paid or any State Back-Stop Agreement.

h. The Attorney must identify for the Fee Panel whether s/he utilized state litigation work product or MDL work product, including but not limited to ARCOS data, document repositories, experts developed in the MDL, and deposition transcripts. The Attorney must identify whether s/he signed the MDL Participation Agreement, and for which case(s) it was signed.

i. Any Attorney who applies for fees from one or both Funds must represent that, having exercised his/her independent judgment, s/he believes the Distributor Agreement to be fair and will make or has made best efforts to recommend the Distributor Agreement to his or her Subdivision clients in Settling States. For the avoidance of doubt, each Attorney is expected to exercise his or her independent judgment in the best interest of each client individually before determining whether to recommend joining the settlement. All applications for attorneys' fees or costs under this Section II shall include an affirmation by the Attorney in compliance with this Section II.G.

4. No Attorney receiving fees under this Fee Agreement may apply for or recover from the Attorney Fee Fund fees arising from representing a Non-Settling State or a Non-Participating Subdivision. All applications for attorneys' fees under this Section II shall include an affirmation by the Attorney of compliance with this Section II.

5. An Attorney who has filed an application under this Section II and received an award of attorneys' fees shall provide a certification of compliance this Fee Agreement annually during the years upon which they are still entitled to receive attorneys' fee payments.

6. If, at any time, the Attorney is unable to make the representations set forth in this Section II.G.3, such representations become untrue, or the Attorney falsely represents compliance with the eligibility criteria, the Attorney shall cease to be eligible to receive funds from the Attorney Fee Fund until further review by the Fee Panel of the Attorney's eligibility under and compliance with this Section II.

7. If an Attorney has a Fee Entitlement from a Later Litigating Subdivision or otherwise becomes unable to reaffirm compliance with the eligibility criteria set forth above, the Attorney shall notify Settling Distributors and the Fee Panel. For the avoidance of doubt, any Attorney who undertakes any new representation of, or has a Fee Entitlement to, a Later Litigating Subdivision shall be prohibited from receiving any future funds from the Attorney Fee Fund. If an Attorney fails to notify Settling Distributors and the Fee Panel of such Fee Entitlement to a Later Litigating Subdivision, the Attorney shall be required to refund amounts previously paid.

8. In the event that an Attorney is deemed ineligible by the Fee Panel (whether based on its initial application or subsequent recertification), the Fee Panel shall provide notice to the Attorney and give the Attorney 30 days to provide additional information such that the Fee Panel could reconsider the Attorney's eligibility.

9. To the extent that an Attorney has a Fee Entitlement with a Participating Subdivision and is authorized to bring Released Claims against Released Entities, but such authorization is, in scope, less broad than the category of Released Claims set forth in the Distributor Agreement, such Attorney may participate fully in both the Contingency Fee Fund and the Common Benefit Fund, without any reduction imposed by the Fee Panel due to the scope of the authorization, so long as the Participating Subdivision fully releases all Released Claims against Released Entities.

10. Attorneys applying to the Attorney Fee Fund knowingly and expressly agree to be bound by the decisions of the Fee Panel, subject to the limited appeal rights set forth in this Fee Agreement, and waive the ability to assert the lack of enforceability of the allocation reached through the arbitration procedures outlined herein.

H. *Calculation of Amounts Due.*

1. The Fee Panel shall be solely responsible for determining the amount of fees to be paid to each Attorney and each Participating Subdivision that applies under this Section II. None of the Released Entities shall have any responsibility, obligation, or liability of any kind whatsoever with respect to how attorneys' fees are calculated under this Section II, except that the Fee Panel may receive information from the Settling Distributors (a) as to the identity of Participating, Non-Participating, Litigating, Later Litigating, and Non-Litigating Subdivisions; (b) the impact of non-participation by a Litigating Subdivision as is relevant to the Fee Panel's determination in Section II.C.4; and (c) such other information as Settling Distributors may voluntarily elect to provide.

2. The Fee Panel shall establish procedures for the arbitration process consistent with this Fee Agreement and orders of the MDL Court. Such procedures may

include submission of documentary and/or other evidence, interviews with applicants and/or other counsel (including counsel for Settling Distributors) that the Fee Panel deems appropriate, and/or other means of creating a record upon which fee awards will be based.

3. In making determinations under this Fee Agreement, the Fee Panel must apply the eligibility criteria set forth in Section II.G of this Fee Agreement and the criteria set forth in Section II. In addition, the Fee Panel will give consideration in regard to Common Benefit awards to the *Johnson* factors, as well as the following factors (which factors may be applied and given relative weight in the Fee Panel's discretion):

a. The Attorney's contemporaneously recorded time and labor dedicated to Qualifying Representations along with the Attorney's financial commitment to such Qualifying Representations. Claimed "*time*" will not be automatically accepted by the Fee Panel but will be critically reviewed and given substantially more weight and consideration if such time was subject to the audit process described in any Pretrial Order(s) governing the collection of common benefit time;

b. The novelty, time, and complexity of the Qualifying Representations;

c. The skill requisite to perform legal services properly and undesirability of the case;

d. The preclusion of other employment by the Attorney due to time dedicated to Qualifying Representations;

e. The "*common benefit*," if any alleged to have been conferred by the Attorney and whether such common benefit work product by that Attorney was used by others in parallel litigations against Released Entities whether within or outside the MDL, provided that for any Attorney claiming that s/he substantially benefited cases other than those in which s/he entered an appearance as counsel must substantiate such claims by proffering factual support, such as proper supporting affidavits or other documents as determined by the Fee Panel with input from Attorneys for Participating Litigating Subdivisions;

f. Any "*common detriment*," as set forth in Section II.C.4.

g. Any contingent fee agreements or other Fee Entitlement with Participating Subdivisions, enforcement of which, except for State Back-Stop Agreements, are waived in conjunction with the application, the nature and extent of any work for those Participating Subdivisions, whether such Participating Subdivisions actively litigated and, if so, the nature and procedural history of such case(s);

h. The experience, reputation, and ability of the Attorney;

i. Whether the Attorney's clients brought Released Claims against Released Entities;

j. The status of discovery in cases primarily handled by the Attorney;

k. The nature of any work by the Attorney on "*bellwether*" cases or cases that were similarly active in litigation;

l. Any pressure points successfully asserted by the Attorney in cases against Settling Distributors or any risk for Settling Distributors created by the Attorney in cases against them;

m. Any risk for defendants created by applicants in cases against the Settling Distributors;

n. Successful and unsuccessful motion practice in cases worked on by the Attorney;

o. The date of filing of any cases filed by the Attorney;

p. Obtaining consolidation of the litigation in the Attorney's jurisdiction;

q. The number and population of entities represented by the Attorney and the fees that would have been awarded under extinguished contingent fee arrangements;

r. Whether the Attorney's clients brought claims against the Settling Distributors;

s. Whether the Attorney has had a leadership role in the litigation, whether in state or federal court;

t. Whether the Attorney has had a leadership role in any negotiations aimed at resolving the litigation;

u. Whether the Attorney's cases have survived motions to dismiss;

v. The extent to which the Attorney contributed to the work product user for the common benefits of opioids litigants, including, without limitation, work on ARCOS data, Prescription Data Monitoring Programs, IQVIA data, depositions, document production and analysis experts, motions, briefs and pleadings, trial preparations, and trials;

w. The extent to which litigation was done prior to and contributed to completion of settlement negotiations, as distinct from litigation that was done litigating after the announcement of the Distributor Agreement, such latter

litigation both being of less value and potentially resulting a common detriment to the settlement process; and

x. Any other factors that the Fee Panel finds to be appropriate to consider after input from applicants to the Attorney Fee Fund.

4. The Fee Panel shall develop procedures for receiving a single application, which may be updated or amended based on new information (such as participation by additional Litigating Subdivisions) from each Attorney seeking compensation from the Attorney Fee Fund, procedures shall not be inconsistent with this Fee Agreement. Any request for attorneys' fees not included on the single application or through the updating/amendment process designed by the Fee Panel shall be deemed waived. For purposes of transparency and to permit the Fee Panel to conduct its work, the application from each Attorney shall, at a minimum, require each Attorney to:

a. Identify all Litigating Subdivisions for which s/he is seeking payment from the Attorney Fee Fund;

b. Identify all Subdivisions in both Settling and Non-Settling States with respect to which s/he has a Fee Entitlement with respect to Relevant Claims against Released Entities, and identify all co-counsel in such cases;

c. Identify which of those Subdivisions are Participating Subdivisions and which are not;

d. Specify the specific fund or funds within the Attorney Fee Fund from which the Attorney is seeking compensation;

e. Demonstrate his or her eligibility for compensation from the relevant sub funds within the Attorney Fee Fund pursuant to the criteria set forth for the relevant sub fund; and

f. Identify any and all Fee Entitlements from representations of States, Tribal Nations, or other plaintiffs related to Released Claims against Released Entities or in opioids-related matters.

Notwithstanding Sections II.H.4.a-f above, the Panel may consider a supplemental application if the Attorney shows good cause why circumstances exist that will lead to consideration for additional Common Benefit award. Examples would include, but are not limited to, an Attorney having Non-Participating Litigating Subdivision clients that subsequently become Participating Subdivisions, a Bar Date passes that increases participation or the Participation Tier or an Allocation Agreement is reached.

5. With respect to the Common Benefit Fund, the Fee Panel shall (subject to any applicable MDL Court Order):

a. Review the applications of all Attorneys seeking compensation from the Common Benefit Fund, including determining eligibility for each Attorney as set forth in Section II.G.

b. Reduce, on an annual basis, the Distributor's payment obligations, as set forth in Section II.C.6. The Panel shall inform the Settling Distributors and the MDL PEC of all such amounts and adjust the Settling Distributors' payment obligations accordingly.

c. Using criteria set forth in Sections II.C and II.G, allocate amounts from the Common Benefit Fund to eligible Attorneys, including payment amounts for each Payment Year. In making such allocations (regardless of the Participation Tier achieved), the Panel shall apply the principles set forth in Section II.C.4 and shall allocate any reduction in the payments of Settling Distributors specified in Section II.C.6 to the amounts paid to Attorneys with a Fee Entitlement to Litigating Subdivisions that are not Participating Subdivisions.

6. With respect to the Contingency Fee Fund, the Fee Panel shall:

a. Review the applications of all Attorneys seeking compensation from the Litigating Subdivision Fee Fund, including determining eligibility for each Attorney as set forth in Section II.G.

b. Apply the Mathematical Model in Exhibit A.

c. Use such allocations to reduce payments, on an annual basis, the payment obligations of the Settling Distributors to the Attorney Fee Fund as set forth in Section II.D.4, and distributions therefrom, and inform the Settling Distributors and MDL PEC of all such adjustments.

7. To the extent that there is a dispute about the calculations of the Fee Panel related to the amounts that Settling Distributors are required to pay (including application of any reductions or offsets under this Fee Agreement), such disputes shall be presented to the Fee Panel and any disputed funds be paid into/held in escrow. The Fee Panel shall resolve such disputes expeditiously, with either Party having the right to seek review from the MDL Court.

8. For purposes of determination of fee or cost awards, allocations, reductions and possible reversions under this Fee Agreement, unless specified otherwise a Subdivision will be considered a Non-Participating Subdivision if it is not a Participating Subdivision as of the deadline for the application for the fee or cost award at issue (or, if the determination does not involve a specific application, the date on which the record for such determination closes).

9. In the event that the Fee Panel, through the use of the Mathematical Model set forth in Exhibit A, allocates funds from the Contingency Fee Fund for an Attorney based on a Qualifying Representation of a Participating Litigating Subdivision or allocates cost to such Participating Litigating Subdivision and that Subdivision is in a

Settling State in which the Consent Judgment has not been approved, such funds shall be placed into escrow until the Consent Judgment is approved, after which time they shall be released.

I. *Miscellaneous.*

1. The costs associated with the Fee Panel prior to the Effective Date of this Fee Agreement shall be funded by Settling Distributors. The Fee Panel shall charge an hourly rate that has been previously approved by a federal or state court and shall provide a budget and a cap for such work prior to the Effective Date, which shall be approved by Settling Distributors and such approval shall not be unreasonably withheld. Settling Distributors shall receive a refund for any such payment of pre-Effective Date costs from interest that accrues on the monies in the Attorney Fee Fund (including interest that accrues during such time as the Attorney Fee Fund monies are in escrow prior to the Effective Date of the Distributor Agreement), up to the amount of such costs. Post-Effective Date, the cost of the Fee Panel shall be charged against the applicable Fee Fund based on allocation by the Fee Panel and shall not be otherwise funded by Settling Distributors. The costs associated with the Cost and Expense Fund Administrator shall be paid from funds in the MDL Expense Fund and the Litigating Subdivision Cost Fund and shall not be otherwise funded by Settling Distributors.

2. The MDL PEC will seek, and the Attorneys General for Settling States and the Settling Distributors will not oppose, a Common Benefit Fee Order requiring an assessment of 7.5% on the gross recovery (by judgment or settlement) of any Non-Participating Subdivision that is subject to the federal court jurisdiction, represented by a MDL PEC firm, represented by any Attorney receiving fees from the Common Benefit Fund, represented by any Attorney that signed a Participation Agreement or paid in a case otherwise under the jurisdiction of the MDL Court.

3. The MDL PEC shall provide to Settling Distributors information they have that identifies Attorneys who represent Litigating Subdivisions who are not Participating Subdivisions and who have an obligation to pay a common benefit assessment, either due to the MDL Court's orders or to having signed a Participation Agreement.

4. The MDL PEC shall retain ethics counsel of its choice to provide an opinion that addresses the compliance of its ethical obligations, as it relates to the Distributor Agreement. Such opinion shall address the issue of the potential conflict of interest for an Attorney that had represented a Participating Subdivision also representing a Later Litigating Subdivision as defined in the Distributor Agreement. This Section II.I shall be enforceable to the extent permitted by the equivalent to Rules 1.16 and 5.6 of the ABA Model Rules of Professional Conduct in the relevant jurisdictions. The opinion shall be provided to the Settling Distributors as soon as it is completed and, in any event, prior to July 31, 2021 and shall be disseminated to counsel eligible to apply to the Attorney Fee Fund within 30 days of the announcement of the Distributor Agreement. The MDL PEC represents that it will comply with this opinion until the Reference Date and thereafter if the Distributor Agreement proceeds. The cost of such expert work done

prior to the Effective Date of the Distributor Agreement shall be funded by Settling Distributors.

5. Participating Subdivisions agree to instruct their counsel to treat information, work product and expert materials as secret under Rule 1.6 of the ABA Model Rules of Professional Conduct. Accordingly, an Attorney shall not share information or work product with, or experts or materials to, non-participants (other than the Attorney's own current clients or their lawyers, consultants, experts or other representatives or agents). However, nothing herein shall prevent MDL Leadership or PEC Counsel from fulfilling their obligations in any MDL and the MDL Court Order.

III. Miscellaneous.

A. *Termination.* If the Distributor Agreement does not proceed past the Reference Date, whether because the Settling Distributors do not determine to proceed or for any other reason, this Fee Agreement shall be null and void, Settling Distributors shall have no obligation to make any payments under this Fee Agreement, and the Settling Distributors and the MDL PEC shall take such steps as are necessary to restore the status quo ante.

B. *MDL Court Consideration.* This Fee Agreement shall be attached as an exhibit to the Distributor Agreement. This Fee Agreement shall also be submitted jointly by the Settling Distributors and the MDL PEC to the MDL Court for approval pursuant to the motion that shall be attached, prior to the Preliminary Agreement Date of the Distributor Agreement, to this Fee Agreement as Exhibit B.

1. In the event that the MDL Court, through an order, makes any change to the amounts potentially to be paid by Settling Distributors under this Fee Agreement, makes any change to the Fee Panel's consideration of the factors set forth in Section II.C.4, or any other material change to the draft Order attached as part of Exhibit B or the terms of this Fee Agreement, the Settling Distributors and the MDL PEC shall meet and confer concerning such changes.

2. If the Settling Distributors and the MDL PEC are unable to reach agreement and revisions to this Fee Agreement in the event discussed in Section III.B.1, this Fee Agreement shall be null and void, Settling Distributors shall have no obligation to make any payments under this Fee Agreement, and the Settling Distributors and the MDL PEC shall take such steps as are necessary to restore the *status quo ante*.

C. *Amendment.* Once the MDL Court has entered an order implementing this Fee Agreement, this Fee Agreement can only be amended by (1) written agreement of the Settling Distributors and the MDL PEC and (2) approval by the MDL Court.

D. *Jurisdiction and Enforcement.* The MDL Court shall have exclusive and ongoing jurisdiction over the enforcement and implementation of this Fee Agreement as set forth herein. The MDL PEC shall be the Authorized Party to enforce this Fee Agreement, as to the payment obligations of the Settling Distributors as set forth in this Fee Agreement, and as to Attorneys making application to the Funds under this Fee Agreement. Solely for purposes of assessing or

allocating common benefit fees, the MDL Court will continue to have jurisdiction over the work product developed in the MDL Court by and under the direction of the MDL PEC with respect to claims against the Settling Defendants, including data and documents, depositions, expert reports, briefs and pleadings; and the MDL Court's protective orders, management orders, and other decisions regarding such discovery and other work product, including but not limited to, conditions on its use, will continue in full force and effect. Nothing in this Section III.D authorizes the MDL Court to act contrary to this Fee Agreement or to share any of the work product, or provides the MDL Court with jurisdiction over the Distributor Agreement.

Description of Mathematical Model for the Allocation of the Contingency Fee Funds

Distributor Settlement Agreement and Janssen Settlement Agreement

This document describes the Mathematical Model for allocation of the Contingency Fee Fund described in Exhibit R (Agreement of Attorney's Fees, Expenses and Costs) to the Distributor Settlement Agreement and the Janssen Settlement Agreement, respectively.¹⁸ Awards of fees from the Contingency Fee Funds shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the corresponding agreements.¹⁹ A Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a counsel to participate. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculations.

In general terms, allocation of the Contingency Fee Fund shall be made by (1) determining the amount of the Settlement Fund that is attributable to each Litigating Subdivision; (2) making certain adjustments to these amounts based on when the Subdivision filed suit and the terms of the applicable fee contract; and (3) dividing the Contingency Fee Fund proportionately among counsel for each Participating Litigating Subdivision based on the amounts calculated in subpart 2.

Each Settling Defendant is responsible only for its own share of payments.²⁰ In other words, to collect a fee award from the Contingency Fee Fund against a Settling Defendant, the Participating Litigating Subdivision must have named the Settling Defendant in its lawsuit. The total amount of the Contingency Fee Fund in the Distributor Settlement Agreement is \$516,923,077.²¹ Amerisource's share is \$160,246,153.97 (31.0%), Cardinal's share is \$159,729,230.89 (30.9%), and McKesson's share is \$196,947,692.46 (38.1%). The total amount of the Contingency Fee Fund in the Janssen Settlement Agreement is \$123,076,923.²²

More specifically, allocation of each Settling Defendant's share of the corresponding Contingency Fee Fund shall be made according to the following steps. These steps must be performed separately for each Settlement Agreement, and each Defendant is responsible for paying only its share of the Contingency Fee Fund. These calculations are made only for purpose of determining the percentage share of the Contingency Fee Fund that Attorneys for each Participating Litigating Subdivision should receive, **not** for determining the dollar amount each Subdivision will receive.

¹⁸ See Distributor Settlement Agreement, Exhibit R § II.B.3; Janssen Settlement Agreement, Exhibit R § II.B.3.

¹⁹ Distributor Settlement Agreement, Exhibit R § II.B.3; Janssen Settlement Agreement, Exhibit R § II.B.3

²⁰ Distributor Settlement Agreement, Exhibit R § II.A.5.

²¹ Distributor Settlement Agreement, Exhibit R § II.D.1.

²² Janssen Settlement Agreement, Exhibit R § II.D.1.

- (1) For each Settling State, attribute 50% of the settlement funds for that State to its Subdivisions according to the Subdivision Allocation Percentage in Exhibit G to the Distributor Settlement Agreement or Janssen Settlement Agreement, as appropriate.

Illustrative example for the Distributor Agreement:

- Assume that State A is allocated 1.00000% of the \$18,554,013,691.11 Restitution/Abatement amount [see Exhibit M of the Agreement].
- 50% of the 1% share allocated to State A is \$92,770,068.46.
- Assume that, per Exhibit G of the Agreement, the Subdivision Allocation Percentage for City B in State A is 1.00000000%.
- For purposes of determining its counsel's share of the Contingency Fee Fund, City B is attributed 1.00000000% of \$92,770,068.46, or \$927,700.68.

- (2) Adjust the amounts in paragraph 1 as follows:

- a. *Upward Adjustment for Early Filers.* Increase the amount calculated in paragraph 1 above by 10% for any Litigating Subdivision that named the defendant(s) in a suit before December 5, 2017, the date the National Prescription Opiate Litigation MDL was formed. This adjustment must be done individually for each defendant. If the Litigating Subdivision did not name a Settling Defendant in a suit before January 1, 2021, then fees from the Contingency Fee Fund for that defendant will not be awarded to Attorneys with otherwise Qualifying Representations of that Participating Litigating Subdivision.

Illustrative Example:

- Assume City C is attributed \$1,000,000 under paragraph 1 above.
 - If City C named the defendant(s) before 12/5/2017, the attributed amount would be adjusted to \$1,100,000.
- b. *Determine Amount Due under Contingency Fee Contract.* Determine the amount that would be due to Attorneys with Qualifying Representations of each Participating Litigating Subdivision under the terms of the applicable fee contract if the Participating Litigating Subdivision were to receive the amount calculated in paragraph 2.a. This amount can be referred to as the Contingency Fee Assumption.

Illustrative Example:

Continuing the example given in paragraph 2.a, if Attorneys have a 20% contingency fee contract with City C for the relevant litigation, the amount calculated in this step would be 20% of \$1,100,000, or \$220,000.

In the next step, the Contingency Fee Assumption is used to determine the percentage share of the Contingency Fee Fund due to Attorneys for each Participating Litigating Subdivision.

(3) Divide the Contingency Fee Fund proportionately among Attorneys for each Participating Litigating Subdivision in two ways:

- a. *National Fee Pool Calculation.* Determine each Litigating Subdivision's percentage share of all amounts due under contingency fee contracts nationwide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions. Then multiply that percentage by the Contingency Fee Fund to figure each Subdivision's dollar share of the Contingency Fee Fund (but only for Settling Defendants the Subdivision timely named in a lawsuit).²³

Illustrative example for Distributor Settlement Agreement:

- $\$220,000$ [from para. 2.b] \div $\$1,800,000,000$ [total amount owed under contingency fee contracts nationwide] = 0.012222% ²⁴
- $0.012222\% \times \$516,923,077.32$ [Contingency Fee Fund] = $\$63,179.49$

- b. *Separate State Fee Pools Calculation.* Determine each Litigating Subdivision's percentage share of all amounts due under contingency fee contracts statewide by dividing the Contingency Fee Assumption calculated for each Subdivision in paragraph 2.b by the sum of all Contingency Fee Assumptions in the same State. Then multiply that percentage by the portion of the Contingency Fee Fund that corresponds to that State's Overall Allocation Percentage, shown in Exhibit F of the relevant Settlement Agreement, to figure each Subdivision's dollar share of the Contingency Fee Fund (but only for Settling Defendants the Subdivision timely named in a lawsuit).

Illustrative example for Distributor Settlement Agreement:

- $1\% \times \$516,923,077.32 = \$5,169,230.77$ [amount of the Contingency Fee Fund corresponding to State A]

²³ Because a few Litigating Subdivisions named only one or two of the Distributors in a lawsuit before January 1, 2021, each Subdivision's share of the Contingency Fee Fund is slightly different for each distributor. Therefore, under the Distributor Settlement Agreement, the calculations described in this step need to be made separately for each Settling Defendant. It is shown in a single calculation here for ease of illustration only.

²⁴ In this example, \$1.8 billion is the amount theoretically owed under all contingency fee contracts for litigation against distributors as calculated in paragraph 2.b. This amount is illustrative only; the actual amount will not be known until all litigating subdivisions are identified and the terms of all of their contingency fee contracts are collected.

- Assume a total of \$17,600,000 is owed under contingency fee contracts for State A.
- $\$220,000$ [from para. 2.b] \div $\$17,600,000 = 1.25\%$
- $1.25\% * \$5,169,230.77 = \$64,615.38$

The award of fees to Attorneys with Qualifying Representations of Participating Litigating Subdivisions will be the average of the final amounts calculated in paragraphs 3.a and 3.b above.²⁵

Paragraph 3.a represents allocation based on a proportional share of a National Fee Pool, while paragraph 3.b represents allocation based on a proportional share of the Separate State Fee Pools. In other words, for the National Fee Pool described above in paragraph 3.a, the contingency fee contract rate is compared to all other contingency fee contract rates in the nation. For the Separate State Fee Pools described above in paragraph 3.b, the contingency fee contract terms are compared to the other contingency fee contract terms in that same State. The National Fee Pool and the Separate State Fee Pools are given equal weighting. This is illustrated below.

Using the first methodology, Attorneys for two Subdivisions in different States with the same amount calculated under paragraph 2.b would be assigned the same amount under paragraph 3.a. Using the second methodology, Attorneys for the same two Subdivisions would be assigned different amounts under paragraph 3.b because they are in different States. Specifically, the Subdivision in the State with a smaller proportion of Participating

²⁵ The model also enforces a maximum fee award of 20% of the amount calculated in 2.b. This rule is designed to prevent windfalls by addressing over-allocation in a small number of states with relatively few Litigating Subdivisions. An estimated 97% of Qualifying Representations are not impacted this rule. The description in this document of the Mathematical Model is by necessity an abstraction; the precise contours of the calculations are defined in the model itself.

Litigating Subdivisions would be allocated more than the Subdivision in the State with a greater proportion of Participating Litigating Subdivisions.

EXHIBIT S

Agreement on the State Outside Counsel Fee Fund

1. **Creation of a State Outside Counsel Fee Fund.** The Settling Distributors and the Settling States agree to the creation of a state outside counsel fee fund to pay reasonable attorneys' fees of Settling States which have retained outside counsel in connection with litigation against the Settling Distributors (such fund, the "*State Outside Counsel Fee Fund*").

2. **State Outside Counsel Fee Fund Administration.** The State Outside Counsel Fee Fund shall be administered separately from the Common Benefit Fund, the Contingency Fee Fund, the State Cost Fund, and the MDL Expense Fund. A committee of Attorneys General shall oversee the State Outside Counsel Fee Fund (the "*Fee Fund Committee*"). The Fee Fund Committee shall initially consist of the following States: (a) Delaware; (b) Florida; (c) Georgia; (d) Indiana; (e) Michigan; (f) Ohio; and (g) Rhode Island. The Fee Fund Committee shall select a settlement fund administrator, who may or may not be different from the Settlement Fund Administrator (the "*Fee Fund Administrator*") and who shall administer the State Outside Counsel Fee Fund according to the guidelines and directives of the Fee Fund Committee.

3. **State Outside Counsel Fee Eligibility.** To receive any amount from the State Outside Counsel Fee Fund, an outside counsel to a Settling State must have filed and maintained an action in the name of a Settling State or its Attorney General against a Settling Distributor in a state or federal court as of June 1, 2021. No Settling State shall receive funds from both the State Outside Counsel Fee Fund and the Additional Restitution Amount as set forth in Section IX.

4. **State Outside Counsel Fee Fund Amount.** The Settling Distributors shall pay funds into the State Outside Counsel Fee Fund according to the schedule set forth below, subject to any suspensions, offsets, reductions, or adjustments provided for in the Agreement or described below:

Payment Year 1 Payment Date	\$136,044,379
Payment Year 2 Payment Date	\$129,230,769
Payment Year 3 Payment Date	\$17,417,160

5. **State Outside Counsel Fee Fund Availability and Calculation of Amount.**
- The State Outside Counsel Fee Fund shall be available to compensate private outside counsel for Settling State Attorneys General for approved fees arising out of representation of the Settling State pursuant to the schedule developed by the Fee Fund Committee and provided to the Settling Distributors.
 - Fees shall be calculated by adding two components: (a) a fixed amount consisting of fifty percent (50%) of the amount allocated to a Settling State pursuant to Exhibit F multiplied by 4.5%; and (b) a proportional percentage of the remaining fee due under that Settling State's contract assuming that fifty

percent (50%) of the Settling State's recovery is allocable to a Settling State (rather than allocable to the Settling State's Participating Subdivisions) so that the fees of all Settling States (minus the fixed amount that would have been allocated to any Non-Settling States had they become Settling States) exhausts the State Outside Counsel Fee Fund. The proportional share percentage will be the same for each Settling State included in the State Outside Counsel Fee Fund. All amounts paid will be less any costs or fees of the Fee Fund Administrator.

6. **Payment by the Fee Fund Administrator.**

- a. If a Settling State's outside counsel agrees that the amount calculated in Paragraph 5 above either satisfies in full or exceeds the amounts owed to all such Settling State's outside counsel, then upon written notice waiving all entitlement to any additional fee, the Fee Fund Administrator shall pay that Settling State's outside counsel the amount that satisfies the Settling State's obligation in full and, in no event more than (i) such obligation or (ii) the amount pursuant to the calculation and any schedule created by the Fee Fund Committee.
- b. If a Settling State's outside counsel does not agree that the amount calculated in Paragraph 5 above either satisfies in full or exceeds the amounts owed by the Settling State, then the Settling State's share shall be placed in an interest-bearing escrow account (less reasonable expenses of the Fee Fund Administrator) and held unless and until the Settling State and its outside counsel agree in a signed writing to a resolution of the amount outstanding or there is a final judgment entered that is no longer appealable.
- c. Upon being provided a signed, written agreement or the final non-appealable judgment, the Fee Fund Administrator shall release monies from the State Outside Counsel Fee Fund in either the amount held by the Fee Fund Administrator, if the amount of the agreement or judgment is equal to or more than the amount held, or the amount indicated in the agreement or in the final judgment, if the amount in the agreement or judgment is less than the amount held.
- d. Nothing herein, including the amounts listed in paragraph 5 above, shall prevent a Settling State from arguing in any proceeding with its outside counsel that (i) its recovery was less than fifty percent (50%) of the recovery in the Settlement Agreement down to and including fifteen percent (15%) of the total recovery; (ii) any payment should be discounted by an appropriate discount rate commensurate to the risk of the Settlement Agreement and the timeline that the Settling State is receiving its payments; (iii) the settlement amount should be lower because the amount a Settling State receives was reduced because such Settling State's outside counsel failed to obtain joinder from a Settling State's Subdivision(s) that the outside counsel also

represented; or (iv) any limitation placed by the Settling Distributors bars payment of a higher fee to outside counsel.

- e. In the event the amount due to the Settling State's outside counsel from an escrow account is less than the total amount of funds escrowed on the account of the Settling State, the balance shall be paid to the Settling State. In no event, other than a State becoming a Non-Settling State, shall funds revert to a Settling Distributor.
- f. Amounts owed by Settling Distributors to the State Outside Counsel Fee Fund shall be reduced and/or credited to Settling Distributors by amounts allocated on the above-mentioned schedule for outside counsel in Non-Settling States.

7. Reversion or Reduction of Amounts owed to Non-Settling States. Amounts owed by Settling Distributors to the State Outside Counsel Fee Fund shall be reduced proportionally across payments owed by the Settling Distributors by amounts allocated to the fixed amount on the below schedule for outside counsel in the event that a listed State becomes a Non-Settling State. In the event the Fee Fund Administrator receives part or all of the fixed amount due to a Non-Settling State from a Settling Distributor, the Fee Fund Administrator shall return the amount allocable to that Non-Settling State's fixed amount to the Settling Distributor.

Agreement on the State Cost Fund Administration

1. **Creation of a State Cost Fund.** The Settling Distributors and the Settling States agree to the creation of a state cost fund to pay litigation costs and expenses associated with litigation and investigation related to the opioid litigation (such fund, the “*State Cost Fund*”). The State Cost Fund shall be administered separately from the Common Benefit Fund, the Contingency Fee Fund, the State Counsel Fee Fund, and the MDL Expense Fund.
2. **State Cost Fund Amount and to Whom Owed.** On the Payment Date of Payment Year 1, the Settling Distributors shall pay into the State Cost Fund \$56,538,461.00 (the “*State Cost Fund Amount*”). No funds may be released from the State Cost Fund to Non-Settling States.
3. **State Cost Fund Committee.** A committee of Attorneys General or their designated representatives (such committee, the “*State Cost Fund Committee*”) shall oversee the State Cost Fund. The committee shall initially consist of the following States: (a) Delaware; (b) Florida; (c) Georgia; (d) New York; (e) North Carolina; (f) Ohio; (g) Tennessee; and (h) Texas. The Attorneys General may by majority vote add or change the composition of the State Cost Fund Committee, including replacing any above State, if that State is not a Settling State.
4. **State Cost Fund Administrator.** The State Cost Fund Committee shall select an administrator (the “*State Cost Fund Administrator*”). The State Cost Fund Administrator may or may not be different from the Settlement Fund Administrator. The State Cost Fund Administrator shall administer the State Cost Fund and direct payments to Settling States.
5. **State Cost Fund Guidelines.** Monies in the State Cost Fund shall be released without any delay to reimburse Settling States for documented costs incurred or paid in connection with litigation and investigation related to the opioid litigation. In allocating the State Cost Fund, no funds shall be allocated for costs incurred after July 21, 2021. The State Cost Fund Committee shall establish guidelines for the submission and approval of expenses eligible for reimbursement from the State Cost Fund. The State Cost Fund Administrator shall, in accordance with such guidelines, receive from Settling States records sufficient to demonstrate the incurrence and payment of each expense attributable to litigation or investigation related to the opioid litigation, including any outstanding National Association of Attorneys General grant.
6. **State Cost Fund Payment Priorities and Residual.** To the extent the aggregate eligible submissions of costs and expenses from Settling States exceed the State Cost Fund Amount, payments to Settling States shall be paid in the order described in this section until the State Cost Fund is exhausted. If the State Cost Fund is unable to fully pay costs at any of the following levels, then Settling States with costs at that level shall be paid on a proportional basis. All expenses with a lesser priority from the level where the State Cost Fund is exhausted will not be reimbursed from the State Cost Fund. Costs shall be paid in the following order of priority:

(a) the reasonable costs of the State Cost Fund Administrator, if any; (b) repayment of the National Association of Attorneys General grants connected to opioid litigation; (c) costs incurred or paid by outside counsel for a Settling State litigating against the Settling Distributors apart from any fee owed; (d) litigation-related costs attributable to the Settling Distributors incurred or paid by a Settling State litigating against the Settling Distributors; and (e) pre-suit investigation-related costs attributable to the Settling Distributors incurred or paid by either a Settling State outside counsel (not including any amount of fees or any costs which have already been reimbursed pursuant to clause (c), above) or a Settling State investigating the Settling Distributors. If the State Cost Fund has additional monies after payment of the State Cost Fund Administrator's and all Settling States' submitted costs, then the remaining funds will be provided to the National Association of Attorneys General to be placed in the Financial Services Fund for the purpose of funding grants for consumer protection- or healthcare-related enforcement or training activities. In determining what costs are attributable to the Settling Distributors, the State Fund Committee shall develop a guideline that ensures that all Settling States are treated equitably.

- A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the Janssen Settlement.

If applicable state law requires that opt-out rights be afforded to members of the class, a class action resolution otherwise meeting the foregoing requirements shall qualify as a Settlement Class Resolution unless Subdivisions collectively representing more than 1% of the total population of all of that State’s Subdivisions listed in Exhibit G opt out. In seeking certification of any Settlement Class, the applicable State and Participating Subdivisions shall make clear that certification is sought solely for settlement purposes and shall have no applicability beyond approval of the settlement for which certification is sought. Preexisting agreements addressing funds other than those allocated pursuant to this Agreement shall qualify if the approval requirements of Exhibit O are met. The Subdivision Allocation Percentages contained in Exhibit G may not change once notice is distributed pursuant to subsection VII.A, except upon the effectiveness of any State-

The States’ Attorneys General shall then have a period of thirty (30) days to decide whether to become Settling States. This notice period may be extended by written agreement of Janssen and the Enforcement Committee.
- B. *Condition to Preliminary Agreement.* Following the notice period set forth in subsection II.A above, Janssen shall determine on or before the Preliminary Agreement Date whether, in its sole discretion, enough States have agreed to become Settling States to proceed with notice to Subdivisions as set forth in Section VII below. If Janssen determines that this condition has been satisfied, and that notice to the Litigating Subdivisions should proceed, it will so notify the Settling States by providing notice to the Enforcement Committee and Settlement Fund Administrator on the Preliminary Agreement Date. If Janssen determines that this condition has not been satisfied, it will so

notify the Settling States by providing notice to the Enforcement Committee and Settlement Fund Administrator, and this Agreement will have no further effect and all releases and other commitments or obligations contained herein will be void.

- C. *Later Joinder by States.* After the Preliminary Agreement Date, a State may only become a Settling State with the consent of Janssen, in its sole discretion. If a State becomes a Settling State more than sixty (60) days after the Preliminary Agreement Date, but on or before January 1, 2022, the Subdivisions and Special Districts in that State that become Participating Subdivisions and Participating Special Districts within ninety (90) days of the State becoming a Settling State shall be considered Initial Participating Subdivisions or Initial Participating Special Districts. A State may not become a Settling State after January 1, 2022.

III. Injunctive Relief

- A. *Entry of Injunctive Relief.* As part of the Consent Judgment, the Parties agree to the injunctive relief terms attached as Exhibit P.

IV. Release

- A. *Scope.* As of the Effective Date, the Released Entities will be released and forever discharged from all of the Releasors' Released Claims. Each Settling State (for itself and its Releasors) and Participating Subdivision (for itself and its Releasors) will, on or before the Effective Date, absolutely, unconditionally, and irrevocably covenant not to bring, file, or claim, or to cause, assist in bringing, or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Agreement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of each Settling State and its Attorney General to release claims. The Release shall be a complete bar to any Released Claim.
- B. *Claim Over and Non-Party Settlement.*

1. *Statement of Intent.* It is the intent of the Parties that:
 - a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract) from other parties for their payment obligations under this Settlement Agreement;
 - b. the payments made under this Settlement Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);
 - c. Claims by Releasors against non-Parties should not result in additional payments by Released Entities, whether through contribution, indemnification or any other means; and

- d. the Settlement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties.
 - e. The provisions of this subsection IV.B are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.
- 2. *Contribution/Indemnity Prohibited.* No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner, provided that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.
- 3. *Non-Party Settlement.* To the extent that, on or after the Reference Date, any Releasor enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from Janssen in subsection IV.B.2, or a release from such Non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim-Over. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement.
- 4. *Claim-Over.* In the event that any Releasor obtains a judgment with respect to Non-Party Covered Conduct against a Non-Released Entity that does not contain a prohibition like that in subsection IV.B.3, or any Releasor files a Non-Party Covered Conduct Claim against a non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in subsection IV.B.3, and such Non-Released Entity asserts a Claim-Over against a Released Entity, that Releasor and Janssen shall take the following actions to ensure that the Released Entities do not pay more with respect to Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Settlement Agreement by Janssen:
 - a. Janssen shall notify that Releasor of the Claim-Over within sixty (60) days of the assertion of the Claim-Over or sixty (60) days of the Effective Date of this Settlement Agreement, whichever is later;
 - b. Janssen and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that it is not required to pay

more with respect to Covered Conduct than the amounts owed by Janssen under this Settlement Agreement;

- c. That Releasor and Janssen shall take steps sufficient and permissible under the law of the State of the Releasor to hold Released Entities harmless from the Claim-Over and ensure Released Entities are not required to pay more with respect to Covered Conduct than the amounts owed by Janssen under this Settlement Agreement. Such steps may include, where permissible:
 - (1) Filing of motions to dismiss or such other appropriate motion by Janssen or Released Entities, and supported by Releasors, in response to any claim filed in litigation or arbitration;
 - (2) Reduction of that Releasor's Claim and any judgment it has obtained or may obtain against such Non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;
 - (3) Placement into escrow of funds paid by the Non-Released Entities such that those funds are available to satisfy the Claim-Over;
 - (4) Return of monies paid by Janssen to that Releasor under this Settlement Agreement to permit satisfaction of a judgment against or settlement with the Non-Released Entity to satisfy the Claim-Over;
 - (5) Payment of monies to Janssen by that Releasor to ensure it is held harmless from such Claim-Over, up to the amount that Releasor has obtained, may obtain, or has authority to control from such Non-Released Entity;
 - (6) Credit to Janssen under this Settlement Agreement to reduce the overall amounts to be paid under the Settlement Agreement such that it is held harmless from the Claim-Over; and
 - (7) Such other actions as that Releasor and Janssen may devise to hold Janssen harmless from the Claim Over.
- d. The actions of that Releasor and Janssen taken pursuant to paragraph (c) must, in combination, ensure Janssen is not required to pay more with respect to Covered Conduct than the amounts owed by Janssen under this Settlement Agreement.
- e. In the event of any dispute over the sufficiency of the actions taken pursuant to paragraph (c), that Releasor and Janssen may seek review by

the National Arbitration Panel, provided that, if the parties agree, such dispute may be heard by the state court where the relevant Consent Judgment was filed. The National Arbitration Panel shall have authority to require Releasors to implement a remedy that includes one or more of the actions specified in paragraph (c) sufficient to hold Released Entities fully harmless. In the event that the panel's actions do not result in Released Entities being held fully harmless, Janssen shall have a claim for breach of this Settlement Agreement by Releasors, with the remedy being payment of sufficient funds to hold Janssen harmless from the Claim-Over. For the avoidance of doubt, the prior sentence does not limit or eliminate any other remedy that Janssen may have.

5. To the extent that the Claim-Over is based on a contractual indemnity, the obligations under subsection IV.B.4 shall extend solely to a Non-Party Covered Conduct Claim against a pharmacy, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Janssen shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non-Released Entities asserts a Claim-Over arising out of contractual indemnity against it.

- C. *General Release.* In connection with the releases provided for in the Agreement, each Settling State (for itself and its Releasors) and Participating Subdivision expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

A Releasor may thereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Settling State (for itself and its Releasors) and Participating Subdivision hereby expressly waives and fully, finally, and forever settles, releases, and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Settling States' decision to enter into the Agreement or the Participating Subdivisions' decision to participate in the Agreement.

- D. *Res Judicata.* Nothing in the Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in the Agreement,

and/or any Consent Judgment or other judgment entered on the Agreement, gives rise to under applicable law.

- E. *Representation and Warranty.* The signatories hereto on behalf of their respective Settling States and its Participating Subdivisions expressly represent and warrant that they will obtain on or before the Effective Date (or have obtained) the authority to settle and release, to the maximum extent of the State's power, all Released Claims of (1) their respective Settling States; (2) all past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts; (3) any of their respective Settling State's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution license; and (4) any Participating Subdivisions. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the State's Governor. Also, for the purposes of clause (3), a release from a State's Governor is sufficient to demonstrate that the appropriate releases have been obtained.
- F. *Effectiveness.* The releases set forth in the Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement Fund or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Fund or any portion thereof.
- G. *Cooperation.* Releasors (i) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (ii) will reasonably cooperate with and not oppose any effort by a Released Entity to secure the prompt dismissal of any and all Released Claims.
- H. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, the Agreement does not waive, release or limit any criminal liability, Claims for any outstanding liability under any tax or securities law, Claims against parties who are not Released Entities, Claims by private individuals and any claims arising under the Agreement for enforcement of the Agreement.

V. Monetary Relief and Payments

A. Structure of Payments

- 1. All payments under this Section V shall be made into the Settlement Fund, except that where specified, they shall be made into the Settlement Fund Escrow. The Settlement Fund shall be allocated and used only as specified in Section VI.
- 2. Janssen shall pay into the Settlement Fund the sum of Four Billion, Five Hundred Thirty-Four Million, Six Hundred Fifteen Thousand, Three Hundred Eighty-Five

Dollars (\$4,534,615,385) minus (1) the offsets and credits specified in subsection V.C below, (2) any unearned incentive payments under subsection V.E below, and (3) any adjustments under Section IX below.

3. The payments to the Settlement Fund shall be divided into base and incentive payments as provided in subsections V.D and V.E below.

B. Payment Process

1. Except as otherwise provided in this Agreement, Janssen shall make two Initial Year Payments and nine (9) Annual Payments. The Initial Year Payments will consist of base payments. The first Annual Payment shall consist of incentive payments and subsequent Annual Payments shall each consist of base and incentive payments. The amount of all Initial Year Payments and Annual Payments shall be determined by the Settlement Fund Administrator applying Section V and Exhibit M. The Payment Date for the first Initial Year Payment shall be no later than ninety (90) days after the Effective Date. The Payment Date for the second Initial Year Payment shall be no later than July 15, 2022. The Payment Date for the first Annual Payment shall be no later than one year and sixty days following the Effective Date; the Payment Date for the second Annual Payment shall be no later than two years and sixty days following the Effective Date, and so forth, until all Annual Payments are made.
2. All data relevant to the determination of each such payment shall be submitted to the Settlement Fund Administrator sixty (60) days prior to the Payment Date for each payment. Prior to the Initial Participation Date, the Parties will include an exhibit to the Agreement setting forth in detail the process for submitting such data to the Settlement Fund Administrator prior to each Payment Date. The Settlement Fund Administrator shall then determine the Initial Year Payment or Annual Payment and the amount to be paid to each Settling State and its Participating Subdivisions, consistent with the provisions in Exhibit L, by:
 - a. determining, for each Settling State, the amount of base and incentive payments to which the State is entitled by applying the criteria in this Section;
 - b. applying any reductions, suspensions, or offsets required by Sections V and IX; and
 - c. determining the total amount owed by Janssen to all Settling States and Participating Subdivisions.
3. The Settlement Fund Administrator shall then allocate the Initial Year Payment or Annual Payment pursuant to Section VI among the Settling States, among the separate types of funds for each Settling State (if applicable), and among the Participating Subdivisions.

4. As soon as possible, but no later than fifty (50) days prior to the Payment Date for each payment and following the determination described in subsection V.B.2, the Settlement Fund Administrator shall give notice to Janssen, the Settling States, and the Enforcement Committee of the amount of the Initial Year Payment or Annual Payment, the amount to be received by each Settling State, the amount to be received by the separate types of funds for each Settling State (if applicable), and the amount to be received by each Settling State's Participating Subdivisions.
5. Within twenty-one (21) days of the notice provided by the Settlement Fund Administrator, any party may dispute, in writing, the calculation of the Initial Year Payment or Annual Payment, or the amount to be received by a Settling State and/or its Participating Subdivisions. Such disputing party must provide a written notice of dispute to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Janssen identifying the nature of the dispute, the amount of money that is disputed, and the Settling State(s) affected.
6. Within twenty-one (21) days of the sending of a written notice of dispute, any affected party may submit a response, in writing, to the Settlement Fund Administrator, the Enforcement Committee, any affected Settling State, and Janssen identifying the basis for disagreement with the notice of dispute.
7. If no response is filed, the Settlement Fund Administrator shall adjust the amount calculated consistent with the written notice of dispute, and Janssen shall pay the adjusted amount as the Initial Year Payment or Annual Payment on the Payment Date. If a written response to the written notice of dispute is timely sent to the Settlement Fund Administrator, the Settlement Fund Administrator shall notify Janssen of the preliminary amount to be paid, which shall be the greater of the amount originally calculated by the Settlement Fund Administrator or the amount that would be consistent with the notice of dispute, *provided, however* that in no circumstances shall the preliminary amount to be paid be higher than the maximum amount of base and incentive payments for that payment as set forth in Exhibit M. For the avoidance of doubt, a transfer of suspended payments from the Settlement Fund Escrow does not count toward determining whether the amount to be paid is higher than the maximum amount of base and incentive payments for that payment as set forth in Exhibit M.
8. The Settlement Fund Administrator shall place any disputed amount of the preliminary amount paid by Janssen into the Settlement Fund Escrow and shall disburse any undisputed amount to each Settling State and its Participating Subdivisions receiving direct allocations within fifteen (15) days of the Payment Date or at such later time as directed by each Settling State.
9. Disputes described in this subsection (other than those for which no response is filed under subsection V.B.6) shall be resolved in accordance with the terms of Section XII.

10. The process described in this subsection V.B shall also apply to accelerated payments made pursuant to Incentive A under subsection V.E.4.
11. For the avoidance of doubt, Subdivisions not listed on Exhibit G shall not receive an allocation from the Subdivision Fund.

C. Offsets for Non-Settling States and Credits

1. An offset equal to Four Billion, Five Hundred Thirty-Four Million, Six Hundred Fifteen Thousand, Three Hundred Eighty-Five Dollars (\$4,534,615,385) times the percentage allocation assigned to each Non-Settling State in Exhibit F shall be deducted from the total amount to be paid by Janssen to the Settlement Fund under subsection V.A.2 above.
2. In addition to the offset, a credit of Two Hundred and Seventy Million Dollars (\$270,000,000) shall be deducted from the maximum Settlement Fund amount to be paid by Janssen under subsection V.A.2 above and applied to the payment amounts as specified by Exhibit M. For the avoidance of doubt, the base payments and maximum incentive payment amounts shown on Exhibit M already reflect the deduction of the offset.
3. Notwithstanding any other provision of this Agreement or any other agreement, in the event that: (1) Janssen enters into an agreement with any Settling State that resolves with finality such Settling State's Claims consistent with Section IV of this Agreement and such agreement has an effective date prior to the Effective Date of this Agreement (such agreement, a "State-Specific Agreement") and (2) pursuant to the terms of the State-Specific Agreement, any payments, or any portion thereof, made by Janssen thereunder are made in lieu of any payments (for the avoidance of doubt, including the Additional Restitution Amount), or any portion thereof, to be made under this Agreement and Janssen makes such a payment pursuant to the State-Specific Agreement, then Janssen will reduce any payments allocable to such Settling State (whether made to the Settlement Fund Escrow or the Settlement Fund) made pursuant to this Agreement to the extent such amount was already paid pursuant to the terms of the State-Specific Agreement. This provision includes but is not limited to any corresponding amounts already paid to the Qualified Settlement Fund established under the Agreement between Janssen and the State of New York dated June 25, 2021.
4. Non-Settling States shall not be eligible for any payments or have any rights in connection with this Agreement. Accordingly, the stated maximum dollar amounts of the payments specified in Exhibit M are reduced by the aggregate Overall Allocation Percentage of Non-Settling States as set forth in Exhibit F.

D. Base Payments

1. Janssen shall make base payments into the Settlement Fund totaling One Billion, Nine Hundred Forty-Two Million, Three Hundred Forty-Six Thousand, One Hundred Fifty-Five Dollars (\$1,942,346,155) minus the offsets and credits

specified in subsection V.C above. The base payments will be paid in accordance with the payment schedule specified by Exhibit M, subject to potential acceleration and potential deductions as provided herein.

2. The base payments will be allocated by Settling State proportionate to each Settling State's assigned percentages in Exhibit F, adjusted for any Non-Settling States.
3. If a State qualifies for Incentive A (described below), Janssen will accelerate the base payment schedule so that the State receives its Payment Year 1-4 base payment allocations and full Payment Year 1-4 Incentive A payment amounts within ninety (90) days of notice, on or after the Effective Date, of the Bar's implementation. Payment Year 5-10 payments are made annually and cannot be accelerated.
4. The exemplar payment schedule in Exhibit M does not account for deductions for offsets or unearned incentives, which will be separately calculated for each payment.

E. Incentive Payments

1. Janssen shall make incentive payments into the Settlement Fund potentially totaling up to Two Billion, Three Hundred Twenty-Two Million, Two Hundred Sixty-Nine Thousand, Two Hundred Thirty Dollars (\$2,322,269,230), consisting of \$2,109,038,461 for Incentive A (or, alternatively up to \$2,109,038,461 for combined Incentives B and C if Incentive A is not achieved) and \$213,230,769 for Incentive D, prior to being adjusted for credits if every State is a Settling State and were to satisfy the requirements specified below to earn its maximum incentive amount. The incentive payments will be paid in accordance with the payment schedule in Exhibit M, subject to potential acceleration and potential deductions as provided herein.
2. The maximum incentive amount for any Settling State shall be \$2,322,269,230 times the percentage allocation assigned that Settling State in Exhibit F.
3. A Settling State may qualify to receive incentive payments in addition to base payments if, as of the Incentive Payment Final Eligibility Date, it meets the incentive eligibility requirements specified below. Settling States may qualify for incentive payments in four ways. If a Settling State qualifies for "Incentive A," it will become entitled to receive the maximum Incentive A payment allocable to the State as stated in subsection V.E.1. If a Settling State does not qualify for Incentive A, it can alternatively qualify for "Incentive B" and/or "Incentive C." A Settling State can qualify for "Incentive D" regardless of whether it qualifies for another incentive payment. The Incentive Payment Final Eligibility Date is not relevant to Incentive D.

4. *Incentive A: Accelerated Incentive Payment for Full Participation.*
- a. A Settling State shall receive an accelerated Incentive A payment allocable to the State for full participation as described in subsection V.E.4.b.
 - b. A State qualifies for Incentive A by: (1) complete participation in the form of releases consistent with Section IV above from all Litigating Subdivisions and Litigating Special Districts, Non-Litigating Subdivisions with population over 10,000, and Non-Litigating Covered Special Districts (as defined in subsection V.E.7.e); (2) a Bar; or (3) a combination of approaches in clauses (1)-(2) that achieves the same level of resolution of Subdivision and Special District claims (e.g., a law barring future litigation combined with full joinder by Litigating Subdivisions and Litigating Special Districts). For purposes of Incentive A, a Subdivision or Special District is considered a “Litigating Subdivision” or “Litigating Special District” if it has brought Released Claims against Released Entities on or before the Reference Date; all other Subdivisions and Special Districts are considered “Non-Litigating.” For purposes of Incentive A, Non-Litigating Special Districts shall not include a Special District with any of the following words or phrases in its name: mosquito, pest, insect, spray, vector, animal, air quality, air pollution, clean air, coastal water, tuberculosis, and sanitary.
 - c. Qualification for Incentive A entitles the qualifying Settling State to expedited payment of base payments and incentive payments for Payment Years 1-4, which Janssen shall pay into the Settlement Fund within ninety (90) days after receiving notice from the Settlement Fund Administrator that a State has qualified for Incentive A, but in no event less than ninety (90) days from the Effective Date. Base and incentive payments for Payment Years 5-10 will not be expedited.
 - d. If a Settling State qualifies for Incentive A after receiving an incentive payment under Incentives B or C, described below, the Settling State’s payments under Incentive A will equal the remainder of its total Incentive A payments less any payments previously received under Incentives B or C. A Settling State that receives all of its maximum incentive allocation under Incentive A shall not receive additional incentive payments under Incentives B or C.
 - e. A Settling State that is not eligible for Incentive A as of the Incentive Payment Final Eligibility Date shall not be eligible for Incentive A for that Payment Year or any subsequent Payment Years.

5. *Incentive B: Early Participation or Released Claims by Litigating Subdivisions and Litigating Special Districts.*
- a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 60% of its total potential Incentive A payment allocation under Incentive B.
 - b. A Settling State can qualify for an Incentive B payment if Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State's litigating population are either Participating Subdivisions or have their claims resolved through Case-Specific Resolutions.
 - (1) A Settling State's litigating population is the sum of the population of all Litigating Subdivisions and Litigating Special Districts. A Settling State's litigating population shall include all Litigating Subdivisions and Litigating Special Districts whose populations overlap in whole or in part with other Litigating Subdivisions and Litigating Special Districts, for instance in the case of a Litigating Special District, city, or township contained within a county.
 - (2) For example, if a Litigating Special District and a city that is a Litigating Subdivision are located within a county that is a Litigating Subdivision, then each of their individual populations would be added together to determine the total litigating population. Special District populations shall be counted in the manner set forth in subsection XIII.B. If each qualifies as a Litigating Subdivision or Litigating Special District and the county has a population of 10, the City has a population of 8, and the Special District has a population of 1, the total litigating population would be 19.
 - c. The following time periods apply to Incentive B payments:
 - (1) Period 1: Zero to two hundred ten (210) days after the Effective Date.
 - (2) Period 2: Two hundred eleven (211) days to one year after the Effective Date.
 - (3) Period 3: One year and one day to two years after the Effective Date.
 - d. Within Period 1: If Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of a Settling State's litigating population are Participating Subdivisions or have their claims resolved through Case-Specific Resolutions during Period 1, a sliding scale will determine the share of the funds available under Incentive B, with a

maximum of 60% of the Settling State’s total potential incentive payment allocation available. Under that sliding scale, if Litigating Subdivisions and Litigating Special Districts collectively representing 75% of a Settling State’s litigating population become Participating Subdivisions or achieve Case-Specific Resolution status by the end of Period 1, a Settling State will receive 50% of the total amount available to it under Incentive B. If more Litigating Subdivisions and Litigating Special Districts become Participating Subdivisions or achieve Case-Specific Resolution status, the Settling State shall receive an increased percentage of the total amount available to it under Incentive B as shown in the table below.

Participation or Case-Specific Resolution Levels (As percentage of litigating population)	Incentive B Award (As percentage of total amount available to State under Incentive B)
75%	50%
76%	52%
77%	54%
78%	56%
79%	58%
80%	60%
85%	70%
90%	80%
95%	90%
100%	100%

- e. Within Period 2: If a Settling State did not qualify for an Incentive B payment in Period 1, but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State’s litigating population become Participating Subdivisions or achieve Case-Specific Resolution status by the end of Period 2, then the Settling State qualifies for 75% of the Incentive B payment it would have qualified for in Period 1.
- f. Within Period 3: If a Settling State did not qualify for an Incentive B payment in Periods 1 or 2, but Litigating Subdivisions and Litigating Special Districts collectively representing at least 75% of the Settling State’s litigating population become Participating Subdivisions or achieve Case-Specific Resolution status by the end of Period 3, then the Settling State qualifies for 50% of the Incentive B payment it would have qualified for in Period 1.
- g. A Settling State that receives the Incentive B payment for Periods 1 and/or 2 can receive additional payments if it secures participation from additional Litigating Subdivisions and Litigating Special Districts (or Case-Specific Resolutions of their claims) during Periods 2 and/or 3.

Those additional payments would equal 75% (for additional participation or Case-Specific Resolutions during Period 2) and 50% (for additional participation or Case-Specific Resolutions during Period 3) of the amount by which the increased litigating population levels would have increased the Settling State's Incentive B payment if they had been achieved in Period 1.

- h. If Litigating Subdivisions and Litigating Special Districts that have become Participating Subdivisions or achieved Case-Specific Resolution status collectively represent less than 75% of a Settling State's litigating population by the end of Period 3, the Settling State shall not receive any Incentive B payment.
- i. If there are no Litigating Subdivisions or Litigating Special Districts in a Settling State, and that Settling State is otherwise eligible for Incentive B, that Settling State will receive its full allocable share of Incentive B.
- j. Incentives earned under Incentive B shall accrue after each of Periods 1, 2, and 3. After each period, the Settlement Fund Administrator shall conduct a look-back to assess which Settling States vested an Incentive B payment in the preceding period. Based on the look-back, the Settlement Fund Administrator will calculate the incentives accrued under Incentive B for the period; *provided* that the percentage of Incentive B for which a Settling State is eligible as of the Incentive Payment Final Eligibility Date shall cap its eligibility for that Payment Year and all subsequent Payment Years.

6. *Incentive C: Early Participation of Subdivisions*

- a. If a Settling State does not qualify for Incentive A, it may still qualify to receive up to 40% of its total potential Incentive A payment allocation under Incentive C, which has two parts.
 - (1) Part 1: Under Incentive C, Part 1, a Settling State can receive up to 75% of its Incentive C allocation. A Settling State can qualify for a payment under Incentive C, Part 1 only if Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date) representing at least 60% of the Settling State's Primary Subdivision population become Participating Subdivisions or achieve Case-Specific Resolution status.
 - (2) A Settling State's Primary Subdivision population is the sum of the population of all Primary Subdivisions (whether Litigating Primary Subdivisions or Non-Litigating Primary Subdivisions as of the Reference Date). Because Subdivisions include Subdivisions whose populations overlap in whole or in part with other

Subdivisions, for instance in the case of a city or township contained within a county, the Settling State's Primary Subdivision population is greater than Settling State's total population. (Special Districts are not relevant for purposes of Incentive C calculations.)

- (3) A sliding scale will determine the share of the funds available under Incentive C, Part 1 to Settling States meeting the minimum 60% threshold. Under that sliding scale, if a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing 60% of its total Primary Subdivision population, it will receive 40% of the total amount potentially available to it under Incentive C, Part 1. If a Settling State secures participation or Case-Specific Resolutions from Primary Subdivisions representing more than 60% of its Primary Subdivision population, the Settling State shall be entitled to receive a higher percentage of the total amount potentially available to it under Incentive C, Part 1, on the scale shown in the table below. If there are no Primary Subdivisions, and that Settling State is otherwise eligible for Incentive C, that Settling State will receive its full allocable share of Incentive C, Part 1.

