6.

7. Yeah sure it's closed down -rolls eyes-

8.

9. Anyways

10.

11. There's these international and federal laws that protect human rights of these people called veterans.

12.

13. Project Montauk is what he had tried to do to me. Along with Mk-Ultra style CoIntelPro

14.

15. Now, you run the two in a blender, and you have a fucking Nuremberg trial ready to go.

16.

17. That's a waste of a good pole.

18.

19. I'd rather see a Civil Peace Flag flown from it.

20.

21. But to have civil peace, we have to end the anarchy.

22.

23. Now, it's said , "The antifascist of today, becomes the fascist of tomorrow". Who said that? :-)

24.

25. Anyways, The issue was never a left or right issue. It's the stick they are attached to. Get rid of the rotten stick, you end having the sides, and independence is established. The stick is rotten today.

33. Why's that?

34.

35. Let me tell you.

36.

37. The federal income tax demands war. Without war, the tax cannot be demanded nor collected. That's the actual federal statute in which it was created in.

38.

39. Now, that is NOT to say a DIFFERENT kind of income for the federal government, as it creates the money, couldn't be Implemented.

40.

41. But due to current restraints, our peace flag will never fly. Because our income demands war to operate. This is a failed system. It violates the essence of American values, freedom, and independence. It has deteriorated lives, everyones liberty, and destroyed our pursuit of happiness.

42.

43. Let me ask you all.

44.

45. Are you happy? Is your family? How about your neighbor?

46.

47. Obviously mines corrupted to a point of sexploitation, defamation, and abuse of ogliarchial authority.

48.

49. Freedoms of speech, art, expression, and everything else is now a monitored, tracked, and censored right by the warmongering establishment created by the stick that it represents.

50.

51. Stick is rotten.

52.

53. Burn it

54.

55. Time for a new stick, off old ideas. Our constitution is no just a goddamned piece of paper, George Bush.

56.

57. It's our heritage. Our way. And while your predecessors, your sources, had the right ideas for a rotten stick, I couldn't found it anyh easier to burn today than I do now in this very moment. No gasoline. Not even a match needed. Not even a spark! Just a magnifying glass.

58.

59. Look at it real close.

60.

61. You tell me.

62.

63. If I grab it today, would it not crumble?

- 64.
- 65. How about if you grabbed it?
- 66.
- 67. What would it do?
- 68.
- 69. Food for thought. -Darth Revan- #JediSec
