For Immediate Release

October 30, 2023

**John F. Kennedy Middle School Ceremonial
Groundbreaking in Suffolk**

As we progress with the John F. Kennedy Middle replacement school project, we are excited to allow an evening for our school community and stakeholders to get an overview of what's to come. **On Tuesday, June 20, at 6 P.M., we will host a Community Information Session at JFK.**

We invite students, families, and JFK alums to get a first look at concept drawings, carpet samples, etc. We will also host a Q&A session and ask for input in outfitting one of the showcases to be installed in the building. We encourage attendance and participation division-wide. For more information, please contact the Office of Communications and Community Engagement at 757-923-5244.