Participation or Case-Specific Resolution Levels (As percentage of total Primary Subdivision population)	Incentive C Award (As percentage of total amount available to State under Incentive C, Part 1)
60%	40%
70%	45%
80%	50%
85%	55%
90%	60%
91%	65%
92%	70%
93%	80%
94%	90%
95%	100%

- b. Part 2: If a Settling State qualifies to receive an incentive under Incentive C, Part 1, the State can also qualify to receive an additional incentive amount equal to 25% of its total potential Incentive C allocation by securing 100% participation of the ten (10) largest Subdivisions by population in the Settling State. (Special Districts are not relevant for purposes of this calculation.) If a Settling State does not qualify for any amount under Incentive C, Part 1, it cannot qualify for Incentive C, Part 2.
- c. Incentives earned under Incentive C shall accrue on an annual basis up to three years after the Effective Date. At one, two, and three years after the

Effective Date, the Settlement Fund Administrator will conduct a look-back to assess which Subdivisions had agreed to participate or had their claim resolved through a Case-Specific Resolution that year. Based on the look-back, the Settlement Fund Administrator will calculate the incentives accrued under Incentive C for the year; *provided* that the percentage of Incentive C for which a Settling State is eligible as of the Incentive Payment Final Eligibility Date shall cap its eligibility for that Payment Year and all subsequent Payment Years.

7. *Incentive D: Release of Payments if No Qualifying Special District Litigation.*

- a. \$213,230,769 shall be available for potential Incentive D payments according to the terms specified in this subsection V.E.7.
- b. If, within five years of the Reference Date, a Covered Special District files litigation against any Released Entity, Janssen shall, within thirty (30) days of Janssen being served, provide notice of the litigation to the Settling State in which the Covered Special District sits, which shall file a motion to intervene in the litigation and use its best efforts to obtain either dismissal of the litigation in cooperation with Janssen, or a release consistent with Section IV of the Special District's Claims.
- c. A Settling State shall receive its allocation of the Incentive D payment if, within five years after the Effective Date (the "look-back date"), no Covered Special District within the Settling State has filed litigation which has survived a Threshold Motion and remains pending as of the look-back date, unless the dismissal after the litigation survived the Threshold Motion is conditioned or predicated upon payment by a Released Entity (apart from payments by Janssen incurred under the Agreement or injunctive relief obligations incurred by it).
- d. Prior to the look-back date, a Released Entity shall not enter into a settlement with a Covered Special District unless the State in which the Covered Special District sits consents to such a settlement or unreasonably withholds consent of such a settlement.
- e. "Covered Special Districts" are school districts, healthcare/hospital districts, and fire districts, subject to the following population thresholds:
 - (1) For school districts, the K-12 student enrollment must be 25,000 or 0.12% of a State's population, whichever is greater;
 - (2) For fire districts, the district must cover a population of 25,000, or 0.20% of a State's population if a State's population is greater than 18 million. If not easily calculable from state data sources and agreed to between the State and Janssen, a fire district's population is calculated by dividing the population of the county or counties a

fire district serves by the number of fire districts in the county or counties.

- (3) For healthcare/hospital districts, the district must have at least 125 hospital beds in one or more hospitals rendering services in that district.

VI. Allocation and Use of Settlement Funds

- A. *Components of Settlement Fund.* The Settlement Fund shall be comprised of an Abatement Accounts Fund, a State Fund, and a Subdivision Fund for each Settling State. The payments under Section V into the Settlement Fund shall be initially allocated among those three (3) sub-funds and distributed and used as provided below or as provided for by a State-Subdivision Agreement (or other State-specific allocation of funds). Unless otherwise specified herein, payments placed into the Settlement Fund do not revert back to Janssen.
- B. *Use of Settlement Payments.*
 1. It is the intent of the Parties that the payments disbursed from the Settlement Fund to Settling States and Participating Subdivisions listed in Exhibit G be for Opioid Remediation, subject to limited exceptions that must be documented in accordance with subsection VI.B.2. In no event may less than 86.5% of Janssen's maximum amount of payments pursuant to Sections V, X, and XI over the entirety of all Payment Years (but not any single Payment Year) be spent on Opioid Remediation.
 2. While disfavored by the Parties, a Settling State or Participating Subdivision listed on Exhibit G may use monies from the Settlement Fund (that have not been restricted by this Agreement solely to future Opioid Remediation) for purposes that do not qualify as Opioid Remediation. If, at any time, a Settling State or a Participating Subdivision listed on Exhibit G uses any monies from the Settlement Fund for a purpose that does not qualify as Opioid Remediation, such Settling State or Participating Subdivision shall identify such amounts and report to the Settlement Fund Administrator and Janssen how such funds were used, including if used to pay attorneys' fees, investigation costs, litigation costs, or costs related to the operation and enforcement of this Agreement, respectively. It is the intent of the Parties that the reporting under this subsection VI.B.2 shall be available to the public. For the avoidance of doubt, (a) any amounts not identified under this subsection VI.B.2 as used to pay attorneys' fees, investigation costs, or litigation costs shall be included in the "Compensatory Restitution Amount" for purposes of subsection VI.F and (b) Participating Subdivisions not listed on Exhibit G or Participating Special Districts that receive monies from the Settlement Fund indirectly may only use such monies from the Settlement Fund for purposes that qualify as Opioid Remediation.

- C. *Allocation of Settlement Fund.* The allocation of the Settlement Fund allows for different approaches to be taken in different states, such as through a State-Subdivision Agreement. Given the uniqueness of States and their Subdivisions, Settling States and Participating Subdivisions are encouraged to enter into State-Subdivision Agreements in order to direct the allocation of their portion of the Settlement Fund. As set out below, the Settlement Fund Administrator will make an initial allocation to three (3) state-level sub-funds. The Settlement Fund Administrator will then, for each Settling State and its Participating Subdivisions listed on Exhibit G, apply the terms of this Agreement and any relevant State-Subdivision Agreement, Statutory Trust, Allocation Statute, or voluntary redistribution of funds as set out below before disbursing the funds.
1. Base Payments. The Settlement Fund Administrator will allocate base payments under subsection V.D among the Settling States in proportion to their respective Overall Allocation Percentages. Base payments for each Settling State will then be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VI.D.
 2. Incentive Payments. The Settlement Fund Administrator will treat incentive payments under subsection V.E on a State-specific basis. Incentive payments for which a Settling State is eligible under subsection V.E will be allocated 15% to its State Fund, 70% to its Abatement Accounts Fund, and 15% to its Subdivision Fund. Amounts may be reallocated and will be distributed as provided in subsection VI.D.
 3. Application of Adjustments. If a reduction, offset, or suspension under Section IX applies with respect to a Settling State, the reduction, offset, or suspension shall be applied proportionally to all amounts that would otherwise be apportioned and distributed to the State Fund, the Abatement Accounts Fund, and the Subdivision Fund for that State.
 4. Settlement Fund Administrator. Prior to the Initial Participation Date, Janssen and the Enforcement Committee will agree to a detailed mechanism consistent with the foregoing for the Settlement Fund Administrator to follow in allocating, apportioning, and distributing payments, which shall be appended hereto as Exhibit L.
 5. Settlement Fund Administrator Costs. Any costs and fees associated with or arising out of the duties of the Settlement Fund Administrator as described in Exhibit L with regard to Janssen's payments to the Settlement Fund shall be paid out of interest accrued on the Settlement Fund and from the Settlement Fund should such interest prove insufficient.
- D. *Settlement Fund Reallocation and Distribution.* As set forth below, within a particular Settling State's account, amounts contained in the Settlement Fund sub-funds may be reallocated and distributed per a State-Subdivision Agreement or other means. If the

apportionment of amounts is not addressed and controlled under subsections VI.D.1-2, then the default provisions of subsection VI.D.4 apply. It is not necessary that a State-Subdivision Agreement or other means of allocating funds pursuant to subsections VI.D.1-2 address all of the Settlement Fund sub-funds. For example, a Statutory Trust might only address disbursements from a Settling State's Abatement Accounts Fund.

1. Distribution by State-Subdivision Agreement. If a Settling State has a State-Subdivision Agreement, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VI.C shall be reallocated and distributed as provided by that agreement. Any State-Subdivision Agreement entered into after the Preliminary Agreement Date shall be applied only if it requires: (1) that all amounts be used for Opioid Remediation, except as allowed by subsection VI.B.2, and (2) that at least 70% of amounts be used solely for future Opioid Remediation (references to "future Opioid Remediation" include amounts paid to satisfy any future demand by another governmental entity to make a required reimbursement in connection with the past care and treatment of a person related to the Alleged Harms). For a State-Subdivision Agreement to be applied to the relevant portion of an Initial Year Payment or an Annual Payment, notice must be provided to Janssen and the Settlement Fund Administrator at least sixty (60) days prior to the Payment Date.
2. Distribution by Allocation Statute. If a Settling State has an Allocation Statute and/or a Statutory Trust that addresses allocation or distribution of amounts apportioned to such State's State Fund, Abatement Accounts Fund, and/or Subdivision Fund and that, to the extent any or all such sub-funds are addressed, requires (1) all amounts to be used for Opioid Remediation, except as allowed by subsection VI.B.2, and (2) at least 70% of all amounts to be used solely for future Opioid Remediation, then, to the extent allocation or distribution is addressed, the amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VI.C shall be allocated and distributed as addressed and provided by the applicable Allocation Statute or Statutory Trust. For the avoidance of doubt, an Allocation Statute or Statutory Trust need not address all three (3) sub-funds that comprise the Settlement Fund, and if the applicable Allocation Statute or Statutory Trust does not address distribution of all or some of these three (3) sub-funds, the applicable Allocation Statute or Statutory Trust does not replace the default provisions in subsection VI.D.4 of any such unaddressed fund. For example, if an Allocation Statute or Statutory Trust that meets the requirements of this subsection VI.D.2 only addresses funds restricted to abatement, then the default provisions in this Agreement concerning allocation among the three (3) sub-funds comprising the Settlement Fund and the distribution of the State Fund and Subdivision Fund for that State would still apply, while the distribution of the applicable State's Abatement Accounts Fund would be governed by the qualifying Allocation Statute or Statutory Trust.
3. Voluntary Redistribution. A Settling State may choose to reallocate all or a portion of its State Fund to its Abatement Accounts Fund. A Participating Subdivision listed on Exhibit G may choose to reallocate all or a portion of its

allocation from the Subdivision Fund to the State's Abatement Accounts Fund or to another Participating Subdivision or Participating Special District. For a voluntary redistribution to be applied to the relevant portion of an Initial Year Payment or an Annual Payment, notice must be provided to the Settling Distributors and the Settlement Fund Administrator at least sixty (60) days prior to the Payment Date.

4. Distribution in the Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. If subsections VI.D.1-2 do not apply, amounts apportioned to that State's State Fund, Abatement Accounts Fund, and Subdivision Fund under subsection VI.C shall be distributed as follows:
 - a. Amounts apportioned to that State's State Fund shall be distributed to that State.
 - b. Amounts apportioned to that State's Abatement Accounts Fund shall be distributed consistent with subsection VI.E. Each Settling State shall submit to the Settlement Fund Administrator a designation of a lead state agency or other entity to serve as the single point of contact for that Settling State's funding requests from the Abatement Accounts Fund and other communications with the Settlement Fund Administrator. The designation of an individual entity is for administrative purposes only and such designation shall not limit funding to such entity or even require that such entity receive funds from this Agreement. The designated entity shall be the only entity authorized to request funds from the Settlement Fund Administrator to be disbursed from that Settling State's Abatement Accounts Fund. If a Settling State has established a Statutory Trust then that Settling State's single point of contact may direct the Settlement Fund Administrator to release the State's Abatement Accounts Fund to the Statutory Trust.
 - c. Amounts apportioned to that State's Subdivision Fund shall be distributed to Participating Subdivisions in that State listed on Exhibit G per the Subdivision Allocation Percentage listed in Exhibit G. Subsection VII.I shall govern amounts that would otherwise be distributed to Non-Participating Subdivisions listed in Exhibit G.
 - d. Special Districts shall not be allocated funds from the Subdivision Fund, except through a voluntary redistribution allowed by subsection VI.D.3. A Settling State may allocate funds from its State Fund or Abatement Accounts Fund for Special Districts.
5. Restrictions on Distribution. No amounts may be distributed from the Subdivision Fund contrary to Section VII, *i.e.*, no amounts may be distributed directly to Non-Participating Subdivisions or to Later Participating Subdivisions in excess of what is permissible under subsection VII.E. Amounts allocated to the Subdivision Fund that cannot be distributed by virtue of the preceding sentence shall be distributed

into the sub-account in the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement described in subsection VI.D.1 or by an Allocation Statute or a Statutory Trust described in subsection VI.D.2.

E. *Provisions Regarding Abatement Accounts Fund.*

1. State-Subdivision Agreement, Allocation Statute, and Statutory Trust Fund Provisions. A State-Subdivision Agreement, Allocation Statute, or Statutory Trust may govern the operation and use of amounts in that State's Abatement Accounts Fund so long as it complies with the requirements of subsection VI.D.1 or VI.D.2 as applicable, and all direct payments to Subdivisions comply with subsections VII.E-H.
2. Absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. In the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust that addresses distribution, the Abatement Accounts Fund will be used solely for future Opioid Remediation and the following shall apply with respect to a Settling State:
 - a. *Regional Remediation.*
 - (1) At least 50% of distributions for remediation from a State's Abatement Accounts Fund shall be annually allocated and tracked to the regional level. A Settling State may allow the Advisory Committee established pursuant to subsection VI.E.2.d to define its regions and assign regional allocations percentages. Otherwise, a Settling State shall (1) define its initial regions, which shall consist of one (1) or more Subdivisions and which shall be designated by the State agency with primary responsibility for substance abuse disorder services employing, to the maximum extent practical, existing regions established in that State for opioid abuse treatment or other public health purposes; and (2) assign initial regional allocation percentages to the regions based on the Subdivision Allocation Percentages in Exhibit G and an assumption that all Subdivisions listed on Exhibit G will become Participating Subdivisions.
 - (2) This minimum regional expenditure percentage is calculated on the Settling State's initial Abatement Accounts Fund allocation and does not include any additional amounts a Settling State has directed to its Abatement Accounts Fund from its State Fund, or any other amounts directed to the fund. A Settling State may dedicate more than 50% of its Abatement Accounts Fund to the regional expenditure and may annually adjust the percentage of its Abatement Accounts Fund dedicated to regional expenditures as long as the percentage remains above the minimum amount.

- (3) The Settling State (1) has the authority to adjust the definition of the regions, and (2) may annually revise the percentages allocated to each region to reflect the number of Subdivisions in each region that are Non-Participating Subdivisions.
- b. *Subdivision Block Grants.* Certain Subdivisions listed on Exhibit G shall be eligible to receive regional allocation funds in the form of a block grant for future Opioid Remediation. A Participating Subdivision listed on Exhibit G eligible for block grants is a county or parish (or in the case of States that do not have counties or parishes that function as political subdivisions, a city) that (1) does not contain a Litigating Subdivision or a Later Litigating Subdivision for which it has the authority to end the litigation through a release, bar, or other action; (2) either (i) has a population of 400,000 or more or (ii) in the case of California has a population of 750,000 or more; and (3) has funded or otherwise managed an established health care or treatment infrastructure (e.g., health department or similar agency). Each Subdivision listed on Exhibit G eligible to receive block grants shall be assigned its own region.
- c. *Small States.* Notwithstanding the provisions of subsection VI.E.2.a, Settling States with populations under four (4) million that do not have existing regions described in subsection VI.E.2.a shall not be required to establish regions. However, such a Settling State that contains one (1) or more Subdivisions listed on Exhibit G eligible for block grants under subsection VI.E.2.b shall be divided regionally so that each block-grant eligible Subdivision listed on Exhibit G is a region and the remainder of the state is a region.
- d. *Advisory Committee.* The Settling State shall designate an Opioid Settlement Remediation Advisory Committee (the “*Advisory Committee*”) to provide input and recommendations regarding remediation spending from that Settling State’s Abatement Accounts Fund. A Settling State may elect to use an existing advisory committee or similar entity (created outside of a State-Subdivision Agreement or Allocation Statute); provided, however, the Advisory Committee or similar entity shall meet the following requirements:
 - (1) Written guidelines that establish the formation and composition of the Advisory Committee, terms of service for members, contingency for removal or resignation of members, a schedule of meetings, and any other administrative details;
 - (2) Composition that includes at least an equal number of local representatives as state representatives;
 - (3) A process for receiving input from Subdivisions and other communities regarding how the opioid crisis is affecting their

communities, their abatement needs, and proposals for abatement strategies and responses; and

- (4) A process by which Advisory Committee recommendations for expenditures for Opioid Remediation will be made to and considered by the appropriate state agencies.

3. Abatement Accounts Fund Reporting. The Settlement Fund Administrator shall track and assist in the report of remediation disbursements as agreed to among the Parties.

F. *Nature of Payment*. Janssen, the Settling States, the Participating Subdivisions, and the Participating Special Districts, acknowledge and agree that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims:

1. Janssen has entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;
2. The Settling States, the Participating Subdivisions, and the Participating Special Districts sought compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) as damages for the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions;
3. By executing this Agreement the Settling States, the Participating Subdivisions, and the Participating Special Districts certify that: (a) the Compensatory Restitution Amount is no greater than the amount, in the aggregate, of the Alleged Harms allegedly suffered by the Settling States and Participating Subdivisions; and (b) the portion of the Compensatory Restitution Amount received by each Settling State or Participating Subdivision is no greater than the amount of the Alleged Harms allegedly suffered by such Settling State or Participating Subdivision;
4. The payment of the Compensatory Restitution Amount by Janssen constitutes, and is paid for, compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) for alleged damage or harm (as compensation for alleged damage or harm arising out of alleged bodily injury) allegedly caused by Janssen;
5. The Compensatory Restitution Amount is being paid as compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) in order to restore, in whole or in part, the Settling States and Participating Subdivisions to the same position or condition that they would be in had the Settling States and Participating Subdivisions not suffered the Alleged Harms;
6. For the avoidance of doubt: (a) no portion of the Compensatory Restitution Amount represents reimbursement to any Settling State, Participating Subdivision, Participating Special District, or other person or entity for the costs of any investigation or litigation, (b) the entire Compensatory Restitution Amount

is properly characterized as described in subsection VI.F, and (c) no portion of the Compensatory Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, punitive damages, other punitive assessments, or attorneys' fees; and

7. New York, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts (the "Form 1098-F Filer") shall complete and file Form 1098-F with the Internal Revenue Service on or before February 28 (March 31 if filed electronically) of the year following the calendar year in which the order entering this Agreement becomes binding. On the Form 1098-F, the Form 1098-F Filer shall identify the entire Compensatory Restitution Amount received by the Form 1098-F Filer as remediation/restitution. The Form 1098-F Filer shall also, on or before January 31 of the year following the calendar year in which the order entering this Agreement becomes binding, furnish Copy B of such Form 1098-F (or an acceptable substitute statement) to Janssen.

VII. Participation by Subdivisions and Special Districts

- A. *Notice.* No later than fifteen (15) days after the Preliminary Agreement Date, the Settling States, with the cooperation of Janssen, shall send individual written notice of the opportunity to participate in this Agreement and the requirements of participation to all Subdivisions in the Settling States of this Agreement that are (1) Litigating Subdivisions or (2) Non-Litigating Subdivisions listed on Exhibit G as eligible to become Participating Subdivisions. Janssen's share of costs of the written notice to such Subdivisions shall be advanced by Janssen and deducted from its initial settlement payment. Notice shall also be provided simultaneously to counsel of record for Litigating Subdivisions and Non-Litigating Subdivisions listed on Exhibit G as eligible to become Participating Subdivisions. The Settling States, with the cooperation of Janssen, will also provide general notice reasonably calculated to alert Non-Litigating Subdivisions listed on Exhibit G in the Settling States to this Agreement, the opportunity to participate in it and the requirements for participation. Such notice may include publication and other standard forms of notification, as well as notice to national state and county organizations such as the National Association of Counties and the National League of Cities. The notice will include that the deadline for becoming an Initial Participating Subdivision is the Initial Participation Date. Nothing contained herein shall preclude a Settling State from providing further notice to or otherwise contacting any of its Subdivisions about becoming a Participating Subdivision, including beginning any of the activities described in this paragraph prior to the Preliminary Agreement Date.
- B. *Requirements for Becoming a Participating Subdivision: Non-Litigating Subdivisions.* A Non-Litigating Subdivision in a Settling State that is listed on Exhibit G may become a Participating Subdivision by returning an executed Subdivision Settlement Participation Form specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, (3) that the Subdivision agrees to use monies it receives, if any, from the Settlement Fund pursuant to the applicable requirements of Section VI, and (4) that the Subdivision submits to the jurisdiction of the court where the Consent Judgment is filed

for purposes limited to that court's role under the Agreement. The required Subdivision Settlement Participation Form is attached as Exhibit K.

- C. *Requirements for Becoming a Participating Subdivision: Litigating Subdivisions/Later Litigating Subdivisions.* A Litigating Subdivision or Later Litigating Subdivision in a Settling State may become a Participating Subdivision by returning an executed Subdivision Settlement Participation Form to the Settlement Fund Administrator and upon prompt dismissal of its legal action. A Settling State may require each Litigating Subdivision in that State to specify on the Subdivision Settlement Participation Form whether its counsel has waived any contingency fee contract with that Participating Subdivision and intends to seek fees according to Exhibit R. The Settlement Fund Administrator shall provide quarterly reports of this information to the parties organized by Settling State. Except for trials begun before the Initial Participation Date, a Litigating Subdivision or a Later Litigating Subdivision may not become a Participating Subdivision after the completion of opening statements in a trial of a legal action it brought that includes a Released Claim against a Released Entity.
- D. *Initial Participating Subdivisions.* A Subdivision qualifies as an Initial Participating Subdivision if it meets the applicable requirements for becoming a Participating Subdivision set forth in subsections VII.B or VII.C by the Initial Participation Date. Provided however, all Subdivision Settlement Participation Forms shall be held by the Settlement Fund Administrator until Janssen provides the notice in subsection VIII.B that it intends to proceed with the settlement, at which time the obligations created by such forms become effective.
- E. *Later Participating Subdivisions.* A Subdivision that is not an Initial Participating Subdivision may become a Later Participating Subdivision by meeting the applicable requirements for becoming a Participating Subdivision after the Initial Participation Date and agreeing to be subject to the terms of a State-Subdivision Agreement (if any) or any other structure adopted or applicable pursuant to subsections VI.D or VI.E. The following provisions govern what a Later Participating Subdivision can receive (but do not apply to Initial Participating Subdivisions):
1. A Later Participating Subdivision shall not receive any share of any base or incentive payments paid to the Subdivision Fund that were due before it became a Participating Subdivision.
 2. A Later Participating Subdivision that becomes a Participating Subdivision after July 15, 2022 shall receive 75% of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision before that date (unless the Later Participating Subdivision is subject to subsections VII.E.3 or VII.E.4 below).
 3. A Later Participating Subdivision that, after the Initial Participation Date, maintains a lawsuit for a Released Claim(s) against a Released Entity and has judgment entered against it on every such Claim before it became a Participating Subdivision (other than a consensual dismissal with prejudice) shall receive 50%

of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision prior to such judgment; *provided, however*, that if the Subdivision appeals the judgment and the judgment is affirmed with finality before the Subdivision becomes a Participating Subdivision, the Subdivision shall not receive any share of any base payment or incentive payment.

4. A Later Participating Subdivision that becomes a Participating Subdivision while a Bar or Case-Specific Resolution involving a different Subdivision exists in its State shall receive 25% of the share of future base or incentive payments that it would have received had it become a Later Participating Subdivision without such Bar or Case-Specific Resolution.
- F. *No Increase in Payments.* Amounts to be received by Later Participating Subdivisions shall not increase the payments due from Janssen.
- G. *Ineligible Subdivisions.* Subdivisions in Non-Settling States and Prior Litigating Subdivisions are not eligible to be Participating Subdivisions.
- H. *Non-Participating Subdivisions.* Non-Participating Subdivisions shall not directly receive any portion of any base or incentive payments, including from the State Fund and direct distributions from the Abatement Accounts Fund; however, a Settling State may choose to fund future Opioid Remediation that indirectly benefits Non-Participating Subdivisions.
- I. *Unpaid Allocations to Later Participating and Non-Participating Subdivisions.* Any base payment and incentive payments allocated pursuant to subsection VI.D to a Later Participating or Non-Participating Subdivision that cannot be paid pursuant to this Section VII, will be allocated to the Abatement Accounts Fund for the Settling State in which the Subdivision is located, unless those payments are redirected elsewhere by a State-Subdivision Agreement or by a Statutory Trust.
- J. *Requirements for Becoming a Participating Special District: Non-Litigating Special Districts.* A Non-Litigating Special District may become a Participating Special District by either executing a release consistent with Section IV or by having its claims extinguished by operation of law or released by a Settling State.
- K. *Requirements for Becoming a Participating Special District: Litigating Special Districts/Later Litigating Special Districts.* A Litigating Special District or Later Litigating Special District in a Settling State may become a Participating Special District by either executing a release consistent with Section IV and upon prompt dismissal of its legal action or by having its claims extinguished by operation of law or released by a Settling State.
- L. *Initial Participating Special Districts.* A Special District qualifies as an Initial Participating Special District if it meets the applicable requirements for becoming a Participating Special District by the Initial Participation Date.

- M. *Later Participating Special Districts.* A Special District that is not an Initial Participating Special District may become a Later Participating Special District by meeting the applicable requirements for becoming a Participating Special District after the Initial Participation Date and agreeing to be subject to the terms of any agreement reached by the applicable Settling State with Initial Participating Special Districts. A Later Participating Special District shall not receive any share of any base or incentive payments paid to the Settlement Fund that were due before it became a Participating Special District.

VIII. Condition to Effectiveness of Agreement and Filing of Consent Judgment

- A. *Determination to Proceed With Settlement.* Janssen will determine on or before the Reference Date whether there has been a sufficient resolution of the Claims of the Litigating Subdivisions in the Settling States (through participation under Section VII, Case-Specific Resolution(s), and Bar(s)) to proceed with this Agreement. The determination shall be in the sole discretion of Janssen and may be based on any criteria or factors deemed relevant by Janssen.
- B. *Notice by Janssen.* On or before the Reference Date, Janssen shall inform the Settling States and MDL PEC of its determination pursuant to subsection VIII.A. If Janssen determines to proceed, the Parties will proceed to file the Consent Judgments. If Janssen determines not to proceed, this Agreement will have no further effect and all releases (including those given by Participating Subdivisions) and other commitments or obligations contained herein will be void.
- C. *Determination of the Participation Tier.*
1. On the Reference Date, provided that Janssen determines to proceed with this Agreement, the Settlement Fund Administrator shall determine the Participation Tier. The criteria used to determine the Participation Tier are set forth in Exhibit H. Any disputes as to the determination of the Participation Tier shall be decided by the National Arbitration Panel.
 2. The Participation Tier shall be redetermined by the Settlement Fund Administrator annually as of the Payment Date, beginning with Payment Year 1, pursuant to the criteria set forth in Exhibit H.
 3. After Payment Year 3, the Participation Tier cannot move higher, unless this restriction is waived by Janssen.
 4. In the event that a Participation Tier redetermination moves the Participation Tier higher, and that change is in whole or in part as a result of the post-Reference Date enactment of a Bar and there is later a Revocation Event with respect to that Bar, then on the next Payment Date that is at least one hundred eighty (180) days after the Revocation Event, the Participation Tier shall move down to the Participation Tier that would have applied had the Bar never been enacted, unless the Bar is reinstated or all Subdivisions affected by the Revocation Event become Participating Subdivisions within one hundred eighty (180) days of the

Revocation Event. This is the sole circumstance in which, on a nationwide basis, the Participation Tier can move down.

5. In the event that there is a post-Reference Date Revocation Event with respect to a Bar that was enacted in a Settling State prior to the Reference Date, then, on the next Payment Date that is at least one hundred eighty (180) days after the Revocation Event, unless the Bar is reinstated or all Subdivisions affected by the Revocation Event become Participating Subdivisions within one hundred eighty (180) days of the Revocation Event, the Participation Tier shall decrease – solely for the State in which the Revocation Event occurred – to the Participation Tier commensurate with the percentage of Litigating Subdivisions in that State that are Participating Subdivisions and the percentage of Non-Litigating Subdivisions that are both Primary Subdivisions and Participating Subdivisions, according to the criteria set forth in Exhibit H, except that the calculations shall be performed as to that State alone. For the avoidance of doubt and solely for the calculation in this subparagraph, the Settling States Column of Exhibit H shall play no role. This is the sole circumstance in which one Settling State will have a different Participation Tier than other Settling States.
6. The redetermination of the Participation Tier under subsection VIII.C.2 shall not affect payments already made or suspensions or offsets already applied.

IX. Potential Payment Adjustments

A. *Later Litigating Subdivisions.*

1. If a Later Litigating Subdivision in a Settling State with a population above 10,000 brings a lawsuit or other legal proceeding against Released Entities asserting Released Claims, Janssen shall, within thirty (30) days of the lawsuit or other legal proceeding being served on Janssen, provide notice of the lawsuit or other legal proceeding to the Settlement Fund Administrator and the Settling State in which the Later Litigating Subdivision sits and provide the Settling State an opportunity to intervene in the lawsuit or other legal proceeding. A Released Entity shall not enter into a settlement with a Later Litigating Subdivision unless the State in which the Later Litigating Subdivision sits consents to such a settlement or unreasonably withholds consent to such a settlement.
2. If no Participation Tier applies and the Later Litigating Subdivision's lawsuit or other legal proceeding survives a Threshold Motion before Janssen makes its last settlement payment to the Settling State, the following shall apply:
 - a. Janssen will, from the date of the entry of the order denying the Threshold Motion and so long as the lawsuit or other legal proceeding is pending, be entitled to a suspension of the following payments it would otherwise owe the Settling State in which the Later Litigating Subdivision is located: (1) all remaining incentive payments to the relevant state; and (2) the last two scheduled base payments, if not already paid (the "Suspended Payments").

- b. For each Payment Year that Janssen is entitled to a suspension of payments, the Settlement Fund Administrator shall calculate the Suspended Payments applicable to the next Payment due from Janssen. The Suspended Payments shall be paid into the Settlement Fund Escrow account.
 3. If a Participation Tier applies at the time the Threshold Motion is denied, Janssen will be entitled to a suspension of the following percentages of Suspended Payments depending on the applicable Tier—75% for Tier 1, 50% for Tier 2, 35% for Tier 3, and 25% for Tier 4. Otherwise, the requirements of subsection IX.A.2 apply.
 4. If the Released Claim is resolved with finality without requirement of payment by a Released Entity, the placement of any remaining balance of the Suspended Payments into the Settlement Fund Escrow shall cease and the Settlement Fund Administrator shall immediately transfer amounts in the Settlement Fund Escrow on account of the suspension to the Settling State at issue and its Participating Subdivisions listed on Exhibit G. The lawsuit will not cause further suspensions unless the Released Claim is reinstated upon further review, legislative action, or otherwise.
 5. If the Released Claim is resolved with finality on terms requiring payment by a Released Entity (*e.g.*, if the lawsuit in which the Released Claim is asserted results in a judgment against Janssen or a settlement with Janssen), the Settlement Fund Administrator will transfer the amounts in the Settlement Fund Escrow on account of the suspension to Janssen necessary to satisfy 75% of the payment obligation of the Released Entity to the relevant Later Litigating Subdivision. The Settlement Fund Administrator shall immediately transfer any remaining balance in the Settlement Fund Escrow on account of the suspension to the Settling State at issue and its Participating Subdivisions listed on Exhibit G. If the amount to be transferred to Janssen exceeds the amounts in the Settlement Fund Escrow on account of the suspension, Janssen shall receive a dollar-for-dollar offset for the excess amount against its obligation to pay any remaining payments that would be apportioned to the Settling State at issue and to its Participating Subdivisions listed on Exhibit G.
- B. *Settlement Class Resolution Opt Outs.* If a Settling State is eligible for Incentive A on the basis of a Settlement Class Resolution, and a Primary Subdivision that opted out of the Settlement Class Resolution maintains a lawsuit asserting a Released Claim against a Released Entity, the following shall apply. If the lawsuit asserting a Released Claim either survives a Threshold Motion or has an unresolved Threshold Motion fewer than sixty (60) days prior to the scheduled start of a trial involving a Released Claim, and is resolved with finality on terms requiring payment by the Released Entity, Janssen shall receive a dollar-for-dollar offset for the amount paid against its obligation to make remaining Incentive A payments that would be apportioned to that State or Participating Subdivisions listed on Exhibit G. For the avoidance of doubt, an offset shall not be

applicable under this subsection if it is applicable under subsection IX.A with respect to the Subdivision at issue.

C. *Revoked Bar, Settlement Class Resolution, or Case-Specific Resolution.*

1. If Janssen made a payment as a result of the existence of a Bar, Settlement Class Resolution, or Case-Specific Resolution in a Settling State, and that Bar, Settlement Class Resolution, or Case-Specific Resolution is subject to a Revocation Event, Janssen shall receive a dollar-for-dollar offset against its obligation to make remaining payments that would be apportioned to that State or Participating Subdivisions listed on Exhibit G. This offset will be calculated as the dollar amount difference between (1) the total amount of incentive payments paid by Janssen during the time the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect, and (2) the total amount of Incentive Payments that would have been due from Janssen during that time without the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event being in effect. The amount of incentive payments that would have been due, referenced in (2) above, will be calculated based on considering any Subdivision that provides a release within one hundred eighty (180) days after the Revocation Event as having been a Participating Subdivision (in addition to all other Participating Subdivisions) during the time that the Bar, Settlement Class Resolution, or Case-Specific Resolution subject to the Revocation Event was in effect. If a Revocation Event causes a Settling State to no longer qualify for Incentive D, the Settling State shall return to Janssen all payments made under Incentive D.
2. Notwithstanding anything to the contrary in paragraph 1 above, if a Bar or Case-Specific Resolution is reinstated by the Settling State, either through the same or different means as the initial Bar or Case-Specific Resolution, Janssen's right to an offset is extinguished and any amounts withheld to offset amounts paid on account of the revoked, rescinded, reversed, or overruled Bar or Case-Specific Resolution shall be returned to the Settling State, less and except any incentive payments that would have been paid during the period in which the Bar or Case-Specific Resolution was revoked, rescinded, reversed, or overruled.

X. Additional Restitution Amount

- A. *Additional Restitution Amount.* Pursuant to the schedule set forth below and subject to the reduction specified in subsection X.B below, Janssen shall pay an Additional Restitution Amount to the Settling States listed in Exhibit N. Such funds shall be paid on the schedule set forth on Exhibit M on the Payment Date for each relevant Payment Year to such Settling States as allocated by the Settlement Fund Administrator pursuant to Exhibit N.

Payment Year 1	\$15,384,615.38
Payment Year 2	\$26,923,076.92

Payment Year 3 \$25,000,000.00

- B. *Reduction of Additional Restitution Amount.* In the event that any Non-Settling State appears on Exhibit N, the amounts owed by Janssen pursuant to this Section X shall be reduced by the allocation set forth on Exhibit N for any such Non-Settling States.
- C. *Use of Funds.* All funds paid as an Additional Restitution Amount shall be part of the Compensatory Restitution Amount, shall be used for Opioid Remediation, except as allowed by subsection VI.B.2, and shall be governed by the same requirements as specified in subsection VI.F.

XI. Plaintiffs' Attorneys' Fees and Costs

- A. The Agreement on Attorneys' Fees, Expenses and Costs is set forth in Exhibit R and incorporated herein by reference. The Agreement on the State Outside Counsel Fee Fund and Agreement on the State Cost Fund Administration are set forth in Exhibit U and Exhibit S, respectively, and are incorporated herein by reference.

XII. Enforcement and Dispute Resolution

- A. *Enforceability.* The terms of the Agreement and Consent Judgment applicable to or in a Settling State will be enforceable solely by that Settling State and Janssen. Settling States or Participating Subdivisions shall not have enforcement rights with respect either to the terms of this Agreement that apply only to or in other States or to any Consent Judgment entered into by another Settling State. Participating Subdivisions shall not have enforcement rights against Janssen with respect to the Agreement or any Consent Judgment except as to payments that would be allocated to the Subdivision Fund or Abatement Accounts Fund pursuant to Section VI; *provided, however*, that each Settling State shall allow Participating Subdivisions in that State to notify it of any perceived violations of the Agreement or Consent Judgment.
- B. *Jurisdiction.* Janssen consents to the jurisdiction of the court in which the Consent Judgment is filed, limited to resolution of disputes identified in subsection XII.F.2 for resolution in the court in which the Consent Judgment is filed.
- C. *Specific Terms Dispute Resolution.*
 - 1. Any dispute that is addressed by the provisions set forth in the Injunctive Relief terms in Exhibit P shall be resolved as provided therein.
 - 2. In the event Janssen believes the 86.5% threshold established in subsection VI.B.1 is not being satisfied, any Party may request that Janssen and the Enforcement Committee meet and confer regarding the use of funds under subsection VI.B.1. The completion of such meet-and-confer process is a precondition to further action regarding any such dispute. Further action concerning subsection VI.B.1 shall: (i) be limited to Janssen seeking to reduce its Annual Payments by no more than 5% of the difference between the actual amount of Opioid Remediation and the 86.5% threshold established in subsection VI.B.1; (ii) only reduce Annual

Payments to those Settling States and its Participating Subdivisions that are below the 86.5% threshold established in subsection VI.B.1; and (iii) not reduce Annual Payments restricted to future Opioid Remediation.

D. *State-Subdivision Enforcement.*

1. A Participating Subdivision shall not have enforcement rights against a Settling State in which it is located with respect to the Agreement or any Consent Judgment except: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust with respect to intrastate allocation; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that: (a) the Settling State's use of Abatement Accounts Fund monies were not used for uses similar to or in the nature of those uses contained in Exhibit E; or (b) a Settling State failed to pay funds directly from the Abatement Accounts Fund to a Participating Subdivision eligible to receive a block grant pursuant to subsection VI.E.2.b.
2. A Settling State shall have enforcement rights against a Participating Subdivision located in its territory: (1) as provided for in a State-Subdivision Agreement, Allocation Statute, or Statutory Trust; or (2) in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust, as to allegations that the uses of Abatement Accounts Fund monies by Participating Subdivisions listed on Exhibit G were not for uses similar to or in the nature of those uses contained in Exhibit E.
3. As between Settling States and Participating Subdivisions, the above rights are contractual in nature and nothing herein is intended to limit, restrict, change, or alter any other existing rights under law.

E. *Subdivision Payment Enforcement.* A Participating Subdivision shall have the same right as a Settling State pursuant to subsection XII.F.4.a(4) to seek resolution of any failure by Janssen to make its required base and/or incentive payments in a Payment Year.

F. *Other Dispute Resolution Terms.*

1. Except as provided in subsection XII.C, the parties to a dispute shall promptly meet and confer in good faith to resolve any dispute. If the parties cannot resolve the dispute informally, and unless otherwise agreed in writing, they shall follow the remaining provisions of this subsection XII.F to resolve the dispute.
2. Except as provided in subsections XII.C and XII.F.4, disputes not resolved informally shall be resolved in either the court that entered the relevant Consent Judgment or, if no Consent Judgment was entered, a state or territorial court with jurisdiction located wherever the seat of state government is located. State court proceedings shall be governed by the rules and procedures of the forum. For the avoidance of doubt, disputes to be resolved in state court include, but are not limited to, the following:

- a. disputes concerning whether expenditures qualify for Opioid Remediation;
 - b. disputes between a Settling State and Participating Subdivisions located in such Settling State as provided by subsection XII.D, except to the extent the State-Subdivision Agreement provides for other dispute resolution mechanisms. For the avoidance of doubt, disputes between a Settling State and any Participating Subdivision shall not be considered National Disputes;
 - c. whether this Agreement and relevant Consent Judgment are binding under state law;
 - d. the extent of the Attorney General's or other participating entity's authority under state law, including the extent of the authority to release claims;
 - e. whether the requirements of a Bar, a Case-Specific Resolution, State-Specific Finality, Later Litigating Subdivision, Litigating Subdivision, or a Threshold Motion have been met; and
 - f. all other disputes not specifically identified in subsections XII.C and XII.F.4.
3. Any Party may request that the National Arbitration Panel provide an interpretation of any provision of the settlement that is relevant to the state court determination, and the National Arbitration Panel shall make reasonable best efforts to supply such interpretation within the earlier of thirty (30) days or the time period required by the state court proceedings. Any Party may submit that interpretation to the state court to the extent permitted by, and for such weight provided by, the state court's rules and procedures. If requested by a Party, the National Arbitration Panel shall request that its interpretation be accepted in the form of an amicus curiae brief, and any attorneys' fees and costs for preparing any such filing shall be paid for by the requesting Party.
4. National Disputes involving a Settling State, Participating Subdivision, and/or Janssen shall be resolved by a National Arbitration Panel.
- a. "*National Disputes*" are disputes that are exceptions to subsection XII.F.2's presumption of resolution in state courts because they involve issues of interpretation of Agreement terms applicable to all Settling States without reference to a particular State's law. Disputes between a State and any Participating Subdivisions shall not be considered National Disputes. National Disputes are limited to the following:
 - (1) the amount of offset and/or credit attributable to Non-Settling States and Tribes;
 - (2) issues involving the scope and definition of "Product";

- (3) interpretation and application of the terms “Covered Conduct” and “Released Entities”;
 - (4) disputes over a given year’s payment or the payment of the Additional Restitution Amount to all Settling States (for the avoidance of doubt, disputes between a Settling State and Janssen over the amounts owed to only that State shall not be considered National Disputes);
 - (5) questions regarding the performance and/or removal of the Settlement Fund Administrator;
 - (6) disputes involving liability of successor entities;
 - (7) disputes that require a determination of sufficient Subdivision and Special District participation to qualify for Incentives A, B, C, or D, as well as disputes over qualification for Participation Tiers;
 - (8) disputes that require interpretation of Agreement terms (i) that concretely affect four (4) or more Settling States; and (ii) do not turn on unique definitions and interpretations under State law; and
 - (9) any dispute subject to resolution under subsection XII.F.2 but for which all parties to the dispute agree to arbitration before the National Arbitration Panel under the provisions of this subsection XII.F.4.
- b. The “*National Arbitration Panel*” shall be comprised of three (3) neutral arbitrators. One (1) arbitrator shall be chosen by Janssen, one (1) arbitrator shall be chosen by the Enforcement Committee with due input from Participating Subdivisions, and the third arbitrator shall be agreed upon by the first two (2) arbitrators. The membership of the National Arbitration Panel is intended to remain constant throughout the term of this Agreement, but in the event that replacements are required, the retiring arbitrator shall be replaced by the party that selected him/her.
- (1) The National Arbitration Panel shall make reasonable best efforts to decide all matters within one hundred eighty (180) days of filing, and in no event shall it take longer than one (1) year.
 - (2) The National Arbitration Panel shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the parties to be heard. Issues shall be resolved without the need for live witnesses where feasible, and with a presumption in favor of remote participation to minimize the burdens on the parties.
 - (3) To the extent allowed under state law, a Settling State, Participating Subdivision, and (at any party’s request) the National

Arbitration Panel may certify to an appropriate state court any question of state law. The National Arbitration Panel shall be bound by a final state court determination of such a certified question. The time period for the arbitration shall be tolled during the course of the certification process.

- (4) The arbitrators will give due deference to any authoritative interpretation of state law, including any declaratory judgment or similar relief obtained by a Settling State, Participating Subdivision, or Janssen on a state law issue.
 - (5) The decisions of the National Arbitration Panel shall be binding on Settling States, Participating Subdivisions, Janssen, and the Settlement Fund Administrator. In any proceeding before the National Arbitration Panel involving a dispute between a Settling State and Janssen whose resolution could prejudice the rights of a Participating Subdivision(s) or Participating Special District(s) in that Settling State, such Participating Subdivision(s) or Participating Special District(s) shall be allowed to file a statement of view in the proceeding.
 - c. Nothing herein shall be construed so as to limit or otherwise restrict a State from seeking injunctive or other equitable relief in state court to protect the health, safety, or welfare of its citizens.
 - d. Each party shall bear its own costs in any arbitration or court proceeding arising under this subsection XII.F. The costs for the arbitrators on the National Arbitration Panel shall be divided and paid equally by the disputing sides for each individual dispute, *e.g.*, a dispute between Janssen and Settling States/Participating Subdivisions shall be split 50% by Janssen and 50% by the Settling States/Participating Subdivisions that are parties to the dispute; a dispute between a Settling State and a Participating Subdivision shall be split 50% by the Settling State and 50% by any Participating Subdivisions that are party to the dispute.
5. Prior to initiating an action to enforce pursuant to this subsection XII.F, the complaining party must:
- a. Provide written notice to the Enforcement Committee of its complaint, including the provision of the Consent Judgment and/or Agreement that the practice appears to violate, as well as the basis for its interpretation of the disputed provision. The Enforcement Committee shall establish a reasonable process and timeline for obtaining additional information from the involved parties; *provided, however*, that the date the Enforcement Committee establishes for obtaining additional information from the parties shall not be more than forty-five (45) days following the notice.

The Enforcement Committee may advise the involved parties of its views on the complaint and/or seek to resolve the complaint informally.

- b. Wait to commence any enforcement action until thirty (30) days after the date that the Enforcement Committee establishes for obtaining additional information from the involved parties.
- 6. If the parties to a dispute cannot agree on the proper forum for resolution of the dispute under the provisions of subsections XII.F.2 or XII.F.4, a committee comprising the Enforcement Committee and sufficient representatives of Janssen such that the members of the Enforcement Committee have a majority of one (1) member will determine the forum where the dispute will be initiated within twenty-eight (28) days of receiving notification of the dispute relating to the proper forum. The forum identified by such committee shall be the sole forum for determining where the dispute shall be heard, and the committee's identification of such forum shall not be entitled to deference by the forum selected.
- G. *No Effect.* Nothing in this Agreement shall be interpreted to limit the Settling State's Civil Investigative Demand ("CID") or investigative subpoena authority, to the extent such authority exists under applicable state law and the CID or investigative subpoena is issued pursuant to such authority, and Janssen reserves all of its rights in connection with a CID or investigative subpoena issued pursuant to such authority.

XIII. Miscellaneous

- A. *No Admission.* Janssen does not admit liability or wrongdoing. Neither this Agreement nor the Consent Judgments shall be considered, construed, or represented to be (1) an admission, concession, or evidence of liability or wrongdoing or (2) a waiver or any limitation of any defense otherwise available to Janssen.
- B. *Population of Subdivisions.* The population figures for Subdivisions shall be the published U.S. Census Bureau's population estimates for July 1, 2019, released May 2020. These population figures shall remain unchanged during the term of this Agreement.
- C. *Population of Special Districts.* For any purpose in this Agreement in which the population of a Special District is used, other than the use of "Covered Special District": (a) School Districts' population will be measured by the number of students enrolled who are eligible under the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act of 1973; (b) Health Districts' and Hospital Districts' population will be measured at 25% of discharges; and (c) all other Special Districts' (including Fire Districts' and Library Districts') population will be measured at 10% of the population served.
- D. *Population Associated with Sheriffs.* For any purpose in this Agreement in which the population associated with a lawsuit by a sheriff is used, the population will be measured at 20% of the capacity of the jail(s) operated by the sheriff.

E. *Tax Reporting and Cooperation.*

1. Upon request by Janssen, the Settling States, Participating Subdivisions, and Participating Special Districts agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for Janssen to establish the statements set forth in subsection VI.E.3 to the satisfaction of their tax advisors, their independent financial auditors, the Internal Revenue Service, or any other governmental authority, including as contemplated by Treasury Regulations Section 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance.
2. Without limiting the generality of subsection VI.C.1, each Settling State, Participating Subdivision, and Participating Special District shall cooperate in good faith with Janssen with respect to any tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Agreement.
3. The Designated State, on behalf of all Settling States, Participating Subdivisions, and Participating Special Districts, shall designate one of its officers or employees to act as the “appropriate official” within the meaning of Treasury Regulations Section 1.6050X-1(f)(1)(ii)(B) (the “Appropriate Official”).
4. For the avoidance of doubt, neither Janssen nor the Settling States, Participating Subdivisions, and Participating Special Districts make any warranty or representation to any Settling jurisdiction or Releasor as to the tax consequences of the payment of the Compensatory Restitution Amount (or any portion thereof).

F. *No Third-Party Beneficiaries.* Except as expressly provided in this Agreement, no portion of this Agreement shall provide any rights to, or be enforceable by, any person or entity that is not a Settling State or Released Entity. No Settling State may assign or otherwise convey any right to enforce any provision of this Agreement.

G. *Calculation.* Any figure or percentage referred to in this Agreement shall be carried to seven decimal places.

H. *Construction.* None of the Parties and no Participating Subdivision shall be considered to be the drafter of this Agreement or of any of its provisions for the purpose of any statute, case law, or rule of interpretation or construction that would or might cause any provision to be construed against the drafter of this Agreement. The headings of the provisions of this Agreement are not binding and are for reference only and do not limit, expand, or otherwise affect the contents or meaning of this Agreement.

I. *Cooperation.* Each Party and each Participating Subdivision agrees to use its best efforts and to cooperate with the other Parties and Participating Subdivisions to cause this Agreement and the Consent Judgments to become effective, to obtain all necessary approvals, consents and authorizations, if any, and to execute all documents and to take such other action as may be appropriate in connection herewith. Consistent with the foregoing, each Party and each Participating Subdivision agrees that it will not directly or indirectly assist or encourage any challenge to this Agreement or any Consent Judgment

by any other person, and will support the integrity and enforcement of the terms of this Agreement and the Consent Judgments.

- J. *Entire Agreement.* This Agreement, its exhibits and any other attachments, including the attorneys' fees and cost agreement in Exhibit R, embodies the entire agreement and understanding between and among the Parties and Participating Subdivisions relating to the subject matter hereof and supersedes (1) all prior agreements and understandings relating to such subject matter, whether written or oral and (2) all purportedly contemporaneous oral agreements and understandings relating to such subject matter.
- K. *Execution.* This Agreement may be executed in counterparts and by different signatories on separate counterparts, each of which shall be deemed an original, but all of which shall together be one and the same Agreement. One or more counterparts of this Agreement may be delivered by facsimile or electronic transmission with the intent that it or they shall constitute an original counterpart hereof. One or more counterparts of this Agreement may be signed by electronic signature.
- L. *Good Faith and Voluntary Entry.* Each Party warrants and represents that it negotiated the terms of this Agreement in good faith. Each of the Parties and signatories to this Agreement warrants and represents that it freely and voluntarily entered into this Agreement without any degree of duress or compulsion. The Parties state that no promise of any kind or nature whatsoever (other than the written terms of this Agreement) was made to them to induce them to enter into this Agreement.
- M. *No Prevailing Party.* The Parties each agree that they are not the prevailing party in this action, for purposes of any claim for fees, costs, or expenses as prevailing parties arising under common law or under the terms of any statute, because the Parties have reached a good faith settlement. The Parties each further waive any right to challenge or contest the validity of this Agreement on any ground, including, without limitation, that any term is unconstitutional or is preempted by, or in conflict with, any current or future law.
- N. *Non-Admissibility.* The settlement negotiations resulting in this Agreement have been undertaken by the Parties and by certain representatives of the Participating Subdivisions in good faith and for settlement purposes only, and no evidence of negotiations or discussions underlying this Agreement shall be offered or received in evidence in any action or proceeding for any purpose. This Agreement shall not be offered or received in evidence in any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Agreement.

Any Party or the Plaintiffs' Executive Committee may change or add the contact information of the persons designated to receive notice on its behalf by notice given (effective upon the giving of such notice) as provided in this subsection.

- P. *No Waiver.* The waiver of any rights conferred hereunder shall be effective only if made by written instrument executed by the waiving Party or Parties. The waiver by any Party of any breach of this Agreement shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent, or contemporaneous, nor shall such waiver be deemed to be or construed as a waiver by any other Party.
- Q. *Preservation of Privilege.* Nothing contained in this Agreement or any Consent Judgment, and no act required to be performed pursuant to this Agreement or any Consent Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party agrees that it shall not make or cause to be made in any forum any assertion to the contrary.
- R. *Successors.* This Agreement shall be binding upon, and inure to the benefit of, Janssen and its respective successors and assigns. Janssen shall not sell the majority of its voting stock or substantially all its assets without obtaining the acquiror's agreement that it will constitute a successor with respect to Janssen's obligations under this Agreement.
- S. *Modification, Amendment, Alteration.* After the Reference Date, any modification, amendment, or alteration of this Agreement by the Parties shall be binding only if evidenced in writing signed by Janssen along with the signatures of at least thirty-seven (37) of those then-serving Attorneys General of the Settling States along with a representation from each Attorney General that either: (1) the advisory committee or similar entity established or recognized by that Settling State (either pursuant to subsection VI.E.2, by a State-Subdivision Agreement, or by statute) voted in favor of the modification, amendment, or alteration of this Agreement including at least one Participating Subdivision-appointed member; or (2) in States without any advisory committee, that 50.1% of the Participating Subdivisions by population expressed approval of the modification, amendment, or alteration of this Agreement in writing.

Provided, however, in the event the modification, amendment, or alteration relates to injunctive relief, interstate allocation between the Settling States, intrastate allocation in a particular Settling State, or fees or costs of Settling States and Participating Subdivisions, then every Settling State and each Participating Subdivision affected by that modification, amendment, or alteration must assent in writing. Provided further that, in the event the modification, amendment, or alteration relates to injunctive relief, then such amendment, modification, or alteration of injunctive relief against Janssen will not be effective unless and until any Consent Judgment is modified by a court of competent jurisdiction, except as otherwise provided by the Injunctive Terms.

T. *Termination.*

1. Unless otherwise agreed to by Janssen and the Settling State in question, this Agreement and all of its terms (except subsection XIII.N and any other non-admissibility provisions, which shall continue in full force and effect) shall be canceled and terminated with respect to the Settling State, and the Agreement and all orders issued by the courts in the Settling State pursuant to the Agreement shall become null and void and of no effect if one or more of the following conditions applies:
 - a. A Consent Judgment approving this Agreement without modification of any of the Agreement's terms has not been entered as to the Settling State by a court of competent jurisdiction on or before one hundred eighty (180) days after the Effective Date; or
 - b. This Agreement or the Consent Judgment as to that Settling State has been disapproved by a court of competent jurisdiction to which it was presented for approval and/or entry (or, in the event of an appeal from or review of a decision of such a court to approve this Agreement and the Consent Judgment, by the court hearing such appeal or conducting such review), and the time to appeal from such disapproval has expired, or, in the event of an appeal from such disapproval, the appeal has been dismissed or the disapproval has been affirmed by the court of last resort to which such appeal has been taken and such dismissal or disapproval has become no longer subject to further appeal (including, without limitation, review by the United States Supreme Court).
2. If this Agreement is terminated with respect to a Settling State and its Participating Subdivisions for whatever reason pursuant to subsection XIII.T.1, then:
 - a. An applicable statute of limitation or any similar time requirement (excluding any statute of repose) shall be tolled from the date the Settling State signed this Agreement until the later of the time permitted by applicable law or for one year from the date of such termination, with the effect that Janssen and the Settling State in question shall be in the same

position with respect to the statute of limitation as they were at the time the Settling State filed its action; and

- b. Janssen and the Settling State and its Participating Subdivisions in question shall jointly move the relevant court of competent jurisdiction for an order reinstating the actions and claims dismissed pursuant to the terms of this Agreement governing dismissal, with the effect that Janssen and the Settling State and its Participating Subdivisions in question shall be in the same position with respect to those actions and claims as they were at the time the action or claim was stayed or dismissed.

- 3. Unless Janssen and the Enforcement Committee agree otherwise, this Agreement, with the exception of the Injunctive Relief Terms that have their own provisions on duration, shall terminate as to all Parties as of the Payment Date for Payment Year 9, *provided* that Janssen has performed its payment obligations under the Agreement as of that date. Notwithstanding any other provision in this Agreement, all releases under this Agreement will remain effective despite any termination under this paragraph.

- U. *Governing Law.* Except (1) as otherwise provided in the Agreement or (2) as necessary, in the sole judgment of the National Arbitration Panel, to promote uniformity of interpretation for matters within the scope of the National Arbitration Panel's authority, this Agreement shall be governed by and interpreted in accordance with the respective laws of the Settling State, without regard to the conflict of law rules of such Settling State, that is seeking to enforce the Agreement against Janssen or against which Janssen is seeking enforcement. Notwithstanding any other provision in this subsection on governing law, any disputes relating to the Settlement Fund Escrow shall be governed by and interpreted in accordance with the law of the state where the escrow agent has its primary place of business.

Enforcement Committee Organization Bylaws

ARTICLE I

These bylaws constitute the code of rules adopted by the Settling States and Participating Subdivisions for the creation of an Enforcement Committee (the “Committee”) to exist and operate during the term of the Agreement in connection with Janssen and shall control the regulation and management of the Committee’s affairs.

ARTICLE II

Purpose

The Committee is organized for the sole purpose of evaluating and taking such action as deemed reasonable, necessary, and appropriate by the members of the Committee on the matters delegated to the Committee under that certain Settlement Agreement between the Settling States and Janssen dated July 21, 2021.

ARTICLE III

Members of the Committee

(1) Number of Members

The Committee will consist of seventeen (17) members (the “Members”). Upon majority resolution of the Committee, the number of Members may be increased or decreased from time to time, but in no event shall a decrease have the effect of decreasing the total number of Members to less than seven Members.

(2) Initial Members

The Committee initially will consist of eleven Settling State Members and six Participating Subdivision Members; three of the Participating Subdivisions shall be counties and three shall be municipalities. The initial Settling State Members are representatives from: Connecticut, Delaware, Florida, Georgia, Massachusetts, New York, North Carolina, Ohio, Pennsylvania, Tennessee, and Texas. The initial Participating Subdivision Members are: (a) Bexar County, Texas; (b) Broward County, Florida; (c) Chicago, Illinois; (d) Cincinnati, Ohio; (e) Nashville, Tennessee; and (f) Nassau County, New York. Until the Reference Date contained in the Settlement Agreement, the Participating Subdivisions may designate their outside counsel to serve as their representative. EXHIBIT G

Subdivisions Eligible to become Participating Subdivisions and Default Subdivision Fund Allocation Percentages

The Subdivisions set forth on this Exhibit G are eligible to become Participating Subdivisions. By default, the Subdivisions set forth on this Exhibit G shall include: (1) all Litigating Subdivisions; (2) all counties and parishes in States with functional counties or parishes; (3) all Subdivisions that are the highest level of general purpose government in States without functional counties or parishes; and (4) all other Subdivisions with a population of 10,000 or greater. A State may elect to add any additional Subdivisions to this Exhibit G at any time prior to the Initial Participation Date.

Immediately upon the effectiveness of any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VI.D.3 (or upon the effectiveness of an amendment to any State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VI.D.3) that addresses allocation from the Subdivision Fund, whether before or after the Initial Participation Date, this Exhibit G will automatically be amended to reflect the allocation from the Subdivision Fund pursuant to the State-Subdivision Agreement, Allocation Statute, Statutory Trust, or voluntary redistribution allowed by subsection VI.D.3.

For the avoidance of doubt, inclusion on this Exhibit G shall not create any claim for any amount of the Settlement Fund, and no such amounts shall be allocated or distributed to any Subdivision included herein if such Subdivision does not otherwise meet all requirements to receive any such funds pursuant to the Agreement.

The Parties recognize the benefits of remediation funds reaching all communities, including through direct payments from the Subdivision Fund. However, to promote efficiency in the use of such funds and avoid administratively-burdensome disbursements that would be too small to add a meaningful abatement response, certain Subdivisions do not receive a direct allocation from the Subdivision Fund. However, such Subdivisions will benefit from Opioid Remediation in their community, and are eligible to receive direct benefits from the Abatement Accounts Fund in their State. All settlement funds, whether allocated to a Settling State, an Abatement Accounts Fund or a Subdivision listed on this Exhibit G can be used for Opioid Remediation in communities not listed herein.

As provided by subsection VI.D.4.c, the Allocation Percentages shown below apply to distribution of each Settling State's Subdivision Fund in the absence of a State-Subdivision Agreement, Allocation Statute, or Statutory Trust. The allocation that would have otherwise gone to Subdivisions not listed below as receiving a direct allocation shall be (1) directed to the county or parish in which such Subdivision is located in Settling States with functional counties or parishes if the relevant county or parish is a Participating Subdivision or (2) to the highest-level general purpose government in which such Subdivision is located in Settling States without functional counties or parishes if the relevant highest-level general purpose government is a Participating Subdivision. Where the relevant county, parish or highest-level General Purpose Government is not a Participating Subdivision, allocations of General Purpose Subdivisions not

listed below as eligible to become Participating Subdivisions shall be allocated pursuant to subsection VII.I. The redirecting of funds described in this paragraph is intended to promote the efficient use of Opioid Remediation funds while keeping, where possible, local control of the distribution of those funds.

This Exhibit G will be updated with Subdivisions eligible to become Participating Subdivisions pursuant to subsection I.77.

Participation Tier Determination*

Participation Tier	Settling States as of the Payment Date (beginning in Payment Year 1)	Percentage of Litigating Subdivisions that Are Participating Subdivisions and/or Subdivisions Subject to a Bar, Case-Specific Resolution, or Settlement Class Resolution in effect as of the Payment Date (beginning in Payment Year 1)	Percentage of Non-Litigating Subdivisions with Populations over 10,000 that Are Participating Subdivisions and/or Subdivisions Subject to a Bar, Case-Specific Resolution, or Settlement Class resolution in effect as of the Payment Date (beginning in Payment Year 1)
1	44	95%	90%
2	45	96%	96%
3	46	97%	97%
4	48	98%	97%

* The following conditions apply to the determination of Participation Tiers:

1. For the sole purpose of the Participation Tier determination under this Exhibit, the States used to calculate each criterion (including the percentages of Litigating and Non-Litigating Subdivisions in Settling States that are Participating Subdivisions) will include each of the 50 states in the United States, excluding the District of Columbia, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands.
2. Assessment of Subdivision participation percentage will be national in scope.
3. For purposes of determining Participation Tiers, “Litigating Subdivisions” includes Special Districts that have brought any Released Claims against any Released Entities. Special Districts shall have their population measured as set forth in subsection XIII.C.
4. The percentage of Litigating Subdivisions and percentage of Non-Litigating Subdivisions with populations over 10,000 will be calculated as follows: Each Litigating Subdivision and each Non-Litigating Subdivision with a population over 10,000 in the States used to calculate the Participation Tier will be assigned a metric reflecting both population and severity (the “Population-Severity Metric”). The Population-Severity Metric shall be the Subdivision’s population plus the Subdivision’s population multiplied by the severity factor for the State of the Subdivision (the severity factors for each State are attached as Exhibit T hereto) and then divided in two, thus giving 50% weight to each of population and population multiplied by the severity factor. The denominator for each percentage shall be the sum total of the Population-Severity Metric for all the Subdivisions in the

relevant category (Litigating Subdivisions or Non-Litigating Subdivisions with populations over 10,000) in the Settling States, notwithstanding that persons may be included within the population (and therefore the Population-Severity Metric) of more than one Subdivision. The numerator will be the sum total of the Population-Severity Metrics of all Subdivisions in the relevant category of Subdivision (*i.e.*, Litigating Subdivisions or Non-Litigating Subdivisions with populations over 10,000) in the Settling States that are either Participating Subdivisions or are subject to a Bar, Case-Specific Resolution, or Settlement Class Resolution, notwithstanding that persons may be included within the population of more than one Subdivision. For the avoidance of doubt, Subdivisions in Non-Settling States are excluded from both the denominator and numerator of the calculations for the percentage of Litigating Subdivisions and percentage of Non-Litigating Subdivisions with populations over 10,000.

5. When the Participation Tier is redetermined annually, Later Participating Subdivisions described in Section VII.E.3 or Section VII.E.4 shall not be included as Participating Subdivisions, and for Subdivisions subject to a Bar, Case-Specific Resolution, or Settlement Class Resolution to be included, the Bar, Case-Specific Resolution, or Settlement Class Resolution must have been in effect both as of the relevant Payment Date and for the entire period since the prior Payment Date.
6. Subdivisions with populations over 10,000 are listed on Exhibit I.

The Governmental Entity is aware of and has reviewed the Janssen Settlement, understands that all terms in this Election and Release have the meanings defined therein, and agrees that by this Election, the Governmental Entity elects to participate in the Janssen Settlement and become a Participating Subdivision as provided therein.
2. The Governmental Entity shall, within 14 days of the Reference Date and prior to the filing of the Consent Judgment, dismiss with prejudice any Released Claims that it has filed.
3. The Governmental Entity agrees to the terms of the Janssen Settlement pertaining to Subdivisions as defined therein.
4. By agreeing to the terms of the Janssen Settlement and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning after the Effective Date.
5. The Governmental Entity agrees to use any monies it receives through the Janssen Settlement solely for the purposes provided therein.

- General Release; extent.** A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.
- A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the Janssen Settlement.
10. Nothing herein is intended to modify in any way the terms of the Janssen Settlement, to which Governmental Entity hereby agrees. To the extent this Election and Release is interpreted differently from the Janssen Settlement in any respect, the Janssen Settlement controls.

I have all necessary power and authorization to execute this Election and Release on behalf of the Governmental Entity.

EXHIBIT O

Adoption of a State-Subdivision Agreement

A State-Subdivision Agreement shall be applied if it meets the requirements of Section VI and is approved by the State and by the State's Subdivisions as follows:

1. *Requirements for Approval.* A State-Subdivision Agreement shall be deemed as agreed to when it has been approved by the State and either (a) Subdivisions whose aggregate "Population Percentages," determined as set forth below, total more than sixty percent (60%), or (b) Subdivisions whose aggregate Population Percentages total more than fifty percent (50%) provided that these Participating Subdivisions also represent fifteen percent (15%) or more of the State's counties or parishes (or, in the case of Settling States whose counties and parishes do not function as local governments, 15% of or more of the Settling State's non-county Subdivisions), by number.
2. *Approval Authority.* Approval by the State shall be by the Attorney General. Approval by a Subdivision shall be by the appropriate official or legislative body pursuant to the required procedures for that Subdivision to agree to a legally binding settlement.
3. *Population Percentage Calculation.* For purposes of this Exhibit O only, Population Percentages shall be determined as follows: For States with functional counties or parishes³, the Population Percentage of each county or parish shall be deemed to be equal to (a) (1) 200% of the population of such county or parish, minus (2) the aggregate population of all Primary Incorporated Municipalities located in such county or parish, divided by (b) 200% of the State's population. A "Primary Incorporated Municipality" means a city, town, village or other municipality incorporated under applicable state law with a population of at least 25,000 that is not located within another incorporated municipality. The Population Percentage of each Primary Incorporated Municipality shall be equal to its population (including the population of any incorporated or unincorporated municipality located therein) divided by 200% of the State's population; *provided* that the Population Percentage of a Primary Incorporated Municipality that is not located within a county shall be equal to 200% of its population (including the population of any incorporated or unincorporated municipality located therein) divided by 200% of the State's population. For all States that do not have functional counties or parishes, the Population Percentage of each non-county Subdivision (including any incorporated or unincorporated municipality located therein), shall be equal to its population divided by the State's population.
4. *Preexisting Agreements and Statutory Provisions.* A State may include with the notice to its Subdivisions an existing agreement, a proposed agreement, or statutory provisions regarding the distribution and use of settlement funds and have the acceptance of such an agreement or statutory provision be part of the requirements to be an Initial Participating Subdivision.

³ Certain states do not have counties or parishes that have functional governments, including: Alaska, Connecticut, Massachusetts, Rhode Island, and Vermont.

5. *Revised Agreements.* A State-Subdivision Agreement that has been revised, supplemented, or refined shall be applied if it meets the requirements of Section VI and is approved by the State and by the State's Subdivisions pursuant to the terms above.

No part of the Agreement, including its statements and commitments, shall constitute evidence of any liability, fault, or wrongdoing by Janssen. The Agreement is not intended for use by any third party for any purpose, including submission to any court for any purpose.

K. Enforcement

1. For the purposes of resolving disputes with respect to compliance with this Exhibit, should any of the Settling States have a reasonable basis to believe that Janssen has engaged in a practice that violates a provision of this Exhibit subsequent to the Effective Date, such Settling State shall notify Janssen in writing of the specific objection, identify with particularity the provision of the Agreement that the practice appears to violate, and give Janssen thirty (30) days to respond in writing to the notification; provided, however, that a Settling State may take any action if the Settling State believes that, because of the specific practice, a threat to health or safety of the public requires immediate action.
2. Upon receipt of written notice, Janssen shall provide a good faith written response to the Settling State's notification, containing either a statement explaining why Janssen believes it is in compliance with this Exhibit of the Agreement, or a detailed explanation of how the alleged violation occurred and a statement

explaining how Janssen intends to remedy the alleged breach. Nothing in this section shall be interpreted to limit the [State's] civil investigative demand ("CID") or investigative subpoena authority, to the extent such authority exists under applicable law, and Janssen reserves all of its rights in responding to a CID or investigative subpoena issued pursuant to such authority. If Janssen notifies the Settling States in writing that two or more Settling States have notified Janssen of alleged violations, the Settling States that provided notice of alleged violations shall work in good faith to collectively resolve the alleged violation with Janssen before taking any enforcement action(s).

3. The Settling States may agree, in writing, to provide Janssen with additional time beyond thirty (30) days to respond to a notice provided under subsection K.1, above, without Court approval.

5. The Settling State may assert any claim that Janssen has violated the Agreement in a separate civil action to enforce compliance with the Agreement, or may seek any other relief afforded by law for violations of the Agreement, but only after providing Janssen an opportunity to respond to the notification described in subsection K.1, above; provided, however, the Settling State may take any action if the Settling State believes that, because of the specific practice, a threat to the health or safety of the public requires immediate action.
6. In the event of a conflict between the requirements of the Agreement and any other law, regulation, or requirement such that Janssen cannot comply with the law without violating the terms of the Agreement or being subject to adverse action, including fines and penalties, Janssen shall document such conflicts and notify the Settling State of the extent to which it will comply with the Agreement in order to eliminate the conflict within thirty (30) days of Janssen's discovery of the conflict. Janssen shall comply with the terms of the Agreement to the fullest extent possible without violating the law.
7. Janssen or any Settling State may request that Janssen and any Settling State meet and confer regarding the resolution of an actual or potential conflict between the Agreement and any other law, or between interpretations of the Agreement by different courts. Nothing herein is intended to modify or extend the jurisdiction of any single judicial authority as provided by law.

L. Compliance Duration

1. Subsections B-J shall be effective for 10 years from the Effective Date.

2. Nothing in this Agreement shall relieve Janssen of its independent obligation to fully comply with the laws of [State] after expiration of the 10-year period specified in this subsection.

In addition, fees and costs under this Fee Agreement are not available for representation of

any individual or entity in matters other than those claims against Released Entities, but may include a reasonable share of representations that involve development of facts for pursuit of opioid-related claims against multiple defendants in the pharmacy, manufacturing, and distribution chain.

B. *Attorney Fee Fund and Sub Funds*

1. There shall be a split of the Attorney Fee Fund into the Contingency Fee Fund and the Common Benefit Fund. The split shall be 40% to the Contingency Fee Fund and 60% to the Common Benefit Fund.
2. In no event shall Janssen be required to pay more into the Attorney Fee Fund in any Payment Year than the maximum amount specified for that Payment Year in paragraph II.A.1, which amounts are reflected in Exhibit M to the Janssen Agreement. The amounts allocated to the Contingency Fee Fund and the Common Benefit Fund set by the Fee Panel shall be subject to the reductions and offsets set forth below.
3. Awards of fees from the Contingency Fee Fund shall be available to Attorneys with Qualifying Representations of Participating Litigating Subdivisions eligible to receive an allocation under the Janssen Agreement, as set forth in Exhibit G to the Janssen Agreement, and shall be made applying the Mathematical Model attached as Exhibit “A” to this Fee Agreement. The collection of the data and calculations for the Mathematical Model has been a cooperative effort among private counsel for a large number of Litigating Subdivisions. The analysis has been spearheaded by Joseph Tann and Andrew Arnold. The Fee Panel is encouraged to continue working with those counsel in application of the Model. The Fee Panel shall oversee the application of the Model and resolve any questions or disputes concerning the eligibility of a Counsel to participate as required in Section II.G. The Panel is empowered to hear disputes concerning and ensure the accuracy of the mathematical calculation.
4. As to awards from the Contingency Fee Fund, there shall be no right of appeal.
5. Any appeal of an award of the Fee Panel from the Common Benefit Fund will be made to the MDL Court and be reviewed under an abuse of discretion standard.

C. *Common Benefit Fund (60% of the Attorney Fee Fund.)*

1. Funds in the Attorney Fee Fund shall be allocated to the Common Benefit Fund according to the schedule set forth below, subject to the adjustments described in paragraph II.C.5. The payments are to be made on the following yearly schedule, subject to the adjustments set forth below:

Payment Year 1	\$19,434,911.24
Payment Year 2	\$21,562,130.18
Payment Year 3	\$38,689,349.11
Payment Year 4	\$26,232,248.53
Payment Year 5	\$26,232,248.53
Payment Year 6	\$26,232,248.53
Payment Year 7	\$26,232,248.53
Total:	\$184,615,384.64

2. The Common Benefit Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions who:
 - a. have performed work for the common benefit of all subdivisions pursuant to the guidelines established by Judge Polster set forth in MDL 2804 and the Order dated June 19, 2018, under docket number 636, which is included herein by reference; and
 - b. satisfy the eligibility criteria set forth in Section II.G.

For purposes of Common Benefit Fund distribution, notwithstanding paragraph II.A.4, Attorneys representing Tribal Nations litigating against Janssen that have reached a settlement for Released Claims with Janssen and/or Released Entities and meet the eligibility criteria in Section II.G shall be eligible.

3. The Common Benefit Fund shall be overseen by the Fee Panel, which shall determine the allocation of funds to eligible Attorneys consistent with this Fee Agreement and the June 19, 2018 Order;
4. In assessing the benefits that an Attorney has conferred to Participating Subdivisions (including non-Litigating Subdivisions) and/or Tribes for purposes of any compensation decision, the Fee Panel shall give significant weight to the extent to which (i) the Attorney and his or her clients have contributed to increasing (or reducing) the Initial Participation Tier achieved through participation in the Janssen Agreement, (ii) the Attorney and his or her clients have contributed to increasing (or reducing) the amounts achieved under Incentive Payments A-D through participation in the Janssen Agreement, and (iii) the Attorney and his or her clients have contributed to the potential triggering of any suspension, reduction, or offset of Settlement payment amounts under the Janssen Agreement. The panel may also consider additional fee recoveries the Attorney may potentially obtain, including, but not limited to, from State Back-Stop Agreements, representations of States or Tribal Nations, representations of other clients in opioids-related matters, or through the representation of Subdivision clients,

whether they participated in the Janssen Agreement or not. It is the intent of this provision to recognize that the goal of the Janssen Agreement is to provide for maximum participation by the Subdivisions, maximum abatement funding for all Subdivisions nationally, and the maximum peace for Released Entities. Therefore, representing a Non-Participating Subdivision does not further the goal of the Janssen Agreement, and should not be considered Common Benefit because it does not increase funds available to Participating Subdivisions' abatement programs. Representing Later Litigating Subdivisions is antithetical to the Janssen Settlement, detracts from Common Benefit, and is addressed by the ethics opinion discussed in paragraph II.I.4. The Fee Panel shall consider this concept of "common detriment" set forth in this paragraph in all of its decision making with respect to the allocation of the Attorney Fee Fund among Attorneys, as well as, in its discretion, any offsets provided to Janssen as set forth in paragraph II.C.6 and Section II.H. The Fee Panel shall consider the totality of the Attorney's Participating Litigating Subdivisions as compared to the Attorney's Non-Participating Litigating Subdivisions; the Parties recognize that, although the goal is for 100% participation, Attorneys with a higher number of clients have a higher probability of having one or more non-Participating Litigating Subdivision. As used in this paragraph II.C.4, "client" or "representing" a Subdivision shall include any Litigating Subdivision as to which the Attorney has a Fee Entitlement.

5. As set forth in paragraph II.C.6 and Section II.H, the Fee Panel must consider the factors described in paragraph II.C.4 to determine how and whether to reduce the amounts to be paid by Janssen under this Fee Agreement and to determine how to allocate funds among Attorneys. They may also, at their discretion, consider other factors. Any reduction in payment obligation or credit to be given Janssen in this Fee Agreement shall be applied against Payment Year 7 and working backwards. Any reduction to an Attorney not credited to Janssen shall be allocated to attorneys whose Litigating Subdivision clients participated in the settlement by the Initial Participation Date.
6. The amounts to be provided as a credit or offset to Janssen from the Common Benefit Fund shall depend on the relevant Participation Tier achieved, set forth in Exhibit H of the Janssen Agreement, as follows:
 - a. At Participation Tier 1 or below, the Common Benefit Fund payments to be paid by Janssen shall be reduced as follows:
 - i. With respect to any Attorney seeking payment from the Common Benefit Fund, the Fee Panel shall compare the aggregate allocation that Participating Litigating Subdivisions with which the Attorney has a Fee Entitlement would receive using the negotiating class allocation metrics with the aggregate amount that all Litigating Subdivisions (Participating and Non-Participating) with which the Attorney has a

Fee Entitlement would receive using the negotiating class allocation metrics, provided that only Litigating Subdivisions in Settling States shall be considered for this ratio. The Fee Panel will multiply the amount to be paid to that Attorney from the Common Benefit Fund by that ratio, reduce the Attorney's award by a maximum reduction of 15%, and the dollar amount of such reduction shall be deducted, dollar-for-dollar, from the amount owed by Janssen to the Common Benefit Fund of the Attorney Fee Fund.

- ii. In the event that any Non-Participating Subdivision that is (a) under the jurisdiction of the MDL Court or (b) represented by an Attorney that is obligated to pay into the MDL Common Benefit Fund pursuant to a Participation Agreement, an order of the MDL Court, or any other arrangement settles with or wins a judgment against a Released Entity separate from the Janssen Agreement, and such settlement or judgment results in a common benefit fee assessment or fee payment into the MDL Common Benefit Fund during the time of Janssen's obligation to pay fees under this Fee Agreement, Janssen's obligation to pay into the Common Benefit Fund shall be reduced dollar-for-dollar for any amount of such fee assessments or payments (in the aggregate based on all reductions in this subparagraph II.C.6.a.ii) that exceed the reductions in subparagraph II.C.6.a.i.
 - iii. For the avoidance of doubt, in Tier 1 for each settlement or judgment with Janssen that results in an assessment or payment to the MDL Common Benefit Fund, that payment shall result in an offset for Janssen, unless the assessment or payment occurs after the Payment Date for Year 7.
- b. At Participation Tier 2, the Common Benefit Fund payments to be made by Janssen shall be reduced only as follows:
- i. Reduction by the Fee Panel. With respect to all Attorneys making an application that seeks payment from the Common Benefit Fund, the Fee Panel shall, following a determination that an Attorney is eligible under Section II.G, apply the criteria specified in paragraph II.C.4 in determining whether the lack of participation by Subdivisions with which an Attorney has a Fee Entitlement has resulted in a reduction in the Participation Tier achieved, reduction in benefit to Participating Subdivisions as a result of reductions in Incentives A-D, and/or potential triggering of a suspension, reduction, or offset under the Janssen Agreement. If the Fee Panel concludes that such a reduction has occurred, it must consider (1) the relative size of the Non-Participating Subdivision, as adjusted by the severity measures reflected in Exhibit H (governing the Participation Tiers) of the Janssen Agreement, and the impact of its non-participation on the

Janssen Agreement as a whole (including amounts of Incentive Payments and triggering of suspensions, reductions, or offsets); (2) whether and by how much the payment to the Attorney from the Common Benefit Fund should be reduced as a result of the impact of such non-participation on Participating Subdivisions; and (3) whether some or all of said reduction should revert to Janssen due to the reduction in peace obtained from the Janssen Agreement. Consideration of the factors discussed in this subparagraph and paragraph II.C.4 is mandatory. The decision whether to (and by how much) to reduce payments by Janssen or to reduce the payment to any Attorney based on the factors in paragraph II.C.4 shall be in the sole discretion of the Fee Panel.

ii. Offsets.

- (1) In the event that any Non-Participating Subdivision that is (a) under the jurisdiction of the MDL Court or (b) represented by an Attorney that is obligated to pay into the MDL Common Benefit Fund pursuant to a Participation Agreement, an order of the MDL Court, or any other arrangement settles with or wins a judgment against a Released Entity separate from the Janssen Agreement, and such settlement or judgment results in a common benefit fee assessment or fee payment into the MDL Common Benefit Fund during the time of Janssen's obligation to pay Common Benefit Fees under this Fee Agreement, Janssen's obligation to pay into the Common Benefit Fund shall be reduced dollar-for-dollar up to the amount of the fee assessment or payment, except that such amount shall be capped at 7.5% of the amount of the settlement or judgment. Such reduction shall be taken first from Payment Year 7 of Janssen's payments to the Common Benefit Fund of the Attorney Fee Fund up to the full amount of Janssen's payment obligation in Payment Year 7, then from Payment Year 6, and so on.
 - (2) For the avoidance of doubt, for each settlement or judgment with Janssen that results in an assessment or payment to the MDL Common Benefit Fund, that payment shall result in an offset for Janssen, unless the assessment or payment occurs after the Payment Date for Payment Year 7.
- c. At Participation Tier 3, the reductions to the Attorney Fee Fund shall be the same as set forth in subparagraph II.C.6.b, except that the cap on each offset shall be 5% of the amount of such settlement or judgment.
 - d. At Participation Tier 4, there shall be no reductions to Janssen's obligations to make payment into the Common Benefit Fund, but the principles set forth in paragraph II.C.4 shall continue to apply.

D. *Contingency Fee Fund.* (40% of the Attorney Fee Fund.)

1. Funds from the Attorney Fee Fund shall be allocated to the Contingency Fee Fund on the following yearly schedule, subject to the adjustments set forth below:

Payment Year 1	\$12,956,607.50
Payment Year 2	\$14,374,753.45
Payment Year 3	\$25,792,899.41
Payment Year 4	\$17,488,165.68
Payment Year 5	\$17,488,165.68
Payment Year 6	\$17,488,165.68
Payment Year 7	\$17,488,165.68
Total:	\$123,076,923.09

2. The Contingency Fee Fund shall be available to compensate Attorneys engaged in Qualifying Representations of Participating Litigating Subdivisions that meet the criteria set forth in Section II.G.
3. The Contingency Fee Fund shall be available to Attorneys who
 - a. represent Litigating Subdivisions that are Participating Subdivisions, whether their actions are filed in state or federal court, and
 - b. meet the eligibility criteria of Section II.G.
 - c. Participation in the Contingency Fee Fund by counsel that have a case that is not subject to the jurisdiction of the MDL Court shall not create, provide, or waive jurisdiction of the MDL Court over that Litigating Subdivision, that case or Attorneys, other than to oversee the fairness of the distribution process, and enforcement of this Fee Agreement.
4. The amounts owed by Janssen to the Contingency Fee Fund shall depend on the relevant Participation Tier set forth in Exhibit H of the Janssen Agreement as follows:
 - a. At Participation Tiers 1, 2 and 3, the Contingency Fee Fund payments shall be reduced as follows:
 - i. For Non-Settling States, the Contingency Fee Fund payments shall first be reduced by the amounts identified by the Fee Panel, pursuant to paragraph II.H.6, that would have been owed to counsel for Litigating Subdivisions in Non-Settling States, had those States and those Litigating Subdivisions been Settling States and Participating Subdivisions.

- ii. Following the calculation in subparagraph II.D.4.a.i, the Contingency Fee Fund payments shall be reduced to reflect the non-joinder of Litigating Subdivisions in Settling States by subtracting the amounts identified by the Fee Panel, pursuant to paragraph II.H.6, that would have been owed to counsel for Non-Participating Litigating Subdivisions in Settling States had such Litigating Subdivisions been Participating Subdivisions.
- b. At Participation Tier 4, there shall be no reductions in the Contingency Fee Fund.
- c. In the event that Janssen, prior to the Effective Date of the Janssen Agreement, settles with any Litigating Subdivision and, under such settlement agreement pays attorneys' fees, the Fee Panel shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, applying the same criteria applicable to all Attorneys for Participating Litigating Subdivisions, determine what amount they would have been paid from the Contingency Fee Fund if they had become Participating Subdivisions under the Janssen Agreement without such prior settlement. That sum, rather than being paid to the Attorney for the previously settling Litigating Subdivision, shall be credited and/or returned to Janssen as if determined under (a)(ii) above, except that such credit shall not be greater than the amount to the Attorneys paid under the Litigating Subdivision's prior settlement agreement.

E. *Litigating Subdivision Cost Fund.*

1. Janssen shall pay \$30,000,000.00 into the Litigating Subdivision Cost Fund, according to the schedule set forth below:

Payment Year 1	\$10,000,000.00
Payment Year 2	\$10,000,000.00
Payment Year 3	\$10,000,000.00
Total	\$30,000,000.00

2. The Litigating Subdivision Cost Fund shall be available to compensate Attorneys for costs and expenses arising out of representation of Participating Litigating Subdivisions or to compensate Participating Litigating Subdivisions for direct in-house costs for expenditures related to their litigation against Janssen including the cost of in-house employees. No funds in the Litigating Subdivision Cost Fund may be used to compensate the costs incurred by Non-Participating Subdivisions or Non-Litigating Subdivisions or costs and expenses arising out of representation of any such Subdivision. In allocating the Litigating Subdivision Cost Fund, the Administrator shall not allocate any funds for costs incurred after July 21, 2021.

3. During the period between July 21, 2021, and the Effective Date, the MDL PEC, as well as Litigating Subdivisions eligible to claim costs from the Litigating Subdivision Cost Fund, shall make best efforts to cease litigation activity against Janssen, including by jointly seeking stays or severance of claims against Janssen, where feasible, or postponements if a motion to stay or sever is not feasible or is denied, so long as such actions are not otherwise detrimental to the Litigating Subdivision.
4. In the event that Janssen, prior to the Effective Date of the Janssen Agreement, settles with any Litigating Subdivision and, under such settlement agreement pay costs to the Litigating Subdivision or its Attorney, the MDL Cost and Expense Fund Administrator shall treat those Litigating Subdivisions as Participating Litigating Subdivisions and, using the same criteria applicable to all applicants to the Litigating Subdivision Cost Fund, determine what amount in costs the Litigating Subdivision or its Attorney would have been paid from the Subdivision Cost Fund if they had settled under the Janssen Agreement. That sum, rather than being paid to the Attorney or the previously settling Litigating Subdivision, shall be credited and/or returned to Janssen, except that such sum shall not be greater than the amount paid under the previously settled Litigating Subdivision's settlement agreement.
5. The MDL Court shall appoint a Cost and Expense Fund Administrator, who shall develop a process and criteria, with input from participating counsel, by which to a) determine the distribution of amounts from the MDL Expense Fund in pursuit of the claims against Janssen; and b) receive and evaluate applications from Participating Litigating Subdivisions, whether filed in Federal Court or State Court, to seek reimbursement from the Litigating Subdivision Cost Fund for eligible costs under Section II.E.2 in pursuit of the claims against Janssen. The Cost and Expense Fund Administrator shall require transparency from all applicants as to any other sources for compensating Attorneys for Litigating Subdivisions for costs incurred. The Cost and Expense Fund Administrator shall be compensated from the Fund.
6. In the event that the total amount of reimbursements from the Litigating Subdivision Cost Fund approved as reasonable by the Cost and Expense Administrator is less than the \$30,000,000.00, any remaining funds shall revert to Janssen.

F. *MDL Expense Fund.*

1. In Payment Year 1 of the Janssen Settlement, Janssen shall pay the following amount into the MDL Expense Fund:

MDL Expense Fund	\$9,615,384.61
------------------	----------------

2. The MDL Expense Fund shall be released following the Effective Date of this Fee Agreement without any delay to reimburse the MDL Counsel for an agreed-to portion of the expenses incurred, as approved by the Cost and Expense Fund Administrator. The MDL Expense Fund will be paid directly to the MDL Cost Account, set up by MDL Order and will be administered under the ongoing jurisdiction of the MDL Court, as provided below. No funds may be used to compensate the costs incurred by Non-Participating Subdivisions or to compensate any Attorney for costs incurred in representing one or more Non-Participating Subdivisions.
3. In allocating the MDL Expense Fund, the Administrator shall not allocate any funds for costs incurred after July 21, 2021, unless the Administrator determines that there are sufficient funds to cover all subdivision costs incurred prior to July 21, 2021 and that special circumstances exist to justify costs incurred following the public announcement of the Janssen Agreement.

G. *Eligibility.*

1. It is the intention of all parties participating in the Fee Panel process that there should be total transparency to the Fee Panel and to all fund participants. In connection with the process to be developed by the Fee Panel, any and all monies in attorney's fees, including referral fees, expenses paid, promises for payment, or any other Fee Entitlement, to any applicant in any opioid litigation shall be disclosed to the Fee Panel as a condition of participating in the Attorney Fee Fund and prior to an award from the Fee Panel. Any payment, expectation of payment or perceived entitlement to participate in a State Back-Stop Agreement or any other agreement reached with a Settling State or any Subdivision or any other source regarding payment of fees must be disclosed to the Fee Panel. Similarly, any right to payment from any other fund, for example a fund for payment to lawyers representing Settling States or Tribal Nations or Subdivisions shall be disclosed to the Fee Panel. Because it is anticipated that there will be multiple firms listed on contingent fee agreements with Litigating Subdivisions, the Fee Panel shall establish procedures, with input from Attorneys for Participating Litigating Subdivisions, for who should petition for fees from such groups and to whom the fee shall be paid and thereafter distributed to co-counsel in accordance with applicable agreements. For the avoidance of doubt, all Attorneys that are part of such groups must meet the eligibility criteria in paragraph II.G.3, must be subject to the criteria set forth in paragraph II.C.4, and must be disclosed to the Fee Panel.
2. An Attorney may apply for and recover attorneys' fees from the Common Benefit Fund, the Contingency Fee Fund, and the Litigating Subdivision Cost Fund and any fund created by a past or future State Back-Stop Agreement, provided the Attorney satisfies the requirements relevant to each such fund and requirements for disclosure to the Fee Panel.

3. An Attorney may not receive any payment from the Attorney Fee Fund (which includes both the Contingency Fee Fund and the Common Benefit Fund) unless the following eligibility criteria are met and annually certified by the Attorney:
 - a. The Attorney must expressly waive the enforcement against the Litigating Subdivision client of all Fee Entitlements (other than under State Back-Stop Agreements) arising out of or related to any or all Qualifying Representations of any Participating Litigating Subdivision prior to applying for attorneys' fees from the Attorney Fee Fund or costs from the Cost Funds. All applications for attorneys' fees or costs under this Fee Agreement shall include an affirmation by the Attorney of such waiver and notice to the client(s) of such waiver. Such waiver shall not preclude the Attorney from submitting such Fee Entitlements to the Fee Panel as a factor for consideration in allocating payments from the Attorney Fee Fund or in connection with a State Back-Stop Agreement. For the avoidance of doubt, no Attorney may recover fees or costs under this Fee Agreement unless the Attorney expressly agrees not to enforce Fee Entitlements as to each and every Participating Litigating Subdivision represented by that Attorney, but such Attorneys may participate in and receive funds from a State Back-Stop Agreement.
 - b. The Attorney must represent that s/he has no present intent to represent or participate in the representation of any Later Litigating Subdivision or any Releasor with respect to Released Claims against Released Entities.
 - c. The Attorney must represent that s/he has not and will not engage in any advertising or solicitation related to Released Claims against Released Entities where such advertising or solicitation relates to a representation that the Attorney could not undertake consistent with the ethics opinion referenced in paragraph II.I.4.
 - d. The Attorney must represent s/he will not charge or accept any referral fees for any Released Claims brought against Released Entities by Later Litigating Subdivisions. For the avoidance of doubt, this representation shall not prohibit Attorneys from receiving allocated shares of any future common benefit assessments arising out of settlements or judgments with Later Litigating Subdivisions represented by other Attorneys that are the result of the MDL Court's Common Benefit order.
 - e. The Attorney may not have and must represent that s/he does not have a Fee Entitlement related to a Later Litigating Subdivision.

- f. The Attorney must certify that s/he has reviewed the ethics opinion referenced in paragraph II.I.4 and will act in conformity with such opinion.
 - g. The Attorney must fully disclose the participation, or the anticipation of participation, in any agreement with a Settling State or Participating Subdivision concerning fees arising out of or related to the Janssen Agreement, including any fees paid or anticipated to be paid or any State Back-Stop Agreement.
 - h. The Attorney must identify for the Fee Panel whether s/he utilized state litigation work product or MDL work product, including but not limited to ARCOS data, document repositories, experts developed in the MDL, and deposition transcripts. The Attorney must identify whether s/he signed the MDL Participation Agreement, and for which case(s) it was signed.
 - i. Any Attorney who applies for fees from one or both Funds must represent that, having exercised his/her independent judgment, s/he believes the Janssen Agreement to be fair and will make or has made best efforts to recommend the Janssen Agreement to his or her Subdivision clients in Settling States. For avoidance of doubt, each Attorney is expected to exercise his or her independent judgment in the best interest of each client individually before determining whether to recommend joining the settlement. All applications for attorneys' fees or costs under this section shall include an affirmation by the Attorney in compliance with this Subsection.
4. No Attorney receiving fees under this Fee Agreement may apply for or recover from the Attorney Fee Fund fees arising from representing a Non-Settling State or a Non-Participating Subdivision. All applications for attorneys' fees under this Section shall include an affirmation by the Attorney of compliance with this Section.
 5. An Attorney who has filed an application under this section and received an award of attorneys' fees shall provide a certification of compliance with the Sections of this Fee Agreement annually during the years upon which they are still entitled to receive attorneys' fee payments.
 6. If, at any time, the Attorney is unable to make the representations set forth in this Section, such representations become untrue, or the Attorney falsely represents compliance with the eligibility criteria, the Attorney shall cease to be eligible to receive funds from the Attorney Fee Fund until further review by the Fee Panel of the Attorney's eligibility under and compliance with this Section II.

7. If an Attorney has a Fee Entitlement with a Later Litigating Subdivision or otherwise becomes unable to reaffirm compliance with the eligibility criteria set forth above, the Attorney shall notify Janssen and the Fee Panel. For the avoidance of doubt, any Attorney who undertakes any new representation of, or has a Fee Entitlement with, a Later Litigating Subdivision shall be prohibited from receiving any future funds from the Attorney Fee Fund. If an Attorney fails to notify Janssen and the Fee Panel of such Fee Entitlement with a Later Litigating Subdivision, the Attorney shall be required to refund amounts previously paid.
8. In the event that an Attorney is deemed ineligible by the Fee Panel (whether based on its initial application or subsequent recertification), the Fee Panel shall provide notice to the Attorney and give the Attorney 30 days to provide additional information such that the Fee Panel could re-consider the Attorney's eligibility.
9. To the extent that an Attorney has a Fee Entitlement with a Participating Subdivision and is authorized to bring Released Claims against Released Entities, but such authorization is, in scope, less broad than the category of Released Claims set forth in the Janssen Agreement, such Attorney may participate fully in both the Contingency Fee Fund and the Common Benefit Fund, without any reduction imposed by the Fee Panel due to the scope of the authorization, so long as the Participating Subdivision fully releases all Released Claims against Released Entities.
10. Attorneys applying to the Attorney Fee Fund knowingly and expressly agree to be bound by the decisions of the Fee Panel, subject to the limited appeal rights set forth in this Fee Agreement, and waive the ability to assert the lack of enforceability of the allocation reached through the arbitration procedures outlined herein.

H. *Calculation of Amounts Due.*

1. The Fee Panel shall be solely responsible for determining the amount of fees to be paid to each Attorney and each Participating Subdivision that applies under this Section. None of the Released Entities shall have any responsibility, obligation, or liability of any kind whatsoever with respect to how attorneys' fees are calculated under this Section, except that the Fee Panel may receive information from Janssen as to (a) the identity of Participating, Non-Participating, Litigating, Later Litigating, and Non-Litigating Subdivisions; (b) the impact of non-participation by a Litigating Subdivision as is relevant to the Fee Panel's determination in paragraph II.C.4; and (c) such other information as Janssen may voluntarily elect to provide.

2. The Fee Panel shall establish procedures for the arbitration process consistent with this Fee Agreement and orders of the MDL Court. Such procedures may include submission of documentary and/or other evidence, interviews with applicants and/or other counsel (including counsel for Janssen) that the Fee Panel deems appropriate, and/or other means of creating a record upon which fee awards will be based.
3. In making determinations under this Fee Agreement, the Fee Panel must apply the eligibility criteria set forth in Section II.G of this Fee Agreement and the criteria set forth in Section II. In addition, the Fee Panel will give consideration in regard to Common Benefit awards to the *Johnson* factors, as well as the following factors (which factors may be applied and given relative weight in the Fee Panel's discretion):
 - a. The Attorney's contemporaneously recorded time and labor dedicated to Qualifying Representations along with the Attorney's financial commitment to such Qualifying Representations. Claimed "time" will not be automatically accepted by the Fee Panel but will be critically reviewed and given substantially more weight and consideration if such time was subject to the audit process described in any Pretrial Order(s) governing the collection of common benefit time;
 - b. The novelty, time, and complexity of the Qualifying Representations;
 - c. The skill requisite to perform legal services properly and undesirability of the case;
 - d. The preclusion of other employment by the Attorney due to time dedicated to Qualifying Representations;
 - e. The "common benefit," if any, alleged to have been conferred by the Attorney and whether such common benefit work product by that Attorney was used by others in parallel litigations against Released Entities whether within or outside the MDL, provided that any Attorney claiming that s/he substantially benefited cases other than those in which s/he entered an appearance as counsel must substantiate such claims by proffering factual support, such as proper supporting affidavits or other documents as determined by the Fee Panel with input from Attorneys for Participating Litigating Subdivisions;
 - f. Any "common detriment," as set forth in paragraph II.C.4.
 - g. Any contingent fee agreement or other Fee Entitlement with Participating Subdivisions, enforcement of which, except for State Back-Stop Agreements, are waived in conjunction with the application, the nature and extent of any work for those Participating Subdivisions, whether such

Participating Subdivisions actively litigated and, if so, the nature and procedural history of such case(s);

- h. The experience, reputation, and ability of the Attorney;
- i. Whether the Attorney's clients brought Released Claims against Released Entities;
- j. The status of discovery in cases primarily handled by the Attorney;
- k. The nature of any work by the Attorney on "bellwether" cases or cases that were similarly active in litigation;
- l. Any pressure points successfully asserted by the Attorney in cases against Janssen or any risk for Janssen created by the Attorney in cases against them;
- m. Any risk for defendants created by applicants in cases against Janssen;
- n. Successful and unsuccessful motion practice in cases worked on by the Attorney;
- o. The date of filing of any cases filed by the Attorney;
- p. Obtaining consolidation of the litigation in the Attorney's jurisdiction;
- q. The number and population of entities represented by the Attorney and the fees that would have been awarded under extinguished contingent fee arrangements;
- r. Whether the Attorney's clients brought claims against Janssen;
- s. Whether the Attorney has had a leadership role in the litigation, whether in state or federal court;
- t. Whether the Attorney has had a leadership role in any negotiations aimed at resolving the litigation;
- u. Whether the Attorney's cases have survived motions to dismiss;
- v. The extent to which the Attorney contributed to the work product used for the common benefit of opioids litigants, including, without limitation, work on ARCOS data, Prescription Data Monitoring Programs, IQVIA data, depositions, document production and analysis experts, motions, briefs and pleadings, trial preparations, and trials;

- w. The extent to which litigation was done prior to and contributed to completion of settlement negotiations, as distinct from litigation that was done litigating after the announcement of the Janssen Agreement, such latter litigation both being of less value and potentially resulting a common detriment to the settlement process; and
 - x. Any other factors that the Fee Panel finds to be appropriate to consider after input from applicants to the Attorney Fee Fund.
4. The Fee Panel shall develop procedures for receiving a single application, which may be updated or amended based on new information (such as participation by additional Litigating Subdivisions) from each Attorney seeking compensation from the Attorney Fee Fund pursuant to processes and procedures developed by the Fee Panel, which shall not be inconsistent with this Fee Agreement. Any request for attorneys' fees not included on the single application or through the updating/amendment process designed by the Fee Panel shall be deemed waived. For purposes of transparency and to permit the Fee Panel to conduct its work, the application from each Attorney shall, at a minimum, require each Attorney to
- a. Identify all Litigating Subdivisions for which s/he is seeking payment from the Attorney Fee Fund;
 - b. Identify all Subdivisions in both Settling and Non-Settling States (and, where applicable, Tribal Nations) with respect to which s/he has a Fee Entitlement with respect to Relevant Claims against Released Entities, and identify all co-counsel in such cases;
 - c. Identify which of those Subdivisions are Participating Subdivisions and which are not (with similar information for Tribal Nations, where applicable);
 - d. Specify the specific fund or funds within the Attorney Fee Fund from which the Attorney is seeking compensation;
 - e. Demonstrate his or her eligibility for compensation from the relevant sub funds within the Attorney Fee Fund pursuant to the criteria set forth for the relevant sub fund;
 - f. Identify any and all Fee Entitlements from representations of States, Tribal Nations, or other plaintiffs related to Released Claims against Released Entities or in opioids-related matters;
 - g. Notwithstanding "a-f" above, the Panel may consider a supplemental application if the Attorney shows good cause why circumstances exist that will lead to consideration for additional Common Benefit award.

Examples would include, but are not limited to, an Attorney having Non-Participating Litigating Subdivision clients that subsequently become Participating Subdivisions, a Bar Date passes that increases participation or the Participation Tier, or an Allocation Agreement is reached.

5. With respect to the Common Benefit Fund, the Fee Panel shall (subject to any applicable MDL Court Order):
 - a. Review the applications of all Attorneys seeking compensation from the Common Benefit Fund, including determining eligibility for each Attorney as set forth in Section II.G.
 - b. Reduce, on an annual basis, Janssen's payment obligations, as set forth in paragraph II.C.5. The Panel shall inform Janssen and the MDL PEC of all such amounts and adjust Janssen's payment obligations accordingly.
 - c. Using criteria set forth in Sections II.C and II.I, allocate amounts from the Common Benefit Fund to eligible Attorneys, including payment amounts for each Payment Year. In making such allocations (regardless of the Participation Tier achieved), the Panel shall apply the principles set forth in paragraph II.C.4 and shall allocate any reduction in the payments of Janssen specified in paragraph II.C.5 to the amounts paid to Attorneys with a Fee Entitlement to Litigating Subdivisions that are not Participating Subdivisions.
6. With respect to the Contingency Fee Fund, the Fee Panel shall:
 - a. Review the applications of all Attorneys seeking compensation from the Litigating Subdivision Fee Fund, including determining eligibility for each Attorney as set forth in Section II.G.
 - b. Apply the Mathematical Model in Exhibit A.
 - c. Use such allocations to reduce payments, on an annual basis, the payment obligations of Janssen to the Attorney Fee Fund as set forth in paragraph II.D.4, and distributions therefrom, and inform Janssen and the MDL PEC of all such adjustments.
7. To the extent that there is a dispute about the calculations of the Fee Panel related to the amounts that Janssen is required to pay (including application of any reductions or offsets under this Fee Agreement), such disputes shall be presented to the Fee Panel and any disputed funds be paid into/held in escrow. The Fee Panel shall resolve such disputes expeditiously, with either Party having the right to seek review from the MDL Court.

8. For purposes of determination of fee or cost awards, allocations, reductions, and possible reversions under this Fee Agreement, unless specified otherwise a Subdivision will be considered a Non-Participating Subdivision if it is not a Participating Subdivision as of the deadline for the application for the fee or cost award at issue (or, if the determination does not involve a specific application, the date on which the record for such determination closes).
9. In the event that the Fee Panel, through the use of the Mathematical Model set forth in Exhibit A, allocates funds from the Contingency Fee Fund for an Attorney based on a Qualifying Representation of a Participating Litigating Subdivision or allocates cost to such Participating Litigating Subdivision and that Subdivision is in a Settling State in which the Consent Judgment has not been approved, such funds shall be placed into escrow until the Consent Judgment is approved, after which time they shall be released.

I. *Miscellaneous.*

1. The costs associated with the Fee Panel prior to the Effective Date of the Attorney Fee Agreement shall be funded by Janssen. The Fee Panel shall charge an hourly rate that previously has been approved by a federal or state court and shall provide a budget and a cap for such work prior to the Effective Date, which shall be approved by Janssen and such approval shall not be unreasonably withheld. Janssen shall receive a refund for any such payment of pre-Effective Date costs from interest that accrues on the monies in the Attorney Fee Fund (including interest that accrues during such time as the Attorney Fee Fund monies are in escrow prior to the Effective Date of the Janssen Agreement), up to the amount of such costs. Post-Effective Date, the cost of the Fee Panel shall be charged against the applicable Fee Fund based on allocation by the Fee Panel and shall not be otherwise funded by Janssen. The costs associated with the Cost and Expense Fund Administrator shall be paid from funds in the MDL Expense Fund and the Litigating Subdivision Cost Fund and shall not be otherwise funded by Janssen.
2. The MDL PEC will seek, and the Attorneys General for Settling States and Janssen will not oppose, a Common Benefit Fee Order requiring an assessment of 7.5% on the gross recovery (by judgment or settlement) of any Non-Participating Subdivision that is subject to the federal court jurisdiction, represented by a MDL PEC firm, represented by any Attorney receiving fees from the Common Benefit Fund, represented by any Attorney that signed a Participation Agreement or paid in a case otherwise under the jurisdiction of the MDL Court.
3. The MDL PEC shall provide to Janssen information they have that identifies Attorneys who represent Litigating Subdivisions who are not Participating Subdivisions and who have an obligation to pay a common benefit assessment, either due to the MDL Court's orders or having signed a Participation Agreement.

4. The MDL PEC shall retain ethics counsel of its choice to provide an opinion that addresses the compliance of its ethical obligations, as it relates to the Janssen Agreement. Such opinion shall address the issue of the potential conflict of interest for an Attorney that had represented a Participating Subdivision also representing a Later Litigating Subdivision as defined in the Janssen Agreement. This Subsection shall be enforceable to the extent permitted by the equivalent to Rules 1.16 and 5.6 of the ABA Model Rules of Professional Conduct in the relevant jurisdictions. The opinion shall be provided to Janssen as soon as it is completed and, in any event, prior to July 31, 2021 and shall be disseminated to counsel eligible to apply to the Attorney Fee Fund within 30 days of the announcement of the Janssen Agreement. The MDL PEC represents that it will comply with this opinion until the Reference Date and thereafter if the Janssen Agreement proceeds.
5. Participating Subdivisions agree to instruct their counsel to treat information, work product and expert materials as secret under Rule 1.6 of the ABA Model Rules of Professional Conduct. Accordingly, an Attorney shall not share information or work product with, or experts or materials to, non-participants (other than the Attorney's own current clients or their lawyers, consultants, experts or other representatives or agents). However, nothing herein shall prevent MDL Leadership or PEC Counsel from fulfilling their obligations in any MDL and the MDL Court Order.

III. Miscellaneous

A. *Termination.* If the Janssen Agreement does not proceed past the Reference Date, whether because Janssen does not determine to proceed or for any other reason, this Fee Agreement shall be null and void, Janssen shall have no obligation to make any payments under this Fee Agreement, and Janssen and the PEC shall take such steps as are necessary to restore the *status quo ante*.

B. *MDL Court Consideration.* This Fee Agreement shall be attached as an exhibit to the Janssen Agreement. This Fee Agreement shall also be submitted by Janssen and the MDL PEC to the MDL Court for approval pursuant to the motion and order that shall be attached, prior to the Preliminary Agreement Date of the Janssen Agreement, as Exhibit B.

1. In the event that the MDL Court, through an order, makes any change to the amounts potentially to be paid by Janssen under this Fee Agreement, makes any change to the Fee Panel's consideration of the factors set forth in paragraph II.C.4, or any other material change to the draft Order attached as part of Exhibit B or the terms of this Fee Agreement, Janssen and the MDL PEC shall meet and confer concerning such changes.
2. If Janssen and the MDL PEC are unable to reach agreement and revisions to this Fee Agreement in the event discussed in paragraph III.B.1, this Fee

Agreement shall be null and void, Janssen shall have no obligation to make any payments under this Fee Agreement, and Janssen and the MDL PEC shall take such steps as are necessary to restore the *status quo ante*.

C. *Amendment.* Once the MDL Court has entered an order implementing this Fee Agreement, this Fee Agreement can only be amended by (1) written agreement of Janssen and the MDL PEC and (2) approval by the MDL Court.

D. *Jurisdiction and Enforcement.* The MDL Court shall have exclusive and ongoing jurisdiction over the enforcement and implementation of this Fee Agreement as set forth herein. The MDL PEC shall be the Authorized Party to enforce this Fee Agreement, as to the payment obligations of Janssen as set forth in this section, and as to Attorneys making application to the Funds under this Fee Agreement. Solely for purposes of assessing or allocating common benefit fees, the MDL Court will continue to have jurisdiction over the work product developed in the MDL Court by and under the direction of the MDL PEC with respect to claims against Janssen, including data and documents, depositions, expert reports, briefs and pleadings; and the MDL Court's protective orders, management orders, and other decisions regarding such discovery and other work product, including but not limited to, conditions on its use, will continue in full force and effect. Nothing in this paragraph authorizes the MDL Court to act contrary to this Agreement or to share any of the work product, or provides the MDL Court with jurisdiction over the Janssen Agreement.

EXHIBIT S

Agreement on the State Cost Fund Administration

1. **Creation of a State Cost Fund.** Janssen and the Settling States agree to the creation of a state cost fund to pay litigation costs and expenses associated with litigation and investigation related to the opioid litigation (hereinafter the “State Cost Fund”). This agreement is a material part of the Settlement Agreement. The State Cost Fund shall be administered separately from the Common Benefit Fund, the Contingency Fee Fund, the State Counsel Fee Fund, Subdivision Costs Fund, and the MDL Expense Fund. No funds may be released from the State Cost Fund to Non-Settling States.

2. **State Cost Fund Amount.** In Payment 1 of the Settlement, Janssen shall pay into the State Cost Fund \$13,461,539 (the “State Cost Fund Amount”). Janssen’s State Cost Fund payment shall be a component of its Global Settlement Attorney Fee Amount payable to the Attorney Fee Fund, for Payment 1.

3. **State Cost Fund Committee.** A committee of Attorneys General from Settling States or their designated representatives (hereinafter the “State Cost Fund Committee”) shall oversee the State Cost Fund. The committee shall initially consist of the following states: (a) Delaware; (b) Florida; (c) Georgia; (d) New York; (e) North Carolina; (f) Ohio; (g) Tennessee; and (h) Texas. The Settling State Attorneys General may by majority vote add or change the composition of the State Cost Fund Committee, including replacing any above State, if that State is not a Settling State.

4. **State Cost Fund Administrator.** The State Cost Fund Committee shall select an administrator (the “State Cost Fund Administrator”). The State Cost Fund Administrator may be different from the Settlement Administrator under the Settlement Agreement. The State Cost Fund Administrator shall be responsible for administering the State Cost Fund and making payments to Settling States.

5. **State Cost Fund Guidelines.** Monies in the State Cost Fund shall be released without any delay to reimburse Settling States for documented opioid litigation and investigation costs incurred or paid. In allocating the State Cost Fund, no funds shall be allocated for costs incurred after July 21, 2021. The State Cost Fund Committee shall establish guidelines for the submission and approval of expenses eligible for reimbursement from the State Cost Fund. The State Cost Fund Administrator shall, in accordance with such guidelines, receive from Settling States records sufficient to demonstrate the incurrence and/or payment of each expense attributable to investigation or litigation related to the opioid litigation, including any outstanding National Association of Attorneys General grant.

6. **State Cost Fund Payment Priorities and Residual.** To the extent that that the aggregate eligible submissions of costs and expenses from Settling States exceed the State Cost Fund Amount, payments to Settling States shall be paid in the following order until the State

Cost Fund is exhausted. If the State Cost Fund is unable to fully pay costs at any of the following levels, then Settling States with costs at that level shall be paid on a proportional basis. All expenses with a lesser priority from the level where the State Cost Fund is exhausted will not be reimbursed from the State Cost Fund. Costs shall be paid in the following order: (a) the reasonable costs of the State Cost Fund Administrator, if any; (b) repayment of the National Association of Attorneys General grants connected to opioid litigation; (c) costs incurred or paid by outside counsel for a Settling State litigating against Janssen apart from any fee owed; (d) litigation-related costs attributable to the Janssen case incurred or paid by a Settling State litigating against Janssen; (e) pre-suit investigation-related costs attributable to a Janssen investigation incurred or paid by either a Settling State outside counsel (not including any amount of fees or any costs which have already been reimbursed pursuant to clause (c), above) or a Settling State investigating Janssen; (f) costs incurred or paid by a Settling State or outside counsel litigating against another opioid defendant other than a cost share entered into by a Settling State, which costs have not yet been paid under a preceding clause of this paragraph; (g) the amounts paid by a Settling State as part of cost share related to the filing of a proof of claim in the Purdue Pharma, L.P. bankruptcy; and (h) the amounts paid by a Settling State as part of any other cost share, including, but not limited to the cost share entered into by the Non-Consenting States in the Purdue Pharma, L.P. bankruptcy. If the State Cost Fund has additional monies after payment of the State Cost Fund Administrator's and all Settling States' submitted costs, then the remaining funds will be provided to the National Association of Attorneys General to be placed in the Financial Services Fund for the purpose of funding grants for consumer protection or healthcare-related enforcement or training activities. In determining what costs are attributable to Janssen, the State Fund Committee shall develop a guideline that ensures that all Settling States are treated equitably.

EXHIBIT U

Agreement on the State Outside Counsel Fee Fund

1. **Creation of a State Outside Counsel Fee Fund.** Janssen and the Settling States agree to the creation of a state outside counsel fee fund to pay reasonable attorney's fees of Settling States with outside counsel in connection with litigation against Janssen (the "State Outside Counsel Fee Fund"). This agreement is a material part of the Settlement Agreement. All terms utilized in this Agreement shall have the same meaning as in the Settlement Agreement unless otherwise indicated.
2. **State Outside Counsel Fee Fund Administration.** The State Outside Counsel Fee Fund shall be administered separately from the Common Benefit Fund, the Contingency Fee Fund, the State Cost Fund, and the MDL Expense Fund. A committee of Attorneys General shall oversee the State Outside Counsel Fee Fund ("Fee Fund Committee"). The Fee Fund Committee shall initially consist of the following: (a) Arkansas; (b) Florida; (c) New Jersey; and (d) Puerto Rico. The Fee Fund Committee shall select a settlement fund administrator (who may or may not be different from the Settlement Administrator under the Distributor Agreement) (the "Fee Fund Administrator") who shall administer the State Outside Counsel Fee Fund according to the guidelines and directives of the Fee Fund Committee.
3. **State Outside Counsel Fee Eligibility.** To participate in the State Outside Counsel Fee Fund, an outside counsel for a Settling State must have filed and be maintaining an action in the name of a Settling State or its attorney general against Janssen in a state or federal court as of June 1, 2021. No Settling State can draw attorney's fees from both the State Outside Counsel Fee Fund and the similarly sized fund to reimburse Settling State's without outside counsel.
4. **State Outside Counsel Fee Fund Amount.** Janssen shall pay funds in the State Outside Counsel Fee Fund according to the schedule set forth below, as part of its annual Global Settlement Attorney Fee Amount payable to the Attorney Fee Fund, subject to the adjustments described below:

Payment Year 1	\$32,391,518.74
Payment Year 2	\$30,769,230.77
Payment Year 3	\$ 4,146,942.80
5. **State Outside Counsel Fee Fund Availability and Calculation of Amount.**
 - a. The State Outside Counsel Fee Fund shall be available to compensate private counsel for State Attorneys General for approved fees arising out of representation of the State pursuant to the schedule developed by the Fee Fund Committee and provided to Janssen.

- b. Fees shall be calculated by adding two components: (a) a fixed amount consisting of fifty (50%) of the amount allocated to a State utilizing the allocation percentage in the Settlement Agreement multiplied times 4.5%; and (b) a proportional percentage of the remaining fee due under that Settling State's contract assuming that fifty (50%) of the State's recovery is allocable to a Settling State (versus allocable to the Settling State's Subdivisions) so that the fees of all Settling States (minus the base amount that would have been due to any of Non-Settling States) exhausts the State Outside Counsel Fee Fund. The proportional share percentage will be the same for each Settling State included in the State Outside Counsel Fee Fund. All amounts paid will be less any costs or fees of the Fee Fund Administrator.

6. Payment by the Fee Fund Administrator.

- a. If a Settling State and a Settling State's outside counsel agree that the amount calculated in paragraph 5 above satisfies in full amounts owed to all Settling State outside counsel, then upon written notice of that agreement and counsel waiving in writing any entitlement to any additional fee, the Fee Fund Administrator shall pay that Settling State's outside counsel pursuant to the calculation and any schedule created by the Fee Fund Committee.
- b. If a Settling State's outside counsel does not agree that the amount calculated in Paragraph 5 above satisfies in full amounts owed by the Settling State, then the Settling State's share shall be placed in an interest bearing escrow account (less reasonable expenses of the Fee Fund Administrator) and held unless and until the Settling State and its outside counsel agree in a signed writing to a resolution of the amount outstanding or there is a final judgment entered that is no longer appealable.
- c. Upon being provided a signed, written agreement or the final non-appealable judgment, the Fee Fund Administrator shall release monies from the State Outside Counsel Fee Fund in either the amount held by the Fee Fund Administrator, if the amount of the agreement or judgment is equal to or more than the amount held, or the amount indicated in the agreement or in the final judgment, if the amount in the agreement or judgment is less than the amount held.
- d. Nothing herein, including the amounts listed in paragraph 5 above, shall prevent a Settling State from arguing in any proceeding with its outside counsel that (a) its recovery was less than fifty (50%) percent of the recovery in the Settlement Agreement down to and including fifteen (15%) percent of the total recovery; (b) any payment should be discounted by an appropriate discount rate commensurate to the risk of the Settlement Agreement and the timeline that the Settling State is receiving its payments; (c) the settlement amount should be lower because a Settling State's amounts were reduced because a Settling State's outside counsel failed to obtain joinder from a Settling State's Subdivision(s) who(m) the outside counsel also represented;

or (d) any limitation placed by Janssen bars payment of a higher fee to outside counsel.

- e. In the event the amount due to the Settling State's outside counsel from an escrow account is less than the total amount of funds escrowed on the account of the Settling State, the balance shall be paid to the Settling State. In no event, other than a State not being a Settling State, shall funds revert to Janssen.
- f. Amounts owed by Janssen to the State Outside Counsel Fee Fund shall be reduced and/or credited to Janssen by the amount specified in paragraph 7, below, for any Non-Settling outside counsel States.

7. Reversion or Reduction of Amounts owed to Non-Settling States. Amounts owed by Janssen to the State Outside Counsel Fee Fund shall be reduced on account of Non-Settling States as follows:

- a. If the State of Washington does not become a Participating State and eleven (11) of the other outside counsel States in the table below become Participating States, then the amount Janssen owes under paragraph 4 will be reduced by the State of Washington's Fixed Amount in the table below.
- b. If ten (10) outside counsel States in the table below become Participating States, then the amount Janssen owes under paragraph 4 will be reduced by the allocated Fixed Amount in the table below for each Non-Settling State.
- c. If nine (9) or fewer of the outside counsel States in the table below become Participating States, then the amount Janssen owes under paragraph 4 will be reduced by each Non-Settling State's allocated Fixed Amount plus half the difference between the Non-Settling State's full share of the "Fee Amount if all OC States Join" and the Fixed Amount for each Non-Settling State.

**Proposed California State-Subdivision Agreement
Regarding Distribution and Use of
Settlement Funds – Distributor Settlement**

1. Introduction

Pursuant to the Distributor Settlement Agreement, dated as of July 21, 2021, and any revision thereto (the “Distributor Settlement Agreement”), including Section V and Exhibit O, the State of California proposes this agreement (the “CA Distributor Allocation Agreement”) to govern the allocation, distribution, and use of Settlement Fund payments made to California pursuant to Sections IV and V of the Distributor Settlement Agreement.¹ For the avoidance of doubt, this agreement does not apply to payments made pursuant to Sections IX or X of the Distributor Settlement Agreement.

Pursuant to Exhibit O, Paragraph 4, of the Distributor Settlement Agreement, acceptance of this CA Distributor Allocation Agreement is a requirement to be an Initial Participating Subdivision.

2. Definitions

- a) *CA Participating Subdivision* means a Participating Subdivision that is also (a) a Plaintiff Subdivision and/or (b) a Primary Subdivision with a population equal to or greater than 10,000. For the avoidance of doubt, eligible CA Participating Subdivisions are those California subdivisions listed in Exhibit C (excluding Litigating Special Districts) and/or Exhibit I to the Distributor Settlement Agreement.
- b) *Janssen Settlement Agreement* means the Janssen Settlement Agreement dated July 21, 2021, and any revision thereto.
- c) *Litigating Special District* means a school district, fire protection district, health authority, health plan, or other special district that has filed a lawsuit against an Opioid Defendant. Litigating Special Districts include Downey Unified School District, Elk Grove Unified School District, Kern High School District, Montezuma Fire Protection District (located in Stockton, California), Santa Barbara San Luis Obispo Regional Health Authority, Inland Empire Health Plan, Health Plan of San Joaquin, and LA Care Health Plan.
- d) *Plaintiff Subdivision* means a Subdivision located in California, other than a Litigating Special District, that filed a lawsuit, on behalf of the Subdivision and/or through an official of the Subdivision on behalf of the People of the State of California, against one or more Opioid Defendants prior to October 1, 2020.

¹ A parallel but separate agreement (the “CA Janssen Allocation Agreement”) will govern the allocation, distribution, and use of settlement fund payments under the Janssen Settlement Agreement. An eligible Subdivision may elect to participate in either the Distributor Settlement or the Janssen Settlement, or in both.

- e) *Opioid Defendant* means any defendant (including but not limited to Johnson & Johnson, Janssen Pharmaceuticals, Inc., Purdue Pharma L.P., Cardinal Health, Inc., AmerisourceBergen Corporation, and McKesson Corporation) named in a lawsuit seeking damages, abatement, or other remedies related to or caused by the opioid public health crisis in any lawsuit brought by any state or local government on or before October 1, 2020.

3. General Terms

This agreement is subject to the requirements of the Distributor Settlement Agreement, as well as applicable law, and the Distributor Settlement Agreement governs over any inconsistent provision of this CA Distributor Allocation Agreement. Terms used in this CA Distributor Allocation Agreement have the same meaning as in the Distributor Settlement Agreement unless otherwise defined herein.

Pursuant to Section V(D)(1) of the Distributor Settlement Agreement, (a) all Settlement Fund payments will be used for Opioid Remediation, except as allowed by Section V(B)(2) of the Distributor Settlement Agreement; and (b) at least seventy percent (70%) of Settlement Fund payment amounts will be used solely for future Opioid Remediation.

4. State Allocation

The Settlement Fund payments to California,² pursuant to the Distributor Settlement Agreement, shall be allocated as follows: 15% to the State Fund; 70% to the Abatement Accounts Fund; and 15% to the Subdivision Fund. For the avoidance of doubt, all funds allocated to California from the Settlement Fund shall be combined pursuant to this CA Distributor Allocation Agreement, and 15% of that total shall be allocated to the State of California (the “State of California Allocation”), 70% to the California Abatement Accounts Fund (“CA Abatement Accounts Fund”), and 15% to the California Subdivision Fund (“CA Subdivision Fund”).

A. State of California Allocation

Fifteen percent of the total Settlement Fund payments will be allocated to the State and used by the State for future Opioid Remediation.

B. CA Abatement Accounts Fund

i. Allocation of CA Abatement Accounts Funds

- a) Seventy percent of the total Settlement Fund payments will be allocated to the CA Abatement Accounts Fund. The funds in the CA Abatement Accounts Fund will be

² For purposes of clarity, use of the term “California” refers to the geographic territory of California and the state and its local governments therein. The term “State” or “State of California” refers to the State of California as a governmental unit.

allocated based on the allocation model developed in connection with the proposed negotiating class in the National Prescription Opiate Litigation (MDL No. 2804), as adjusted to reflect only those cities and counties that are eligible, based on population or litigation status, to become a CA Participating Subdivision. The percentage from the CA Abatement Accounts Fund allocated to each CA Participating Subdivision is set forth in Appendix 1 in the column entitled abatement percentage (the “Local Allocation”). For the avoidance of doubt, Litigating Special Districts and California towns, cities, and counties with a population less than 10,000 are not eligible to receive an allocation of CA Abatement Accounts Funds.

- b) A CA Participating Subdivision that is a county, or a city and county, will be allocated its Local Allocation share as of the date on which it becomes a Participating Subdivision, and will receive payments as provided in the Distributor Settlement Agreement.
- c) A CA Participating Subdivision that is a city will be allocated its Local Allocation share as of the date on which it becomes a Participating Subdivision. The Local Allocation share for a city that is a CA Participating Subdivision will be paid to the county in which the city is located, rather than to the city, so long as: (a) the county is a CA Participating Subdivision, and (b) the city has not advised the Settlement Fund Administrator that it requests direct payment at least 60 days prior to a Payment Date. A Local Allocation share allocated to a city but paid to a county is not required to be spent exclusively for abatement activities in that city, but will become part of the county’s share of the CA Abatement Accounts Funds, which will be used in accordance with Section 4.B.ii (Use of CA Abatement Accounts Funds) and reported on in accordance with Section 4.B.iii (CA Abatement Accounts Fund Oversight).
- d) A city within a county that is a CA Participating Subdivision may opt in or out of direct payment at any time, and it may also elect direct payment of only a portion of its share, with the remainder going to the county, by providing notice to the Settlement Fund Administrator at least 60 days prior to a Payment Date. For purposes of this CA Distributor Allocation Agreement, the Cities of Los Angeles, Oakland, San Diego, San Jose and Eureka will be deemed to have elected direct payment if they become Participating Subdivisions.
- e) The State will receive the Local Allocation share of any payment to the Settlement Fund that is attributable to a county or city that is eligible to become a CA Participating Subdivision, but that has not, as of the date of that payment to the Settlement Fund, become a Participating Subdivision.
- f) Funds received by a CA Participating Subdivision, and not expended or encumbered within five years of receipt and in accordance with the Distributor Settlement Agreement and this CA Distributor Allocation Agreement shall be transferred to the State; provided however, that CA Participating Subdivisions have seven years to expend or encumber CA Abatement Accounts Funds designated to support capital outlay projects before they must be transferred to the State. This provision shall not apply to the Cost Reimbursement Funds, which shall be controlled by Appendix 2.

ii. Use of CA Abatement Accounts Funds

- a) The CA Abatement Accounts Funds will be used for future Opioid Remediation in one or more of the areas described in the List of Opioid Remediation Uses, which is Exhibit E to the Distributor Settlement Agreement.
- b) In addition to this requirement, no less than 50% of the funds received by a CA Participating Subdivision from the Abatement Accounts Fund in each calendar year will be used for one or more of the following High Impact Abatement Activities:
 - (1) the provision of matching funds or operating costs for substance use disorder facilities within the Behavioral Health Continuum Infrastructure Program;
 - (2) creating new or expanded Substance Use Disorder (“SUD”) treatment infrastructure;
 - (3) addressing the needs of communities of color and vulnerable populations (including sheltered and unsheltered homeless populations) that are disproportionately impacted by SUD;
 - (4) diversion of people with SUD from the justice system into treatment, including by providing training and resources to first and early responders (sworn and non-sworn) and implementing best practices for outreach, diversion and deflection, employability, restorative justice, and harm reduction; and/or
 - (5) interventions to prevent drug addiction in vulnerable youth.
- c) The California Department of Health Care Services (“DHCS”) may add to this list (but not delete from it) by designating additional High Impact Abatement Activities. DHCS will make reasonable efforts to consult with stakeholders, including the CA Participating Subdivisions, before adding additional High Impact Abatement Activities to this list.
- d) For the avoidance of doubt, and subject to the requirements of the Distributor Settlement Agreement and applicable law, CA Participating Subdivisions may form agreements or ventures, or otherwise work in collaboration with, federal, state, local, tribal or private sector entities in pursuing Opioid Remediation activities funded from the CA Abatement Accounts Fund. Further, provided that all CA Abatement Accounts Funds are used for Opioid Remediation consistent with the Distributor Settlement Agreement and this CA Distributor Allocation Agreement, a county and any cities or towns within the county may agree to reallocate their respective shares of the CA Abatement Accounts Funds among themselves, provided that any direct distribution may only be to a CA Participating Subdivision and any CA Participating Subdivision must agree to their share being reallocated.

iii. CA Abatement Accounts Fund Oversight

- a) Pursuant to Section 5 below, CA Participating Subdivisions receiving settlement funds must prepare and file reports annually regarding the use of those funds. DHCS may regularly review the reports prepared by CA Participating Subdivisions about the use of CA Abatement Accounts Funds for compliance with the Distributor Settlement Agreement and this CA Distributor Allocation Agreement.
- b) If DHCS determines that a CA Participating Subdivision's use of CA Abatement Accounts Funds is inconsistent with the Distributor Settlement Agreement or this CA Distributor Allocation Agreement, whether through review of reports or information from any other sources, DHCS shall send a request to meet and confer with the CA Participating Subdivision. The parties shall meet and confer in an effort to resolve the concern.
- c) If the parties are unable to reach a resolution, DHCS may conduct an audit of the Subdivision's use of the CA Abatement Accounts Funds within one year of the request to meet and confer, unless the parties mutually agree in writing to extend the meet and confer time frame.
- d) If the concern still cannot be resolved, the State may bring a motion or action in the court where the State has filed its Consent Judgment to resolve the concern or otherwise enforce the requirements of the Distributor Settlement Agreement or this CA Distributor Allocation Agreement. However, in no case shall any audit be conducted, or motion be brought, as to a specific expenditure of funds, more than five years after the date on which the expenditure of the funds was reported to DHCS, in accordance with this agreement.
- e) Notwithstanding the foregoing, this Agreement does not limit the statutory or constitutional authority of any state or local agency or official to conduct audits, investigations, or other oversight activities, or to pursue administrative, civil, or criminal enforcement actions.

C. CA Subdivision Fund

- i. Fifteen percent of the total Settlement Fund payments will be allocated to the CA Subdivision Fund. All funds in the CA Subdivision Fund will be allocated among the Plaintiff Subdivisions that are Initial Participating Subdivisions. The funds will be used, subject to any limits imposed by the Distributor Settlement Agreement and this CA Distributor Allocation Agreement, to fund future Opioid Remediation and reimburse past opioid-related expenses, which may include fees and expenses related to litigation, and to pay the reasonable fees and expenses of the Special Master as set forth in Appendix 2.

The CA Subdivision Funds will be allocated as follows:

- a) First, funds in the CA Subdivision Fund shall be used to pay the Special Master's reasonable fees and expenses in accordance with the procedures and limitations set forth in Appendix 2 to this document;
- b) Second, funds will be allocated to Plaintiff Subdivisions that are Initial Participating Subdivisions that have been awarded Costs, as defined by and in accordance with the procedures and limitations set forth in Appendix 2 to this document.
- c) Funds remaining in the CA Subdivision Fund, which shall consist of no less than 50% of the total CA Subdivision Fund received in any year pursuant to Appendix 2, Section 2.c.v, will be distributed to Plaintiff Subdivisions that are Initial Participating Subdivisions, in relative proportion to the Local Allocation. These funds shall be used to fund future opioid-related projects and to reimburse past opioid-related expenses, which may include fees and expenses related to litigation against any Opioid Defendant.

D. Provision for State Back-Stop Agreement

On August 6, 2021, Judge Dan Polster of the U.S. District Court, Northern District of Ohio, Eastern Division, issued an order (ECF Docket Number 3814) ("MDL Fees Order") in the National Prescription Opiate Litigation (MDL No. 2804) "cap[ping] all applicable contingent fee agreements at 15%." Private counsel representing Plaintiff Subdivisions should seek its contingency fees and costs from the Attorney Fee Fund or Cost Funds under the Distributor Settlement Agreement and, if applicable, the Janssen Settlement Agreement.

A Plaintiff Subdivision may separately agree to use its share of the CA Subdivision Fund to pay for fees or costs incurred by its contingency-fee counsel ("State Back-Stop Agreement"), pursuant to Exhibit R, section I(R), of the Distributor Settlement Agreement and the MDL Fees Order, so long as such contingency fees do not exceed a total contingency fee of 15% of the total gross recovery of the Plaintiff Subdivision pursuant to the Distributor Settlement, and if applicable, the Janssen Settlement, inclusive of contingency fees from the national Attorney Fee Fund and this State Back-Stop Agreement. Before seeking fees or litigation costs and expenses from a State Back-Stop Agreement, private counsel representing Plaintiff Subdivisions must first seek contingency fees and costs from the Attorney Fee Fund or Cost Funds created under the Distributor Settlement Agreement and, if applicable, the Janssen Settlement Agreement. Further, private counsel may only seek reimbursement for litigation fees and costs that have not previously been reimbursed through prior settlements or judgments.

To effectuate a State Back-Stop Agreement pursuant to this section, an agreement in the form of Appendix 3 may be entered into by a Plaintiff Subdivision, private counsel, and the California Office of the Attorney General. The California Office of the Attorney General shall, upon the request of a Plaintiff Subdivision, execute any agreement executed by a Plaintiff Subdivision and its private counsel if it is in the form of Appendix 3. The California Office of the Attorney

General will also consider requests from Plaintiff Subdivisions to execute and enter into agreements presented in other forms.

For the avoidance of doubt, this agreement does not require a Plaintiff Subdivision to request or enter into a State Back-Stop Agreement, and no State Back-Stop Agreement shall impose any duty or obligation on the State of California or any of its agencies or officers, including without limitation the Attorney General.

5. State and Subdivision Reporting

- a) DHCS will prepare an annual written report regarding the State's use of funds from the settlement until those funds are fully expended and for one year thereafter. These reports will be made publicly available on the DHCS web site.
- b) Each CA Participating Subdivision that receives payments of funds from the settlement will prepare written reports at least annually regarding the use of those funds, until those funds are fully expended and for one year thereafter. These reports will also include a certification that all funds that the CA Participating Subdivision has received through the settlement have been used in compliance with the Distributor Settlement Agreement and this CA Distributor Allocation Agreement. The report will be in a form reasonably determined by DHCS. Prior to specifying the form of the report DHCS will confer with representatives of the Plaintiff Subdivisions.
- c) The State and all CA Participating Subdivisions receiving CA Abatement Accounts Funds will track all deposits and expenditures. Each such subdivision is responsible solely for the CA Abatement Accounts Funds it receives. A county is not responsible for oversight, reporting, or monitoring of CA Abatement Accounts Funds received by a city within that county that receives direct payment. Unless otherwise exempt, Subdivisions' expenditures and uses of CA Abatement Accounts Funds and other Settlement Funds will be subject to the normal budgetary and expenditure process of the Subdivision.
- d) Each Plaintiff Subdivision receiving CA Subdivision Funds will track all deposits and expenditures, as required by the Distributor Settlement Agreement and this CA Distributor Allocation Agreement. Among other things, Plaintiff Subdivisions using monies from the CA Subdivision Fund for purposes that do not qualify as Opioid Remediation must identify and include in their annual report, the amount and how such funds were used, including if used to pay attorneys' fees, investigation costs, or litigation costs. Pursuant to Section V(B)(2) of the Distributor Settlement Agreement, such information must also be reported to the Settlement Fund Administrator and the Distributors.
- e) In each year in which DHCS prepares an annual report DHCS will also host a meeting to discuss the annual report and the Opioid Remediation activities being carried out by the State and Participating Subdivisions.

6. Miscellaneous

- a) The State or any CA Participating Subdivision may bring a motion or action in the court where the State has filed its Consent Judgment to enforce the requirements of this CA Distributor Allocation Agreement. Before filing such a motion or action the State will meet and confer with any CA Participating Subdivision that is the subject of the anticipated motion or action, and vice versa.
- b) Except as provided in the Distributor Settlement Agreement, this CA Distributor Allocation Agreement is not enforceable by any party other than the State and the CA Participating Subdivisions. It does not confer any rights or remedies upon, and shall not be enforceable by, any third party.
- c) Except as provided in the CA Distributor Allocation Agreement, if any provision of this agreement or the application thereof to any person, entity, or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this agreement, or the application of such provision to persons, entities, or circumstances other than those as to which it is invalid or unenforceable, will not be affected thereby, and each other provision of this agreement will be valid and enforceable to the fullest extent permitted by law.
- d) Except as provided in the Distributor Settlement Agreement, this agreement shall be governed by and interpreted in accordance with the laws of California.

APPENDIX 1

DISCLAIMER: The allocation percentages herein are estimates only and should not be relied on for decisions regarding legal rights, releases, waivers, or other decisions affecting current or potential legal claims. Participating Subdivisions, underlying calculations, and the calculated allocation percentages are subject to change. Regarding the column herein entitled “Abatement Percentage,” pursuant to Section 4.B.e., the State of California will receive the Local Allocation share of any payment to the Settlement Fund that is attributable to a county or city that is eligible to become a CA Participating Subdivision, but that has not, as of the date of that payment to the Settlement Fund, become a Participating Subdivision. Regarding the column herein entitled “Plaintiff Subdivision Percentage,” payments allocated to a Plaintiff Subdivision, which is not an Initial Participating Subdivision, will be re-allocated among the Plaintiff Subdivisions that are Initial Participating Subdivisions. Regarding the column herein entitled “Abatement Percentage,” the annotation of “100%” refers to one-hundred percent (100%) of the California Abatement Account Funds received, pursuant to Section 4.B. Regarding the column herein entitled “Plaintiff Subdivision Percentage,” the annotation of “100%” refers to one-hundred percent (100%) of the California Subdivision Funds received, pursuant to Section 4.C. APPENDIX 2

Cost Reimbursement Procedure

1. Additional defined terms:

- a) *Costs* means the reasonable amounts paid for the attorney and other City Attorney and County Counsel staff time for individuals employed by a Plaintiff Subdivision at the contractual rate, inclusive of benefits and overhead, together with amounts paid for court reporters, experts, copying, electronic research, travel, vendors, and the like, which were paid or incurred (i) prior to July 21, 2021 in litigation against any Opioid Defendant and/or (ii) in negotiating and drafting this CA Distributor Allocation Agreement. Costs does not include attorneys' fees, costs, or expenses incurred by private contingency fee counsel. No part of the CA Abatement Accounts Fund will be used to reimburse Costs.
- b) *First Claims Date* means October 1, 2023 or when all applications for reimbursement of Costs, in whole or in part, from funds available under Section X and Exhibit R of the Distributor Settlement Agreement or Section XI and Exhibit R of the Janssen Settlement Agreement, have been finally determined under the provisions of those agreements, whichever comes first.
- c) *Special Master* means a retired judicial officer or former public lawyer, not presently employed or retained by a Plaintiff Subdivision, who will aggregate, review, and determine the reasonable Costs to be awarded to each Plaintiff Subdivision that submits a claim for reimbursement of Costs. The Special Master will be selected by a majority vote of the votes cast by Plaintiff Subdivisions, with each such subdivision having one vote.
- d) *Plaintiff Subdivision Committee* means the committee of Plaintiff Subdivisions that will review and approve the invoices submitted by the Special Master reflecting his or her reasonable time and expenses.

2. Cost Reimbursement to Plaintiff Subdivision

- a) Purpose. Substantial resources have been expended to hold Opioid Defendants accountable for creating and profiting from the opioid crisis, and this effort has been a significant catalyst in creating a National Opioid Settlement with Distributors, Johnson & Johnson, and others.
- b) Claims Procedure.
 - i. If a Plaintiff Subdivision is eligible to seek reimbursement of Costs, in whole or in part, from funds available under Section X or Exhibit R of the Distributor Settlement Agreement or Section XI or Exhibit R of the Janssen Settlement Agreement, it must first make a timely application for reimbursement from such funds. To allow sufficient time for determination of those applications, no claim for

Costs to the CA Subdivision Fund under this Agreement may be made before the First Claims Date.

- ii. A Plaintiff Subdivision that wishes to be reimbursed from the CA Subdivision Fund must submit a claim to the Special Master no later than forty-five (45) days after the First Claims Date. The Special Master will then compile and redistribute the aggregated claim totals for each Plaintiff Subdivision via email to representatives of all the Plaintiff Subdivisions. A claim for attorney and staff time must list, for each attorney or staff member included in the claim, the following information: name, title, total hours claimed, hourly rate (including, if sought, benefits and share of overhead), and narrative summarizing the general nature of the work performed by the attorney or staff member. For reimbursement of “hard” costs, the subdivision may aggregate across a category (e.g., total for travel costs). It is the intention of the Plaintiff Subdivisions that submission of documents related to reimbursement of Costs does not waive any attorney-client privilege or exemptions to the California Public Records Act.
- iii. The Special Master may request, at his or her sole option, additional documents or details to assist in the final award of Costs.
- iv. The Special Master will review claims for reasonableness and will notify each Plaintiff Subdivision of the final determination of its claim, and will provide a list of all final awards to all Plaintiff Subdivisions by email or, upon request, via First Class U.S. Mail. Any Plaintiff Subdivision may ask the Special Master to reconsider any final award within twenty-one (21) days. The Special Master will make a final determination on any such reconsideration request within thirty (30) days of receipt.
- v. Any decision of the Special Master is final and binding, and will be considered under the California Arbitration Act, Code of Civil Procedure section 1280 et seq. as a final arbitration award. Nothing in this agreement is intended to expand the scope of judicial review of the final award for errors of fact or law, and the Parties agree that they may only seek to vacate the award if clear and convincing evidence demonstrates one of the factors set forth in Code of Civil Procedure, section 1286.2, subdivision (a). Plaintiff Subdivisions will have fourteen (14) days after all final awards are made, together with any final determination of a request for reconsideration, to seek review in the Superior Court of California, pursuant to Code of Civil Procedure, section 1285, where the State has filed its Consent Judgment.
- vi. The Special Master will prepare a report of Costs that includes his or her fees and expenses at least ninety (90) days before the Payment Date for each Annual Payment. The Special Master’s preparation of a report of Costs does not discharge a Plaintiff Subdivision’s reporting requirement under Section V.B.2 of the Distributor Agreement.
- vii. A member of the Plaintiff Subdivision Committee, which is a CA Participating Subdivision, will submit to the Settlement Fund Administrator and the Distributors a

report of the fees and expenses incurred by the Special Master pursuant to Section V.B.2 of the Distributor Agreement.

c) Claims Priority and Limitation.

- i. The Special Master will submit invoices for compensation of reasonable fees and expenses to the Plaintiff Subdivision Committee no later than ninety (90) days prior to the Payment Date for each Annual Payment. The Plaintiff Subdivision Committee will promptly review and, if reasonable, approve the Special Master's invoice for compensation. The Plaintiff Subdivision Committee will submit approved invoices to the Settlement Fund Administrator for payment. The Special Master's approved invoices have priority and will be paid first from the CA Subdivision Fund before any award of Costs, subject to the limitation in Section 2.c.v below.
- ii. Final Awards of Costs that do not exceed seventy-five thousand dollars (\$75,000.00) will be paid next in priority after the Special Master's approved invoices.
- iii. Final Awards of Costs in excess of seventy-five thousand dollars (\$75,000.00) will be paid proportionally from the funds remaining in that year's Annual Payment.
- iv. Any claim for Costs that is not paid in full will be allocated against the next year's distribution from the CA Subdivision Fund, until all approved claims for Costs are paid in full.
- v. In no event will more than 50% of the total CA Subdivision Fund received in any year be used to pay Costs or the Special Master's approved invoices.
- vi. In no event shall more than \$28 million of the total CA Subdivision Funds paid pursuant to the Distributor Settlement Agreement and the Janssen Settlement Agreement be used to pay Costs.

d) Collateral Source Payments and Third-Party Settlement.

- i. In the event a Plaintiff Subdivision is awarded compensation, in whole or in part, by any source of funds created as a result of litigation against an Opioid Defendant for its reasonable Costs, it will reduce its claim for Costs from the CA Subdivision Fund by that amount. If a Plaintiff Subdivision has already received a final award of Costs from the CA Subdivision Fund, it will repay the fund up to the prior award of Costs via a payment to the Settlement Fund Administrator or notify the Settlement Fund Administrator that its allocation from the next and subsequent Annual Payments should be reduced accordingly. If the Plaintiff Subdivision is repaying any prior award of Costs, that repayment will occur as soon as is feasible after the Plaintiff Subdivision's receipt of Cost funds from the collateral source, but no more than 90 days after its receipt from the collateral source. The Settlement Fund Administrator will add any repaid Costs to the CA Subdivision Fund.

- ii. In the event a Plaintiff Subdivision reaches a monetary settlement or compromise against any Opioid Defendant outside of the National Opioid Settlement, the monetary portion of such settlement, net of fees paid to outside contingency fee counsel and of funds earmarked strictly for abatement, will be credited against its Costs and the subdivision will be ineligible to recover those credited Costs from the CA Subdivision Fund. Plaintiff Subdivisions negotiating monetary settlements or compromises against any Opioid Defendant outside of the National Opioid Settlement will negotiate for funds to repay any Costs it previously received from the CA Subdivision Fund or for Costs it otherwise might be eligible to claim from the CA Subdivision Fund. If such a settlement is paid after all final approved claims for Costs by all Plaintiff Subdivisions are satisfied in full, the settling subdivision will reimburse the CA Subdivision Fund in that amount by making payment to the Settlement Fund Administrator to add to the CA Subdivision Fund in a manner consistent with the repayments described in section 2.d.i above.

APPENDIX 3

CALIFORNIA-SUBDIVISION BACKSTOP AGREEMENT

On August 6, 2021, Judge Polster of the US District Court for the Northern District of Ohio issued an Order (the Order), docket number 3814, in In Re National Prescription Opiate Litigation, MDL 2804, addressing contingent attorney fee contracts between political subdivisions eligible to participate in the Distributors Settlement and their counsel.

In light of the Order, and at the request of [SUBDIVISION], the [SUBDIVISION], its counsel [COUNSEL], and the California Attorney General, on behalf of the State of California, are entering into this California-Subdivision Backstop Agreement (Backstop Agreement).

[SUBDIVISION] and [COUNSEL] intend this Backstop Agreement to constitute a State Back-Stop Agreement as that term is used in the Order and in Exhibit R (Agreement on Attorneys' Fees, Expenses and Costs) of the Distributor Settlement Agreement.

Pursuant to this Backstop Agreement, [SUBDIVISION] may, subject to the limitations of the Distributor Settlement Agreement and CA Distributor Allocation Agreement, as well as any other limitations imposed by law, use funds that it receives from the Distributor Settlement CA Subdivision Fund to pay a contingent fee to [COUNSEL]. Any such payment from [SUBDIVISION] to [COUNSEL], together with any contingency fees that [COUNSEL] may receive from the national Attorney Fee Fund, will not exceed a total contingency fee of [PERCENTAGE NOT TO EXCEED 15%] of the total gross recovery of [SUBDIVISION] from the Distributors Settlement.

[COUNSEL] certify that they first sought fees and costs from the Attorney Fee Fund created under the Distributor Settlement Agreement before seeking or accepting payment under this backstop agreement. [COUNSEL] further certify that they are not seeking and will not accept payment under this backstop agreement of any litigation fees or costs that have been reimbursed through prior settlements or judgments.

The Attorney General is executing this agreement solely because the definition of "State Back-Stop Agreement" in Exhibit R of the Distributor Settlement Agreement requires such agreements to be between "a Settling State" and private counsel for a participating subdivision. Neither the California Attorney General nor the State of California have any obligations under this Backstop Agreement, and this Backstop Agreement does not require the payment of any state funds to [SUBDIVISION], [COUNSEL], or any other party.

**Proposed California State-Subdivision Agreement
Regarding Distribution and Use of
Settlement Funds – Janssen Settlement**

1. Introduction

Pursuant to the Janssen Settlement Agreement, dated as of July 21, 2021, and any revision thereto (the “Janssen Settlement Agreement”), including Section VI and Exhibit O, the State of California proposes this agreement (the “CA Janssen Allocation Agreement”) to govern the allocation, distribution, and use of Settlement Fund payments made to California pursuant to Sections V and VI of the Janssen Settlement Agreement.¹ For the avoidance of doubt, this agreement does not apply to payments made pursuant to Sections X or XI of the Janssen Settlement Agreement.

Pursuant to Exhibit O, Paragraph 4, of the Janssen Settlement Agreement, acceptance of this CA Janssen Allocation Agreement is a requirement to be an Initial Participating Subdivision.

2. Definitions

- a) *CA Participating Subdivision* means a Participating Subdivision that is also (a) a Plaintiff Subdivision and/or (b) a Primary Subdivision with a population equal to or greater than 10,000. For the avoidance of doubt, eligible CA Participating Subdivisions are those California subdivisions listed in Exhibit C (excluding Litigating Special Districts) and/or Exhibit I to the Janssen Settlement Agreement.
- b) *Distributor Settlement Agreement* means the Distributor Settlement Agreement dated July 21, 2021, and any revision thereto.
- c) *CA Litigating Special District* means a Litigating Special District located in California. CA Litigating Special Districts include Downey Unified School District, Elk Grove Unified School District, Kern High School District, Montezuma Fire Protection District (located in Stockton, California), Santa Barbara San Luis Obispo Regional Health Authority, Inland Empire Health Plan, Health Plan of San Joaquin, and LA Care Health Plan.
- d) *Plaintiff Subdivision* means a Subdivision located in California, other than a CA Litigating Special District, that filed a lawsuit, on behalf of the Subdivision and/or through an official of the Subdivision on behalf of the People of the State of California, against one or more Opioid Defendants prior to October 1, 2020.
- e) *Opioid Defendant* means any defendant (including but not limited to Johnson & Johnson, Janssen Pharmaceuticals, Inc., Purdue Pharma L.P., Cardinal Health, Inc.,

¹ A parallel but separate agreement (the “CA Distributor Allocation Agreement”) will govern the allocation, distribution, and use of settlement fund payments under the Distributor Settlement Agreement. An eligible Subdivision may elect to participate in either the Distributor Settlement or the Janssen Settlement, or in both.

AmerisourceBergen Corporation, and McKesson Corporation) named in a lawsuit seeking damages, abatement, or other remedies related to or caused by the opioid public health crisis in any lawsuit brought by any state or local government on or before October 1, 2020.

3. General Terms

This agreement is subject to the requirements of the Janssen Settlement Agreement, as well as applicable law, and the Janssen Settlement Agreement governs over any inconsistent provision of this CA Janssen Allocation Agreement. Terms used in this CA Janssen Allocation Agreement have the same meaning as in the Janssen Settlement Agreement unless otherwise defined herein.

Pursuant to Section VI(D)(1) of the Janssen Settlement Agreement, (a) all Settlement Fund payments will be used for Opioid Remediation, except as allowed by Section VI(B)(2) of the Janssen Settlement Agreement; and (b) at least seventy percent (70%) of Settlement Fund payment amounts will be used solely for future Opioid Remediation.

4. State Allocation

The Settlement Fund payments to California,² pursuant to the Janssen Settlement Agreement, shall be allocated as follows: 15% to the State Fund; 70% to the Abatement Accounts Fund; and 15% to the Subdivision Fund. For the avoidance of doubt, all funds allocated to California from the Settlement Fund shall be combined pursuant to this CA Janssen Allocation Agreement, and 15% of that total shall be allocated to the State of California (the “State of California Allocation”), 70% to the California Abatement Accounts Fund (“CA Abatement Accounts Fund”), and 15% to the California Subdivision Fund (“CA Subdivision Fund”).

A. State of California Allocation

Fifteen percent of the total Settlement Fund payments will be allocated to the State and used by the State for future Opioid Remediation.

B. CA Abatement Accounts Fund

i. Allocation of CA Abatement Accounts Funds

- a) Seventy percent of the total Settlement Fund payments will be allocated to the CA Abatement Accounts Fund. The funds in the CA Abatement Accounts Fund will be allocated based on the allocation model developed in connection with the proposed negotiating class in the National Prescription Opiate Litigation (MDL No. 2804), as adjusted to reflect only those cities and counties that are eligible, based on population or litigation status, to become a CA Participating Subdivision. The percentage from the CA

² For purposes of clarity, use of the term “California” refers to the geographic territory of California and the state and its local governments therein. The term “State” or “State of California” refers to the State of California as a governmental unit.

Abatement Accounts Fund allocated to each CA Participating Subdivision is set forth in Appendix 1 in the column entitled abatement percentage (the “Local Allocation”). For the avoidance of doubt, CA Litigating Special Districts and California towns, cities, and counties with a population less than 10,000 are not eligible to receive an allocation of CA Abatement Accounts Funds.

- b) A CA Participating Subdivision that is a county, or a city and county, will be allocated its Local Allocation share as of the date on which it becomes a Participating Subdivision, and will receive payments as provided in the Janssen Settlement Agreement.
- c) A CA Participating Subdivision that is a city will be allocated its Local Allocation share as of the date on which it becomes a Participating Subdivision. The Local Allocation share for a city that is a CA Participating Subdivision will be paid to the county in which the city is located, rather than to the city, so long as: (a) the county is a CA Participating Subdivision, and (b) the city has not advised the Settlement Fund Administrator that it requests direct payment at least 60 days prior to a Payment Date. A Local Allocation share allocated to a city but paid to a county is not required to be spent exclusively for abatement activities in that city, but will become part of the county’s share of the CA Abatement Accounts Funds, which will be used in accordance with Section 4.B.ii (Use of CA Abatement Accounts Funds) and reported on in accordance with Section 4.B.iii (CA Abatement Accounts Fund Oversight).
- d) A city within a county that is a CA Participating Subdivision may opt in or out of direct payment at any time, and it may also elect direct payment of only a portion of its share, with the remainder going to the county, by providing notice to the Settlement Fund Administrator at least 60 days prior to a Payment Date. For purposes of this CA Janssen Allocation Agreement, the Cities of Los Angeles, Oakland, San Diego, San Jose and Eureka will be deemed to have elected direct payment if they become Participating Subdivisions.
- e) The State will receive the Local Allocation share of any payment to the Settlement Fund that is attributable to a county or city that is eligible to become a CA Participating Subdivision, but that has not, as of the date of that payment to the Settlement Fund, become a Participating Subdivision.
- f) Funds received by a CA Participating Subdivision, and not expended or encumbered within five years of receipt and in accordance with the Janssen Settlement Agreement and this CA Janssen Allocation Agreement shall be transferred to the State; provided however, that CA Participating Subdivisions have seven years to expend or encumber CA Abatement Accounts Funds designated to support capital outlay projects before they must be transferred to the State. This provision shall not apply to the Cost Reimbursement Funds, which shall be controlled by Appendix 2.

ii. Use of CA Abatement Accounts Funds

- a) The CA Abatement Accounts Funds will be used for future Opioid Remediation in one or more of the areas described in the List of Opioid Remediation Uses, which is Exhibit E to the Janssen Settlement Agreement.
- b) In addition to this requirement, no less than 50% of the funds received by a CA Participating Subdivision from the Abatement Accounts Fund in each calendar year will be used for one or more of the following High Impact Abatement Activities:
 - (1) the provision of matching funds or operating costs for substance use disorder facilities within the Behavioral Health Continuum Infrastructure Program;
 - (2) creating new or expanded Substance Use Disorder (“SUD”) treatment infrastructure;
 - (3) addressing the needs of communities of color and vulnerable populations (including sheltered and unsheltered homeless populations) that are disproportionately impacted by SUD;
 - (4) diversion of people with SUD from the justice system into treatment, including by providing training and resources to first and early responders (sworn and non-sworn) and implementing best practices for outreach, diversion and deflection, employability, restorative justice, and harm reduction; and/or
 - (5) interventions to prevent drug addiction in vulnerable youth.
- c) The California Department of Health Care Services (“DHCS”) may add to this list (but not delete from it) by designating additional High Impact Abatement Activities. DHCS will make reasonable efforts to consult with stakeholders, including the CA Participating Subdivisions, before adding additional High Impact Abatement Activities to this list.
- d) For the avoidance of doubt, and subject to the requirements of the Janssen Settlement Agreement and applicable law, CA Participating Subdivisions may form agreements or ventures, or otherwise work in collaboration with, federal, state, local, tribal or private sector entities in pursuing Opioid Remediation activities funded from the CA Abatement Accounts Fund. Further, provided that all CA Abatement Accounts Funds are used for Opioid Remediation consistent with the Janssen Settlement Agreement and this CA Janssen Allocation Agreement, a county and any cities or towns within the county may agree to reallocate their respective shares of the CA Abatement Accounts Funds among themselves, provided that any direct distribution may only be to a CA Participating Subdivision and any CA Participating Subdivision must agree to their share being reallocated.

iii. CA Abatement Accounts Fund Oversight

- a) Pursuant to Section 5 below, CA Participating Subdivisions receiving settlement funds must prepare and file reports annually regarding the use of those funds. DHCS may regularly review the reports prepared by CA Participating Subdivisions about the use of CA Abatement Accounts Funds for compliance with the Janssen Settlement Agreement and this CA Janssen Allocation Agreement.
- b) If DHCS determines that a CA Participating Subdivision's use of CA Abatement Accounts Funds is inconsistent with the Janssen Settlement Agreement or this CA Janssen Allocation Agreement, whether through review of reports or information from any other sources, DHCS shall send a request to meet and confer with the CA Participating Subdivision. The parties shall meet and confer in an effort to resolve the concern.
- c) If the parties are unable to reach a resolution, DHCS may conduct an audit of the Subdivision's use of the CA Abatement Accounts Funds within one year of the request to meet and confer, unless the parties mutually agree in writing to extend the meet and confer time frame.
- d) If the concern still cannot be resolved, the State may bring a motion or action in the court where the State has filed its Consent Judgment to resolve the concern or otherwise enforce the requirements of the Janssen Settlement Agreement or this CA Janssen Allocation Agreement. However, in no case shall any audit be conducted, or motion be brought, as to a specific expenditure of funds, more than five years after the date on which the expenditure of the funds was reported to DHCS, in accordance with this agreement.
- e) Notwithstanding the foregoing, this Agreement does not limit the statutory or constitutional authority of any state or local agency or official to conduct audits, investigations, or other oversight activities, or to pursue administrative, civil, or criminal enforcement actions.

C. CA Subdivision Fund

- i. Fifteen percent of the total Settlement Fund payments will be allocated to the CA Subdivision Fund. All funds in the CA Subdivision Fund will be allocated among the Plaintiff Subdivisions that are Initial Participating Subdivisions. The funds will be used, subject to any limits imposed by the Janssen Settlement Agreement and this CA Janssen Allocation Agreement, to fund future Opioid Remediation and reimburse past opioid-related expenses, which may include fees and expenses related to litigation, and to pay the reasonable fees and expenses of the Special Master as set forth in Appendix 2.

The CA Subdivision Funds will be allocated as follows:

- a) First, funds in the CA Subdivision Fund shall be used to pay the Special Master's reasonable fees and expenses in accordance with the procedures and limitations set forth in Appendix 2 to this document;
- b) Second, funds will be allocated to Plaintiff Subdivisions that are Initial Participating Subdivisions that have been awarded Costs, as defined by and in accordance with the procedures and limitations set forth in Appendix 2 to this document.
- c) Funds remaining in the CA Subdivision Fund, which shall consist of no less than 50% of the total CA Subdivision Fund received in any year pursuant to Appendix 2, Section 2.c.v, will be distributed to Plaintiff Subdivisions that are Initial Participating Subdivisions, in relative proportion to the Local Allocation. These funds shall be used to fund future opioid-related projects and to reimburse past opioid-related expenses, which may include fees and expenses related to litigation against any Opioid Defendant.

D. Provision for State Back-Stop Agreement

On August 6, 2021, Judge Dan Polster of the U.S. District Court, Northern District of Ohio, Eastern Division, issued an order (ECF Docket Number 3814) ("MDL Fees Order") in the National Prescription Opiate Litigation (MDL No. 2804) "cap[ping] all applicable contingent fee agreements at 15%." Private counsel representing Plaintiff Subdivisions should seek its contingency fees and costs from the Attorney Fee Fund or Cost Funds under the Janssen Settlement Agreement and, if applicable, the Distributor Settlement Agreement.

A Plaintiff Subdivision may separately agree to use its share of the CA Subdivision Fund to pay for fees or costs incurred by its contingency-fee counsel ("State Back-Stop Agreement"), pursuant to Exhibit R, section I(R), of the Janssen Settlement Agreement and the MDL Fees Order, so long as such contingency fees do not exceed a total contingency fee of 15% of the total gross recovery of the Plaintiff Subdivision pursuant to the Janssen Settlement, and if applicable, the Distributor Settlement, inclusive of contingency fees from the national Attorney Fee Fund and this State Back-Stop Agreement. Before seeking fees or litigation costs and expenses from a State Back-Stop Agreement, private counsel representing Plaintiff Subdivisions must first seek contingency fees and costs from the Attorney Fee Fund or Cost Funds created under the Janssen Settlement Agreement and, if applicable, the Distributor Settlement Agreement. Further, private counsel may only seek reimbursement for litigation fees and costs that have not previously been reimbursed through prior settlements or judgments.

To effectuate a State Back-Stop Agreement pursuant to this section, an agreement in the form of Appendix 3 may be entered into by a Plaintiff Subdivision, private counsel, and the California Office of the Attorney General. The California Office of the Attorney General shall, upon the request of a Plaintiff Subdivision, execute any agreement executed by a Plaintiff Subdivision and its private counsel if it is in the form of Appendix 3. The California Office of the Attorney

General will also consider requests from Plaintiff Subdivisions to execute and enter into agreements presented in other forms.

For the avoidance of doubt, this agreement does not require a Plaintiff Subdivision to request or enter into a State Back-Stop Agreement, and no State Back-Stop Agreement shall impose any duty or obligation on the State of California or any of its agencies or officers, including without limitation the Attorney General.

5. State and Subdivision Reporting

- a) DHCS will prepare an annual written report regarding the State's use of funds from the settlement until those funds are fully expended and for one year thereafter. These reports will be made publicly available on the DHCS web site.
- b) Each CA Participating Subdivision that receives payments of funds from the settlement will prepare written reports at least annually regarding the use of those funds, until those funds are fully expended and for one year thereafter. These reports will also include a certification that all funds that the CA Participating Subdivision has received through the settlement have been used in compliance with the Janssen Settlement Agreement and this CA Janssen Allocation Agreement. The report will be in a form reasonably determined by DHCS. Prior to specifying the form of the report DHCS will confer with representatives of the Plaintiff Subdivisions.
- c) The State and all CA Participating Subdivisions receiving CA Abatement Accounts Funds will track all deposits and expenditures. Each such subdivision is responsible solely for the CA Abatement Accounts Funds it receives. A county is not responsible for oversight, reporting, or monitoring of CA Abatement Accounts Funds received by a city within that county that receives direct payment. Unless otherwise exempt, Subdivisions' expenditures and uses of CA Abatement Accounts Funds and other Settlement Funds will be subject to the normal budgetary and expenditure process of the Subdivision.
- d) Each Plaintiff Subdivision receiving CA Subdivision Funds will track all deposits and expenditures, as required by the Janssen Settlement Agreement and this CA Janssen Allocation Agreement. Among other things, Plaintiff Subdivisions using monies from the CA Subdivision Fund for purposes that do not qualify as Opioid Remediation must identify and include in their annual report, the amount and how such funds were used, including if used to pay attorneys' fees, investigation costs, or litigation costs. Pursuant to Section VI(B)(2) of the Janssen Settlement Agreement, such information must also be reported to the Settlement Fund Administrator and Janssen.
- e) In each year in which DHCS prepares an annual report DHCS will also host a meeting to discuss the annual report and the Opioid Remediation activities being carried out by the State and Participating Subdivisions.

6. Miscellaneous

- a) The State or any CA Participating Subdivision may bring a motion or action in the court where the State has filed its Consent Judgment to enforce the requirements of this CA Janssen Allocation Agreement. Before filing such a motion or action the State will meet and confer with any CA Participating Subdivision that is the subject of the anticipated motion or action, and vice versa.
- b) Except as provided in the Janssen Settlement Agreement, this CA Janssen Allocation Agreement is not enforceable by any party other than the State and the CA Participating Subdivisions. It does not confer any rights or remedies upon, and shall not be enforceable by, any third party.
- c) Except as provided in the CA Janssen Allocation Agreement, if any provision of this agreement or the application thereof to any person, entity, or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this agreement, or the application of such provision to persons, entities, or circumstances other than those as to which it is invalid or unenforceable, will not be affected thereby, and each other provision of this agreement will be valid and enforceable to the fullest extent permitted by law.
- d) Except as provided in the Janssen Settlement Agreement, this agreement shall be governed by and interpreted in accordance with the laws of California.

APPENDIX 1

Percentages shown in the Plaintiff Subdivision Percentage column may change pursuant to Section 4.C. of the California State-Subdivision Agreement Regarding Distribution and Use of Settlement Funds—Janssen Settlement, whereas the percentages shown in the Abatement Percentage column should not change. Participating Subdivisions, underlying calculations, and the calculated allocation percentages are subject to change. Regarding the column herein entitled “Abatement Percentage,” pursuant to Section 4.B.e., the State of California will receive the Local Allocation share of any payment to the Settlement Fund that is attributable to a county or city that is eligible to become a CA Participating Subdivision, but that has not, as of the date of that payment to the Settlement Fund, become a Participating Subdivision. Regarding the column herein entitled “Plaintiff Subdivision Percentage,” payments allocated to a Plaintiff Subdivision, which is not an Initial Participating Subdivision, will be re-allocated among the Plaintiff Subdivisions that are Initial Participating Subdivisions. Regarding the column herein entitled “Abatement Percentage,” the annotation of “100%” refers to one-hundred percent (100%) of the California Abatement Account Funds received, pursuant to Section 4.B. Regarding the column herein entitled “Plaintiff Subdivision Percentage,” the annotation of “100%” refers to one-hundred percent (100%) of the California Subdivision Funds received, pursuant to Section 4.C. Regarding the column herein entitled “Weighted Allocation Percentage,” the annotation of “100%” refers to one-hundred percent (100%) of the combined and weighted allocation of the Abatement Percentage and the Plaintiff Subdivision Percentage.

APPENDIX 2

Cost Reimbursement Procedure

1. Additional defined terms:

- a) *Costs* means the reasonable amounts paid for the attorney and other City Attorney and County Counsel staff time for individuals employed by a Plaintiff Subdivision at the contractual rate, inclusive of benefits and overhead, together with amounts paid for court reporters, experts, copying, electronic research, travel, vendors, and the like, which were paid or incurred (i) prior to July 21, 2021 in litigation against any Opioid Defendant and/or (ii) in negotiating and drafting this CA Janssen Allocation Agreement. Costs does not include attorneys' fees, costs, or expenses incurred by private contingency fee counsel. No part of the CA Abatement Accounts Fund will be used to reimburse Costs.
- b) *First Claims Date* means October 1, 2023 or when all applications for reimbursement of Costs, in whole or in part, from funds available under Section X and Exhibit R of the Distributor Settlement Agreement or Section XI and Exhibit R of the Janssen Settlement Agreement, have been finally determined under the provisions of those agreements, whichever comes first.
- c) *Special Master* means a retired judicial officer or former public lawyer, not presently employed or retained by a Plaintiff Subdivision, who will aggregate, review, and determine the reasonable Costs to be awarded to each Plaintiff Subdivision that submits a claim for reimbursement of Costs. The Special Master will be selected by a majority vote of the votes cast by Plaintiff Subdivisions, with each such subdivision having one vote.
- d) *Plaintiff Subdivision Committee* means the committee of Plaintiff Subdivisions that will review and approve the invoices submitted by the Special Master reflecting his or her reasonable time and expenses.

2. Cost Reimbursement to Plaintiff Subdivision

- a) Purpose. Substantial resources have been expended to hold Opioid Defendants accountable for creating and profiting from the opioid crisis, and this effort has been a significant catalyst in creating a National Opioid Settlement with Distributors, Johnson & Johnson, and others.
- b) Claims Procedure.
 - i. If a Plaintiff Subdivision is eligible to seek reimbursement of Costs, in whole or in part, from funds available under Section X or Exhibit R of the Distributor Settlement Agreement or Section XI or Exhibit R of the Janssen Settlement Agreement, it must first make a timely application for reimbursement from such funds. To allow sufficient time for determination of those applications, no claim for

Costs to the CA Subdivision Fund under this Agreement may be made before the First Claims Date.

- ii. A Plaintiff Subdivision that wishes to be reimbursed from the CA Subdivision Fund must submit a claim to the Special Master no later than forty-five (45) days after the First Claims Date. The Special Master will then compile and redistribute the aggregated claim totals for each Plaintiff Subdivision via email to representatives of all the Plaintiff Subdivisions. A claim for attorney and staff time must list, for each attorney or staff member included in the claim, the following information: name, title, total hours claimed, hourly rate (including, if sought, benefits and share of overhead), and narrative summarizing the general nature of the work performed by the attorney or staff member. For reimbursement of “hard” costs, the subdivision may aggregate across a category (e.g., total for travel costs). It is the intention of the Plaintiff Subdivisions that submission of documents related to reimbursement of Costs does not waive any attorney-client privilege or exemptions to the California Public Records Act.
- iii. The Special Master may request, at his or her sole option, additional documents or details to assist in the final award of Costs.
- iv. The Special Master will review claims for reasonableness and will notify each Plaintiff Subdivision of the final determination of its claim, and will provide a list of all final awards to all Plaintiff Subdivisions by email or, upon request, via First Class U.S. Mail. Any Plaintiff Subdivision may ask the Special Master to reconsider any final award within twenty-one (21) days. The Special Master will make a final determination on any such reconsideration request within thirty (30) days of receipt.
- v. Any decision of the Special Master is final and binding, and will be considered under the California Arbitration Act, Code of Civil Procedure section 1280 et seq. as a final arbitration award. Nothing in this agreement is intended to expand the scope of judicial review of the final award for errors of fact or law, and the Parties agree that they may only seek to vacate the award if clear and convincing evidence demonstrates one of the factors set forth in Code of Civil Procedure, section 1286.2, subdivision (a). Plaintiff Subdivisions will have fourteen (14) days after all final awards are made, together with any final determination of a request for reconsideration, to seek review in the Superior Court of California, pursuant to Code of Civil Procedure, section 1285, where the State has filed its Consent Judgment.
- vi. The Special Master will prepare a report of Costs that includes his or her fees and expenses at least ninety (90) days before the Payment Date for each Annual Payment. The Special Master’s preparation of a report of Costs does not discharge a Plaintiff Subdivision’s reporting requirement under Section VI.B.2 of the Janssen Agreement.
- vii. A member of the Plaintiff Subdivision Committee, which is a CA Participating Subdivision, will submit to the Settlement Fund Administrator and Janssen a report

of the fees and expenses incurred by the Special Master pursuant to Section VI.B.2 of the Janssen Agreement.

c) Claims Priority and Limitation.

- i. The Special Master will submit invoices for compensation of reasonable fees and expenses to the Plaintiff Subdivision Committee no later than ninety (90) days prior to the Payment Date for each Annual Payment. The Plaintiff Subdivision Committee will promptly review and, if reasonable, approve the Special Master's invoice for compensation. The Plaintiff Subdivision Committee will submit approved invoices to the Settlement Fund Administrator for payment. The Special Master's approved invoices have priority and will be paid first from the CA Subdivision Fund before any award of Costs, subject to the limitation in Section 2.c.v below.
- ii. Final Awards of Costs that do not exceed seventy-five thousand dollars (\$75,000.00) will be paid next in priority after the Special Master's approved invoices.
- iii. Final Awards of Costs in excess of seventy-five thousand dollars (\$75,000.00) will be paid proportionally from the funds remaining in that year's Annual Payment.
- iv. Any claim for Costs that is not paid in full will be allocated against the next year's distribution from the CA Subdivision Fund, until all approved claims for Costs are paid in full.
- v. In no event will more than 50% of the total CA Subdivision Fund received in any year be used to pay Costs or the Special Master's approved invoices.
- vi. In no event shall more than \$28 million of the total CA Subdivision Funds paid pursuant to the Distributor Settlement Agreement and the Janssen Settlement Agreement be used to pay Costs.

d) Collateral Source Payments and Third-Party Settlement.

- i. In the event a Plaintiff Subdivision is awarded compensation, in whole or in part, by any source of funds created as a result of litigation against an Opioid Defendant for its reasonable Costs, it will reduce its claim for Costs from the CA Subdivision Fund by that amount. If a Plaintiff Subdivision has already received a final award of Costs from the CA Subdivision Fund, it will repay the fund up to the prior award of Costs via a payment to the Settlement Fund Administrator or notify the Settlement Fund Administrator that its allocation from the next and subsequent Annual Payments should be reduced accordingly. If the Plaintiff Subdivision is repaying any prior award of Costs, that repayment will occur as soon as is feasible after the Plaintiff Subdivision's receipt of Cost funds from the collateral source, but no more than 90 days after its receipt from the collateral source. The Settlement Fund Administrator will add any repaid Costs to the CA Subdivision Fund.

- ii. In the event a Plaintiff Subdivision reaches a monetary settlement or compromise against any Opioid Defendant outside of the National Opioid Settlement, the monetary portion of such settlement, net of fees paid to outside contingency fee counsel and of funds earmarked strictly for abatement, will be credited against its Costs and the subdivision will be ineligible to recover those credited Costs from the CA Subdivision Fund. Plaintiff Subdivisions negotiating monetary settlements or compromises against any Opioid Defendant outside of the National Opioid Settlement will negotiate for funds to repay any Costs it previously received from the CA Subdivision Fund or for Costs it otherwise might be eligible to claim from the CA Subdivision Fund. If such a settlement is paid after all final approved claims for Costs by all Plaintiff Subdivisions are satisfied in full, the settling subdivision will reimburse the CA Subdivision Fund in that amount by making payment to the Settlement Fund Administrator to add to the CA Subdivision Fund in a manner consistent with the repayments described in section 2.d.i above.

APPENDIX 3

CALIFORNIA-SUBDIVISION BACKSTOP AGREEMENT

On August 6, 2021, Judge Polster of the US District Court for the Northern District of Ohio issued an Order (the Order), docket number 3814, in In Re National Prescription Opiate Litigation, MDL 2804, addressing contingent attorney fee contracts between political subdivisions eligible to participate in the Janssen Settlement and their counsel.

In light of the Order, and at the request of [SUBDIVISION], the [SUBDIVISION], its counsel [COUNSEL], and the California Attorney General, on behalf of the State of California, are entering into this California-Subdivision Backstop Agreement (Backstop Agreement).

[SUBDIVISION] and [COUNSEL] intend this Backstop Agreement to constitute a State Back-Stop Agreement as that term is used in the Order and in Exhibit R (Agreement on Attorneys' Fees, Costs, and Expenses) of the Janssen Settlement Agreement.

Pursuant to this Backstop Agreement, [SUBDIVISION] may, subject to the limitations of the Janssen Settlement Agreement and CA Janssen Allocation Agreement, as well as any other limitations imposed by law, use funds that it receives from the Janssen Settlement CA Subdivision Fund to pay a contingent fee to [COUNSEL]. Any such payment from [SUBDIVISION] to [COUNSEL], together with any contingency fees that [COUNSEL] may receive from the national Attorney Fee Fund, will not exceed a total contingency fee of [PERCENTAGE NOT TO EXCEED 15%] of the total gross recovery of [SUBDIVISION] from the Distributors Settlement.

[COUNSEL] certify that they first sought fees and costs from the Attorney Fee Fund created under the Janssen Settlement Agreement before seeking or accepting payment under this backstop agreement. [COUNSEL] further certify that they are not seeking and will not accept payment under this backstop agreement of any litigation fees or costs that have been reimbursed through prior settlements or judgments.

The Attorney General is executing this agreement solely because the definition of "State Back-Stop Agreement" in Exhibit R of the Janssen Settlement Agreement requires such agreements to be between "a Settling State" and private counsel for a participating subdivision. Neither the California Attorney General nor the State of California have any obligations under this Backstop Agreement, and this Backstop Agreement does not require the payment of any state funds to [SUBDIVISION], [COUNSEL], or any other party.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 13

SUBJECT: ACCEPTANCE OF GRANT AWARD FOR FIRE MANAGEMENT ASSISTANCE
GRANT FOR THE BLUE RIDGE FIRE

RECOMMENDATION:

1. Accept the Fire Management Assistance Grant award in the amount of \$90,457.73 for the Blue Ridge Fire
2. Adopt a Resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS ADOPTING A BUDGET AMENDMENT FOR FISCAL YEAR 2021-22 INCREASING THE BUDGET IN THE MISCELLANEOUS GRANTS FUND BY \$90,457.73 FOR THE FIRE MANAGEMENT ASSISTANCE GRANT

BACKGROUND/ANALYSIS:

The Blue Ridge Fire started on October 26, 2020 and was 96% contained by November 3, 2020. The City's Emergency Operations Center (EOC) was activated on October 26, 2020 and deactivated on October 28, 2020. During this activation, the City set up a phone bank and emergency hotline for residents as well as a temporary evacuation center at the Community Center and a small and large animal shelter at the McCoy Recreation and Equestrian Center. The Chino Hills Police Department/San Bernardino County Sheriff's Department, assisted by the EOC and Public Works field staff, coordinated evacuation warning and orders, road closures, and provided assistance to residents. A total of 13,964 acres burned and 19,730 residents were evacuated. Multiple City departments and staff were involved with the response to the Blue Ridge Fire, including EOC staff, IT, Community Relations, Community Services and Public Works.

On November 19, 2020, staff submitted a Request for Fire Management Assistance Subgrant (RFMAS) to the California Office of Emergency Services (Cal OES), which is the pass-through agency for the Federal Emergency Management Agency (FEMA). This request was approved and subsequently, staff submitted the application and necessary documentation for the Fire Management Assistance Grant (FMAG) for expenditures incurred during the Blue Ridge Fire. These costs include public safety and staff overtime costs, the purchase of supplies and meals for staff in the EOC, and the cost for additional subscribers for the City's website as the City was pushing out evacuation alerts to residents.

The total amount submitted for the FMAG was \$120,610.31. The City received \$90,457.73 which is the maximum 75% federal cost share amount provided by FEMA. Of the total award amount, \$80,848.13 will be paid toward public safety overtime costs directly from the Miscellaneous Grants Fund and the remaining \$9,609.60 will go towards reimbursing the General Fund for other costs incurred.

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(4-5)).

FISCAL IMPACT:

The proposed budget amendment will increase the revenue and expenditure budget in the Miscellaneous Grants Fund by \$90,457.73. There is a zero net effect on fund balance with this item.

REASON/JUSTIFICATION

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 14

SUBJECT: AMENDMENT NO. 1 TO AGREEMENT A2021-181 WITH THE INVICTORIUM CORPORATION (DBA PACIFIC SERVICES), A CALIFORNIA CORPORATION

RECOMMENDATION:

Authorize the execution of Amendment No. 1 to Agreement A2021-181 with The Invictorium Corporation (DBA Pacific Services), a California Corporation, to change the scope of work and decrease the not to exceed amount from \$144,309.24 to \$143,319.

BACKGROUND/ANALYSIS:

On September 14, 2021, City Council approved a project in the amount of \$144,309.24 to install and configure wireless point-to-point equipment at the City Hall, City Yard, Grand Avenue Park and La Sierra Reservoir locations. An issue has been identified that necessitates a change in the original scope of work. The La Sierra Reservoir is no longer a viable long-term option for installation. There are several trees located in the Payne Ranch neighborhood that will impact line-of-sight communication to the City Hall equipment within a short timeframe.

City staff is proposing that the equipment be re-located to the recycled water reservoir, referred to internally as R-41, which is situated between Woodview Rd and Carbon Canyon Road and accessible via Sleepy Oak Road. The R-41 reservoir has a clear line-of-sight to both the City Hall and City Yard facilities. However, the Grand Avenue Park location is not visible from the reservoir and will need to be removed from the original project scope. City staff proposes to re-evaluate the site and propose an alternative recommendation in the future.

The reservoir site will require the installation of new infrastructure including an equipment cabinet and the necessary backup power to ensure redundancy during any type of power outage. The total project costs will be reduced by \$990.24.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 15

SUBJECT: ANNUAL DEVELOPMENT IMPACT FEE FINANCIAL REPORT FOR FISCAL YEAR 2020-21

RECOMMENDATION:

1. Review and file the Annual Development Impact Fee Finance Report for Fiscal Year 2020-21.
2. Adopt a schedule attached as Section 4 of the Annual Development Impact Fee Financial Report confirming that the Parkland (Quimby in-lieu) Fee is committed to rehabilitating existing park facilities at Torrey Pines Park.
3. Adopt a resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS, MAKING FIVE-YEAR FINDINGS FOR UNEXPENDED DEVELOPMENT FEES IN ACCORDANCE WITH CALIFORNIA GOVERNMENT CODE SECTION 66001, SUBSECTION (d), AND REVIEWING AND ACCEPTING THE ANNUAL DEVELOPMENT IMPACT FEE FINANCIAL REPORT
4. Adopt a resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS, UPDATING AND AMENDING THE LIST OF ANTICIPATED CAPITAL IMPROVEMENTS TO BE FUNDED, IN WHOLE OR IN PART, THROUGH THE LEVY OF DEVELOPMENT IMPACT FEES (THE "NEEDS LIST")

BACKGROUND/ANALYSIS:

Annual Development Impact Fee Financial Report

In accordance with Government Code Section 66006(b), the City is required to, within 180 days after the last day of each fiscal year, make certain information regarding Development Impact Fee Funds available to the public. The City Council must review the information made available to the public at the next regularly scheduled public meeting not less than 15 days after this information is made available to the public. The Annual Development Impact Fee Financial Report (Report) provides the information described in Government Code Section 66006 (b), and has been on file for public viewing in the City Clerk's Office and the Finance Department since November 29, 2021.

Government Code Sections 66001(e) and 66006(b) require that the City identify an approximate date by which the construction of the public improvement will be commenced if sufficient funds in Development Fee funds have been collected to complete financing on incomplete public improvements identified in the Capital Improvement Program (CIP), General Plan, a Specific Plan, or other public documents, and the public improvements remain incomplete within 180 days of the determination that sufficient funds have been collected, or refund the unexpected portion of the fees. Section 3 of the Report illustrates the current and future capital projects as of June 30, 2021. All funds collected have been

committed to capital improvement projects as set forth in the Development Impact Fee Program Evaluation prepared by David Taussig & Associates, Inc. in 2018, the Traffic Impact Fee Nexus Study prepared by Iteris, Inc. in 2017, the Capital Improvement Program (CIP), General Plan, a Specific Plan, or other public documents, other similar studies, and the adopted budget.

Parkland (Quimby in-lieu) Fee Fund

Government Code Section 66477(a)(6)(A)(i) requires the City to develop a schedule specifying how, when, and where it will use the Parkland (Quimby in-lieu) land or fees, or both, to develop park or recreational facilities to serve the residents of the subdivision. Any fees collected under Ordinance No. 66 (the City's Quimby Fee Ordinance) shall be committed within five years after the payment of the fees or the issuance of building permits on one-half of the lots created by the subdivision, whichever occurs later. If the fees are not committed, the fees must be distributed to the record owners of the subdivision. The proposed schedule attached as Section 4 of the Annual Development Impact Fee Financial Report confirms that the Parkland (Quimby in-lieu) Fee is committed to rehabilitating existing park facilities at Torrey Pines Park.

Development Fee Category	Fund Balance as of 06/30/21	Portion held for more than five years
Parkland (Quimby in-lieu)	\$22,461	\$0

Five Year Findings

Among the procedural requirements mandated by the Mitigation Fee Act is a requirement in Government Code Section 66001(d) that beginning with the fifth fiscal year following deposit of development fees into a designated account, and each fifth fiscal year thereafter, the City make specified findings regarding any portion of the fees, if any, that remain unexpended, whether committed or uncommitted. A portion of the fees currently deposited in the City's Mitigation Fee Fund were collected over five (5) years ago and remain unexpended, and therefore the City wishes to make the findings required by Government Code Section 66001(d) for such unexpended funds for the fiscal year ending June 30, 2021.

1) Vravix Circle Drainage improvement project (\$43,000)

- The purpose of these mitigation fees is to install drainage facilities to address the nuisance water ponding from roadway that wear out and reduce the pavement life.
- There continues to be a reasonable relationship between these mitigation fees and the improvements needed at this location.
- There are no other funds needed.
- The improvements at this location will likely be completed in Fiscal Year 2021-22. Sufficient funds have been deposited to complete this project.

2) Pipeline Road/Chino Hills Pkwy Intersection and SR-71 NB Ramp at Central Avenue/Soquel Canyon Pkwy improvement projects (\$50,400)

- The purpose of these mitigation fees is to improve traffic circulation at these locations.
- There continues to be a reasonable relationship between these mitigation fees and the improvements needed at these locations.
- The other funding source for this project is the Traffic Impact Fee Fund.
- The traffic improvements at these locations are dependent on future development, but will likely be completed in FY 2034-35.

3) Butterfield Ranch Road/Soquel Canyon Pkwy Intersection, Butterfield Ranch Road at Pine Avenue Intersection, SR-71 NB Ramp at Pine Avenue, Central Avenue/El Prado Road Intersection, El Prado Road/Pine Avenue Intersection, SR-71 SB from Pine Avenue to Butterfield/Euclid Avenue, SR-71 SB from Butterfield Ranch Road/Euclid Avenue to SR-91

Fwy, and SR-71 NB from Butterfield Ranch Road/Euclid Avenue to Pine Avenue improvement projects (\$279,391.25)

- The purpose of these mitigation fees is to improve traffic circulation at these locations.
- There continues to be a reasonable relationship between these mitigation fees and the improvements needed at these locations.
- The other sources of funding for this project are Gas Tax and Traffic Impact Fee funds.
- The traffic improvements at these locations are dependent on future development, but will likely be completed in FY 2030-31.

4) Traffic Signal at the Intersection of Bird Farm Road and Ramona Avenue project (\$66,759)

- The purpose of these mitigation fees is to install a traffic signal.
- There continues to be a reasonable relationship between these mitigation fees and the improvements needed at this location.
- The other funding source for this project is the Gas Tax Fund.
- The traffic improvements at this location are dependent on future development, but will likely be completed in FY 2027-28.

5) Central Avenue/Soquel Canyon Pkwy at Fairfield Ranch Road traffic improvements (\$1,720)

- The purpose of these mitigation fees is to improve traffic circulation at this location.
- There continues to be a reasonable relationship between these mitigation fees and the improvements needed at this location.
- The other funding source for this project is the Gas Tax Fund.
- The traffic improvements at this location are dependent on future development, but will likely be completed in FY 2029-30.

6) Fairfield Ranch Road/Central Avenue Intersection traffic improvements (\$4,593)

- The traffic improvements at this location are dependent on future development, but will likely be completed in FY 2029-30.

Needs List

Chapter 3.40 of the Chino Hills Municipal Code authorizes the City to impose various fees on new development in order to fund public facilities that are needed to serve the new development. The City keeps a list of capital improvements to be funded (the "Needs List"), in whole or in part, through Development Impact Fees. The Needs List indicates the various categories of public facilities (general, traffic, water, sewer, etc.), a list of anticipated capital improvements within each category, the estimated cost of each facility, the estimated cost to be allocated to new and existing development, the estimated net cost to the City, and other funding sources. It is necessary and appropriate for the City Council to update and amend the Needs List from time to time as capital improvements are completed and/or as the anticipated needs change.

The proposed resolution includes an updated and amended Needs List and authorizes the City Manager to modify and adjust the amount of funding designated for each project within a specific fund (e.g., within the General City Facilities Fee Fund or within the Parks and Recreational Facilities Fee Fund) from time to time, as he/she deems necessary and appropriate, so long as the total project funding assigned to each specific fund in the Needs List remains unchanged.

Annual Development Impact Fee Financial Report
Fiscal Year 2020-2021

BACKGROUND

The Mitigation Fee Act, Government Code §66000 et seq., (the “Act”) governs the establishment and administration of development impact fees paid by new development projects for public facilities needed to serve new development. Fees must be separately accounted for and used for the specific purpose for which the fee was imposed. The City's adopted development impact fees are listed in this report. Expenditures are authorized annually through the City's Adopted Budget and the Capital Improvement Program, which is on file with the City Clerk's office and on the City's website.

ANNUAL DEVELOPMENT FEE REPORTING

The Act requires that the City prepare an annual review of all development impact fees as defined in the Act and make a public report on the fees available to the public after the end of each fiscal year. Government Code Section 66006(b)(2) requires the report to be placed on an agenda for review at a public meeting not less than 15 days after the report is made available to the public.

The City is also required to adopt by resolution certain findings for any fund accounts which contain unexpended funds as of the fifth fiscal year following the first deposit into those funds (Government Code Section 66001(d)).

The report is organized as follows:

In accordance with Government Code Section §66006(b), the City is required to make available on an annual basis, the following information regarding certain Development Fee funds for the fiscal year:

- A brief description of the type of fee in the account or fund.
- The amount of the fee.
- The beginning and ending balance of the account or fund.
- The amount of the fees collected and the interest earned.
- An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.
- An identification of an approximate date by which the construction of the public improvement will commence; if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement identified in the Capital Improvement Program, General Plan, a Specific Plan, or other public documents; and the public improvement remains incomplete.
- A description of each interfund transfer or loan made from the account or fund, if any, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan.
- The amount of refunds made pursuant to subdivision (e) of §66001 and any allocations pursuant to subdivision (f) of §66001.

The disclosure of the information to the public must be made within 180 days after the end of the fiscal year, and the City Council needs to review the disclosure statements not less than 15 days after the disclosure is made.

For the fiscal year ended June 30, 2021, no refunds were made pursuant to subdivision (e) of §66001 and there were no allocations pursuant to subdivision (f) of §66001.

This report was compiled based on the annual financial statements of the City as of June 30, 2021. It provides an opportunity for management and staff to evaluate what is available for the City's development, to plan what can be accomplished with the resources identified, and to inform the public of future projects.

Questions regarding the data in this report should be directed to the City's Finance Department at 14000 City Center Drive, Chino Hills, California 91709, via email at finance@chinohills.org or by phone at (909) 364-2640.

This report was submitted to City Council on November 29, 2021, and is organized as follows:

- Section 1.** A brief description of the type of fee in the account or fund and the amount of the fee (Government Code §66006(b)(1)(A)(B)).

(Government Code §66006(b)(1)(C) and (D) (G)).

^b The City authorized the execution of Cooperative Agreement #08-1682 with Caltrans (#401886) to contribute a fixed amount of \$340,000 toward funding capital construction of modifications for the SR-71 SB Off-ramp at Soquel Canyon Parkway project (#ST200012). The Mitigation Fee Fund paid \$218,096.75 and the Traffic Impact Fee Fund paid \$121,903.25. The Traffic Impact Fee Fund did not have sufficient cash on hand to pay, so the expense was moved to the General Fund and an advance between the General Fund and Mitigation Fee Fund was set up in FY 19/20. The project cost has been reclassified from the General Fund to the Traffic Impact Fee Fund to allow the City to fully utilize the impact fees that are set to be collected for project #ST200012.

^c The beginning fund balance is restated by \$2,844 due to the reclass of a Caltrans advance in the amount of \$119,059.25 from the Mitigation Fee Fund to the Traffic Impact Fee Fund.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 16

SUBJECT: SURPLUS PROPERTY

RECOMMENDATION:

Authorize CHP Enterprises doing business as (DBA) Ken Porter Auctions to auction City surplus vehicles and equipment that are currently obsolete with an estimated value of \$43,800.

BACKGROUND/ANALYSIS:

The Finance Department, acting as the Purchasing Agent, is responsible for the disposal of surplus property in compliance with the General Purchasing Policy and Procedures Manual, Section IX. Periodically, the Finance Department requests that all departments inventory their property and prepare a list of all surplus and obsolete items. "Surplus property" is used generically to describe City property, such as but not limited to: materials, supplies, equipment, and vehicles that are no longer needed or useable by the holding department (CHMC § 3.16.120). The City Council must authorize the disposition of surplus property valued over \$25,000 based upon recommendations from the departments. The vehicles and equipment shown on Attachment A have been identified as beyond economical repair and are no longer needed by the City.

Staff recommends utilizing CHP Enterprises DBA Ken Porter Auctions to surplus/auction the City's surplus properties listed on Attachment A. The City currently has a five year agreement with CHP Enterprises DBA Ken Porter Auctions for auctioning services.

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(4-5)).

FISCAL IMPACT:

The City receives the proceeds from the sale of items at auction, after vendor commission and repair costs are deducted from the sales price. Proceeds will be credited to the original funding source, and may increase the fund balance in that fund.

Respectfully Submitted,

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 17

SUBJECT: PLANS AND SPECIFICATIONS - 1,2,3-TRICHLOROPROPANE (TCP)
REMOVAL TREATMENT PLANT PROJECT

RECOMMENDATION:

1. Adopt a Resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS, APPROVING THE DESIGN AND PLANS FOR CONSTRUCTION OF THE 1,2,3-TRICHLOROPROPANE (1,2,3-TCP) REMOVAL TREATMENT PLANT PROJECT PURSUANT TO GOVERNMENT CODE SECTION § 830.6.
2. Authorize staff to solicit bids for construction.

BACKGROUND/ANALYSIS:

On March 9, 2021, the City Council approved a Professional Services Agreement with Hazen and Sawyer (Hazen) for the preparation of design plans and specifications for the 1,2,3-TCP project. The proposed project includes installation of a centralized granulated activated carbon (GAC) treatment facility adjacent to the existing Chino Hills Booster Station 9.

On June 22, 2021, Amendment No. 1 to the agreement was approved to incorporate the Booster Station 9 modifications to the existing pumps and motors and other necessary electrical and mechanical improvements associated to the overall system. The proposed GAC removal treatment plant will include the installation of ten (10) GAC treatment vessels for the removal of the 1,2,3-TCP from the City's groundwater supply prior to sending the domestic water for distribution. This treatment facility will address the maximum contaminant level (MCL) of 0.005 micrograms per liter (µg/l) for the 1,2,3-TCP established by the California State Water Resources Control Board (SWRCB) Division of Drinking Water (DDW). Since the new 1,2,3-TCP MCL became effective on December 14, 2017, the City's wells remain inactive and inoperable.

Pursuant to the requirements stipulated by the DDW, Hazen has completed and submitted the final design plans and specifications (bid documents) for the project. Staff is requesting approval of the plans and specifications for this project as well as authorization to advertise the project for construction.

As this project will require professional construction management and special inspection services, staff will issue a Request for Proposals (RFP) to solicit a qualified construction management firm to oversee construction and provide special inspection services for the project. Upon completion of the selection process, staff will return to the City Council to request approval of the Professional Services Agreement.

ENVIRONMENTAL (CEQA) REVIEW:

Pursuant to the California Environmental Quality Act (CEQA), an Initial Study/Mitigated Negative Declaration (IS/MND) was adopted by the City Council on March 9, 2021, with addendums adopted on May 25, 2021 and November 9, 2021. The IS/MND and subsequent addenda concluded that the project would have less than significant impacts on the environment relative to aesthetics, air quality, cultural resources geology and soils, greenhouse gas, land use and planning, noise transportation/traffic, and utilities and service systems. In addition, the approval of the Mitigated Negative Declaration (MND) for the proposed 1,2,3-TCP Project included the approval of the Mitigation Monitoring and Reporting Program (MMRP), which required mitigation measures identified in the IS/MND to be implemented as part of the overall project implementation (See attached MMRP).

FISCAL IMPACT:

The current Capital Improvement Program has \$5,000,000 budgeted for the 1,2,3-TCP Removal Treatment Plant project in the Water Utility Fund. However, current estimates for construction costs are significantly higher due to the recent increase in construction costs and other factors in the volatile Covid environment. There is no anticipated impact on the General Fund with this item.

REVIEWED BY OTHERS:

This item has been reviewed by the Community Development Director, the City Attorney, and the Finance Director.

Respectfully Submitted,

INITIAL STUDY / MITIGATED NEGATIVE DECLARATION ADDENDUM #2 SUMMARY

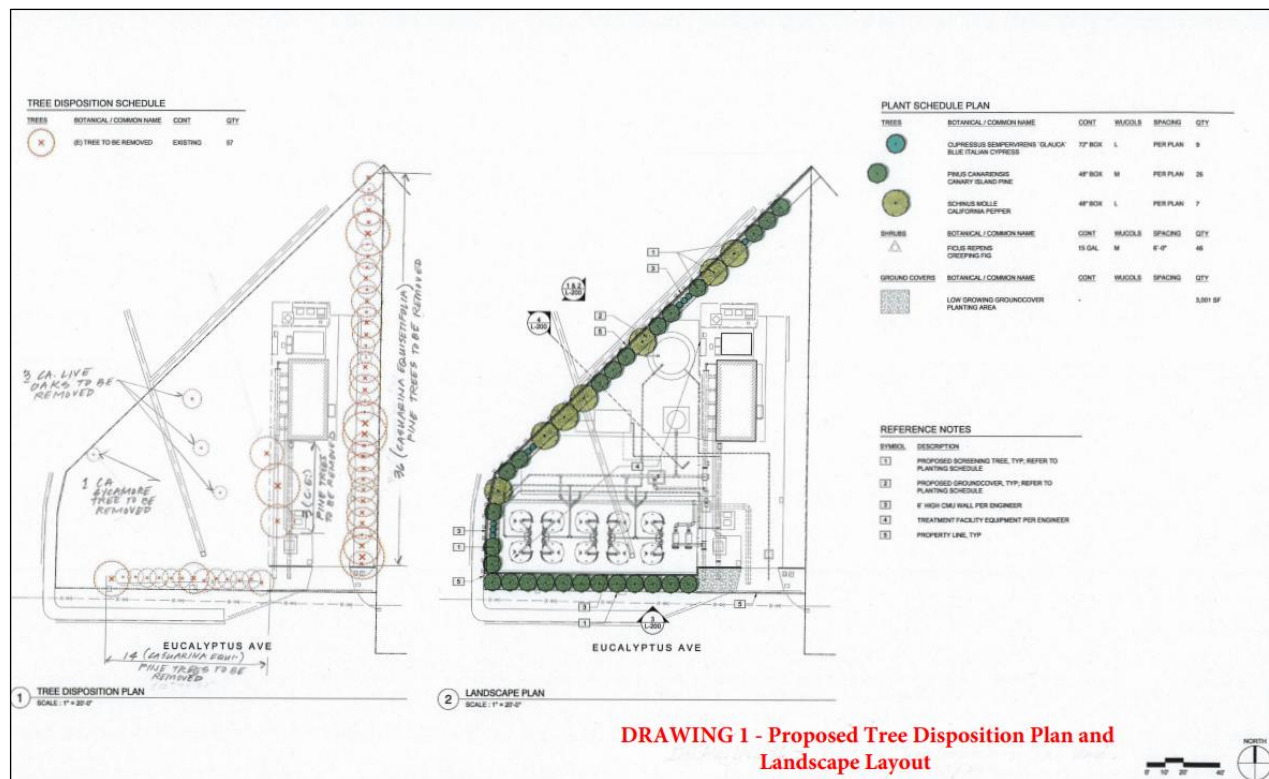

Background

On March 9, 2021, the City Council approved the Mitigated Negative Declaration (MND) for the proposed 1,2,3-TCP Removal Treatment Plant project (Project). The approval included the Mitigation Monitoring and Reporting Program (MMRP) which required mitigation measures identified in the Initial Study / Mitigated Negative Declaration (ISMND) to be implemented as part of the overall Project implementation.

An Addendum to the ISMND (ISMND Addendum #1) was approved by the City Council on May 25, 2021. Addendum #1 was prepared to correct information regarding the removal of three existing ~~three~~ California Live Oak (oak) trees on the Project site. The existing oak trees were identified during an arborist site survey in April 2021. During preparation of the basis of design report for the treatment plant, it was determined that the three oak trees, located in the central portion of the site, and up to ten pine trees, located along the eastern edge of the site, will need to be removed to improve access from Independence Court. The fourteen pine trees bordering Eucalyptus Avenue west of the access gate to Booster 9 station would remain to screen the site. Information presented in ISMND Addendum #1 demonstrated that the all the trees on the site, including the existing oak and pine trees to be removed, were exempt from the Chino Hills Municipal Code (CHMC) pursuant to CHMC 16.90.030. Consequently, there were no new impacts, and pursuant to CEQA Guidelines Section 15164, ISMND Addendum #1 was adopted.

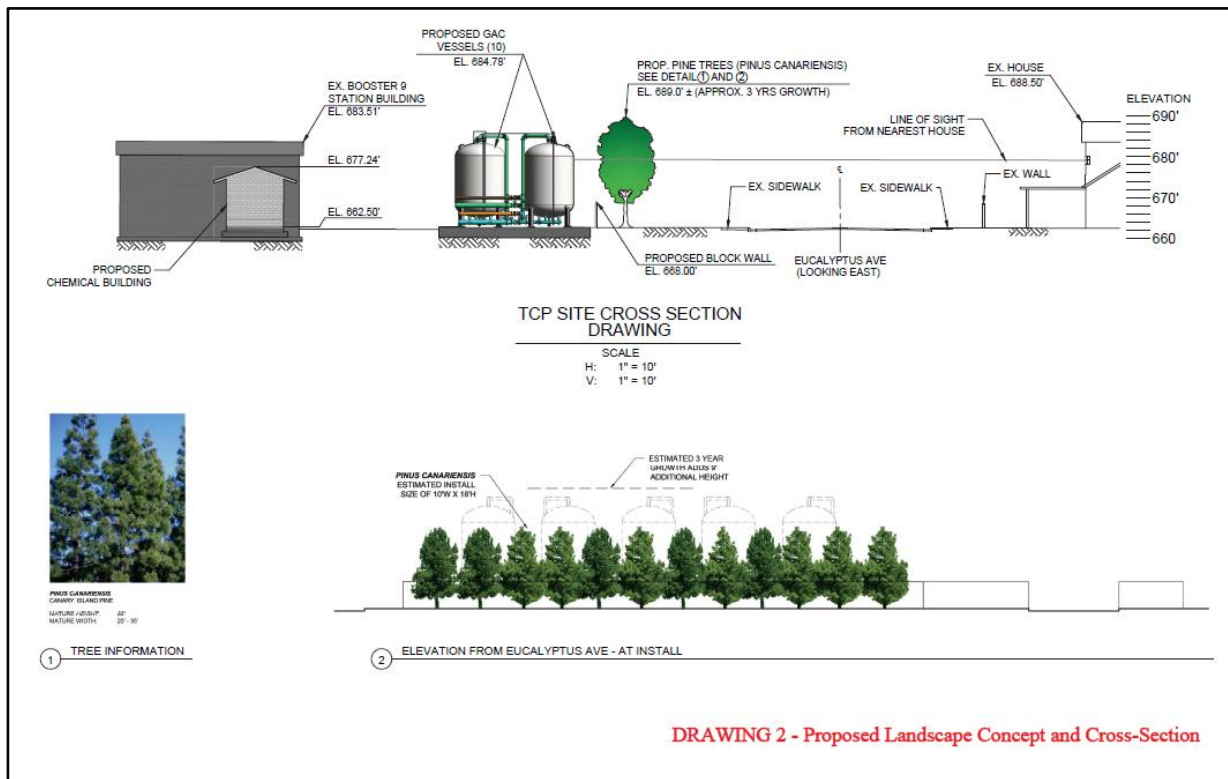

ISMND Addendum #2 – Project Description

ISMND Addendum #2 has been prepared to present and evaluate information regarding additional tree removal. In October 2021, during preparation of final engineering and grading plans for the treatment plant, the City Public Works Department determined that it would be necessary to remove additional trees, including a total of thirty-six pine trees along the eastern edge (twenty-six more than the ten pine trees that were reported in ISMND Amendment #1), three pine trees located in the central portion of the site, plus the fourteen pine trees located at the southern boundary of the Project site, adjacent to Eucalyptus Avenue. (Reference Addendum Figure 1, Proposed Tree Disposition Plan and Landscape Layout.)

ADDENDUM FIGURE 1: PROPOSED TREE DISPOSITION PLAN AND LANDSCAPE LAYOUT

As discussed previously in the ISMND Amendment #1, none of the trees on the site, including the trees to be removed, are protected trees pursuant to CHMC 16.90.030. However, the fourteen pine trees located at the southern boundary of the Project site, adjacent to Eucalyptus Avenue, would have provided screening of the 1,2,3-TCP Removal Treatment Plant (facility), reducing potential visual impacts to persons residing in the existing single-family houses on the south side of Eucalyptus Avenue, across from the facility. These pine trees are *Casuarina Equisetifolia* (commonly known as Australian Pine) with an existing height of approximately 36 feet. The Public Works Department will replace these trees with twelve *Pinus Canariensis* (commonly known as Canary Island Pine), which grow to a height of 27 feet in three years and 80 feet at full maturity. (Reference Addendum Figure 2, Proposed Landscape Concept and Cross-Section.) With the addition of the 6-foot high block wall to be built around the periphery of the Project site, the replacement trees will provide a visual barrier equal to or greater than the screening that would have been provided by the existing pine trees (Reference Addendum Figure 2). Consequently, removal and replacement of the fourteen pine trees along the southern boundary of the site will not result in new significant impacts or require additional mitigation.

ADDENDUM FIGURE 2: PROPOSED LANDSCAPE CONCEPT AND CROSS-SECTION.

ISMND Addendum #2 – Changes to the Document

ISMND Addendum #2 requires the following changes to the ISMND Amendment #1 document. Deleted text is shown with cross-out and added text is shown with underline.

Change #1. Section 2.9. Description of the Project:

Development of the Project will also require removal existing trees. After final engineering and grading plans for the treatment plant were drawn, it was determined that three oak trees and three pine trees located in the central portion of the site, thirty-six pine trees located along the eastern edge of the site, and fourteen pine trees located in the southern edge of the site will need to be removed to provide adequate room for the treatment equipment and access to the site from Eucalyptus Avenue. (Reference Addendum Figure 1.) The fourteen pine trees at the southern edge of the site along Eucalyptus Avenue are Casuarina Equisetifolia (commonly known as Australian Pine) with an existing height of approximately 36 feet. The Public Works Department will replace these trees with twelve Pinus Canariensis (commonly known as Canary Island Pine), which grow to a height of 27 feet in three years and 80 feet at full maturity. (Reference Addendum Figure 2, Proposed Landscape Concept.) ~~and up to ten pine trees will need to be removed to provide access to the site from Eucalyptus Avenue. The pine trees bordering Eucalyptus Avenue west of the access gate to Booster 9 station will remain to screen the site, but the three oak trees and up to ten pine trees to the east of the access gate will be removed.~~ As discussed in Section 6.1.b of this Initial Study, below, none of the trees to removed are protected trees pursuant to the CHMC 16.90.030.

Change #2. Section 2.9. Description of the Project:

As discussed above, the existing pine trees along the frontage of Eucalyptus Avenue will be removed and replaced with trees that will reach a height of about 27 feet within three years, and a mature height of up to 80 feet. ~~are expected to remain.~~

Change #3. Section 6.1.1.a. Would the Project have a substantial adverse effect on a scenic vista?:

Elevation of the project site is 651 feet, located 20 feet below the SR-71 and 10 feet below the nearest residential area located south across from Eucalyptus Avenue. northwest of the site. The facility will be screened from adjacent properties and Eucalyptus Avenue with a 6-foot high block wall. The existing pine trees along the frontage of Eucalyptus Avenue will be removed and the area will be replanted with trees that will screen the

facility within three years. As shown in Addendum Figure 2, the wall and replanted trees would provide a visual barrier for the single-family houses across the street. This visual barrier is expected to be equal to or greater than the screening that would have been provided by the existing pine trees. ~~pine trees along the frontage of Eucalyptus Avenue are expected to remain and would provide a visual barrier for the residential homes across the street.~~

Change #4. Section 6.1.1.c. In nonurbanized areas, substantially degrade the existing visual character or quality of public views of the site and its surroundings? (Public views are those that are experienced from publicly accessible vantage point). If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?:

As discussed above, the Project would be screened by a wall and replacement trees that will screen the facility within three years. ~~existing pine trees.~~

Change #5. Section 6.3.1.c. Would the project expose sensitive receptors to substantial pollutant concentrations?:

The Project would be surrounded by a 6-foot wall and replacement trees adjacent to Eucalyptus Avenue that will screen the facility within three years. ~~existing pine trees adjacent to the Eucalyptus Avenue would remain.~~

Change #6. Section 6.11.1.a. Would the Project physically divide an established community?:

As discussed above, the Project would be screened by a wall and replacement trees adjacent to Eucalyptus Avenue. ~~existing pine trees.~~

Change #7. Section 6.13.1.a. Would the Project generate a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?:

The Project would be surrounded by a 6-foot wall and replacement trees adjacent to Eucalyptus Avenue ~~existing pine trees adjacent to the Eucalyptus Avenue would remain.~~

As presented in the above changes, the removal and replacement of the fourteen Australian Pine trees with twelve Canary Island Pine trees along the southern boundary of the site will not result in new significant impacts or require additional mitigation. These minor text changes do not alter the findings or mitigation measures contained in the adopted ISMND Amendment #1 and MMRP. This finding is reflected in Section 5.0, Determination, of this Initial

Study.

ISMND Addendum #2 – Findings

This ISMND Addendum #2 has been prepared pursuant to CEQA Guidelines, Section 15164(b), which read as follows:

*15164. ADDENDUM TO AN EIR OR NEGATIVE DECLARATION (a) The lead agency or responsible agency shall prepare an addendum to a previously certified EIR if some changes or additions are necessary but none of the conditions described in Section 15162 calling for preparation of a subsequent EIR have occurred. (b) **An addendum to an adopted negative declaration may be prepared if only minor technical changes or additions are necessary or none of the conditions described in Section 15162 calling for the preparation of a subsequent EIR or negative declaration have occurred.** (c) An addendum need not be circulated for public review but can be included in or attached to the final EIR or adopted negative declaration. (d) The decision making body shall consider the addendum with the final EIR or adopted negative declaration prior to making a decision on the project. (e) A brief explanation of the decision not to prepare a subsequent EIR pursuant to Section 15162 should be included in an addendum to an EIR, the lead agency's findings on the project, or elsewhere in the record. The explanation must be supported by substantial evidence.*

These minor text changes are incorporated into the balance of this amended ISMND document, which supersedes both the original ISMND and ISMND Addendum #1.

ISMND EXECUTIVE SUMMARY

The Project is a 1,2,3-Trichloropropane (1,2,3-TCP) Removal Treatment Plant. It includes the installation of Granular Active Carbon (GAC) treatment vessels in a tandem series train for the removal of 1,2,3-TCP from the City's groundwater supply prior to sending the domestic water to distribution system. The GAC treatment system is designed to remove 1,2,3-TCP that is currently found in several City of Chino Hills wells at rates above the maximum containment level (MCL) set by the California State Water Resources Control Board adopted Resolution No. 2017-0042. The Project includes a conveyance of land to the City pursuant to Subdivision Map Act section 66426.5 to separate the site from Assessor Parcel No. 1022-591-02, which is currently owned by Boys Republic, and the City's purchase of that land from Boy Republic. The Project will also include a Zoning Map Amendment to change the zoning designation of the site from Private Institutional to Public Institutional.

This Initial Study considers the environmental impacts of installing and operating the 1,2,3-TCP Removal Treatment Plant, and finds that subject to mitigation measures related to biological resources and tribal cultural resources, the Project would have less than significant impacts.

1.0 INTRODUCTION

This document is an Initial Study/Mitigated Negative Declaration (ISMND) prepared in accordance with the California Environmental Quality Act (CEQA), including all criteria, standards, and procedures of CEQA (California Public Resource Code Section 21000 et seq.) and the CEQA Guidelines (California Code of Regulations, Title 14, Division 6, Chapter 3, Section 15000 et seq.).

1.1 INITIAL STUDY REQUIRED

Following preliminary review of the proposed 1,2,3-TCP Removal Treatment Plant, the City of Chino Hills (City) has determined that the Project is subject to the guidelines and regulations of the California Environmental Quality Act (CEQA). This Initial Study addresses the direct, indirect, and cumulative environmental effects associated with the Project, as proposed.

1.2 STATUTORY AUTHORITY

Consistent with the statutory authority of CEQA, the purpose of this Initial Study is to provide the Lead Agency (i.e. the City) with information to determine if the proposed Project would have a significant environmental impact. Specifically, this Initial Study will:

- Facilitate environmental assessment early in the design of the Project;
- Provide the City with information to use as the basis for deciding whether to prepare an Environmental Impact Report (EIR) or Negative Declaration;
- Enable the City to modify the Project, mitigating adverse impacts, thereby enabling the Project to qualify for a Negative Declaration or Mitigated Negative Declaration;
- Provide documentation of the factual basis for the findings in a Negative Declaration or Mitigated Negative Declaration that the Project will not have a significant effect on the environment.

The environmental documentation, which is ultimately selected by the City in accordance with CEQA, is intended as an informational document undertaken to provide an environmental basis for subsequent discretionary actions upon the Project. The resulting documentation is not, however, a policy document and its approval and/or certification neither presupposes nor mandates any

actions on the part of those agencies from whom permits and other discretionary approvals would be required.

The environmental documentation and supporting analysis is subject to a public review period. The proposed Project is not a project "of statewide, regional, or areawide significance" as prescribed in Section 15206 of the CEQA Guidelines because it does not meet the criteria for such projects. Furthermore, Project implementation does not require any action by a State Agency (i.e., "responsible" or "trustee" agency). Therefore, the document will not be submitted to the State Clearinghouse for review and the review period is determined to be 20 days in accordance with Section 15073 of the CEQA Guidelines. Following review of any comments received, the City will consider these comments as a part of the Project's environmental review and include them with the Initial Study documentation for consideration by the City in accordance with Section 15074(b) of the CEQA Guidelines.

1.3 INCORPORATION BY REFERENCE

The information contained in this document is based, in part, on the following documents that include the Project site or provide information addressing the general Project area or use:

- **City of Chino Hills General Plan (General Plan).** The General Plan, adopted by the City of Chino Hills on February 2015, provides the policy framework for how and where development will occur in the City through anticipated buildout.
- **Final Environmental Impact Report City of Chino Hills General Plan Update, State Clearinghouse # 22013051082 (General Plan EIR).** The General Plan EIR, adopted by the City of Chino Hills on February 2015, was prepared in support of the General Plan and in accordance with the California Environmental Quality Act (CEQA) as amended (Public Resources Code Section 21000 et seq.) and CEQA Guidelines (California Administrative Code Section 15000 et seq.).

2.8 BACKGROUND INFORMATION

The City of Chino Hills operates a public water system that is regulated by the State Water Resources Control Board (SWRCB) Division of Drinking Water (DDW). The City is one of eight members of the Inland Empire Utilities Agency (IEUA), a wholesale water agency which provides imported water purchased from the Metropolitan Water District of Southern California (MWDSC) to Chino Hills. The remainder of the water supply portfolio to Chino Hills is provided from

local groundwater wells and recycled water. Other agencies involved with the water supply to Chino Hills include the Water Facilities Authority, Monte Vista Water District (MVWD), and the Chino Basin Desalter Authority (CDA).²

The Chino Groundwater Basin is a major aquifer system in the Santa Ana River watershed. Chino Hills extracts groundwater from the Chino Groundwater Basin using its own wells that are located within the City of Chino, as shown on *Figure 4. Chino Hills Well Location Map*.

FIGURE 4: CHINO HILLS WELL LOCATION MAP

The operation of the Chino Groundwater Basin is governed by a 1978 court judgement which allots Chino Hills a maximum of 4,109 Acre-Feet per year (AFY) of groundwater. In 2015, Chino Hills wells produced 2,904 AFY. According to the 2015 Chino Hills Urban Water Management Plan, the City projects that its groundwater wells will supply approximately 3,600 AFY of potable water for years 2020 through 2035.

² City of Chino Hills Urban Water Management Plan 2015.

Chino Hills Drinking Water Permit Amendment 05-13-14PA-038

The most recent adopted Division of Drinking Water Permit Amendment for the Chino Hills water system was submitted to and approved by the Division of Drinking Water to amend the Domestic Water Supply Permit previously issued to the City on April 30, 1992. The purpose of the Permit Amendment was severalfold and included the following:

- Reestablish Well 5 as an active production well;
- Modify the Booster 9 Blending Plan to include water supplied by Well 5; and,
- Modify the Booster 9 Blending Plan to include nitrate blending requirements and Chino Basin Desalter Authority (CDA) water.

This Permit Amendment was approved under the conditions that the Booster 9 Blending Plan achieves arsenic levels below the Maximum Contaminant Level (MCL) of 0.010 milligrams per liter (mg/L), nitrate levels below 80 percent of the MCL (36 mg/L), and perchlorate levels below 80 percent of the MCL (0.0048 mg/L). Furthermore, the Permit Amendment required that the results of all laboratory analyses of blended effluence be reported to the Division of Drinking Water via Electronic Data Transfer (EDT).³

123-TCP Background Information

1,2,3-TCP is a man-made chemical that was an impurity in pesticides. 1,2,3-TCP is classified by the US Environmental Protection Agency (EPA) as “likely to be carcinogenic to humans”⁴, and is recognized by the State of California as a human carcinogen. TCP is a non-aqueous phase liquid known to have low soil adsorption⁵ characteristics and a density greater than water. Therefore, TCP will tend to evaporate from soil surfaces or leach from the soil into the underlying groundwater. Once in the groundwater, TCP will tend to sink to the bottom of the aquifer due to its density.⁶

On July 18, 2017, the California State Water Resources Control Board (State Water Board) adopted Resolution No. 2017-0042 which established a proposed MCL of 0.005 micrograms per liter (µg/L) for TCP. Prior to adoption of the new rule, the Association of California Water Agencies (ACWA) and the California-

³ 2014 State Water Resources Control Board Permit Amendment No. 05-13-14PA-038.

⁴ U.S. Environmental Protection Agency (EPA). 2014. “Technical Fact Sheet – 1,2,3-Trichloropropane (TCP) January 2014.”

⁵ Adsorption is the adhesion of atoms, ions or molecules from a gas, liquid or dissolved solid to a surface.

⁶ U.S. Environmental Protection Agency (EPA). 2017. “Technical Fact Sheet – 1,2,3-Trichloropropane (TCP) November 2017.”

Nevada Section of the American Water Works Association (CA-NV AWWA) issued a joint letter on behalf of their respective member agencies and utilities to the State Water Boards in support of the proposed 1,2,3-TCP MCL Regulations but also expressing concern that the “regulations fail to include a sufficient time period for public water systems to implement measures to comply with new MCL without being in violation.”⁷ The State Water Board also received testimony from various agencies requesting that the proposed TCP MCL include a compliance period to allow agencies sufficient time for Project development, regulatory permitting, and implementation. However, the State Water Board approved adoption of the new 1,2,3-TCP MCL Regulation without inclusion of the requested compliance period.⁸ The new 1,2,3-TCP MCL became effective on December 14, 2017 upon filing completion of the Adopted Resolution by the California Office of Administrative Law (OAL).

TCP in Chino Hills Wells

Four (4) existing City groundwater wells are known to contain TCP at levels that exceed the new MCL of 0.005 µg/L. These wells include Well 1A (0.056 to 0.058 µg/L), Well 7A (0.011 µg/L), Well 7B (0.011 to 0.015 µg/L), and Well 17 (0.019 µg/L). Wells 1A, 7A, 7B, and 17 are included in the updated Booster 9 Blend Plan (Permit Amendment No. 05-13-14PA-038) which includes additional source water from reactivated Well 5 and Chino Desalter Water. These water sources are combined in a dedicated transmission main upstream of Booster 9 and then boosted (via Booster 9) to the Intermediate Pressure Zone, which provides water to large areas of Chino Hills, connecting to the High Pressure Zone generally in the hillside areas and the Low Pressure Zone generally in the downstream eastern portions of the City. Through these connections, Booster 9 supplies domestic water to the entire City.

The current Booster 9 Blend Plan reduces Arsenic from affected wells to below its MCL and reduces Nitrate and Perchlorate to below 80- percent of their respective MCLs. However, due to the very low 1,2,3-TCP MCL, blending water sources without providing treatment cannot be considered as an option suitable to reliably and consistently reduce TCP below the new MCL.

2.9 DESCRIPTION OF THE PROJECT

To determine the best technology for removing 1,2,3-TCP, the City of Chino Hills obtained a *Preliminary Design Technical Memorandum for the Chino Hills 123-TCP Removal Project*, dated January 17, 2019.⁹ According to this memorandum, the current best available technology (BAT) for removing 1,2,3-TCP from groundwater is granular activated carbon (GAC) treatment, with centralized treatment at the Booster #9 pump station. This determination regarding GAC as the BAT is consistent with the State Water Board Administrative Manual, which also states that the carbon regeneration process of the GAC is assumed non-hazardous.¹⁰

The proposed 1,2,3-TCP Removal Treatment Plant will include installation of eight (8) GAC treatment vessels in a tandem series train for the removal of 1,2,3-TCP from the City's groundwater supply prior to sending the domestic water to Booster #9. As shown in *Figure 5, Preliminary Design – Facility Plan*, the centralized GAC treatment system will connect directly to intercept 100-percent of the flow at either the suction or discharge line at Booster #9. The GAC treatment system will be manually operated with all controls located on-site adjacent to Booster #9 pump station. Due to the treatment system's centralized connection, full treatment would be available for all City of Chino Hills wells that connect to Booster #9.

Each treatment vessel will contain granular active carbon filtration media estimated to weigh approximately 20,000 pounds (lbs.), and the treatment plants would have a maximum ultimate capacity of about 4,734 gallons per minute (gpm) or 6.8 million gallons per day (MGD).

The GAC media will require periodic replacement. Depending on the efficiencies and media exhaustion rates between each vessels, the GAC filters needing replacement may be scheduled at separate time intervals, generally on an annual basis, depending on the volume of water pumped through the facility, the concentrations of 1,2,3-TCP and the operations plan ultimately approved by the State. Per Calgon Carbon Corporation (manufacturer/supplier of GAC), the standard operation procedures for GAC replacement requires a truck with an 80-foot hose and an access to the filtration vessels to recover the spent GAC and replace it with new GAC. The spent GAC filtration media will be removed, hauled, and disposed off-site by the supplier. Disposal of the spent media is regulated by the State Water Board in compliance with the California Hazardous

Control law. State Water Board has determined that the concentration of 1,2,3-TCP that would be present in the spent filters would be very low, and, therefore, would not require special disposal.¹¹ The GAC supplier responsible for the spent media disposal is required by California Hazardous Control law to follow State Water Board regulations.

Once the GAC media is changed, the system requires initial washing off (for a period of typically 40 minutes) to remove any fine particles from the new media. The waste streams will then need to be discharged directly to either a wastewater storage tank (temporary or permanent) that would need to be emptied (i.e., hauled offsite) during media change out operations, and/or to be discharged directly to the City's storm drain or sewer system. At this time, City Engineering staff expects that direct discharge disposal via underground piping and valving connection to the existing storm drain or sewer system is considered a preferred option. This option would require a direct connection to the adjacent public storm drain or sewer line on Eucalyptus Avenue. Disposal into the sewer system would require compliance with the National Pollution Discharge Elimination System (NPDES) permit requirements. A final decision regarding the disposition of GAC media waste streams will be made to the City following completion of final engineering for the 1,2,3-TCP Removal Treatment Plant (i.e., permanent storage tank on-site or direct discharge to storm drain or sewer system) based on cost, operations, and permitting.

Development of the Project will also require removal existing trees. After final engineering and grading plans for the treatment plant were drawn, it was determined that three oak trees and three pine trees located in the central portion of the site, thirty-six pine trees located along the eastern edge of the site, and fourteen pine trees located in the southern edge of the site will need to be removed to provide adequate room for the treatment equipment and access to the site from Eucalyptus Avenue. (Reference Addendum Figure 1.) The fourteen pine trees at the southern edge of the site along Eucalyptus Avenue are *Casuarina Equisetifolia* (commonly known as Australian Pine) with an existing height of approximately 36 feet. The Public Works Department will replace these trees with twelve *Pinus Canariensis* (commonly known as Canary Island Pine), which grow to a height of 27 feet in three years and 80 feet at full maturity. (Reference Addendum Figure 2, Proposed Landscape Concept.)

Box 100, Sacramento, CA 95812-0100; available at City of Chino Hills Public Works Department.

FIGURE 5: PRELIMINARY DESIGN – FACILITY PLAN

Installation of the facility will require clearing of the site, and grading to create a flat pad. An approximately 54' by 27' concrete slab will be laid on the site and the GAC treatment vessels will be installed on the slab. Each of the GAC treatment vessels will be approximately 21'9" in height, as shown in *Figure 6, Preliminary Design – Elevations*. An access driveway to the site would be located at its southern edge from Eucalyptus Avenue. The site would be secured with a 6-foot high block wall around the perimeter of the facility including an egress/ingress sliding access gate. As discussed above, the existing pine trees along the frontage of Eucalyptus Avenue will be removed and replaced with trees that will reach a height of about 27 feet within three years, and a mature height of up to 80 feet. Lighting for the Project is expected to include LED exterior lights that will be directed away from adjacent properties and Eucalyptus Avenue.

FIGURE 6: PRELIMINARY DESIGN –ELEVATIONS

Other than the option to direct discharge disposal of GAC media waste streams via underground piping and valving connection to the existing storm drain or sewer system during maintenance, as discussed above, the proposed 1,2,3-TCP Removal Treatment Plant does not require substructure utility lines or connections, although there is an existing storm drain drop inlet (drainage grate) located on the south side of the Project site which connects to a drainpipe off-site at Eucalyptus Avenue. Operation of the treatment plant would require two (2) City staff persons who would intermittently attend the facility

each day (Monday-Sunday). Maintenance for the treatment plant would include periodic replacement of granular activated carbon for each treatment vessel generally on an annual basis, depending on the volume of water pumped through the facility, the concentrations of 1,2,3-TCP and the operations plan ultimately approved by the State.

Project Entitlements and Other Public Agencies Whose Approval is Required

The Project will require purchase of the site from Boys Republic. This action is expected to be completed in early 2021. Entitlement of the Project will require approval of this Initial Study/Mitigated Negative Declaration by the City of Chino Hills City Council, acting as lead agency. The Project includes a conveyance of land to a governmental agency pursuant to Subdivision Map Act section 66426.5 to separate the site from Assessor Parcel No. 1022-591-02. The Project will also include a Zoning Map Amendment to change the zoning designation of the site from Private Institutional to Public Institutional.

This Project and re-activation of all City groundwater wells will trigger and require amendment to the City's existing drinking water permit from the State Water Resources Control Board –Division of Drinking Water (DDW) Process Memo 97-005 process.

3.0 EXISTING SETTING

3.1 PROJECT SITE

To evaluate the existing condition of the Project site, the City of Chino Hills obtained a Phase I Environmental Site Assessment of the Project site, dated November 11, 2019 (Phase 1 ESA).¹² According to the Phase I ESA, the Project site has historically been owned by Boys Republic and was vacant land with grain and hay dry farming activities. In 2003, the site became a landscape area associated with the Boys Republic Transitional facility, which has several small residential buildings and a community building along with parking and recreation facilities. In its current condition, the Project site is covered by turf and dirt and has scattered trees and vegetation. A barbed wire fence is located at the south property line. (Reference *Figures 7 – 14, Photos 1-7*, which show existing and adjacent Project site conditions.)

The Phase I ESA revealed no evidence of recognized environmental conditions (RECs), historical recognized environmental conditions (HRECs), and/or controlled recognized environmental conditions (CRECs) indicative of releases or threatened releases of hazardous substances on, at, in, or to the Project site.

3.2 SURROUNDING AREAS

As noted above, the Project site is within the Boys Republic property, directly southeast of the Boys Republic Transitional facility, within an associated landscape area. The site is bordered on the west by Independence Court, a private road. To the north is a travel trailer and asphalt parking lot with basketball hoops, all of which are part of the Boys Republic Transitional facility. As shown in *Figure 15, Aerial of Site and Adjacent Properties*, a concrete ribbon gutter carries parking lot runoff to Independence Court. Immediately, east of the site is the City of Chino Hills Booster #9 pump station to which the proposed 1,2,3-TCP Removal Treatment Facility will connect. A telecommunications tower is located at Booster #9.

Further to the east is a Chino Valley Fire District property, which was formerly a fire station and is currently vacant and not in use. As shown in *Figure 3, Aerial of the Site*, further east are Chino Creek and then State Route (SR) 71.

3.3 CUMULATIVE PROJECTS

This Project is intended to remove 1,2,3-TCP from the City wells and to bring them back into service. In the interim, the City has increased its reliance on imported water to make up for the nonavailability of groundwater sources. Restoring the wells to service is a corrective action; it will not increase water demand or capacity. Although there are a number of private development projects and other public infrastructure projects in progress or in planning stages within the City, the 1,2,3-TCP Removal Project will not affect or be affected by these projects. Consequently, cumulative projects and cumulative impacts are not applicable to the Project and are not discussed further within this Initial Study.

HAVE CALIFORNIA NATIVE AMERICAN TRIBES TRADITIONALLY AND CULTURALLY AFFILIATED WITH THE PROJECT AREA REQUESTED CONSULTATION PURSUANT TO PUBLIC RESOURCES CODE SECTION 21080.3.1? IF SO, HAS CONSULTATION BEGUN?

Yes. Two Native American tribes have previously contacted the City requesting notification pursuant to California Environmental Quality Act (CEQA) Public Resources Code section 21080.3, subd. (b); California Assembly Bill 52. These two tribes are the Gabrieleno Band of Mission Indians/Kizh Nation and the Soboba Band of Luiseno Indians. Letters were sent to representatives of these two tribes on November 30, 2020, tribes inviting both to request formal consultation (attached in Appendix A). This consultation process was completed as of January 4, 2021.

In addition, the City also contacted the Native American Heritage Commission (NAHC) requesting a Sacred Lands File check. In correspondence dated December 28, 2021, the NAHC provided the results of a Sacred Lands File check which was positive for potential Native American resources, and suggested that the City contact the Gabrieleno/Tongva San Gabriel Band of Mission Indians. (Reference Appendix B.) The City subsequently contacted the Gabrieleno/Tongva San Gabriel Band of Mission Indians representative on January 5, 2021 (Reference Appendix C.)

The consultation process and potential Project impacts to Tribal Resources are discussed in Section 18 of this Initial Study.

Note: Conducting consultation early in the CEQA process allows tribal governments, lead agencies, and project proponents to discuss the level of environmental review, identify and address potential adverse impacts to tribal cultural resources, and reduce the potential for delay and conflict in the environmental review process. (See Public Resources Code section 21080.3.2.) Information may also be available from the California Native American Heritage Commission's Sacred Lands File per Public Resources Code section 5097.96 and the California Historical Resources Information System administered by the California Office of Historic Preservation. Please also note that Public Resources Code section 21082.3(c) contains provisions specific to confidentiality.

6.0 ANALYSIS OF ENVIRONMENTAL IMPACTS

The following section the environmental topics contained in the Initial Study, Appendix G of the CEQA Guidelines. For each environmental topic, the thresholds of significance are presented and the finding relative to each threshold is checked. An analysis supporting each finding is then presented along with an assessment of cumulative impacts and applicable mitigation require

6.1 AESTHETICS

	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
AESTHETICS. Except as provided in Public Resources Code Section 21099, would the project:				
a) Have a substantial adverse effect on a scenic vista?			X	
b) Substantially damage scenic resources, including but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?				X
c) In nonurbanized areas, substantially degrade the existing visual character or quality of public views of the site and its surroundings? (Public views are those that are experienced from publicly accessible vantage point). If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?				X
d) Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?				X

6.1.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

a) Would the Project have a substantial adverse effect on a scenic vista?

LESS THAN SIGNIFICANT IMPACT: Important visual resources in Chino Hills are defined in Title 16, Chapter 8 of the Chino Hills Municipal Code (CHMC). In particular, CHMC 16.08 is designed to protect public views from designated transportation corridors of “exceptionally prominent ridgelines,” which “provide the City with its distinct image and serve as the City's most recognizable skyline backdrop” (Chino Hills, 2015a). As described in CHMC 16.08.03A, Exceptionally Prominent Ridgelines, by virtue of their scale, mass, and visual presence form

the limits of the most exceptional viewsheds of the City, and are typically four hundred (400) feet above their associated primary view point(s).

Views of Prominent Ridgelines are also protected. As described in CHMC 16.08.03B, Prominent Ridgelines form the limits of significant viewsheds and provide a natural backdrop when viewed from primary view point(s). Although they vary considerably in scale, width, scope, length, alignment, accessibility, and relationship to adjacent land uses, they are typically two hundred (200) feet above their associated primary view point(s). The designated ridgelines are located in the northern, western and southern portions of Chino Hills. The Project site is flat and located in the eastern portion of Chino Hills immediately west of the SR71.

Elevation of the Project site is 651 feet, located 20 feet below the SR-71 and 10 feet below the nearest residential area located south across from Eucalyptus Avenue. The facility will be screened from adjacent properties and Eucalyptus Avenue with a 6-foot high block wall. The existing pine trees along the frontage of Eucalyptus Avenue will be removed and the area will be replanted with Canary Island Pine trees that will screen the facility within three years. As shown in Addendum Figure 2, the wall and replanted trees would provide a visual barrier for the single family houses across the street. This visual barrier is expected to be equal to or greater than the screening that would have been provided by the existing pine trees.

Lighting source for the facility is expected to be LED lights directed internal to the site. Development and operation of the Project would not disrupt views of City designated ridgelines from nearby properties or roadways. Therefore, the proposed Project would have a less than significant impact on scenic vistas.

b) Would the Project substantially damage scenic resources, including but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?

NO IMPACT: There are no structures or rock outcroppings on the site. A row of pine trees border the property and a few scattered trees, including three young California Live Oak, are located within the existing landscaped area of Boys Republic. CHMC 16.90 identifies protected trees including:

- Native trees on undeveloped private property, and on privately owned developed property located within the City adopted Fire Hazard Overlay District map (Fire Hazard Overlay). Native trees include California Sycamore, California Live Oak, California Black Walnut and Coastal Scrub Oak with a four-inch in diameter or greater at DBH (diameter at breast height defined as four feet six inches above the finish grade).

- Heritage trees that are located within privately owned undeveloped properties as defined below. Heritage trees include any species of single- or multi-trunk tree having a cumulative diameter of forty-four (44) inches or greater at DBH, and of significant age, health and quality to be deemed valuable to the aesthetics of the community by a City-approved certified arborist. Excluded from the "Heritage Tree" designation are invasive trees as defined by the California Invasive Plant Council, and trees susceptible to breaking or falling such as the Eucalyptus Blue Gum and/or other tree species identified by a City-approved certified arborist.

Pursuant to the CHMC 16.90.030.A, "protected trees located on privately owned developed properties not located within the Fire Hazard Overlay" are exempt from the ordinance. The three existing California Live Oak trees are on privately developed property not within the Fire Hazard Overlay, and therefore, are exempt from the tree protection ordinance. Neither the pine trees nor other non-oak scattered trees on the site meet the City definition of protected tree.

To the east of the site at the former fire station is a California Historical Landmark plaque noting the Battle of Chino, a skirmish of the Mexican-American War that occurred on September 26–27, 1846. During the skirmish 24 Americans hid in the adobe house of Rancho Santa Ana del Chino, which was generally located at the former fire station site. The Project would not affect the former fire station or historic marker. There are no state scenic highways in the City or in the vicinity of the Project site. Therefore, the proposed Project would not have a significant impact on scenic resources.

- c) In nonurbanized areas, substantially degrade the existing visual character or quality of public views of the site and its surroundings? (Public views are those that are experienced from publicly accessible vantage point). If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?

LESS THAN SIGNIFICANT IMPACT: Surrounding uses include the parking area of the Boys Republic Transitional facility, a private road, City Booster #9 pump station, a telecommunications tower, and the former fire station. South of the subject site is Eucalyptus Avenue followed by single family residences. As discussed above, the Project would be screened by a wall and replacement trees that will screen the facility within three years. It would not conflict with City regulations regarding scenic vistas or protected trees. Therefore, the Project would not have a significant adverse impact to the site or surroundings.

- d) Would the Project create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?

NO IMPACT: Lighting for the Project is expected to include LED exterior lights that will be directed away from adjacent properties and Eucalyptus Avenue. Therefore, the Project would not create a new source of substantial light or glare which would adversely affect day or nighttime views in the area.

6.1.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding aesthetics. Consequently, no mitigation is required.

6.2 AGRICULTURE AND FOREST SERVICES

AGRICULTURAL/FOREST RESOURCES. In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Dept. of Conservation as an optional model to use in assessing impacts on agriculture and farmland. In determining whether impacts to forest resources, including timberland, are significant environmental effects, lead agencies may refer to information compiled by the California Department of Forestry and Fire Protection regarding the state's inventory of forest land, including the Forest and Range Assessment Project and the Forest Legacy Assessment project; and forest carbon measurement methodology provided in Forest Protocols adopted by the California Air Resources Board. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?				X
b) Conflict with existing zoning for agricultural use, or a Williamson Act contract?				X
c) Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code Section 12220(g)) or timberland (as defined in Public Resources Code Section 4526)				X
d) Result in loss of forest land or conversion of forest land to non-forest use?				X
e) Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use or conversion of forest land to non-forest use?				X

6.2.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance?

NO IMPACT: The State of California's Important Farmland Finder identifies the Project site as "Urban and Built-up Land", which is land occupied by a building density of at least 1 unit per 1.5 acres, and includes residential, institutional,

commercial and industrial uses. (DLRP Important Farmland Finder (ca.gov); accessed 12/18/2020.) The Boys Republic property, on which the Project site is located, has agricultural operations associated with the vocational and work experience program. However, the Project site is located within a developed portion of the Boys Republic property that contains several small residential buildings, a community building along with parking and recreation facilities. The Project would not affect the agricultural operations at Boys Republic. Therefore, the Project would not convert farmland to a non-agricultural use.

- b) Would the project conflict with existing zoning for agricultural use, or a Williamson Act contract?

NO IMPACT: The Project site is within the Boys Republic property and zoned Private Institutional. As discussed above, although the Boys Republic has agricultural operations associated with the vocational and work experience program, the Project site is located on developed portions of the property and would not impact agricultural operations. There are no current Williamson Act contracts in the City. Therefore, the Project would not conflict with existing zoning for agricultural use or a Williamson Act contract.

- c) Would the project conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code Section 12220(g)), timberland (as defined by Public Resources Code Section 4526)?

NO IMPACT: The Project site is within the Boys Republic property and zoned Private Institutional. There is no forest land or forest land zoning or Timberland Production area in the City. Therefore, the Project would not conflict with forest land or Timberland zoning.

- d) Would the project result in the loss of forest land or conversion of forest land to non-forest use?

NO IMPACT: As discussed above, there is no forest land in the City. Therefore, the Project would not result in the loss of forest land.

- e) Would the project involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use?

NO IMPACT: The Project site is located within a developed portion of the Boys Republic property that contains several small residential buildings, a community building along with parking and recreation facilities. As discussed above, although the Boys Republic has agricultural operations associated with the vocational and work experience program, the Project site is located on developed portions of the property and would not impact agricultural operations. Surrounding land uses are urban in nature, including commercial, institutional

and residential. Therefore, the Project would not result in the conversion of Farmland to a non-agriculture use.

6.2.2 MITIGATION MEASURES

The analysis indicated that the implementation of the proposed Project would not result in any significant impacts on agriculture and or forest resources. As a result, no mitigation is required.

6.3 AIR QUALITY

AIR QUALITY. Where available, the significance criteria established by the applicable air quality management district or air pollution control district may be relied upon to make the following determinations. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Conflict with or obstruct implementation of the applicable air quality plan?				X
b) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard?			X	
c) Expose sensitive receptors to substantial pollutant concentrations?			X	
d) Result in other emissions (such as those leading to odors) adversely affecting a substantial number of people?			X	

6.3.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

a) Conflict with or obstruct implementation of the applicable air quality plan?

NO IMPACT: The Project site is located within the South Coast Air Basin ("Basin"). The Basin encompasses approximately 6,745 square miles and includes Orange County and the non-desert portions of Los Angeles, Riverside, and San Bernardino counties. The South Coast Air Quality Management District (SCAQMD) works directly with the Southern California Association of Governments (SCAG), county transportation commissions, local governments, and state and federal agencies to reduce emissions from stationary, mobile, and indirect sources to meet state and federal ambient air quality standards.

The SCAQMD has adopted a series of Air Quality Management Plans (AQMPs) to reduce air emissions in the Basin. The most recent adopted AQMP is the 2016 AQMP (SCAQMD 2016), which was adopted by the SCAQMD governing board on March 3, 2017. According to the 2016 AQMP, the most significant air quality challenge in the Basin is to reduce nitrogen oxide (NOx) emissions sufficiently to meet the upcoming ozone standard deadlines. The 2016 AQMP suggests that total SCAB emissions of NOx must be reduced to approximately 141 tons per day (tpd) in 2023 and 96 tpd in 2031 to attain the 8-hour ozone standards. This

represents an additional 45 percent reduction in NO_x in 2023, and an additional 55 percent NO_x reduction beyond 2031 levels. To achieve these goals, the 2016 AQMP establishes strategies toward reducing both stationary and mobile air pollutant emissions associated with expected regional growth.

Both stationary and mobile source emissions associated with the Project are expected to be minimal. Construction of the site will require clearing and grading to create a flat pad. An approximately 54' by 27' concrete slab will be laid on the site and the GAC treatment vessels will be installed on the slab. Construction is expected to be approximately 30 days, with only 1-3 days for site clearing and grading. Because of the limited ground disturbance, minimal use of construction equipment and short duration, Project construction air pollutant emissions are expected to be nominal. Operation of the treatment plant would require two (2) City staff persons intermittently attending to the facility each day (Monday-Sunday). Maintenance for the treatment plant would include replacement of granular activated carbon for each treatment vessel on generally an annual basis, depending on the volume of water pumped through the facility, the concentrations of 1,2,3-TCP and the operations plan ultimately approved by the State. Minimal air pollutant emissions are associated with operation of the facility, as the Project would generate minimal vehicle trips, approximately 2-4 per day. With minimal vehicle trips and absence of air pollutant emissions, Project operational air pollutant emissions are expected to be nominal. Consequently, the Project will not significantly contribute to stationary or mobile air pollutant emissions.

Restoring the wells to service is a corrective action; it will not increase water demand or capacity. It will not increase growth beyond that assessed in the 2016 AQMP. Therefore, the Project would not conflict with or obstruct implementation of the AQMP.

- b) Would the project result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard?

LESS THAN SIGNIFICANT IMPACT: As discussed above, the Project would not emit significant air pollutants and would not conflict with the AQMP. The proposed water treatment facility is a corrective operation expected to restore wells to service. It would not induce growth or have identified cumulative impacts. In accordance with SCAQMD methodology, projects that do not have significant levels of air pollutant emissions do not add significantly to a cumulative impact. Neither the construction nor the operation of the Project would exceed the applicable federal or state ambient air quality standards, and impacts would be less than significant.

- c) Would the project expose sensitive receptors to substantial pollutant concentrations?

LESS THAN SIGNIFICANT IMPACT: Sensitive receptors in the vicinity of the proposed treatment facility include residents of the Boys Republic Transitional facility, located approximately 190-270 feet northwest of the Project site; and the residents across Eucalyptus avenue, approximately 70 feet south of the site. The Project would be surrounded by a 6-foot wall and replacement trees adjacent to Eucalyptus Avenue that will screen the facility within three years. As discussed above, neither construction nor operation of the Project is expected to generate substantial air pollutants. Therefore, Project impacts relative to exposure of sensitive receptors to substantial pollutant concentrations would be less than significant.

- d) Result in other emissions (such as those leading to odors) adversely affecting a substantial number of people?

LESS THAN SIGNIFICANT IMPACT: No odors are associated with the proposed water treatment facility. Construction of the site would require limited grading, pouring of a concrete slab and installation of the GAC treatment vessels. Air pollutant emissions and associated odors from Project construction would be nominal. Therefore, the Project would not create odors or other emissions that would substantially affect a substantial number of people, and Project impacts would be less than significant.

6.3.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding air quality. Consequently, no mitigation is required.

6.4 BIOLOGICAL RESOURCES

BIOLOGICAL RESOURCES. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Have a substantial adverse effect, either directly or through habitat modification, on any species identified as candidate, sensitive or special status species in local or regional plans, policies or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife?		X		
b) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife?				X
c) Have a substantial adverse effect on federally protected wetlands as defined by Boulevard 404 of the Clean Water Act (including but not limited to marsh, vernal pool, coastal, etc.) through direct removal, filling hydrological interruption, or other means?				X
d) Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?		X		
e) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?				X
f) Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Conservancy Conservation Plan, or other approved local, regional, or state habitat conservation plan?				X

6.4.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project adversely impact either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?

LESS THAN SIGNIFICANT WITH MITIGATION INCORPORATED: The Project site is surrounded by urban uses and has been previously graded. Existing condition of the site is Project turf, dirt, scattered trees and vegetation. Because of its developed condition, the site is not suitable for special status plant species. The site does not contain native habitats (such as chaparral, coastal sage scrub or riparian) typically associated with species that are listed or protected by California Department of Fish and Wildlife or U.S. Fish and Wildlife Service.

However, the existing trees and other shrubs on the Project site could provide nesting habitat for birds, some of which may be sensitive. Migratory birds are protected under the federal Migratory Bird Treaty Act (MBTA) and under Section 3513 et. seq. of the CDFW Code. The Project site is otherwise fully covered by buildings and paving, with no evidence of dirt for burrows or rodent populations to support burrowing owls.

The nesting season for birds in the region occurs between January 1st to September 15th (which accommodates the nesting period for passerine birds and raptors). Because there is some possibility that a bird could nest in the existing tree or shrubs on the Project site, Mitigation Measure BIO-1, below, is added to the Project. With inclusion of this measure, potential impacts relative to a substantial adverse effect, either directly or through habitat modifications, on a sensitive species would be reduced to less than significant levels.

- b) Would the Project have a substantial impact on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?

NO IMPACT: As noted above, the Project site is disturbed and developed with turf, scattered vegetation and trees. Surrounding areas are fully urbanized, including the Boys Republic Transitional facility, a booster pump station, a former fire station, residential and roads. No riparian habitat or other sensitive natural community are known to occur on the site or surrounding area. Consequently, Project implementation would not result in significant adverse impacts to riparian or other sensitive natural community

- c) Would the Project have a substantial impact on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited

to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?

NO IMPACT: Wetlands are defined under the federal Clean Water Act as land that is flooded or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that normally does support, a prevalence of vegetation adapted to life in saturated soils. Wetlands include areas such as swamps, marshes, streams, lakes, and bogs. According to the USFWS National Wetlands Mapper¹³, there are no wetlands within the vicinity of the Project site. Chino Creek, which is located approximately 180 feet east of the Project site, is concrete sided and does not support wetland conditions. The Project site and its surrounding area are fully developed and do not contain riparian habitat or non-channelized water courses. Therefore, the Project would not cause a substantial adverse effect on federally protected wetlands.

d) Would the Project interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory life corridors, or impede the use of native wildlife nursery sites?

LESS THAN SIGNIFICANT WITH MITIGATION INCORPORATED: As discussed above, the Project site is surrounded by urban land uses and does not contain identified native or sensitive species, riparian or sensitive habitats or wetlands. There are a number of non-native trees on the site which could provide nesting habitat for birds. To ensure nesting birds are protected, Mitigation Measure BIO-1, below, is added to the Project. With inclusion of this measure, potential impacts relative to a substantial adverse effect, either directly or through habitat modifications, on a sensitive species would be reduced to less than significant levels.

e) Would the Project conflict with any local policies or ordinances, protecting biological resources, such as a tree preservation policy or ordinance?

NO IMPACT: The Chino Hills General Plan Conservation Element contains policies to preserve and protect Chino Hills' biological resources including wildlife corridors, sensitive, rare, or endangered species, oak woodlands, chaparral, riparian habitats, freshwater marshes, and native and heritage trees. As discussed above, none of these resources are identified on the Project site. As discussed in Section 6.1.b of this Initial Study, CHMC 16.90 identifies protected trees, none of which occur on the Project site. Consequently, the Project would not conflict with a policy that protects biological resources such as a tree preservation policy.

¹³ <http://www.fws.gov/wetlands/data/mapper.HTML>; accessed December 18, 2020.

- f) Would the Project conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or State habitat conservation plan?

NO IMPACT: As discussed above, the Chino Hills General Plan Conservation Element contains policies to preserve and protect Chino Hills' biological resources including wildlife corridors, sensitive, rare, or endangered species, oak woodlands, chaparral, riparian habitats, freshwater marshes, and native and heritage trees. None of these resources are identified on the Project site. Consequently, the Project would not conflict with provisions of an adopted Habitat Conservation Plan or Natural Community Conservation Plan.

6.4.2 MITIGATION MEASURES

The analysis determined that the proposed Project could provide nesting habitat for birds, some of which may be sensitive. To ensure these potential impacts are mitigated, Mitigation Measure BIO-1 is applied to the Project. With inclusion of this measure, potential Project impact to sensitive species would be less than significant.

Mitigation Measure BIO-1: Removal of any trees or shrubs shall occur outside the bird nesting season, which occurs between January 1st to September 15th (which accommodates the nesting period for passerine birds and raptors). If the nesting season cannot be avoided and tree or shrubs removal occurs during the period January 1st to September 15th, the Applicant shall retain a qualified biologist subject to the review and approval of the City of Chino Hills Community Development Department to verify the presence of nesting birds and, if found, to develop a plan for avoidance. The Applicant shall comply with the plan for avoidance if required.

6.5 CULTURAL RESOURCES

CULTURAL AND RESOURCES. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Cause a substantial adverse change in the significance of a historical resource as defined in § 15064.5?				X
b) Cause a substantial adverse change in the significance of an archaeological resource pursuant to § 15064.5?				X
c) Disturb any human remains including those interred outside of formal cemeteries?			X	

6.5.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project cause a substantial adverse change in the significance of a historical resource as defined in § 15064.5 of the CEQA?

NO IMPACT. The CEQA Guidelines, Section 15064.5, define “historic resources” to include the following:

(1) A resource listed in, or determined to be eligible by the State Historical Resources Commission, for listing in the California Register of Historical Resources (Pub. Res. Code § 5024.1, Title 14 CCR, Section 4850 et seq.).

(2) A resource included in a local register of historical resources, as defined in section 5020.1(k) of the Public Resources Code or identified as significant in an historical resource survey meeting the requirements section 5024.1(g) of the Public Resources Code, shall be presumed to be historically or culturally significant.¹⁴

(3) Any object, building, structure, site, area, place, record, or manuscript which a lead agency determines to be historically significant or significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural annals of California may be considered to be an historical resource, provided the lead agency’s determination is supported by substantial evidence in light of the whole record. Generally, a resource shall be considered by the lead agency to be “historically significant” if the resource meets the criteria for listing on the California Register of

¹⁴ California Public Resources Code Section 5020.1(k), Section 5024.1(g).

Historical Resources (Pub. Res. Code § 5024.1, Title 14 CCR, Section 4852) including the following:

(A) Is associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage; (B) Is associated with the lives of persons important in our past; (C) Embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of an important creative individual, or possesses high artistic values; or (D) Has yielded, or may be likely to yield, information important in prehistory or history. Historic resources generally consist of buildings, structures, improvements, and remnants associated with a significant historic event or person(s) and/or have a historically significant style, design, or achievement. Damaging or demolition of historic resources is typically considered to be a significant impact. Impacts to historic resources can occur through direct impacts, such as destruction or removal, and indirect impacts, such as a change in the setting of a historic resource.

As discussed in Section 6.1.b of this Initial Study, east of the site at the former fire station is a California Historical Landmark plaque noting the Battle of Chino, a skirmish of the Mexican-American War that occurred on September 26–27, 1846. During the skirmish 24 Americans hid in the adobe house of Rancho Santa Ana del Chino, which was generally located at the former fire station site. No structures associated with the adobe house remain at the former fire station site. The Project would not affect the former fire station or historic marker. Therefore, the proposed Project would not impact a historic resource.

b) Would the Project cause a substantial adverse change in the significance of an archaeological resource pursuant to §15064.5 of the CEQA Guidelines?

NO IMPACT: This Section discusses potential impacts to other "unique archaeological resources" which are defined by §15064.5 of the CEQA Guidelines as an archaeological artifact, object, or site about which it can be clearly demonstrated that, without merely adding to the current body of knowledge, there is a high probability that it meets any of the following criteria:

- (1) Contains information needed to answer important scientific research questions and that there is a demonstrable public interest in that information.
- (2) Has a special and particular quality such as being the oldest of its type or the best available example of its type.
- (3) Is directly associated with a scientifically recognized important prehistoric or historic event or person.

As discussed in the City of Chino Hills General Plan Conservation Element, all of Chino Hills is within the traditional tribal territory of the Tongva/Gabrielino, which is believed to have inhabited the area beginning in the Milling Stone or Intermediate period, approximately 3,000 years before present. These people are believed to have established the village of Pashiinonga that was located on a rise above Chino Creek. This village would have been a base with smaller satellite villages and seasonal camps in the vicinity. The potential for tribal resources on the Project site is discussed in Section 6.18 of this Initial Study. No other unique archaeological resources meeting the CEQA Guidelines §15064.5 occur in the City or the Project site. The Project would involve nominal grading to level the site, causing minimal subsurface disturbance. Therefore, potential Project impacts to archaeological resources is not significant.

c) Would the Project disturb any human remains, including those interred outside of formal cemeteries?

LESS THAN SIGNIFICANT: As discussed in Section 6.5.b, above, the Project site is not within the vicinity of identified archaeological resources, has already been graded and developed, and proposed Project grading would cause minimal subsurface disturbance. does not include substantial excavation. There are no cemeteries within Chino Hills. However, should human remains be encountered during Project grading and construction activities, state of California Health and Safety Code provisions (notably § 7050.5-7055) require all construction activities to cease, and the San Bernardino County Coroner and Sheriff's Department to be immediately contacted. This state code provides appropriate mitigation should human remains be discovered, and reduces potential impacts related to encountering or disturbing human remains to less than significant levels.

6.5.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding cultural resources. Consequently, no mitigation is required.

6.6 ENERGY

ENERGY. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Result in potentially significant environmental impact due to wasteful, inefficient, or unnecessary consumption of energy resources, during project construction or operation?				X
b) Conflict with or obstruct a state or local plan for renewable energy or energy efficiency?				X

6.6.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project result in potentially significant environmental impact due to wasteful, inefficient, or unnecessary consumption of energy resources, during project construction or operation?

NO IMPACT: The Project is a water treatment facility to remove 1,2,3-TCP from the City's groundwater supply. The facility will be manually operated with all controls located on-site adjacent to Booster #9 pump station. Due to the treatment system's centralized connection, full treatment would be available for all City of Chino Hills wells that connect to Booster #9. Once operational, the Project will allow the City to bring its wells back into service and reduce reliance on imported water. Therefore, the Project would not result in the potentially significant wasteful consumption of energy resources.

- b) Would the Project conflict with or obstruct a state or local plan for renewable energy or energy efficiency?

NO IMPACT: The Project would remove 1,2,3-TCP and facilitate re-activation of all City groundwater wells, consistent with the State Water Board adopted Resolution No. 2017-0042 which established a proposed MCL of 0.005 micrograms per liter (µg/L) for TCP. The Project would not conflict with or obstruct a plan for renewable energy or energy efficiency.

6.6.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding energy. Consequently, no mitigation is required.

6.7 GEOLOGY AND SOILS

GEOLOGY AND SOILS. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Directly or indirectly cause potential substantial adverse effects, including the risk of loss, injury, or death involving:				
i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.			X	
ii) Strong seismic ground shaking?			X	
iii) Seismic-related ground failure, including liquefaction?			X	
iv) Landslides?			X	
b) Result in substantial soil erosion or the loss of topsoil?				X
c) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?			X	
d) Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?			X	
e) Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems where sewers are not available for the disposal of wastewater?				X
f) Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?				X

6.7.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Directly or indirectly cause potential substantial adverse effects, including the risk of loss, injury, or death involving: i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? ii) Strong seismic ground shaking? iii) Seismic-related ground failure, including liquefaction? iv) Landslides?
- i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault?

LESS THAN SIGNIFICANT IMPACT: According to the City's General Plan Safety Element (Safety Element), the City of Chino Hills is located in the eastern Puente Hills, in the northern portion of the Peninsular Ranges geomorphic province. The Peninsular Ranges province is characterized by a series of northwest-to-southeast-oriented valleys, hills, and mountains separated by faults associated with and parallel to the San Andreas Fault System. Two of these faults, the Chino Fault and the Whittier Fault, are located in and near the City.

The Chino Fault is considered a northern splay of the Elsinore Fault Zone. The Chino Fault extends approximately 13 miles southeast through the City of Chino Hills toward the City of Corona, where it joins the Elsinore Fault Zone near the southern terminus of Main Street in the City of Corona. According to the California Geological Survey's State of California Earthquake Fault Zones Map for the Prado Dam Quadrangle (DOC 2003), Chino fault as active pursuant to the guidelines of the Alquist-Priolo Earthquake Fault Zone Act. The primary intent of the Alquist-Priolo Earthquake Fault Zoning Act is to prevent the construction of buildings used for human occupancy on the surface trace of active faults. The Chino Fault and its fault zone extend as far north as the Los Serranos Country Club, approximately 1.9 miles southwest of the Project site. Although the Project site would likely experience strong ground shaking as a result of an earthquake on the Chino Fault, the Project does not include habitable structures. Therefore, potential Project impacts associated with exposure of people or structures to adverse effects from rupture of a known fault would be less than significant.

- ii) Strong seismic ground shaking?

LESS THAN SIGNIFICANT IMPACT: The Project site is located in the highly seismic Southern California region within the influence of several fault systems that are considered to be active or potentially active. An active fault is defined by the State of California as a "sufficiently active and well-defined fault that has exhibited surface displacement within the Holocene time (the last 11,000 years)." A potentially active fault is defined by the State as a "fault with a history

of movement within the Pleistocene time (between 11,000 and 1.6 million years ago).” As mentioned above, although the Chino and Elsinore faults are proximate to the site, no faults have been mapped across the Project site. As with all properties in the seismically active Southern California region, the Project site is susceptible to ground shaking during a seismic event.

The proposed Project would not include habitable structures, and only two staff would be attending the site intermittently throughout the day. Therefore, impacts related to seismically induced surface rupture or ground shaking would be less than significant.

iii) Seismic-related ground failure, including liquefaction?

LESS THAN SIGNIFICANT IMPACT: Liquefaction is a phenomenon in which saturated silty to cohesionless soil below the groundwater table are subject to a temporary loss of strength due to the buildup of excess pore pressure during cyclic stresses induced by an earthquake. These soils may acquire a high degree of mobility and lead to structurally damaging deformations. Liquefaction begins below the water table, but after liquefaction has developed, the groundwater table will rise and cause the overlying soil to mobilize. Liquefaction typically occurs in areas where groundwater is less than 30 feet from the surface and where the soils are composed of poorly consolidated fine- to medium-grained sand. In addition to the necessary soil conditions, the ground acceleration and duration of the earthquake must also be of a sufficient level to initiate liquefaction.

According to the City Safety Element, the eastern portion of Chino Hills in the vicinity of the SR-71, inclusive of the Project site, is an area of high liquefaction potential. These are areas of shallow groundwater conditions within 30 feet of the ground surface and are underlain by sandy alluvial soils. According to a Phase 1 Site Assessment prepared for the Project site, groundwater was encountered at 19 feet east of the site.¹⁵ However, the proposed Project would require only surface grading to level the site, would not include habitable structures, and only two workers would be attending the site throughout the day. Therefore, impacts related to seismically induced surface ground failure including liquefaction would be less than significant.

iv) Landslides?

¹⁵ “Phase I Environmental Site Assessment. 0.38 Acre Portion of APN 1022-591-02 (90 Independence Court) City Of Chino Hills San Bernardino County, California”, prepared by LOR Geotechnical Group, Inc. on behalf of the City of Chino Hills, dated November 11, 2019; and available at the City of Chino Hills Engineering Division, Chino Hills City Hall, 14000 City Center Drive, Chino Hills, California, 91709.

LESS THAN SIGNIFICANT IMPACT: The geologic character of an area determines its potential for landslides. Steep slopes, the extent of erosion, and the rock composition of a hillside all contribute to the potential for slope failure and landslide events. In order to fail, unstable slopes need to be disturbed; common triggering mechanisms of slope failure include undercutting slopes by erosion or grading, saturation of marginally stable slopes by rainfall or irrigation; and, shaking of marginally stable slopes during earthquakes.

The Project site and surrounding area are generally flat, and according to the City of Chino Hills General Plan Safety Element, are not identified as located within a potential landslide area. Therefore, potential impacts related to landslides would be less than significant.

b) Would the Project cause substantial soil erosion or the loss of topsoil?

NO IMPACT: Topsoil is generally defined as the upper, outermost layer of soil, usually the top 5–10 inches with a high concentration of organic matter and microorganisms. The Project site is currently part of the Boys Republic Transitional Facility, graded and covered with turf, dirt and vegetation. Construction of the Project would involve only minor grading to level the site and would not cause substantial soil disruption. Therefore, the potential Project impacts relative to soil erosion or loss of topsoil would not be significant.

c) Would the Project cause location on a geologic unit or a soil that is unstable, or that would become unstable as a result of the Project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?

LESS THAN SIGNIFICANT IMPACT: As discussed above, much of the City, including the Project site is in an area susceptible to liquefaction. However, the proposed Project would require only surface grading to level the site, would not include habitable structures, and only two staff would be attending the site intermittently throughout the day. Therefore, Project impacts related to expansive soils are less than significant.

d) Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property?

LESS THAN SIGNIFICANT IMPACT: As discussed above, much of the City, including the Project site is in an area susceptible to liquefaction. However, the proposed Project would require only surface grading to level the site, would not include habitable structures, and only two staff would be attending the site intermittently throughout the day. Therefore, Project impacts related to expansive soils are less than significant.

- e) Would the Project cause soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems where sewers are not available for the disposal of wastewater?

NO IMPACT: The Project is a water treatment facility. It does not include a habitable structure or a wastewater disposal system. Therefore, no impacts relative to septic tanks or alternative wastewater disposal systems are associated with the Project.

- f) Would the Project directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?

NO IMPACT: The Project site is currently part of the Boys Republic Transitional Facility, graded and covered with turf, dirt and vegetation. Construction of the Project would involve only minor grading to level the site. The site is flat with no identified unique geologic features. Consequently, the Project would not destroy a unique paleontological resource or site or unique geologic feature.

6.7.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding geology and soils. Consequently, no mitigation is required.

6.8 GREENHOUSE GAS EMISSIONS

GREENHOUSE GAS EMISSIONS. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment?			X	
b) Conflict with any applicable plan, policy or regulation of an agency adopted for the purpose of reducing the emissions of greenhouse gases?				X

6.8.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Generate greenhouse gas emissions either directly or indirectly, that may have a significant impact on the environment.

LESS THAN SIGNIFICANT IMPACT. Greenhouse gases (GHGs) include carbon dioxide (CO₂), methane (CH₄), nitrous oxide (N₂O), hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulfur hexafluoride (SF₆). Emissions of GHGs affect the atmosphere directly by changing its chemical composition, and indirectly by accelerating global climate change. In California, climate change effects may include loss of snow pack, sea level rise, more extreme heat days per year, more high ozone days, more large forest fires, and more drought years.

To evaluate the significance of a Project's GHG emissions, a local agency may rely on a locally adopted quantitative thresholds, or consistency with a regional GHG reduction plan (such as a Climate Action Plan). The City of Chino Hills participated in the San Bernardino Associated Governments (SANBAG) San Bernardino County Regional Greenhouse Gas Reduction Plan on March 5, 2014. The plan includes a regional GHG inventory and summarizes actions that participating jurisdictions have selected in order to reduce GHG emissions. As part of the plan, the City of Chino Hills established a goal to reduce its community GHG emissions to a level that is 20% below its projected business as usual (BAU) emissions level in 2020. The City actually exceeds the goal with only state/county level actions (112% of goal), but has committed to additional local measures and supports applicable regional measures. Additional measures include implementing reduced water use in the City, encouraging the installation of solar energy collectors (e.g., photovoltaics) for existing housing (reducing energy use), and working with the City's wastewater treatment

provider to upgrade to more energy efficient equipment at the wastewater treatment plant.

GHGs associated with the proposed water treatment facility would occur during construction and operation. Similar to the air quality discussion in Section 6.3 of this Initial Study, construction of the facility would involve short-term and limited grading and paving of the site, which would generate less than significant GHG emissions. Project operational activities are expected to generate minimal vehicle trips associated with the transport of operational and maintenance workers to and from the site, and the Project GAC treatment vessels are not expected to emit notable air pollutants. Therefore, Project impacts relative to GHG emissions would be less than significant.

b) Would the project conflict with any applicable plan, policy, or regulation adopted for the purpose of reducing the emissions of greenhouse gases?

NO IMPACT. The City General Plan Conservation Element establishes a goal to Promote Sustainable Practices that Conserve Natural Resources and Reduce Greenhouse Gas Emissions. The Project is a water treatment facility to remove 1,2,3-TCP from the City's groundwater supply. The facility will be manually operated with all controls located on-site adjacent to Booster #9 pump station. Due to the treatment system's centralized connection, full treatment would be available for all City of Chino Hills wells that connect to Booster #9. Once operational, the Project will allow the City to bring its wells back into service, continue to use its natural groundwater resource in a safe manner and efficient manner, and reduce reliance on imported water. Therefore, the Project would be consistent with sustainable policies and would not conflict with applicable GHG emission policies would not be significant.

6.8.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding greenhouse gas emissions. Consequently, no mitigation is required.

6.9 HAZARDS AND HAZARDOUS MATERIALS

HAZARDS AND HAZARDOUS MATERIALS. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?				X
b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?				X
c) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?				X
d) Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?				X
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the Project result in a safety hazard or excessive noise for people residing or working in the Project area?				X
f) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?				X
g) Expose people or structures, either directly or indirectly, to a significant risk of loss, injury or death involving fires, because the project is located: i) within a high fire hazard area with inadequate access? ii) within an area with inadequate water and pressure to meet fire flow standards? iii) within				X

HAZARDS AND HAZARDOUS MATERIALS. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
proximity to land uses that have the potential for dangerous fire hazard?				
h) Does the proposed use constitute a potentially dangerous fire hazard?				X

- a) Would the Project create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?

NO IMPACT: The Phase I Environmental Site Assessment (ESA) for the Project site identified past uses and assessed the potential for hazardous materials on the site.¹⁶ Historical use of the site was vacant agricultural (dry farmed) land prior to the development of the Boys Republic Transitional facility in 2003 when the site became a landscape area.

This Phase I ESA has revealed no evidence of recognized environmental conditions (RECs), historical recognized environmental conditions (HRECs), and/or controlled recognized environmental conditions (CRECs) indicative of releases or threatened releases of hazardous substances on, at, in, or to the site. As discussed in Section 2.9 of this Initial Study, disposal of the spent media is regulated by the State Water Board in compliance with the California Hazardous Control law. State Water Board has determined that the concentration of 1,2,3-TCP that would be present in the spent filters would be very low, and, therefore, would not require special disposal.¹⁷ The water treatment facility would not emit any notable pollutants or hazardous materials into the environment. Therefore, the Project would not create a significant hazard from hazardous materials.

- b) Would the project create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?

¹⁶ “Phase I Environmental Site Assessment. 0.38 Acre Portion of APN 1022-591-02 (90 Independence Court) City Of Chino Hills San Bernardino County, California”, prepared by LOR Geotechnical Group, Inc. on behalf of the City of Chino Hills, dated November 11, 2019; and available at the City of Chino Hills Engineering Division, Chino Hills City Hall, 14000 City Center Drive, Chino Hills, California, 91709.

¹⁷ Initial Study and Proposed Mitigated Negative Declaration Adoption of Regulation to Establish the Maximum Contaminant Level (MCL) for 1,2,3 -TRICHLOROPROPANE, July 18, 2017, prepared by State Water Resources Control Board, Division of Drinking Water, P.O. Box 100, Sacramento, CA 95812-0100; available at City of Chino Hills Public Works Department.

NO IMPACT: The Project is a water treatment facility. As discussed above, it would not emit any notable pollutants or hazardous materials into the environment. Therefore, the Project would not create a significant hazard from the release of hazardous materials into the environment hazardous materials.

- c) Would the project emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within 1/4 mile of an existing or proposed school?

NO IMPACT: Boys Republic operates a high school on its property, and the Project would be located on the property within 1/4 mile of educational activities. However, as discussed above, the proposed water treatment facility would not emit any notable pollutants or hazardous materials into the environment. Therefore, the Project would not emit hazardous emissions or handle hazardous materials within 1/4 mile of a school.

- d) Would the project be located on a site which is included on a list of hazardous material sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?

NO IMPACT: The Project site is not included on any lists of hazardous material sites managed by either the United States Environmental Protection Agency or the California Department of Toxic Substances Control. According to the General Plan EIR, the only hazardous materials site located in Chino Hills is the Aerojet Project Area in the western part of the City (Envirostor Case Number CAD981457302). This site was used for ordnance manufacturing and testing processes, although the facility is now closed and undergoing environmental cleanup. The Aerojet site is approximately 3 miles southeast of the Project site, and therefore no impacts would occur.

- e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?

NO IMPACT: The nearest public airport to the Project site is the Chino Airport located east of the City and approximately 4.5 miles southeast of the site. The Project site is outside airport land use plans or safety hazard areas of the Chino Airport. Therefore, the Project would not result in airport related safety hazard impacts.

- f) Would the project impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?

NO IMPACT: Access to the site would be via a gated driveway on Eucalyptus Avenue. The Project would not be habitable, would generate 2-4 vehicle trips per day and staff would attend to the water treatment facility on an intermittent basis. The driveway was designed under the direction of the City Public Works Department to accommodate the intermittent staff vehicles and to Chino Valley Fire District access standards. The Project would not conflict with nor impair emergency evacuation plans or emergency response plans in the area.

g) Would the expose people or structures, either directly or indirectly, to a significant risk of loss, injury or death involving fires, because the project is located: i) within a high fire hazard area with inadequate access? ii) within an area with inadequate water and pressure to meet fire flow standards? iii) within proximity to land uses that have the potential for dangerous fire hazard?

NO IMPACT: The Project site is not located within the City's Fire Hazard Overlay as designated by the City General Plan Safety Element. The Project is a water treatment facility with no habitable structures and only intermittent workers. The Project would not generate flammable emissions. The Project would not affect water pressure or fire flow standards, and is not located in proximity to land uses that have the potential for dangerous fire hazard. Therefore, the Project would not expose persons or structures to wildfire hazard risks.

h) Does the proposed use constitute a potentially dangerous fire hazard?

NO IMPACT: As discussed above, the Project is a water treatment facility with no habitable structures and only intermittent workers. No flammable liquids or materials would be used with the proposed water treatment facility. The Project does not constitute a potentially dangerous fire hazard.

6.9.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding hazards and hazardous materials. Consequently, no mitigation is required.

6.10 HYDROLOGY AND WATER QUALITY

HYDROLOGY AND WATER QUALITY. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or groundwater quality?				X
b) Substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin?				X
c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would: i) result in substantial erosion or siltation on- or off-site; ii) substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or offsite; iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff; or iv) impede or redirect flood flows?				X
d) In flood hazard, tsunami, or seiche zones, risk release of pollutants due to project inundation?				X
e) Conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan?				X

6.10.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project violate any water quality standards or waste discharge requirements?

NO IMPACT: As discussed in Section 2.9 of this Initial Study, depending on the efficiencies and media exhaustion rates between each vessels, the GAC filters needing replacement may be scheduled at separate time intervals. Per Calgon Carbon Corporation (manufacturer/supplier of GAC), the standard operation procedures for GAC replacement requires a truck with an 80-foot hose and an access to the filtration vessels to recover the spent GAC and replace it with new GAC. The spent GAC filtration media would be removed, hauled, and disposed off-site by the supplier. Disposal of the spent media is regulated by the State Water Board in compliance with the California Hazardous Control law. State Water Board has determined that the concentration of 1,2,3-TCP that would be present in the spent filters would be very low, and, therefore, would not require special disposal.¹⁸

Once the GAC media is changed, the system requires initial washing off (for a period of typically 40 minutes) to remove any fine particles from the new media. The waste streams would then need to be discharged directly to either a wastewater storage tank (temporary or permanent) that would need to be emptied (i.e., hauled offsite) during media change out operations, and/or to be discharged directly to the City's storm drain or sewer system. At this time, City Engineering staff expects that direct discharge disposal via underground piping and valving connection to the existing storm drain or sewer system is considered a preferred option. This option would require a direct connection to the adjacent public storm drain or sewer line on Eucalyptus Avenue. A final decision regarding the disposition of GAC media waste streams will be made to the City following completion of final engineering for the 1,2,3-TCP Removal Treatment Plant (i.e., permanent storage tank on-site or direct discharge to storm drain or sewer system) based on cost, operations, and permitting.

Under either option, all 1,2,3-TCP in the waste stream would be removed. Therefore, the Project would not violate any water quality standards or waste discharge requirements.

b) Would the project substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin?

NO IMPACT. The proposed water treatment facility would remove 1,2,3-TCP from the groundwater in order to restore City wells to active use. By removing a toxic chemical from the groundwater, the Project would facilitate sustainable

¹⁸ Initial Study and Proposed Mitigated Negative Declaration Adoption of Regulation to Establish the Maximum Contaminant Level (MCL) for 1,2,3 -TRICHLOROPROPANE, July 18, 2017, prepared by State Water Resources Control Board, Division of Drinking Water, P.O. Box 100, Sacramento, CA 95812-0100; available at City of Chino Hills Public Works Department.

groundwater management. Therefore, the Project would not substantially decrease or adversely interfere with groundwater supplies.

- c) Would the project substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would: i) result in substantial erosion or siltation on- or off-site; ii) substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or offsite; iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff; or iv) impede or redirect flood flows? the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner, which would result in substantial erosion or siltation on- or offsite?

NO IMPACT. The Project site is currently graded, and construction of the Project will require only minor grading to level the site to accommodate the approximately 54' by 27' concrete slab. Therefore, the Project will not alter the existing drainage pattern of the site or area.

- d) Would the Project, in flood hazard, tsunami, or seiche zones, risk release of pollutants due to project inundation?

NO IMPACT. According to the General Plan Safety Element Figure 5-7, Flooding and Inundation Zones, the Project site is not in a flood or inundation zone. Therefore, the Project would not risk release of pollutants due to inundation.

- e) Would the project conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan? otherwise substantially degrade water quality?

NO IMPACT. The proposed water treatment facility would remove 1,2,3-TCP from the groundwater in order to restore City wells to active use. By removing a toxic chemical from the groundwater, the Project would facilitate sustainable groundwater management. Therefore, the Project would not conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan, or otherwise substantially degrade water quality.

6.10.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding hydrology and water quality. Consequently, no mitigation is required.

6.11 LAND USE AND PLANNING

LAND USE AND PLANNING. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Physically divide an established community?				X
b) Cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect?			X	

6.11.1 ANALYSIS OF ENVIRONMENTAL IMPACTS**a) Would the Project physically divide an established community?**

NO IMPACT: Uses surrounding the Project site include the parking area of the Boys Republic Transitional facility, a private road, City Booster #9 pump station, a telecommunications tower, and the former fire station. South of the subject site is Eucalyptus Avenue followed by single family residences. As discussed above, the Project would be screened by a wall and replacement trees adjacent to Eucalyptus Avenue. Therefore, the Project would not divide an established community and there would be no impact.

b) Would the project conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?

LESS THAN SIGNIFICANT IMPACT: Required entitlements for the Project include a conveyance of land to a governmental agency pursuant to Subdivision Map Act section 66426.5 to separate the site from Assessor Parcel No. 1022-591-02. The Project will also include a Zoning Map Amendment to change the zoning designation of the site from Private Institutional to Public Institutional.

The Project site has a current General Plan Land Use designation of Institutional/Public Facility. According to the General Plan Land Use Element, this land use designation includes public and private institutional uses such as City and other government properties, community centers, fire stations, public schools, religious facilities, and Boys Republic; and public facility uses such as public utilities and utility rights of way. The water treatment facility would be

part of the City's public water utility and would be consistent with the site's Institutional/Public Facility designation.

To amend the Zoning Map from Private to Public Institutional, the City Planning Commission and City Council will need to consider the following findings established by CHMC 16.62.040:

- A. That the proposed zone change is consistent with the goals, policies, and objectives of the General Plan; and
- B. That the proposed zone change will not adversely affect surrounding properties

The water treatment facility would be part of the City's public water utility and would be consistent with the site's General Plan Institutional/Public Facility land use designation. The Project would be similar to the adjacent City booster pump station and would, as discussed in Sections 6.1.c and 6.11.a of this Initial Study, would not adversely affect surrounding properties. Access to the Project site would be provided from Eucalyptus Avenue. Upon approval of the required entitlements, Project impacts relative to conflicts with any applicable land use plan, policy or regulation. Impacts would be less than significant.

6.11.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding land use and planning. Consequently, no mitigation is required.

6.12 MINERAL RESOURCES

MINERAL RESOURCES. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?				X
b) Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?				X

6.12.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the project result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?

NO IMPACT: The City General Plan Conservation Element reports that no significant mineral deposits are known to exist in the City. Oil production has occurred in the City since the late 1800s. Minor oil production continues in the Chino-Soquel Oil Field and the Mahala Oil Field, both located in the southern portion of the City. There are no oil fields or active wells in proximity to the Project site. Therefore, the Project would have no impact related to the loss of availability of known regional or local mineral resources.

- b) Would the project result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan, or other land use plan?

NO IMPACT: As noted above, the City Conservation Element reports that there are no significant mineral deposits or mineral resource recovery sites in Chino Hills. Therefore, the Project would not result in the loss of a locally important mineral resource recovery site.

6.12.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding mineral resources. Consequently, no mitigation is required.

6.13 NOISE

NOISE. Would the project result in:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Generation of a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?			X	
b) Generation of excessive groundborne vibration or groundborne noise levels?			x	
c) For a project located within the vicinity of a private airstrip or an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?				X

6.13.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project generate a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?

LESS THAN SIGNIFICANT IMPACT: Construction of the water treatment facility would involve minor grading and paving. Operation of the facility would involve intermittent worker activity. Pumps associated with the facility would be enclosed within the adjacent existing pump house, and would emit nominal noise that would not be audible outside the perimeter of the facility.¹⁹ Construction noise would be temporary and operational noise would be intermittent.

¹⁹ Initial Study and Proposed Mitigated Negative Declaration Adoption of Regulation to Establish the Maximum Contaminant Level (MCL) for 1,2,3 -TRICHLOROPROPANE, July 18, 2017, prepared by State Water Resources Control Board, Division of Drinking Water, P.O. Box 100, Sacramento, CA 95812-0100; available at City of Chino Hills Public Works Department.

Sensitive receptors in the vicinity of the proposed treatment facility include residents of the Boys Republic Transitional facility, located approximately 190-270 feet northwest of the Project site; and the residents across Eucalyptus avenue, approximately 70 feet south of the site. Construction is expected to short term, approximately 30 days, and would comply with CHMC 8.08.020 construction noise regulations that exempts noise and vibration associated with construction activities between the hours of 7:00 a.m. and 7:00 p.m. during weekdays and 8:00 a.m. and 6:00 p.m. on Saturdays. The Project would be surrounded by a 6-foot wall and replacement trees adjacent to Eucalyptus Avenue. Consequently, Project impacts related to exposure of persons to noise levels in excess of local standards established would be less than significant.

b) Would the project result in exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels?

LESS THAN SIGNIFICANT IMPACT. Construction of the water treatment facility would involve minor grading and paving. As noted above, Project construction would be consistent with CHMC 8.08.020 that exempts noise and vibration associated with construction activities between the hours of 7:00 a.m. and 7:00 p.m. during weekdays and 8:00 a.m. and 6:00 p.m. on Saturdays. Because Project construction would take place during these allowable hours, vibration and noise impacts from proposed Project construction would be less than significant.

c) For a project located within the vicinity of a private airstrip or an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?

NO IMPACT: The nearest public airport to the Project site is the Chino Airport located east of the City and approximately 4.5 miles southeast of the site. The Project site is outside airport land use plans or safety hazard areas of the Chino Airport. No private air strips are located within or adjacent to the City of Chino Hills. Therefore, the Project would not cause exposure to excessive noise levels associated with airport operations.

6.13.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding noise. Consequently, no mitigation is required.

6.14 POPULATION AND HOUSING

POPULATION AND HOUSING. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?				X
b) Displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere?				X

6.14.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?

NO IMPACT: This Project is intended to remove 1,2,3-TCP from the City wells and to bring them back into service. Restoring the wells to service is a corrective action; it will not increase water demand or capacity. Therefore, the Project will not induce population growth.

- b) Would the project displace substantial numbers of people, necessitating the construction of replacement housing elsewhere?

NO IMPACT: The Project would locate in a landscape area of the Boys Republic. No housing exists on the site. Staffing of the Project would require two persons per day at intermittent times. Therefore, the Project would not displace existing people.

6.14.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding population and housing. Consequently, no mitigation is required.

6.15 PUBLIC SERVICES

PUBLIC SERVICES. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services:				
i) Fire protection?				X
ii) Police protection?				X
iii) Schools?				X
iv) Parks?				X
v) Other public facilities?				X

6.15.1 ANALYSIS OF ENVIRONMENTAL IMPACTS**a) Fire Protection?**

NO IMPACT: The Chino Valley Fire District (CVFD) provides fire protection services in the City of Chino Hills and also serves the adjacent City of Chino and its sphere of influence. CVFD currently operates seven fire stations, a training facility and administrative offices. The closest fire station to the Project site is Fire Station 66, which is located approximately 1.9 miles northwest at 13707 Peyton Avenue. Station 66 houses a paramedic engine company with four firefighters. In addition, other stations would respond to emergencies at the Project site as needed.

The Project site is within a developed area currently served by the CVFD. No habitable structures would be developed as part of the water treatment facility, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for fire protection services. Therefore, Project impacts relative creating demand for a new or physically altered fire protection facilities would not be significant.

b) Police Protection?

NO IMPACT: The City of Chino Hills contracts with the San Bernardino County Sheriff's Department to receive law enforcement services. The Chino Hills Police Station is located in the Chino Hills Government Center at 14077 Peyton Drive, located approximately 1.5 miles northwest of the Project site.

The Project site is within a developed area currently served by the CVFD. No habitable structures would be developed as part of the water treatment facility, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for police protection services. Therefore, Project impacts relative creating demand for a new or physically altered police protection facilities would not be significant.

c) Schools?

NO IMPACT: Public school facilities within the City of Chino Hills are provided by the Chino Valley Unified School District (CVUSD). Boys Republic operates a CVUSD high school on its property. The Project site is within a developed landscape area of Boys Republic and the proposed water treatment facility would not impact operation of the Boys Republic high school. No habitable structures would be developed as part of the water treatment facility, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for school services. Therefore, Project impacts relative to creating demand for a new or physically altered school facilities would not be significant.

d) Parks?

NO IMPACT: The City of Chino Hills currently operates over 35 public parks, consisting of community, neighborhood and nature parks. The Project site is within a developed landscape area of Boys Republic. No habitable structures would be developed as part of the water treatment facility, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for park services. Therefore, Project impacts relative to creating demand for a new or physically altered park facilities would not be significant.

e) Other Facilities?

NO IMPACT: As discussed above, no habitable structures would be developed as part of the water treatment facility, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for other public facilities or services. Therefore, Project impacts relative to creating demand for a new or physically altered public facilities would not be significant.

6.15.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding public services. Consequently, no mitigation is required.

6.16 RECREATION

RECREATION.				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Would the Project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?				X
b) Does the Project include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment?				X

6.16.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?

NO IMPACT: As discussed in Section 16.15 of this Initial Study, the Project site is within a developed landscape area of Boys Republic, and the Project would not impact existing park or recreational facilities within the Boys Republic property. No habitable structures would be developed as part of the Project, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for recreational services. Therefore, Project impacts relative to deterioration of recreational facilities would not be significant.

- b) Does the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?

NO IMPACT: The Project is a water treatment facility. No habitable structures would be developed as part of the Project, and its staffing would be limited to two workers per day attending the facility intermittently. The Project does not propose recreational facilities. Therefore, Project impacts relative to impacts on the environment from construction and operation of the recreational facilities would not be significant.

6.16.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding recreation services or facilities. Consequently, no mitigation is required.

6.17 TRANSPORTATION

TRANSPORTATION. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Conflict with a program, plan, ordinance or policy addressing the circulation system, including transit, roadway, bicycle and pedestrian facilities?				X
b) Conflict or be inconsistent with CEQA Guidelines § 15064.3, subdivision (b)?			X	
c) Substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?				X
d) Result in inadequate emergency access?				X

6.17.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project conflict with a program, plan, ordinance or policy addressing the circulation system, including transit, roadway, bicycle and pedestrian facilities?

NO IMPACT: The Project is a water treatment facility. It would be located within a developed landscape area of Boys Republic. No habitable structures would be developed as part of the water treatment facility, and its staffing would be limited to two workers per day attending the facility intermittently. Access to the facility would be from a gated driveway to Eucalyptus Avenue. The Project would not create a demand for new housing, new jobs or increase demand on the City's circulation system, including transit, roadway, bicycle or pedestrian facilities. Therefore, the Project would not conflict with a circulation system program, plan, ordinance or policy.

- b) Would the project conflict or be inconsistent with CEQA Guidelines § 15064.3, subdivision (b)?

LESS THAN SIGNIFICANT IMPACT: CEQA Guidelines § 15064.3, subdivision (b) describes criteria for analyzing transportation impacts related to vehicle miles traveled. Vehicle miles traveled (VMT) is the process authorized by Senate Bill 743 (SB 743), changing the way analysis of transportation impacts are conducted under CEQA. The intent of VMT is to reduce the total length of vehicle

trips caused by a project in order to: 1) reduce GHG emissions; develop multimodal transportation networks; and 3) a diversify land uses. To assist local governments develop a methodology for analyzing VMT, the state of California Office of Planning and Research (OPR) issued in 2018 a *Technical Advisory for Evaluating Transportation Impacts in CEQA*. The OPR methodology recommended several screening approaches for determining when a VMT analysis is not necessary. These included:

- Small infill projects generating or attracting fewer than 110 trips per day;
- Projects located in areas that generate low VMT;
- Projects near transit facilities;
- Projects that have less than significant greenhouse gas (GHG) emissions.
- Projects consistent with regional plans and general plans;
- Projects generating per capita or employee VMT less than 15% of the average region/county per capita or employee VMT;
- Local-serving retail and service uses; and
- Affordable housing.

As discussed previously, the Project is a water treatment facility intended to remove 1,2,3-TCP from the City wells and to bring them back into service. Restoring the wells to service is a corrective action; it will not increase water demand or capacity. No habitable structures would be developed as part of the water treatment facility, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase demand on the City's circulation system, including transit, roadway, bicycle or pedestrian facilities.

The Project meets several of the screening criteria recommended by OPR, including: Small infill projects generating or attracting fewer than 110 trips per day; Projects that have less than significant greenhouse gas (GHG) emissions; Projects consistent with regional plans and general plans; Projects that are local-serving services. Therefore, the Project does not require a VMT analysis, and would have less than significant impacts relative to consistency with CEQA Guidelines § 15064.3, subdivision (b).

- c) Would the project substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?

NO IMPACT: The Project is a water treatment facility. Access to the facility will be via a driveway located at the site's southern edge from Eucalyptus Avenue. The driveway was designed under the direction of the City Public Works Department to accommodate the intermittent staff vehicles and to Chino Valley Fire District access standards. The Project does not include street or access

improvements that would increase hazards due to geometric design features or incompatible uses.

d) Would the project result in inadequate emergency access?

NO IMPACT: The Project is a water treatment facility. Access to the facility will be via a driveway located at the site's southern edge from Eucalyptus Avenue. The driveway was designed under the direction of the City Public Works Department to accommodate the intermittent staff vehicles and to Chino Valley Fire District access standards. The Project would provide adequate emergency access.

6.17.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding transportation. Consequently, no mitigation is required.

6.18 TRIBAL CULTURAL RESOURCES

TRIBAL CULTURAL RESOURCES.				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Would the Project cause a substantial adverse change in the significance of a tribal cultural resource, defined in Public Resources Code Section 21074 as either a site, feature, place, cultural landscape that is geographically defined in terms of the size and scope of the landscape, sacred place, or object with cultural value to a California Native American tribe, and that is:				
i) Listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as defined in Public Resources Code Section 5020.1(k), or				X
ii) A resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code Section 5024.1. In applying the criteria set forth in subdivision (c) of Public Resources Code Section 5024.1, the lead agency shall consider the significance of the resource to a California Native American tribe.		X		

6.18.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

a) Would the Project cause a substantial adverse change in the significance of a tribal cultural resource defined in Public Resources Code Section 21074 as either a site, feature, place, cultural landscape that is geographically defined in terms of the size and scope of the landscape, sacred place, or object with cultural value to a California Native American tribe, and that is:

- (i) Listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as defined in Public Resources Code Section 5020.1(k).

NO IMPACT: As discussed in Section 6.5.a of this Initial Study, east of the site at the former fire station is a California Historical Landmark plaque noting the Battle of Chino, a skirmish of the Mexican–American War that occurred on September 26–27, 1846. During the skirmish 24 Americans hid in the adobe house of Rancho Santa Ana del Chino, which was generally located at the former fire station site. No structures associated with the adobe house remain at the former fire station site. The Project would not affect the former fire station or historic marker.

The City of Chino Hills General Plan Conservation Element states that all of Chino Hills is within the traditional tribal territory of the Tongva/Gabrielino, which is believed to have inhabited the area beginning in the Milling Stone or Intermediate period, approximately 3,000 years before present. These people are believed to have established the village of Pashiinonga, which was located on a rise above Chino Creek. Because of this history, the City of Chino Hills requires development projects in the City to consider the potential for tribal resources. Although these resources may occur in the City and are discussed further below, they do not represent a California Register of Historical Resources or local register of historical resources. The City of Chino Hills does not have a local register of historical resources. Therefore, the Project will not have a significant impact on a historic resource.

(ii) A resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code Section 5024.1. In applying the criteria set forth in subdivision (c) of Public Resources Code Section 5024.1, the lead agency shall consider the significance of the resource to a California Native American tribe.

LESS THAN SIGNIFICANT IMPACT WITH MITIGATION INCORPORATED: As discussed in Section 3 of this Initial Study, two Native American tribes have previously contacted the City requesting notification pursuant to California Environmental Quality Act (CEQA) Public Resources Code section 21080.3, subd. (b); California Assembly Bill 52. These two tribes are the Gabrieleno Band of Mission Indians/Kizh Nation and the Soboba Band of Luiseno Indians. Letters were sent to representatives of these two tribes on November 30, 2020, tribes inviting both to request formal consultation (attached in Appendix A).

On December 10, Chairman Andrew Salas of the Gabrieleno Band of Mission Indians/Kizh Nation contacted Fe Rama, Senior Engineer, at the City requesting consultations. Ms. Rama made a number of email contacts to Mr. Salas attempting to arrange a consultation appointment. However, neither Mr. Salas or a member of his tribe responded to Ms. Rama's requests.

The City also contacted the Native American Heritage Commission (NAHC) requesting a Sacred Lands File check. In correspondence dated December 28, 2021, the NAHC provided the results of a Sacred Lands File check which was

positive for potential Native American resources, and suggested that the City contact the Gabrieleno/Tongva San Gabriel Band of Mission Indians. (Reference Appendix B.) The City subsequently contacted Anthony Morales, Chairperson of the Gabrieleno/Tongva San Gabriel Band of Mission Indians on January 5, 2021 explaining that the NAHC had identified potential tribal cultural resources affiliated with their tribe and requesting that he share any pertinent information with the City. (Reference Appendix C.) This request to Mr. Morales was outside and in addition to the AB52 process. No response was received from Mr. Morales or a member of his tribe.

As discussed previously in this Initial Study, grading for the Project would be minimal, requiring only the leveling of the site for a concrete pad. However, because there remains a potential for tribal cultural resources to occur on the site, Mitigation Measure TCR-1, below, is added to the Project establishing procedures should tribal resources be uncovered during Project grading activities. With inclusion of this measure, potential impacts relative to tribal resources would be reduced to less than significant levels.

6.18.2 MITIGATION MEASURES

The following measure will be required to mitigate potential Project impacts related to tribal resources to less than significant levels:

Mitigation Measure TRC-1: Native American Monitoring.

Timing: Prior to Issuance of Grading Permits.

Department Responsible: Community Development

If potential Native American resources are uncovered during grading, the City shall be required to halt work within 50 feet of the find, and retain a qualified professional archaeologist and an experienced and certified Native American monitor of Gabrieleño heritage to examine the material to determine whether it is a “unique cultural resource” as defined in Section 21083.2 (g) of the State CEQA Statutes. If this determination is positive, the scientifically consequential information shall be fully recovered by the archaeologist and Native American monitor. Work may continue outside the area of the find. However, no further work shall occur in the immediate location of the find until all information recovery has been completed and a report concerning same filed with the City. The report and any finds shall be made available to a designated repository as appropriate and/or to interested representatives of Native American tribes that are traditionally and culturally affiliated with the City.

6.19 UTILITIES AND SERVICE SYSTEMS

UTILITIES AND SERVICE SYSTEMS. Would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Require or result in the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects?			X	
b) Have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry and multiple dry years?				X
c) Result in a determination by the wastewater treatment provider, which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?				X
d) Generate solid waste in excess of state or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals?				X
e) Comply with federal, state, and local management and reduction statutes and regulations related to solid waste?				X

6.19.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project require or result in the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects?

LESS THAN SIGNIFICANT: The Project is a water treatment facility designed to remove 1,2,3-TCP from the City's groundwater. The treatment facility is designed according to the best available technology as determined by a *Preliminary Design Technical Memorandum for the Chino Hills 123-TCP Removal Project*, dated January 17, 2019.²⁰ As proposed, the Project will include installation of eight (8) GAC treatment vessels in a tandem series train for the removal of 1,2,3-TCP from the City's groundwater supply prior to sending the domestic water to Booster #9. As shown in *Figure 5, Preliminary Design – Facility Plan*, in Section 2.9 of this Initial Study, the centralized GAC treatment system will connect directly to intercept 100-percent of the flow at either the suction or discharge line at Booster #9. The GAC treatment system will be manually operated with all controls located on-site adjacent to Booster #9 pump station. Due to the treatment system's centralized connection, full treatment would be available for all City of Chino Hills wells that connect to Booster #9. Each treatment vessel will contain granular active carbon estimated to weigh approximately 20,000 pounds (lbs.), and the treatment plants would have a maximum ultimate capacity of about 4,734 gallons per minute (gpm) or 6.8 million gallons per day (MGD).

The Project is designed to bring the City's wells back into service. Restoring the wells to service is a corrective action; it will not increase water demand or capacity. Therefore, the Project would have less than significant impacts relative to the relocation or construction of new or expanded water, wastewater treatment or storm water drainage, electric power, natural gas, or telecommunications facilities.

- b) Would the project have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry and multiple dry years?

NO IMPACT: The Project is a water treatment facility designed to remove 1,2,3-TCP from the City's groundwater and to bring the City's wells back into service. Restoring the wells to service is a corrective action; it will restore ground water supplies and add to available water supplies. Therefore, the Project will positively affect water supplies available to the City, and have no adverse impacts regarding water supplies.

- c) Would the project result in a determination by the wastewater treatment provider, which serves or may serve the project that it has adequate capacity

²⁰ "Preliminary Design Technical Memorandum for the Chino Hills 123-TCP Removal Project", prepared by Michael Baker International on behalf of the City of Chino Hills, dated January 17, 2019; and available at the City of Chino Hills Engineering Division, Chino Hills City Hall, 14000 City Center Drive, Chino Hills, California, 91709.

to serve the project's projected demand in addition to the provider's existing commitments?

NO IMPACT: The Project is a water treatment facility designed to remove 1,2,3-TCP from the City's groundwater and to bring the City's wells back into service. Restoring the wells to service is a corrective action; it will restore ground water supplies and add to available water supplies. Therefore, the Project will not impact wastewater treatment capacity.

d) Would the project generate solid waste in excess of state or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals?

NO IMPACT: The Project is a water treatment facility designed to remove 1,2,3-TCP from the City's groundwater and to bring the City's wells back into service. No habitable structures would be developed as part of the Project, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for recreational services. Therefore, the Project would not increase or significantly impact solid waste generation.

e) Would the project comply with federal, state, and local management and reduction statutes and regulations related to solid waste?

NO IMPACT: The Project is a water treatment facility designed to remove 1,2,3-TCP from the City's groundwater and to bring the City's wells back into service. No habitable structures would be developed as part of the Project, and its staffing would be limited to two workers per day attending the facility intermittently. The Project would not create a demand for new housing, new jobs or increase in demand for recreational services. Therefore, the Project would not impact compliance with solid waste statutes and regulations.

6.19.2 MITIGATION MEASURES

The analysis determined that the proposed Project would not result in any significant adverse impacts regarding utilities and services. Consequently, no mitigation is required.

6.20 WILDFIRE

WILDFIRE. If located in or near state responsibility areas or lands classified as very high fire hazard severity zones, would the project:				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Substantially impair an adopted emergency response plan or emergency evacuation plan?				X
b) Due to slope, prevailing winds, and other factors, exacerbate wildfire risks, and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire?				X
c) Require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment?				X
d) Expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes?				X

6.20.1 ANALYSIS OF ENVIRONMENTAL IMPACTS

- a) Would the Project substantially impair an adopted emergency response plan or emergency evacuation plan?

NO IMPACT: Access to the site would be via a gated driveway on Eucalyptus Avenue. The Project would not be habitable, would generate 2-4 vehicle trips per day and staff would attend to the water treatment facility on an intermittent basis. The driveway was designed under the direction of the City Public Works Department to accommodate the intermittent staff vehicles and to Chino Valley Fire District access standards. The Project site is not located within the City's Fire Hazard Overlay as designated by the City General Plan Safety Element. Therefore, the Project would impair emergency response or evacuation plans.

- b) Due to slope, prevailing winds, and other factors, exacerbate wildfire risks, and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire?

NO IMPACT: The Project is a water treatment facility. It would not be habitable, and the Project site is not located within the City's Fire Hazard Overlay as designated by the City General Plan Safety Element. The site is relatively flat and would be located within a developed portion of the Boys Republic. Therefore, the Project would not exacerbate wildfire risks.

- c) Require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment?

NO IMPACT: Access to the site would be via a gated driveway on Eucalyptus Avenue. The driveway was designed under the direction of the City Public Works Department to accommodate the intermittent staff vehicles and to Chino Valley Fire District access standards. The Project site is not located within the City's Fire Hazard Overlay as designated by the City General Plan Safety Element. The Project does not require installation or maintenance associated with infrastructure that may exacerbate fire risk.

- d) Expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes?

NO IMPACT: The Project is a water treatment facility. It would not be habitable, and the Project site is not located within the City's Fire Hazard Overlay as designated by the City General Plan Safety Element. The site is relatively flat and would be located within a developed portion of the Boys Republic. Therefore, the Project would not expose people or structures to significant risks related to flooding or landslides as a result of post fire conditions.

6.20.2 MITIGATION MEASURES

The analysis indicated that the implementation of the proposed Project would not result in any significant impacts related to wildfire. As a result, no mitigation is required.

6.21 MANDATORY FINDINGS OF SIGNIFICANCE

MANDATORY FINDINGS OF SIGNIFICANCE.				
	Potentially Significant Impact	Less Than Significant with Mitigation Incorporated	Less Than Significant	No Impact
a) Does the Project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or an endangered threatened species, or eliminate important examples of the major periods of California history or prehistory?		X		
b) Does the Project have impacts that are individually limited, but cumulatively considerable? ('Cumulatively considerable' means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects)? c) Does the Project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?			X

LESS THAN SIGNIFICANT WITH MITIGATION INCORPORATED: The Project would not have substantial impacts on special status species, stream habitat, and wildlife dispersal and migration. Furthermore, the Project would not affect the local, regional, or national populations or ranges of any plant or animal species and would not threaten any plant communities. There is potential for nesting birds on existing on-site trees, which would be mitigated by Mitigation

Measure BIO-1. There is also potential for inadvertent finds of Native American archeological resources during project grading, which would be mitigated by Mitigation Measure TRC-1. With implementation of these mitigation measures, the Project's Mandatory Finding of Significance relative to degrading the quality of the environment would be less significant.

- b) Does the Project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of the past projects, the effects of other current projects, and the effects of probable future projects)?

LESS THAN SIGNIFICANT IMPACT: This Project is intended to remove 1,2,3-TCP from the City wells and to bring them back into service. In the interim, the City has increased its reliance on imported water to make up for the nonavailability of groundwater sources. Restoring the wells to service is a corrective action; it will not increase water demand or capacity. Although there are a number of private development projects and other public infrastructure projects in progress or in planning stages within the City, the 1,2,3-TCP Removal Project will not affect or be affected by these projects. Consequently, the Project will result in less than significant cumulative impacts.

- c) Does the Project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?

LESS THAN SIGNIFICANT IMPACT: The Project is a water treatment facility designed to remove 1,2,3-TCP from the City's groundwater and to bring the City's wells back into service. Restoring the wells to service is a corrective action; it will restore ground water supplies and add to available water supplies. Therefore, the Project will positively affect water supplies available to the City. The Project would not have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly, and these impacts would be less than significant.

City of Chino Hills Mitigation Monitoring and Reporting Program 1,2,3-TCP Removal Treatment Project

This document is the Mitigation Monitoring and Reporting Program (MMRP) for the 1,2,3-TCP Removal Treatment Project in the City of Chino Hills. The purpose of the MMRP is to ensure that the required mitigation measures identified in the Initial Study / Mitigated Negative Declaration (ISMND) are implemented as part of the overall project implementation.

The following table summarizes the mitigation measures for each issue area identified in the ISMND for the proposed project. The table identifies each mitigation measure; the action required for the measure to be implemented; the time at which the monitoring is to occur; the monitoring frequency; and the agency or party responsible for ensuring that the monitoring is performed. In addition, the table includes columns for compliance verification. These columns will be filled out by the City Public Works Department to document monitoring compliance. Where an impact was identified to be less than significant, no mitigation measures were required.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 18

SUBJECT: CHINO BASIN REGIONAL SEWAGE SERVICE CONTRACT - EXERCISE OF
OPTION FOR CONTINUED SERVICE

RECOMMENDATION:

Authorize the City Manager to execute the Chino Basin Regional Sewage Service Contract Exercise of Option for Continued Service.

BACKGROUND/ANALYSIS:

The Inland Empire Utilities Agency (IEUA), formerly referred to as Chino Basin Municipal Water District (CBMWD) in the original regional sewage service contract, provides wastewater treatment and disposal services for all retail agencies within its boundary. This includes the cities of Chino Hills, Chino, Fontana, Montclair, Ontario, Upland, and the Cucamonga Valley Water District (CVWD). These services are conducted via a regional contract that was initiated in the late 1970's and was amended in 1984 and 1994.

Over the last two years, Chino Hills, along with the other retail agencies, has been participating in active negotiations with IEUA to further update the agreement. A fundamental change of condition from 1994 has been the expansive progression of recycled water direct use and most recently for groundwater recharge. These negotiations are complex and ongoing.

The original contract is set to expire in January, 2023. The original contract also has a renewal provision, subject to a 12 month notification. The purpose of this joint letter from the retail agencies is to fulfill the notification requirement to IEUA for contract extension. Although the contract negotiations may ultimately yield subsequent modification to certain terms, this extension will carry forward all the existing terms until such modifications are agreed to by all parties.

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(2,4-5)).

FISCAL IMPACT:

The proposed Exercise of Option for Continued Service serves as a procedural requirement for continuation of service under the current contract. There is no fiscal impact with this item.

Re: Chino Basin Regional Sewage Service Contract ("Sewage Service Contract")
Exercise Of Option For Continued Service

Dear Messrs. Elie and Deshmukh:

As you know, on October 13, 2021, the Regional Contracting Agencies ("RCAs") submitted to the Inland Empire Utilities Agency ("IEUA") a draft of an Amended and Restated Sewage Service Contract for IEUA's consideration. The RCAs realize that the draft is still being reviewed by IEUA but in the interim, the RCAs wanted to insure that all procedural requirements were met for continuing service under the current Sewage Service Contract.

Section 29. RENEWAL; OPTION FOR CONTINUED SERVICE in the current Sewage Service Contract provides, in part, that no later than two years prior to the end of the term of this contract, the parties shall negotiate for the extension or renewal of the contract upon comparable terms and conditions. As you know, these negotiations are ongoing.

Section 29 also provides that if the parties have yet to agree to a new or renewed contract, then any Contracting Agency, by written notice given to IEUA at least 12 months prior to expiration of said term, may elect to receive continued service after the expiration of said term on conditions set forth in Section 29.

Since negotiations are ongoing, and to preserve the ability to continue to work collaboratively toward an Amended and Restated Sewage Service Contract, the undersigned RCAs hereby notify IEUA of their election, in compliance with the 12-month requirement, to receive continued service after the term expiration on January 2, 2023 and to comply with the conditions in Section 29. It is our hope that all parties can reach agreement on an Amended and Restated Agreement during 2022 but just in case, the RCAs wanted to make sure to complete this procedural step so that service may continue as currently provided.

The undersigned RCAs look forward to continuing our collaboration with IEUA toward development of an Amended and Restated Sewage Service Contract.

Section 2. RIGHTS AND OBLIGATIONS

The Contracting Agencies shall have the right to deliver all sewage collected by their respective Community Sewer Systems to the Regional Sewerage System and CBMWD shall have the obligation to receive into the Regional Sewerage System all sewage so delivered by the Contracting Agencies. Notwithstanding the foregoing, a Contracting Agency may acquire, construct, own and operate a wastewater treatment plant or permit another person, firm or corporation to acquire or construct a wastewater treatment plant which will be controlled and operated by the Contracting Agency when to do so is not detrimental to the operation of the Regional Sewerage System.

A Contracting Agency which intends to acquire or construct and own, operate and maintain a wastewater treatment plant shall notify CBMWD and the Regional Technical Committee in writing of its intentions. Such a notice shall include the following information: the location and capacity of the proposed wastewater treatment plant, the method and location of disposal or reuse of the effluent therefrom, the area which will be sewerage through said plant and the quantity of wastewater flow, if any, which will be removed from any Regional Treatment Plant. The Regional Technical Committee shall make a recommendation as to whether the Contracting Agency's operation of the proposed Wastewater treatment plant will be detrimental to the operation of the Regional Sewerage System within 45 days of the receipt of the Contracting Agency's written notice. Upon

receipt of such recommendation, the Board of Directors of CBMWD shall within 45 days of the receipt of the Regional Technical Committee recommendation make a determination as to whether the Contracting Agency's operation of the proposed wastewater treatment plant will be detrimental to the operation of the Regional Sewerage System, and thereafter forthwith notify the Contracting Agency and all other Contracting Agencies in writing of such determination. Any Contracting Agency may within 20 days of the date of such written notification file a written request for a hearing with the Secretary of CBMWD. Upon receipt of such a written request, the Board of Directors of CBMWD shall schedule and conduct a hearing on its determination within 30 days of the date of receipt of such written request, and at the conclusion thereof shall affirm or modify its determination. The provisions of Section 26A hereof shall apply with respect to such hearings.

The failure of the Regional Technical Committee or the Board of Directors of CBMWD to take any action required by this section within the time specified herein or to take any action required by said Section 26A within the time specified therein shall be deemed a determination by said committee or said Board that the operation of the proposed wastewater treatment plant by the Contracting Agency giving notice will not be detrimental to the operation of the Regional Sewerage System; provided that, said committee or said Board may extend the time within which action is required of it under this section for a period of 30

days by giving written notice of such extension to all Contracting Agencies at least seven days prior to the expiration of the time specified herein.

Notwithstanding the prior provisions of this section, removal of sewage flows by a Contracting Agency from an existing Regional Treatment Plant to a wastewater treatment plant to be owned or controlled and operated by the Contracting Agency shall not be considered detrimental to the operation of the Regional Sewerage System, providing that the remaining flows into said Regional Treatment Plant will meet the quality standards set forth in and established by CBMWD and will not result in the effluent from said plant violating the waste discharge requirements prescribed for said plant by the California Regional Water Quality Control Board; and provided further that the construction by a Contracting Agency of a wastewater treatment plant for the treatment and disposal of sewage from a Community Sewer System constructed by the Contracting Agency in an area which was prior to the construction of said plant unsewered shall not be considered to be detrimental to the operation of the Regional Sewerage System.

A Contracting Agency which constructs such a plant may enter into a contract with CBMWD for the maintenance and operation of the plant; provided that CBMWD shall not be obligated to enter into such a contract. A Contracting Agency which acquires or constructs such a wastewater treatment plant shall be solely responsible for the cost and expense of the

acquisition or construction and maintenance and operation of said plant. Any such wastewater treatment plant which is acquired or constructed and owned by a Contracting Agency shall not be acquired or operated by CBMWD as a part of the Regional Sewerage System without the written consent of all other Contracting Agencies except the State of California. (Amended April 12, 1984)

Section 3. COMMUNITY SEWER SYSTEMS

Each Contracting Agency shall have the exclusive right to own and operate a Community Sewer System within its Service Area and to determine in which areas within its Service Area it will operate a Community Sewer System. Each Contracting Agency shall be responsible for all costs and expenses of the acquisition, construction, maintenance and operation of its Community Sewer System. (Amended April 12, 1984)

Section 4. SEWER USER CHARGES

Each Contracting Agency may, in the manner provided by law, impose and collect sewer user charges within its Service Area for providing the services and facilities of its Community Sewer System and of the Regional Sewerage System and shall be entitled to retain, use and expend the charges for any lawful purpose. CBMWD shall not impose sewer user charges within the Service Area of any Contracting Agency without the prior consent of the Contracting Agency. (Amended April 12, 1984)

Section 5. REGIONAL INTERCEPTORS

Regional Interceptors are a part of the Regional Sewerage System and their design and construction or acquisition shall be financed as provided in section 9 hereof. Any Contracting Agency may make a written request to CBMWD for a determination as to whether or not an existing sewer has become a Regional Interceptor. Each such request received by CBMWD shall be referred to the Regional Technical Committee and such committee shall make a written recommendation to the Board of Directors of CBMWD as to whether or not the interceptor in question shall be acquired by CBMWD as a Regional Interceptor. Any Contracting Agency which disagrees with such a recommendation of the Regional Technical Committee may file a written request for a hearing thereon with the Secretary of the Board of Directors of CBMWD. Upon receipt of such a request, said Board of Directors shall schedule and conduct a hearing and give notice thereof in accordance with the provisions of section 26A hereof. Notwithstanding the preceding provisions of this section, a sewer which is utilized for the transmission of sewage of two or more Contracting Agencies and which is transmitting less than 300,000 gallons per day of sewage for the most upstream Contracting Agency shall not be acquired by CBMWD as a Regional Interceptor unless it is determined by the Board of Directors of CBMWD after recommendation by the Regional Technical Committee that such acquisition is in the best interest of the Regional Sewerage System. (Amended April 12, 1984)

Section 6. (DELETED April 12, 1984)

Section 7. REGIONAL SEWERAGE SYSTEM

CBMWD shall own and operate a Regional Sewerage System for the transmission, treatment and disposal of sewage delivered by the Contracting Agencies. The Regional Sewerage System, including any interests or capacity rights of CBMWD in facilities owned, controlled or operated by others, shall be as shown or described in the Chino Basin Regional Sewerage Plan, as provided in the Capital Outlay Ordinance, Ordinance No. 24 of CBMWD, a copy of which is attached hereto as Exhibit "B", or any amendment thereof.

Since August 14, 1972 CBMWD has proceeded with the construction of regional treatment, disposal and transmission facilities shown and described in the said Chino Basin Regional Sewerage Plan and shown on the map attached hereto as Exhibit "E". Future construction and expansion of said Regional Sewerage System facilities will be required to meet the needs of the Contracting Agencies and shall be funded as provided in Section 9 hereof.

CBMWD shall pay all costs and expenses incurred in the acquisition, construction, maintenance, and operation of the Regional Sewerage System. Each Contracting Agency shall, as provided in Section 17 hereof, pay to CBMWD service charges representing a pro rata share of all net audited costs incurred by CBMWD in the maintenance and operation of the Regional Sewerage System, and each Contracting Agency shall contribute

Supplemental Capital Outlay Funds to CBMWD for the improvement and expansion of the Regional Sewerage System as provided in Section 9 hereof. (Amended April 12, 1984)

Section 8. DISPOSAL OF SEWAGE BY CBMWD'S NON-RECLAIMABLE WASTE DISPOSAL SYSTEMS

CBMWD may provide for the transmission, treatment and disposal of any sewage delivered by a Contracting Agency either by means of the Regional Sewerage System, CBMWD's existing Nonreclaimable Waste Disposal System or any other nonreclaimable waste disposal system which CBMWD may hereafter own or have an interest in. For the purpose of this contract, sewage delivered into a Nonreclaimable Waste Disposal System by a Contracting Agency shall be deemed delivered into the Regional Sewerage System and the Contracting Agency shall be liable only for payment of the service charges hereinafter provided for. To the extent that sewage of any Contracting Agency is transmitted, treated and disposed of by means of a Nonreclaimable Waste Disposal System, a portion of the costs of the maintenance and operation of that system shall be included in the net audited costs of the maintenance and operation of the Regional Sewerage System and in the service charge rate as provided in Section 17 hereof. Such portion shall include: (i) charges actually paid or incurred by CBMWD to any person or public or private entity providing for the further transmission, treatment and disposal of the sewage delivered by a Contracting Agency and (ii) a pro rata share of the total costs of maintenance and operation of

those parts of the Nonreclaimable Waste Disposal System actually used by CBMWD for the transmission of said sewage to the person or public or private entity providing for the further transmission, treatment, and disposal thereof. Said pro rata share shall be in the proportion that the quantity of sewage delivered into the Nonreclaimable Waste Disposal System by all Contracting Agencies bears to the total quantity of all sewage and nonreclaimable industrial wastes delivered by CBMWD to the person or public or private entity providing for the further transmission, treatment, and disposal thereof.

Any capital costs associated with the disposal of Regional Sewerage System sewage through a Nonreclaimable Waste Disposal System, including the cost of acquiring permanent capacity or usage rights in Nonreclaimable Waste Disposal System facilities, shall be funded as provided in Section 9 hereof.
(Amended April 12, 1984)

Section 9. CAPITAL FINANCING OF REGIONAL SEWERAGE
SYSTEM

A. General

The Regional Sewerage System and any improvement or expansion of that system will provide benefits to the entire territory served by that system in that the entire territory will be benefited by the protection of public health, the protection of the quality of water sources, the improvement of water management through integrated use of all sources of water supply, including sewage treatment plant effluent, the

improvement of general conditions for individual, residential, commercial and agricultural development and the reduction in costs for the transmission, treatment, and disposal of sewage by the pro rata sharing of all costs incurred by CBMWD in the maintenance and operation of the Regional Sewerage System.

The acquisition, construction, improvement and expansion of the Regional Sewerage System shall be financed with Improvement District "C" real property tax revenues, revenues from sewage service standby or availability charges levied by the Board of Directors of CBMWD, grants and other financial assistance which may be available from any federal, state, local or other source and Supplemental Capital Outlay Funds contributed by the Contracting Agencies.

B. Improvement District "C" - Acquisition From Original Contracting Agencies and Expansion of Regional Sewerage System

CBMWD has heretofore initiated and completed proceedings under the provisions of Part 8 (commencing with Section 72000) of Division 20 of the Water Code for the formation of Improvement District "C" for the purpose of (i) acquiring certain existing sewage facilities for the Regional Sewerage System from some of the Contracting Agencies, (ii) the expansion of that system, and (iii) levying and collecting taxes in said improvement district for payment of the costs and expenses of the foregoing. The boundaries of Improvement

District "C" are shown on Exhibit "D" attached hereto and made a part hereof.

C. Acquisition of Sewage Treatment Plants and
Interceptor Sewers of Other Sewage Collection Agencies;
Annexation to Improvement District "C"

Upon obtaining the written approval of all Contracting Agencies, other than the State of California, CBMWD may acquire all or any part of any existing sewage treatment and disposal plant or interceptor sewers owned by any sewage collection agency and all such property, upon its acquisition, shall become a part of the Regional Sewerage System.

Any agreement by CBMWD for the acquisition of any existing sewage treatment and disposal plant or interceptor sewer, as part of the Regional Sewerage System, shall provide for either the annexation of the area benefited by said existing facilities to Improvement District "C" or sewer service under provisions of Section 12 hereof for the benefited area, and for the designation of the Contracting Agency which shall be responsible for the operation of the Community Sewer System within said area. CBMWD agrees that if it initiates and conducts proceedings for the annexation of such territory to Improvement District "C", the Contracting Agency responsible for the operation of the Community Sewer System therefore shall be liable as a condition of annexation for payment of (i) all costs

and expenses incurred by CBMWD incident to such annexation proceedings, including legal and engineering fees, reproduction, publication, mailing, administration any other related costs and expenses, (ii) capital outlay charges and extraordinary capital outlay charges, as provided for in Section 12 hereof, and (iii) Capital Capacity Reimbursement Payments which would have been payable or credited to the Contracting Agency's Capital Capacity Reimbursement Account if the annexed territory had been part of said improvement district from its formation. The total of such charges and payments shall be adjusted for the present value of the sewage facilities acquired by CBMWD. All such payments received by CBMWD pursuant to this part C shall be credited to the Regional Wastewater Capital Improvement Fund.

D. Improvement District "C" Taxes; Sewage Service Standby or Availability Charges

The primary source of financing the acquisition, improvement and expansion of the Regional Sewerage System shall be CBMWD's share of the property tax revenues allocated each fiscal year by the County Auditor of the County of San Bernardino to CBMWD for Improvement District "C". Upon receipt, CBMWD shall deposit or credit the total amount of such property tax revenues in or to the Regional Wastewater Capital Improvement Fund and all such amounts together with all interest earned thereon shall be available to and utilized by CBMWD solely for the purpose of financing the acquisition, improvement

and expansion of the Regional Sewerage System.

The Board of Directors of CBMWD may fix, levy, and collect sewage service standby or availability charges for the propose of financing the acquisition, improvement and expansion of the Regional Sewerage System. When collected, such charges shall be deposited in or credited to the Regional Wastewater Capital Improvement Fund and use for the aforesaid purpose. Any ordinance or any amendment of an ordinance imposing such charges shall be adopted by the Board of Directors of CBMWD in the manner provided in section 5 of the Capital Outlay Ordinance, or any amendment thereof, and the applicable provisions of the Municipal Water District Act of 1911, Division 20 of the Water Code. Notwithstanding the preceding provisions of this paragraph, upon receiving written request from a majority of the Contracting Agencies for the levy and collection by CBMWD of such sewage service standby or availability charges, the Board of Directors of CBMWD shall initiate the proceedings necessary for the fixing, levying and collection of such charges; provided that the Board of Directors of CBMWD may, after the public hearing on the fixing, levying and collection of such charges, elect not to fix, levy and collect such charges if it determines in its sole discretion that such an election is in the best interest of the Contracting Agencies and CBMWD.

E. Capital Capacity Reimbursement Account and Capital Capacity Reimbursement Payments

1. General

For the purpose of providing Supplemental Capital Outlay Funds to CBMWD, each Contracting Agency shall establish and maintain throughout the term of this Contract a Capital Capacity Reimbursement Account to which the Contracting Agency shall deposit or credit its Capital Capacity Reimbursement Payments. The amounts so deposited or credited by a Contracting Agency to its said account shall be used by the Contracting Agency only for the purpose of providing Supplemental Capital Outlay Funds to CBMWD; provided that interest earned on such amounts shall not be so restricted and may be used by the Contracting Agency for any lawful purpose. The source of Capital Capacity Reimbursement Payments shall be at the discretion of each Contracting Agency.

2. Capital Capacity Reimbursement Payments

Each Contracting Agency shall have deposited or credited to its Capital Capacity Reimbursement Account a Capital Capacity Reimbursement Payment for each connection which has been or will be made to its Community Sewer System or for each change in use of an existing commercial or industrial connection in an amount determined as follows:

(a) Prior to July 1, 1984:

(1) \$950 for each newly constructed, Residential Unit which is connected to the Contracting Agency's Community Sewer

System after July 1, 1979, not including, however, any such units which are replacements for similar units which were connected to said system.

(2) For each newly constructed Commercial Unit or Industrial Unit which is connected to the Contracting Agency's Community Sewer System after January 1, 1980, the amount of such payment shall be \$150 plus \$30 per fixture unit as defined in the Uniform Plumbing Code and \$0.50 per gallon estimated sewage flow in excess of 3,000 gallons per day up to a maximum of 15,000 gallons per day; provided that for any such unit or use having an estimate sewage flow in excess of 15,000 gallons per day, the amount of the Capital Capacity Reimbursement Payment therefore shall be determined by the Regional Technical Committee and approved by CBMWD.

(b) After the date set forth in paragraph (a) above the amount of the Capital Capacity Reimbursement Payment for each new connection to a Contracting Agency's Community Sewer System and for each change in use of any existing Commercial Unit or Industrial Unit which results in an increase in volume or strength of sewage therefrom shall be determined by computing the number of Equivalent Dwelling Units therefor as provided in Exhibit "J" attached hereto and made a part hereof and applying the then current Capital Capacity Reimbursement Payment amount as established by the Regional Policy Committee to each such EDU.

Notwithstanding the preceding provisions of this subpart 2, the amount which a Contracting Agency is required to have deposited in or credited to its Capital Capacity Reimbursement account for any such new connection or change of use shall be reduced by payments, if any, made by the Contracting Agency to CBMWD for the new connection or change of use under either of the following agreements: The agreement entitled "Agreement to Increase Capacity of Regional Plant No. 2 of the Chino Basin Municipal Water District", entered into on May 26, 1979, between CBMWD, City of Chino and the County of San Bernardino or the agreement entitled "Agreement for Interim Sewage Treatment Plant between Chino Basin Municipal Water District and the Cities of Upland and Ontario and the Cucamonga County Water District," entered into on January 23, 1979.

A Capital Capacity Reimbursement Payment shall be deposited or credited to a Contracting Agency's Capital Capacity Reimbursement Account for such a new connection or change of use at the time of the issuance of a building permit or a sewer connection permit, whichever is issued earlier, or for changes in the use of existing Commercial Units and Industrial Units, the permit required therefor.

3. Capital Capacity Reimbursement Reports

(a) Each Contracting Agency shall report monthly to CBMWD, at such time as CBMWD shall designate, the balance of the funds in its Capital Capacity Reimbursement Account as of the last day of the preceding month. Such monthly reports shall be

in writing and shall also contain the number of building permits and sewer permits which were issued in the Contracting Agency's Service Area during the preceding month and estimated volume of sewage flows for all residential, commercial and industrial connections within the Contracting Agency's Service Area for the current month and the cumulative total thereof. Commercial and industrial sewer connection permits shall be listed by individual permit with the number of fixture units and expected volume and strength of sewage for each permit.

(b) CBMWD shall maintain a summary accounting of the Capital Capacity Reimbursement Account reserves of all Contracting Agencies and shall make written quarterly reports to the Contracting Agencies on or before January 15, April 15, July 15 and October 15 of each fiscal year which shall include: (i) the amounts of the Capital Capacity Reimbursement Account reserves of all Contracting Agencies as of the last day of the second month of the preceding quarter (i.e., November 30, February 28, May 31 and August 31, respectively), (ii) the amount of the Regional Wastewater Capital Improvement Fund reserves as of the last day of the preceding quarter (i.e., the preceding three calendar months), (iii) a summary of all expenditures from said fund during the preceding quarter for each Regional Sewerage System capital improvement project then in progress, (iv) an estimate of the amounts to be expended from said fund for each such project during the quarter then commencing or in progress (the "current quarter"), (v) the

estimated amount of Supplemental Capital Outlay Funds, if any, which it will be necessary for the Contracting Agencies to contribute to CBMWD during the current quarter in order to provide a working capital balance in said fund which shall not exceed \$1,000,000 on the last day of the second month of the quarter next succeeding the current quarter (i.e., May 31, August 31, November 30 and February 28, respectively), and (vi) the amount, if any, of the contribution of Supplemental Capital Outlay Funds for each Contracting Agency for the current quarter, determined as provided in subparts 5 and 6 of this part E.

4. Determination of Demand Deficits

Annually at the time of the preparation of each Ten-Year Forecast, pursuant to Section 9A hereof, CBMWD shall determine each Contracting Agency's Demand Deficit, if any. The determination of Demand Deficits pursuant to this subpart is for the sole purpose of allocating shortages in Supplemental Capital Outlay Fund payments as provided in subpart 6 of this part E. Except as provided in said subpart 6, such determinations shall not result in the creation of an obligation or indebtedness on the part of any Contracting Agency to CBMWD or other Contracting Agencies.

5. Supplemental Capital Outlay Fund Payments

On July 15, October 15, January 15, and April 15 of any fiscal year CBMWD may require payment by each Contracting Agency from its Capital Capacity Reimbursement Account of

Supplemental Capital Outlay Funds for the planning, design and construction of Regional Sewerage System capital improvement projects in the amount, if any, set forth for the Contracting Agency in the quarterly report due from CBMWD on such date. Upon receiving such a demand from CBMWD each Contracting Agency shall pay the amount demanded to CBMWD within 45 days of receipt of such demand. The amount of each Contracting Agency's proportionate share of the total amount of Supplemental Capital Outlay Funds demanded by CBMWD from all Contracting Agencies shall be determined based on the percentage which the amount of Supplemental Capital Outlay Funds demanded by CBMWD from all Contracting Agencies is to the total amount of the current Capital Capacity Reimbursement Account reserves of all Contracting Agencies set forth in the quarterly report upon which the demand is based. The amount demanded by CBMWD from each Contracting Agency on any such date shall be an amount determined by applying the percentage thus obtained to the balance of the reserves, not including interest, in the Contracting Agency's Capital Capacity Reimbursement Account set forth in the quarterly report upon which the demand is based. All amounts received by CBMWD from the Contracting Agencies as Supplemental Capital Outlay Funds shall be deposited in or credited to the Regional Wastewater Capital Improvement Fund. All such amounts together with all interest earned thereon shall be available and utilized by CBMWD solely for the purpose of financing the acquisition, improvement and expansion of the

Regional Sewerage System.

6. Allocation of Supplemental Capital Outlay Fund Shortages

If at the time of any demand by CBMWD for Supplemental Capital Outlay Funds, pursuant to subpart 5 of this part E, there are not sufficient funds deposited or credited to the Capital Capacity Reimbursement Accounts of all Contracting Agencies to pay the full amount of the demand, each Contracting Agency which has a Demand Deficit shall pay to CBMWD the full balance then deposited or credited to its Capital Capacity Reimbursement Account plus an amount determined based on the percentage which the amount of its Demand Deficit is of the total Demand Deficit for all Contracting Agencies. The amount to be paid by each such Contracting Agency shall be determined by multiplying the difference between the Supplemental Capital Outlay Fund demand and the total amount of the Capital Capacity Reimbursement Account balances of all Contracting Agencies by the percentage thus determined. (Amended April 12, 1984)

F. Investment of Regional Wastewater Capital Improvement Fund

All amounts deposited or credited to the Regional Wastewater Capital Improvement Fund shall be invested by CBMWD in a prudent manner in accordance with sound investment practices for the investment of public funds and pursuant to Section 53635 and 53651 of the Government Code. All earnings from such investments shall remain in the Regional Wastewater

Capital Improvement Fund and shall be reinvested and used solely for the purpose of financing the acquisition, improvement and expansion of the Regional Sewerage System.

Section 9A. FORECASTING AND PLANNING

A. Contracting Agency Reports

1. Annual Forecast

Prior to January 15, of each year, each Contracting Agency shall submit to CBMWD an updated forecast of its Capacity Demand for the succeeding ten fiscal years, which shall contain in a format required by CBMWD an estimate of the annual increase in volume of combined residential, commercial and reclaimable domestic strength industrial sewage to be delivered from the Contracting Agency's Community Sewer System into the Regional Sewerage System for each such year and the number of Equivalent Dwelling Units associated with such estimated volume.

2. Monthly Reports

On such date as CBMWD may designate, each Contracting Agency shall submit to CBMWD monthly reports of sewerage building activity. Each such report shall contain the following information in a format which will allow tracking through the development process:

(a) The number of building permits issued during the month for structures which will contribute sewage to the Regional Sewerage System;

(b) Estimate volume of sewage and EDUs for such building permits;

(c) The tract number and number of lots for each tentative tract map approved during the month;

(d) The tract number and number of lots or dwelling units for each final tract map recorded during the month;

(e) The number of final inspections or certificates of occupancy issued during the month for structures which will contribute sewage to the Regional Sewerage System;

(f) The estimate volume of sewage and EDUs for all such structures.

B. CBMWD Reports

1. Ten-Year Forecast

Prior to April 1 of each year, CBMWD shall prepare and deliver to the Regional Technical Committee and the Regional Policy Committee a ten-year forecast of the Capacity Demands of all Contracting Agencies and a forecast of the dates of commencement and completion of the design and construction of capital improvement projects which will be necessary to enable the Regional Sewerage System to meet the forecasted Capacity Demands of all Contracting Agencies. Such forecasts, hereinafter referred to as the "Ten-Year Forecast," shall include:

(a) Estimates for each Regional Treatment Plant of the Capacity Demand of each Contracting Agency which receives sewerage service thereat as of June 30 of each year;

(b) An estimate of the amount of existing unused capacity for each Regional Treatment Plant as of July 1 of each year;

(c) Projected dates for the commencement and completion of design and construction of capital improvement projects necessary to meet forecasted Capacity Demands;

(d) An estimate of the amount of capacity to be added by each such project;

(e) Projected annual expenditures for the design and construction of such projects;

(f) The current balance of funds in the Regional Wastewater Capital Improvement Fund and an estimate for each year identified by source of the amount to be deposited into said fund;

(g) Current reserves in the Capital Capacity Reimbursement Accounts of all Contracting Agencies;

(h) The estimate Supplemental Capital Outlay Funds to be contributed by each Contracting Agency to CBMWD for each fiscal year included in the Ten-Year Forecast;

(i) The Demand Deficit, if any, of each Contracting Agency;

(j) A recommendation as to whether the amount of the Capital Capacity Reimbursement Payment should be increased or decreased and, if so, the amount of increase or decrease.

2. Mid-Year Report as to Financial Requirements

Prior to October 1 of each year, CBMWD shall prepare

and submit to the Regional Technical Committee and the Regional Policy Committee for review and comment a report as to the progress and status of the design and construction of capital improvement projects. Said report shall also contain revisions or current information regarding the matters referred to in subparagraphs (a), (b), (e), (g), (i) and (j) of subpart 1 of this part B.

3. Review by Regional Policy Committee

A. Ten-Year Forecast

Within 45 days after receipt from CBMWD of a Ten-Year Forecast, the Regional Policy Committee shall prioritize the capital improvement projects recommended therein and make such further recommendations to CBMWD as it deems appropriate. Capital improvement projects shall be prioritized based on the Forecasted Demands for all Contracting Agencies who do or will receive sewerage service therefrom or thereat as of the end of the third fiscal year included in the Ten-year Forecast, and facilities having the highest ratio of forecasted rates of flow to rated capacity shall be given the highest priority. Interceptor sewers shall be considered to be at 100 percent of capacity when the forecasted rate of flow therein will result in a depth of flow therein of three-fourths of the pipe diameter thereof; sewage treatment and disposal plants shall be considered to be 100 percent of capacity when the projected rate of flow into the plant will exceed 80 percent of the rated capacity thereof as determined by the Regional Technical

Committee. The prioritization of the Regional Policy Committee shall be binding upon CBMWD, and CBMWD shall follow the recommendations of the Regional Policy Committee with respect to scheduling of design and construction of prioritized capital improvement projects unless the Board of Directors of CBMWD determines, based on specific findings, that the Regional Policy Committee's recommended schedule for design and construction would impair its ability to operate the Regional Sewerage System or would impose unreasonable burdens upon it with respect to construction supervision or administration or financing of Regional Sewerage System capital improvement projects or unless a Contracting Agency objects in writing to the recommendations of the Regional Policy Committee. In the event of such a determination by CBMWD's Board of Directors or such a written objection, the hearing procedures set forth in Section 26A hereof shall apply and CBMWD's Board of Directors shall not make a final determination with respect to the Regional Policy Committee's recommendation until such hearing procedures have been completed.

B. Mid-Year Reports

Within 45 days after receipt from CBMWD of a mid-year report as provided in subpart 2 of this part B the Regional Policy Committee may but need not make recommendations or comments to CBMWD with respect thereto. CBMWD's Board of Directors shall follow the recommendations of the Regional Policy Committee with respect to such reports unless it

determines, based on specific findings, that to do so would impair its ability to operate the Regional Sewerage System or impose unreasonable burdens with respect to the timing of design and construction or financing of design and construction of Regional Sewerage System capital improvement projects or unless a Contracting Agency objects thereto in writing. In the event of such a determination by said Board of Directors or the filing of such a written objection, the hearing procedures set forth in Section 26A hereof shall apply and CBMWD's Board of Directors shall not make a final determination with respect to the Regional Policy Committee's recommendations until such hearing procedures have been completed.

C. Determination of Capital Capacity Reimbursement Amount; Amendment of Exhibit "J"

The Regional Policy Committee may prior to July 1 or January 1 of any year determine to increase or decrease the amount of the Capital Capacity Reimbursement Payment to be deposited or credited by the Contracting Agencies to their Capital Capacity Reimbursement Accounts for all new connections to their Community Sewer Systems based upon the estimated financial requirements set forth in a Ten-Year Forecast or mid-year report received from CBMWD. Prior to either of said dates, the Regional Policy Committee may also determine to modify the table and formulae set forth in Exhibit "J" hereto for determining Equivalent Dwelling Units and the amount of Capital Capacity Reimbursement Payment for new connections to Community

Sewer Systems. If the Regional Policy Committee determines that it is necessary to increase or decrease the amount of such payment or to modify such formulae, or both, the chairman of said committee shall communicate such determination or determinations in writing to the Board of Directors of CBMWD, and upon receiving such a communication, said Board of Directors shall adopt a resolution implementing the increase or decrease in the amount of Capital Capacity Reimbursement Payment and the modification of said table and formulae or both, and setting forth the date when such increase or decrease or such modification or both will become effective. Such a determination or determinations by the Regional Policy Committee and the adoption of such a resolution by the Board of Directors of CBMWD shall be binding on all Contracting Agencies, and they shall expeditiously implement the resulting change in the amount of Capital Capacity Reimbursement Payment by appropriate legislative and administrative action.

D. Reclaimable Industrial Waste

No allowance shall be made in Contracting Agency reports submitted to CBMWD pursuant to part A of this section or in any Ten-Year Forecast for any expected increase in the volume or strength of sewage attributable to proposed new industrial connections to Community Sewer Systems which are expected to discharge more than 15,000 gallons per day of reclaimable domestic strength industrial waste. All such proposed new

connections shall be reviewed by CBMWD and the Regional Technical Committee on a case-by-case basis to determine whether the waste to be discharged therefrom shall be taken into the Regional Sewerage System and the appropriate connection point' provided that, CBMWD and the Regional Technical Committee shall not disapprove such an industrial connection to a Contracting Agency's Community Sewer System unless it is determined by CBMWD or said committee that the sewage to be discharged there from will not meet the quality standards set forth by CBMWD, or will adversely affect the ability of the Regional Treatment Plant where the sewage therefrom will be treated to meet the Forecasted Demands of other Contracting Agencies which also receive sewerage service thereat, or will result in the effluent from said plant violating the waste discharge requirements prescribed for said plant by the California Regional Water Quality Control Board. (Amended October 19, 1994)

E. Forecast for Purposes of Determining Demand Deficits

Notwithstanding the preceding provisions of this section, for purposes of determining the Demand Deficits, if any, of the Contracting Agencies, as provided in subpart 4 of part E of Section 9 hereof, the Forecasted Demand for each Contracting Agency for each of the initial two years of each Ten-Year Forecast shall be deemed to be the same as was set forth for each of said years in the preceding Ten-Year Forecast. CBMWD shall set forth separately in each Ten-Year Forecast the

Forecasted Demand for each Contracting Agency for the initial two years thereof, determined as in this part provided. Said portion of each such Ten-Year Forecast shall be applicable only for purposes of determinations to be made pursuant to said subpart 4 and for no other purpose. Notwithstanding the preceding provisions of this part E, if in this most recent Annual Forecast, pursuant to subpart 1 of part A of this Section 9A, preceding the preparation of any Ten-Year Forecast a Contracting Agency has increased its Forecasted Demand for either of the initial two years of the Ten-Year Forecast over the Forecasted Demand set forth in the preceding Ten-Year Forecast, the Forecasted Demand for that Contracting Agency for each of such initial two years of the Ten-Year Forecast then begin prepared shall be the increased Forecasted Demand set forth therefor in the Contracting Agency's said Annual Forecast. (Added April 12, 1984)

Section 9B. AVAILABLE SEWERAGE CAPACITY

A. Monitoring and Reports

To ensure that available unused capacity in the Regional Sewerage System is and will be utilized to provide sewerage service to the Contracting Agencies based on their Forecasted Demands contained in the Ten-Year Forecasts, and that no Contracting Agency is deprived of sewerage service based on its Forecasted Demand as the result of any other Contracting Agency or Contracting Agencies utilizing capacity of the Regional Sewerage System substantially in excess of its or their

Forecasted Demand or Demands, respectively, CBMWD shall, at intervals not exceeding 60 days in duration, determine the quantity of sewage entering the Regional Sewerage System from the Community Sewer System of each Contracting Agency. On or before March 1 and September 1 of each fiscal year CBMWD shall submit to the Regional Policy Committee a written report regarding the relationship between the actual Capacity Demand of each Contracting Agency and the Contracting Agency's Forecasted Demand for the fiscal year.

B. New Connections

So long as the Capacity Demand of a Contracting Agency does not at any time in any fiscal year exceed its Forecasted Demand for the year by more than 15 percent or 100,000 gallons per day, whichever is greater, or if said 15 percent exceeds 200,000 gallons per day, the Contracting Agency may allow new connections to its Community Sewer System without restriction. However, if at any time during any fiscal year the Contracting Agency's Capacity Demand exceeds its Forecasted Demand for the year by more than 15 percent or 100,000 gallons per day, whichever is greater, or if said 15 percent exceeds 200,000 gallons per day, the Contracting Agency shall not allow further connections to its Community Sewer System until and unless it is determined by CBMWD that the Contracting Agency's Capacity Demand no longer so exceeds its Forecasted Demand.

C. Transfer of Capacity Demand

Notwithstanding the provisions of part B of this section, a Contracting Agency whose Capacity Demand exceeds its Forecasted Demand by more than 15 percent or 100,000 gallons per day, whichever is greater, or if said 15 percent exceeds 200,000 gallons per day ("Exceeding Contracting Agency"), may continue to allow new connections to its Community Sewer System if it receives a transfer of a portion of the Forecasted Demand of a Contracting Agency which receives sewerage service at the same Regional Treatment Plant and whose Capacity Demand is more than 15 percent or 100,000 gallons per day, whichever is greater, less than its Forecasted Demand. In the event of such a transfer, the portion of the Forecasted Demand of the transferring Contracting Agency to be transferred shall be deducted from the Forecasted Demand of the transferring agency and added to the Forecasted Demand of the Exceeding Contracting Agency for purposes of determining whether the Exceeding Contracting Agency's Capacity Demand will continue to exceed its Forecasted Demand by more than 15 percent or 100,000 gallons per day, whichever is greater, or if said 15 percent exceeds 200,000 gallons per day. Such transfers of Forecasted Demand between Contracting Agencies shall become effective upon the filing with CBMWD of a written agreement between the affected Contracting Agencies. A transferring Contracting Agency shall not receive

any payment or other consideration from the Exceeding Contracting Agency for the transfer of Forecast Demand.

D. Policy Committee Review

If CBMWD determines that a Contracting Agency's Capacity Demand is exceeding the Contracting Agency's Forecasted Demand for the fiscal year by more than 15 percent or 100,000 gallons per day, whichever is greater, or if said 15 percent exceeds 200,000 gallons per day, or if a Contracting Agency determines at any time that its Capacity Demand will so exceed its Forecasted Demand, the Contracting Agency may request the Regional Technical Committee and the Regional Policy Committee to determine whether because of Regional Sewerage System capital improvement projects then under construction or the construction of which will be commenced within the next six months, it can nevertheless be allowed to continue to make new connections to its Community Sewer System without affecting the availability of capacity in the Regional Treatment Plant where it receives sewerage service for other Contracting Agencies which also receive such service at such plant.

Such a request shall be made in writing and copies thereof shall be delivered to CBMWD and all Contracting Agencies. Upon receipt of any such written request, the Regional Technical Committee shall conduct an investigation and make recommendations to the Regional Policy Committee as to whether or not because of such current and pending Regional

Sewerage System capital improvement projects the Contracting Agency requesting the determination may be allowed to continue to make new connections to its Community Sewer System without affecting the availability of capacity in the Regional Treatment Plant where it receives sewerage service for other Contracting Agencies.

The Regional Policy Committee shall upon the basis of such recommendation determine whether or not the Contracting Agency requesting the determination should be allowed to continue to make new connections to its Community Sewer System and make a recommendation thereon to CBMWD; provided that, CBMWD shall not allow a Contracting Agency requesting such a determination to make new connections to its Community Sewer System at any time after its Capacity Demand exceeds its Forecasted Demand for a fiscal year by more than 15 percent or 100,000 gallons per day, whichever is greater, or if said 15 percent exceeds 200,000 gallons per day, if the Regional Policy Committee recommends against such new connections unless, following a hearing conducted pursuant to the provisions of Section 26A hereof, the Board of Directors of CBMWD determines by resolution containing specific findings that because of such current and pending Regional Sewerage System capital improvement projects the Contracting Agency should be allowed to continue to make new connections to its Community Sewer System. (Added April 12, 1984)

Section 9C. MAJOR CONSTRUCTION CONTRACTS

A. Construction Contracts

CBMWD shall not proceed with the award of a construction contract for a budgeted Regional Sewerage System capital improvement project which will involve an expenditure in excess of \$1,000,000 without the approval of the Regional Policy Committee. (Such projects are hereinafter referred to as "Major Projects.") To assist in the Regional Policy Committee's review of Major Projects, CBMWD shall prepare and submit to the Regional Policy Committee a short-term financial forecast for each Major Project which shall cover the anticipated duration of the project. The forecast shall include and consider current building and sewer connection activity as reported by each Contracting Agency, Regional Wastewater Capital Improvement Fund and Capital Capacity Reimbursement Account balances and other relevant data requested by the Regional Policy Committee. The Regional Policy Committee shall meet to approve or disapprove any Major Project within 45 days after receipt of the completed short-term financial forecast therefor. Such approval or disapproval shall be based on the availability of Regional Wastewater Capital Improvement Fund and Capital Capacity Reimbursement Account balances to finance the construction of the project.

B. Design Contracts

1. Prioritized Projects

CBMWD shall not award a contract for the design of any Major Project which has not been prioritized by the Regional Policy Committee pursuant to subpart 3 of part B of Section 9A hereof.

2. Selection of Design Engineers

Before proceeding with the design of any Major Project, CBMWD shall prepare and issue requests for proposals to qualified engineering firms experienced in the design of wastewater facilities. The Regional Technical Committee shall review all proposals received and, within 45 days after receipt thereof, deliver to CBMWD an unranked recommended list of no less than three (3) qualified engineering firms. CBMWD shall select the design engineer from the committee's recommended list. Upon failure of the Regional Technical Committee to deliver such a listing to CBMWD within 45 days after receipt of the proposals for the design of a project, CBMWD may select any qualified engineering firm submitting a proposal as the design engineer.

3. Design Review

CBMWD shall keep the Regional Technical Committee fully informed of the progress and details of design of all Major Projects through three (3) formal meetings with the design engineer and periodic progress reports by CBMWD. The three formal meetings shall occur:

(a) The first meeting shall occur within thirty (30) days after the design engineer is given notice to proceed. At that meeting the general details of design shall be discussed and agreed upon by the committee and the design engineer.

(b) The second meeting shall occur upon the completion of 10 percent of the design work. At that meeting the design engineer shall have completed and submit to the committee an analysis of unit process requirements and sizing, preliminary layouts and flow sheets, and a preliminary estimate of construction cost. Based on the discussion at this meeting, the design engineer shall prepare and deliver to the committee a written report, which shall when agreed to by the committee, serve as the basis for final design.

(c) The third meeting shall occur upon the completion of 60 to 70 percent of the design work and shall be for the purpose of an in depth review by the committee. (Added April 12, 1984)

Section 10. (Deleted April 12, 1984)

Section 11. AVAILABILITY OF REGIONAL SYSTEM;
CBMWD'S PERFORMANCE

A. Contracting Agencies

The services and facilities of the Regional Sewerage System shall be available to any property within Improvement District "C," subject to such terms and conditions as may be prescribed by a Contracting Agency for connection to its Community Sewer System.

B. Other Sewage Collection Agencies

CBMWD shall not make the services and facilities of the Regional Sewerage System available, other than on a temporary, emergency basis, to any sewage collection agency which is not a party to a Service Contract until such agency has entered into a service contract. Any Contracting Agency may restrain violations of the provisions of this part B by mandamus, injunction or other appropriate remedy.

C. CBMWD's Performance

CBMWD shall exert every reasonable effort to insure that capital improvement projects necessary to enable the Regional Sewerage System to meet the Forecasted Demands of all Contracting Agencies are planned, designed and constructed in a timely manner and so that the Regional Sewerage System will at all time be able to provide for the Capacity Demands of all Contracting Agencies. The Contracting Agencies recognize that the timing of the planning, design and construction of such capital improvement projects is largely dependent upon the Contracting Agencies making reasonable accurate projections of increased connections to and usage of their Community Sewer Systems. (Amended April 12, 1984)

Section 12. EXTRA-TERRITORIAL SEWER SERVICE

A. Service Outside the Boundaries of CBMWD and Improvement District "C"

1. Upon the Effective Date of a Service Contract

Any Contracting Agency which, upon the effective date

of the Service Contract with that agency, was furnishing sewer service to any territory outside the boundaries of CBMWD and Improvement District "C," may continue to furnish such service and shall be entitled to the services and facilities of the Regional Sewerage System for that purpose. Each Contracting Agency providing sewer service to any such outside territory shall file a map or maps with the secretary of CBMWD showing the boundaries of all such territory.

2. After the Effective Date of a Service Contract

Any Contracting Agency, after the effective date of the Service Contract with that agency, may furnish sewer service to additional territory outside the boundaries of CBMWD and of Improvement District "C." Prior to furnishing such sewer service, the Contracting Agency shall file a written request with CBMWD. Upon receipt of such a written request, CBMWD shall notify all other Contracting Agencies in writing of the receipt of the request. At the written request of any Contracting Agency, CBMWD shall schedule a hearing on the written request for extra-territorial service, and the hearing shall be conducted by CBMWD in accordance with the hearing procedures set forth in Section 26A hereof; provided that such a request for a hearing must be received by CBMWD within thirty (30) days after the date of CBMWD's written notice of the receipt of the request.

The hearing shall be upon the question of authorizing sewer service to the additional territory. Upon the conclusion

of the hearing, the Board of Directors of CBMWD shall by resolution authorize sewer service to all or any part of the additional territory by the applicant or applicants unless it determines that such service is not in the public interest, in which case the resolution of said Board of Directors shall set forth findings in support of that determination.

B. Annual Capital Outlay Charge for Territory Outside CBMWD and Improvement District "C"

In addition to the payment of service charges, each Contracting Agency providing the services and facilities of the Regional Sewerage System to territory outside CBMWD and Improvement District "C" shall be obligated to pay CBMWD special capital outlay charges for such territory, as provided in subpart 1 or 2 of this part B or both such subparts, if both are applicable. Moneys received by CBMWD in payment of special capital outlay charges shall be deposited or credited to the Regional Wastewater Capital Improvement Fund and utilized, together with all interest earned thereon, solely for the purpose of financing the acquisition, improvement and expansion of the Regional Sewerage System.

1. Annual Capital Outlay Charge

The Contracting Agency shall annually pay CBMWD a special capital outlay charge in an amount equivalent to the amount of the property tax and other revenue which CBMWD would have received during the fiscal year if such property were within Improvement District "C." Such charge shall be payable

by the Contracting Agency during each fiscal year in the amounts and at the times specified by CBMWD.

2. Extraordinary Capital Outlay Charge

If any Contracting Agency furnishes sewer service to any additional territory outside of CBMWD and Improvement District "C" pursuant to subpart 2 of part A of this section after the effective date of the Service Contract with that agency, the Contracting Agency shall pay to CBMWD an extraordinary capital outlay charge with respect to such territory. Such charge shall be in an amount equal to the total of (i) all past capital outlay taxes which would have been imposed by CBMWD prior to July 1, 1978 upon taxable property within such territory had it been subject to taxation by CBMWD for capital outlay taxes under the Capital Outlay Ordinance, (ii) an amount equivalent to the total property tax revenue which would have been received by CBMWD pursuant to Sections 96 through 99 of the Revenue and Taxation Code for all fiscal years subsequent to July 1, 1978, and (iii) and an amount equal to all other revenues which CBMWD would have received had such territory been within Improvement District "C." CBMWD may authorize any extraordinary capital outlay charges to be paid in deferred installments plus interest over a period not exceeding 25 years from the commencement of sewer service to the extra-territorial territory or the unexpired term of this contract, whichever may be the shorter.

C. Capital Capacity Reimbursement Account Payments

If any Contracting Agency furnishes sewer service to any additional territory pursuant to subpart 2 of part A of this section after the effective date of the Service Contract with that agency, the Contracting Agency shall deposit or credit to its Capital Capacity Reimbursement Account a Capital Capacity Reimbursement Payment for each new Residential Unit which was or is connected to its Community Sewer System within that territory subsequent to July 1, 1979 and for each newly constructed Commercial Unit or Industrial Unit which was or is connected to the Community Sewer System within that territory subsequent to January 1, 1980, the amount of which shall be determined as provided in subpart 2 of part E of Section 9 hereof. (Amended April 12, 1984)

Section 13. DELIVERY POINTS: CONNECTION COSTS

Each Contracting Agency shall deliver sewage from its Community Sewer System into the Regional Sewerage System at such delivery points as may, from time to time, be requested by the Contracting Agency and approved by CBMWD. CBMWD shall give the Regional Technical Committee not less than 60 days' written notice of its intention to approve any new delivery point. Upon receipt of a favorable report and recommendation from the committee or upon failure of the committee to report within said 60-day period, CBMWD may authorize the new delivery point. If the Regional Technical Committee recommends against a new delivery point for any Contracting Agency, the Contracting Agency may file a written request for a hearing with the

secretary of the Board of Directors of CBMWD. Upon receipt of such a request, said Board of Directors shall schedule and conduct a hearing in accordance with the provisions of Section 26A hereof. All costs and expenses of making the connection between the Regional Sewerage System and the Community Sewer System of any Contracting Agency shall be borne by the Contracting Agency. (Amended April 12, 1984)

Section 14. DETERMINATION OF SEWAGE DELIVERIES:

COSTS OF MEASURING EQUIPMENT

CBMWD shall determine the amount of sewage delivered to the Regional Sewerage System by all Contracting Agencies and shall maintain accurate and complete records thereof. The amount of sewage delivered to the Regional Sewerage System by each Contracting Agency shall be determined by CBMWD based on a standard daily measurement or contribution per Equivalent Dwelling Unit agreed to from time to time by CBMWD and the Regional Technical Committee.

If required by CBMWD, after recommendation of the Regional Technical Committee, a Contracting Agency shall install, at its expense, and CBMWD shall maintain and operate at its expense, measuring devices and equipment for measuring the flow of sewage from the Contracting Agency's Community Sewer System into the Regional Sewerage System. Prior to installation, CBMWD shall approve the design of such measuring devices and equipment and shall inspect and approve their installation. Such measuring devices and equipment shall be

examined, tested and serviced regularly, but not less than once a year, by CBMWD to insure their accuracy. At any time CBMWD or any Contracting Agency may inspect any such measuring device and equipment and all records and measurements taken therefrom. (Amended April 12, 1984)

Section 15. CONTROL AND DISPOSITION OF SEWAGE:
CONTRACTING AGENCIES RIGHT OF PURCHASE OF TREATED OR
RECLAIMED EFFLUENT

A. General

Subject to the provisions of this Section 15 and Section 16, CBMWD shall have total ownership and control of all sewage delivered into the Regional Sewerage System for the purpose of transmission, treatment and disposal thereof; subject to the right of first purchase by any Contracting Agency, the use of all treated effluent from the Regional Sewerage System shall be within the sole discretion of CBMWD. If any Contracting Agency exercises its right of first purchase of treated effluent, then such agency shall have the total ownership and control of all treated effluent delivered to it and the use thereof shall be within the sole discretion of that agency.

B. Right of Purchase of Treated or Reclaimed
Effluent

Each Contracting Agency, at its option, shall have the right of first purchase of treated or reclaimed effluent under either of the following two alternatives:

1. Each Contracting Agency shall have the right of first purchase of treated effluent, as provided in Section 16 hereof; or

2. Upon written request by any Contracting Agency, CBMWD shall enter into an agreement, substantially similar to Exhibit G, attached hereto and made a part hereof, for reclamation of treated effluent and the right of first purchase of reclaimed effluent. Upon execution by a Contracting Agency of such an agreement and upon the availability to the Contracting Agency of reclaimed effluent pursuant thereto, all or any portion of the disposal costs of the Regional Sewerage System attributable to the disposal of the treated effluent of the Contracting Agency and to the disposal of reclaimed effluent by CBMWD downstream from any CBMWD reclamation facility or facilities reclaiming the treated effluent of the Contracting Agency shall be excluded from the service charge of the Contracting Agency as determined under Sections 17 and 18 hereof, and shall be financed by CBMWD from sources other than service charges, Improvement District "C" tax revenues and Supplemental Capital Outlay Funds. (Amended April 12, 1984).

Section 16. SALE, BENEFICIAL USE OR DISPOSAL OF TREATED EFFLUENT

A. Purchase of Treated Effluent from CBMWD

1. Contracting Agencies: Right of Purchase

Each Contracting Agency shall have the right of first purchase from CBMWD of treated effluent in a total quantity not

exceeding the base entitlement of the Contracting Agency.

2. Base Entitlement of Contracting Agencies

The total base supply of effluent which is subject to the right of first purchase from CBMWD by the Contracting Agencies receiving sewerage service at any Regional Treatment Plant shall be the total quantity of sewage delivered into the Regional Sewerage System by all such Contracting Agencies, measured at the intake point of the Regional Treatment Plant, less normal processing losses resulting from the treatment of sewage. Sewage exported from the Chino Basin by CBMWD pursuant to Section 8 hereof shall not be part of the total base supply.

Each Contracting Agency, including any Contracting Agency whose sewage is exported pursuant to Section 8 hereof, shall have a base entitlement to a portion of the total base supply of effluent, said portion being in the proportion that the quantity of sewage delivered into the Regional Sewerage System by the Contracting Agency bears to the total quantity of sewage delivered into the Regional Sewerage System by all Contracting Agencies.

3. Delivery Points

Unless otherwise agreed by CBMWD, the delivery point or points of any Contracting Agency exercising its rights of first purchase of treated effluent shall be the discharge point or points of each Regional Treatment Plant or any disposal facility of CBMWD which provides further treatment and disposal of wastewater from any Regional Treatment Plant.

4. Exercise of Base Entitlement at Various Discharge Points

If none of the sewage collected by a Contracting Agency is exported pursuant to Section 8 hereof, the base entitlement of such agency shall be exercised as provided in paragraph a of this subpart 4. If all of the sewage collected by a Contracting Agency is exported, the base entitlement of such agency shall be exercised as provided in paragraph b of this subpart E. If only a portion of the sewage collected by a Contracting Agency is exported, the portion of the base entitlement of such agency represented by nonexported sewage shall be exercised as provided in said paragraph a and the portion represented by exported sewage shall be exercised as provided in said paragraph b.

The base entitlement of each Contracting Agency shall be exercised in quantities and at delivery points determined as follows:

a. If the sewage collected by a Contracting Agency ("agency sewage") is treated:

(1) At a single Regional Treatment Plant, the total base entitlement of such agency shall be exercised from treated effluent discharge from that plant or any disposal facility of CBMWD providing further treatment and disposal of wastewater from that plant.

(2) At two or more Regional Treatment Plants, the base entitlement of such agency shall be exercised from each such plant in the proportion that the total sewage of the particular agency which is treated at that plant bears to the total sewage of all agencies whose sewage is treated at that plant or any disposal facility of CBMWD providing further treatment and disposal of wastewater from that plant.

b. If all of the sewage collected by a Contracting Agency is exported, the base entitlement of such agency shall be exercised from a pro rata share of treated effluent discharged from each of the Regional Treatment Plants, computed as follows:

(1) Based upon the preceding fiscal year, a determination of the ratio of the total quantity of all agency sewage treated by each Regional Treatment Plant to the total quantity of all agency sewage treated by all such plants or all such plants and any disposal facility of CBMWD providing further treatment and disposal of wastewater from any such plant.

(2) The pro rata share of an exporting agency for each Regional Treatment Plant shall be determined by multiplying the ratio for that plant, computed under (1) above, by the base entitlement of such agency.

5. Delivery Facilities and Costs of Delivery of Treated Effluent

Delivery facilities shall consist of any facilities for the delivery of treated effluent from the point of discharge of any Regional Treatment Plant to the point of use of the effluent. This contract and the service charge provided herein shall not apply to any such delivery facilities or to the financing thereof. CBMWD or any Contracting Agency may, at its own expense, acquire, construct, or make a contribution toward the financing of capital costs and maintenance and operation of any delivery facilities. CBMWD, or any Contracting Agency or Agencies or any combination thereof, may provide for delivery facilities by contract entered into between or among themselves or with any other person or public or private entity.

6. Price for Purchase of Treated Effluent

Any Contracting Agency exercising the right of first purchase of treated effluent shall be entitled to take delivery thereof at no cost, except for the costs of delivery, if any, of CBMWD.

7. Use of Purchased Treated Effluent

Any Contracting Agency exercising its right of first purchase of treated effluent may make any lawful use thereof, including beneficial use, sale, or other disposal and shall be entitled to retain all revenues received by it as a result thereof.

8. Contract for Joint Exercise or Transfer of Rights of First Purchase

Subject to the rights of CBMWD hereunder, any or all of the Contracting Agencies may be contract provided for the joint exercise of any of their respective rights of first purchase of treated effluent or for the sale, exchange or transfer of such rights. Certified copies of all such contracts shall be filed with CBMWD by the parties thereto.

B. Disposition by CBMWD of Unclaimed Treated Effluent

To the extent that any of the Contracting Agencies fail to exercise their respective rights of first purchase of treated effluent, CBMWD may make any lawful use of such effluent, including beneficial use, sale or other disposition inside or outside the Chino Basin; provided, that:

1. CBMWD shall not, for a consideration, sell or otherwise dispose of any treated effluent for beneficial use inside the Chino Basin without review and approval by a majority of the Contracting Agencies; and

2. If CBMWD, for a consideration, sells or otherwise disposes of any treated effluent for beneficial use inside or outside the Chino Basin, any portion of the consideration in excess of CBMWD's net audited costs of reclamation and delivery shall be apportioned and credited:

a. 85% to the Regional Sewerage System Maintenance and Operation Fund, and

b. 15% to the Regional Wastewater Capital Improvement Fund.

C. Measurement of Treated Effluent

CBMWD shall install, maintain, and operate measuring devices and equipment for the measurement of deliveries of treated effluent to the Contracting Agencies at a location or locations mutually agreed upon by CBMWD and the Contracting Agencies. The measuring devices and equipment shall be examined, tested and serviced regularly to insure their accuracy. At any time, CBMWD or any Contracting Agency may inspect any measuring devices and equipment and all records and measurements taken therefrom.

D. Notice of Proposed Delivery

Prior to the commencement of each fiscal year, notice of the delivery of treated effluent shall be given as follows:

1. Request by CBMWD

Between the first day of January and the first day of March of each year, CBMWD shall request each Contracting Agency to provide CBMWD with a schedule of the estimated flow and quantity of treated effluent to be delivered to each person or agency during the next fiscal year and the proposed points of delivery. The rates of flow and quantity shall not exceed the delivery capability of the facilities then in operation.

2. Response by Contracting Agencies

Within 30 days of the date of each such request by CBMWD, each Contracting Agency shall provide CBMWD with the schedule requested pursuant to subpart 1 above; provided that if a Contracting Agency does not intend to exercise its right of first purchase, it need not respond in any manner to CBMWD.

3. Allocation of Treated Effluent

On or before the first day of May of each year, CBMWD shall allocate treated effluent to the Contracting Agencies that have submitted schedules pursuant to subpart 2 above.

4. Additional Allocation of Treated Effluent

At any time during the fiscal year and upon 60 days written notice to CBMWD, a Contracting Agency may apply for the delivery of any treated effluent then available at a rate of flow or quantity greater than that allocated pursuant to subpart 3 above. However, the rates of flow and quantity shall not exceed the delivery capability of the treatment facilities then in operation. (Amended April 12, 1984)

Section 17. SERVICE CHARGES FOR MAINTENANCE AND OPERATION OF THE REGIONAL SEWER SYSTEM

All Contracting Agencies shall pay service charges for all sewage delivered to the Regional Sewerage System. Each Contracting Agencies shall pay its pro rata share of all net audited costs incurred by CBMWD in the maintenance and operations of the system. Net audited costs consist of:

A. Costs of maintenance and operation of all transmission and treatment facilities comprising the Regional Sewerage System and all disposal facilities required for the disposition of any treated effluent discharged from that system; and

B. Any other costs reasonably related to the maintenance and operation of the system; and

C. Based upon generally accepted engineering and accounting principles, reasonable reserves for the estimated costs and expenses of:

1. Replacement of any facilities where the costs and expenses of replacement are customarily considered a part of the costs and expenses of extraordinary maintenance which adds to the normal service life of facilities; and

2. Unforeseen contingencies; and

D. Actual costs and expenses incurred by CBMWD for the transmission, treatment and disposal of any sewage delivered by a Contracting Agency through Nonreclaimable Waste Disposal System of CBMWD as provided for in Section 8 hereof.

(Amended April 12, 1984)

Section 18. SERVICE CHARGE RATE

Concurrently with adoption of the Regional Sewerage System budget, the Board of Directors of CBMWD shall fix the service charge rate for the fiscal year. The rate shall be expressed in dollars and cents for each Equivalent Dwelling Unit (EDU) of sewage and shall be computed by subtracting from the

total estimated maintenance and operation expenses of the Regional Sewerage System the amount of any estimated revenues from the sale of effluent or sludge or other such offsetting revenues, and dividing the difference by the total estimated EDU's of sewage to be delivered into the system, all as set forth in the Regional Sewerage System budget adopted for the fiscal year. The estimated EDU's of sewage delivered into the Regional Sewerage System shall be determined based on a standard daily measurement or contribution of sewage per EDU agreed to from time to time by CBMWD and the Regional Technical Committee.
(Amended April 12, 1984)

Section 19. REGIONAL SEWERAGE SYSTEM BUDGETS

A. Fiscal Year Budgets

For each fiscal year the Board of Directors of CBMWD shall cause to be prepared and shall adopt a Regional Sewerage System budget.

any shortage in the amount of service charges received by CBMWD during such preceding fiscal year less than the cost of maintenance and operation of the Regional Sewerage System for that year which was transferred from said reserve during the year then in progress as a result of the annual audit for such preceding fiscal year;

i. The proportionate amount of any such shortage which will be added to the total service charge of each Contracting Agency for the fiscal year next succeeding the fiscal year then in progress.

For comparative purposes, the amounts and rates set forth in budgets shall be shown as follows:

1. On an actual basis for the second fiscal year preceding that to which the budget is to apply;
2. On an estimated or actual basis for the first fiscal year preceding that to which the budget is to apply;
3. On an estimated basis for the fiscal year to which such budget is to apply;

D. Preparation and Approval of Proposed Budgets

Not later than April 1 of each year, the Board of Directors of CBMWD shall direct its General Manager, or such other person or persons as the Board may designate, to prepare and submit to the Board a proposed budget for the next fiscal year. Upon submission of the proposed budget, the Board of Directors may make changes therein and, not

later than May 1 of each year, shall adopt a resolution declaring its intention to adopt the proposed budget and specifying a time, not earlier than June 1 nor later than June 30, and a place at which the Board of Directors will hold a hearing on the question of the adoption of such budget.

E. Notice and Hearing on Proposed Budget

Immediately after adoption of the resolution of intention, the secretary of CBMWD shall mail a copy of the resolution and the proposed budget to each Contracting Agency and to each member of the Regional Policy Committee. The Regional Policy Committee shall review the proposed budget and, not later than 10 days preceding the date fixed for hearing, shall submit its written report and recommendation thereon to the General Manager of CBMWD and to each Contracting Agency.

At the hearing on the proposed budget, the Board of Directors of CBMWD shall consider the report and recommendations of the Regional Policy Committee and the comments of all interested persons. At any time prior to the adoption of the budget, the Board may make such changes in the proposed budget as it deems advisable.

F. Adoption of Budget and Determination of the Service Charge Rate

Not later than June 30 of each year, the Board of Directors of CMBWD shall by resolution adopt the budget and determine the rate of service charge for the fiscal

year. The several amounts of proposed expenditures specified in the adopted budget shall be deemed appropriated for the fiscal year and for the purposes specified in the budget and the Board of Directors of CBMWD shall be authorized to make expenditures and incur obligations in accordance therewith. The Board of Directors shall alter or adopt the budget in accordance with the report and recommendations of the Regional Policy Committee, unless the Board of Directors, based on specific findings in said resolution, determines that such alteration or adoption impairs CBMWD's ability to operate the Regional Sewerage System. Such resolution shall set forth findings in support of the determinations of the Board of Directors.

If the Board of Directors fails to adopt a budget by June 30 of any fiscal year then, until such time as the Board shall adopt such budget, the budget last adopted and the service charge rate determined therein shall constitute the budget and rate for such fiscal year.

G. Capital Improvement Projects

The several amounts of proposed expenditures specified in the adopted budget for any fiscal year for capital improvements shall be deemed appropriated for the fiscal year and for the projects specified in the budget and the Board of Directors shall be authorized to make expenditures and incur obligations in accordance therewith. In the event that subsequent County Auditor estimates of Improvement District "C"

property tax revenues are received which adversely impact the funding of budgeted capital improvement projects, CBMWD shall initiate a budget review through the Regional Policy Committee and amend the budget as necessary. If the Board of Directors fails to adopt a budget by June 30 of any fiscal year then, until such time as the Board shall adopt such budget, funds necessary to complete capital acquisition and improvement projects initiated as a result of the last approved budget shall be considered appropriate and work in progress continued. No new capital improvement projects shall be initiated prior to adoption of the budget. However, the Contracting' Agencies shall continue to be obligated to make Supplemental Capital Outlay Fund payments to CBMWD pursuant to subpart 5 of part E of Section 9 hereof.

H. Adoption of Separate Budgets

Notwithstanding the preceding provisions of this section, the Board of Directors of CBMWD may elect for any fiscal year to separately prepare and adopt a Capital Improvement Fund Budget and a Maintenance and Operation Fund Budget. If said Board elects to so proceed, each such separate budget shall be prepared in accordance with the provisions of this section which are applicable thereto. Both said budgets shall be processed and adopted in accordance with the procedures and pursuant to the time schedule set forth in parts D, E and F of this section. (Amended April 12, 1984)

Section 20. BILLING AND PAYMENT OF SERVICE CHARGES

A. Monthly Statements of Service Charges

Not later than 15 days after the end of each month, CBMWD shall mail a statement of service charges to each Contracting Agency, setting forth the quantity and Equivalent Dwelling Units of sewage delivered during such month from the Contracting Agency's Community Sewer System into the Regional Sewerage System and the total thereof, the service charge rate applicable thereto and the total service charge due and payable to CBMWD for said month. Monthly service charges shall be based on the service charge rate fixed in the Regional Sewerage System budget for the fiscal year then in progress. The Equivalent Dwelling Units (EDU) of sewage delivered by the Contracting Agencies shall be determined based on a standard daily measurement or contribution of sewage per EDU agreed to from time to time by CBMWD and the Regional Technical Committee.

B. Payment of Statements; Interest on Overdue Payments

Each Contracting Agency shall pay the amount of the service charge set forth in any statement on or prior to its due date, namely, the forty-fifth day following the date of the mailing of such statement. Any such amount not paid by the due date shall accrue interest on a monthly basis from the due date at an annual rate equal to the current federal discount rate plus 2 percent.

Interest paid upon any delinquent amount shall be credited to the Regional Sewerage System Maintenance and Operation Fund unless, by reason of such delinquency, CBMWD shall have advanced the amount of the delinquency from other sources, in which case, the interest shall be credited to such fund as the Board Of Directors of CBMWD may designate.

A Contracting Agency shall not be entitled to withhold payment, in whole or in part, of the amount of any statement for service charges pending action pursuant to part D of this Section 20.

C. Adjustment for Net Audited Costs

If, upon completion of the CBMWD annual audit for fiscal year, it is determined that the amount received by CBMWD during such year from service charges is more or less than the cost of maintenance and operation of the Regional Sewerage System for the year, the surplus or shortage, as the case may be, shall be transferred to or made up from the Regional Sewerage System Operation and Maintenance Fund reserve for replacement of Regional Sewerage System facilities (the "Replacement Reserve"). If such an audit results in a surplus being transferred to the Replacement Reserve, an appropriate adjustment shall be made in the budget for the fiscal year next succeeding the fiscal year then in progress and the rate of the service charge for that fiscal year shall be adjusted accordingly. If such an audit results in a shortage being made up out of the Replacement Reserve, an

appropriate adjustment shall be made in the budget for the fiscal year next succeeding the fiscal year then in progress to provide for the reinstatement of the amount of the shortage, and the service charge rate for that fiscal year shall be adjusted accordingly.

D. Adjustment for Overpayment or Underpayment

Upon disagreement between any Contracting Agency and CBMWD over the amount of service charges or the discovery of an error in computation of service charges for a Contracting Agency, which is not resolved within 30 days, CBMWD shall immediately provide written notice of such disagreement or error to the Regional Technical Committee and shall request a recommendation and report from the committee. If such a written report is filed with CBMWD within 60 days of giving notice, CBMWD shall credit or debit any affected Contracting Agency's service charge account for the following month in the manner recommended by the Regional Technical Committee. If such a written report is not filed with CBMWD within 60 days of giving notice, or upon request of the Regional Technical Committee or any Contracting Agency, the Board of Directors of CBMWD shall initiate hearing procedures on said disagreement or error in accordance with Section 26A hereof. Upon the conclusion of the hearing, the Board of Directors of CBMWD shall, by resolution, make its determination on service charge adjustments, due dates and any interest due, and shall provide for the appropriate

credit to or debit of any affected Contracting Agency's service charge account for the following month.

E. Deposit of Payments in Maintenance and Operation Fund

All monies received by CBMWD in payment of service charges shall be deposited in and credited to a separate fund or account in the treasury of CBMWD, to be known as the "Regional Sewerage System Maintenance and Operation Fund." All monies in said fund and interest earned thereon shall be used and expended only for payment of maintenance and operation expenses paid or incurred by CBMWD under the provisions of this contract. (Amended April 12, 1984)

Section 21. (DELETED October 19, 1994) (See Regional Pretreatment Agreement)

Section 22. (DELETED October 19, 1994) (See Regional Pretreatment Agreement)

Section 23. GRANTS AND FINANCIAL ASSISTANCE

CBMWD and the Contracting Agencies shall exercise their best efforts to obtain the maximum amounts of grants and other financial assistance which may be available from any federal, state, local, or other source for defraying all or any part of the capital costs and the maintenance and operation expenses of the Regional Sewerage System. The General Manager of CBMWD, the Regional Policy Committee, and the Regional Technical Committee shall keep each other fully informed of any available grant or financial assistance programs known to any of them.

Prior to undertaking negotiations for a grant or

other financial assistance affecting the Regional Sewerage System, CBMWD shall give the Regional Policy Committee written notice of its intention to do so. Thereupon the committee may designate one representative who shall be entitled to participate with CBMWD in all such negotiations. The representative shall be a person skilled in the design, construction, maintenance, and operation of sewage facilities and may be a member of the Regional Technical Committee. The representative shall keep the Regional Policy Committee and the Regional Technical Committee fully informed concerning the status of the negotiations and the nature and contents ,of any proposed final application or agreement for grant or other financial assistance.

In addition, CBMWD shall annually submit a report to the Regional Policy Committee on any pending or proposed applications for grants or other financial assistance. Such report shall accompany each proposed annual budget and be mailed in the manner provided in part E of Section 19 hereof.

Each Contracting Agency shall be jointly responsible with CBMWD for all conditions, restrictions, or limitations imposed by any agency as a condition for extending a grant or other financial assistance. Any such agency, CBMWD, or any Contracting Agency may restrain any violation of such conditions, restrictions, or limitations by mandamus, injunction or other appropriate remedy.

CBMWD's costs for the acquisition, construction,

maintenance, or operation of the Regional Sewerage System shall be reduced by amounts of any grants or other financial assistance received therefor by CBMWD from the federal or state government. (Amended April 12, 1984)

Section 24. REGIONAL POLICY COMMITTEE

The parties desire to provide for a Regional Policy Committee to advise CBMWD of the needs and views of the Contracting Agencies concerning CBMWD's policies and activities in the financing, acquisition, construction, maintenance and operation of the Regional Sewerage System, to make reports and recommendations with respect thereto, and to fully inform the Contracting Agencies concerning such policies and activities.

Each Contracting Agency shall appoint one regular member and one alternate member to the Regional Policy Committee. Both such members shall be members of the Contracting Agency's governing body. The regular and alternate members so appointed shall serve at the pleasure of the appointing agency. The members so appointed shall be members of the Board of Directors of CBMWD and shall serve at the pleasure of CBMWD. The CBMWD member shall be entitled to participate at all regular and special

meetings of the committee but shall have no vote.

Each regular member of the Regional Policy Committee or his alternate, except the member or alternate appointed by CBMWD, shall have one vote.

A majority vote shall be required to carry any matter before the committee. A majority shall consist of members representing a majority of the Contracting Agencies, not including the State of California.

The committee shall hold a regular meeting on or before the second Thursday of every other month and shall meet in special meeting at the call of any member or at the call of CBMWD. The committee may adopt such procedures and rules as it deems advisable concerning its officers, meetings and the manner and method of making its reviews, reports and recommendations on any matter affecting the acquisition, construction, maintenance and operation of the Regional Sewerage System.

CBMWD shall, if requested by the committee, provide the committee with a meeting place and with the services, advice and assistance of members of its staff. All records, reports and other information of CBMWD pertaining to the financing, acquisition, construction, maintenance and operation of the Regional Sewerage System shall be available for inspection by members of the committee. CBMWD agrees to maintain and make available to the committee accurate records of all of its costs, disbursements and receipts with respect to activities under this contract. (Amended April 12, 1984)

Section 25. REGIONAL TECHNICAL COMMITTEE

The parties desire to provide for a Regional Technical Committee. The members and alternate members of the Regional Technical Committee shall be appointed, vote and be governed in the same manner provided in Section 24 hereof for the Regional Policy Committee, except that the members and alternates shall be officers or employees of the Contracting Agencies, or other persons knowledgeable in the design, construction, maintenance and operation of sewage facilities, and that CBMWD shall be entitled to appoint one member and one alternate member with the same right of participation and voting as other members. The committee shall hold a regular bimonthly meeting and shall meet in special meeting at the call of any member.

The committee may, and upon request by the Regional Policy Committee or CBMWD shall, review and make recommendations concerning any of the following technical matters: the acquisition, design, construction, maintenance, operation, or financing of sewer facilities, sewage treatment, reclamation, or disposal facilities, sewage and effluent measuring devices and equipment, Community Sewer Systems and the Regional Sewerage System; sewer user charges; service charges; quality standards for sewage and any effluent; and any other technical matter related to any of the foregoing. (Amended April 12, 1984)

Section 26. INSPECTION OF FACILITIES

Any authorized officer or employee of CBMWD may enter and inspect any part of the Community Sewer System of any Contracting Agency or any member of the Regional Policy Committee or Regional Technical Committee may enter and inspect any part of the Regional Sewerage System. Except during emergencies, such inspections shall be made during normal working hours on regular business days and upon the giving of not less than 24 hours prior notice of the inspection. Any inspecting officer, employee or member of the Regional Policy Committee or Regional Technical Committee shall bear proper credentials of authority and identification. The right of entry and inspection shall be limited to public streets, easements and property within which the systems shall be located. The rights of inspection shall include observation, measurement, sampling and testing. (Amended April 12, 1984)

Section 26A. HEARINGS

Section 27. EFFECTIVE DATE OF CONTRACT

This contract between CBMWD and the undersigned Contracting Agency shall become effective after the occurrence of all of the following events:

- (1) The authorization and execution of this contract by CBMWD and the undersigned Contracting Agency.

(2) The acquisition or construction by CBMWD of facilities for the Regional Sewerage System adequate to provide for the transmission, treatment, and disposal of all sewage then collected by the Community Sewer System of the undersigned Contracting Agency.

(3) The initiation and conduct of proceedings for and the completion of the formation of Improvement District "C" (either with or without elections, as provided by law) in substantial conformity with resolution of intention, Exhibit "C" hereof, and with boundaries substantially identical to those specified in Paragraph B of Section 9 hereof.

(4) The adoption by the Board of Directors of CBMWD of a capital outlay ordinance, substantially in the form set forth in Exhibit "B" hereof.

Not later than 15 days following the occurrence of the last such event, CBMWD shall give written notice thereof to the undersigned Contracting Agency. The notice shall specify a date, as determined by CBMWD, which shall be the effective date of this contract. The effective date shall be the first day of any calendar month occurring not sooner than one month nor later than one year after the date of giving the written notice.

Section 28. TERM OF CONTRACT

The term of this contract and any other Service Contract entered into between CBMWD and any sewage collection agency, shall be 50 years from the earliest effective date specified, in the original Service Contract between CBMWD and

any Contracting Agency, said date being January 2, 1973. It is the intent of the parties that all Service Contracts providing for the services and facilities of the Regional Sewerage System shall have the same termination date, without regard to the effective dates of the individual contracts.

In order to provide for a periodic review and update, as necessary, of the provisions of this contract, CBMWD and the Contracting Agencies agree to enter good faith discussions at intervals not exceeding five years or at the request of the majority of the Contracting Agencies. (Amended April 12, 1984)

Section 29. RENEWAL; OPTION FOR CONTINUED SERVICE

No later than two years prior to the end of the term of this contract or any earlier termination or extension of this contract, the parties shall negotiate for the extension or renewal of this contract upon comparable terms and conditions. If the parties have been unable to agree thereon, then any Contracting Agency, by written notice given to CBMWD at least 12 months prior to the expiration of said term, may elect to receive continued service after the expiration of said term upon the following conditions:

A. If, by reason of continued service, no expansion is required in any facilities of the Regional Sewerage System in existence upon the expiration of the term of this contract, the Contracting Agency may deliver sewage into the system in any quantity and at any flow rates. If, by reason of continued service, such expansion shall be required, the annual quantity

and flow rates of sewage to be delivered into the Regional Sewerage System by the Contracting Agency shall not exceed the quantity and flow rates delivered by the agency during the last full fiscal year preceding the expiration of said term.

B. The service charge rate shall be determined as provided in Section 18 hereof.

C. The sewage quality standards shall be in accordance with those in effect during the last full fiscal year preceding the expiration of said term or any higher standards prescribed by any federal, state or regional agency authorized by law to prescribe quality standards for effluent discharges.

D. CBMWD shall maintain and operate the Regional Sewerage System under substantially the same physical conditions of service as prevailed during the last fiscal year preceding the expiration of said term.

Other terms and conditions of continued service shall be reasonable and equitable and shall be mutually agreed upon and, if they provide for continued service for a specified number of years, a Contracting Agency shall have the option to receive further continued service upon the expiration of that and each succeeding period of continued service. (Amended April 12, 1984)

Section 30. AUTHORIZATION AND EXECUTION OF SEWAGE SERVICE AND ACQUISITION CONTRACTS

A. Authorization of Any Sewage Collection Agency

All proposed contracts between CBMWD and any sewage collection agency for the purpose of (i) providing the agency

with the services and facilities of the Regional Sewerage System under a Service Contract, (ii) the acquisition by CBMWD of any existing sewage treatment and disposal plant or interceptor sewer, or (iii) both (i) and (ii), shall be authorized for execution by CBMWD. The agency shall furnish CBMWD with a certified copy of the resolution authorizing execution by the agency, together with a certified copy of the proposed contract referred to therein. The resolution shall contain all restrictions, limitations, and conditions, if any, which may have been imposed on the execution of the contract.

B. Amendment of Any Existing Contract; New Contracts with Subsequent Contracting Agencies

If CBMWD proposes (i) to amend or rescind any existing Service Contract with a Contracting Agency or (ii) to enter a new Service Contract or a contract for the transfer of any existing sewage facilities to CBMWD, as part of the Regional Sewerage System, the Board of Directors of CBMWD shall adopt a resolution declaring its intention to do so and shall specify a time, not sooner than 60 days after the adoption of the resolution, and a place at which the Board will hold a hearing on the question of the proposed amendment, rescission or new contract, as the case may be. Immediately thereafter the secretary of CBMWD shall mail a copy of the resolution, together with a copy of the proposed amendment, rescission or new contract to the clerk or secretary of each Contracting Agency and to each member of the Regional Policy Committee. The

Regional Policy Committee shall review the proposal and, not later than 10 days preceding the date of the hearing, shall submit its written report and recommendation thereon to the general manager of CBMWD and to each Contracting Agency.

At the hearing on the proposal, the Board shall consider the report and recommendation of the Regional Policy Committee and shall hear representatives of any Contracting Agency, members of the committee, and any other interested persons. The Board may modify the proposal and, upon the conclusion of the hearing, order the authorization for execution by CBMWD of the proposed amendment, rescission, or new contract, as the case may be. (Amended April 12, 1984)

Section 31. NOTICE

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO: 19

SUBJECT: ACCEPTANCE OF TWO SAN BERNARDINO COUNTY TRANSPORTATION AUTHORITY (SBCTA) TRANSPORTATION DEVELOPMENT ACT (TDA) GRANTS

RECOMMENDATION:

1. Accept the San Bernardino County Transportation Authority (SBCTA) Transportation Development Act (TDA) Article 3 Bicycle and Pedestrian Facilities Program grant in the amount of \$170,965 for the Sierra Vista Drive (West) and Del Norte Avenue (North) Improvements project.
2. Accept the SBCTA TDA Article 3 Transit Stop Access Program grant in the amount of \$77,989 for the Montecito Drive Transit Access Improvements project.
3. Adopt a Resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS, AUTHORIZING SUBMITTAL OF A CLAIM TO THE SAN BERNARDINO COUNTY TRANSPORTATION AUTHORITY FOR TRANSPORTATION DEVELOPMENT ACT ARTICLE 3 FUNDS FOR THE SIERRA VISTA DRIVE (WEST) AND DEL NORTE AVENUE (NORTH) IMPROVEMENTS PROJECT.
4. Adopt a Resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS, AUTHORIZING SUBMITTAL OF A CLAIM TO THE SAN BERNARDINO COUNTY TRANSPORTATION AUTHORITY FOR TRANSPORTATION DEVELOPMENT ACT ARTICLE 3 FUNDS FOR THE MONTECITO DRIVE TRANSIT ACCESS IMPROVEMENTS PROJECT.

BACKGROUND/ANALYSIS:

The City applied for the following two SBCTA TDA grants in August 2021 and received the grants in November 2021.

1. TDA Article 3 Bicycle and Pedestrian Facilities Program grant in the amount of \$170,965 for the Sierra Vista Drive (West) and Del Norte Avenue (North) improvements project. The project includes the construction of sidewalks, curbs and gutters, and ADA compliant ramps on Sierra Vista Drive (from Pipeline Avenue to Del Norte Avenue) and Del Norte Avenue (from Lugo Avenue to Gird Avenue).
2. TDA Article 3 Transit Stop Access Program grant in the amount of \$77,989 for the Montecito Drive Transit Access Improvements project. The project includes the construction of sidewalks, curbs and gutters, ADA compliant access ramps on Montecito Drive (from Lugo Avenue to Los Serranos Boulevard), and repair of the storm drain inlet on Montecito Drive south of Los Serranos Boulevard.

TDA Article 3 grant funds are provided on a reimbursement basis. SBCTA requires the City to submit a claim and request for reimbursement. The submittal of the claim for TDA Article 3 funds must be first authorized by the City Council. SBCTA also requires the designation of individuals authorized to certify project completion. Therefore, staff is asking the City Council to adopt a resolution for each project that authorizes submittal of claim, authorizes request for reimbursement, and designates the City Manager to certify project completion.

ENVIRONMENTAL (CEQA) REVIEW:

This action is not a project within the meaning of the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.) Section 15378 and is therefore exempt from CEQA. It will not result in any direct or indirect physical change in the environment because it is only an acceptance of two grants.

FISCAL IMPACT:

The Sierra Vista Drive (West) and Del Norte Avenue (North) Improvement project will be included in the FY 2022-23 Capital Improvement Program (CIP) budget. The funding sources will be \$170,965 TDA grant and \$92,058 Community Development Block Grant (CDBG) FY 2022-23 allocation, which will result in a total project budget of \$263,023.

The Montecito Drive Transit Access Improvements project will also be included in the FY 2022-23 CIP budget. The funding sources will be \$77,989 TDA grant and \$148,676 CDBG FY 2022-23 allocation, which will result in a total project budget of \$226,665.

There is no impact on the General Fund with this item.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO:20

SUBJECT: LOCAL CAMPAIGN CONTRIBUTION ORDINANCE

RECOMMENDATION:

Introduce an Ordinance entitled: AN ORDINANCE OF THE CITY OF CHINO HILLS, AMENDING TITLE 1, CHAPTER 1.16, ELECTIONS, BY ADDING NEW SECTION 1.16.020 ESTABLISHING NO CAMPAIGN CONTRIBUTION LIMITS FOR CITY ELECTIVE OFFICE CANDIDATES AND DETERMINING THIS ACTION IS EXEMPT FROM REVIEW UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, by title only and waive further reading.

BACKGROUND/ANALYSIS:

In 2019, the State Legislature passed Assembly Bill 571 (AB 571 Mullins) which established campaign contribution limits for cities and counties that did not already have their own campaign contribution limits ordinance. The new state law went into effect on January 1, 2021.

On November 10, 2020, the City Council discussed options to establish local campaign contribution limits and took no action, allowing the state default campaign contribution limits to take effect. On November 23, 2021, the City Council reviewed additional regulations by the Fair Political Practices Commission (FPPC) that imposed significant obligations on candidate campaign committees to ensure compliance with AB 571 Mullins. There was consensus by the City Council to direct staff to prepare an ordinance that sets no dollar limits on campaign contributions for Council Member candidates thus avoiding the need for campaign committees to comply with the additional regulations. Historically, prior to AB 571 Mullins, Chino Hills has never had campaign contribution limits.

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(4-5)).

AN ORDINANCE OF THE CITY OF CHINO HILLS,
AMENDING TITLE 1, CHAPTER 1.16, ELECTIONS, BY
ADDING NEW SECTION 1.16.020 ESTABLISHING NO
CAMPAIGN CONTRIBUTION LIMITS FOR CITY ELECTIVE
OFFICE CANDIDATES AND DETERMINING THIS ACTION
IS EXEMPT FROM REVIEW UNDER THE CALIFORNIA
ENVIRONMENTAL QUALITY ACT

WHEREAS, on October 8, 2019, the Governor signed Assembly Bill 571 ("AB 571 Mullin"), taking effect on January 1, 2021, which imposes limits on campaign contributions and other campaign finance regulations upon candidates for local elective offices in cities that do not have a local campaign ordinance; and

WHEREAS, the Fair Political Practices Commission notes in its Fact Sheet Ed. Rp. 086-19-2021 that Government Code Section 85702.5 allows a city to impose limitations on campaign contributions to candidates for elective city offices and, further allows a city to impose no limits on campaign contributions; and

WHEREAS, certain campaign finance regulations under AB 571 are inapplicable to candidates for local elective offices in a city that has imposed a local limit or no limit upon campaign contributions; and

WHEREAS, imposing no limits on campaign contributions to candidates affords a continuance of past practice while avoiding the potential imposition of increased administrative costs; and

WHEREAS, the City Council desires to impose no limitation on campaign contributions within the City pursuant to Government Code Section 85702.5 and, therefore, certain campaign finance regulations under AB 571 would be inapplicable to candidates for City elective offices.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF CHINO HILLS DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Section 1.16.020 is hereby added to Title 1, Chapter 1.16 of the Chino Hills Municipal Code to read as follows:

Section 1.16.020 - No Campaign Contribution Limits for City elective Offices.

There shall be no limit on the monetary contributions from a person or campaign committee to a candidate for any City elective offices.

SECTION 2. Inconsistencies. Upon the effective date of this Ordinance, the provisions hereof shall supersede any inconsistent or conflicting provisions of the San Bernardino County Code as the same were adopted by reference by City Ordinance Nos.

91-01 and 92-02. Any provision of the Chino Hills Municipal Code (CHMC) or appendices thereto inconsistent with the provisions of this Ordinance, to the extent of such inconsistencies and no further, is hereby repealed or modified to that extent necessary to effect the provisions of this Ordinance.

SECTION 3. Interpretation. This Ordinance must be broadly construed in order to achieve the purposes stated in this Ordinance. It is the City Council's intent that the provisions of this Ordinance be interpreted or implemented by the City and others in a manner that facilitates the purposes set forth in this Ordinance.

SECTION 4. Effect of Repeal. Repeal of any provision of the CHMC does not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before this Ordinance's effective date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

SECTION 5. Effect of Invalidation. If this Ordinance or its application is deemed invalid by a court of competent jurisdiction, any repeal or amendment of the CHMC or other City Ordinance by this Ordinance will be rendered void and cause such previous CHMC provision or other City Ordinance to remain in full force and effect for all purposes.

SECTION 6. Preservation. Repeal or amendment of any previous Code Sections does not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before this Ordinance's effective date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

SECTION 7. Severability. If any part of this Ordinance or its application is deemed invalid by a court of competent jurisdiction, the City Council intends that such invalidity will not affect the effectiveness of the remaining provisions or applications and, to this end, the provisions of this Ordinance are severable.

SECTION 8. Certification. The City Clerk is directed to certify the passage and adoption of this Ordinance; cause it to be entered into the City of Chino Hills' book of original ordinances; make a note of the passage and adoption in the records of this meeting; and, within fifteen (15) days after the passage and adoption of this Ordinance, cause it to be published or posted in accordance with California law.

SECTION 9. Effective Date. This Ordinance will take effect on the 30th day following its final passage and adoption.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO:21

SUBJECT: PUBLIC EMPLOYEE PENSION REFORM ACT (PEPRA) - 180 DAY WAITING PERIOD WAIVER REQUEST - JOE DYER

RECOMMENDATION:

1. Recommend the City Council to waive the Public Employee Pension Reform Act (PEPRA) 180-day waiting period to rehire retiree Joe Dyer to perform various civil engineering, traffic engineering and land surveyor related duties on a limited term basis.
2. Authorize the City Manager to create a new position titled, Engineering Manager and to establish an appropriate salary range.
3. Adopt a resolution entitled: A RESOLUTION OF THE CITY OF CHINO HILLS, CERTIFYING THE NEED FOR THE APPOINTMENT OF JOE DYER PRIOR TO THE PASSAGE OF 180 DAYS FOLLOWING HIS RETIREMENT FROM THE CITY OF CHINO HILLS PURSUANT TO GOVERNMENT CODE SECTIONS 7522.56 & 21224

BACKGROUND/ANALYSIS:

Assembly Bill 340, the Public Employee Pension Reform Act of 2013, also known as PEPRA, was signed into law on September 12, 2012, and went into effect on January 1, 2013. PEPRA created Government Code Section 7522.56 which requires public agency retirees to wait 180 days after retirement before returning to work for a public agency. This waiting period can be waived should the City Council determine an appointment is necessary to fill a critically needed position before the 180 days has passed. Therefore, this request is to certify that the appointment of Joe Dyer is necessary to fill a critically needed position before the 180 days has passed.

Mr. Dyer has been employed by the City of Chino Hills for over 13 years and has served as either the Assistant City Engineer or Assistant Public Works Director/Assistant City Engineer since 2008. The Public Works and Engineering Departments merged several years ago, and during this transition Joe Dyer continued to manage the day-to-day operations of the Engineering Division. With Mr. Dyer's upcoming retirement on January 14, 2022, the Public Works Department will restructure its operation and create an Engineering Manager position to replace the Assistant Public Works Director/Assistant City Engineer position currently held by Mr. Dyer. Joe possesses over 40 years of professional engineering experience by overseeing a variety of engineering and public works functions for numerous municipal agencies.

Under the San Bernardino County Employee Retirement Association (SBCERA) guidelines, a retired annuitant may work for an SBCERA contracting agency in a limited duration term capacity, not to exceed 18 months and 960 hours per year. The unique qualifications and skill-set possessed by Mr. Dyer will allow him to provide a seamless transition for the

incoming Engineering Manager, as well as continue to provide civil engineering, traffic engineering, and surveyor services in a limited duration capacity.

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(4-5)).

FISCAL IMPACT:

There is no anticipated fiscal impact associated with waiving the 180 day waiting period, as Mr. Dyer's part-time salary is expected to be funded in the existing budget through salary savings. The fiscal impact associated with establishing the Engineering Manager position is expected to be within the City Manager's authority, however if it is determined to exceed this authority level it will be brought back to the City Council for approval.

A RESOLUTION OF THE CITY OF CHINO HILLS,
CERTIFYING THE NEED FOR THE APPOINTMENT OF JOE
DYER PRIOR TO THE PASSAGE OF 180 DAYS
FOLLOWING HIS RETIREMENT FROM THE CITY OF
CHINO HILLS PURSUANT TO GOVERNMENT CODE
SECTIONS 7522.56 & 21224

WHEREAS, the City Council of the City of CHINO HILLS, California ("Council") has determined that JOE DYER ("DYER"), who will retire from his position as Assistant Public Works Director/Assistant City Engineer for the City of Chino Hills ("City"), effective January 14, 2022, has specialized skills needed to perform work of a limited duration for the City; and

WHEREAS, in compliance with Government Code Section 7522.56, the Council must provide SBCERA this certification resolution when hiring a retiree before 180 days has passed since his or her retirement date which the Council has adopted in open session, and not on the consent calendar; and

WHEREAS, Government Code Section 7522.56 requires that post-retirement employment commence no earlier than 180 days after the retirement date, which is without this certification resolution; and

WHEREAS, the City relies on professional civil engineering, traffic engineering and surveyor licenses to review both public and private development projects. These projects require the expertise of a licensed professional, specifically knowledgeable of the City's unique engineering characteristics and with the ability to perform required services in a timely and efficient manner, thereby reducing the City's liability exposure. DYER, while employed as the Assistant Public Works Director/Assistant City Engineer, was integral in the review, analysis and approval process of these types of projects to ensure the City remained compliant with applicable laws and requirements, while also reducing the City's liability exposure. DYER's services will include, but are not limited to, providing licensed professional civil and traffic engineering services, along with licensed land surveying services, reviewing, managing and approving engineering and surveying projects. Mr. DYER will participate in training staff and development of a staffing transition plan; and

WHEREAS, the City Council hereby appoints DYER as an extra-help retired annuitant to perform the duties of a Retired Annuitant for the City under Government Code Section 21224, effective January 17, 2022; and

WHEREAS, the Council hereby certifies that DYER's appointment is necessary to fill a critically needed position prior to the passage of 180 days following DYER's retirement on January 14, 2022; and

WHEREAS, the compensation paid to retirees cannot be less than the minimum nor exceed the maximum monthly base salary paid to other employees performing comparable duties, divided by 173.333 to equal the hourly rate; and

WHEREAS, the hourly equivalent of the maximum monthly base salary for this position is \$82.49, and the hourly equivalent of the minimum monthly base salary for this position is \$67.87; and

WHEREAS, the hourly rate paid to DYER shall be \$82.49 and he shall receive no other benefit, incentive, compensation in lieu of benefit or other form of compensation in addition to this hourly rate for his services; and

WHEREAS, DYER shall acquire no service credit or retirement rights with respect to this employment; and

WHEREAS, DYER's employment shall be limited to 960 hours per fiscal year; and

WHEREAS, the City Council of Chino Hills and DYER certify that DYER has not and will not receive any retirement-related incentive;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CHINO HILLS DOES RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:

SECTION 1. Hereby certifies the nature of the employment of DYER as described in the Agenda Report "Public Employee Pension Reform Act – 180-Day Waiting Period Waiver Request (JOE DYER)" dated December 14, 2021, and that this appointment is necessary to fill the critically needed position of Retired Annuitant for the City of Chino Hills by January 17, 2022, under the conditions set forth above. The City Council authorizes the City Manager to rehire Mr. DYER in a limited duration capacity to perform engineering and related managerial duties.

SECTION 2. The City Clerk shall certify to the passage and adoption hereof.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO:22

SUBJECT: AMERICAN RESCUE PLAN ACT (ARPA) PROJECTS

RECOMMENDATION:

1. Provide direction on the allocation of American Rescue Plan Act (ARPA) funds.
2. Authorize the City Manager to identify and pursue additional funding sources through granting agencies such as the County of San Bernardino for projects identified for ARPA funding.

BACKGROUND/ANALYSIS:

On March 11, 2021, the \$1.9 trillion American Rescue Plan Act (ARPA) was signed into law and established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund, which together make up the Coronavirus State and Local Recovery Funds (SLFRF) program. The SLFRF program provides \$350 billion in emergency funding and is intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to alleviate impacts on their communities, residents, and businesses.

The funding objectives of the Coronavirus State and Local Fiscal Recovery program are:

- Support urgent COVID-19 response efforts to continue to decrease spread of the virus and bring the pandemic under control;
- Replace lost revenue for eligible state, local, territorial, and Tribal governments to strengthen support for vital public services and help retain jobs;
- Support immediate economic stabilization for households and businesses; and
- Address systemic public health and economic challenges that have contributed to the unequal impact of the pandemic.

Under ARPA's SLFRF program, the City of Chino Hills was allocated \$9,956,344 in one-time funding. These funds are to be disbursed in two tranches: 50% after certification and the remaining 50% one year after the first disbursement. The City completed the certification process through the U.S. Treasury Portal and received the first tranche in the amount of \$4,978,172 in June 2021. The second tranche is expected to be received in June 2022. The funds may be used to cover eligible costs incurred between March 3, 2021 and December 31, 2024 and must be fully expended by December 31, 2026. Funds cannot be used to directly or indirectly offset a reduction in net tax revenue resulting from tax cuts; make a deposit to a pension fund; fund debt service; legal settlements or judgments; and deposits into rainy day funds or financial reserves.

The U.S. Treasury adopted an Interim Final Rule (IFR) to implement eligible use categories and enact restrictions on the use of funds. Each jurisdiction must utilize the funds under Treasury approved eligible use categories and expenditure categories as outlined in the IFR. The eligible use categories provide a general statute for projects. Within the categories of eligible uses, recipients have broad flexibility to decide how best to use this funding to meet the needs of their communities.

Examples of eligible expenditure categories include:

- Public Health: COVID-19 Vaccination, Testing, Contact Tracing; PPE Prevention in Congregate Settings;
- Negative Economic Impacts: Food, Rent, Mortgage and Utility Assistance Programs; Job Training Assistance; Small Business Assistance; Aid to Nonprofit Organizations; Rehiring Public Sector Staff;
- Services to Disproportionately Impacted Communities: Education Assistance; Social, Emotional, and Mental Health Services; Services for Unhoused Persons;
- Premium Pay: Public Sector Employees; Private Sector Employee Grants;
- Infrastructure: Wastewater/Sewer Projects; Water Conservation; Drinking Water Treatment, Transmission, Storage Projects; Broadband;
- Revenue Replacement: Any Provision of Government Services; and
- Administrative: Administrative Expenses; Transfers to Other Units of Government.

Revenue Replacement

A key component of ARPA's SLFRF program is the ability for recipients to use ARPA funds to replace Lost Revenue. The Treasury's IFR establishes a methodology that each recipient can use to calculate its reduction in revenue. Specifically, recipients will compute the extent of their reduction in revenue by comparing their actual revenue to an alternative representing what could have been expected to occur in the absence of the pandemic. Analysis of this expected trend begins with the last full fiscal year prior to the public health emergency and projects forward at either (a) the recipient's average annual revenue growth over the three full fiscal years prior to the public health emergency or (b) 4.1%, the national average state and local revenue growth rate from 2015-18 (the latest available data).

Staff has calculated the City's Lost Revenue and the calculation exceeds the City's allocation under ARPA. Therefore, the City's full \$9,956,344 allocation can be categorized as Revenue Replacement.

Recipients of SLFRF funding will have the opportunity to re-calculate revenue loss at several points through the program. Most importantly, once a shortfall in revenue is identified, recipients will have broad latitude to use this funding to support government services, up to this amount of lost revenue. It is important to note that a revision to the IFR could change the methodology for calculating Lost Revenue and as a result could require the City to shift project funding into alternative expenditure categories.

Projects

Staff has identified potential projects for Revenue Replacement ARPA funding based on the calculations that support characterizing the full \$9,956,344 allocation to this expenditure category. This provides the City the most flexibility. In developing the project list, staff sought opportunities to use this one-time funding to invest in key infrastructure projects that have long term benefits to the City and its residents, address deferred maintenance, and promote the use of public spaces. The proposed projects also promote public health and safety to improve our resident's quality of life. A draft funding allocation plan was developed with projects in six (6) areas.

Recommended ARPA Funding Allocations	
Streets/Public Infrastructure	\$ 2,000,000
Parks and Open Spaces	3,300,000
Planning, Research and Analysis	800,000
Public Facilities and Vehicles	2,725,000
Public Health/Safety	600,000
Public Service Projects	500,000
Grand Total All Project Areas	\$ 9,925,000

The full project list, including projects that are not included in the Recommended ARPA Funding Allocations, is attached to this staff report.

At the October 20, 2021, Parks and Recreation Commission meeting, Commissioners provided feedback on proposed park projects and expressed support for the following projects: installation of a splash pad (location to be determined), enhancements to the Chino Hills Skate Park, renovations to Torrey Pines Park, and the Community Park Turf Replacement and Parking Lot Project. These projects have been included in the Parks and Open Spaces project category.

Staff developed a Public Service Projects funding category based on the Community Development Block Grant (CDBG) guidelines that allow the use of grant funds for a wide range of public service activities, including, but not limited to: employment services (e.g., job training); crime prevention and public safety; child care; health services; substance abuse services (e.g., counseling and treatment); fair housing counseling; education programs; energy conservation; services for senior citizens; services for homeless persons; welfare services (excluding income payments); down payment assistance; and recreational services. Approximately five percent (5%) of the total SLFRF funding has been allocated to this category. Staff recommends that a procedure similar to the CDBG Public Service project review process be utilized for this category.

Staff is seeking direction from Council to identify which funding categories and projects to prioritize and move forward for the development of a detailed proposed budget utilizing the ARPA funding. Additionally, the City Manager is seeking authorization to identify and pursue additional funding sources through granting agencies, such as the County of San Bernardino or Chino Hills Foundation, for projects included on the project list. Once additional funding sources are identified, the City Manager will develop a budget based on any new available funding sources and return to Council at a later date for final authorization.

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO:24

SUBJECT: COMMUNITY SERVICES 2022 CITY EVENT CALENDAR

RECOMMENDATION:

Provide direction on 2022 City Event Calendar dates.

BACKGROUND/ANALYSIS:

The City of Chino Hills hosts several events throughout the year that are connected with a holiday that falls on a specific date or falls during a season of the year. When scheduling these holiday City events, staff seeks to identify dates and times for the event that will maximize attendance and significance for the event participants. Often, consideration is given to impediments to participation such as conflicts with other regional events when setting event dates. This has led to some City events being scheduled on a date that is not on the actual holiday.

Staff received a request to agendize an opportunity for the City Council to review holiday event scheduling and to provide direction on key dates. For Council's review and consideration we have prepared a calendar of seasonal and/or holiday events as proposed by staff for 2022. Proposed dates listed below are consistent with similar dates from previous years.

Proposed Dates	Actual Holiday	Event
Saturday, April 16	Sunday, April 17	Easter Egg-Citement
Wednesdays, June 15 through August 3 (Except for June 29, due to Independence Celebration)	N/A	Concerts in the Park
Saturday, July 2	Monday, July 4	Independence Celebration
Monday, October 31	Monday, October 31	Trick or Treat at the Shoppes
Thursday, November 10	Friday, November 11	Salute to Service Veterans Breakfast and Celebration
Saturday, December 3	N/A	Tree Lighting Ceremony
Friday, December 16 or Saturday, December 17 (pending comments from the Boat Parade Committee)	N/A	Chino Hills Boat Parade

ENVIRONMENTAL (CEQA) REVIEW:

This proposed action is exempt from review under the California Environmental Quality Act (California Public Resources Code §§ 21000, et seq., "CEQA") and CEQA Guidelines (Title 14 California Code of Regulations §§ 15000, et seq.), because it does not involve any commitment to a specific project which could result in a potentially significant physical impact on the environment; and, constitutes an organizational or administrative activity that will not result in direct or indirect physical changes in the environment. Accordingly, this action does not constitute a "project" that requires environmental review (see specifically 14 CCR § 15378(b)(4-5)).

COUNCIL AGENDA STAFF REPORT

TO: HONORABLE MAYOR AND CITY COUNCIL MEMBERS DATE: DECEMBER 14, 2021

FROM: CITY MANAGER ITEM NO:25

SUBJECT: AN ORDINANCE AMENDING TITLE 16 OF THE CHINO HILLS MUNICIPAL CODE TO ADD SECTION 16.10.150 URBAN LOT SPLIT SUBDIVISION AND HOUSING DEVELOPMENT, 21MCA03

RECOMMENDATION:

Introduce an Ordinance entitled: AN ORDINANCE OF THE CITY OF CHINO HILLS AMENDING TITLE 16 OF THE CHINO HILLS MUNICIPAL CODE TO ADD SECTION 16.10.150 URBAN LOT SPLIT SUBDIVISION AND HOUSING DEVELOPMENT AND FINDING PROPOSED MUNICIPAL CODE AMENDMENT 21MCA03 EXEMPT FROM REVIEW UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, by title only and waive further reading.

BACKGROUND/ANALYSIS:

On September 16, 2021, Governor Gavin Newsom signed California Senate Bill 9 (SB 9) into law. SB 9 requires cities to ministerially approve, without discretionary review or hearing, the development of two residential units, either detached or attached, on a single-family lot and the subdivision of a single-family lot into two parcels. Utilizing both provisions of SB 9, property owners may develop up to four dwelling units where only one would be permitted under the current standards. Subject to certain limitations, SB 9 allows jurisdictions to apply objective design standards to help facilitate housing development ministerially.

REVIEW BY THE PLANNING COMMISSION

At their meeting on November 16, 2021, the Planning Commission (Commission) conducted a duly noticed public hearing and received a report from City staff. The Commission discussed an errata sheet presented by staff which included minor changes for clarification. The Commission also suggested minor changes regarding lot splits for further clarification. The Planning Commission adopted a resolution recommending that the City Council adopt Municipal Code Amendment 21MCA03, as amended by the errata sheet and additional minor clarification changes, by a unanimous vote, 5-0. These errata/changes are shown in mark-up, "SB-9 Ordinance Planning Commission Recommended Changes" (Exhibit "E").

ANALYSIS

The proposed Urban Lot Split Subdivision and Housing Developments under SB 9 regulations would establish objective site and design standards applicable to all housing development proposed under SB 9; these standards include setbacks, maximum height, minimum and maximum lot and house sizes, required parking, design standards, and access and utility requirements. As further discussed in the next section of this report, the regulations would also require conformance with the standards of the City's Fire Hazard Overlay District for properties located within the overlay district and would disallow the development of lot splits and housing development projects under SB 9 in the Sleepy

Hollow and Canon Lane (south of Carbon Canyon Road) communities due to public safety concerns. Consistent with state law, the proposed regulations also identify criteria that is required for both urban lot splits and housing development up to two units on each lot.

The proposed regulations (Exhibit "A") are intended to provide criteria and objective standards for lot splits and housing development under SB 9 to protect the quality and character of residential neighborhoods, while conforming to the provisions of state law.

Chino Valley Fire District and Building Official Recommendations

The Sleepy Hollow and Canon Lane communities are the only areas of the City located in both the City's Small Lot Overlay District (Chino Hills Municipal Code ("CHMC") Chapter 16.32) and the Fire Hazard Overlay District (CHMC Chapter 16.22). The purpose of the Small Lot Overlay District is "to provide special development standards for subdivisions where substandard lots have been created through previous subdivision activity. The special standards are designed to ensure that the overall development intensity in areas where small lots exist does not exceed the ability of the City and other agencies to provide adequate services and facilities" (CHMC Section 16.32.010). The Fire Hazard Overlay area applies to high fire hazard areas of the City and was established to mitigate against the threat of wildland fires (Chino Hills General Plan, Land Use Element, page 1-5; CHMC Section 16.22.010). The combination of small lots and high fire hazard, combined with hilly terrain and steep and narrow streets, and one road for access, places people at risk of fire in an emergency situation. The roadways in these neighborhoods range from 10 to 16 feet in width, with most of the roads being 10 to 12 feet in width. These roadway widths are insufficient to support two-way traffic, especially when emergency vehicles are utilizing the roads and/or vehicles are parked on the streets. The Chino Valley Fire District records indicate that these communities contain approximately 159 single-family dwelling units and vacant properties that can be developed with additional single-family dwelling units or duplexes. City staff estimates that on average there are two cars per household, particularly in Chino Hills where there is limited public transportation. There is only one road out of the Sleepy Hollow and Canon Lane communities, and that is Carbon Canyon Road. Further, Carbon Canyon Road is a state highway used by commuters, so it is heavily congested in the morning and evening hours. If a fast-moving fire arose nearby to these communities, there are already several challenges to safely evacuating all the residents. The urban lot splits and housing development of up to two units under SB 9 in these areas would cause specific adverse impacts by introducing additional residents and vehicles into the neighborhoods, thereby placing more individuals at risk in an emergency and increasing the number of vehicles that would need to evacuate the area in the event of a wildfire. These factors would exacerbate the existing access and emergency response constraints; thus, the Chino Valley Fire District and Building Official recommend prohibiting urban lot splits and housing development under SB 9 in these areas (Exhibit "B").

The Chino Valley Fire District and Building Official also recommend that all housing development under SB 9 located within the Fire Hazard Overlay District be subject to the requirements and standards stipulated in Chapter 16.22 (Fire Hazard Overlay District) of the Chino Hills Municipal Code. The code specifically states that dwelling units constructed within the Fire Hazard Overlay District would be required to conform to Chapter 7A of the California Building Code. This is an existing requirement for all development in these areas, so including this verbiage in the ordinance merely restates an existing requirement. This code specifies the materials and construction methods to be utilized for structures exposed to wildfire. Additionally, dwelling units built within the Fire Hazard Overlay District are currently subject to the 30-foot separation requirement from structures on adjacent properties in addition to the 10-foot onsite building separation, and this requirement would continue. These Chino Valley Fire District and Building Official recommendations are summarized in the attached letters (Exhibit "C" and Exhibit "D").

ENVIRONMENTAL (CEQA) REVIEW:

Staff has determined that the adoption of the ordinance associated with proposed Municipal Code Amendment 21MCA03 is exempt from the provisions of the California Environmental Quality Act (CEQA) for the following reasons: (1) it will not result in a direct or reasonably foreseeable indirect physical change in the environment (14 Cal. Code Regs. § 15060(c) (2)); (2) there is no possibility that the ordinance may have a significant effect on the environment (14 Cal. Code Regs. § 15061(b)(3)); and (3) pursuant to Gov. Code §§ 65852.21(j) and 66411.7(n), the ordinance does not constitute a "project" as defined in the CEQA Guidelines (14 Cal. Code Regs. § 15378). Further, the proposed ordinance is exempt pursuant to CEQA Guideline § 15305 because it consists only of minor alterations in land use limitations necessary to implement a state law mandate (SB9).

AMENDING TITLE 16 OF THE CHINO HILLS
MUNICIPAL CODE TO ADD SECTION 16.10.150
URBAN LOT SPLIT SUBDIVISION AND HOUSING
DEVELOPMENT AND FINDING PROPOSED
MUNICIPAL CODE AMENDMENT 21MCA03 EXEMPT
FROM REVIEW UNDER THE CALIFORNIA
ENVIRONMENTAL QUALITY ACT.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CHINO HILLS
DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. The City Council does hereby make the following findings of fact:

- A. On September 16, 2021, Governor Gavin Newsom signed California Senate Bill 9 (SB 9) into law. SB 9 requires cities to ministerially approve, without discretionary review or hearing, the development of two residential units, either detached or attached, on a single-family lot and the subdivision of a single-family lot into two parcels. Utilizing both provisions of SB 9, property owners may develop up to four dwelling units where only one would be permitted under the current standards. Subject to certain limitations, SB 9 allows jurisdictions to apply objective design standards to help facilitate housing development ministerially.
- B. Pursuant to Government Code § 65852.2(a)(1)(A), the City of Chino Hills and Chino Valley Fire District have identified urban lot splits and housing development under SB 9 on properties within the Fire Hazard Overlay District as increasing the potential risk to public safety by locating more structures, people, and vehicles in areas of identified wildfire risk and limited ingress and egress.
- C. The Sleepy Hollow and Canon Lane communities are the only areas of the City located in both the City's Small Lot Overlay District (Chino Hills Municipal Code ("CHMC") Chapter 16.32) and the Fire Hazard Overlay District (CHMC Chapter 16.22). The purpose of the Small Lot Overlay District is "to provide special development standards for subdivisions where substandard lots have been created through previous subdivision activity. The special standards are designed to ensure that the overall development intensity in areas where small lots exist does not exceed the ability of the City and other agencies to provide adequate services and facilities" (CHMC Section 16.32.010). The Fire Hazard Overlay area applies to high fire hazard areas of the City and was established to mitigate against the threat of wildland fires (Chino Hills General Plan, Land Use Element, page 1-5; CHMC Section 16.22.010). The

combination of small lots and high fire hazard, combined with hilly terrain and steep and narrow streets, and one road for access, places people at risk of fire in an emergency situation. The roadways in these neighborhoods range from 10 to 16 feet in width, with most of the roads being 10 to 12 feet in width. These roadway widths are insufficient to support two-way traffic, especially when emergency vehicles are utilizing the roads and/or vehicles are parked on the streets. The Chino Valley Fire District records indicate that these communities contain approximately 159 single-family dwelling units and vacant properties that can be developed with additional single-family dwelling units or duplexes. City staff estimates that on average there are two cars per household, particularly in Chino Hills where there is limited public transportation. There is only one road out of the Sleepy Hollow and Canon Lane communities, and that is Carbon Canyon Road. Further, Carbon Canyon is a state highway used by commuters, so it is heavily congested in the morning and evening hours. If a fast-moving fire arose nearby to these communities, there are already several challenges to safely evacuating all the residents. The urban lot splits and housing development of up to two units under SB 9 in these areas would cause specific adverse impacts by introducing additional residents and vehicles into the neighborhoods, thereby placing more individuals at risk in an emergency and increasing the number of vehicles that would need to evacuate the area in the event of a wildfire. These factors would exacerbate the existing access and emergency response constraints; thus, the Chino Valley Fire District and Building Official recommend prohibiting urban lot splits and housing development under SB 9 in these areas.

- D. On December 4, 2021, the Notice of Public Hearing was published in the Chino Champion, an adjudicated newspaper. Individuals requesting notification of public hearings for this matter were emailed a notice of the public hearing on December 3, 2021. As of the writing of this report, staff has not received any public comments concerning the proposed Municipal Code Amendment.
- E. On November 16, 2021, the Planning Commission held a public hearing to receive oral and documentary evidence from staff and the public, regarding the proposed amendment to the Municipal Code. The Commission adopted a resolution recommending to the City Council the adoption of the proposed Municipal Code Amendment.
- F. A duly noticed public hearing before the City Council was conducted on December 14, 2021, at which time all interested persons were given an opportunity to testify in support of, or in opposition, to the project.

SECTION 2. The Planning Commission finds that Municipal Code Amendment 21MCA03 is exempt from the provisions of the California Environmental Quality Act

(CEQA) for the following reasons: (1) it will not result in a direct or reasonably foreseeable indirect physical change in the environment (14 Cal. Code Regs. § 15060(c)(2)); (2) there is no possibility that the ordinance may have a significant effect on the environment (14 Cal. Code Regs. § 15061(b)(3)); and (3) pursuant to Gov. Code §§ 65852.21(j) and 66411.7(n), the ordinance does not constitute a “project” as defined in the CEQA Guidelines (14 Cal. Code Regs. § 15378). Further, the proposed ordinance is exempt pursuant to CEQA Guideline § 15305 because it consists only of minor alterations in land use limitations necessary to implement a state law mandate (SB9).

SECTION 3. As required under Government Code § 65860, the City Council finds that CHMC amendments proposed in Municipal Code Amendment 21MCA03 are consistent with the Chino Hills General Plan as follows:

- A. The proposed amendment to the Chino Hills Municipal Code conforms to General Plan Goals LU-3, LU-4, H-1, H-2, and H-5, which require the maintenance and promotion of the character, integrity, and excellence of design of the City’s neighborhoods, while providing a broad range of housing types to meet the existing and future needs of all social and economic segments of the community. The proposed amendment would add development standards for housing under Senate Bill 9 within the Municipal Code to ensure compliance with state law, provide opportunity to facilitate housing development, and minimize impacts to the character and integrity of the City’s neighborhoods.

SECTION 4. In accordance with CHMC § 16.62.040, the City Council makes the following findings of fact:

- A. FINDING: That the proposed Municipal Code Amendment is consistent with the goals, policies, and objectives of the General Plan.

FACT: The proposed amendment to the Chino Hills Municipal Code conforms to General Plan Goals LU-3, LU-4, H-1, H-2, and H-5, which require the maintenance and promotion of the character, integrity, and excellence of design of the City’s neighborhoods, while providing a broad range of housing types to meet the existing and future needs of all social and economic segments of the community. The proposed amendment would add development standards for housing under Senate Bill 9 within the Municipal Code to ensure compliance with state law, provide opportunity to facilitate housing development, and minimize impacts to the character and integrity of the City’s neighborhoods.

- B. FINDING: That the proposed Municipal Code Amendment will not adversely affect surrounding properties.

FACT: The proposed Municipal Code Amendment would be effective in single-family residential zoning districts throughout the City. The Municipal

Code Amendment establishes reasonable development standards for lots splits and housing development under Senate Bill 9 to preserve the health, safety, and welfare of the community and ensure surrounding properties are not adversely affected.

SECTION 5. Title 16, Sections 16.10.150 of the Chino Hills Municipal Code shall be amended to add Urban Lot Split Subdivision and Housing Development as provided in the document labeled as Exhibit "A", attached to, and incorporated into, this ordinance by this reference.

SECTION 6. Inconsistencies. Upon the effective date of this Ordinance, the provisions hereof shall supersede any inconsistent or conflicting provisions of the San Bernardino County Code as the same were adopted by reference by City Ordinance Nos. 91-01 and 92-02. Any provision of the CHMC or appendices thereto inconsistent with the provisions of this Ordinance, to the extent of such inconsistencies and no further, is hereby repealed or modified to that extent necessary to effect the provisions of this Ordinance.

SECTION 7. Interpretation. This Ordinance must be broadly construed in order to achieve the purposes stated in this Ordinance. It is the City Council's intent that the provisions of this Ordinance be interpreted or implemented by the City and others in a manner that facilitates the purposes set forth in this Ordinance.

SECTION 8. Effect of Repeal. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

SECTION 9. Effect of Invalidation. If this entire Ordinance or its application is deemed invalid by a court of competent jurisdiction, any repeal or amendment of the CHMC or other City Ordinance by this Ordinance will be rendered void and cause such previous CHMC provision or other City Ordinance to remain in full force and effect for all purposes.

SECTION 10. Preservation. Repeal or amendment of any previous Code Sections does not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before this Ordinance's effective date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

SECTION 11. Severability. If any part of this Ordinance or its application is deemed invalid by a court of competent jurisdiction, the City Council intends that such invalidity will not affect the effectiveness of the remaining provisions or applications and, to this end, the provisions of this Ordinance are severable.

SECTION 12. Certification. The City Clerk is directed to certify the passage and adoption of this Ordinance; cause it to be entered into the City of Chino Hills' book of original ordinances; make a note of the passage and adoption in the records of this meeting; and, within fifteen (15) days after the passage and adoption of this Ordinance, cause it to be published or posted in accordance with California law.

Dear Ms. Lombardo:

As requested, Chino Valley Fire District has evaluated the implementation of Senate Bill (SB) 9 relating to lot splits of single-family zoned parcels throughout the City of Chino Hills. In looking at concerns from the Fire District's perspective, our primary concerns for any development are based on water and access. Within the City of Chino Hills, there are a few communities that have substandard access. These communities entail Sleepy Hollow (north and south side of Carbon Canyon) and the Canon Lane community, located on the south side of Carbon Canyon Road. Based on our records, the areas mentioned above currently have approximately 159 homes, excluding any homes that are addressed off of Carbon Canyon Road, with open lots still existing allowing for future growth.

The streets located within these communities have roadways that range between 10 to 16 feet in width; however, they typically average between 10 to 12 feet. To further decrease the clear width of the street, parking has been noted on the streets. Due to the width, especially when emergency vehicles are utilizing the road, the road width only allows for one-way traffic further creating issues for ingress and egress during an emergency situation, such as a wildfire. The roads also vary in grade due to the topography of the canyon.

By allowing lots within the aforementioned communities access to subdivide under the provisions of SB 9, would further complicate ingress and egress on already substandard streets.

Respectfully,

Danielle Barnes
Fire Marshal

Re: SB 9 Lot Splits and Housing Developments

Dear Joann,

There are areas within Carbon Canyon, specifically the Sleepy Hollow neighborhood (north and south side of Carbon Canyon Road) and the Canon Lane neighborhood on the southeast side of Carbon Canyon Road (shown on the attached Exhibit A), that are not suitable for subdivision (lot split) or multi-unit housing development under SB 9 for the reasons stated in this letter.

Gov. Code, § 65589.5 (d)(2) states that a local agency may deny a proposed housing development project if the building official makes a written finding, based upon a preponderance of the evidence, that the proposed housing development project would have a specific, adverse impact, as defined and determined in paragraph (2) of subdivision (d) of Section 65589.5, upon public health and safety or the physical environment and for which there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact. Section 65589.5 (d)(2) defines a "specific, adverse impact" to mean a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

In the above noted neighborhoods, lot splits and housing developments of more than one dwelling unit per lot would increase the number of potential dwelling units within these areas, resulting in specific, adverse impacts that constitute a direct threat to public health and safety. The roadways in these neighborhoods are extremely narrow, averaging between 10 to 12 feet. Further, the housing stock is old, with most homes originally constructed in the 1930s through 1950s. Many of these older homes were built prior to the County's issuance of building permits; and most lack adequate ingress/egress, sprinklers and fire retardant materials required by the California Building Code. The majority of the parcels do not have sufficient off-street parking due to the lack of garages, narrow and irregular lot configurations, and/or hillside topography; this results in many vehicles being parked on the streets, further reducing the clear width of the streets and limiting the roadways to one-way traffic. The fire risk cannot be mitigated by prohibiting parking because many of these properties have no space to provide onsite parking, so prohibiting parking on or along the streets would preclude the property owners' vehicular access to these parcels. During past fire emergencies, there has been significant ingress and egress issues resulting in

1227/1234

emergency vehicles not being able to access neighborhoods and residents not being able to evacuate. Given the narrow width of the roadways, fire vehicles (typically about 10 feet in width) responding to the area are unable to pass opposing vehicles (typically about 6 feet in width) evacuating the neighborhoods. The construction of each additional residence pursuant to SB 9 would not only place the occupants of that residence at risk of in the event of a wildfire, but also contributes to the existing threat to public health and safety by increasing the number of residents and vehicles needing to evacuate from the neighborhood. The increased number of vehicles will slow the evacuation of the neighborhoods and further hinder the ability of emergency personnel to respond to wildfire threats. Thus, each additional residence, and its associated vehicles, created by a lot split or multi-unit housing development pursuant to SB 9 would constitute a specific, adverse impact to public health and safety.

While residences built within these areas would be required to comply with Title 7A of the California Building Code, the incorporation of the required construction standards does not address the aforementioned concerns. The construction standards are intended to reduce the likelihood that the residences will ignite when exposed to wildfire or embers. This does not address the evacuation and emergency access concerns resulting from the impact of the increased number of residences, occupants, and vehicles on the existing, narrow roadways. Therefore, the unmitigable specific, adverse impact to public health and safety compels me to recommend the prohibition of lot splits and multi-unit housing developments pursuant to SB 9 within the Sleepy Hollow neighborhood (north and south side of Carbon Canyon Road) and the Canon Lane neighborhood on the south side of Carbon Canyon Road.

Sincerely,

Winston Ward,
Assistant Community Development Director/Building Official
